Razmos Chat

1-46 of 46 messages

1 Karkador 05-13-2015 04:55 PM ET (US)	Moderator here: Ground rules for this chat: 1) This chat is strictly between Razmos and whoever Razmos has invited, as part of their role power. Please do not share this link, nor copy/paste posts from here anywhere else. 2) Generally speaking: If you wouldn't do it in the public thread, don't do it here. Razmos does not know your role or alignment, and vice versa. Role claims and game information are totally allowed, but not guaranteed, and will not be confirmed by me here. If you have a question, it's probably better to PM me directly. 3) Once you're here, you're here for good. In the event that Razmos is eliminated, you will still be able to post here. However, once you're eliminated, you can't post here anymore. 4) Posting here is only allowed during the Night phase, but you are obviously allowed to read the posts whenever.
2 Timeaisis 05-14-2015 04:49 PM ET (US)	Hello there.
3 Razmos 05-14-2015 06:06 PM ET (US)	Yo Timeaisis, welcome to my chat :3 Not sure what we've got to discuss this early on, but yeah, welcome!
4 Timeaisis 05-15-2015 05:30 PM ET (US)	Good to be here! Sorry I forgot to check this last night haha. So...no one really seems suspicious to me yet. But LaunchpadMcQuack seemed to flip-flop a lot and made some weird leaps in logic to try to drum up an evict (a double one at that). Seems weird to me. I'll be keeping my eye out on where he tends to vote in the future. Could just be the first day jitters, y'know. Glad we decided to no evict. :)
5 Razmos 05-15-2015	I don't really have any suspicions yet, honestly. I'm also glad it was a no-evict, because I don't think we know enough about the mechanics or anything to take a risk right now. I hope something happens during the night phase, I'd hate to have another day of getting

06:59 PM ET (US)	nowhere. I've got to start thinking of the next person to invite to the chat too, feel free to speak up if you have an idea :P
6 Darryl 05-21-2015 04:01 PM ET (US)	Oh hi here. Well. I wasn't expecting HippieHobo to have such a strong role. I'm wishing I stuck with my original vote for Freak. The train of reasoning for both was equally ridiculous.
7 Darryl 05-21-2015 06:49 PM ET (US)	As for roles, I'm a Nosy Neighbor. I'm getting alerts when players die that tell me if they were well liked with their neighbors. I've gotten the exact same message from both players so far. It isn't proving helpful yet because most of the players directly near those two bodies are suspicious, ESPECIALLY if it is counting diagonally. I was holding out hope with this Hippie eviction that I wouldn't get a message, which would limit the Tucah causality to being Freak, Toma, or Foshy. That's going on the assumption that one roomie is HHA, which would've told me whether or not the limit worked like that (Diagonally). However, both 21Gun and McLaunch could have set it off as well. So far I've got nothing to deduct on that specific front. That's what I mean when I said this game is like Minesweeper. It's literally what my role feels like. Also, this entire room is curious itself. I assume it was created so that I could have a safe outlet to let this information out. It makes me curious though, if one of the participants could be HHA. Then we have a big question, do we let Hobo in on the additional chance that he is HHA? Since I'm taking a chance already.
8 Timeaisis 05-22-2015 10:30 AM ET (US)	Sure, someone here could be HHA. It's possible. But I think Razmos is inviting people who he thinks isn't. For the record, both of you seem pretty non-HHA to me. :) Also, since we're roleclaiming in this (which I think is pretty sound). I'm a regular villager with no powers. Let's just keep our roles between us for now, though. I think it's a good idea to have a separate discussion here because we can be more forthright with some suspicions. Also, Darryl, what does your role actually tell you at night? If someone "didn't like" someone who died? Does that mean they killed them or something? What was the message you got? Don't copy and paste but give us the general idea, please. As for the eviction of Hobo, both the bandwagons of Hobo and freakzilla seemed really weird to me. Like a couple people were obsessive about it, even lacking too much evidence. I'm still of the mind that Haly is suspicious. He didn't let up even after a few people expressed real concerns about lynching HippieHobo...and after Hobo revealed he had a useful role. He even spun his role into a detriment to town. He could be a really clever HHA player or just a misguided townie. Not completely sure yet, but I think I'm going to continue to pressure him with my vote until we get more leads.
9 Razmos 05-22-2015 11:48 AM ET (US)	Hi guys, Welcome Darryl! I actually don't have a system of who I invite, I mean I only have 3 options of people to choose from due to you guys being my only neighbours. I'm just inviting all 3 of you guys one at a time. I started with Timeaisis because he seemed like a cool guy on the first day :P

	I might as well use my power until I've invited everyone, so that it might at least have some use, even if I was to be evicted. Darryl's role/power is pretty interesting, thanks for sharing. I hope something interesting comes from it.
10 Darryl 05-22-2015 12:04 PM ET (US)	Yea, basically. It says that I see Tucah leaving town. No surprise. He wasn't well liked by his neighbors. I got the same message for Hippie. Also, with 3, since I'm convinced Razmos is unlikely to be HHA. In the case of a night eviction, he can reveal the nature of my role to the town which would point fingers to Time really fast. So with the group at this size, it feels safe enough. If we add another, any kind of message would be diluted. Also if you were HHA, you would probably be for increasing the size of the group. I'm leaving for an SCA meeting like right now which will last 2 days, so I'll try to get on if I get signal from the woods. As for my suspicions, Launchpad sticks out from having thrown around so many names so fast. It feels like he is trying to get the whole town under the bus. Which could be to get information out or to dilute our current suspicions. Haly didn't strike me as HHA. But he is on the other side of the Hippie brigade, so there is that. Neither did Hippie. He came across as the all too familiar Nintendo fanboy that meant the best. I haven't had much time to put together any personal suspicions outside of Mazre and the roomies. Mazre seems like he is dancing through the crowd like Launch.
11 Razmos 05-29-2015 03:50 AM ET (US)	Well, sucks that we got another townie. Just goes to show how inactivity makes you look real suspicious.
12 Darryl 05-29-2015 06:34 PM ET (US)	No flags on the last two, so I'm leaning towards Mazre, Nin, and McLaunch being town. Well I think Mazre is neutral still. I was pushing for a Lunatic eviction because it's a way of testing the roomies and Smoking had been acting suspicious anyways. Don't trust Franconp or Ultron. I almost think Franconp is still HHA and could be passed information from another HHA investigator. Timeaisis could have been a nice suspect because he never publicly role claimed yet was near Razmos, so it was likely that he had an important role from an outside perspective.
13 Darryl 05-29-2015 06:35 PM ET (US)	I'd be willing to bet they axe Kingkitty tonight because of the obvious roleclaim.
14 Darryl 05-29-2015	I'm going to keep pushing on Lunatic for eviction unless an upset happens or someone in chat manages to piece together any better leads. Also, is hobo in chat? What do you guys think in general?

06:42 PM ET (US)	
15 Razmos 05-31-2015 12:18 PM ET (US)	I haven't invited Hobo yet on the suggestion of someone in the thread. I agree with the idea that one of you 3 must be HHA and i'm willing to take a risk that it is him, since Timeaisis has been pretty much cleared, and I don't really consider you suspicious.
16 Timeaisis 06-04-2015 03:34 PM ET (US)	Well that was something.
17 Timeaisis 06-09-2015 03:30 PM ET (US)	Good work, guys. We got one.
18 Razmos 06-09-2015 03:30 PM ET (US)	Well, shit at Hobo's ability, that's a tad unfair. Aren't you guys glad I didn't invite him to this chat now? :P And I was absolutely damn right about the HHA being a family, I feel so vindicated (and in my initial push to get Hobo evicted instead of Launchpad)
19 Timeaisis 06-09-2015 03:35 PM ET (US)	Good hunch, Razmos. :P His role is damn interesting. I wonder who his half-partner is.
20 Razmos 06-09-2015 03:44 PM ET (US)	I'm really curious about that myself. in Hobo's PM it says that if they try to evict the player, they become a fully fledged Mafia.. so what happens if the town evict them? Are they evicted for good, or do they become mafia? Maybe the mafia tried to evict them on the night where nobody was evicted, and now they are a fully fledged Mafia.
21 Timeaisis 06-09-2015 04:04 PM ET	I think it means that if they evict him, it doesn't go through and he joins the mafia. So...you're right. He's probably already a mafia right now. That would explain the no-evict day.

(US)	
22 Razmos 06-09-2015 04:07 PM ET (US)	I'm going to bring up that point (about the no-evict) during the next day phase. However, if I don't survive the night I'd like you to bring it up instead, if that's ok? (also if either of us does get evicted then i'm going to be suspicious of Darryl)
23 Timeaisis 06-09-2015 04:09 PM ET (US)	Yeah, I got your back. I don't think your a target, though. But who knows at this point.
24 Razmos 06-09-2015 04:13 PM ET (US)	I don't think so either, but they might be running out of ordinary villagers to evict at this point, and i'd be a very safe target for eviction now that Hobo is gone and they didn't get chance to use this chat to their advantage (or so we hope)
25 Timeaisis 06-09-2015 04:20 PM ET (US)	Man, we really dodged a bullet not inviting Hobo. That could've been disastrous.
26 Razmos 06-09-2015 04:26 PM ET (US)	We should make sure to ask Mazre what he talked to Hobo about in his private chat as well
27 Timeaisis 06-09-2015 04:44 PM ET (US)	Oh yeah I forgot Hobo was in Mazre's chat as well. I wonder what information was revealed there...
28 Darryl 06-09-2015 08:49 PM ET (US)	I did get a notification when SalvaPot got evicted, and nothing for Hobo. I just started a new job so I've been stressed and completely forgot about this the last night phase. Probably why I've been such an asshole in the main thread lately. I think it's only a matter of time before I'm gone with this attitude, though the game is getting pretty fun. It was stale for the longest time there.
29	With Hobo being a false prophet, I'd lean more towards there being no doctor in this

Darryl 06-09-2015 08:51 PM ET (US)	game. The Nooks are kinda the doctors in AC, no? They sell meds and they're the HHA apparently. I'd wager whatever turn that was with a no evict, someone converted.
30 Razmos 06-16-2015 04:26 PM ET (US)	Another one bites the dust *phew* seriously though how many ordinary villagers do we have? jeez. it's Redshirt central. Edited 06-16-2015 04:26 PM
31 Darryl 06-17-2015 04:12 AM ET (US)	it's funny. i didn't get a red flag on kalor's eviction last turn and had completely forgotten and was going HARD on haly the last day, then i had my oh shit moment halfway through and jumped over to ouro lol. glad i didn't make that mistake. anyways, i got a red flag on ouro being evicted, so another guy in that bottom area is also HHA - the area surrounding ouro. that should be our priority.
32 Timeaisis 06-17-2015 12:03 PM ET (US)	Probably have like 2 HHA left.
33 Razmos 06-23-2015 03:37 PM ET (US)	Well shit. Francorp being HHA means that me and Timeaisis are in the firing line. God, the hidden partner could be anyone. The fact that francorp's ability activates them makes us even more suspicious :/
34 Timeaisis 06-23-2015 03:54 PM ET (US)	Oh god this is bad. I mean, I'm glad we got a Mafia, but me and you might be screwed, Razmos. They're going to think either I'm the hidden partner or you and I are both mafia. Shit.
35 Timeaisis 06-23-2015 03:58 PM ET (US)	Well, actually... I was investigated by Fran on N2, and you on N1. The HHA weren't able to kill anyone on N3. Either two things happened on N3: 1) They evicted the hidden partner and he joined their side 2) They were blocked by someone else If they evicted the hidden partner, that clears both of us as the hidden partner, as we would've already become HHA at the moment Fran investigated us. So that whole theory

	falls apart us being the hidden partner. It's still possible that one of us is HHA or hidden partner, and #2 happened instead. But that is about as equally likely as any other thing happening as well. So, in that sense. I think this clears us more than harms us. Hopefully we can convince the town the same.
36 Razmos 06-23-2015 06:01 PM ET (US)	It's also possible that they tried to evict Haly, since he was an odd-day commuter. It happening on the 3rd day checks out.
37 Timeaisis 06-23-2015 06:51 PM ET (US)	Oh, good call. Sorry I kinda dragged you into this. : We gotta stick together, though. I think RNH is looking a little suspicious at the moment. And not just because he was accusing me. Wasn't he "cleared" by franconp as well?
38 Razmos 06-24-2015 10:28 AM ET (US)	I swear to god if I get evicted before nin then I am never playing Mafia again, lol.
39 Timeaisis 06-24-2015 02:09 PM ET (US)	lol Yeah if they pick one of us over nin...smh.
40 Razmos 06-28-2015 04:14 PM ET (US)	Bah, I'm so sorry Timeaisis, I tried! :(
41 Razmos 06-29-2015 01:10 PM ET (US)	Hey Darryl, how come you haven't revealed your actual role yet? It's getting a bit late in the game now and you might give some extra insight.
42 Darryl 06-29-2015	i haven't seen a moment yet when it would've been helpful. at other times, i think it just would've got me targetted by the HHA or hung by the town. and it wouldn't have contributed anything useful. like the last turn was the first moment when i was like, "Yea, if we can get this guy i'll have a solid checkmate argument against someone'. and that was for the vote against tomakasatnav. because we would've either got an HHA or it

10:37 PM ET (US)	would've revealed retro as HHA. and i spent a ton of time trying to piece together that argument. like i thought it was GOOD, like drop the mic good. and it was ignored. and now timeaisis is dead. NIN is a fringe voter. squidy ignores common sense and chases passion. tomasatkasatnav & retro may BOTH be HHA. i don't get why you helped vote out timeaisis. if it was either me or him as HHA, it would've obviously been me. because if it was time, he would've evicted me. and if i get evicted out of suspicion (which i think is highly likely with timeaisis out of the picture now), there is just one turn left to get retro or toma. and it isn't just toma that is suspicious. it's retro too. i don't know what to do. any ideas?
43 Darryl 06-29-2015 10:40 PM ET (US)	my gut instinct was just to push it through and see how the next day went and react accordingly. in case i get evicted this night, obviously just come out with it. i mean i could be evicted. you revealed that i had a role after all. if toma is HHA he might not want to attract the attention. especially since he was highly suspicious on the last turn for ignoring my argument against him and then not voting
44 Darryl 07-05-2015 01:48 AM ET (US)	Jesus. I can't believe these people. I really didn't wanna put the work into some huge mega post explaining everything. I mean how do I even do that. It's what I'm gonna lead with tomorrow's daytime. We should be able to wrap this game up if we do it right. Just either follow me this time or don't if you think I'm HHA.
45 Darryl 07-09-2015 09:52 AM ET (US)	:)
46 Razmos 07-09-2015 02:56 PM ET (US)	Oh balls. I know what that means :(Edited 07-09-2015 02:59 PM
