Mission - Night 1

1 Ourobolus ★ 07-28-2015 01:38 PM ET (US)	Moderator here: Ground rules for this chat: 1) This chat is strictly between players on the mission. Please do not share this link, nor copy/paste posts from here anywhere else. 2) Generally speaking: If you wouldn't do it in the public thread, don't do it here. Role claims and game speculation are allowed, but will not be confirmed by me here. If you have a question, it's probably better to PM me directly. 3) This forum will only stay open for this current night phase. Afterwards, no more posts will be allowed, but you may come back to look at the history.
2 palmer_v1 ★ 08-06-2015 05:37 PM ET (US)	Well that was a goddamn disaster.
3 palmer_v1 ★ 08-06-2015 05:38 PM ET (US)	I would suggest holding off on any soft or hard role claims for the time being.
4 Arkos 08-06-2015 05:40 PM ET (US)	"Come in" Phrasing? And I told you guys to look out for squid face!
5 palmer_v1 ★ 08-06-2015 05:43 PM ET (US)	Yeah, I'm not sure about Squidyj. If he's Mafia, I don't think he would go after someone that ferociously unless he was protecting someone else. Even that is dangerous, since it will come back on him hard if we find out cool or tiger are mafia at any point. If anyone has a way to check Tiger tonight, I think it needs to happen.
6 palmer_v1 ★	Also, I suggest hitting that Get Email button over there so you'll get notified of posts in here.

7 palmer_v1 ★ 08-06-2015 05:46 PM ET (US)	I'll check back in an hour or two.
8 Arkos 08-06-2015 05:46 PM ET (US)	Agreed on Tiger. And speaking of other people with votes, I was surprised to see Mazre had like none at the end. Need to go back and check. If squidyj is mafia, it could have started as a softer play that got out of hand (need to check on that one too). And then there's you, Mr "whatever you do lynch him immediately" Palmer /: (that is one eyebrow raised)
9 Mazre 08-06-2015 05:58 PM ET (US)	Just got in from work, took a short break at work and checked the thread around 15 til deadline and pretty much 'noped' on out seeing that there was all sorts of vote spam going on. Figured I was just as likely to accidentally force a tie as break one posting from a phone. May have very well been the worst case outcome but I think we can be pretty confident that nobody actually knew Visualante2 was a doctor, as a group we just got unlucky.
10 Mazre 08-06-2015 05:59 PM ET (US)	Also agreed with Palmer re: roll claims. The less said the better at this stage.
11 Mazre 08-06-2015 06:04 PM ET (US)	For the record, if I had cast a vote between V2 and GLT I probably would've cast it for V2 as well, though that's pretty much in a gut check need to break a tie context, I had nothing in particular against him.
12 palmer_v1 ★ 08-06-2015 06:06 PM ET (US)	@Arkos /m8 "And then there's you, Mr "whatever you do lynch him immediately" Palmer /: (that is one eyebrow raised)" What do you mean? Can you explain?
13 Arkos 08-06-2015 06:24 PM ET (US)	@Palmer From the Mafia OT: "Try and kill Palmer_v1 before anyone else does!"
14 palmer_v1 ★	Oh, okay. I thought it was something from the new game I had forgotten.

08-06-2015 06:28 PM ET (US)	
15 Mazre 08-06-2015 06:29 PM ET (US)	Meta Commentary: Interesting that Ouro went with actual characters for power roles. Decent chance that KGB power roles are set up similarly, meaning there a good chance we can expect a Boris (C'mon buddy), a Katia, a Barry (possible neutral serial killer instead?), maybe a Jagov (depending on when in the Archer continuity Ouro wanted to draw inspiration from). Possibly Rudy and Charles as soft aligned like the imperial agents in SW. Non-power roll KGB are always an option too to round out there numbers. All pure speculation and nothing I would build any kind of argument on (meta-theorizing is ultimately folly), but still something in the back of my mind.
16 palmer_v1 ★ 08-06-2015 08:03 PM ET (US)	So according to Ouro in the general mafia thread, Tiger is getting replaced. I hate to use that knowledge but it likely means he's just a normal townie. Considering he was the one I was most concerned about, it makes me reconsider what we can safely reveal. What do the other two of you think? I'm like 75% on Mazre being Town, and 70% on Arkos.
17 Arkos 08-06-2015 09:06 PM ET (US)	Forgive me but I don't follow why Tiger's being replaced makes you think it's likely he's town? I just went through Mazre's posts and I could nitpick but nothing really stood out to me. I will say that 4 of the votes for him disappeared by the end of the "day," and speaking of disappearing he very nicely avoided taking part in any of the chaos today today. As for Palmer, it will take me longer to read through his posts so I'll have to get back to you on that one. That did make me realize, however, that not only does a high post count just superficially look good, it also makes it much more difficult to do a thorough reading of one's past posts. I'll get back to you with a Palmer read as soon as I have time, either later tonight or some time tomorrow. RE: power roles - Katia and Barry would both be neutral correct? Or did they break up and Katia go back to Russia in the show, I do need to catch up on some Archer. I'll wiki the characters you mentioned. I'm personally glad that Ouro went with actual character roles :P
18 palmer_v1 ★ 08-06-2015 09:17 PM ET (US)	Generally someone with an interesting role will be more likely to stay engaged. Most replacements are likely to be ordinary drones.
19 Arkos 08-06-2015 10:13 PM ET (US)	Okay I got you, I wasn't going to assume that since a sudden illness could make it so that he couldn't stick around whether he wanted to or not.
20 Mazre 08-06-2015	Ouro did say it was due to illness, so it may not be that he didn't want to play as an ordinary drone. I'd say I'm leaning towards the both of you being town for the time being. Arkos is either town or putting on an impressive show, I'll stick with the simpler explanation

10:31 PM ET (US)	right now. palmer has played a town game to this point as much as anyone else. All three of us made a similar play in regards to volunteering. Kinda surprised to see that neither of you received any votes during day 1, though obviously that's not in your guys control. Votes Disappearing: This actually occurred over several days if you go back and follow the votes. I think I very briefly may have had 4 votes at one point but they started to peel off and I had only 2 going into the end of the 'day'. One of those peeled off at some point. You can also check my posts this past week, I think pretty much all of them are 5:30 PM EDT or later, just the way things lined up for the end of the phase. As I mentioned below I did take a break to see the state of things near the end of the phase but didn't want to inject more confusion into a chaotic situation by trying to participate from my phone.
21 palmer_v1 ★ 08-06-2015 11:11 PM ET (US)	So this is my first secret chat. What should we do with it mazre?
22 Ourobolus ★ 08-06-2015 11:31 PM ET (US)	I just want to say that I hate all you bastards for flip-flopping all day. Doing the vote tallies on mobile was pure hell. :P
23 palmer_v1 ★ 08-07-2015 08:13 AM ET (US)	We hate you too boss!
24 Ourobolus ★ 08-07-2015 09:24 AM ET (US)	Darryl will be replacing GLT.
25 palmer_v1 ★ 08-07-2015 09:29 AM ET (US)	Darryl!
26 Arkos 08-07-2015	Hey Ouro, since we're lynching staff maybe we'll aim higher next time! And welcome Darryl! Are you scum Darryl? It's okay you can tell us. I'm not really sure what to do either Palmer. Green Russians? I'm on the road for a bit

10:29 AM ET (US)	I'll be back at a computer this evening EST and I'll see if I can contribute anything. Question: did we remember to bring the choking machine with us?
27 Darryl 08-07- 2015 11:32 AM ET (US)	Hello fuckers
28 Darryl 08-07- 2015 11:33 AM ET (US)	I am town investigator
29 palmer_v1 ★ 08-07- 2015 11:42 AM ET (US)	Yo. I can't do anything but take this at face value for now. Which of us are you going to investigate then? We can confirm you're not lying after the next day starts, though obviously keep it quiet so nobody but us 4 knows. You shouldn't be a mafia target any time soon otherwise. Other 3 of us need to keep our roles secret for now. What type of investigator are you exactly?
30 Darryl 08-07- 2015 11:50 AM ET (US)	Well there's no point in telling you that much anyways.
31 palmer_v1 ★ 08-07- 2015 11:55 AM ET (US)	I disagree. You won't get a result until after this chat is closed, so what is your plan to let us know who you investigated, what they are, and in the case of a townie, have them confirm, without giving away that you're a cop in the main chat? If you trust this chat enough to claim cop, why wouldn't you trust us with the rest? Makes no sense to me.
32 Darryl 08-07- 2015 12:08 PM ET (US)	I still have some catch up work to do in the thread
33 Darryl 08-07- 2015 12:08 PM ET (US)	You guys were honestly all high on my mafia list
34 palmer_v1 ★ 08-07- 2015	Fair enough. I should be popping in and out of here all day. I'm in NA for timezones btw. If we were high on your list, why would you claim Cop? Trying to suicide to bait out a kill? Even if I was Mafia, I'm not stupid enough to take that bait.

12:09 PM ET (US)	Edited 08-07-2015 12:10 PM
35 Arkos 08-07-2015 03:55 PM ET (US)	Yeah that's a bold move just throwing that out there. Obviously I'm new to the mafia deal and apparently claiming roles early is a thing in GAFia, but still. Also not sure why you would claim if you think we're mafia. And to Palmer's point, based on how much the missions were talked about in the regular thread, I would think the mafia will be hesitant to kill anyone on missions at least for a minute. With Ante being wrongly lynched, that just gives me all the more reason to suspect that his lynch was an attempt to get heat off of GLT/Darryl. A role claim could be a good gambit to come out of the gate with in that situation. I mean, I'm sure at least some other people will be thinking like me, and a role claim makes us hesitant to lynch another power role (if you are Town cop, that is). Care to share what character your role was based off of? I would think that's allowed, if we're not sure we can ask Ouro. @ Palmer care to elaborate on your post #29 in here? Do we want to keep both the fact that Darryl claims investigator AND whatever role we may confirm to him quiet (I assume because if he is a cop we don't want mafia to know)? What if he's lying and just guesses one of us is town and is correct? What do you mean when you say he shouldn't be a mafia target any time soon otherwise? As I stated above, he could potentially be a town target at least, which the mafia could encourage if he is indeed town. And where the hell is Mazre.
36 Arkos 08-07-2015 03:55 PM ET (US)	Hey let's not edit in here as well Palmer, I don't want one more thing to be paranoid about lol
37 Ourobolus ★ 08-07-2015 04:04 PM ET (US)	You can't ask me that :P
38 palmer_v1 ★ 08-07-2015 04:11 PM ET (US)	Sorry, the edit was only adding more after his double post. Ill reply more in a few.
39 Darryl 08-07-2015 04:27 PM ET (US)	Lane Kane
40 Mazre	"And where the hell is Mazre."

08-07-2015 04:30 PM ET (US)	Paying my mortgage. Just got in, thoughts soon.
41 palmer_v1 ★ 08-07-2015 04:41 PM ET (US)	"@ Palmer care to elaborate on your post #29 in here? As I stated above, he could potentially be a town target at least, which the mafia could encourage if he is indeed town." We only need to keep things quiet if we believe him and/or can verify him. We need to have a code of some type worked out in case he really is the cop, so he can alert us in the main thread without blowing his cover. It can be as simple as his first post of a new day starting with an I if he found a townie, an L if he found a Mafia, and a C if he found a neutral. Then the last person he actually names in his post is the person he investigated. If we don't trust him and can't verify him, we basically post everything for the town to decide tomorrow. So far, I do not trust him.
42 Darryl 08-07-2015 04:54 PM ET (US)	If you guys out me as a town cop tomorrow you're stupid as fuck
43 palmer_v1 ★ 08-07-2015 04:57 PM ET (US)	Start acting a bit more rationally, and you shouldn't have to worry about it. Only one dipshit entered this thread, claimed a power role, and THEN said they were going to catch up on what has been going on, and oh btw, I think you're all scum.
44 Darryl 08-07-2015 04:58 PM ET (US)	This role is useless to me alone because I don't have a strong history of being able to persuade large groups of people. I needed a team. I took an impulse that you guys weren't actually mafia.
45 Ourobolus ★ 08-07-2015 04:59 PM ET (US)	Fight nice, children.
46 Darryl 08-07-2015	Also it was hilarious in a way that this game was just torn between evicting town cop and town doctor.

05:00 PM ET (US)	
47 palmer_v1 ★ 08-07- 2015 05:04 PM ET (US)	You're committed to it. If one of us is Mafia, you're likely dead within a few nights now anyway. As long as we don't give anything away in the main thread, it will at least help us figure out that Mafia is in here. To completely trust you though, it would be best if we could verify you. How much information do you receive when you investigate? I also just want to make sure you understand that power roles, as far as we know, have to be used within the mission if you're on it.
48 Mazre 08-07- 2015 05:41 PM ET (US)	Okay, first, welcome Darryl. Now, onto your roleclaim. If Darryl is telling the truth: Small group disclosure makes some sense, cop can't do much on their own, but doesn't want to be openly known. Unless all 3 of us are Mafia your night death for the next couple of nights would paint a potential target on one of us. May also be suspicious if certain players continue to target you (GLT) tomorrow. If Darryl is lying: a) May still be town, fishing for reactions or potentially a revenge role b) May be a KGB cop trying to establish trust c) May be regular KGB trying to manipulate us into a mistake (seems unlikely since you only really get one shot at this), even with some information from him we may not be able to immediately confirm/expose him
49 Mazre 08-07- 2015 05:54 PM ET (US)	What's everyone thinking about with regards to volunteering on day 2? Disregarding any group strategy, my inclination personally is just to volunteer again at day start and then make an informed decision on whether or not to relinquish the spot. Seems unlikely that we'll have a clearer consensus on how to decide volunteers tomorrow, I expect a lot of repeated arguments on Sunday evening.
50 Darryl 08-07- 2015 06:06 PM ET (US)	Yeah I got the bit about only being able to investigate one of you guys today. I wanted to investigate Razmos or Cooljeanius.
51 Mazre 08-07- 2015 06:07 PM ET (US)	@Palmer, re: Secret Chats: I think this chat has already been more active than my entire AC chat. Some important difference though. Chat is only 1 night, members are self-selecting, and the ancillary benefit(?) of isolation from the remainder of the players.
52 palmer_v1 ★ 08-07- 2015 06:17 PM ET (US)	I may blitz for volunteer again but im not certain. Im sure it would piss some people off. I'd still like to know what info Darryl gets before i go any further. Im willing to give him the benefit of the doubt.
53 Darryl	I'm gonna have a wink wink system for letting you guys know the results of any investigations. I'll either bold the name of whoever I'm revealing information on or put

08-07-2015 06:21 PM ET (US)	a emoticon at the end of the sentence where I'm trying to reveal something. I'm not gonna reveal this to any future groups. I doubt I'll be in any unless there's someone in particular I wanna investigate. Also you guys can suggest people to investigate somehow.
54 palmer_v1 ★ 08-07-2015 06:31 PM ET (US)	Still need info on what info you receive but that sounds alright otherwise
55 Darryl 08-07-2015 06:57 PM ET (US)	It just says results. I receive results.
56 palmer_v1 ★ 08-07-2015 07:00 PM ET (US)	Confirm what results with Ouro please. Do you get character name? Role name? Just town/mafia? Full role pm?
57 Darryl 08-07-2015 07:19 PM ET (US)	Sure I'll ask. You guys should all reapply for night mission if you think you can escape attention for it. If I catch mafia in am investigation I'm gonna be really subtle at first but if I'm winking it should be obvious that I'm certain they're kgb. Then just help me snowball so that the heat won't be all on me. I'm inclined to think that with my typical low post rate I won't be an immediate eviction target. If you guys stay on night missions it'll be hard for them to get you.
58 palmer_v1 ★ 08-07-2015 07:47 PM ET (US)	You should be safe cause the general assumption is replacements are generic boring roles.
59 Darryl 08-07-2015 11:27 PM ET (US)	I get alignment
60 palmer_v1 ★ 08-07-2015 11:50 PM ET (US)	K

61 Darryl 08-08- 2015 12:56 AM ET (US)	1. 14 players voting against 2 innocents (because i'm town you fuckers) A) Mafia knew these two candidates were innocent B) Mafia flaked out of the snowball or likely ignored it in order to avoid implication due to pre-existing knowledge of town-status on both candidates -Hobohodo -Zubz**** -Palmer 2. Snowflake voters EzekelRage Mike_Hawk689 Arkos Zubz (when did he snowflake? why?) cooljeanius (when did this vote on Ezekel start? did he remain on an expired train so he wouldn't be in the pool of blood?) Mazre Razmos Enker 3. Ruling out suspicious players in current group -Palmer jumped out of a snowball onto an even more implicating snowball. Not mafia. -Mazre - Nothing, but is at least acting how I'd expect him to. -Arkos ran a horrible argument on Squidyj. Almost too bad of an argument to be mafia. 4. Quick reads from reading a few pages while I was trying to clear the group: Zubz #1079 #1074 - Pre-existing knowledge against two town makes these tie-comments suspicious, snowflaked back onto easy target Squidyj. Trying to bow out of being implicated. Razmos - Posts feel inconsistent. An attempt to be active for once? Is he stepping out of his comfort zone as mafia? Cooljeanius - Just feels like mafia. Roytheone - #722 "Does anyone else think this is weird?" No fucking Roy, no one thinks it's weird. Scummy crowd appeal attempt.
62 Arkos 08-08- 2015 12:17 PM ET (US)	Sorry I've been busy the past day or so, came up to visit my mom and I'm juggling all that with job search. I'll do my best to devote some time this evening to providing reads on the players that are being discussed in here. As for the mission / volunteering talk (I'll try to make this easier to read by splitting it up): I was absolutely not expecting this mission to be so secretive. It seemed to me that the most town thing to do would be to make the mission chat as transparent as possible. The talk about blitzing the volunteer list again tomorrow is throwing me off as well, because I'm sure that would make people unhappy, and probably just make it seem like we were plotting something in here. But then again maybe 4 different people would do the exact same thing (be secretive) and our group knowledge would start to be fragmented (which is why I assumed we would be making it transparent in the first place).

@Palmer 58 still don't know if it's safe to assume that Darryl will automatically be safe, since GLT supposedly had to leave due to illness

@Darryl 33 "You guys were honestly all high on my mafia list"

@Darryl 44 "I took an impulse that you guys weren't actually mafia."

Meh that's kind of weird. Also, if Darryl were scum, making us think that we had such a horrible choice on D1 would be a good strategy to sow mistrust. Not assuming he is, just thinking out loud. Also:

@Darryl 57 "You guys should all reapply for night mission if you think you can escape attention for it. If I catch mafia in an investigation I'm gonna be really subtle at first but if I'm winking it should be obvious that I'm certain they're kgb. Then just help me snowball so that the heat won't be all on me. I'm inclined to think that with my typical low post rate I won't be an immediate eviction target. If you guys stay on night missions it'll be hard for them to get you."

Don't fully understand this. 1) We definitely won't escape attention for it. 2) If we stay on night missions it'll be hard for who to get us how?

@Mazre 48 "c) May be regular KGB trying to manipulate us into a mistake (seems unlikely since you only really get one shot at this)"

This is a good point. I would probably rule out trying to manipulate us into a mistake because even if it works then we'll come right back at Darryl.

@Mazre 48 "b) May be a KGB cop trying to establish trust"

If this were the case he could do a good job of stringing us along with non-information and (lucky) guesses on ordinary drones to cover up real targets of investigation. Not a suspicion just clarification and something I'll keep in mind.

If we are going with a wink wink system, it needs to be explicitly spelled out so we can be efficient about it and so that we can try to have two-way communication and not just receive info from Darryl.

@Darryl 61 the Zubz point is a good one. If he voted GLT to break the initial tie, why then vote Ante to break the next tie? Weird.

I think that's all I got for now. Like I said, I'll try to come back tonight and do some "reading." What are the rest of you thinking.

Darryl 08-08-2015 04:18 PM ET (US)	me?
64 Darryl 08-08-2015 05:19 PM ET (US)	@Don't fully understand this. 1) We definitely won't escape attention for it. 2) If we stay on night missions it'll be hard for who to get us how? 1. Well I guess that just depends on how confident you are. That's why I'm putting it on you. I don't know how much you believe in yourself. 2. Mafia? I assume if we are all town, we are all safe here. Since my power doesn't work outside of this room, I imagine evictions work if someone is inside of this room only.
65 Darryl 08-09-2015 05:27 AM ET (US)	Anyways, since I'm probably gonna not be here till day starts because i'm asleep. Last things to say. 1. I'm claiming because the value of an investigator with an extended group that can post all findings is incredibly valuable. I last 5 days, relay 5 align reads before people (including you guys) get suspicious and axe me. My role is revealed. You guys translate the reads I made back to town. We now have known town. The value of that far outweighs any value that I have as an individual. I will unlikely sway voters during the early game as it is, so this is better than a spontaneous midgame role reveal. 2. After each night, I'll comment on whoever I picked as my target and either bold something randomly or use an emoticon. Probably the first or second post of the day. If you want to suggest a target, bold something I suppose. But I will probably pick them myself because I wanna have fun too!!
66 Darryl 08-09-2015 05:29 AM ET (US)	I'll bold or smiley and say something like "Hasn't posted much that has thrown me off" - Town "Acting kinda scummy" - Mafia Obviously I'll use more tact than that
67 Arkos 08-09-2015 11:41 AM ET (US)	Okay. We'll see how this goes. Does anybody have any final plans on whether they're going to jump on the next mission or not?
68 Arkos 08-09-2015 11:42 AM ET (US)	I'm inclined not too just because I know people will get pissed
69 Arkos	Also, sorry for the triple post, does anybody have any comments on my initial thought to make the mission chat as transparent as possible? If we don't, what are you planning

08-09-2015 11:50 AM ET (US)	to say we did in here?
70 palmer_v1 ★ 08-09-2015 12:18 PM ET (US)	Just imply that we didn't fully trust each other, so we didnt reveal anything other than who we thought was suspicious.
71 palmer_v1 ★ 08-09-2015 12:20 PM ET (US)	If you plan to investigate me, darryl, this is the night to do it in semi-safety. I will be watched by more people once i am in the larger group.
72 Mazre 08-09-2015 01:19 PM ET (US)	I'll probably try to grab a spot in the mission group again, if for no other reason than so I have the option of using it or not.
73 Ourobolus ★ 08-09-2015 02:10 PM ET (US)	All, I will be closing this chat at 4:30PM EDT so I can get everything prepped for 5:00. Edited 08-09-2015 02:10 PM
