1 Foshy 05-12-2015 08:38 AM ET (US)	testing :3
2 Karkador 05-16-2015 07:31 PM ET (US)	Moderator here: Ground rules for this chat: 1) This chat is strictly between Foshy and whoever Foshy has invited, as part of their role power. Please do not share this link, nor copy/paste posts from here anywhere else. 2) Generally speaking: If you wouldn't do it in the public thread, don't do it here. Foshy does not know your role or alignment, and vice versa. Role claims and game speculation are allowed, but will not be confirmed by me here. If you have a question, it's probably better to PM me directly. 3) Once you're here, you're here for good. In the event that Foshy is eliminated, you will still be able to post here. However, once you're eliminated, you can't post here anymore. 4) Posting here is only allowed during the Night phase, but you are obviously allowed to read the posts whenever.
3 ourobolus 05-22-2015 07:31 AM ET (US)	Hello?
4 Foshy 05-28-2015 05:17 PM ET (US)	Hey! First off, I'm so so sorry for the inactivity, won't happen again. It's still just us 2 here :3 I could've invited nin1000 too but I have a bad feeling about him and believe he could be HHA so I thought it'd be best to hold off for now. My theory was that one of the people around me is likely to be mafia so that they could infiltrate the private chat. It's not Tucah, so it's either you or him and you haven't done anything to make me doubt you yet so there's that :P That said, you know my role, so what's yours? You haven't claimed in the topic iirc, so I could vouch for your innocence too if anything comes up in the future. IF you're really innocent at least lol
5 Ourobolus 05-28-2015	Hey man, you do exist! :P I've been pretty hesitant to post my role in the thread because everybody else was

05:49 PM ET (US)	posting it. I'm just an Ordinary Villager, but it seems like everyone is claiming it so I didn't want to jump on the bandwagon. I still don't want to mention it in the thread though since we still have a few out there claiming it. I have my suspicions with nin1000 too. I'm not entirely convinced he was town, but freakzilla was bugging me more. I don't have a problem voting for nin1000 later though. I just hope he is HHA and you aren't just a red herring put in place by Karkador. Granted, I don't really know if you are HHA either, I mean it's totally possible that they have a chat role too. I don't THINK you are, but, hell, I was wrong about freakzilla too. :P
6 Foshy 05-29-2015 07:22 AM ET (US)	Mh yeah, claiming Ordinary Villager doesn't mean much as there's nothing you can do to prove it yourself. It actually puts more suspicion on you rather than clearing you of it. I could believe it if we evict nin1000 tomorrow and he really is HHA, just because I think it's unlikely that Kark would put 2 mafias around me lol. Wouldn't be sure what to think of you if he turns out to be a townie though :P I might invite him for the next night phase if he doesn't get lynched, just to maybe get more info out of him. What do you think? In the case he's HHA there's not much sensitive info he can get out of us anyway. I already roleclaimed and if you're just a regular townie there's not much to lose. Same goes the other way around I suppose, if he's telling the truth about being a townie and you're lying ;) As for my alignment, there's nothing more I can do to prove it other than getting confirmed by a detective or something.
7 ourobolus 05-29-2015 11:17 AM ET (US)	Yeah, I don't see any reason not to invite him. Probably won't be able to get much out of us though, haha.
8 RetroGamer 06-09-2015 07:14 PM ET (US)	(Removes sign that says, "Foshy's Funhouse," and replaces it with a sign that says, "Retro's Roadhouse.") All right, welcome to the new Town Gossip thread for this section of the map! I'm Retro, and I've taken over for Foshy. Welcome Nin1000! It's nice to have you. (Assuming you have come. I know you got the invite.) To business: I assume that Nin can see the conversation that Ouro and Foshy had before Foshy vanished into the ether. Thus, You know that I am a Town-Aligned Gossip. (Well, you know I'm a Gossip. I'm telling you that I'm Town-Aligned.) You probably also know that Foshy suspected you. As for me, I have honestly suspected both of you at one time or another. (Nothing I can point to, just feelings.) I think it's reasonable to guess that one of the two of you are with the HHA, but I don't know who. Could be neither. Could be both, though I think that's unlikely. I think that Kark would have designed the setup that each group would have both Town and HHA. So for the moment I'm not accusing anyone.

	So let's talk. Information is our only power, and maybe the three of us can separate the truth from the lies, both out in the larger game, and here in this little room.
9 Nin1000 06-11-2015 04:05 AM ET (US)	Oh hell, I did not seriously think that foshy was indeed a gossip. You taking his place though is nice though. I can understand that I was or am still a suspect to some players but for 2 straight days I tried to defend myself in order to prove that I am indeed town aligned. I just fucking hate that almost everyone is claiming ordinary villager. I will get through most of the posts from yesterday and will try to give more insight of my thought process. We could then talk about several players and what you think about them. Of course I know that this is risky aswell since neither of us knows for sure that the other one or the other players are town aligned for sure but well. I for one trust you and will share my thoughts with you later today (in some more hours since I am writing on mobile atm) :)
10 nin1000 06-11-2015 06:43 AM ET (US)	Just asking out of curiousity Retro but why did you not vote for hobo ? what did you hold back on your vote ?
11 RetroGamer 06-11-2015 10:11 AM ET (US)	I understand how you feel Nin. At the beginning of the last day I saw that Darryl listed me among one of the most suspicious players, which kind of blew my mind. (I can't seriously believe a Mafia player would fully go inactive as Foshy did. Lurk, yeah, but not drop entirely.) I didn't realize that there was still suspicion about my role until someone pointed out that only Ouro had been invited. (I assume because Foshy went inactive.) I was going to invite someone for the night phase anyway, but that made it extra urgent. I'll answer your question in a minute, but I appreciate your thoughts so far.
12 RetroGamer 06-11-2015 10:25 AM ET (US)	Why did I not vote for Hobo? Short answer: I overthought it, hesitated, and then the thread beat me to it. Long answer: Like I said in the thread, even after his defense, I was pretty sure (90%) that Hobo was Mafia. But I overthought it a little bit. Making Tom Nook and his family into the Mafia SEEMS like the most obvious thing in the world - anyone who has ever played Animal Crossing has made the "Tom Nook is a Loan Shark" joke. So yeah, if we're saying that Hobo is one of Nook's Nephews, (Which is the only AC-Themed interpretation of Younger Nephew that makes sense,) then logically, he is Mafia. BUT We aren't actually hunting Mafia, are we? We're after the HHA, or Happy Home Association, and in the AC world (at least to my knowledge,) Tom Nook isn't part of that, and his nephews certainly aren't. Since his nephews aren't part of HHA and do run the shop in one of the AC games, (I think the 3DS one?) Hobo's explanation seemed at least slightly plausible. And if it WERE true, then he was offering a powerful role, one that he would want to keep to his chest, but that would be very useful to the town. It's twisty logic, but from what I'd seen so far, it seemed like logic that would appeal to Kark, seeing all the other weird stuff he's thrown in to this game. So I decided to hang back, and see what else developed. The AC game hasn't had the craziness of the SW game, so I figured time was likely on my side. I asked one or two

	questions, then went to do homework IRL. That was the last time I looked at the thread on Monday night. The next time I opened the thread, (Late Tuesday morning,) Hobo had 9 votes of the needed 10. I debated putting in my vote to close it out, but hesitated, re-overthinking my previous logic and wondering if I really wanted to be the one who pushed for the day to end. When I refreshed the thread, the tenth vote had been cast.
13 RetroGamer 06-11-2015 10:27 AM ET (US)	One more thing: I will try to respond to everything this weekend, but I might be a little slow. I'm going out tonight for my birthday, going to a wedding tomorrow, and a funeral on Saturday, so it's going to be a busy weekend.
14 nin1000 06-11-2015 11:51 AM ET (US)	Sure mate , no worries! My condolences and happy birthday :)
15 Nin1000 06-12-2015 05:17 AM ET (US)	I just wanted to say that the way Timeasis has been posting is suspicious to me if you compare it to the first game where he was one of the most vocal ones. This time around he is just there not saying that much and is a 'confirmed' villager. This just means he said that he was villager to one of the gossip players and now everyone runs with it. Of course we have to trust one another but like I said the way he has been posting keeps me to belief that he as been hiding something :)
16 Ourobolus 06-14-2015 05:43 PM ET (US)	Whoops. Forgot this was night-only. My bad >_< Edited 06-14-2015 05:43 PM
17 RetroGamer 06-16-2015 04:36 PM ET (US)	Okay! Ouro was actually Mafia. Thank god, I was sweating there for a while. So since I don't think they'd throw two HHAs in here, I'm pretty certain you're clear. Who are you looking at now?
18 Ourobolus 06-16-2015 05:25 PM ET (US)	It was fun, guys. Good luck!
19 Nin1000 06-16-2015 05:31 PM ET (US)	Wow that was intense, well again sorry for that flip flopping. I will be a target next day for that sole reason so maybe be should watch out for ultron and squid? I still don't know what to make out of most players. Will make a post here shortly since it's almost 12 o clock here in germany and my better half is looking with an anger at me lol.
20 RetroGamer 06-16-2015 05:48 PM ET (US)	Well don't piss off your spouse! I'm fairly certain Squid is town, but yeah, he's a bulldog. I'm pretty sure Ultron is HHA, so I think it's about time to get rid of the roomies, unless something else comes up.

	Ouro, it was fun playing with you! Sorry it came to that, but, well, you WERE Mafia.
21 Karkador 06-16-2015 06:05 PM ET (US)	Figured out how to change the room name, no more confusion
22 nin1000 06-17-2015 10:28 AM ET (US)	Well i agree that the roomies are the most obvious choice for being evicted next day. Besides that its Haly who has been acting weird and has been on my radar for being HHA. All the other players are just mad Town people.
23 RetroGamer 06-23-2015 04:17 PM ET (US)	Wow. Okay. Francorp was HHA. Who would have thought? (Well, aside from the people who did think.) I was wavering on you for a while there, TBH, but since Fran was so bent on evicting you, I think it's safe to say (again) that you are most likely not mafia. I'm not going to say 100%, only because they coordinated Hobohodo's eviction so well to make Fran look like a hero, but I'm 95% sure you're town. So what information does Francorp's betrayal give us? The general assumption is that the Hidden Partner was activated on night 3. Fran says he investigated Razmos on night one and Timeaisis on night two. Assuming he's telling the truth, (which is probably a dangerous assumption,) those two are probably next to watch.
24 nin1000 06-24-2015 08:20 AM ET (US)	Thanks for the benefit of the doubt Retro. I very much appreciated that you tried to defend me there the last day, even though i went full retard. But yeah about Francorp. Since he is now confirmed to be mafia, how much can we trust his past investigations ? We now have one lost partner (mafia player) left or even 2 mafia players left. We have to consider that he investigated someone (like you assumed) and found the lost partner but said he was a normal town member. Timeasis is playing too silent for my taste, that could mean he has something to hide, i dont know about razmos he sure is tryaing to get me evicted. If he is indeed a gossip, could there be a chance that he could be mafia gossip ? I doubt that this possibility could be high since that could mean that you Razmos could also be a "mafia" gossip. But like i said i doubt that this could be true since the mafia has their own "gossip" channel. I think ekez and time are the ones that stand out the most for me atm. :) I hope we can talk some more before the night ends mate.
25 RetroGamer 06-29-2015 11:21 PM ET (US)	Welp. I'm out of ideas. Any thoughts?
26 nin1000 06-29-2015 11:49 PM ET (US)	no, not really. I fucked up ! thought he was mafia for sure, welp. will take the blame for this one as i am doing more harm than good for town :(
27	Well, you were far from the only one who thought that. Squidyj and I were both

RetroGamer 06-30-2015 09:49 AM ET (US)	solidly on board. I think where we go now will depend a lot on who is evicted ehen the day starts. But you know there's going to be a contingent that is after you.
28 RetroGamer 07-04-2015 01:14 AM ET (US)	(Flips the sign to say "closed") Well, I guess there's no one left to talk to. Unless you want to share any information, Kark. Sorry again, Nin.
