Happy Home Chat

1-666 of 1332 messages

1 Hobohodo 05-11-2015 06:00 PM ET (US)	Hello fellow members of HHA! So whilst we are still dossing in the day phase what's our groups experience with Mafia games like? This will be my first one on GAF but I've played a few in the past, if I was ever a member of the Mafia it was only once a very long time ago however so this side of the fence is a bit new for me!
2 franconp 05-11-2015 06:22 PM ET (US)	first time playing mafia and karkador didnt make it easy. Not only being mafia but also having a roommate.
3 Hobohodo 05-11-2015 06:41 PM ET (US)	So (assuming your able to say) do you have any special abilities linked to being a roommate? Or have you just got the same information as was mentioned in the OP? I've been thinking about this whole neighbours thing as well. Assuming that 'neighbouring houses' counts the 8 squares surrounding our houses, between us two and kiri it will only be A1, A2, B1 and B2 that aren't covered by us. I can't help but notice that we are all quite spread out and so none of us are actually neighbouring each other. The OP doesn't state if the houses are randomly assigned so can't say for sure, but I wonder if the Mafia have been set up so that between us (plus our fourth missing person) we cover the whole map? If so could mean our missing member is in A1, A2, B1 or B2.
4 franconp 05-11-2015 07:03 PM ET (US)	No special abilities between us, only what karkador posted. If any of us are evicted during day phases both of us are out. And if we evict ultron during nighttime I would be out too.
5 kiri 05-11-2015 07:07 PM ET (US)	Hey guys - I'm just reading through everything now and it's far more complicated than what I was expecting and I'm not 100% sure how much I'll be able to follow as I'm going to have to keep up by iPhone.
6 Hobohodo 05-11-2015	Hi kiri, first time Mafia player? Trying to scope out how much experience we all have. So it was me who asked Karkador about the layout of the map, and so we haven't been placed randomly. Can't say for certain but that could give some fuel to the idea that our missing member is in one of those corners in the top left.

07:28 PM ET (US)	
7 Karkador ★ 05-11- 2015 07:31 PM ET (US)	Hey everyone, I'll be following the chat in here as the game progresses. kiri, the thing you'll be doing the most in the game is reading the thread and posting in it, and discussing with your team members here. The rules are generally just to not post any information I give you via PM (or anything discussed here) in the game thread, and VOTE in the thread each in-game day for a player to get eliminated. Since you are able to talk to your teammates here before the game starts, I think you guys should discuss it, since they need a competent team member. If you decide to back out, it's totally fine - we have a waiting list of potential replacements. I will be able to answer any questions here, but there are game-related things I have to be vague about.
8 kiri 05-11- 2015 07:32 PM ET (US)	Hey hey, I played a bunch of Werewolf whilst living in Japan. Now I'm back in the UK (GMT) and so will be heading to bed now. The upper left corner seems like a good theory to me!
9 Hobohodo 05-11- 2015 07:35 PM ET (US)	That's two of us in the UK then!
10 kiri 05-11- 2015 07:35 PM ET (US)	I think that it's going to get harder for me to multi-task on my iPhone with the various threads I'll need to keep an eye on. Plus I'm moving house (IRL) this weekend. I don't want to back out but the timing of this move hasn't come at the best time for me to be fully on point with this game. It may be wise to prep someone to replace me and I'd like to apologise for any inconvenience. I'll be 100% in on the next game you have!
11 franconp 05-11- 2015 07:44 PM ET (US)	Can we discuss what our roles are yet? PD: Also I want to apologise in advance if i'm not clear with some of my messages (and a lot of spelling errors) since english is not my first language.
12 Karkador ★ 05-12- 2015 01:09 AM ET (US)	So, final decision, kiri?
13 kiri 05-12- 2015	I slept on it and still feeling the same. I'll be all in next time, my apologies.

03:10 AM ET (US)	
14 Hobohodo 05-12- 2015 08:10 AM ET (US)	Shame to see you go kiri, hopefully things are sorted out for you next time. Don't worry about it franconp, yeah we can discuss our roles and what not here. I checked with Karkador the other day.
15 franconp 05-12- 2015 08:30 AM ET (US)	Until next time kiri. Good luck with your moving. I will start with the roleclaming then: I'm Timmy Nook, and my role allows me to investigate any other player in the game and learn their role (like a cop in mafia). If I investigate our missing partner he would become a full fledged member.
16 Hobohodo 05-12- 2015 09:21 AM ET (US)	Awesome, good to know we have the ability to investigate. Do you know if that will leave a clue in the main thread that someone was investigated? As for my role I'm Tommy Nook, the younger nephew. No special abilities whilst I'm still alive, but if I get killed then on the following night phase the Mafia can evict two players in one night as revenge.
17 franconp 05-12- 2015 09:41 AM ET (US)	I don't know about the clue. I will PM Karkador about it. Some thoughts: -I think our priority now should be finding our unknown partner, maybe he has some role that would be beneficial to us. -I too think he may be in the upper corner. There only A1 can connect to A2 and B1 so he could be our partner. Using my role we could investigate A1 and evict A2 or B1 and we cover 2/3 of the area in the first night. -Looking in the map (and thinking that we can't be neighbours if there is water between us unless there is a bridge) C3 (freakzilla149) isn't a neighbour of any of us. He may be town or an independant player. -This is a long shot be I think that maybe Ultron (my roommate) may be the cop. If the house placements aren't random it wouldn't be rare that the two cops would share the same fate.
18 karkador 05-12- 2015 02:42 PM ET (US)	Hey everyone, I found a replacement for kiri, and I'll be transferring the role over to him shortly (so he'll be posting here soon). Thanks for knowing when to call it quits, kiri, as this is a lot easier to do now than later. I hope we'll see you again next time!
19 ourobolus 05-12- 2015 03:37 PM ET (US)	Hey all, happy to be here! First time Mafia player (at least on GAF, I've played it once or twice with friends back in the day...it's been awhile though).
20	Welcome Ourobolus!!!

francomp 05-12-2015 03:50 PM ET (US)	
21 ourobolus 05-12-2015 04:17 PM ET (US)	So in addition to trying to figure out the unknown partner, we should probably also try to isolate as many houses as possible. I'm not entirely sure how the neighbor mechanic works, but we should be choosing houses based on their location as well. Since myself and Hobohodo are on D1 and B4, respectively, the prime targets should be: A2, A4 B1, B3, B5 C2 E2 Now obviously we shouldn't do this in order, but space the choices around. Also, there are still plenty of HHA members we don't know, so we can amend this list as needed. D5 and E4 would be targets too, but those may be problematic due to what the role of francomp's roommate is. This also doesn't take diagonals into account, but I'm not sure if they do anyway? Guess we'll find out after the first night. Edited 05-12-2015 04:22 PM
22 francomp 05-12-2015 04:30 PM ET (US)	Why do you say there's plenty of HHA members we don't know? The PM Karkador sent me said there was another partner, which sounds that there is only one partner missing. If you can, tell us if you have a role and what you can do with it. Later today will post why I think that my roommate may be a cop.
23 karkador 05-12-2015 06:05 PM ET (US)	Please save any discussion here until the Night Phases (which will be 3 days long). Sorry if that wasn't clear enough!
24 Hobohodo 05-12-2015 06:48 PM ET (US)	Just gonna post to say welcome oroborous!
25 Ourobolus 05-12-2015 09:11 PM ET (US)	Oh, whoops. Sorry karkador!
26 Hobohodo	So we can't talk to each other here during the day?

05-13-2015 11:45 AM ET (US)	When I've played in the past Mafia could talk whenever as it allowed them to statergise during the day phase as well in regards with how to lynch and whatnot. If we can't then fair enough but it just seems an odd rule to me. Will also mean I'll need a notebook or something to write down my thoughts, had just been planing on dumping the, straight In here.
27 ourobolus 05-13-2015 11:47 AM ET (US)	Yeah seems that way. Though if the thread is any current indication, I may be screwed for no apparent reason. I have a google spreadsheet where I've been keeping any info I've got, which I can post later.
28 Karkador ★ 05-13-2015 12:20 PM ET (US)	Alright, I'm going to provisionally allow Daytalk for now, and ask the mentor (Crab) for the final word. I apologize for the lost time. I designed the game with more of a "live game" feel in mind, so I just defaulted to nighttalk-only making sense, but if daytalk is more of the standard, I'll allow it. Looking at it again, it looks like our last game (the one Crab moderated) did allow daytalk. Edited 05-13-2015 12:20 PM
29 Hobohodo 05-13-2015 12:49 PM ET (US)	Ahh awesome, cheers for potentially switching that around. I've gotta pop out in a bit, so providing Crab hasn't shut down the idea of day talk I'll post up some thoughts of mine later. The gist of my concern lies with the shared house though. It's been pointed out all ready how that is a logical target for the Mafia as they get two birds with one stone so when that house is left unscathed come day 2 I can see so people maybe being suspicious. I am wondering if it's possible for them to move out however when a house is vacant, the rules do make a point of saying a house becomes vacant after an eviction.
30 franconp 05-13-2015 12:50 PM ET (US)	Ourobolus I don't think you are screwed yet. I think is mostly a random choice and you was the last post before Mazre. Also think he is bluffing to see how we react (or he is psychic and we are all screwed). Now, I'm pretty screwed. My roommate situation is difficult, and if we aren't evicted in the first couple of nights it will be obvious that one of us is mafia. The only way I could stay in game is that Ultron has a role so important that it will make the town doubt if evict us or not, that's why I think he is either a cop or a medic (leaning to cop). Ourobolus do you have a special role?
31 ourobolus 05-13-2015 12:53 PM ET (US)	Not sure if being vacant = someone can move in, though. I don't see them voting the roommates out just yet though, because statistically it's more probable that there are two city members are in there (though we know that isn't the case). Also, to the earlier point of me saying there were "plenty of other Mafia," I was just confused on the wording the Karkador's PM. When he said that my partners were you guys, I didn't know if that had something to do with my role or (as it seems now) the Mafia as a whole. So, disregard. And yeah, I'm probably not screwed, it was just jarring to see my name on there as the first one to be voted for, haha!

	I do: I'm Tom Nook - my nighttime actions are silent and cannot be investigated. So I'm probably the prime candidate for carrying out any evictions.
32 ourobolus 05-13-2015 12:57 PM ET (US)	Also, I'm keeping track of votes and the like here, if you guys want to use it. https://docs.google.com/spreadsheets/d/1G-...2s/edit?usp=sharing
33 Hobohodo 05-13-2015 12:59 PM ET (US)	Silent actions? That seems crazy useful.
34 franconp 05-13-2015 01:00 PM ET (US)	Great job!!!
35 ourobolus 05-13-2015 01:01 PM ET (US)	Yeah, now you see why me seeing my name was a bit unnerving. :P
36 ourobolus 05-13-2015 01:10 PM ET (US)	Quick question: If we investigate someone and learn their role, are they alerted to the investigation? Because if we immediately got for ultron87 it may be apparent that franconp is Mafia.
37 franconp 05-13-2015 01:49 PM ET (US)	There is no alert. I already asked Karkador.
38 ourobolus 05-13-2015 01:50 PM ET (US)	Oh. Well then, I see no reason not to figure out who the hell ultron87 is then. :)
39 Hobohodo 05-13-2015 02:14 PM ET (US)	Is that just that there is no clue to you or did you specifically ask about investigating ultron? Would hate for us to investigate him and have you be revealed as well due to the 'what happens to you happens to him' rule. If we're gonna do it lets be 100% sure. (Yes I'm that cautious!) Providing there are still more 'No lynch' votes One lynch isn't enough to get ourobolus

	killed is it? Just need to scope out what to do if you gain traction with the 'lynch just because' group.
40 ourobolus 05-13-2015 02:18 PM ET (US)	Well, actually, I guess franconp will have to make sure. The only way I'd do it is if there's 100% chance he won't be found out, short of someone investigating him (which seems unlikely since it's the first night, but it is a 1/22 shot). I suppose I should probably change my vote to Mazre just to cancel out his to me then.
41 franconp 05-13-2015 02:18 PM ET (US)	I don't think so. For now at least. What I assume of your role is that there is someone who have the ability to investigate who used a night action on a certain player. If that is true I think that Ultron and I would be his target, as we are right now "the biggest target to mafia". If I investigate Ultron I may reveal that I'm mafia to someone else. Besides I think we are going to be targeted by several night actions (likely a switcher and a medic) so I don't think I would be able to investigate him. I think we should leave Ultron alone for now and should try to look for our secret partner.
42 ourobolus 05-13-2015 02:22 PM ET (US)	That's a good point. Well we don't have a penalty for evicting anyone, it seems, since even if we evict the secret partner they just come back as full mafia. I made that map in the spreadsheet which may be a decent guideline for isolating players, but that may change given the possible rule regarding moving into vacant homes. Until then though, I think the priority should be keeping me alive through the first FREAKIN' day. :)
43 franconp 05-13-2015 02:22 PM ET (US)	I don't think you should change your vote to Mazre. I think it would look suspicious. Let's wait to see what he has to say. If he can't bring any info to the thread (and I think he can't) he would be the main suspect.
44 ourobolus 05-13-2015 02:23 PM ET (US)	Yeah, probably not. I'll hold off on that. But hopefully the bandwagon doesn't grow in the meantime.
45 Hobohodo 05-13-2015 02:24 PM ET (US)	If your gonna counter lynch maybe an inactive would be better? May just come across as less retaliatory to him and lynching inactives is often a used tactic when someone needs to be lynched just to further the game. If it comes to it I can see that garnering more support, don't know if anyone has been that inactive mind?
46 ourobolus 05-13-2015 02:26 PM ET (US)	HippieHobo, Darryl, and SmokingGunZ1981 have only posted once in the whole thread, and Hippiehobo is the only one that has posted since the game has started. So probably Darryl/SmokingGun

47 franconp 05-13-2015 02:33 PM ET (US)	I say we wait. There are 7 votes to no evict and a couple of people that are only waiting for the info of Mazre. If he doesn't say something relevant that means they will vote no evict too.
48 ourobolus 05-13-2015 02:34 PM ET (US)	Actually there are 6 now, and 3 of those are ours :P
49 Hobohodo 05-13-2015 02:46 PM ET (US)	Good point, I've removed my vote just so that we don't all look linked up. Will chuck it back on though if they bandwagon you.
50 ourobolus 05-13-2015 02:47 PM ET (US)	Sounds good. If anyone else bandwagons me I'm gonna vote for Darryl since he's 1) Far away from me on the map 2) Diagonal from Hobohodo so there's only one neighbor that is (potentially) not Mafia 3) Inactive
51 ourobolus 05-13-2015 02:52 PM ET (US)	Ok, Mazre has posted. He claims he has some sort of day ability with a night component. Regardless, if my role is as outlined - "you carry your actions out silently. You are immune to roles that investigate you to look for night activity" - I should still be able to carry out an eviction without notice.
52 ourobolus 05-13-2015 03:10 PM ET (US)	It might make more sense for one of you guys to propose going after the inactive guys though, rather than drawing attention to me, since even though it was random, I'm already kinda in the spotlight. We still have time during the deliberations, but it's just a thought.
53 Hobohodo 05-13-2015 03:17 PM ET (US)	Ok when I get home I'll make the case for lynching an inactive if the town is set on lynching someone.
54 Hobohodo 05-13-2015 04:20 PM ET (US)	So an interesting development, Mazre has invited me around to his house in the night phase. I guess it's his ability?
55 franconp	Invited you? Do you know what it means? I think it's the ability he said previously. What I don't have a clue is what's the effect.

05-13-2015 04:26 PM ET (US)	
56 Ourobolus 05-13-2015 04:34 PM ET (US)	Huh. Well that could go two ways. If we were to go after Mazre we would obviously take out Hobo too. By not doing that, I wonder if he will think that Hobo is Mafia? I think we should keep Mazre around. His ability may work in our favor in the future. For today, I'm thinking that if we can divert them from the roommates. Either the current vote for Toma or maybe king kitty to draw attention away further, since he seems to be favoring NOT going after the roommates.
57 Ourobolus 05-13-2015 04:38 PM ET (US)	Actually, I mean kingkitty for the night phase.
58 Hobohodo 05-13-2015 04:44 PM ET (US)	Yeah as it looks right now I'm just going to have the ability to chat to him privately for a night in a forum similar to this. Krakador has said I'm not allowed to copy and paste the text from our convocation we have there and obviously not to share the link. I can share with people that I was invited however though not sure if I should mention that in the main thread yet. I also assume that if I don't post then it's like I don't visit, but then maybe that will be suspicious? I don't think I'm suspected as such as I am a neighbour of his maybe he can only invite neighbours. At that point it became a 1 in 3 chance it was me. It is also kind of scary that he lynched ourobolus and invited me. That's involvement with two thirds of the known Mafia right there. Not to mention the general suspicion against th housemates I feel like we are already on the back foot.
59 Hobohodo 05-13-2015 04:49 PM ET (US)	Anyone good with percentages? I would have a look at Haly's math but I really need to be revising for my phase boundaries exam tomorrow to muck around there. Instinctively I feel it's off but with those numbers I can see him making a good push on the housemates. Doesn't help that he will have inflated the numbers by suggesting 6HHA, but we can't really contest that without seeming suspicious, as I've played games with that kinda ratio before.
60 ourobolus 05-13-2015 05:00 PM ET (US)	I'm working on that now actually. How does this sound, before I post? No, your math seems correct, but it's based on the assumption of 6 HHA members. If it's less than that the chance for it to contain at least one drops quite a bit: 5 HHA: 39% 4 HHA: 32% 3 HHA: 24% 2 HHA: 16% And to top it off, then we have to worry about them taking out someone else during the night too, so we run the risk of losing 3 townies in one day/night cycle.

	I'm not really leaning either way on this one just yet, but just trying to get the numbers out there.
61 ourobolus 05-13-2015 05:04 PM ET (US)	Also, shit. If the cop investigates Mazre then Hobo will be found out.
62 ourobolus 05-13-2015 05:06 PM ET (US)	Looks like Timeasis pre-empted me, but his math is off. I won't say anything.
63 Hobohodo 05-13-2015 05:07 PM ET (US)	Yeah that seems good. Demonstrates how quickly the percentage drops as HHA go down. I just wonder if we should wait on that post for a bit? I worry about us seeming to defensive about the house this quick. Someone else may post those numbers for us after all.
64 ourobolus 05-13-2015 05:08 PM ET (US)	Someone did, but he mistakenly said that 4 HHA members means a, 81% chance to hit 2 townies, when in reality it's 68%. Hopefully they don't notice.
65 Hobohodo 05-13-2015 05:11 PM ET (US)	That's a good point about if the cop investigates Mazre. I'll ask Krakador for confirmation on whether I will be revealed as well should that happen and whether not posting in that thread means I chose not to go. If I'm counted as visiting either way then maybe I better make it known in the thread that I've been invited, if his ability is out there the cop may leave him alone. Also worth noting that Krakador won't announce that I've been invited, not even sure if he will announce that I visited, but if I don't go then it's up to Mazre to reveal that fact.
66 ourobolus 05-13-2015 05:26 PM ET (US)	I don't know if announcing it is a good idea - the cop would then be able to investigate both of you (he still could, but now he would know to do so). And then if we don't attack that house, they'll conclude that one of you is mafia, which, if the cop investigates, they will know. Shit, I'm not sure. We seem to be stuck between a rock and a hard place. franconp may get evicted unless we convince them otherwise, and hobo will be found out if they investigate Mazre.
67 ourobolus 05-13-2015 05:28 PM ET (US)	Crap, Haly corrected his math. D'oh.
68 Hobohodo	Ok so update on the Mazre situation, I'm completely fine in terms of being found out, if he gets evicted or investigated it won't happen to me.

05-13-2015 05:34 PM ET (US)	
69 Ourobolus 05-13-2015 05:42 PM ET (US)	Oh, good. Well that's one thing taken care of. Now we gotta keep them from evicting the roomies.
70 Hobohodo 05-13-2015 06:32 PM ET (US)	Yeah, this is gonna be a tough one from the looks of things... I reckon we need to either make a play for an inactive (Daryll has been name dropped a few times by others) or the no lynch vote again. It's just a matter of what we can push them towards. The housemates are getting mentioned as popular candidates but no one has actually thrown in to evict them yet. Untill that happens we won't need to worry about a bandwagon starting.
71 Josh Martz 05-13-2015 07:11 PM ET (US)	Well we just have to force a plurality rather than a full majority though, thankfully. > On May 13, 2015, at 18:32, QT - Hobohodo <qtopic-51-AUJivSrXFrX@quicktopic.com> wrote: > < replied-to message removed by QT >
72 Ourobolus 05-13-2015 07:12 PM ET (US)	Er, that was me. Didn't think the post would use my name from my email...
73 Hobohodo 05-13-2015 07:13 PM ET (US)	On an unrelated note but it's a thought that pops in my head as I read through the thread, I can't work out if something is up with HippieHobo. If we take his first post at face value he is essentially telling us he has a role where he makes important desicions. Either he doesn't realise what he is doing by saying that or he is actually trying to lure us to kill him, and it's not unusual to have town roles that kill there attacker as they themselves get killed. No one really commented on it either. Then his second post, everyone else is in the middle of deliberating who to lynch and what to do with the roommates, and he just posts stuff about everyone going to his for a party? Just came across as odd to me is all, may be worth keeping an eye on him.
74 Hobohodo 05-13-2015 07:14 PM ET (US)	Ahahaha, I panicked so much that our forum had been breached when I saw a new name.
75 Ourobolus 05-13-2015	Ooh, Haly's post is good. If the thread follows through we should be golden for the first night. Don't jump on board just yet - but definitely watch!

07:33 PM ET (US)	
76 Hobohodo 05-13- 2015 07:42 PM ET (US)	This could be good for us yeah. Anyway I've gotta head off to get some sleep now so hopefully nothing too drastic happens. I'll pop my head in when I get up encase there is a need to chuck a vote on a bandwagon, but it's gonna be about 12 hours from now (Midday UK for me) till I can get back looking properly.
77 franconp 05-13- 2015 09:30 PM ET (US)	I finally catch up with everything. Right now I'm in a tight situation and I think that there isn't much I can say to save myself. I'm thinking of staying low for now and see how the events unfold. Luckily there are several players who still think that evicting us is a mistake. If tomorrow the situation turns for the better I intend to stay low. If it turns ugly maybe I will need to roleclaim something to stay in game. The problem is that this will not buy me much time.
78 franconp 05-13- 2015 09:37 PM ET (US)	Also Karkador's post practically confirmed my suspicions that Ultron has an important role. Maybe if we are lucky and the situation is turning ugly he will be forced to reveal his role.
79 Ourobolus 05-13- 2015 10:08 PM ET (US)	Yeah. You may have to say something vague to save your skin. Hopefully Ultron will as well. I'll try and divert them if possible, but it looks like it's still up in the air. Best case we may be able to buy you time? What if we evicted a neighbor, maybe you could move in?
80 Ourobolus 05-13- 2015 10:57 PM ET (US)	Well I can't tell if Salva is serious, so I put a vote down for Mazre just in case.
81 franconp 05-13- 2015 11:18 PM ET (US)	I also thought about evicting a neighbour so Ultron or me could move in but it will make pretty clear to town that one of us is mafia. So one of us will be evicted the second day (50-50) and if it is Ultron I will be next the third day. It's too much of a risk and we don't even know if that rule exists. As we are right now nobody knows how the neighbour system works.
82 Hobohodo 05-14- 2015 01:39 AM ET (US)	Mazre has now voted to lynch both of you guys and invited me to his house. He has effectively hit every known member of the HHA. Chances of someone just knowing who the HHA are seems really low, but then this game already seems quite unique, but it's a crazy coincidence otherwise.
83 franconp 05-14- 2015	So Ultron roleclaimed, but we don't know if he is telling us the truth or not. If he isn't a cop I'm pretty much screwed the next day (unless there isn't a cop).

06:22 AM ET (US)	
84 franconp 05-14- 2015 06:51 AM ET (US)	I'm thinking I should roleclaim as a cop (which I am, only a corrupt one) and offer to investigate someone the town choose. If they confirm that their role is what I claim it is I will be pretty much saved for a long time. The only way this will work is if there isn't any other cop (as he can investigate me) and if the one who can investigate who used a night action on someone (and we know that he exist) doesn't target the same townie. I think It's a mayor bet but it's the best I can think right now. What do you think? Edited 05-14-2015 06:51 AM
85 Ourobolus 05-14- 2015 07:12 AM ET (US)	That might be the best option. You're racking up votes so you'll need to say something. Now, whether you choose "cop" or not...I'm not sure. I think it will at least buy you a day.
86 Ourobolus 05-14- 2015 07:14 AM ET (US)	Maybe something like you can protect two people? Urgh, but then it will look suspicious if we don't go after you and ultron.
87 Ourobolus 05-14- 2015 07:31 AM ET (US)	Let me think about it for a bit.
88 franconp 05-14- 2015 08:06 AM ET (US)	But I'm a cop, a HHA cop, but a cop. This way I can prove I'm who I say I am and clear my name for a while.
89 franconp 05-14- 2015 08:13 AM ET (US)	I'm thinking roleclaiming and offer town to investigate someone at random the 1st night, post the results the 2nd day and evict that person so I probe I'm who I say. This will clear my name and give us time. The only problem I see is if I'm unlucky and target our secret partner. It's a small chance but it exist.
90 Ourobolus 05-14- 2015 08:16 AM ET (US)	You're probably right. The only problem I see is if either: 1) You end up having to investigate ultron. 2) We know there's most likely another cop on their side, and he could easily investigate you 3) If you roleclaim as a cop, then it's going to look fishy if the HHA doesn't evict you during the night. That said, I think it's probably our best bet.
91 franconp	1) I will offer to investigate someone at random. It doesn't make sense I investigate Ultron as I can't probe anything without being evicted with him. 2) If what Ultron said was right, and I don't think he was lying, now I think I'm the only

05-14-2015 08:23 AM ET (US)	one who can investigate. We know for certain that there is someone that can investigate who act on someone if there is another investigator it would be to much a leverage to town. 3) I'm going to ask for protection for the nights so i'm not evicted forcing the important town roles to protect me and we can act more easily at night. Edited 05-14-2015 08:24 AM
92 Ourobolus 05-14-2015 08:55 AM ET (US)	Good points. All right, let's positive thinking!
93 Ourobolus 05-14-2015 09:35 AM ET (US)	They seem to be possibly leaning away from evicting the roomies now - you may want to hold off on roleclaiming for just a little longer.
94 Ourobolus 05-14-2015 09:47 AM ET (US)	Good play, I hope it works.
95 francomp 05-14-2015 10:30 AM ET (US)	I think I'm safe for now. Also this give a chance to roleclaim in the future to avoid eviction.
96 Ourobolus 05-14-2015 10:32 AM ET (US)	Yeah, you did good. I think we may be in the clear. I think we should turn our attention to Mazre, make people think that he is HHA. That means not killing him during the night, but maybe going after Haly, who was accusing him? Mazre is the long, suspicious pole in the tent (though McQ is also up there), and if we can misdirect their attacks that would give us another night if they choose to evict Mazre tomorrow.
97 francomp 05-14-2015 10:40 AM ET (US)	I would like to know what he's thinking first. Maybe Hobohodo can get us some important information during their chat. For all we know he is town, but is role is nothing relevant.
98 Ourobolus 05-14-2015 10:42 AM ET (US)	No worries, we have time to figure that out. Just throwing out my thoughts with what I know at this point- more information is always better.
99 Ourobolus	Excellent. Looks like we're heading for a "No Evict" for the first day :)

05-14-2015 11:44 AM ET (US)	
100 franconp 05-14-2015 12:00 PM ET (US)	I'm leaning to investigate Razmos the first night. He is next to Hobohodo and his power only can be used on his neighbours. I don't think we should evict him as this will make his neighbours the main suspects but we need to know what can he do.
101 Ourobolus 05-14-2015 12:06 PM ET (US)	Yeah. If we want to evict people that aren't neighbors to us, that only leaves Haly, Kalor, Kingkitty, RobotNinjaHornets, Tucah, Freakzilla, Timeaisis, nin1000, Coppanuva, and Hippiehobo. I do think we need to poke around the top left corner though, since it's likely our partner is up there. I'm leaning towards it being either Kalor or RobotNinjaHornets. Kalor in particular didn't seem to want to evict the roommates, and RNH went straight for Toma at the beginning, so maybe he's an aggressive HHA partner?
102 Ourobolus 05-14-2015 12:07 PM ET (US)	Also, Hobo (hope you did well on your exam!) if you get back before the voting ends, you may want to No Evict to push the majority over. Er, I guess we need two more votes total, actually. Edited 05-14-2015 12:55 PM
103 Ourobolus 05-14-2015 02:21 PM ET (US)	I've added more notes to the spreadsheet, and you guys are free to edit the document as well.
104 Hobohodo 05-14-2015 02:45 PM ET (US)	Cheers Ourobolus, think it went well. Had planned on getting on earlier but being the last exam form the year got a bit caught up in stuff the rest of the day. Seems to have been an active day with plenty of stuff happening so I'll spend some time catching up. But yeah gonna go ahead and stick a No Evict vote in.
105 Ourobolus 05-14-2015 02:47 PM ET (US)	Also, I apologize for bombarding you guys with messages. It's been the slowest week at work - most of my federal bosses are out for the week, and since I need them around to sign off and approve things, it's kinda ground to a halt. :P
106 Ourobolus 05-14-2015 03:06 PM ET (US)	Provided no one unvotes, We survived the first day! Wooooooooo
107 Hobohodo 05-14-2015	I can tell you're bored, found the message in the Google doc haha. Its good though, will be sure to edit it if something comes up and I'm online.

03:28 PM ET (US)	If just one more person votes then we are in the clear, as once a majority is reached any votes won't count.
108 Ourobolus 05-14- 2015 04:04 PM ET (US)	We made it!
109 franconp 05-14- 2015 04:04 PM ET (US)	And we survive a day. Now we plot.
110 Ourobolus 05-14- 2015 04:06 PM ET (US)	As far as eviction goes, what are your thoughts on Kingkitty? He voted for Mazre, and also is adjacent to Mazre, so if we take Kingkitty out it may lay a lot of attention on Mazre, who I believe we are pretty sure is a townie or at least a third party.
111 Hobohodo 05-14- 2015 04:07 PM ET (US)	Yes! I'm looking through Launchpads posts at the moment trying to see if he posted anything that comes of as part of a description. Gotta assume he is telling the truth though as otherwise he just signalled to all of the town players that he isn't town...
112 Ourobolus 05-14- 2015 04:08 PM ET (US)	I looked too and nothing stood out, so let me know if you find something :)
113 Hobohodo 05-14- 2015 04:10 PM ET (US)	Could do, he also has a disagreement going with Launchpad we may get people to cling to.
114 Hobohodo 05-14- 2015 04:16 PM ET (US)	Nothing sticks out, like if he has slipped something in its really craftily done. Only things that could be odd are his comments on a designated weed picker and going fishing right at the start, but to be honest everyone was posting nonsense then.
115 franconp 05-14- 2015 04:28 PM ET (US)	I don't have a problem evicting Kingkitty. He isn't a neighbour of any of us, he defended me so it doesn't make any of us suspicious and he attacked Mazre. I don't think town will go with Mazre but we have nothing to lose. Maybe we are lucky and he is our secret partner. Regarding my investigation I still think I should investigate Razmos. He claimed he has a role and that it can affect Hobohodo.

116 Ourobolus 05-14-2015 04:36 PM ET (US)	Well we can still discuss other options for eviction if you have them. Anyone else we could direct them to? I'm curious who the cop will investigate? The roommates or Razmos?
117 Hobohodo 05-14-2015 04:36 PM ET (US)	Good spot Franconp, didn't notice Razmos had said that. The night phase will end once Kark had received all night roles yeah? Once we decide on someone do you reckon we should wait a day or so before submitting our vote? I just wonder if people will look at the more active players if the night ends quickly.
118 Ourobolus 05-14-2015 04:38 PM ET (US)	Yeah, I say give it a bit of time before we do anything. I've been pretty active so I would possibly be suspicious.
119 Hobohodo 05-14-2015 04:46 PM ET (US)	Oh I also got a bit more info about my invitation from Marze. Essentially it doesn't matter if I talk to him the topic or not, I am considered permanently invited to his for the remainder of the game. As is anyone else who he invites for that matter. So I'm going to lose nothing by talking to him providing I don't say anything to get him suspicious. Hopefully I was invited purely for being a neighbour and not because he suspects me of something this early on. In that regard I can't actually imagine us being able to say much back and forth as the times for him posting and me posting in the main thread havent particularly lined up the last few days.
120 Ourobolus 05-14-2015 04:52 PM ET (US)	Hm. I don't like the idea of the townies having a separate forum. I think we may have to try to convince people to evict Mazre tomorrow.
121 Ourobolus 05-14-2015 04:52 PM ET (US)	Oh, damn. Actually, maybe it'll work in our favor since you are in there... And since he isn't a ordinary townie, you could claim that to him without suspicion too. Edited 05-14-2015 04:53 PM
122 Hobohodo 05-14-2015 04:57 PM ET (US)	Also if Mazre is limited to just his neighbours when it comes to inviting I don't think it's out of the question to assume there may be at least one other player with that ability. Otherwise it will just be a private chat for the top corner.
123 Ourobolus 05-14-2015 04:58 PM ET (US)	You could also claim to be a cop, and we can just provide certain data, like whatever Razmos is.
124	I don't like the idea of Hobohodo claimming being a cop. If that happens and I'm forced

franconp 05-14- 2015 05:45 PM ET (US)	to roleclaim in the future (and I'm SURE I will have to) this will lead to complications.
125 Ourobolus 05-14- 2015 05:58 PM ET (US)	Good point. Either way, we may want to put pressure on Mazre, but if nothing happens we may be able to get information from his forum
126 franconp 05-14- 2015 05:59 PM ET (US)	Thinking about the Mazre situation I don't think he suspects anything about you, he must have a role that allows him to invite neighbours to a private chatroom. That makes sense with all that he said about planting a tree that will grow into the future. If anything we are lucky you were the first invited there as, if you don't bring suspicious on yourself, we can have a source of information about what are thinking 3 more towns. Also, looking in the map, Mazre is also Kingkitty neighbour so he will surely get an invitation too, sooner or later. So I'm now thinking that's not such a good idea to evict Kingkitty. The one I would prefer to evict tonight is Haly, but maybe it will make town more suspicious of me (If that were to happen I can play the roleclaiming card).
127 Hobohodo 05-14- 2015 06:37 PM ET (US)	So now that I realise night talk is banned its apparent that all Mazre's ability is there for is to allow a small group of players to continue to discuss things at night. After all in terms of what we can say and how much to trust, it's identical to if we were talking in the main thread. If he stays alive though it will slowly build up a group of players I guess. I've asked him if he can only invite adjacent players or if he can invite from the whole town so we will have an idea of the extent to which this group can grow, but if it's only adjacent I'd guess the idea is for there to be little pockets of discussions happening at night all over town. We are able to both kill and investigate yeah? Sometimes I've played variations where Mafia can only make one move a night. If we can do both actions then I feel an investigation should be carried out on either. Someone in the top left corner, see if our buddy is up there as it's the only part of the map we lack a presence. Ultron87, work out who francorp has been paired up with. Razmos, they can do something if they are to be believed and that something could effect me. Who to kill I'm still kinda unsure on.
128 karkador 05-14- 2015 06:52 PM ET (US)	Yes, you get your one night eviction + the use of roles
129 franconp	Yes, we can do both actions. Only I can investigate, as is my unique role, but any of us can evict, that should be Ourobolus as he doesn't leave any information of his actions.

05-14-2015 07:10 PM ET (US)	I still think that an investigation on Ultron shouldn't be our priority now. There's nothing much to gain, as we can't evict him even if he has a diferent role of which he claimed. Also, as I said before, I think we will be the target of several roles tonight. As who to evict I'm leaning to someone who have 3 neighbours. That would be: Tomakasatnav Tucah Foshy nin1000 LaunchpadMcQ 21GunShow Razmos Mazre salvapot Of that list I think we should investigate Razmos so he would be out. Mazre is out too as we already know what he can do. I also think evicting LaunchpadMcQ would me a main target so he would be also out (and he appears to be a normal townie). We can role out the neighbours of each one of us to not raise suspicions on us right now (that would be Tomakasatnav, 21GunShow,Foshy and salvapot). So that leaves us: Tucah nin1000 After re-reading all the post both made I think that Tucah can be our missing partner. I think we should try evicting him. If he is our missing partner good for us, and if he is not we evict a townie with a lot of neighbours and we don't raise suspicious on any of us.
130 franconp 05-14-2015 07:19 PM ET (US)	Also I should say that after reading again my role description it doesn't say it would inform me of the affiliation of the target. That means nothing to us as we already know who mafia are, and the rest should be town, but that also could mean that the townies have a cop with them (someone who can obtein information of the affiliations and not the roles). I'm still not sure about this, as having someone who can obtain information on who uses night action on a certain player and also a cop would give townies to much a leverage on the game, but the possibility exist.
131 Ourobolus 05-14-2015 07:25 PM ET (US)	I'm not sure about ultron, really. Since he's stuck with you, he can't really do a whole lot, and he may end up being a target tomorrow anyway (we need to take that into account on who we evict tonight). While knowing his role might be interesting to know, but it doesn't get us a whole lot of information, I think. Best case we learn something , but he can't do much without evicting himself. Edited 05-14-2015 07:25 PM
132 Ourobolus 05-14-2015 10:39 PM ET (US)	Tucah might not be a bad choice for eviction, though. His neighbors have been pretty quiet so far, so that may draw suspicion on them. Think we should discuss who to investigate further, though.
133 Ourobolus 05-14-2015	Yeah. Foshy hasn't posted since before the game started, and freakzilla only posted once since then, and it was on page 1.

10:54 PM ET (US)	
134 Hobohodo 05-15- 2015 02:56 AM ET (US)	So Mazre can only invite adjacent players which mean he is quite limited so I reckon there will be other night chats going on across the village. This could also mean that a few roles are limited to adjacent steps and so could work in our favour if we do evict Tucah as they may just suspect the players around him. You make a good point on Ultron though, for now we can't do anything to him so maybe it's not worth using a turn on him when we have other possible moves.
135 franconp 05-15- 2015 07:06 AM ET (US)	As who to investigate my main target would be Razmos, as he has revealed that he has a role and it could target Hobohodo. I think we need to know what can he do. Maybe he can't really harm us but is better to make sure. My other 3 targets would be: -RobotNinjaHornets or Kalor as both are candidates to be our secret partner. -Haly who I don't think he could be our secret partner but, if my memory isn't wrong, said something about getting more information in the night phase. Right now I should be leaving to work, but later I will look to it further. Also I want to make a question to Karkador: If there is a sort of medic or something like that he would get notification if his role is used?
136 Ourobolus 05-15- 2015 07:24 AM ET (US)	Haly said this in post 242: "Yep, at least from my perspective. At the very least, depending on what happens during the night I can come closer to pinpointing some HHA." I don't know if that means anything about a role or just being able to figure more things out just by having new information (I.e. Someone getting evicted at night)
137 Ourobolus 05-15- 2015 08:04 AM ET (US)	I think we mostly just have to worry about if they choose to investigate the roomies tonight rather than Mazre. Someone else suggested protecting the roomies for tonight, so maybe they didn't actually investigate, but who knows. The next day phase is definitely going to be interesting... So are we good with evicting Tucah? As for who to investigate, I think Razmos is a decent choice as well, and Haly would be my second.
138 franconp 05-15- 2015 08:21 AM ET (US)	I'm ok with evicting Tucah and Investigating Razmos. Karkador what I want to know it's if there is a medic (or something like that) he gets any notification he protected the target. Edited 05-15-2015 08:21 AM
139 Ourobolus 05-15- 2015 08:41 AM ET (US)	You can always PM him.
140 Hobohodo 05-15- 2015	Yeah Tucah seems a good shout to be evicted. 1. He never was antagonistic with us so nothing will come off like a revenge evict. If anything he was supportive of not evicting the roommates and put up some defence for francorp.

08:46 AM ET (US)	2. If he was putting up an argument for francorp then maybe he is our partner then that also works for us. As for the investigation I would tend towards Razmos as well. Right now 1 of my neighbours definitely has an ability and now Razmos is claiming to. Gonna need to get a feel for what, if anything, he can do.
141 Ourobolus 05-15-2015 08:48 AM ET (US)	All right, seems like we have our votes. francorp, feel free to investigate when you hear back from Kark. I'll hold off on evicting someone until later this afternoon (EST).
142 francorp 05-15-2015 09:04 AM ET (US)	My question with Karkador it's not relevant with the investigation or the eviction. It's mostly to have an alibi why I don't get evicted tonight. I have thought a couple of excuses and would like to have a little more info. Also I don't think Kark can answer the question but I don't lose anything asking. I will PM Kark the investigation later. Edited 05-15-2015 09:05 AM
143 Ourobolus 05-15-2015 09:08 AM ET (US)	Ah, I see. I misread - I thought you were questioning whether someone would get notification if they protected the person that was being investigated. Gotcha.
144 Ourobolus 05-15-2015 09:31 AM ET (US)	Do we find out the results from the investigation during the night phase, or after?
145 francorp 05-15-2015 09:38 AM ET (US)	The PM doesn't says anything but I think it will be after everyone that have night roles uses them.
146 francorp 05-15-2015 09:40 AM ET (US)	I have sent the investigation PM.
147 Hobohodo 05-15-2015 12:25 PM ET (US)	I'd guess it will all happen at the start of the day phase.

148 Ourobolus 05-15-2015 12:26 PM ET (US)	You guys think enough time has passed that I should go ahead and evict?
149 karkador 05-15-2015 12:37 PM ET (US)	The night phases wont end early like day phases do, so the timing of your decision makes no difference (but please try to not hold it off til the very end, for my sake)
150 Ourobolus 05-15-2015 12:38 PM ET (US)	Oh, ok. Thanks! I'll PM you.
151 francomp 05-15-2015 12:38 PM ET (US)	If I understand right it doesn't matter when you use your roles at the night phases.
152 Ourobolus 05-15-2015 12:39 PM ET (US)	Sent. And now we wait.
153 Ourobolus 05-15-2015 12:40 PM ET (US)	Yeah, I wasn't aware of that rule. My reasoning was that I was going to try to evict someone at a time when I don't normally post, but if it doesn't matter then... Edited 05-15-2015 12:40 PM
154 francomp 05-15-2015 12:43 PM ET (US)	Hobohodo did you have a talk with Mazre?
155 Hobohodo 05-15-2015 03:26 PM ET (US)	Yeah we've had a small chat but there isn't much to it. The gist of it all is. He could only invite adjacent players, He doesn't think we will be able to freely move to a vacant house (which I agree with) He thinks a player may have the ability to move people into houses (again I am inclined to agree) It is basically just a drastically reduced version of the main thread. If he survives long enough then eventually 4 of us can chat away in there but all it allows us to have us a

	place of discussion at night. As I said I reckon there are going to be a few pockets of these across the map as I can't see what is gained by just having one corner chat away at night. The biggest worry for me is double checking every time that I am posting HHA stuff in this quick topic and not his! Also good to know that the night phase length is always fixed!
156 Ourobolus 05-15-2015 03:29 PM ET (US)	Hm, I wonder if I'll get invited to one soon enough then, since I've got the bottom-left corner. I agree with him on the two points though. I wonder who has that role though, if it exists. While I like in theory the fixed night cycles, I do get antsy wanting to see what becomes of our actions! :)
157 Hobohodo 05-17-2015 03:25 AM ET (US)	If anyone else got invited tonight they may mention it or allude to it tomorrow. I was able to tell people I had been invited to Mazre's house if I wished for instance. I guess we need to give Kark time to sort it all out...but it's hard to not get impatient!
158 Ourobolus 05-17-2015 12:48 PM ET (US)	Nice, looks like Tucah had a special role, and we picked a good night to off him.
159 Ourobolus 05-17-2015 12:49 PM ET (US)	You find out anything about Razmos?
160 franconp 05-17-2015 01:04 PM ET (US)	Well, my role is not so useful has I hoped it would be. I only get the name of the role but not what it does. Razmos role's is Town Gossip, but I have no idea what he can do. I'm thinking it could be the same role as Mazre. Tucah was a good hit, he had some tricky role. Let's see how the day phase goes.
161 Ourobolus 05-17-2015 01:46 PM ET (US)	Yeah, I feel like that's the same role as Mazre, too.
162 Hobohodo 05-17-2015	I'd agree on Razmos' roll being the same as Mazre. Though they would be very close then. Potentially I could be invited to Razmos' to chat as well if that's the case. Only other thing I could see it being would be something like he can put out gossip on people. Maybe make it seem like someone acted at night to the roles that detect night time

03:14 PM ET (US)	activity. In the sense that he is spreading gossip so to speak. Either way we gotta start thinking about our play here. They are already considering the idea we are limited to neighbours which makes me think the people saying that could have night roles that limit them to neighbours. Will also need to consider that I've been flagged up as being in a prime position to neighbour lots of people (based on the assumption that all 8 squares count) but I probably won't worry about that yet. Thinking long term as well what ever our play is going to be I reckon we shouldn't have all 3 of us agreeing instantly. Gotta keep us seeming a separate entity as long as we can.
163 Hobohodo 05-17-2015 03:50 PM ET (US)	So did anyone take Toma's post not hearing anything as anything other than a joke? Seems odd that Launchpad is using stuff like that to try and make a deduction.
164 Ourobolus 05-17-2015 03:55 PM ET (US)	I think it was just a joke, but let them focus on it :)
165 Hobohodo 05-17-2015 04:32 PM ET (US)	'It was a very clever pick. What we learned from Night 1 is that the HHA have some crafty motherfuckers.' Damm right! Hopefully some more guys will pop on and post soon as this is the original end time. We can try and work out how to play this off then.
166 Ourobolus 05-17-2015 04:47 PM ET (US)	Hm, I want to steer them away from diagonals, but considering I was diagonal to Tucah it would probably leave me suspicious. I'm not sure how to chime in just yet.
167 francomp 05-17-2015 04:50 PM ET (US)	I think you don't need to say anything right now. Let's wait and see how they react to the evict.
168 Ourobolus 05-17-2015 04:51 PM ET (US)	I posted something generic. I wanted to at least keep a presence rather than drifting away, since I was pretty talkative the first day.
169 Hobohodo 05-17-2015	There is one plan I've got, but it depends on what Mazre would consider an adjacent players, as when I asked him about who he could invite to the house he said adjacent players. Now he role claimed pretty early so it's well known he has a night role.

04:59 PM ET (US)	Now as long as adjacent players does just mean up, down, left and right to him we could try and get him to share this info in the thread. If we go this route though we gotta be careful not to slip up as you guys shouldn't be aware of Mazre's ability.
170 Ourobolus 05-17-2015 05:07 PM ET (US)	Razmos already stated in the thread that he can only go one space up/down/left/right.
171 Hobohodo 05-17-2015 05:25 PM ET (US)	Ahh, I had forgotten about that! Should work in our favour mind. as we think that he could have the same role as Mazre if we get two of them saying that it could get you off the hook for corners. Of course with that information people may realise the Mafia can't be bound be geography without there being loads of us, but ar the moment I would say everyone is leading towards geography restricting us.
172 Ourobolus 05-17-2015 05:30 PM ET (US)	I'm hoping that the adjacency argument buys us a day or two, at the very least.
173 Ourobolus 05-17-2015 05:38 PM ET (US)	*laughs maniacally* MWAHAHAHAHAHa
174 Hobohodo 05-17-2015 05:45 PM ET (US)	Huehuehuehuehue
175 franconp 05-17-2015 05:50 PM ET (US)	Ourobolus that was dangerous. Right now we don't need to take great risks as there is no clue who we are, and the probability of hitting one of us by a random eviction is low. I think we should post the least possible information. With soo many players the only way town can find one of us is with contradictions or excess of information. We should avoid that and play with their confusion and their lack of information.
176 Hobohodo 05-17-2015 05:51 PM ET (US)	Yeah adjacency stuff should have us ticking over for s bit. If we get real desperate to get Mazre's info out there then I can at least say that I was contacted by him. This should probably be a last resort however as if I was a townie I doubt I would reveal stuff about another (most likely) townie with an ability as it could get him evicted, people may pick up, on that. Also could draw suspicion from a neutral party as well if I spell out a connexion between us.
177	I don't think we should target Mazre. Mazre's chat could be a source of information to

franconp 05-17- 2015 06:00 PM ET (US)	us. I think we should wait and see who town what's to evict. If it's a big majority we add our votes. If it's distributed in several townies we should split our votes.
178 Ourobolus 05-17- 2015 06:04 PM ET (US)	Yeah, I'll try to be more careful. I'm gonna lay low for a bit. I had to clarify since Razmos had definitely said something before. And I agree - let's see where they lean. Mazre isn't a target just yet and they seem to be thinking about Foshy or Freak.
179 Ourobolus 05-17- 2015 06:35 PM ET (US)	Damn. I may have fucked up. Sorry guys.
180 Ourobolus 05-17- 2015 06:38 PM ET (US)	Hopefully launchpad's accusation can just be written off as deflection based on people accusing him, but I dunno... :/
181 franconp 05-17- 2015 06:39 PM ET (US)	Don't worry. They don't have anything to suspect of you. They are saying James to see if someone takes the bait. Just let them post and wait to see how it goes
182 franconp 05-17- 2015 06:39 PM ET (US)	Saying names.
183 Ourobolus 05-17- 2015 06:42 PM ET (US)	Yeah. I'm not going to say anything.
184 franconp 05-17- 2015 06:53 PM ET (US)	Let's wait and see. The only one saying your name is launchpad and he isn't in a good position right now.
185 Hobohodo 05-18- 2015	Yeah people seem to be quieter initially here, I guess because we gave them very little to go on by killing Tucuh. Gotta assume that later today or tomorrow some of the guys from the last game will start moving things forward again, just got to hope they don't go back to the roomies as we haven't provided them with more info.

11:57 AM ET (US)	
186 franconp 05-18- 2015 12:10 PM ET (US)	I don't think we (Ultron and me) would be in trouble today. And if things turn that way I can roleclaim, post what Razmos role is and force his eviction to prove that I'm an investigator. I'd prefer to do it later in the game (so I have more info) but I can do it this turn if needed. I'm still waiting to see who the first vote goes to. Right now Launchpad seems the main target, but there are no votes.
187 Hobohodo 05-18- 2015 12:25 PM ET (US)	From the way Foshy describes his ability. (Target someone and then they could vouch for him the next day) he could have the ability to invite people to a private forum in a similar way to Mazre. Just worth us bearing in mind.
188 ourobolus 05-18- 2015 12:27 PM ET (US)	Yeah, I saw that too. Hopefully he reaches out to me tonight.
189 franconp 05-18- 2015 12:36 PM ET (US)	How many players have the same role???? We know that Mazre have it, Razmos is very likely to have it and now Foshy seems too. At this rate we probably have 5-6 night chats going on.
190 franconp 05-18- 2015 01:44 PM ET (US)	Razmos almost confirm what we suspected of his role. Do we know what happens when the player with the role is evicted? Does the chatroom dies with him or it stays open with the rest of the members?
191 franconp 05-18- 2015 02:11 PM ET (US)	And Razmos roleclaimed and ruined my alibi. Luckily I'm not on the spot right now so I can get info on someone else at night.
192 Hobohodo 05-18- 2015 02:14 PM ET (US)	In Mazre's case if he dies then his chat room stays open.
193 Hobohodo 05-18- 2015 02:21 PM ET (US)	Hmm we need to get them off the idea that town gossip has been placed there to purposefully look at someone and could instead be just to provide pockets of discussion at night. I don't wanna bring this up now as it may make me seem suspicious. Would be good if Mazre pipes up soon though as he has the exact same role. Of course this could make

	people suspicious of me as I am then a common target for both of the town gossips we know of =/
194 Ourobolus 05-18-2015 02:47 PM ET (US)	I wouldn't say anything unless Mazre specifically calls you out.
195 ourobolus 05-18-2015 06:07 PM ET (US)	Huh. Pretty sure freakzilla is going down tonight. Wonder if he is our partner?
196 Hobohodo 05-18-2015 06:12 PM ET (US)	Let's hope not or we kinda brought it upon him by going for Tucah and banking on his science making him suspicious...I would also hope that our partner would have slightly more tact than that of they were Mafia, came across very defensive at that point. I need to go back through and see if he said anything or if he was just inactive.
197 Ourobolus 05-18-2015 06:19 PM ET (US)	I don't actually think he is our partner. I think he is just flailing due to everyone jumping on him. I still think our partner is Kalor.
198 franconp 05-18-2015 07:41 PM ET (US)	I also think is Kalor or RobotNinjaHornets.
199 Ourobolus 05-19-2015 08:38 AM ET (US)	Man, the Star Wars thread is ridiculously more active than ours. And they are out for blood.
200 Hobohodo 05-19-2015 01:54 PM ET (US)	I think the Star Wars thread has more guys who played last time? Could explain the increased activity for them. I think our activity is quite slow due to the position everyone is in. Really this is just becoming a repeat of yesterday for everyone due to the No Lynch vote. Anyway, I feel like we should probably get some votes of our own thrown out soon.
201 Ourobolus 05-19-2015 01:57 PM ET (US)	I kinda want to lean them towards the inactives but I'm thinking about not voting just yet due to my proximity to Tucah. Some people are still latching on to that concept.
202	My reasoning would basically be getting rid of an inactive:

Ourobolus 05-19-2015 01:57 PM ET (US)	If HHA: Great! If Town: They weren't really contributing much anyway. At least ultron and franconp are in the discussion.
203 Ourobolus 05-19-2015 01:58 PM ET (US)	Though quite a few now are picking up with voting out the roommates again, so we need to figure out a way to steer that somewhere else...
204 Hobohodo 05-19-2015 04:11 PM ET (US)	For the sake of consistency with my posts I need to wait a little bit before backing the idea of an inactive. My last post mentioned that I only wanna go to a random inactive as a last resort if the day was heading to a close and no one had gotten anywhere. If I flipflop on that now Haly could see it as me being guided by other players. They have already mentioned the possibility of that happening and they most likely know we have this forum for that to happen in.
205 Hobohodo 05-19-2015 04:18 PM ET (US)	Also, how do we go about checking everyones post count for the thread? Was about to look at it and update our spreadsheet then I realised I don't actually know how to go about it.
206 Ourobolus 05-19-2015 04:21 PM ET (US)	Click the number of posts in Off-Topic Community list for the thread. That will bring up the list.
207 Ourobolus 05-19-2015 04:23 PM ET (US)	I updated the post counts if you want to record the various votes.
208 Hobohodo 05-19-2015 04:32 PM ET (US)	Awesome, yeah I'll go through and do that.
209 Ourobolus 05-19-2015 04:40 PM ET (US)	I think it's funny that they seem to mostly be focusing on ultron as the HHA role in the roommate house.
210 Hobohodo 05-19-2015	Yeah, in the long run it won't matter who they suspect, but it makes for some entertaining reading.

05:45 PM ET (US)	
211 Ourobolus 05-19- 2015 06:00 PM ET (US)	Yeah. It's gonna be a thorn in our side at some point, but it is still funny.
212 Ourobolus 05-19- 2015 09:26 PM ET (US)	I can't tell if LMQ suspects me or not, since he left me off his list. At least he doesn't really suspect either of you! :)
213 Hobohodo 05-20- 2015 04:13 AM ET (US)	It's amazing how much the demolished house is leading discussion, can't blame them though.
214 Ourobolus 05-20- 2015 08:23 AM ET (US)	Christ, I go to bed and the thread explodes again.
215 Hobohodo 05-20- 2015 08:37 AM ET (US)	Tell me about it. Reading through the thread as I eat my breakfast is becoming increasingly more common.
216 francomp 05-20- 2015 09:38 AM ET (US)	Seeing how the thread is going after the eviction of tucuh I'm thinking we should evict someone completely unrelated with Tucuh and not a suspect today. I'm leaning to evict Timeaisis or Kingkitty. Both of them won't give any clues and the reactions on the 3rd day will be interesting. As my investigation I'm thinking of Kalor or Darryl. I need someone to serve me as an alibi in case I'm in trouble the next day phase. The problem would be if Kalor is the secret partner, as I wouldn't have something to prove my role. Edited 05-20-2015 09:38 AM
217 Ourobolus 05-20- 2015 10:39 AM ET (US)	I agree. I was leaning towards kingkitty before and nothing has really changed for him to draw any suspicion towards us. Timeaisis I think might be good to leave around for a little bit, solely because he doesn't seem to want to evict the roommates. I think we should investigate Kalor. He's still at the top of my list for being our secret partner.
218 Ourobolus 05-20- 2015	If we keep going down this road, we may want to investigate someone like launchpad (since I'm pretty confident that he isn't HHA) so that you can provide some info without worrying about finding the secret partner.

02:36 PM ET (US)	
219 franconp 05-20- 2015 02:52 PM ET (US)	The problem is that he already claimed to be a regular townfolk so, if that's true, my investigation won't mean anything. I would need to investigate someone with a role. So far, according to launchpad's post, the following player's have roleclaimed: Special Roles Mazre (vague) Razmos (Town Gossip) Ultron (Troublemaker) Kalor (vague) foshy (vague) HippieHobo (vague) I have already investigated Razmos (and he posted his role and give me a problem) and Ultron it's no good. Foshy's role is pretty clear with the post he made so it's no good either. So my options are: Mazre (vague) Kalor (vague) HippieHobo (vague) If HippieHobo is forced to reveal the name of his role I would have nothing again. The same with Mazre, he can roleclaim anytime. So Kalor or someone who hasn't said he has a role would be my best bet. Edited 05-20-2015 02:53 PM
220 Ourobolus 05-20- 2015 02:54 PM ET (US)	Good point. The problem with you investigating someone like Kalor, they could assume you two are on the same team and you could be covering for them. I think it might make more sense to go after Hippiehobo though, since he has yet to actually say what the name of his role is.
221 Ourobolus 05-20- 2015 02:55 PM ET (US)	At this point I'm hoping they all decide to evict Haly.
222 franconp 05-20- 2015 03:00 PM ET (US)	I thought of Hippiehobo but if he give in and says the name of his role, it's Razmos situation all over again and I'm sure i will be evicted the 3rd day. Edited 05-20-2015 03:01 PM
223 Ourobolus 05-20- 2015 03:02 PM ET (US)	Right, well we may have to hope it doesn't come to that. If Kalor turns out to be our partner, what would you say after you investigated him? Regular townie?
224	HA

Ourobolus 05-20-2015 03:02 PM ET (US)	Foshy just invited me over to his house. Guess he's a Town Gossip as well.
225 franconp 05-20-2015 03:39 PM ET (US)	If I investigate Kalor and he turns up to be our partner I'm screwed. I can't say I investigated him has there is not a way to prove it (the only way I have to prove being an investigator is forcing town to evict someone I investigate). I need to investigate someone else this turn. As Hippiehobbo seems to be out for good in this phase my main targets would be someone who hasn't roleclaimed: kingkitty Darryl Timeaisis SmokinGunZ198 Nin1000 Coppanuva Edited 05-20-2015 03:40 PM
226 Ourobolus 05-20-2015 03:42 PM ET (US)	Well kingkitty is out, because I still think he's our best bet for eviction (unless you guys have a better idea). What about Foshy? He never explicitly stated he was a Town Gossip, just gave a vague hint as to what he could do.
227 Hobohodo 05-20-2015 04:20 PM ET (US)	Well I've chunked my vote down on Hippiehobo, seems like it is going to go that way.
228 franconp 05-20-2015 04:25 PM ET (US)	Foshy it's the same as Mazre, we already know their roles. I could Investigate him to see if his role has the same name as Razmos, but it isn't a strong alibi. The role name it's already out. Of the previous list my main targets would be Darryl, Timeaisis and Nin1000.
229 Ourobolus 05-20-2015 04:25 PM ET (US)	Ditto. Luckily a ton of people are bandwagoning, but still. I don't think we can get by without voting. Maybe fran can skip today if he wants. I wanted to vote for Haly, but it wouldn't make any difference.
230 Ourobolus 05-20-2015 04:26 PM ET (US)	Foshy never said what his role does, only that it activates at day and his target finds out at night.
231 Ourobolus	Fran, are you looking to investigate someone totally unknown, or someone that we know what the role is, but the rest of the forum doesn't?

05-20-2015 04:29 PM ET (US)	Although, nvm. It makes sense to go after one of those three and we can always claim you investigated Foshy if need be.
232 franconp 05-20-2015 04:31 PM ET (US)	The problem with Foshy and Mazre it's both of you have been invited. So they could make connections between the 3 of us. It's a long shot but it's best to be cautious.
233 Ourobolus 05-20-2015 04:33 PM ET (US)	True. All right. I'll trust your judgment on this one.
234 Ourobolus 05-20-2015 04:35 PM ET (US)	Are you gonna vote, Fran? Might make sense to pick someone other than Hippiehobo if you do.
235 Hobohodo 05-20-2015 04:35 PM ET (US)	Hey so just remind me again why we were gonna vote king kitty tonight?
236 Ourobolus 05-20-2015 04:44 PM ET (US)	My reasoning is he is pretty benign, like Tucah. He's also been picking freakzilla today, so maybe that can draw suspicion. He hasn't really been a threat yet, but he's been pretty quiet. He may have a power role too, he's one of the ones that hasn't claimed anything yet. He's also far enough away that if they are still on that proximity kick it should absolve all of us.
237 Hobohodo 05-20-2015 04:47 PM ET (US)	Ahh fair enough, that seems good enough logic to me.
238 Hobohodo 05-20-2015 05:11 PM ET (US)	Wonder if the three voting Haly will just switch to Hippie to end the day quicker, or if they will defiantly hold on to those votes to the end?
239 Ourobolus 05-20-2015	I'm curious of launchpad's request. I'd much rather evict Haly over Hippiehobo, but...

05:50 PM ET (US)	
240 Hobohodo 05-20- 2015 06:07 PM ET (US)	Yeah I agree that really if Haly isn't our secret partner they will be pretty dangerous in the long run as they seem to have a good handle on everything.
241 Ourobolus 05-20- 2015 06:07 PM ET (US)	I unvoted for now. I want to hear his logic.
242 Hobohodo 05-20- 2015 06:11 PM ET (US)	I'll probably hold off going of Hippie myself for a bit, even if launchpad comes up with some good stuff and starts a bandwagon. My earlier post was rather supportive of Haly so don't wanna seem like I'm flip-flopping to much. Always going to be good if we have some apposing votes as well.
243 Ourobolus 05-20- 2015 06:12 PM ET (US)	Right. Fran hasn't voted, you're on Hippie, and I can be the "reasonable" party for now. Probably best that we divide up our votes.
244 Hobohodo 05-20- 2015 06:21 PM ET (US)	Yeah, Also just something for us to bear in mind if me and fran get more active with our post counts and start to have some back and forth dialogues with other players (right now whenever I post it's pretty much just a summary of the thoughts I wanna put forward, partly been due to University commitments but I finished today so aim to be a bit more active going forward) we need to make sure to not ignore each other. In a game I played before someone got pretty suspicious of a fair chunk of the mafia as they were engaged in discussion with the more active townies, but because of there own forum to discuss stuff never really spoke to each other much in the main thread. Just worth us to consider I reckon.
245 Ourobolus 05-20- 2015 06:28 PM ET (US)	For now, I think we are doing the appropriate level of discussion. I seem to do the most, Fran the least. The only sticking point is making sure to keep Fran out of the spotlight. He's got a giant bullseye on his back because of his roommate, and not to be crude, but if you go out we at least get a benefit of double eviction. We gotta keep Fran around as long as possible, so our discussion needs to reflect that.
246 Hobohodo 05-20- 2015 06:37 PM ET (US)	Haha don't worry about being crude, when I first saw my role I realised that out of all of us I would find most use in death. Actually makes me wonder what role/ability our missing partner could have. I hope it is a useful one which is why we don't start the game with it.
247	Ugh. Hopefully Mazre doesn't muck up the vote count tonight. Hobo and I would

Ourobolus 05-20-2015 08:09 PM ET (US)	qualify for his vote.
248 Hobohodo 05-21-2015 03:14 AM ET (US)	So thankfully he plopped on Nin1000 for now. I'm trying to work out wether to respond to HippieHobo or not. I worry be may rail in at anyone who posts from here on but doesn't acknowledge his question. I was thinking something along the lines of... 'The problem is that everyone will claim to be town and for the regular villagers there is nothing they can do to prove it. The guys with abilities are able to do a bit more if they can prove there abaility, as you and I believe Razmos have so far done. The other issue is whar we disussed earlier. If everyone ends up going in and proving an ability or adding themselves to the pool of standard townies, which by extension narrows down those who have abilities, then we essentially paint targets on the backs of the HHA.' Thought?
249 Ourobolus 05-21-2015 06:59 AM ET (US)	I'd ignore it for now. I doubt many people will respond, but who knows? Everyone can just lie.
250 Ourobolus 05-21-2015 08:34 AM ET (US)	Hm. If for some reason Hippiehobo survives the day, we may want to consider evicting Haly. LMQ and HH would probably be the prime suspects for that, I think?
251 francomp 05-21-2015 08:52 AM ET (US)	I don't think he will survive but if he does I'm ok with it.
252 Ourobolus 05-21-2015 09:36 AM ET (US)	Oh man, that first eviction in the Star Wars thread is rough. That role would have been amazing.
253 francomp 05-21-2015 09:43 AM ET (US)	I'm sure they are regreating detaining him now. Reading Launchpad last post I'm thinking it's not a good idea evicting Haly. I think we should go along with our previous plan and evict Kingkitty. If we don't give a clue the next day will be a witch-hunt between Launchpad and HippieHobbo vs Haly. Remember that confusion favors us.
254 Ourobolus	Yeah, I just read his post - I agree. Hopefully they can keep up this back and forth for a while.

05-21-2015 09:44 AM ET (US)	
255 franconp 05-21-2015 09:53 AM ET (US)	Reviewing the map again I think another good eviction can be Coppanuva. He hasn't talk much so he can't be linked to any of us and he is next to both nin1000 and Launchpad. If they have suspicions between them now if we evict Coppanuva it could lead to an all out war.
256 Ourobolus 05-21-2015 09:57 AM ET (US)	Hm. I hadn't considered him since nin1000 had been pretty quiet until right now, but yeah, that's a good point. He's about as middle-of-the-road as kingkitty is.
257 franconp 05-21-2015 10:03 AM ET (US)	He also voted to evict Haly.
258 Ourobolus 05-21-2015 12:16 PM ET (US)	Another day survived. Good job guys.
259 franconp 05-21-2015 12:29 PM ET (US)	And we are safe again. And even better is that there aren't any suspicions of any of us yet. HippieHobo is out, so we need to discuss who we evict now and who I investigate. For eviction I'm leaning between Kingkitty and Coppanuva. For investigation between Kalor, Darryl and Timeaisis.
260 Ourobolus 05-21-2015 12:35 PM ET (US)	I'm right there with you. While I hope that the Launchpad<->nin1000<->Haly debacle continues, they may start diverting to you and ultron, so maybe it's a good idea to investigate Timeaisis? Considering I think Kalor is the secret partner, while on one hand we need to figure out who he is, we also need to safeguard your role. And due to the whole nin1000 thing, I'm leaning towards Coppanuva as the eviction, but I could be swayed either way, really.
261 Ourobolus 05-21-2015 12:38 PM ET (US)	Huh, based on HH's role description, it looks like he could have double-voted multiple times.
262 franconp	I saw that too. We are lucky he is out because he was very risky.

05-21-2015 12:43 PM ET (US)	
263 Ourobolus 05-21-2015 12:50 PM ET (US)	Oh yeah, I have Foshy's nighttime room also. Forgot about that.
264 franconp 05-21-2015 12:51 PM ET (US)	Also HH's has been destroyed too so no chance of moving out.
265 Ourobolus 05-21-2015 01:10 PM ET (US)	Well let's see what Hobo's thoughts are. Disappointing about the lack of moving houses. That's gonna get old real fast with you and your roommate.
266 Ourobolus 05-21-2015 02:34 PM ET (US)	I think Hobo and I need to figure out a strategy for the next day phase as well. We were bandwagoning pretty hard this past one, and I know I would probably find it suspicious.
267 franconp 05-21-2015 03:58 PM ET (US)	It would be too shitty to evict EzekelRAGE???
268 Ourobolus 05-21-2015 04:08 PM ET (US)	Haha, I thought about that. That seems just too much of a dick move though. They mentioned it in the separate mafia thread though, heh.
269 Hobohodo 05-22-2015 03:18 AM ET (US)	I mean if we did evict EzekelRAGE it would quite literally give them nothing to go on as he has done nothing at all. It is hilarious but oh so dickish. King kitty has been invited into Mazre's forum, so that makes three of us there now. If we evict him then Mazre could spill th beans about being a town gossip, this will let them all know that I am surrounded by 2 town gossips which could get people suspicious of me being surrounded by them. Also as I was not invited by Razmos then he must have invited Timeasis, meaning I should get an invite tomorrow.
270 Hobohodo	As for working out a strategy right now Mazre is trying to work out a code or something that those of us in his chat can use to coordinate in the day phrase. Mazre had a lot of pull in Day 1 when he was active so maybe I should follow suit with whatever he wants

05-22-2015 04:13 AM ET (US)	to do in the next day phase regardless of how things play out? I'll give a more comprehensive run down or what's been discussed so far later as I got to head off for work now.
271 ourobolus 05-22-2015 07:32 AM ET (US)	Razmos called out inviting Timeaisis in the thread, which Time confirmed. Foshy has yet to post anything in his thread, so I posted a quick "Hello" to maybe get him going. What do you mean by "code?" Coordinate what?
272 franconp 05-22-2015 08:52 AM ET (US)	I was only joking about EzekelRAGE. I saw that thread too. As Kingkitty has been invited to the chat I think we should wait and not evict him. If they are planning to use a code or something it could be beneficial to us as we will know what they want to do. Also that means Mazre trust you so we are ok. So my main target for eviction would be Coppanuva. I don't see any problem with his eviction. He is close to me but I've been in the spot every day so it won't affect much. For the investigation I'm still leaning to Darryl, Timeaisis and Kalor.
273 Ourobolus 05-22-2015 10:17 AM ET (US)	As much as I'd really like to investigate Kalor, I think it might be better to do one of the other two so that you can get some defense in case you are target during the next Day phase, just in case Kalor is our partner. Unless you think you can swing that in our favor. I'm fine with evicting Coppanuva though.
274 Hobohodo 05-22-2015 10:49 AM ET (US)	Right now his code thing is just an idea and pretty vague. Don't know if we will pull it off but the idea is just to have an easy way to share our ideas between me, kingkitty and Mazre during the day in a way everyone else won't see. I think the idea is that one of us can post a smessage in he main thread that seems completely innocuous but within it we have stated our intentions to the other two to maybe evict a particular player. The other two can then reply back with an innocuous message that actually has the hidden response saying yay or nay. It appears to be quite an ambitious idea so will have to see how things go. Kingkitty has only said hello and shown interest in a code, not actually posted much of his thoughts so far. Companuva is a good candidate in my mind as well, for the investigation I agree that we need to get some info for you to use francorp. What's the reasoning on Darryl and Timeasis again?
275 franconp 05-22-2015 10:50 AM ET (US)	We don't know for certain if he is our partner or not. I'm still leaning more for RobotNinjaHornet than Kalor. Regarding the roleclaim I think it would be best if I roleclaim as an investigator (my actual role) than a cop. If I roleclaim as a cop it will bring more trouble at the long road as I would have to clear suspicion on a townie every turn until there is no one else. It will buy a little time. Also I wouldn't be able to lie, as my cover would blow up rather quickly. If I say I'm an investigator I can inform town of a certain player role and say I don't know his alignment so the town would have to decide what to do. In cases such as Ultron

	the roles can be ambiguous so that could work in our favor. The problem is that it would be a weaker role. In my opinion the best target for investigation would be Timeaisis. Edited 05-22-2015 10:51 AM
276 Ourobolus 05-22-2015 11:02 AM ET (US)	Oh, definitely. I wouldn't roleclaim as a cop. That would likely bring trouble. I'm fine with Timeaisis as well.
277 francomp 05-22-2015 11:15 AM ET (US)	I think Darryl or Timeaisis would be good targets as both have been trying to evict me and it wouldn't be weird that I investigate them. Also both of them haven't roleclaimed yet so we don't know what they can and can't do. They are both next to Razmos so I'm pretty sure they aren't town gossip (it wouldn't make sense them to be). At worst they are regular townies but if they have special roles I can pressure town to evict them to prove my role (and get a complicated player off my back)
278 Ourobolus 05-22-2015 04:27 PM ET (US)	So should I go ahead and evict Coppanuva?
279 francomp 05-22-2015 05:32 PM ET (US)	I would wait a bit. Let's see if we can get any info from the other chats.
280 Ourobolus 05-22-2015 06:11 PM ET (US)	Fine with me. Foshy is pretty quiet usually and hasn't posted anything yet, so I wouldn't expect much from my end other than being able to possibly use his role as leverage in the future.
281 Ourobolus 05-23-2015 01:48 PM ET (US)	Any new info?
282 francomp 05-23-2015 02:23 PM ET (US)	Nothing new. Evict Coppanuva. I will investigate Timeaisis now as I will be busy and don't know if I will be able to follow the thread tomorrow.
283 Ourobolus	Done!

05-23-2015 02:34 PM ET (US)	
284 Hobohodo 05-23-2015 08:20 PM ET (US)	Yeah Mazre's chat hasn't moved on at all. There just hasn't been much for townies to speculate due to our hit on Tucah coming out of know where. So shall we think on plan of attack for the next Day Phase?
285 Ourobolus 05-23-2015 09:10 PM ET (US)	I imagine our hit tonight won't provide any more answers for the townies, so I see them focusing in in the roommates or maybe launchpad and nin1000. I'm going to try to keep a low profile for now, maybe parrot some things to keep them off of the roommates. But I don't know - won't really know until we see their reactions! :)
286 Hobohodo 05-24-2015 04:18 AM ET (US)	Yeah, I'm hoping that Mazre manages to get something working for his private chat so that I can try and gain trust through him this day.
287 Ourobolus 05-24-2015 01:01 PM ET (US)	Darn. Coppa was just a regular townie. You find out anything about Timeasisis?
288 franconp 05-24-2015 03:40 PM ET (US)	Yes timeaisis is also a regular townie. Bad luck
289 Hobohodo 05-24-2015 04:58 PM ET (US)	Mazre didn't manage to get anything posted at all regarding a code so nothing gained there. Did Froshy ever talk to you ourobolus? At least suspicions don't seem to be on any of us initially. Going to have to read through the new players post in detail and get his feelings scoped out.
290 Ourobolus 05-24-2015 05:01 PM ET (US)	Damn about Timeaisis. Foshy never said a word.
291 franconp 05-24-2015	Yeah, and the worst is that he isn't to useful as an alibi. Let's see how the day goes by. So far it seems ok.

05:41 PM ET (US)	
292 Ourobolus 05-24- 2015 06:09 PM ET (US)	Yeah, so far things seem to be going well. If they keep the pressure on nin1000 or something we may finally be able to take out one of the more talkative players.
293 franconp 05-24- 2015 06:32 PM ET (US)	I also think the same. If nin1000 is evicted we should try to evict launchpad or haly. But the day just started so there's a long way ahead. Edited 05-24-2015 06:33 PM
294 franconp 05-25- 2015 02:16 PM ET (US)	The last Razmos's post is quite interesting (post 740). He is sharing his chatroom with Darryl and Timeaisis right? If any info was revealed in the private chat it had to come from Darryl as we know that Timeaisis is an ordinary townfolk so he can't obtain info. Luckily for us Hobohodo will have access to the same info tonight and, assuming the info is important, we would be forced to act.
295 Ourobolus 05-25- 2015 02:26 PM ET (US)	Yeah, I thought the same too. I think we need to see what happens here though, nin1000 just jumped on Razmos as if he knew something, which could work in our favor. He just painted a huge bullseye on himself.
296 Hobohodo 05-25- 2015 06:33 PM ET (US)	Yeah I'm intrigued now, hopefully Razmos does choose to invite me tonight. He could always decide to keep me out for one reason or another.
297 Hobohodo 05-25- 2015 06:35 PM ET (US)	Also, if I am keeping track then Razmos is also the only player who has revealed there role in the thread correct?
298 Ourobolus 05-25- 2015 06:41 PM ET (US)	Correct. Also, Hobo - you gotta stop posting right after i do. It's going to seem suspicious.
299 Hobohodo 05-25- 2015 06:41 PM ET (US)	In terms of town gossips that is.
300	My bad, hadn't noticed a closeness in our postings. It hasn't been intentional but I'll try

Hobohodo 05-25-2015 06:43 PM ET (US)	and leave some space between us!
301 Ourobolus 05-25-2015 06:43 PM ET (US)	I figured it wasn't intentional, just something you need to be aware of :P
302 Ourobolus 05-25-2015 06:51 PM ET (US)	I'll respond to you just to hopefully set off any trail that may be occurring.
303 Hobohodo 05-25-2015 07:01 PM ET (US)	Good idea, Will be interesting to see if Froshy or Mazre reveal there role at all this phase. If they do then I can see discussion heading to the fact we have 3 town gossips in play. Along those lines I'm curious if anything can be read into Salvapot being the only player in the top right corner who can't be invited by any of the gossips up there.
304 Hobohodo 05-25-2015 07:23 PM ET (US)	Second time launchpad has brought up the idea that one of the three of us that surround Razmos is HHA. I knows it's still real early in the day to see how this all goes down, but if we did evict launchpad tonight people may look at that theory with more scrutiny.
305 Ourobolus 05-25-2015 07:35 PM ET (US)	I had a feeling that would come up, so I'm hoping that Foshy keeps his mouth shut about his role, since I was invited. If we can't evict Launchpad tonight I propose we look at Haly, Ezekel, or Mazre. I know Mazre is creating the room, but if he makes the room then if he is gone you can still communicate with the others there and he won't be around to confirm his role.
306 franconp 05-25-2015 09:53 PM ET (US)	Mazre posted he doesn't think he will be using his role again today. The only neighbour he can invite left would be freakzilla, so it seems he is doubting about him. It's a shame that we won't have info of freakzilla opinion in the private chat, but that also means he trust Hobohodo so we are ok.
307 Ourobolus 05-25-2015 09:59 PM ET (US)	True, but it also seems like freak is a target in the thread. It may eventually be a problem if Mazre stays alive, but for now it should buy us some time. My point is that at least one person has picked up on the fact that gossips seem to be spaced out so that they are near one of us (secret partner notwithstanding).
308 Hobohodo 05-26-2015	Going to agree with evicting Launchpad, Ezekel or Launchpad, but not so sure what we gain from going for Mazre right now. He is a known quantity and looking back he only really lead things Day 1 due to his early ability claim. Day 2 he was pretty quiet. Also if we do evict him is role will be revealed in the thread anyway which is pretty much the

04:05 AM ET (US)	same as him confirming his role right? Right now he is going to be aware that I am positioned between two gossips but he hasn't yet revealed this fact.mwouldn't say I've done anything that would make him gain my trus so is probably more that he suspects other players more and doesn't want Launchpad to waste a turn on evicting me when he suspects others some more. Otherwise I can't really work out what his angle is. Anyway we could have a situation with the roomies right now.
309 franconp 05-26-2015 06:36 AM ET (US)	I think is time to roleclaim. It's a shame I don't have a stronger alibi but there's nothing I can do.
310 Ourobolus 05-26-2015 06:49 AM ET (US)	Yeah, sadly it seems like our only option at this point.
311 Ourobolus 05-26-2015 08:35 AM ET (US)	...this is gonna be interesting.
312 Ourobolus 05-26-2015 08:46 AM ET (US)	The only thing I'm really worried about now is that if HHA doesn't take out the roommates tonight, it's going to look really suspicious - although it may put the spotlight on ultron rather than you.
313 franconp 05-26-2015 08:52 AM ET (US)	I think the same but I also think town will want to have the investigator stay longer in the game so I don't think they will evict us.
314 Ourobolus 05-26-2015 09:28 AM ET (US)	Ah crap, I just realized if they evict nin1000, I'm going to be the only one next to Foshy. And if they keep up the argument that there's at least 1 HHA within range of a Gossip (or an HHA Gossip), that's going to spell trouble for me.
315 Ourobolus 05-26-2015 10:00 AM ET (US)	Hm...I suppose I should probably confirm Foshy, though that may eventually cast suspicion on me.
316 Ourobolus	I figured if I didn't confirm him it would be even more suspicious if he was voted out and they realized he was town, though.

05-26-2015 10:31 AM ET (US)	
317 Ourobolus 05-26-2015 11:28 AM ET (US)	Shit. Damn you, Foshy.
318 franconp 05-26-2015 12:10 PM ET (US)	Weird day so far. We all have been proposed as possible HHA. We need to very carefull how we procced.
319 Ourobolus 05-26-2015 12:38 PM ET (US)	Yeah, this day isn't going well at the moment. fran - Mazre has questions for you.
320 Ourobolus 05-26-2015 12:48 PM ET (US)	Crap, if nin1000 goes out, I am almost certainly getting evicted tomorrow.
321 Ourobolus 05-26-2015 12:53 PM ET (US)	So, I have an idea, but it's risky. If nin1000 gets evicted, you need to claim that you investigated me during the night and confirm I am an ordinary villager. I don't see any other way around it, even though if they find out you're lying they'll definitely evict the roommates. Considering they seem to think you are town, it might not be as risky as I think though. Just an idea.
322 Ourobolus 05-26-2015 01:02 PM ET (US)	Spreadsheet is up-to-date.
323 franconp 05-26-2015 01:33 PM ET (US)	I though the same. I can probably save someone claiming he being a regular townie.
324 Ourobolus 05-26-2015	What is RNH saying about "kingkitty's action?" Hm...I wonder if KK is the cop.

03:01 PM ET (US)	
325 Ourobolus 05-26- 2015 03:13 PM ET (US)	Oh, I see. It's referring to Kalor's Light Sleeper ability. Since Haly and RNH didn't do anything (so they say), and Mazre is a Gossip, then KK must have a special role. I think we may want to consider evicting him tonight...unless he's a Commuter too, in which case he'll leave town for the night (since the ability only triggered on the first day)...
326 franconp 05-26- 2015 04:29 PM ET (US)	If we evict Kingkitty tonight it could put Hobohodo in trouble.
327 Ourobolus 05-26- 2015 05:08 PM ET (US)	True, but if we end up having to make me a villager, it'll cast doubt on the whole gossip-HHA theory since there wouldn't be any by Foshy. Regardless, thinking about it I think KK might be a commuter. Let's see what happens with Kalor's role tomorrow.
328 Ourobolus 05-26- 2015 07:24 PM ET (US)	Regardless of what happens next, I'm proud of our ability to keep them all in the dark thus far :)
329 franconp 05-26- 2015 08:55 PM ET (US)	The star wars thread is AMAZING.
330 Ourobolus 05-26- 2015 09:00 PM ET (US)	I know. It's so ridiculous.
331 Ourobolus 05-26- 2015 09:25 PM ET (US)	Ugh. This is gonna be an interesting day/night phase.
332 Hobohodo 05-27- 2015 08:21 AM ET (US)	I'm trying to work out what Mazre's angle is with not wanting me invited to Razmos just yet.
333	I'm thinking that since you're the bridge between the two groups, you're probably the

Ourobolus 05-27-2015 08:23 AM ET (US)	most suspicious. Do we have any idea what Darryl's role is? Could he be the cop?
334 Ourobolus 05-27-2015 08:43 AM ET (US)	Scrolling back through the thread, posts 495 & 496 are a lot funnier now.
335 franconp 05-27-2015 09:57 AM ET (US)	Looking at yesterday posts I'm thinking maybe Kingkitty could be our secret partner. He has no problem with me investigating him but doesn't want me to reveal the role. Maybe he is our partner and knows he doesn't work as an alibi.
336 Ourobolus 05-27-2015 10:02 AM ET (US)	Yeah, that might be a good idea. Worst case you can just claim to have investigated me.
337 franconp 05-27-2015 10:21 AM ET (US)	Or we can try evicting him during the night. If he is our partner he will be invited to the chat, if he isn't we get rid a potential dangerous role. At most we lost an eviction, which will make town think HHA targeted me at night and someone protected me, adding to cleaning my name. The only problem would be if he is a commuter as Tucah, but if we try to evict him and we get neither of the previous results we can almost be certain of his role.
338 Ourobolus 05-27-2015 10:23 AM ET (US)	I'd think an investigation would fail on him too if he is a commuter. So I think it might be best to evict KK, and maybe investigate Darryl?
339 franconp 05-27-2015 10:32 AM ET (US)	I can't investigate Darryl as it wouldn't allow me to clean my name. I had already proposed town to give me 3 names and I select one of them. I think that's the best way to prove I'm town. I'm leaving the next investigation to town but also giving me a leverage so I don't have to investigate one of us.
340 Ourobolus 05-27-2015 10:36 AM ET (US)	My reasoning for investigating Darryl would be to clear your name in the sense that Darryl is the current option of being your "informant" into Razmos' chat. But I can see why you'd prefer to go with their plan.
341 Hobohodo	Was just typing up more thoughts on the Mazre thing and how keeping me out of Razmos group was linked to testing francorp when i maybe got it figured out. I think it's more to do with not wanting me being able to reveal to Razmos' group that Mazre is

05-27-2015 10:37 AM ET (US)	also a town gossip, as he currently is trying to figure out if francorp can actually investigate or if he got the info from a potential HHA member who is lurking in Razmos' chat as of night 2. Kingkitty must have a power role one way or the other, but I wonder how likely it is that the map would have two HHA that close together and have them both able to be invited by a town gossip? Lastly just something that had only now occurred to me, but judging from now my role is called Tommy Nook, The Younger Nephew assuming you guys have your roles named the same way if we are investigated we won't be in the situation that the Mayor/Sleepwalker/Gossip roles were in as our allegiance will be pretty clear.
342 Ourobolus 05-27-2015 10:39 AM ET (US)	I don't think that the town would have an investigator in the same role as francorp. They probably just have a cop who can just figure out alignment, not roles. Not that that really matters in our case...
343 Hobohodo 05-27-2015 10:46 AM ET (US)	Didn't even occur to me that the town equivalent could just be to determine alignment. I know we are not even through the day phase here but not sure on going for king kitty. Think we need to go for one of the vocal players as hopefully that will spark up more discussion in the thread without us needing to get to involved in it ourselves.
344 Ourobolus 05-27-2015 10:56 AM ET (US)	Now that Kalor came out as a Light Sleeper, I'm thinking RNH might be the other option. If we evict KK and investigate RNH, that might be enough to cover our bases and hopefully unearth the partner.
345 francorp 05-27-2015 11:03 AM ET (US)	My role name is Timmy Nook, the Older Nephew. I haven't played much Animal Crossing (almost nothing to be honest, just tried a little bit the 3ds one but it's not my kind of game) so don't know much about the characters but if I'm not mistaken the only cousins in the game are the nephew of Tom Nook, who would be the bad one. If there are someone who is a regular player of the game (and I'm sure there are) it could lead to trouble. Ourobolus what's your role name?
346 Ourobolus 05-27-2015 11:04 AM ET (US)	Tom Nook, the Silent Destroyer. Mwahaha.
347 francorp 05-27-2015	I don't think we can do much with that. Even I, who hasn't played the games, knows it can't be good. Edited 05-27-2015 11:12 AM

11:10 AM ET (US)	
348 Ourobolus 05-27- 2015 11:14 AM ET (US)	Whaddaya talkin' about? It's TOTALLY subtle. :D
349 Ourobolus 05-27- 2015 11:16 AM ET (US)	Ok, so I went through everyone's votes. Not counting the people that have voted for one of us, people who have been suspicious of us, and people that we know (for the most part) their roles, that leaves: nin1000 RobotNinjaHornets LunaticLMD freakzilla149 kingkitty Tomakasatnav As possible HHA partners. Of those, RNH is the only one that isn't either NEXT to one of us or is able to be part of the same gossip range.
350 Ourobolus 05-27- 2015 11:21 AM ET (US)	Actually, you can add SalvaPot to that list as well - pretty sure his vote for me was a joke. But he still is right next to Hobo.
351 Ourobolus 05-27- 2015 12:12 PM ET (US)	The thread has been surprisingly quiet today.
352 Ourobolus 05-27- 2015 03:06 PM ET (US)	I'd actually really like the town to evict Darryl over nin1000. If we roleclaim myself tomorrow as a townie, then nin1000 is definitely going to be evicted tomorrow.
353 Ourobolus 05-27- 2015 03:10 PM ET (US)	That said, I don't think that's going to happen.
354 franconp 05-27- 2015 03:36 PM ET (US)	I'm almost certain that I will investigate Razmos this night phase. It's the only way I can prove I'm town. Sadly I can't backup your roleclaim. Not at this point at least. Not everyone is convinced I'm town yet so if they doubt me they could vote you out to have proof. And if that happens I'm next in line. Also I can't say your real role as I'm sure they will evict you. If it was something a little more friendly we would have a chance but "the Silent

	Destroyer".... I'm sorry but both of you will have to defend for yourself a couple of turns until my position is secured.
355 Ourobolus 05-27-2015 03:38 PM ET (US)	Why would you investigate Razmos again? You did it once already.
356 franconp 05-27-2015 03:41 PM ET (US)	I meant Mazre. Unless town gives me a couple of additional targets.
357 Ourobolus 05-27-2015 03:43 PM ET (US)	Urgh. I'm gonna have to put a vote in for Darryl, I think.
358 Ourobolus 05-27-2015 03:44 PM ET (US)	Or freakzilla. I gotta try to keep nin1000 alive for one more day.
359 franconp 05-27-2015 03:44 PM ET (US)	How will you support your vote? They will want to know why you voted him.
360 franconp 05-27-2015 03:46 PM ET (US)	Freakzilla could be OK. He was voted before. It's a shame 21Gun was replaced. He could have been a good eviction by inactivity.
361 Ourobolus 05-27-2015 03:47 PM ET (US)	freak: freak has been suspicious for a few days now, and I think nin1000 is just flailing. While I'm not 100% sure he is town, I'm still more suspect of freak. Darryl: While it's not a definite, it does seem plausible that franconp could be HHA and has an informant in Razmos' private chat, as Haly mentioned. I'm inclined to believe that Razmos/Time/fran as all HHA is unlikely, but I would like to get to the bottom of this.
362 franconp 05-27-2015	Of both of them I would go for freakzilla. Salvapot thinks the same. I will also support tomorrow. If we can get a couple of more votes we could get him out. I don't think you will get a lot of support with Darryl. I think that's a lost cause.

03:53 PM ET (US)	
363 Ourobolus 05-27- 2015 03:53 PM ET (US)	Yeah, like I said, I don't think it's gonna happen today. I'll go for freak.
364 Ourobolus 05-27- 2015 04:04 PM ET (US)	All right...here goes nothing.
365 Ourobolus 05-27- 2015 04:06 PM ET (US)	Welp, I'll see you guys on the other side. Play safe! <3
366 franconp 05-27- 2015 04:12 PM ET (US)	I think that was a good post. Let's see what happens now.
367 Ourobolus 05-27- 2015 04:16 PM ET (US)	Yeah. I think as long as no one picks up on why I am NOT voting for nin1000, I should be ok. But there are a couple smart guys in there.
368 Ourobolus 05-27- 2015 04:17 PM ET (US)	Sweet. We got RNH for now.
369 Ourobolus 05-27- 2015 04:25 PM ET (US)	Oh fuck yes.
370 franconp 05-27- 2015 04:26 PM ET (US)	Also Salvapot, Razmos and Nin. I will support you tonight or tomorrow morning. And I think Hobohodo shouldn't vote unless is necessary. We don't want them to relate our votes.
371	Agreed. Hobo needs to abstain or vote for someone else.

Ourobolus 05-27-2015 04:28 PM ET (US)	
372 Hobohodo 05-27-2015 04:28 PM ET (US)	Every time I wanna go post something ourobolus has just posted! Argighghgah. Sorry about my sporadic posting last few days guys, bank holiday weekend followed by going out with the guys from work Tuesday has left me out of action a lot. Just to see if I'm following along here but ours is gunning for freak today as your convinced that nin will end up gone tomorrow yeah? For very little posts I feel a lot of ideas have been presented so I'm trying to keep it all straight.
373 Hobohodo 05-27-2015 04:29 PM ET (US)	I don't wanna abstain from voting as I've been so quiet today so maybe il throw one down on Nin1000?
374 Ourobolus 05-27-2015 04:29 PM ET (US)	Yes, that's the idea. I'm hoping we can keep nin on the ropes for tomorrow. I need Fran to be able to investigate me tomorrow night, because If I'm the only one left next to Foshy I am most certainly going to be evicted. You need to either abstain or vote someone else, and I would do it at a different time than during this bandwagon.
375 francomp 05-27-2015 04:31 PM ET (US)	You should wait for now and vote when freakzilla eviction is more secure.
376 Ourobolus 05-27-2015 04:33 PM ET (US)	Yes, definitely hold off.
377 Hobohodo 05-27-2015 04:39 PM ET (US)	Cheers guys, thanks for giving me the shortened version of everything. xP Trying to work out how to play the not voting for Freak, mahbe just not wanting to join a bandwagon again after what happened to HippieHobo, or would that seem like I'm trying to explain myself to much. I definetly need to vote for someone though as Mazre will be on people who don't by the looks of things, he already has picked fran up on it for the last day, so it's probably best to make sure you get your vote in at some point,
378 Ourobolus 05-27-2015 04:50 PM ET (US)	I would stay away from talking about bandwagoning. You just need to make it sound like nin is more suspicious, but maybe not THAT much more. I don't know how to better explain it. Maybe post here first with what you plan on posting?
379	Sounds good, I'll go read through the thread from Day 2 onwards again to try and

Hobohodo 05-27- 2015 04:55 PM ET (US)	construct something logical for Nin.
380 Ourobolus 05-27- 2015 05:01 PM ET (US)	7 votes so far...
381 Ourobolus 05-27- 2015 05:28 PM ET (US)	Kalor just posted something that you might be able to use...later. :)
382 Ourobolus 05-27- 2015 05:58 PM ET (US)	Holy shit. Check the Star Wars thread.
383 Hobohodo 05-27- 2015 06:04 PM ET (US)	I'm still clean of the Star Wars three goings on, what post did the craziness pick up from. I feel o need to go read it during our night phase. Still going through the thread, it's amazing how long it takes when your considering everything and writing stuff down.
384 Ourobolus 05-27- 2015 06:10 PM ET (US)	Oh, you'll know. But yeah, save it for later. It'll take awhile :)
385 Hobohodo 05-27- 2015 06:50 PM ET (US)	Ok so hear is what I will probably go with... So far this phase feels like not much has happened but there is also a lot to sift through. It's odd. Anyway first of all just some ideas regarding the two substitutes we have had. I'm gonna be inclined to say they are townies purely based on the fact that I find it difficult to believe a HHA member would be completely absent from the game. Obviously this is pure speculation based on how I see things but just wanted to throw that out there, now on to the topic at hand. So I have read through from Day 2 again and I'm just not feeling Freakazilla as Mafia. In Day 2 he came across as real antagonistic when a vote was placed on him, I imagine a Mafia player would be more subtle about it than he was, I mean revenge voting seems something that just begs to call attention to you. I suppose it could be some double bluff where he comes across as to obvious but I find that hard to believe. Also gotta agree with Kalor, the idea that a Mafia player would decide to not partake in discussion till its

	down to the wire seems unlikely. With all of us in different time zones it's going to be hard to sway opinion at the last moment. The player who I am more suspicious of right now is... Evict: Nin1000 It feels like the bulk of suspicion on Freak comes from his Day 2 behaviour, but reading it through again Nin just seems to be acting a little bit more strangely. It's all ready been discussed about how he jumped in to defend Freak, but if I was uncertain of a players alliance and they were also coming across as antagonistic I probably wouldn't back them up unless I had a reason to. Could they be partners somehow? (not to convinced), or maybe Nin was backing him up just to have a 'see I supported a good guy!' example later. There was also some odd behaviour in my mind when he didn't cast a vote against Hippie yesterday. Now admittedly he was in second place, but if a few more players decided to cast a vote for Nin not much was needed to achieve Plurality. A vote for Hippie could have been the difference between life or death for Nin, yet he didn't vote. Where I struggle here is why would Nin not place a vote, maybe you can answer that one for us?
386 Ourobolus 05-27-2015 07:05 PM ET (US)	I'm ok with that; but change "evict" to "vote." Also, depending on what Mazre says, we may have to go evict him. He's one of the more intelligent players and I feel like he's gonna hone in on one of us sooner rather than later.
387 Ourobolus 05-27-2015 07:05 PM ET (US)	Hobo I would also wait for a few more votes though.
388 Ourobolus 05-27-2015 07:21 PM ET (US)	Shit. I'm worried about this. He's been leading the charge for a while now.
389 Ourobolus 05-27-2015 08:05 PM ET (US)	All right, he's posted. What do you think?
390 franconp 05-27-2015 09:13 PM ET (US)	All I'm going to say now is HOLY SHIT THAT STAR WARS THREAD!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! Tomorrow I will read anything and post opinions.
391 Ourobolus 05-27-2015	Hahahahahahaha yeah

09:14 PM ET (US)	
392 Hobohodo 05-28- 2015 03:30 AM ET (US)	Had to go to bed, was getting up to 1am back when Mazre was posting. Going to go read through it all now and see what he said, got my Nin post waiting for when Freak gains 2 or so more votes.
393 Ourobolus 05-28- 2015 06:41 AM ET (US)	Be careful; nin may be getting more votes as well, like Foshy's.
394 Ourobolus 05-28- 2015 07:17 AM ET (US)	So, I was thinking...confirming Mazre's role...I think he's probably playing to vote out Hobohodo next round. I get the feeling that his position between two gossips is going to seem suspicious.
395 Ourobolus 05-28- 2015 08:00 AM ET (US)	freakzilla is sitting at 9 votes now, two more to close the day out. I've updated the spreadsheet as well. nin1000 has 4 votes.
396 Ourobolus 05-28- 2015 08:05 AM ET (US)	10 votes. Sorry. If you're going to put your votes in you may want to do so (if you're awake!)
397 Ourobolus 05-28- 2015 08:48 AM ET (US)	I wonder if we can use Foshy's slip-up against him. The Evict command vs. Vote command, I mean.
398 franconp 05-28- 2015 08:56 AM ET (US)	I have read everything and voted to evict Freak. Hobohodo I think you should vote for Nin as I think freak's eviction is sure. Right now the best way to prove I'm an investigator I have is to investigate Mazre and learn his role name as it will make a lot less suspicious. That's what the town want and I don't want them to doubt me. I think we can find a way to protect Hobo along the way. I think we should discuss the night eviction: My main target would be Kingkitty who either is our secret partner or have an important role he doesn't want revealed. My other options would be Haly or Launchpad as they are the more vocal.
399 Ourobolus	As much as I'd love to get rid of Launchpad, he seems to have it out for me. He's been suspicious of me the entire game so far. Evicting him may bring unwanted attention.

05-28-2015 08:59 AM ET (US)	That said, I think that problem is only going to get worse as the day goes on. The only thing I worry about with KK is that he might be a commuter, and if he's an odd-day commuter, we'd be unable to evict him tonight. I don't feel either way about Haly though.
400 Ourobolus 05-28-2015 09:03 AM ET (US)	Are you going to ask the thread for options on investigation tonight?
401 franconp 05-28-2015 09:04 AM ET (US)	So we could evict Haly tonight and leave KK for the next night phase when we are sure we can commute. I don't want to evict Mazre yet. Other option could be Darryl.
402 Ourobolus 05-28-2015 09:09 AM ET (US)	Yeah, I'm fine with leaving Mazre alone for now. Darryl...maybe. The current thought is that they may think he is your informant, so getting rid of him could be good in that sense. But, he did vote to evict you on the first day, so that could be a counter argument to that. We do need to start picking off people in the upper-right, but eventually it's going to come down to Hobo. I think to solidify your stance as Town you should eventually out him as Mafia. Not today or tomorrow, but whenever (if) it becomes necessary.
403 Ourobolus 05-28-2015 09:11 AM ET (US)	To be clear: I don't WANT to get rid of Hobo. :D
404 Hobohodo 05-28-2015 09:11 AM ET (US)	=(
405 Ourobolus 05-28-2015 09:12 AM ET (US)	Oh, don't worry, man. I want to keep all of us around as long as possible. Just trying to think of options for a long-term strategy. Edited 05-28-2015 09:13 AM
406 Hobohodo 05-28-2015 09:17 AM ET (US)	Haha yeah I know, and at least if I get taken out you get two evictions the following night phase. On the subject of investigation fran, you don't actually need to investigate Mazre do you as we know he is a town gossip? Unless you think he could have a different role name for some reason and want to be sure.
407 franconp 05-28-2015	Yeah, I'm sorry Hobo but I don't think it would be a good idea to put a false role in you. I don't think I can use that trick much and, I'm sad to say this but, your eviction it may be beneficial to us by your role.

09:20 AM ET (US)	I don't want to say I investigated him unless I'm asked by town to do it. We shouldn't rush into it. If I'm asked, I'm sorry, but I will have to say the truth. I think it's for the best.
408 Ourobolus 05-28-2015 09:22 AM ET (US)	Oh, I wasn't saying that we should "investigate" Hobo tonight - save that for later. Edited 05-28-2015 09:22 AM
409 Ourobolus 05-28-2015 09:23 AM ET (US)	Oh, I get what you're saying. Never mind. Yeah, if asked then it wouldn't be a good idea to lie on that one.
410 Ourobolus 05-28-2015 09:26 AM ET (US)	So fran, are you actually going to investigate Mazre? Or are you just going to claim Town Gossip? To be safe you should probably actually investigate...
411 franconp 05-28-2015 09:28 AM ET (US)	I need to be completely sure about Mazre. If he has a slightly different role name I'm out. Without a doubt. And it could also make trouble for Hobo has they will try to find out how I knew he was a town gossip and it will lead to his neighbours. I don't want to leave it to chance so it would be best if I investigate him.
412 Ourobolus 05-28-2015 09:30 AM ET (US)	K. Just making sure. Then I think we're down to Haly or Darryl for the eviction, right? Hobo, what are your thoughts?
413 Hobohodo 05-28-2015 09:51 AM ET (US)	Yeah I just checked through the forum to make sure if he ever called himself a town gossip but he never did. You guys are probably right in that we should play it safe, if we cocked up here then he will know that either me or king kitty would be conversing with fran and by bridging the groups he would probably suspect me. Maybe his role has been named slightly different and it is why he is playing funny with when he wants me invited to Razmos. On the subject of outing me in full agreement on not giving me a false role. However I think if you take ideas from other players in later phases then you should stick to the 'give me 3 names and I'll randomly choose 1' idea. It means that even if my name is thrown in to consideration you have two outs if we think it can be played off. Also like you said before, if we were acting under the idea that you are a town investigator and had to investigate the one player that was agreed on and it turned out to be the doctor you wouldn't want to reveal that, so having the three potentials should be an easy enough sell. On kingkitty, I don't particularly think he is our secret partner. In Mazre's chat in Night 2 he mentioned how he would like the roomies to be evicted just out of curiosity, and Mazre also posted about how he wanted to try and push for the roomies again in Day 2.

	Of course this is before your role claim, but I just don't see our secret partner ever posting about being okay to evict the roomies. Lastly in the chat he actually role claimed as a normal town and said he wouldn't share his role name as if me or Mazre were mafia we could then use that to our advantage. This could just be why he doesn't want the role title for regular villagers our in the open were you to investigate him. As for evictions out of those two I would probably tend to Haly as I feel we should go for someone vocal this night. We are considering Darryl as they think he could be fran's informant in Razmos' chat right?
414 Ourobolus 05-28-2015 09:57 AM ET (US)	Huh...ok, then I'm convinced KK isn't the partner. I'm still thinking RNH. As for Darryl, that's my thinking, though if franconp investigating Mazre clears him, then we don't need to worry about Darryl though. Although, I think someone in the thread mentioned that Darryl had a special role, so it might be worth it to take him out.
415 franconp 05-28-2015 10:02 AM ET (US)	Yes, I will try to buy all the time I can but if they really suspect you and want me to investigate you it will be for the best that I don't lie. If KK isn't our secret partner maybe he is a the commuter (or something more important). I say we go for Haly this night phase and KK the next one.
416 Ourobolus 05-28-2015 10:04 AM ET (US)	I'm ok with that. My only hangup with Haly, looking back through the thread, is that he says he trusts you (at least a bit). Not enough for me to say no, but just a thought. I do wonder what Darryl's role is though.
417 franconp 05-28-2015 10:05 AM ET (US)	Yeah, I think the same of RNH. As for Darryl I also think it was implied he has a special role.
418 Hobohodo 05-28-2015 10:22 AM ET (US)	Oh when Razmos said some information had been revealed in his chat you mean?
419 Ourobolus 05-28-2015 10:24 AM ET (US)	Yeah, I think. Launchpad mentions in post 854 that Razmos said Darryl had a special role, but I can't seem to find that info earlier in the thread.
420 franconp 05-28-2015 10:30 AM ET (US)	Yes, we already know Razmos and Timeaisis role so the only one left is Darryl. If Hobo is invited to that chat we could get the info too.

421 Hobohodo 05-28- 2015 10:31 AM ET (US)	I had actually completely glossed over how he directly points a finger at me and you in that post. Unfortunately I feel like whenever we take him out if people look back at his posts we will be suspicious. Now whilst he is the only player really pushing it, every time the gossips have been brought up he will always mention the idea that a HHA is in the area. If he keeps this up if we take him out now or in X days time its likely people will pick up on that straight off. He is dangerous for us right now thats for sure. Makes me wonder if our eviction should stay clear of any gossip targets tonight, make it seem like the HHA aren't worried about those theories of his.
422 Hobohodo 05-28- 2015 10:32 AM ET (US)	Hey fran, do you know the official title of the regular townies then?
423 Ourobolus 05-28- 2015 10:33 AM ET (US)	Yeah, like I said, he's kinda honing in on some of us. I'm fine with evicting Haly then.
424 Ourobolus 05-28- 2015 10:33 AM ET (US)	I believe it's "Ordinary Villager?"
425 francomp 05-28- 2015 10:43 AM ET (US)	Ordinary Villager. It was also Coppanuva's role and there you have the description. (post 688)
426 Hobohodo 05-28- 2015 10:45 AM ET (US)	Yeah, if we did go Haly tonight then we will need to keep our eyes on Launchpad going forward. I guess it depends on wether Mazre being revealed as a Town Gossip/Variant of that tomorrow will make him home in on me even more, or if the reveal of a third gossip will make him ease off the idea. Still hoping that something can be done to single out that Salvapot will be the only player in the top right who can't be invited to a nighttime chat. At least he is yet to have started a succsesful bandwagon, be it on us or an other player.
427 Hobohodo 05-28- 2015 10:47 AM ET (US)	Oh of course, forgot it had been revealed as common knowledge in the thread anyway. Guess that can't be why king kitty is still concerned about his role being potentially revealed.
428 Ourobolus 05-28- 2015	I wish someone would just do the last damn vote. :P

11:12 AM ET (US)	
429 Hobohodo 05-28- 2015 11:47 AM ET (US)	Right well I won't be there as the day ends as I am about to have no signal. Hope nothing craZy happens in the last 45 mins!
430 franconp 05-28- 2015 12:30 PM ET (US)	And we are safe again!!!
431 Ourobolus 05-28- 2015 12:32 PM ET (US)	Whew. That day was really stressful for me. Can't believe my gambit paid off.
432 Ourobolus 05-28- 2015 12:40 PM ET (US)	Lol, he finally posted.
433 Ourobolus 05-28- 2015 12:52 PM ET (US)	C'mon...doctor or something good...c'mon...
434 Ourobolus 05-28- 2015 01:53 PM ET (US)	Dammit. Ordinary Villager.
435 franconp 05-28- 2015 01:56 PM ET (US)	Fuck. We are out of luck lately.
436 Ourobolus 05-28- 2015 01:57 PM ET (US)	Hey, Hobo - was freak in Mazre's chat?
437	All right, I won't do it yet in case we have any arguments against it later, but we still

Ourobolus 05-28-2015 02:05 PM ET (US)	looking at Haly for eviction and Mazre for investigation, right? As for the next day phase, I think I'm going to lean on either Salvapot or nin1000, depending on how it goes.
438 franconp 05-28-2015 02:21 PM ET (US)	I'm OK with Haly and Mazre.
439 Hobohodo 05-28-2015 03:00 PM ET (US)	Nah freak didn't get in the chat, and in the main thread I'm sure he said he didn't plan on using his ability today so for whatever reason he didn't want to invite him in. Investigating Mazre is fine, we need to build up trust for francorp. Admitdly I would kind of like to be rid of Launchpad but I feel that's just leading the more observant players, which I feel Haly is one of, straight to us. So out of the discussed candidates I'd be fine with Haly.
440 Ourobolus 05-28-2015 03:01 PM ET (US)	Yeah, we need to figure out an eventual plan for Launchpad. He's gunning for both of us. But Haly should be fine for now.
441 Hobohodo 05-28-2015 03:11 PM ET (US)	Seems like we are pretty decided then.
442 Ourobolus 05-28-2015 03:19 PM ET (US)	Looks that way. I'll send the PM some time tomorrow. Anyway, I've updated the spreadsheet with everything I think we know up to this point. I'm pretty confident that RNH is our partner, so we need to hope that tomorrow it is safe to investigate him.
443 Ourobolus 05-28-2015 05:28 PM ET (US)	Foshy finally posted. He still thinks nin1000 is HHA, but he's asking what my role is. I'm trying to decide if I just say "town" and be vague, or just straight up say "Ordinary Villager."
444 franconp 05-28-2015 05:40 PM ET (US)	Say you are an ordinary villager. If I can I will use that to protect you.
445 Ourobolus	K. Will do.

05-28-2015 05:41 PM ET (US)	
446 Hobohodo 05-29-2015 06:00 AM ET (US)	I know we are still investigating to be certain but king kitty has posted about how Mazres official title is obviously a Town Gossip, hopefully Mazre will see this as king kitty trying to pry into his roll name seeing as this could be an important play for us tomorrow.
447 ourobolus 05-29-2015 07:36 AM ET (US)	Hmm. That's certainly interesting. Maybe that will put the spotlight on kingkitty, but who knows...
448 franconp 05-29-2015 10:44 AM ET (US)	I think Mazre will lie to him, so I can't use that information.
449 ourobolus 05-29-2015 11:16 AM ET (US)	Oh no, definitely still investigate Mazre, I think it just might be a good coincidence and mazre may suspect KK over Hobo.
450 ourobolus 05-29-2015 02:10 PM ET (US)	All right, I sent in the notice to evict Haly.
451 Hobohodo 05-30-2015 06:20 PM ET (US)	Now we wait...
452 Ourobolus 05-30-2015 06:28 PM ET (US)	Can I just say, I am not looking forward to the next day phase. Hobo and I are gonna have to put some work in.
453 Hobohodo 05-30-2015	Outwardly Mazre doesn't actually seem to suspicious of me right now. It's all ready been brought up in our chat that I will be a bridge between two groups and for that reason may be able to relay info between Mazre's chat and Razmos chat, if he finds that fact suspicious he is keeping it to himself.

07:29 PM ET (US)	He also said that he didn't want me in Razmos' chat tonight to minimise the chance of info leaking in case francorp was Mafia with an accomplice in Razmos' chat. Now hopefully as fran can demonstrate that he has investigated two players from two separate groups who had no contact this will gain Mazre's trust for him, at least as much as you can in mafia. Launchpad is my biggest question mark, gonna have to see how he reacts to most likely finding out I'm a bridge tomorrow.
454 franconp 05-30- 2015 08:45 PM ET (US)	Did Mazre said what his role name is? I have already investigated him but want to know if he shared the info.
455 Hobohodo 05-31- 2015 09:34 AM ET (US)	Nah, closest he has gotten is saying how there are two confirmed gossips and that we know about his group.
456 Hobohodo 05-31- 2015 09:35 AM ET (US)	We as in Me, Mazre and Kingkitty
457 Ourobolus 05-31- 2015 02:04 PM ET (US)	Shit. Haly might have been the commuter.
458 franconp 05-31- 2015 02:08 PM ET (US)	Or maybe some sort of tough guy and needs 2 hits to evict. Mazre is a town gossip.
459 franconp 05-31- 2015 02:13 PM ET (US)	There was activity so there's a possibility he can be a commuter.
460 Ourobolus 05-31- 2015 03:00 PM ET (US)	You would have also caused activity with you investigating Mazre.
461	Stop looking at me being a bridge D=

Hobohodo 05-31-2015 04:15 PM ET (US)	
462 Hobohodo 05-31-2015 04:22 PM ET (US)	Ok so I can't post in the thread without acknowledging that I am a bridge, now Razmos and Launchpad are jumping on the idea that I can gain 'lots of info' and seeing that as a reason I could be there. Right now I'm feeling I need to downplay the info I could actually obtain, as truthfully I feel they are overstating it. For example our chat had been pretty hesitant to share stuff. All I've really gained is knowledge that Mazre was a Town Gossip and Kingkitty suspects the roomies, that's it. Maybe it's different with Razmos and everyone felt more willing to chat, but ours has been pretty quiet. Thoughts?
463 Ourobolus 05-31-2015 04:27 PM ET (US)	Foshy's hasn't been useful, either. I don't really have a good answer for your bridge problem yet, though... :/
464 francomp 05-31-2015 04:31 PM ET (US)	You can say you are a bridge but your position may be to comunicate both chats. You would be a hha target so they can isolate the chats.
465 francomp 05-31-2015 04:35 PM ET (US)	You should make them think you are useful to town.
466 Ourobolus 05-31-2015 04:37 PM ET (US)	Good call. Sorry, my brain is fried right now. Was out in the DC hot sun doing a scavenger hunt for the past 4 hours.
467 Hobohodo 05-31-2015 04:38 PM ET (US)	Good idea Fran, when I'm done watching my shows I'll write something up. Don't wanna jump in to quick really as it will come across as defensive.
468 francomp 06-01-2015 09:08 AM ET (US)	Who was the one who changed Haly to evicted in the spreadsheet? You jinxed it.

469 Ourobolus 06-01- 2015 09:19 AM ET (US)	Me. That's all me. ;_;
470 Ourobolus 06-01- 2015 09:25 AM ET (US)	So I can't imagine that Haly was protected. There was no reason in the thread that would even make anyone think we would have targeted him. So unless he is a commuter too, or a Tough Guy, maybe he's a Sleepwalker?
471 Ourobolus 06-01- 2015 09:31 AM ET (US)	Actually, a sleepwalker triggers every night, usually, so since Kalor didn't have any activity on Night 2, that's probably not it. Hrm.
472 franconp 06-01- 2015 09:32 AM ET (US)	That would be the same as a commuter no? I think he may be the commuter and he was the activity Kalor detected the first night. If this is true now we don't have a clue what's Kingkitty's role.
473 Ourobolus 06-01- 2015 09:33 AM ET (US)	A Commuter leaves town, while a sleepwalker randomly visits another player. But yeah, that begs the question - who is the commuter? It's gotta be either Haly or KK (right?), or there's another role at play there.
474 franconp 06-01- 2015 09:55 AM ET (US)	I'm leaning to believe that Haly is the commuter and KK has another role which we don't know. If that's true we are really unlucky as we didn't target KK thinking he may be the commuter. Right now, and this can change during the day phase, we have the same 2 options for eviction: We can try to evict Haly and see why he wasn't evicted the last phase or we can target KK and see what's his role is.
475 Ourobolus 06-01- 2015 09:57 AM ET (US)	I'm up for evicting Haly again, but both of them are risky. I think that tonight may be a good time to investigate RNH, since I think the day may end up with you being asked to investigate me.
476 franconp 06-01- 2015 10:00 AM ET (US)	Why do you think that? I think is more likely to ask me to investigate Hobo.

477 Ourobolus 06-01- 2015 10:01 AM ET (US)	That's also a possibility. I just know Launchpad still thinks I am a viable candidate to investigate. Though I'm hoping that the discussion around SalvaPot and Darryl as day evictions sticks. That would be great.
478 Ourobolus 06-01- 2015 12:00 PM ET (US)	Ok, so Kalor says that he can only detect the actions of the people around him, not actions performed ON them. So he wouldn't have seen fran's investigation. So yeah, there's definitely an odd commuter there, and it could be Haly.
479 franconp 06-01- 2015 12:17 PM ET (US)	There's something interesting about the description Kalor gave of his role. He says he can know when someone acts at night within his scope, but only when his neighbors act not when someone acts on them. If that is true and his role is supposed to help town that would mean one of his neighbours should be HHA so he can be useful. If not he wouldn't be much help to town and we know the positions of the roles aren't random (kark said it) so he must have that power and position for some cause. As we already know neither of us is within range so his role can't be dangerous to us but that would also mean one of his neighbours should be our secret partner. Let's see the names: Haly, RNH, Mazre and Kingkitty. We know Mazre is the town Gossip and he is not our partner (remember that if I investigate our partner or we try to evict him he would be invited to the chat). We already tried to evict Haly and we couldn't but we also get any info about he been our secret partner so it would rule out him too. That leaves RNH and Kingkitty. Hobo said he doesn't think Hobo was our secret partner has he wanted to evict Ultron and me. Also I don't think he may be our secret partner as, if he was, he could just told Hobo in their chat and we could evict Mazre in the night phase so he doesn't says anything. Also it doesn't make any sense to have 2 HHA in the same night chat. We already have our chat. So it all seems that RNH should be our secret partner.
480 Ourobolus 06-01- 2015 12:18 PM ET (US)	Yep. That's what I've been saying! :P
481 franconp 06-01- 2015 12:30 PM ET (US)	I also said the same since the first day. I PM Kark asking if we tried to evict someone and we couldn't and he is our partner he would be a full fledged partner anyway. That will allow us to be sure about Haly.
482 Ourobolus 06-01- 2015	I also sent a PM earlier today asking Kark if my evict notice did indeed go through, and it was just a matter of it being blocked/missing, rather than him not seeing my PM. Just in case.

12:31 PM ET (US)	
483 Ourobolus 06-01- 2015 12:32 PM ET (US)	And I know, I'm just giving you a hard time. :D
484 Ourobolus 06-01- 2015 12:38 PM ET (US)	Kark confirms he did receive my evict, so something stopped Haly from being evicted.
485 franconp 06-01- 2015 12:44 PM ET (US)	And he confirmed that if the eviction didn't go through our lost partner wouldn't be full fledget. So if Haly was protected he may be our secret partner. It's a long shot and I still think RNH will be our lost partner but it's good to know.
486 Ourobolus 06-01- 2015 12:45 PM ET (US)	Ok. Well if we end up evicting Haly and investigating RNH, we can cover both bases.
487 franconp 06-01- 2015 12:53 PM ET (US)	Yeah, but I'm not to sure to do it this night phase. I don't know if I can investigate RNH yet. It could still be dangerous.
488 Ourobolus 06-01- 2015 12:54 PM ET (US)	We shouldn't make up our minds until the night phase anyway. It's still early. That said, why would it be dangerous? Though the one time I'd say it'd be the safest is if the thread elects to evict me or Hobo. Then you can investigate RNH without consequence.
489 franconp 06-01- 2015 01:01 PM ET (US)	I think it is still dangerous because there are some people doubting about me. If I said someone have a certain role they could try to evict him to prove what I said was true. If I do it with a townie it could be beneficial to us, but if I tried with any of us it could be very bad. We should wait and see what people think of my roleclaim first. I also think the same, that would be the safer time.
490 Ourobolus 06-01- 2015	Sorry, I meant to say "if the thread elects for you to investigate me or hobo."

01:12 PM ET (US)	
491 franconp 06-01- 2015 05:35 PM ET (US)	Good call on Toma.
492 Hobohodo 06-01- 2015 06:02 PM ET (US)	Sorry about not posting guys, fell asleep last night and then spent the day with the girlfriend. Now considering how to post, maybe just s little 'yeah I'm a bridge, weird' huh' post and th move on? The discussion isn't on me being a bridge right now after all and I don't wanna bring I back to me.
493 Ourobolus 06-01- 2015 06:14 PM ET (US)	I'm not at my computer now, but with the votes flying, if someone wants to update the spreadsheet, I'd appreciate it. If not, I'll take care of it tomorrow morning.
494 Ourobolus 06-01- 2015 06:14 PM ET (US)	Hobo, if wait for now. They seem to be attacking each other.
495 Ourobolus 06-01- 2015 06:15 PM ET (US)	I'd*
496 Ourobolus 06-01- 2015 06:16 PM ET (US)	If you want to post later, at this point I wouldn't even bring up the bridge.
497 franconp 06-01- 2015 06:28 PM ET (US)	Updated the spreadsheet. Hobo I also think you shouldn't say anything unless they bring that up. You can post (you don't want a prod) but make it something harmless.
498 Hobohodo 06-01- 2015 06:34 PM ET (US)	Yeah since I posted that everyone went at it. Will ignore the gossip situation for now..
499	I'm actually hoping that they evict Foshy a little bit since I revealed my role in his chat.

Ourobolus 06-01-2015 06:36 PM ET (US)	They still think I haven't done so at all.
500 Hobohodo 06-01-2015 06:40 PM ET (US)	As in revealed ordinary villager right? Or we going for a super dramatic 'your times up froshy I'm TOM NOOK THE SILENT DESTROYER!!!' kinda thing :P
501 Ourobolus 06-01-2015 06:43 PM ET (US)	Yes, villager. Dork. :P
502 Ourobolus 06-01-2015 06:52 PM ET (US)	Uh...poor choice of wording there, Hobo.
503 Ourobolus 06-01-2015 06:58 PM ET (US)	Hopefully they gloss over it, but I would refrain from using the word "villager" like that.
504 franconp 06-01-2015 06:59 PM ET (US)	I think it's a shame Kingkitty isn't our lost partner. The little chat between Mazre, Hobo and KK would have been great. KK revealing to Hobo he is our HHA's partner and plotting to evict Mazre so the secret doesn't come out and Mazre watching as we plot what to do and he can't do anything. I know Kark will be reading this and he will be kicking himself saying "how didn't I think of this, Fuck".
505 Hobohodo 06-01-2015 07:08 PM ET (US)	Ehh it's Animal Crossing, everyone is a villager. I'd feel someone would be reaching to read that as anything but a comment relating to the games theme, but yeah in hindsight I'll avoid that in the future.
506 Ourobolus 06-01-2015 07:10 PM ET (US)	Yeah, but considering it is also a specific role, it's good to be cautious.
507 Hobohodo	Yeah in the future I won't multitask as I write even a simple post. At least Launchpad is preoccupied right now.

06-01-2015 07:57 PM ET (US)	
508 Ourobolus 06-01-2015 08:52 PM ET (US)	Oh good. Both Mazre and Launchpad are looking at the villagers. As long as they don't go after RNH we are golden. *crosses fingers*
509 Ourobolus 06-01-2015 08:53 PM ET (US)	If there is a split, we may want to evict someone who voted for the second-place eviction.
510 franconp 06-01-2015 09:32 PM ET (US)	Ouro you should be very careful with your next vote. So far you always voted what got the majority (the 2nd day you unvoted but it put you in the spot anyway) and that can be suspicious. If they are looking for voting paterns yours could be dangerous. I think you should wait for a while, see how the things go and when we have someone who is a favorite (I'd say 5 or 6 votes) you should vote to someone else. Hobo and I can vote for the one with most votes and push for the eviction as our voting paterns aren't so clear: I didn't vote the second day (and I think they wouldn't risk evicting me without proof) and Hobo voted Nin1000 the last phase.
511 Ourobolus 06-01-2015 10:04 PM ET (US)	Yeah. That was the whole reason for me rescinding my Hippiehobo vote. I didn't want to follow the crowd. I'll take that into account with my next vote (probably Toma or Foshy).
512 Ourobolus 06-01-2015 11:44 PM ET (US)	To be fair, I led the 3rd day vote against freakzilla, so it shouldn't seem like bandwagoning.
513 Ourobolus 06-01-2015 11:47 PM ET (US)	"But man, whoever these HHA are, they are so damn crafty. You really have to nitpick to find anything worth pursuing." Lol
514 Hobohodo 06-02-2015 04:17 AM ET (US)	Hmm...wonder what Launchpad is up to with that vote on Ouro
515 franconp	I think he just want to see what Ouro has to say to defend himself.

06-02-2015 06:34 AM ET (US)	
516 Ourobolus 06-02-2015 06:57 AM ET (US)	I do too, but I'm not gonna take the bait.
517 franconp 06-02-2015 06:58 AM ET (US)	I'm thinking to propose that I investigate someone of the column A as it's weird that all the players in that column are ordinary villager. I won't say who I will investigate so I don't give info to the HHA. I'm thinking investigating EzekelRage so we can get some info on him and it will help cover our eviction on Haly.
518 Hobohodo 06-02-2015 07:07 AM ET (US)	Do we really want to potentially waste another evict on Haly? I feel if we are going to do anything with him tonight it should be an investigate to know what's up with him.
519 Ourobolus 06-02-2015 07:57 AM ET (US)	I'm not dead-set on Haly just yet, and I won't be sure until night anyway. I was just throwing it out there as an option.
520 Ourobolus 06-02-2015 08:07 AM ET (US)	Aaand there's Launchpad again. Damn. I hope other people don't pick up on it. I'm gonna have to play very carefully here. Might be a good time for fran to chime in regarding investigating - maybe they'll throw out my name.
521 franconp 06-02-2015 08:35 AM ET (US)	As I said he just want to have a discussion about you. Just be carefull and I think you will be alright. I think Salvapot and Foshy will be the main targets this phase.
522 Ourobolus 06-02-2015 08:37 AM ET (US)	Yeah, I'm hoping it goes that way. Launchpad has yet to really swing any votes yet, so it might not be a problem. Though if Foshy is voted out then I'll have to worry about tomorrow. But I'll burn that bridge when I get to it.
523 franconp 06-02-2015	If Foshy is evicted I think Nin1000 is more suspicious than you.

08:42 AM ET (US)	
524 Ourobolus 06-02- 2015 09:46 AM ET (US)	I'm gonna respond to LMQ. I'll post it here first to see what you guys think, if you want.
525 Ourobolus 06-02- 2015 09:48 AM ET (US)	"I'm generally a pretty risk-averse person. I spent most of the first two days just trying to get a feel for the rest of the playing field. But, I'll provide some insight into my actions: Day 1: Well, I know that I was a random choice, but I don't think anyone can blame me for going on the defensive that day. Day 2: I stated several times that I didn't think HH was HHA. I did initially bandwagon, yes, because I didn't want a repeat of "No Evict" like the first day. I was interested to hear your thoughts because I was happy to see that someone else thought otherwise, and I thus unvoted. Day 3: I led the vote against Freak that day. I wasn't convinced that nin1000 was HHA, and while I wasn't entirely convinced about Freak, he was acting very strangely. I'll be the first to admit that I screwed the pooch on that one. "
526 francomp 06-02- 2015 10:07 AM ET (US)	I think it's ok. I wouldn't say that you are a risk-averse person, it wouldn't look good. But I think it's harmless so if you want to say it it's ok.
527 Ourobolus 06-02- 2015 10:08 AM ET (US)	K, I'll take that out. Thanks.
528 francomp 06-02- 2015 12:21 PM ET (US)	And Launchpad unvoted Ouro. I think we are fine.
529 francomp 06-02- 2015 12:23 PM ET (US)	What does Launchpad with someone holding information? Is he talking about someone not revealing he is a commuter? I think it should be that as he said something about gaining more info at the end of the fifth day.
530 Ourobolus 06-02- 2015 12:27 PM ET (US)	I think he might be referring to kingkitty as a commuter.

531 Ourobolus 06-02-2015 12:45 PM ET (US)	Huh. I wonder if he think I'm the Light Sleeper...
532 franconp 06-02-2015 12:54 PM ET (US)	I think he is. If there is another light sleeper my choices would be Nin or Lunatic. Toma could be but he is to close to Kalor, I'm not too sure. Edited 06-02-2015 12:55 PM
533 Ourobolus 06-02-2015 12:59 PM ET (US)	Hmm. Let's see. I'm not saying I'm going to play along, but if I end up having to... I think it will be safe to say that there was activity each night, no? At the very least definitely say there was activity the first night to through them off of my silent action ability. I hope I don't have to claim, though.
534 Ourobolus 06-02-2015 01:03 PM ET (US)	Ah crap, Haly's gunning for me too now. Damn. At least he chose Toma for now.
535 Ourobolus 06-02-2015 01:04 PM ET (US)	You going to offer to investigate at some point, too?
536 franconp 06-02-2015 01:04 PM ET (US)	If we need I can say you are an ordinary villager. I can support that.
537 Ourobolus 06-02-2015 01:05 PM ET (US)	I still like your plan of offering to investigate the first column. And yeah, definitely Ordinary Villager. I don't want to have to keep up a lie of a special role unless I have to.
538 franconp 06-02-2015 01:06 PM ET (US)	Yeah, but not this night unless we need to.
539 Ourobolus	Right. But based on the conversation I'm seeing, if they evict Toma and he's just a villager, then I'm on deck, probably.

06-02-2015 01:06 PM ET (US)	
540 francomp 06-02-2015 01:24 PM ET (US)	I'm thinking saying I will investigate someone of column A as is weird there are so many ordinary villagers there. I could investigate Haly (or EzekelRage) and post what is role is the next day and will continue investigating in the same area. Next night phase I could investigate RNH to see if he is our secret partner and the next day I roleclaim you has an ordinary villager.
541 Ourobolus 06-02-2015 01:25 PM ET (US)	That makes sense. I'll try to play defensively for another day.
542 francomp 06-02-2015 01:26 PM ET (US)	I'm also thinking pushing for Lunatic eviction has he hasn't posted anything so it wouldn't a big loss.
543 Ourobolus 06-02-2015 01:27 PM ET (US)	Also a good call.
544 francomp 06-02-2015 01:53 PM ET (US)	I already posted. Let's see how it goes.
545 Ourobolus 06-02-2015 01:54 PM ET (US)	I'm hoping they see your post as deflecting from Toma, leading them to want to evict Toma even more fervently. Once they realize he is town, it might help your position even more.
546 Ourobolus 06-02-2015 01:55 PM ET (US)	This game is stressful, but damn it's fun. :)
547 Ourobolus 06-02-2015	KK wants to look at hobohodo. That might be something you can "investigate" tomorrow night.

02:18 PM ET (US)	
548 francomp 06-02- 2015 02:20 PM ET (US)	Yeah, but that will mean we will lose Hobo the next day. I will try to avoid this.
549 Ourobolus 06-02- 2015 02:21 PM ET (US)	I know it's not something we WANT, but the upside is that it cements you as a townie, and we get two evictions. Delay it as much as you can, but I get the feeling we may be dealing with it sooner rather than later.
550 Ourobolus 06-02- 2015 02:33 PM ET (US)	Good post.
551 Ourobolus 06-02- 2015 02:38 PM ET (US)	Eh...I wouldn't have said anything about me there. You basically just defended both me and Hobo from investigation in two posts.
552 Ourobolus 06-02- 2015 02:39 PM ET (US)	And also, I DID share my "role" with Foshy...
553 francomp 06-02- 2015 02:43 PM ET (US)	Tell Launchpad that and that will clear your situation.
554 Hobohodo 06-02- 2015 03:07 PM ET (US)	Throw me under a bus D=
555 francomp 06-02- 2015 03:13 PM ET (US)	I'm sorry but we all knew that this could happen. I tried to avoid it but at this point it will be difficult. I think we should be trying to make an explanation for your role.
556	Ugh. This situation sucks all around. Why couldn't Kark at least throw in one red

Ourobolus 06-02-2015 03:14 PM ET (US)	herring gossip?
557 Hobohodo 06-02-2015 03:24 PM ET (US)	I mean I think it would have been good for you to have not been so keen to get me investigated just off the back of king kitty's suggestion as it could be seen as you being keen to investigate me. Everything gets questioned I'm a game like this so would have been better if s larger group was having the idea. In the long run it could be seen as you happily investigating me in order to cement your town status. Anyway if it happens currently all I can come up with is saying that I am a kind of drinking buddy/lovers role, and that I am able to chat with Timmy Nook in our own private forum. The nephews aren't part of the HHA in the animal crossing games they just run the store after all, so it's not a super immediate red flag.
558 Hobohodo 06-02-2015 03:25 PM ET (US)	Oh and seriously man, I don't actually have any hard feelings if it comes down to this over the next day! Woulda just liked for this play to happen late game is all, after we all ready had gotten rid of a few! =D
559 Ourobolus 06-02-2015 03:29 PM ET (US)	I'm with Hobo on this one. But what's done is done. You were great Hobo! Now we just gotta make sure this isn't done in vain...
560 franconp 06-02-2015 03:38 PM ET (US)	I just say yes because I couldn't find a excuse why I shouldn't investigate you. I don't think that will be useful as you will be asked to share the identity of your secret partner and we can't prove that. It would need either Ouro or our missing partner (who we don't know) to say he is your buddy and it will put both of you in trouble if they have doubts. If they decide to evict one both are out. Can we make something regarding the store?
561 Hobohodo 06-02-2015 03:46 PM ET (US)	Let's worry about trying to make an excuse for my role in the night phase if the desicions is cemented. Right now I hardly feel that king kitty bandying the idea around is enough to fully cement me as being 'investigated' tonight.
562 franconp 06-02-2015 03:55 PM ET (US)	We can say you can give a defensive (some sort of shield) and an offensive (it allows someone to roleblock another player) item to some other player, but you have only one of each so you didn't give them away because you want to make sure and don't give them to HHA. Also you know you have a brother with a similar power but you don't know who he is. Do you think it's ok?
563 Ourobolus 06-02-2015	I'm not sure about the handing out of items. That could be easily disproven the next night. It's also pretty on the nose considering the Star Wars thread. Honestly, what about some sort of Doctor? It may buy him a couple days, at least.

03:58 PM ET (US)	
564 Ourobolus 06-02- 2015 03:59 PM ET (US)	He could claim he's been protecting the roommates.
565 Ourobolus 06-02- 2015 04:01 PM ET (US)	I guess you could twist it into "selling" something that protects someone from the store, if possible.
566 Ourobolus 06-02- 2015 04:07 PM ET (US)	I think, though, for my safety, I will vote for you soon after you role claim.
567 franconp 06-02- 2015 04:10 PM ET (US)	That was what I meant but he must have limited resources and that's why he haven't use them until now. I think it may work as it is related to the game. Also it wouldn't be weird to find something similar to the Star Wars thread as Kark worked with Crab (who worked with MattyG) to make the game so there may be things that are similar en both games.
568 Ourobolus 06-02- 2015 04:15 PM ET (US)	I suppose. Maybe he can hand out five "shields" (or an animal crossing equivalent), and he's given out 3 so far to the roommates, but they aren't notified. They just get protected for a night.
569 Hobohodo 06-02- 2015 04:22 PM ET (US)	I don't think I can get away with straight copying a roll from the Star Wars thread, though if we do face this then I agree we will have to acknowledge Timmy somehow, be it as a partner I don't wanna give up or an unknown. If we go the shop route maybe then the idea of limited items to sell could put a spin on it, but sell implies I would be having something in return and may result in the roll seeming so outlandish that everyone wants it confirmed similar to yours fran. The other possibility is that they will see the store as a neutral party on all of this, just put to profit from the towns troubles! Would be good if our secret partner tried to suggest someone else for investigation right now mind, we don't need many to wanna investigate else where for you to just switch targets, after all you have previously said its for the best to not home in one player.
570 Hobohodo 06-02- 2015 04:25 PM ET (US)	I suppose the idea they are not notified is a possibility, say I sold a pitfall seed that blocks of there house possibly. I feel pulling this off is going to depend on whoever us three plus our partner are the only roles with direct animal crossing names or not. If some of the players are Crazy Redd, or the Able sisters or something then the idea that I am named won't seem so odd.

571 Ourobolus 06-02- 2015 04:47 PM ET (US)	You have to do something that doesn't notify, because if you claim you gave something to someone, no one would be able to corroborate your story. Except us, but that is not a good situation.
572 Ourobolus 06-02- 2015 04:48 PM ET (US)	Also, in animal crossing, don't they give out stuff and then make you repay it later? Like the house? You could spin it that way.
573 Ourobolus 06-02- 2015 04:49 PM ET (US)	Also if RNH is not our partner, I will eat my hat.
574 Hobohodo 06-02- 2015 04:52 PM ET (US)	Yeah it just never really occurred to me that we could say the action was silent. The house being paid off is Tom Nook's doing, hence he is often jokingly seen as the bad guy of the animal crossing game, so should probably stay away from that. On the topic of being a silent protector, it was only in the last day phase that you outd yourself as an investigator right fran? Realistically it makes sense the Mafia would go for you there if there wasn't a Mafia all ready in place. Can maybe use the lack of eviction in night 3 to our advantage there.
575 franconp 06-02- 2015 06:30 PM ET (US)	Yes, the last day.
576 Hobohodo 06-02- 2015 07:48 PM ET (US)	Alright, will keep that in mind. Now currently no one has followed up on the idea of who you investigate tonight so I don't feel like we should act in the thread that it's a given you investigate me. Perhaps if as the phase goes on it hasn't come up again, be it because they move on to wanting to investigate other players or simply no one worries about who you investigate you can just ask an open ended question about if a large enough group feels strongly about where you should investigate or if you should be left to make the decisions your self. Asking for a large group can be explained away by you wanting to avoid being swayed by one or two HHA and wanting a majority to agree. This way I feel like more people will be inclined to lean towards column A, a number of people have expressed interest in the amount of villagers there so I can see it being reasonable for you to just pick 1 of those at random to investigate. Also solves the 'problem' of the Mafia knowing who you will investigate.
577 ourobolus 06-02- 2015 10:04 PM ET (US)	In general, I'm impressed with you guys and the general lack of information we've been able to give the rest of the players. Kudos. :)

578 franconp 06-03-2015 08:47 AM ET (US)	I'm going to post something saying I don't want to investigate Hobo and instead investigate someone on the first column. I hope it give us a little time at least.
579 Ourobolus 06-03-2015 08:59 AM ET (US)	You already posted something to that effect, didn't you? Might be better to pose it as a question to the group.
580 franconp 06-03-2015 09:15 AM ET (US)	Yes but this time I'm giving an argument why I should do it. I hope it goes well.
581 Ourobolus 06-03-2015 09:18 AM ET (US)	Good luck!
582 Ourobolus 06-03-2015 09:53 AM ET (US)	So if Toma gets evicted today, who are you going to investigate? Haly? Ezekel? I don't think we can go about investigating RNH until either Hobo or I is on the chopping block.
583 Ourobolus 06-03-2015 09:56 AM ET (US)	Also, I know it's a bit premature since he hasn't voted yet, but I think we should consider Mazre as a potential target tonight for eviction.
584 franconp 06-03-2015 09:59 AM ET (US)	Haly would be a better target I think. We should find out why he didn't die last night. Why evict Mazre?
585 Ourobolus 06-03-2015 10:03 AM ET (US)	Mazre has always been one of the more vocal players, especially with his in-depth analysis of each player. He's been pretty quiet this day phase and hasn't really stepped on anyone's toes other than Toma. I don't think evicting him would raise any major flags. Are you saying investigate Haly, or evict Haly?
586 franconp	I'm Ok with both of them. We can evict or investigate him. I also think the same of KK.

06-03-2015 10:07 AM ET (US)	
587 Hobohodo 06-03-2015 10:10 AM ET (US)	If we are going to do anything to Haly I feel it should be an investigate, try to understand why it didn't work as opposed to just taking another stab.
588 Ourobolus 06-03-2015 10:11 AM ET (US)	I agree. Investigate: Haly Evict: Mazre Though again, this may change as the day goes on. Just my current thought.
589 franconp 06-03-2015 10:13 AM ET (US)	I think my post went well. I think it will buy us a phase or two at most.
590 Hobohodo 06-03-2015 10:26 AM ET (US)	Yeah should gain some time, good work! RNH is saying things that help us again, seriously if he isn't the secret partner...
591 Ourobolus 06-03-2015 10:41 AM ET (US)	Yeah, good job, fran. I don't think Hobo will last much longer, but I think we bought him a little bit of time.
592 Ourobolus 06-03-2015 11:00 AM ET (US)	Darryl is also on my list for eviction. I've just got a gut feeling about him. He has to have a special role, or else that top right corner is just villagers, a gossip, and Hobo.
593 franconp 06-03-2015 11:04 AM ET (US)	I'm Ok with evicting Darryl too. I wanted to evict him from the start. I think it will be a better eviction than Mazre as we already know what Mazre can do. If we are going for vocal players I'd prefer to evict Launchpad.
594 Ourobolus 06-03-2015	As much as I'd love to evict Launchpad, I don't know just yet. I think doing that would definitely throw suspicion on me.

11:05 AM ET (US)	
595 Hobohodo 06-03- 2015 12:13 PM ET (US)	There's also the fact that some info was apparently released in that chat, it's unlikely Razmos will invite me after his comments earlier today, and I am yet to receive an invite if does plan on it. I'd feel happier about Darryl than Mazre right now, but that is purely because I have more of a link to Mazre and I'd like to try and keep suspicion on me to a minimum. Also do we reckon it's to early to say there are no neutral roles that can kill? I imagine if there was one they would have activated either last night or will do tonight based of games I've played in the past.
596 Ourobolus 06-03- 2015 12:15 PM ET (US)	I have no idea regarding neutral roles. Maaaybe Ultron. Other than that, maybe either Haly or Darryl. But those are obviously shots in the dark. But the fact that there have been no other night kills leads me to believe that that's probably the case.
597 francomp 06-03- 2015 12:18 PM ET (US)	I also don't think there is a neutral killer.
598 Ourobolus 06-03- 2015 01:37 PM ET (US)	Ah crap, Toma roleclaimed. This could be bad for me.
599 francomp 06-03- 2015 01:39 PM ET (US)	I don't think so. Your role doesn't alert anyone that you used a night action. I find it weird that both light sleepers have RNH within their zones.
600 Ourobolus 06-03- 2015 01:40 PM ET (US)	No, I mean it could be bad in the sense that I know LMQ was going between me and Toma for eviction. If he claims Light Sleeper, they aren't going to want to evict him.
601 francomp 06-03- 2015 01:42 PM ET (US)	But you can say you are an ordinary villager. There's nothing to contradict that.
602 Ourobolus	I get that, but...it's a suspicious claim BECAUSE there's nothing to contradict it OR support it.

06-03-2015 01:42 PM ET (US)	
603 franconp 06-03-2015 01:46 PM ET (US)	I think there are several who are in a worst position.
604 Ourobolus 06-03-2015 01:51 PM ET (US)	Who? Salva?
605 franconp 06-03-2015 01:52 PM ET (US)	Salva, Foshy, Lunatic. Maybe Nin too.
606 Ourobolus 06-03-2015 01:55 PM ET (US)	I really hope someone calls him out on Night 1 and no one makes a connection between a silent mafia kill role...sigh.
607 franconp 06-03-2015 01:58 PM ET (US)	I think Kalor said something about he doesn't know when there's an action used on someone of his range. He only get's report when someone within is range use an action.
608 Ourobolus 06-03-2015 02:00 PM ET (US)	Ah yeah, that makes sense. Hopefully that clears me from doing any actions.
609 Ourobolus 06-03-2015 02:03 PM ET (US)	I wonder...can either of you guys maybe turn the attention towards Haly?
610 franconp 06-03-2015	I was thinking the same. I will try to bring that up.

02:03 PM ET (US)	
611 Ourobolus 06-03- 2015 02:05 PM ET (US)	Thanks. Hobo and I should probably lay low for a little bit. He's definitely under suspicion, and all it takes is for someone to mention silent actions to bring me back into the fold.
612 francomp 06-03- 2015 02:16 PM ET (US)	Kalor post is interesting. Maybe he CAN get info when there's an action used on someone within his range.
613 Ourobolus 06-03- 2015 02:17 PM ET (US)	Toma clarified. So it looks like they also notice activity performed ON those people as well. Damn. Now they're going to know about a silent killer.
614 Ourobolus 06-03- 2015 02:23 PM ET (US)	We'll have to take this into account when we investigate RNH.
615 francomp 06-03- 2015 02:25 PM ET (US)	Yes. Haven't thought of it but it could be troublesome.
616 francomp 06-03- 2015 02:27 PM ET (US)	And the silent killer is out.
617 Ourobolus 06-03- 2015 02:28 PM ET (US)	Ah shit.
618 francomp 06-03- 2015 02:30 PM ET (US)	I'm thinking I can investigate RNH the 5th night as that will be the night when Haly or KK should go out as a commuter. That should take care of Kalor's range. Regarding Toma report I can just say I investigated you and found out you are a ordinary villager. I think that will work.
619	Yeah, that should work. I just need to survive until then :P

Ourobolus 06-03-2015 02:31 PM ET (US)	
620 francomp 06-03-2015 02:32 PM ET (US)	And yes, there isn't a chance we can work something out with "Silent Destroyer" now.
621 Ourobolus 06-03-2015 02:33 PM ET (US)	I'm pretty sure there was never a chance with that, lol.
622 Ourobolus 06-03-2015 02:51 PM ET (US)	You might be able to point out that it's possible that there was a night action taken by someone in Kalor's range on Night 1, since your investigation was triggered Night 3. That would implicate Haly and KK.
623 Ourobolus 06-03-2015 03:52 PM ET (US)	RNH if you are our partner, that last comment is really not helping...
624 Ourobolus 06-03-2015 03:54 PM ET (US)	At this rate I'm going to have to point the finger at RNH.
625 francomp 06-03-2015 03:59 PM ET (US)	I don't think you should do that. He was just posting a weird theory. I still think he is our partner and just fucked up.
626 Hobohodo 06-03-2015 04:03 PM ET (US)	When I left to teach my Taekwondo class I was feeling good about this, I felt less in danger than this time yesterday and things were going well. Now I come back to this. I'm getting concerned about my lack of post this phase being picked up on, it's easily the least active I've been in th game. Thankfully Lunatic and Froshy are drawling the inactive attention right now,
627 Ourobolus 06-03-2015	I'm more concerned about his post about there being an HHA in each light sleeper area, not the ridiculous theory.

04:04 PM ET (US)	
628 Ourobolus 06-03- 2015 04:20 PM ET (US)	I know that we need to divert votes, but if you are town you WANT Kark to replace Luna with someone useful.
629 franconp 06-03- 2015 06:29 PM ET (US)	I'm in a class right now so I will be quick: WTF is happening in the star wars thread?????
630 Ourobolus 06-03- 2015 06:32 PM ET (US)	Something incredible
631 Ourobolus 06-03- 2015 07:34 PM ET (US)	I think I should put a vote forward for Darryl.
632 ourobolus 06-03- 2015 09:04 PM ET (US)	Hmm...hopefully that works.
633 Hobohodo 06-03- 2015 09:06 PM ET (US)	Yeah was a good post I thought, if we ever wanna put pressure on Salva we also have the fact that he is the only player in the top right who can't be invited to a chat, essentially the opposite of me.
634 franconp 06-03- 2015 09:36 PM ET (US)	I just got home and been reading a bit. The first thing: THE STAR WARS THREAD IS NUTS!!!!!!!!!! With that out of the way I really like your post Ouro, good job. I will unvote Lunatic but not cast a new vote yet. Also I will say I won't investigate Haly nor RNH this night phase so I don't affect the light sleepers investigations so we will need a new target to investigate. If we decide to evict Darryl I'm leaning to investigate EzekelRage. Or I can investigate Darryl and we evict someone else. Also I think we are OK, we aren't on the spot and there are doubts of various players.

635 Ourobolus 06-03- 2015 10:15 PM ET (US)	I can't imagine we get through this day unscathed. That said...I think I managed to at least instill some doubt for now. Hopefully it's Darryl or SalvaPot that gets the boot this phase.
636 Ourobolus 06-03- 2015 10:22 PM ET (US)	I may need one of you to counter LMQ's claim of someone being near a light sleeper (post 1355).
637 franconp 06-03- 2015 11:27 PM ET (US)	Let's wait. He is saying a lot of theories but so far he hasn't set on one of them. Also I have no idea how to counter that, it's very logical. Going to bed. If tomorrow it goes on will try to think on something.
638 Hobohodo 06-04- 2015 04:37 AM ET (US)	Ok I've been thinking about a counter to 1355, I've just woke up and I'm attempting to get my thoughts on this down in a non rambaly way. I will fail in that regard but here we go! So current line of thought is that activity can be detected either if a player within the range acts, or a player within that range is acted upon. Regardless of how many actions are performed however they just get one notification of activity. Now in the case of Tucah both of these conditions were met, yet due to ouro's silen action it nullified the noise on both ends. Now Mazee is saying that being stealthy on the square we act on gains no benefit, as come the morning we all see the wreck, and this is a good point and hard to argue, so I have to agree that in the case of us evicting stealth helps us hide where the action started from. Now lets assume for a second that I evicted Tucah. Now as obvious as it would be Toma would get notified of activity as a result of activity on Tucah's square. However he has no way to know if any other activity occoured in the area, the killer could come from anywhere on the map outside his range or detection, or within his range, but he has no way to be certain. Now in this example where I did the eviction, as long as no player around me was a light sleeper then no activity would be detected at my square. What I'm getting at is there is no reason the killer had to be in Toma's range. If the killer has a stealth ability we know it must nullify activity at the targets house due to Toma hearing nothing about Tucah. But it also has to nullify activity at the origin point for it to be any use to them. For this reason Tucah's killer could come from anywhere on the map.
639 Hobohodo 06-04- 2015 04:39 AM ET (US)	Darryl just chucking a random vote out there for Ouro is a bit odd as well.
640	Kingkitty back on to wanting to investigate me. It's only him right now though so I

Hobohodo 06-04- 2015 07:18 AM ET (US)	think we can manage to keep it off for this phase. If asked you can always say you have your list of however many and will use a RNG to pick one of them, a decent number of all ready agreed that you should t announce your target after all. I'm probably gonna end to post something soon, just to have done something. The request for everyone's time zones gives me an excuse to post but I should probably acknowledge one or two things that have been raised about me.
641 Hobohodo 06-04- 2015 08:04 AM ET (US)	Getting concerned that a bandwagon may start on me. Coming to the end of the day phases discussion seems to die down due to time zones and commitments, people just pop in and chuck one post out and that's it. Hopefully you guys can get on before the day ends and we can work out a long term plan, if I go out now then we lose a way for you to gain some trust fran, otherwise il just try and save my self somehow without throwing you guys under the bus.
642 ourobolus 06-04- 2015 08:12 AM ET (US)	Urgh. Shouldn't have drank last night. Oof. Anyway, Hobo should probably chime in at some point, since it seems like people are going to start voting for him. I think it might be prudent to wait a little bit to see if he starts getting a majority, but he'll probably have to say something since I think he hasn't actually said anything this day phase? Or at least it was a while ago. I'm not worried about Darryl's vote. He's flailing. I think we may be able to swing the vote towards Darryl or Salvapot, which will at least give Hobo one more day. Maybe two if we can get the other one evicted the next day phase. I think whomever we evict during the night needs to be out of the Light Sleeper area though, so we'll have to think about that.
643 Hobohodo 06-04- 2015 08:19 AM ET (US)	I checked last night when I posted last, my 3 days before a prod would be up in 10 hours I believe. So right now if we wanna flip it to Salva maybe I can post about how he is my opposite, I can get in to both chats in the top right, he can get in to none. It's a point that hasn't been discussed in the main thread yet and some people may see that as a bit strange. Another potential idea I had, the prods for Froshy and Lunatic have gone out late or not at all I think? Maybe we could lead people to think this is as they have been active, just not in the main thread. In other words they have been chatting in there HHA board. Hence Kark kinda forgot to send them a prod, this would however make Kark look like he is forgetting things which I don't really wanna do to him. It is also essentially what I have done so could be a dangerous play at this stage.
644 ourobolus 06-04- 2015 08:25 AM ET (US)	I would say something along the lines of: a) I know that my position is suspicious. Can't really argue that. b) I'm fine with fran investigating me, if he decides to do so. c) Everyone can lie in the private chats anyway, not sure what information I would be able to get even if I were HHA. Or something to that effect. I don't know if I'd deflect a vote onto another player at this point, because that could be suspicious as well. Sorry I'm not more help right now...let me get some food and caffeine in me and maybe I'll be better. :P
645	I don't like the second idea. The same could be said about you.

franconp 06-04- 2015 08:26 AM ET (US)	
646 ourobolus 06-04- 2015 08:28 AM ET (US)	...true.
647 franconp 06-04- 2015 08:30 AM ET (US)	I don't like A). I think Haly or KK are more suspicious than you. You can say you are fine with me investigating you, to which I will I won't do it this time as I don't want to mess with the light sleepers. I wouldn't say C) also. Thinking again, maybe you don't need to say anything.
648 Hobohodo 06-04- 2015 08:34 AM ET (US)	Yeah it's why I said it's something potentially dangerous. When I get taken out though (my optimism at lasting a few more days has dwindled xP) it's something for you guys to consider as you have been pretty active in those regards. I'll give it half an hour and see where they are all at. Gives us 3 hours to work with then and I won't have rushed in to defending my self. We also have the risky role claim of the shop we discussed before but I'd rather not try that unless it looks like there is no way I will make it through. HHA are in a far better position if I make it through the day without a role claim, leaving fran able to 'Investigste' me at some point versus me being alive but having role claimed, a chance to gain some trust is gone then.
649 franconp 06-04- 2015 08:35 AM ET (US)	What would happen if we evict Kalor this night phase? Would it make Haly and KK suspicious? They would be the most beneficial with his eviction.
650 ourobolus 06-04- 2015 08:41 AM ET (US)	I was thinking that yesterday, actually. It might be good, but it might also be seen as deflection from my area. I dunno.
651 Hobohodo 06-04- 2015 08:49 AM ET (US)	If we do take out Kalor it will make it easier to investigate RNH. I know that Toma would still detect the activity but it wouldn't be so immediately obvious that RNH could be who was investigated. Of course we could end up with them narrowing on to Ouro then.
652 ourobolus	Well if we investigate RNH we can always say fran investigated me. Then he can claim I'm a villager.

06-04-2015 08:52 AM ET (US)	
653 franconp 06-04-2015 08:53 AM ET (US)	The RNH investigation could be made the 5th night when we know the second commuter will affect Kalor report and I can say that I investigated Ouro and he is a ordinary villager. I'm thinking voting now for Salva as, if I'm right, the vote counts now are: Salva 3 votes Hobo 2 votes That will give us a little margin. Hobo you should wait a bit and vote for Salva as a way to save yourself.
654 Hobohodo 06-04-2015 08:55 AM ET (US)	True that's a good point regarding investigating RNH.
655 ourobolus 06-04-2015 08:57 AM ET (US)	I'm going to post that I could basically flip a coin between salva and darryl.
656 franconp 06-04-2015 09:07 AM ET (US)	I will put some thoughts here: I think I should say I investigated Hobo this night phase as I don't think you won't live long if you don't roleclaim. If you aren't evicted this day phase I don't think you will survive the next phase. That will make myself look better and I can say I investigated Ouro the next night phase when I investigate RNH. If we follow that route I think I should investigate Darryl this night phase and we evict Launchpad.
657 Hobohodo 06-04-2015 09:07 AM ET (US)	Almost certain that Salva will vote for me when he next comes on as well. Anyway thoughts on this post? So yeah, ever since Razmos came out as a Gossip I felt that at some point the fact I am a bridge would come up. The thing is, going off the content of Mazre's chat I feel like some of you have overstated the information that can actually be gained from them. There have been very few posts in Mazre's chat at night and even from those there is no real way to know if anyone is telling the truth. Maybe it has been a different situation over in Razmos' and Froshy's chats about how much discussion is going on? In any case I feel the main purpose of these chats is to give players something to do during the night phase. Could a mafia get in and learn some stuff? Absolutely, but I don't think that is the main purpose of them. Secondly in regards to the gossip network that exists in the top right I feel it is worth considering that whilst I am able to be invited in to both, Salva is surrounded by members of the network but is unable to actually get in to one himself. Could be nothing but I found it interesting.

658 ourobolus 06-04- 2015 09:09 AM ET (US)	I think the argument about the chat being "something to do" is flimsy at best.
659 Hobohodo 06-04- 2015 09:10 AM ET (US)	We have always known Launchpad is going to cause us issues when we take him out. However, as when I go your gonna get two evictions maybe take him out plus a player he has had a lot of agreement with? This could solve some of of our fallout if we can take out two big hitters at once, not to mention the blow it will be to town.
660 franconp 06-04- 2015 09:10 AM ET (US)	I think so too.
661 franconp 06-04- 2015 09:14 AM ET (US)	We could evict Darryl this turn and investigate EzekelRage or Nin1000. And if you are evicted the next day phase we could take out Haly and Launchpad as I investigate RNH and clean Ouro's name. It's important that we don't get you evicted today.
662 ourobolus 06-04- 2015 09:14 AM ET (US)	Launchpad is definitely on my hit list when you get taken out, if not before. Other targets are Mazre, Haly, and EzekelRAGE.
663 Hobohodo 06-04- 2015 09:17 AM ET (US)	I'll agree it's not great, but not really sure what else to try and pass off the chat as being. After all we know for a fact that at least two of our number are able to get invited to chat so the idea that it's there to flush us out has some element of truth to it. I can always just take the line out I suppose and not allude to the chats purpose one way or the other.
664 franconp 06-04- 2015 09:18 AM ET (US)	Fuck, I just realize we can't evict Haly that night phase as he may be out if he is the commuter. Maybe Mazre instead. Or we can't take out Haly this turn and Launchpad and Darryl the next one.
665 ourobolus 06-04- 2015 09:18 AM ET (US)	Maybe something about how it would make sense that you'd want someone trustworthy inbetween the two chats? I think it would make more sense that an HHA exists in the surrounding chats rather than inbetween. Otherwise sharing information at night gets tricky if there's an HHA in the middle?
666 Hobohodo	Not sure about the sharing information across the chats thing being an issue I can use. At this stage in the game the gossips are known so once the day phase roles around they would quickly work out if I was passing wrong info between the groups. Perhaps I play

of the idea that if a mafia is in the middle it is giving the side that all ready has more information the chance to gain even more information again which seems like an unlikely decision Kark would make? So I would edit the post to be along these lines:

Ever since Razmos came out as a Gossip I felt that at some point the fact I am a bridge would come up. The thing is, going off the content of Mazre's chat I feel like some of you have overstated the information that can actually be gained from them. There have been very few posts in Mazre's chat at night and even from those there is no real way to know if anyone is telling the truth. Maybe it has been a different situation over in Razmos' and Froshy's chats about how much discussion is going on? If information were flowing freely in these chats then letting a mafia get in to both would give them the opportunity to get a read on far more players. When the mafia are all ready more in the know than us, giving them even more chances to get some information seems unlikely.

Secondly in regards to the gossip network that exists in the top right I feel it is worth considering that whilst I am able to be invited in to both, Salva is surrounded by members of the network but is unable to actually get in to one himself. Could be nothing but I found it interesting.

On a slightly related note, I also have another class to teach in just over 2 hours time which won't end till 5 minutes before the deadline. Going to have plenty of other instructors there so I should be able to nip out here and there to check on updates, especially as we have been quiet recently. But I won't be as immediately available in those final hours.
