1 Ourobolus★ 07-28-2015 01:40 PM ET (US)	Happy hunting, KGB! I'll be monitoring this thread, so I'll try to answer questions you may have here, but please PM me as well if necessary.
2 Razmos 07-29-2015 12:08 PM ET (US)	Hullo Comrades. Me Boris, meet you nice.
3 QuantumBro★ 07-29-2015 12:21 PM ET (US)	So much for the Gambler's Fallacy, lol.
4 QuantumBro★ 07-29-2015 12:24 PM ET (US)	My role is Katya Kazanova and I have the magical power of blocking any person during the night. As a bonus, if the person I bought ends up being Sterling Archer, they die as well.
5 QuantumBro★ 07-29-2015 12:24 PM ET (US)	Any other special KGB roles out there?
6 Razmos 07-29-2015 12:26 PM ET (US)	Boris has no power, only big Russian fists.
7 Razmos 07-29-2015 12:31 PM ET (US)	I'm guessing the other 2 KGB are Nikolai and Barry.
8 QuantumBro★ 07-29-2015 12:34 PM ET (US)	Definitely Nikolai, Barry could be a third party though.
9 QuantumBro★ 07-29-2015 12:42 PM ET (US)	Any idea of what role you want to claim?
10 haly★ 07-29-2015 12:46 PM ET (US)	I didn't realize we were allowed to pre strategize. Anyway I'm Nikolai and I can invert alignments. Going to be super useful. A really crazy part of me wants to press one of you guys on day 1 but I feel

<p>11 Ourobolus 07-29-2015 12:46 PM ET (US)</p>	<p>/m7</p> <p>Ding ding ding</p> <p>I'll let them talk about it though.</p>
<p>12 haly★ 07-29-2015 12:47 PM ET (US)</p>	<p>Oh and, my power obviously implies an alignment cop/detector, and I also think there isn't a role cop because the names are all dead giveaways.</p>
<p>13 Ourobolus★ 07-29-2015 12:50 PM ET (US)</p>	<p>I really hope you guys have fun with this. If only for poor Razmos's sake.</p>
<p>14 Mike_Hawk689 07-29-2015 12:57 PM ET (US)</p>	<p>And I'm Barry :D,Cyborg silent walking undetectable killing machine</p>
<p>15 QuantumBro★ 07-29-2015 12:59 PM ET (US)</p>	<p>Ooh, inverting alignments. Are those permanent, or do they only mess with the cop/detector?</p>
<p>16 QuantumBro★ 07-29-2015 01:02 PM ET (US)</p>	<p>Any special powers Mike?</p>
<p>17 haly★ 07-29-2015 01:02 PM ET (US)</p>	<p>So... we're talking about:</p> <ol style="list-style-type: none"> 1) A cop 2) A motion detector/follower/watcher/voyeur <p>It's temporary QB. Basically I either use it on myself to keep suspicion off or use it on someone who I think is being targeted by the cop.</p> <p>The obvious day one strategy is for one of you to pull a Darryl and then I flip you. It might be too much of a broadcast though.</p> <p>Edited 07-29-2015 01:05 PM</p>
<p>18 QuantumBro★ 07-29-2015 01:10 PM ET (US)</p>	<p>I was thinking the best day 1 strategy was to go for a no lynch. What's a Darryl?</p>
<p>19 Razmos 07-29-2015 01:14 PM ET (US)</p>	<p>I like that idea Haly, basically someone make themselves look really suspicious, then flip their alignment so if they are investigated they look like town. Is that right?</p> <p>Edited 07-29-2015 01:14 PM</p>
<p>20 haly★ 07-29-2015</p>	<p>Darryl was really antagonistic in the AC game. He basically alienated everyone and, strangely enough, this freed him from suspicion because everyone thought there was no way Mafia could be that brazen. He was also</p>

01:23 PM ET (US)	<p>a traitor that had to be investigated/targeted to be turned and so his antagonism had the double effect of making him more likely to be investigated.</p> <p>Of course it helped him that the Role Cop in our game was also Mafia aligned.</p> <p>And yes Razmos, that's what I had in mind. The problem is if the cop is an experienced player like Burbeting, he can probably see through the bluff and you'll stay in his sights. I think it might be better if we just laid low on Day 1 and suss out everyone's personalities first before employing any gambits.</p>
21 Razmos 07-29-2015 01:36 PM ET (US)	<p>I think my strategy is to try and be as much like I was in the last game. I was honest from the very beginning and survived for (nearly) the entire game. There was pretty much never any suspicion that I was Mafia, I was a confirmed town throughout.</p> <p>That might work in my favour here, because it's the only knowledge of me they have to go off.</p>
22 haly★ 07-29-2015 01:53 PM ET (US)	<p>I was in a similar situation to Razmos although I'll try to be more active this time around.</p> <p>QuantumBro, I missed the SW game what history did you have that we should be aware of?</p>
23 QuantumBro★ 07-29-2015 02:08 PM ET (US)	<p>In both games I have had town roles, was usually pretty open about what role I had, and have always made accusations against people then ended up not being mafia.</p> <p>Right now, I'm thinking of claiming to be a sleepwalker if I'm pressed and not make any accusations since, "they hurt the town in the last games, so I'll keep them to myself for now."</p>
24 haly★ 07-29-2015 02:18 PM ET (US)	<p>By the way it goes without saying but we should try to find out what the "Town" role is called, unless I missed it somewhere.</p> <p>Edited 07-29-2015 02:18 PM</p>
25 QuantumBro★ 07-29-2015 02:22 PM ET (US)	<p>I'd have to imagine it would be something along the lines of ISIS agent.</p>
26 Mike_Hawk689 07-29-2015 10:34 PM ET (US)	<p>My specials powers are that i can't be detecetd while performing actions, hence silent killing cyborg</p>
27 Mike_Hawk689 07-29-2015 10:39 PM ET (US)	<p>Got any other strategies for me? Pretty new at playing online mafia</p>
28 haly★ 07-30-2015 01:10 AM ET (US)	<p>At its most basic, what you're trying to do is pretend you're Town, while still working towards Mafia goals. This means you join in discussion, point fingers, reference posts as evidence, "try" to figure out who's Mafia.</p> <p>As for what our goals are, they include:</p>

1) Making things more confusing for the town. This could be a lot of things, like accusing others (and therefore widening the suspect pool), creating and promoting disagreements, making a lot of noise like useless jokes and side discussion that distract them from actually figuring us out, and sometimes just being silent when there's a lull in activity (silence is the Town killer).

2) Figuring out who are the town Power Roles so we can kill them. One of the best ways is to threaten to lynch someone in order to make them claim their role or just break their spirit so they start behaving erratically (and thus suspiciously).

3) Keeping the heat off of everyone here. Generally, you don't want to overtly say "Well I don't think Haly, Razmos, and QuantumBro are suspicious because of reasons". That just creates a link between all of us the better players can use to suss us out. However, when you do see one of us is at risk, you should throw your vote against someone else, as long as there's an argument against them. This is what I mean by "pretend to be Town". You should be building convincing arguments against Townies even though you know they aren't Mafia so that you can bring them up in discussion and look pro-Town. Similarly, you can defend a Townie from time to time (convincingly) so that if they do get killed, by town or by us, you can go "I told you guys Townie A was a good guy!".

This is a lot to take in, I know, so don't worry about getting it all immediately. This is only my second game of Mafia anyway. As a new player, you have the advantage of getting the benefit of the doubt if you can convince people you're overwhelmed by the complexity of the game. Crab told me that for Mafia, it's important to pick a persona and stick with it, and the best persona to choose is simply yourself. Imagine what you would do if you didn't have access to all our information and you'll get an idea of how you "should" behave.

I believe it's best if you just start by keeping quiet and observing and asking a question from time to time. In fact, I kind of wish I didn't write all this up so you can play the newbie authentically but I figure it's best in the long run if you know what you're getting into.

If you want to read about the theory http://wiki.mafiascum.net/index.php?title=Newbie_Guide has some good articles on it although it's not very structured.

By the way, anyone got some thoughts on the Mission mechanic?

What makes this mechanic a real problem is that by killing someone either on the mission or off it, we make it obvious which group of players has at least one Mafia. Over the course of several of these killings, it'll become extremely obvious who are the common denominators.

I'm thinking we should refrain from killing anyone in the mission in the earlier days. But if I was a Cop, I would volunteer, both to protect myself (killing in the mission is a huge risk for us) and also to investigate people who volunteer, who may be trying to pick him off. So, we give up our chance to kill the Cop in exchange for avoiding the deathtrap of Missions.

	<p>My Day 1 play might be to volunteer and then flip my own alignment. I also think we can figure out who's a power role by how often they volunteer. Basically, volunteering is protection.</p> <p>Oh, I'll also need a role claim in case someone catches me targeting myself. Edited 07-30-2015 01:28 AM</p>
<p>30 Mike_Hawk689 07-30-2015 06:06 AM ET (US)</p>	<p>How does the volunteering work? And how do we get picked to go to a mission and do we continue doing missions until one dies and gets replaced?</p>
<p>31 Ourobolus★ 07-30-2015 06:19 AM ET (US)</p>	<p>The first four people to volunteer (or less) go on the mission. If they change their mind , they can unvolunteer, but they lose their place in the queue.</p> <p>Each night will have a different mission with (potentially) different volunteers.</p>
<p>32 Mike_Hawk689 07-30-2015 06:20 AM ET (US)</p>	<p>Does finishing a mission alive give any rewards?</p>

<p>34 Ourobolus★ 07-30-2015 06:26 AM ET (US)</p>	<p>To clarify; the mission is just a way to segregate players and allow them to chat at night. Take that as you will.</p>
<p>35 Ourobolus★ 07-30-2015 08:59 AM ET (US)</p>	<p>/m24 I'll post that in the thread when the game starts. Check post 2. But for now I can tell you it is Ordinary Drone. Edited 07-30-2015 09:05 AM</p>
<p>36 QuantumBro★ 07-30-2015 11:54 AM ET (US)</p>	<p>Ah, I understand how missions work now. I like Haly's idea of him tagging along for the first mission, just gotta make sure you're quick to sign up. As for a role claim, you could try being an armorer.</p> <p>Mike should definitely carry out all of the kills since he can do them silently.</p> <p>Ourobolus, is the blocking message someone would receive generic, or will they know it was done by someone on the KGB team?</p>

<p>38 Ourobolus★ 07-30-2015 12:11 PM ET (US)</p>	<p>Actually, to clarify, they won't receive any notification if they are blocked. But if there's a reason they have to be notified, they will get "No Result."</p>
<p>39 QuantumBro★ 07-30-2015 12:58 PM ET (US)</p>	<p>Awesome! In that case I'm going to switch up my role claim, now I'll claim to have the power to target any person during the night and if they're aligned with the KGB, I have a 50-50 chance of killing them or dying. <p>43 Ourobolus★ 07-30-2015 01:21 PM ET (US)</p>	<p>Made them up just for you guys. The point is that because of the nature of using named characters, you guys are at a disadvantage by not knowing who is available/unavailable in the pool of characters.</p>
<p>44 QuantumBro★ 07-30-2015 01:36 PM ET (US)</p>	<p>Yeah that's why I tried to stick to 1 off characters when with my fake role. Unless you're trying to hint that Rip Riley is already taken.</p>

<p>49 Ourobolus★ 08-02-2015 04:29 PM ET (US)</p>	<p>Nah, go ahead. It's been that way for the past games. I'm fine with it being like that.</p>
<p>50 haly★ 08-02-2015 04:40 PM ET (US)</p>	<p>These are the common informative roles.</p> <p>Cop learns what a player's alignment is. Role Cop learns what a player's role is. Tracker learns who a player targeted, but not what action that player performed.</p>

Watcher learns who targeted a player, but not what actions were performed on them.

Follower learns what action a player performed, but not who that player targeted.

Voyeur learns what actions were performed on a player, but not who targeted them.

Motion Detector learns if any actions were performed by or on a player, but not what they were, or who else was involved.

Because of my ability, we know there's at least a Cop or something that detects alignment. We also know there's no Role Cop because of what our roles are called. Bluffing out of them is almost impossible.

I am confident that there is no Follower, because of the nature of my ability, which makes it a dead giveaway.

That leaves:

Tracker (learn who the target targeted with his action)

Watcher (learn who targeted the target with an action)

Voyeur (learn what action was performed on the target)

Motion Detector (learn if the target performed an action or was targeted)

I wanted to target myself most of the time, but only the Motion Detector will let that slide. I don't think Ouro included a Motion Detector in this game,

The Tracker, especially, will mess with the "fake role" Ron Cadillac, The Used Car Dealer that Ouro provided. Does this mean there's no Tracker? I wouldn't want to risk it. Either way, both the Tracker and the Watcher put me at risk. If they see me targeting myself, I have to claim a protective role like Doctor. I'd like to avoid this if possible because that is one of the worst things you can claim.

A Voyeur is more manageable. It'll look like someone wants to get me out, as long as I don't remain consistent in targeting myself.

So, I need a role that:

- 1) Targets a single player at a time
- 2) Has a reason to target themselves (unless I want to give up targeting myself which I don't)
- 3) Isn't a Doctor

I'm drawing a blank here guys.

Also I want to kill squidj Night 1 but after his callout of... 3/4th of our team (jesus-fucking-christ) I'm not sure that's advisable. We'll risk getting our names out there unless we can play it off. The players to watch out for are Burbeting and Visualante, who are experienced at this game, and squidj's playstyle is also very dangerous for us (he forces everyone in his sights to be active).

In my ideal world, burbeting overcommits to his experience and leads a vote on squidj today because of his drastically more pro-town appearance than everyone else's.

	Edited 08-02-2015 04:41 PM
51 haly★ 08-02-2015 04:58 PM ET (US)	Or, you know. It would actually make sense to target myself repeatedly. Anyone can plainly see that the only role that wants to do so is a Doctor, and no one wants to reveal the Doctor ahead of time. This will hinge on our Followers/Watchers having a certain level of game awareness, however.
52 Mike_Hawk689 08-02-2015 04:58 PM ET (US)	squidyj is gonna be gloating once he finds out his list is almost perfect.. Killing him would be nice, but like Haly said I wouldn't go for him on N1. Given there are some experience players, should they be the ones to be booted off first for N1? imo, i would choose an experience player that has been pushing for someone really hard (that's not one of us, to throw the scent away)
53 Mike_Hawk689 08-02-2015 05:00 PM ET (US)	Haly: use your power on yourself in missions, odds are the tracker/watcher will rather stay out of the missions to get more choices to inspect.
54 haly★ 08-02-2015 05:08 PM ET (US)	From my perspective, I would join the volunteer group as a Tracker/Watcher because there's less of a chance of being killed... But I'd flip my alignment on a mission anyway so the end result is the same.
55 Razmos 08-02-2015 05:27 PM ET (US)	"you think we only have 4 with 23 players?" laughingatyou.gif The game has only just started and I'm already enjoying being on this side of it, hehe Edited 08-02-2015 05:29 PM
56 haly★ 08-02-2015 05:51 PM ET (US)	As long as squidyj isn't on any of our asses (the list doesn't count), we can afford to let him live. But it's precisely because of this that we need to kill him ASAP. It's too late to do so when he's bothering any of us like he is now for roy. Our options Night 1 will be, in no particular order: 1) Killing squidyj: Might implicate us, might implicate roy. moderate risk, high reward 2) Killing one of the experienced players Visualante and burbeting: Doesn't sit well with me, I was looking forward to seeing them work as a learning experience . low risk, high reward 3) Killing cabbeh: "as I was printing out the latest numbers on exotic locations to 'spy' on". low risk, moderate reward 4) Killing mazre: This might implicate squidyj on D2. low risk, moderate reward 5) Killing someone middle of the road: We can and should choose randomly if we do so, low risk, low reward I gotta say, I really don't want to be the one to decide who has to leave the game so soon but it's us or them. And, of course, we assign all kills to Mike_Hawk689 as long as he's alive since he's the best killer. Edited 08-02-2015 05:56 PM
57 haly★	Oh I should point this out too:

08-02-2015 06:28 PM ET (US)	"-1. In the event one of the players is assassinated during the day phase, they will be replaced by the next player in line for the mission." So we have someone with a day kill.
58 haly★ 08-02-2015 06:34 PM ET (US)	And that a few of the town have Twilight roles. It's hard to tell what's going on there until one of us volunteers and goes through the process (I will try to do this next time), but, just as an example, I think someone can pull someone else off a mission during this phase.
59 Ourobolus★ 08-02-2015 06:35 PM ET (US)	Assassination = kill = lynch. Think of it as the "evict" for this game. A day kill was not implied. Edited 08-02-2015 06:58 PM
60 Mike_Hawk689 08-02-2015 07:05 PM ET (US)	I think we should not evict any of the first 5-6 people who volunteered to let them continue thinking that one of them must be mafia. And we should kill the ones who accused them.
61 haly★ 08-02-2015 07:38 PM ET (US)	That's a good idea. We'll have the opportunity to go over the targets during night once we know who's volunteering for sure. By the way Mike you should post and say hi and be a little confused. Remember what I said about activity.

73 haly★ 08-03-2015 11:17 AM ET (US)	Ouro, are you allowed to tell us if the town power roles were also given names with which to claim? I don't want to be called out on flipping the flavor name of my claim, which is what I'm planning.
74 Ourobolus 08-03-2015 11:20 AM ET (US)	I can't tell you that specifically, sorry. What I can tell you is that those fake power roles I gave you do not exist in any fashion on the Town side. Edited 08-03-2015 11:21 AM

77 haly★ 08-03-2015 11:37 AM ET (US)	I want to use either Woodhouse and Ron. The problem is their results are not falsifiable in any way, so I can use the names, but I need to come up with a new effect. This is my current plan: ----- Fakeclaim 1: Woodhouse - The Valet DEAL: <player> to block them for the night, targets yourself if no one else is targeted. Counters: General Pressure You are Woodhouse - The Valet. You are aligned with ISIS.
	Addiction is difficult to overcome. It's so easy to just slip into that heroin-induced coma to get away from the stress of life; Sterling's relentless abuse of your good nature certainly doesn't help. And he was such a nice boy once.

At night, you may PM me the command DEAL: <player> to block them from taking any actions. However, if you don't deal to any other player, then you shoot up by yourself, and this will trigger roles that look for activity and targeting in the night.

This role isn't perfect. Namely, the second self-targeting clause, while flavorful, is bound to set off alarms for our more experienced players (and when it does, one of you should point this out along with whoever first calls me out, likely squidj or burbeting). Once that happens, this is my second claim.

Fakeclaim 2: Nikolai Jakov, the KGB Defector
COVER: <player>, but dies when covering KGB
Counters: Tracker, Watcher, Heightened Pressure

You are Nikolai Jakov, the KGB Defector.

You are aligned with ISIS (technically).

At one point, you realized that all you wanted was to get close to your (supposed) son, Sterling Archer. Even in your exile, you have a vast information network with which you can use to protect him and his fellow agents, hopefully redeeming yourself in Malory's eyes in the process.

At night, you may PM me the command COVER: <player> to protect them from being assassinated. However, if you cover a KGB agent, they will find where you're hiding and kill you.

The second one is more complicated but from Mafiascum's wiki, it seems the best way to use this (look up Weak Doctor) is like a pseudo-Cop, using it aggressively to confirm innocent targets. Of course, I will be making a list of people to confirm, seeing as how we already know who's KGB and who isn't. This is basically what franconp did in the AC games, except he actually had Role Cop. I will be choosing weak players when I'm not trying to frame the strong players and I welcome on input on this front. I will also be protecting myself the first two nights just to prevent the possibility of an early exposure by investigation.

If any of you watch Archer, correct me on any flavor mishaps. It's against the rules, technically, to put my "role PM" in the thread verbatim, but that doesn't mean I don't need to get in character.

Wow those are some nice roles and texts!!
If you want to make it more legit, we can take a hugeeeeeeeeee risk by making you look like a prime suspect for death during a night, but not killing anyone for you to confirm that you blocked yourself. Kind of a big stretch, wouldn't recommend it though haha.

<p>79 QuantumBro★ 08-03-2015 12:25 PM ET (US)</p>	<p>About to type up a bigger post, but just want to say beforehand not to make a big deal of me accusing you two in the thread.</p>
<p>80 haly★ 08-03-2015 12:35 PM ET (US)</p>	<p>Yeah I know the drill Quantum. I actually see it as good cover because we're on a lot of lists together.</p> <p>And I thought of that Mike but it might be going in too hard on the fake when we don't even need to do it yet. It's in the back of my mind though. We'd have to be very desperate to employ this gambit, which I consider stage 3 of my bluff.</p> <p>Stage 1) Claim Blocker Stage 2) Claim Weak Doctor Stage 3) "Fabricate" Kill Block</p>
<p>81 QuantumBro★ 08-03-2015 12:52 PM ET (US)</p>	<p>So yeah, squidyj is probably our biggest threat right now, but we should wait a few days before doing anything about it.</p> <p>Right now I think our best bet is to go after a more experienced person during the night. I'd recommend El Topo or Hobohodo.</p> <p>haly, you're role writeups are good. I think the second fakeclaim is the better one.</p> <p>I'd also like to point out the the Ron fakeclaim is a pretty good one. I had that type of role in the very first game and you can get away with having a minimal effect on the game since the only people who will know for sure if someone was switched was the Mafia. It could also work for haly since if you get caught targeting yourself, you can just claim you just switched yourself with someone else.</p> <p>I'm going to claim a weak cop if I'm found out, any ideas on who to block tonight?</p>
<p>82 haly★ 08-03-2015 01:10 PM ET (US)</p>	<p>It won't work if the tracker sees I targeted only one person when I'm supposed to have targeted two. Also the switcher got brought up in one of the other games and, understandably, people didn't trust it, because it can be very anti-town even in the hands of someone pro-town because it's difficult to use.</p>
<p>83 haly★ 08-03-2015 01:13 PM ET (US)</p>	<p>These are the "tells" I've collected so far:</p> <p>cabbeh "as I was printing out the latest numbers on exotic locations to 'spy' on"</p> <p>YesNOoNOYes "likens because mother doesn't like him"</p> <p>Zubz "I mean, maybe they were in the dossier, but who reads those?"</p> <p>Zubz is experienced and roleplaying, it's a longshot with him. YesNo is less experienced and also roleplaying so she has a higher chance of trying to have fun with a named role, would be pretty much perfect if she was Sterling.</p>

	<p>Cabbeh is completely new and my argument for blocking him is the same for blocking YesNo. Edited 08-03-2015 01:14 PM</p>
<p>84 QuantumBro★ 08-03-2015 01:30 PM ET (US)</p>	<p>Ah, forgot about a possible tracker. Still would work for mike or razmoz if they still needed one. The list of blockees look good, I'll keep an eye on them.</p> <p>I also might have come up with a way to squidyj look very suspicious, but it's risky as all hell. We would basically have to convince everyone that there is a mastermind in the game. https://epicmafia.com/role/1037</p>
<p>85 haly★ 08-03-2015 01:33 PM ET (US)</p>	<p>Could you explain how the mastermind would nail squidy? I'm wary about employing gambits against prolific players.</p>
<p>86 haly★ 08-03-2015 01:41 PM ET (US)</p>	<p>Does anyone here have trouble with me voting for roytheone?</p> <p>This will be my post:</p> <p>"We're on the brink of voting on whether we should vote for volunteer privilages. If this is not noise, I don't know what is.</p> <p>So with that, and seeing as how we're at the risk of a x-way tie, let me be the first to double up on a vote.</p> <p>[highlight]VOTE: roytheone[/highlight]" Edited 08-03-2015 01:42 PM</p>
<p>87 QuantumBro★ 08-03-2015 01:46 PM ET (US)</p>	<p>With a mastermind, none of the mafia members would know who each other are. Squidy immediately asked people to say who they thought mafia members were and is adamant that there are at least 5 members in the mafia. We could play off both of those and raise some doubt.</p> <p>I'd also think people would be more likely to believe that there would be a mastermind since it fits a spy themed game, and anything that gets town more confused is always good for us.</p>
<p>88 QuantumBro★ 08-03-2015 01:48 PM ET (US)</p>	<p>Go for the vote, but just be ready for some possible backlash.</p> <p>Any reason you want to go for roy?</p>
<p>89 haly★ 08-03-2015 01:52 PM ET (US)</p>	<p>My bluff will be that the voting for volunteering scheme is basically crowdsourcing noise generation, and, to be honest, I'm not wrong. Hobo feels this way, and so does Burbeting. Roy is in squidy's good graces but this can be turned around if we give him roy's scent. Plus, the fact that Ouro revealed we had our forums open 2 days in advance for preplanning means the people who have more to say about the missions early on had more time to digest it and plan for it. I'm afraid of laying it on too thick though, I'm not a great actor. I've been editing and trimming down all of my posts before throwing them out entirely.</p> <p>Oh right, I'd just like to say hi to all the people we killed who'll read this once this forum opens and you get to see what we were up to. No hard feelings! Except for you, squidyj, fuck you!</p>

90 haly★ 08-03-2015 01:58 PM ET (US)	This Mastermind role is a bit hard to digest. I assume that one of the rules of the Masterminded Mafia chat is that no one can publicly reveal their names? Otherwise I don't see the point. It seems like the strength of the role comes from making sure the Mafia don't overthink who their partners are and I don't know why squidy, as a mastermind, would try to circumvent this. Wait, is the mastermind anti-Mafia? If so then there's no way squidy would broadcast it like the way you suggest. Edited 08-03-2015 01:59 PM
91 QuantumBro★ 08-03-2015 01:59 PM ET (US)	I don't know if it's best for you to do it since you already have a vote for yourself, but then again that might be perfect cover too.
92 QuantumBro★ 08-03-2015 02:01 PM ET (US)	Honestly just go for it, it's only day one, so we shouldn't be too worried. I can always make a good case for no lynch if things go south.
93 haly★ 08-03-2015 02:03 PM ET (US)	I will, just not directly after you and razmos. I need some padding posts.
94 Razmos 08-03-2015 02:29 PM ET (US)	"With that business out of the way, would anybody like to join me and the choking machine in the lab?" So Arkos is Cheryl Tunt. okay then.
95 haly★ 08-03-2015 02:38 PM ET (US)	Is that significant? It's hard to separate the roleplayers from the role hinters.
96 Mike_Hawk689 08-03-2015 02:43 PM ET (US)	I wonder what kind of power Ouro gave Cheryl/Cherlene. A dual role maybe given the character?
97 Razmos 08-03-2015 02:44 PM ET (US)	Sure, she's the only character who loves being choked. It would be an odd thing to say if he was anyone other than Cheryl (except perhaps Kreiger) and either way it's a hint that he has a role with an ability.
98 Razmos 08-03-2015 02:48 PM ET (US)	Considering how much the roleplaying hinted at during the early days of the AC game, we can't rule it out.
99 haly★ 08-03-2015 02:52 PM ET (US)	Good point. Logged down and noted.
100 haly★ 08-03-2015 03:41 PM ET (US)	Depending on how things shake out by the end of Day 1, we might really be able to lynch Squidyj and block one of the suspected power roles. This is the best outcome for us. We just need for there to be enough distance between the HotGate posts and the end of Day 4 so that when people are wondering

	<p>why squidyj was killed (other than the obvious fact that he is a very strong player), they will look at all the discussion, and not the initial calls, which were haphazard anyway.</p> <p>Ways this could go wrong:</p> <ol style="list-style-type: none"> 1) He's the Doctor, but we just try again on the follow day with blocking. 2) He's Bulletproof, I'll need to implicate him with my ability while you guys focus on other targets. 3) He's a Commuter, and we either waste another night trying again or are forced to leave him there. <p>The chances of any of these three happening are very low. It's just something to be prepared for.</p> <p>Edited 08-03-2015 03:47 PM</p>
<p>101 haly★ 08-03-2015 04:18 PM ET (US)</p>	<p>Oh I see, he's trying to get on the mission so we can't kill him Night 1.</p> <p>Clever, clever. It's going to be difficult to turn this on him but I think it's possible.</p>
<p>102 Ourobolus 08-03-2015 05:30 PM ET (US)</p>	<p>Sorry if I'm confusing you guys with the whole volunteering thing - Haly's right , the intent is that it's self-balancing, but when deciding between simple or complex for deciding, I went with simple, despite the time zone issues.</p>
<p>103 haly★ 08-03-2015 05:49 PM ET (US)</p>	<p>No, I'm not confused. I just need to make sure squidyj doesn't get to manipulate it to make himself invincible.</p> <p>Additionally, it's better for us if everyone is confused on what to think about the missions, so whatever. As much as I'd like a quick mislynch on day one, turning this into the Big Topic works just as well.</p> <p>Edited 08-03-2015 05:51 PM</p>
<p>104 QuantumBro★ 08-03-2015 05:56 PM ET (US)</p>	<p>Yeah, keeping the volunteering process under debate for as long as we can is a good move.</p>

I wanted to make a deflection post but I don't know whether or not to defend Razmos. If I don't address Razmos, squidyj will just ask why I'm ignoring the problem of Razmos seeing as how we were in the same game together. If I do, then squidyj gets a link and if Razmos gets lynched I'm next, since Seath probably triggers no alarms for him whatsoever. My defense would simply be that Razmos' behavior is consistent with what I know of him, and that I cannot completely separate what I learned last game from this game.</p> <p>Right now I'm just going to go dark and hope it peters out, as the thread is already going into a lull. I'm glad squidyj is insistent on the voting shit, because we'll get a few more days worth of nonsense out of that, especially if he and Palmer goes head to head.</p> <p>Edited 08-03-2015 11:34 PM</p>

<p>113 haly★ 08-04-2015 02:28 AM ET (US)</p>	<p>Welcome back Razmos, that was a good defense. I just hope squidy backs off.</p>
<p>114 Razmos 08-04-2015 02:43 AM ET (US)</p>	<p>If Squidyj keeps on like this, it might actually be a good thing.</p> <p>If nobody else joins him in lynching me, he might eventually give up on it. But at least then, I've been accused, defended myself, and it gives no reason for anyone to find me suspicious with that out in the open, so they are unlikely to do it again.</p>

	It's good to get it out of the way so quickly because it might buy me some time.
115 QuantumBro★ 08-04-2015 11:00 AM ET (US)	Good job Razmos, looks like you're in the clear! Mike, this is your first game, right? I'd play the confused newbie card for now to get the pressure off of you.

117 Razmos 08-04-2015 12:20 PM ET (US)	I wouldn't say i'm in the clear yet. Squidyj hasn't posted since, he might go right back to accusing me as soon as he returns. But considering nobody else is biting, it's looking hopeful. Mike on the other hand needs to start posting a little bit.
118 Mike_Hawk689 08-04-2015 12:22 PM ET (US)	I'm currently writing a post, im gonna post it here first to get your opinions
119 Mike_Hawk689 08-04-2015 12:32 PM ET (US)	"To be honest, I haven't really had much time to look over this thread and actively participate to due constraints that I have in life. Even if I didn't participate, I feel that most of the conversation is going around how we pick the volunteers for the mission. So here's my take in the missions. As this give a small twist, I kinda like it since it resembles Avalon, but also since you get better chances at finding the KGB. For example, if two or more mafia are in the missions, at least one will unvolunteer to lower the chances of being read/caught by any power role. Going to my first assumptions in my few posts, I still believe one mafia/KGB is one of the first four. Why? Again, due to the fact that Ouro gave them a couple of days to strategize. I believe they probably had more insight on these missions that we currently due. They probably understood the whole concept way before us and where able to stagger their volunteering to make sure to be in every mission they can to keep an eye on everyone. I'm sure most people remember that the gossip chats in AC had many role claims. (Though I don't know if they were completely true because I didnt read the side chats.) Keeping in mind that missions were understood by mafia/KGB, they knew who to volunteer and when. Meaning that any people who are asking for a complete change of the volunteering process are good in my book, since this flushes the strategy the mafia/KGB probably set up before Malory quickly fired the trigger to the start of this game. I do find it pretty suspicious that Mazre was insanely fast to volunteer. Did he get a notice before all of us in their private chat? Or was he just lucky with the timing?"
120 Mike_Hawk689 08-04-2015 12:36 PM ET (US)	I'm just gonna post it, the longer i wait the more they would want to kill me :(
121 Razmos 08-04-2015	Ohohoho, I like it Mike. Good, goood.

122 Mike_Hawk689 08-04-2015 12:48 PM ET (US)	I didn't want to name the people that are trying to change the voting procedure for the missions as they would become prime suspects if I die.. aka Haly haha
123 QuantumBro★ 08-04-2015 02:42 PM ET (US)	I kinda feel like I might just vote for Palmer and see where that takes the game.
124 Mike_Hawk689 08-04-2015 04:54 PM ET (US)	I really wish Palmer would start voting for Mazre as he doesn't want to die. then we decide to go for Mazre, he ends up being town, and everyone votes for palmer the next day..
125 QuantumBro★ 08-04-2015 05:07 PM ET (US)	Palmer already voted for Mazre. Looks like it's going to be between him and GreatLord Tiger.
126 QuantumBro★ 08-04-2015 05:15 PM ET (US)	squidy really has it out for you Razmos, lol.
127 haly★ 08-04-2015 05:17 PM ET (US)	Hello everyone, I'm glad no one followed squidy's razmos train.
128 QuantumBro★ 08-04-2015 05:22 PM ET (US)	I was thinking of asking him to elaborate, but that would just give him more attention. Main goal right now is to convince someone to back off and let you into the mission haly. Rasmoz and Mike, I'd suggest voting for someone who isn't in the top 3 votes to avoid coming off as bandwagoning.
129 Razmos 08-04-2015 05:26 PM ET (US)	Yeah I already voted for Burbeting, for good reason (he's played a LOT of mafia) I am getting seriously sick of Squidyj's shit, as you can probably tell. He's bullying me because he thinks i'm an easy target and a player without any worth, not because he thinks I'm Mafia.
130 QuantumBro★ 08-04-2015 05:31 PM ET (US)	Aw, forgot about that vote. You're doing a good job at making him look scummy, we might actually get the town to lynch him in the next few days.
131 QuantumBro★ 08-04-2015 05:32 PM ET (US)	Anyone have an idea on who would be a good target to lynch during the night? It's almost here.
132 Ourobolus 08-04-2015 05:35 PM ET (US)	Bro you have like almost two days left.

134 Mike_Hawk689 08-04-2015 05:43 PM ET (US)	I've been saying palmer or mazre but now i cant say it due to bandwagonning lmfao lame
135 haly★ 08-04-2015 05:56 PM ET (US)	I'm just here to push Squidyj out of it in the event we do get a Mazre/Tiger kill or one of them devolunteers at the last moment. Also I think there's a neutral party. Yesno is right, we're kind of outnumbered at 4. Star Wars had 5/23 with 2 neutrals. Animal Crossing had 4.5/22 (ultron and franconp was basically one person even if they behaved as two). Those ranges are between 20-25% which is reasonable for online mafia. Us? 4/23, which is almost 1/6th, and we don't even have a flipper like Darryl, nor particularly strong roles.
136 QuantumBro★ 08-04-2015 06:05 PM ET (US)	/m132 It's never too early to start thinking about it. I need to make sure I know who to block before the end of the day so I can make sure my fake claim is swiss proof. There has to be one neutral who wins by going on enough missions. Wonder what the other neutrals are.
137 Mike_Hawk689 08-04-2015 06:16 PM ET (US)	I suppose if one of the four volunteer gets lynched this round, Haly you're gonna go in and flip like you planned many days ago?
138 haly★ 08-04-2015 06:35 PM ET (US)	Mike_hawk, the important thing is to remain consistent and that if you stop being consistent, you can come up with a reason for it.
139 haly★ 08-04-2015 06:37 PM ET (US)	Yes, Mike. Definitely. It's too early to use my power offensively. And it's better for my planned roleclaims if, on the off chance someone investigates me today, they see me targeting myself, they hatin, trying to catch me riding dirtay (x4) Edited 08-04-2015 07:01 PM
140 haly★ 08-04-2015 06:38 PM ET (US)	Oh, Squidy is the first to go. There's enough distance between us and and hotgate lists now to do it. It might put Razmos at risk but you know what will also put Razmos at risk? Squidyj riding his ass in Day 2 and Day 3. Edited 08-04-2015 06:38 PM
141 Razmos 08-04-2015 07:03 PM ET (US)	Even if it does put me at risk, Squidyj definitely needs to go. And at least if I do get killed early, it means they can't find a connection between me and you guys. I have no abilities so I resigned myself to being the cannon fodder mafia straight away haha.
142 Mike_Hawk689 08-04-2015 08:38 PM ET (US)	Squidyj has a hard on for you Razmos. haha
143 haly★ 08-04-2015	He really does. It's bizarre. He's pushing based on grudges (Razmos, Akros) more than reasoning.

08:42 PM ET (US)	I assume he resents Razmos being manipulated by Darryl for so long. Nothing else can explain it. Razmos is as mild as he was in the AC thread.
144 haly★ 08-04-2015 10:46 PM ET (US)	1) Rile someone up with a single, antagonizing sentence 2) Wait for a response 3) "Can you elaborate your argument?" Rinse, repeat, yawn. I hope some town call him out on this. Even as a scumhunting tactic, this kind of carousel browbeating is just not fun to engage in or watch. Edited 08-04-2015 10:47 PM

159 haly★ 08-06-2015 11:53 AM ET (US)	We'll have plenty of time once night starts but I'm still leaning towards squidy although he seems to have cooled on you, Razmos. Edited 08-06-2015 11:54 AM
160 QuantumBro★ 08-06-2015 11:55 AM ET (US)	I feel like squidy is the most likely person to be protected tonight. If you were a doctor, who would you protect after today?
161 QuantumBro★ 08-06-2015 11:57 AM ET (US)	I think I'm going to block Arkos or Hobohodo tonight.
162 Razmos 08-06-2015 11:59 AM ET (US)	Oh right I forgot we had the whole night phase to choose a target. I'm such a newb scum.
163 haly★ 08-06-2015 12:00 PM ET (US)	If I was a doctor I'd protect myself. Haha.
164 haly★ 08-06-2015 12:15 PM ET (US)	Also, if he is protected I can use that to my advantage with my eventual roleclaim. Nothing suspicious about a weak doctor being scared of night killed. It's Commuter or Sleepwalker that would be really bad, but we'd have to be really paranoid to think squidy, of all people, gets the best defensive skill of all time in a game with built in defenses (volunteering) for which he actually did volunteer. 202 QuantumBro★ 08-06-2015 06:20 PM ET (US)	If he moves into volunteer, he's basically signing a death wish. No one is going to allow him to go on a mission. Killing him also puts a target on your back Haly. I had a few ideas on who to kill, but I have to run through the thread again to remember.
203 haly★ 08-06-2015 06:26 PM ET (US)	He's going to paint a target on my back regardless. I don't know how long I can keep him off.. We can wait a night, but I want him gone ASAP for my own sanity.

207 haly★ 08-06-2015 08:07 PM ET (US)	I'm thinking if we don't kill squidy, I should frame him. Does anyone feel like this? The chances are slim that I get investigated and even slimmer now that squidy goofed. If I do use my ability offensively from now on, then it's easier for me to roleclaim something else... Of course if I do get investigated I'm fucked. Edited 08-06-2015 08:08 PM
208 Mike_Hawk689 08-06-2015 08:20 PM ET (US)	That's a crazy idea.. I love it. I feel like squidy is just a regular drone, with nothing to lose, so he's that talkative. If he gets investigated he doesn't really care since it backs him up. After what just happened with him pushing for visualante, I'm in for the framing of squidy. If I were to investigated someone it has to be squidy.
209 haly★ 08-06-2015 09:13 PM ET (US)	OH I got the best idea ever. I'll claim Nurse. A Nurse is a backup role that activates when the original role dies. The Visualante2 mislynch will take at least a Day to recover from.</p>

<p>216 QuantumBro★ 08-07-2015 11:25 AM ET (US)</p>	<p>/m207 Give it a shot, I don't think you need to be too worried about yourself tonight. /m209 Hmm possibly, I feel like it would backfire easily though. Someone should roleclaim as Sterling Archer if they're going down to try and get the real one to out them, so I can kill them later that night. My first post on Day 2 will be a vote for Darryl. Also, here's who I think we should kill: roytheone Burbeting cabbeh YesNOoNOYes Hobohodo</p>
<p>217 haly★ 08-07-2015 11:43 AM ET (US)</p>	<p>/m216 Archer claim is a great idea. I'll try to piece something together any one of us can use if things look bad.</p>
<p>218 haly★ 08-07-2015 12:18 PM ET (US)</p>	<p>I encourage everyone to compile their own list before looking at mine to approach the problem with fresh eyes. Highlight to see. roy: This is a decent choice, he's firmly middle of the pack which suggests Power Role. Problem is squidy has an issue with me reading scum on him and he'll throw that in my face if we kill roy. Also he voted Mike</p>

Burbeting: Also a good choice but I'm reluctant, one of the reasons I was excited about this game was watching someone experienced at work, but I didn't expect to be Mafia, also he had some shit to say about me along with squidy

cabbeh: I think he caught some flak day 1? But he also has a mild connection to Mike_Hawk

YesNo: Possible, she made it to the end of SW because, I think, her roleplaying and enthusiasm seems so genuine and harmless (although this might not work with squid and darryl around), no connection to us

Hobohodo: Also a good candidate, he's been on the down low.

If I had to rank them in order of least likely to be lynched by town (we should kill at the top)

- Burbeting
- Hobohodo
- YesNo
- Roytheone
- Cabbeh

And in terms of increasing danger to us if they're killed (we should kill at the top)

- Hobohodo
- YesNo
- Cabbeh
- Roytheone
- Burbeting

So... yeah. Either Hobo or YesNo.

There's no spoiler tag, what I'm doing is changing the font color with:

Oh and, these are the names not mentioned. I'll take a look at these later but just leaving them here for your use.

- TheGoddamn
- Arkos
- cooljeanius
- Septimus Prime
- Enker
- El Topo
- EzekelRAGE
- Zubz
- Seath
- squidyj

Of that list, I think El Topo and Ezekel should be considered as well.

Might be worth just killing Ezekel so that no one sees his thoughts on all the players, lol. Otherwise I'm fine with getting either Hobohodo or YesNo.

<p>12:38 PM ET (US)</p>	<p>I was going to block El Topo tonight since it sounds like he might have a power role.</p> <p>I'll do a longer write up in a few hours when I'm on lunch.</p>
<p>221 QuantumBro★ 08-07-2015 05:05 PM ET (US)</p>	<p>This post almost makes me think the squidy might be archer http://www.neogaf.com/forum/showpost.php?p...03958&postcount=377</p>
<p>222 QuantumBro★ 08-07-2015 05:21 PM ET (US)</p>	<p>After running through the thread once more, I have to agree that roy and burbeting would be bad lynch targets at this point in time.</p> <p>El topo and cabbeh have given off mixed vibes, so I would let them stick around for a few more days.</p> <p>So that leaves Hobo, YesNo, and Ezekel. Hobo and YesNo have both been pretty off with their guesses for KGB, so I don't think it's that big of a risk to keep them around.</p> <p>So, I'd have to go with Ezekel since he did say he was going to post a report on everyone once the next day came and I think it's in our best interest to stop that from happening. Plus it points the finger at cooljeanius, since the two were at each others necks during the day. So that's who I'm going with.</p> <p>Trying to decide between el topo and squidyj for who to block right now.</p>
<p>223 haly★ 08-07-2015 08:43 PM ET (US)</p>	<p>I agree with your reasoning for Ezekel, but I can see it backfiring in one way: Ezekel had a non-spectacular day 1. The only ones who are actually familiar with his posting style in the AC thread are AC players. Ironically, the AC players are in the best position to recognize that.</p> <p>It would be a bit of stretch to claim KGB killed Ezekel based on reputation rather than KGB having a few AC players themselves. It's possible to turn this onto the other AC players, but squidy will never fall for it, because me and Razmos are his two main AC scum-reads.</p> <p>Ultimately, this comes down to squidy, once again. Maybe I'm overestimating him, but I'm too paranoid to let it go.</p> <p>Edited 08-07-2015 08:49 PM</p>
<p>224 Mike_Hawk689 08-08-2015 11:50 AM ET (US)</p>	<p>TheGoddamn: Believes mafia is one of the first people to volunteer. Mainly inactive due to time zone. Post 719 is all about how he is going to vote soon with no other contribution. Post 729, he gives slack to new players such as Arkos and Tiger and believe Palmer is townie, votes for Mazre based on volunteering first. Mainly fluffing posts, keeps bringing up timezone as reason for low posts. Suspicious about Haly, squidyj, seath and QB because of their votes against cooljeanius and Visualnte. Voted for Tiger, because other people were pushing for other people? (post 1041) Sounds anti-town since he's trying to scatter votes = more chances of tie. No other concrete reasoning on voting for Tiger. Threat level is low, although suspicious about 2 of us, doesn't have any outstanding evidence on us. More likely to be suspicious about squidyj after the lynch.</p> <p>roytheone: First posts are to understand the missions, following by suggesting a democratic way for volunteers, trying to stop KGB from exploiting the missions. Lists Haly, Mazre, Palmer, Seath and Arkos for early</p>

	<p>volunteering and KGB needs to have someone in the missions to kill or track night chat.</p> <p>Votes for me for inactivity. Explains that although he is suspicious of Palmer, he doesn't want to vote because of the fact that experience players can give more to the town on the long run with more information from possible power roles. Haly is a low-priority on his list. Top 3: Seath for fluffing too much, Septimus prime for asking too many questions and me for inactivity and disagreeing with most my posts. Voted for Seath, said he is ok with his vote and will vote for Tiger if there's a tie. Ends up voting for Visualante2. (Inconsistency)</p> <p>Arkos: Post #272, highly suggests he has a role? ability to kill someone? Neutral or town? But he says he's a drone. Choking machine in the lab (Cheryl?) Goes to town against squidj. Post 1100 refers to the mission cooler, I think it refers to an episode of archer where they were fighting off crocs or aligators? Most likely an Archer line in that episode. He could be Archer, with power of killing 1 player per night or per game as the main character.</p>
<p>225 Mike_Hawk689 08-08-2015 11:51 AM ET (US)</p>	<p>(currently going through everyone's post, just to make sense of what they said and see if they were consistent all around or if they gave any clue to their roles..) Doing this at work so it might take some time to go through the rest of the 16 players..)</p>
<p>226 Mike_Hawk689 08-08-2015 11:53 AM ET (US)</p>	<p>El Topo: «That said, I would love to go on a mission, if only because that basically means that you won't get killed.»</p> <p>Arkos: «Not if I can help it»</p> <p>Sounds real fishy, no one caught that I think</p>
<p>227 haly★ 08-08-2015 04:06 PM ET (US)</p>	<p>It's too benign a comment to take seriously honestly.</p>
<p>228 QuantumBro★ 08-08-2015 07:54 PM ET (US)</p>	<p>/m223 But that backfire is also there if we kill squidj since he was pretty loud at accusing . Right now, he's just the guy who got the doctor lynched. If we kill him, then he's proved to be a town role and people might look into his accusations a bit more. Even if squidj tries going after you and razmos tomorrow, he's going to have a hard time getting people to take him seriously. So, I'll stick with my vote on Ezekel.</p> <p>Who does everyone else want to kill? We have less than a day to decide.</p>
<p>229 haly★ 08-08-2015 07:59 PM ET (US)</p>	<p>Oh right, I actually need to make use of my ability this time around. Herpaderp.</p> <p>I'm going to Frame: squidj</p> <p>I'll support a Ezekel vote with El Topo at a close second.</p>
<p>230 Mike_Hawk689 08-09-2015 10:27 AM ET (US)</p>	<p>Who did you guys target for your abilities?</p> <p>Should I send the PM to ouro to kill Ezekel? Or do you guys need more time to think about it. The only risk we have with him is the write-up that he's going to post the next day.</p>

241 haly★ 08-09-2015 01:10 PM ET (US)	I'm certain they're both Hope. Kgtrep is just inexperienced and thinking he can nail a scum in the first day. Crab was too experienced for the newer players, he was very intimidating, both explicitly and implicitly. Combined with kgtrep's do-or-die power and it's a recipe for disaster.
242	Oh great, Ezekel has protection.

247 QuantumBro★ 08-09-2015 05:25 PM ET (US)	I'm pretty sure he gets a message saying he lost a life, but it's all up to Ourobolus.
248 Mike_Hawk689 08-09-2015 05:26 PM ET (US)	Stupid question incoming: If at one point we decide that we need to get Ezekel booted, can QB role block him, and I send the PM to kill, would he die?
249 haly★ 08-09-2015 05:29 PM ET (US)	Depends... But we're not going to try to kill him for a while I think. Is he's pure bulletproof (it's a passive, so it can't be blocked) and we're stuck with him until he's lynched. I think he might be an odd commuter though. He didn't bother volunteering day 1 because he knew he was safe, but this time he snap volunteered. If he thought he dodged a kill, then that would explain it. Ouro's pilfering a lot from the AC game though. Shame on you, Ouro. Edited 08-09-2015 05:31 PM

256 QuantumBro★ 08-09-2015 05:39 PM ET (US)	Fuck. Trying to get put on a mission is suicide for me. Fuck.
257 Mike_Hawk689 08-09-2015 05:40 PM ET (US)	Try getting 5th volunteer and we can try to vote for any of the first 4 volunteer to bump you up
258 QuantumBro★ 08-09-2015 05:47 PM ET (US)	There's no way I'm going to attempt to go on the mission before day 4. I was strongly against going on the mission during the 1st day. Edited 08-09-2015 05:49 PM
259 haly★ 08-09-2015 05:52 PM ET (US)	It's fine QB, let him go. Not too important. It's not guaranteed he'll make every mission, some people might refresh earlier than him, for example.
260 Razmos 08-09-2015 05:55 PM ET (US)	People are getting suspicious of Squidyj? *sploosh*
261 Razmos 08-09-2015 06:00 PM ET (US)	"They attempted to kill me N1." He knows.
262 haly★ 08-09-2015 06:01 PM ET (US)	Oh ouro, come on. Tipping him off isn't fair. Now I can't claim using the block.

264 Razmos 08-09-2015 06:06 PM ET (US)	Both Arkos and Roytheone have made flavourful claims about enjoying the choking machine now. Either one of them is Cheryl... or there is Cheryl and Carol who are the same character but different.
265 Razmos 08-09-2015 06:12 PM ET (US)	Also Ezekial said this: "Due to only being able to be killed by one type of KGB. I will volunteer for every mission every day phase." But the honeypot is not KGB right? Perhaps his ability is a bog standard protection from a kill, and he's bigging it up so it doesn't get tried again.
266 haly★ 08-09-2015 06:15 PM ET (US)	I think if QB gives us the language of his role we'll be able to tell. For example, mine is FRAME. His could be SEDUCE or HONEYPOT, which would make sense. Edited 08-09-2015 06:15 PM

268	I had no idea I was the only one who could kill Archer.

QuantumBro★ 08-09-2015 06:19 PM ET (US)	
269 haly★ 08-09-2015 06:24 PM ET (US)	I think the role was designed with this in mind. You get to kill Archer, but we assign kills to Mike instead with his cyborg stealth powers. It balances out.
270 haly★ 08-09-2015 06:25 PM ET (US)	Does anyone understand this? "I'm pretty busy right now, making dinner and bread and doing some other stuff, I literally just started reading but you can blame ouro for why I see you and arkos as town right now." I'm not sure what squid is referring to but this is dangerous if he suddenly trusts the new guys.
271 Ourobolus★ 08-09-2015 06:31 PM ET (US)	I am trying to figure that out myself...
272 Ourobolus★ 08-09-2015 06:31 PM ET (US)	Quantum, please refrain from directly posting PM details.
273 haly★ 08-09-2015 06:33 PM ET (US)	Ouro please stop leaking to squid :))))))
274 Ourobolus★ 08-09-2015 06:35 PM ET (US)	Heh, it certainly wasn't my intent. I've gone through my posts and I have no idea what he is referring to.
275 haly★ 08-09-2015 06:36 PM ET (US)	If I had to guess it would be the mafia vet and mafia newb post.
276 Ourobolus★ 08-09-2015 06:38 PM ET (US)	I thought that, but I still don't see how it would clear cabbeh and Arkos
277 haly★ 08-09-2015 06:43 PM ET (US)	They're both newbies. The fact that you had to explicitly say this meant you were, maybe subtly, trying to get the heat off of them. Their inexperience was the only reason squidy latched on, after all. Edited 08-09-2015 06:43 PM

Had I known they were so gullible I would've laid down a hint as well. @Future Readers: Know that Mafia usually gets access to this information so they don't fuck up their vanilla claims on day one. 305 Ourobolus★ 08-10-2015 02:24 PM ET (US)	I removed some things that I don't want misconstrued as hint-giving, plus the post where QB posted his role.

307 Mike_Hawk689 08-10-2015 02:30 PM ET (US)	Talking about QB's role, do you have to send Ouro a PM with Kill:EzekelRage for him to die? or is it from the power role that you have. If it's from the power role (Block), would that mean we could technically have 2 kills in one night?
308 haly★ 08-10-2015 03:33 PM ET (US)	LMQ were you joking about Razmos? I've been feeling crushed for the last few hours because I thought that I ruined Razmos' mafia experience. So help me god if you were yanking my chain... Edited 08-10-2015 03:34 PM

310 Ourobolus★ 08-10-2015 03:34 PM ET (US)	Yes, he was joking. He said he had a lot of IRL stuff that was keeping him from posting as much as he'd like, and he doesn't want to bring you guys down.
311 haly★ 08-10-2015 03:41 PM ET (US)	Man, I'm going to lynch you so hard the next time I'm in a game with you. You're lucky I'm planning to mod next game and that I promised crab I'd lynch him first. But you're right after crab! RIGHT AFTER!
312 Launchpad★ 08-10-2015 03:43 PM ET (US)	I'm sorry Haly, I thought it was obvious :c
313 QuantumBro★ 08-10-2015 04:16 PM ET (US)	Sorry to hear that you're leaving Razmos. /m307 I can kill Archer by blocking him according to my role pm, so we can have two kills in one night. Haly, you're doing great so far. It's all just a game, so don't take it too seriously.

326 QuantumBro★ 08-10-2015 05:44 PM ET (US)	You should tell Arkos you're honeypot, lol. Then volunteer. Edited 08-10-2015 05:44 PM
327 haly★ 08-10-2015 05:46 PM ET (US)	You have kind of a blank slate to work with. I'm not sure how much Mafia experience you've had but I don't want to pollute it with my suggestions. Just one thing: these random accusations are almost all completely haphazard and worthless. So keep your cool, and laugh it off. Or get very pissy, that works too for some players. As long as it's consistent.

329 haly★ 08-10-2015 07:06 PM ET (US)	I like how our meta is now defined by posters' habits.
330 TheAwesomePossum 08-11-2015 12:06 AM ET (US)	I don't know what to do with EzekelRAGE. He's practically unkillable during the night. There's a good chance he'll survive for a long time. Should I say I'm a Honeypot in the thread?
331 Mike_Hawk689 08-11-2015 12:34 AM ET (US)	Dont youll get voted out real quick
332 haly★ 08-11-2015 12:56 AM ET (US)	<p>No. We don't need to kill every town. We just need 50:50 ratio to win the game. It doesn't matter if Ezekel makes it to the end as long as his guesses aren't correct. The worst part is that we wasted a night but considering they also killed a doctor it balances out. And, now that he's claimed (prematurely), we won't waste any more kills on him. The next time we can get a hold of him outside of the mission he dies, guaranteed.</p> <p>Although now I realize that by killing him, we reveal which group Katya is in so there's some risk in that. I think the best time to do it is when he doesn't make it into the mission and one of us does. Will be a bit hard to orchestrate though, so we'll take the shot when we can get it.</p> <p>Try volunteering next day, Awesome, if you're in the right time zone to camp out the opening. And if someone asks, just say you want to stay in the game for 2 days at least or something to that effect.</p> <p>I wonder who the cop is? It'll be really bad if it's Mazre or Palmer and they're just checking one by one the people who volunteer. I really hope the role went to a novice. It's a bit overwhelming if all the roles went to strong players (Visualante2 would've been strong, I believe, had he survived Day 1). Edited 08-11-2015 01:15 AM</p>
333 haly★ 08-11-2015 01:50 AM ET (US)	<p>Oh my god Tucah and Coppanova.</p> <p>I feel so bad for you two. Literally unable to play.</p>
334 Mike_Hawk689 08-11-2015 02:20 AM ET (US)	What are the odds that Ezekel gets investigated by a cop tonight? If we put enough doubt into his role claim, we could flip his alignment and cause mayhem.
335 haly★ 08-11-2015 03:24 AM ET (US)	He's on the mission. Can't target.
336 haly★ 08-11-2015	If Seath doesn't go tonight I'll flip him, although I'm not sure what flipping neutral does and, actually, I figured with my ability there weren't any neutral roles. Otherwise I'll choose whoever is second most suspect. Probably Zubz

03:27 AM ET (US)	or Septimus. Ouro? Any clarification here? Edited 08-11-2015 03:28 AM
337 Ourobolus★ 08-11-2015 06:55 AM ET (US)	Neutral would flip KGB. I suppose I should have reworded the PM to say that it flips an unfavorable alignment to non-KGB and a favorable one for KGB. Edited 08-11-2015 07:02 AM
338 Ourobolus★ 08-11-2015 07:07 AM ET (US)	QB, do you need a replacement too?

340 Ourobolus★ 08-11-2015 12:23 PM ET (US)	K. A lot of you guys seem to post very rarely, so I'm just checking to make sure you don't need someone to backfill you. :P
341 QuantumBro★ 08-11-2015 12:32 PM ET (US)	We just can't keep up with everyone else, lol. The thread is probably going to pass the total posts in the first game by the end of the day period.
342 Ourobolus★ 08-11-2015 12:33 PM ET (US)	Now imagine if CzarTim was in this game.
343 haly★ 08-11-2015 12:43 PM ET (US)	If someone asks, I'll just cite Carb and Karkador's side discussion in the general Mafia topic. I'm using it as cover, but ideologically, I agree with it. Once we go into Day 5-6, everyone will discover the mountain of shit they left behind them, a mountain that'll be impossible to sift through and they'll be going back to their gut instinct once again. That or go mad, like Blarg. (Also I really am busy, and can't do this "go through 1000 posts every page" thing they're doing.) Edited 08-11-2015 12:44 PM
344 TheAwesomePossum 08-11-2015 12:46 PM ET (US)	And that's the problem with all the fluff they post. It's going to be a pain in the ass later on to analyze any of these posts.

348 haly★ 08-12-2015 06:38 PM ET (US)	What's with the bus QB? Seems a bit out of left field.
349 QuantumBro★ 08-12-2015 06:44 PM ET (US)	It looks like it's going to be between Squidy, El Topo, and Seath, so I'm not too afraid of causing Mike to be lynched right now.
350 TheAwesomePossum 08-12-2015 07:40 PM ET (US)	So let me get this straight: If Darryl is Honeypot and is not lynched today, there's a very good chance that we lose.
351 TheAwesomePossum 08-12-2015 07:44 PM ET (US)	And when I mean today, I mean the day phase.
352 QuantumBro★ 08-12-2015 07:48 PM ET (US)	I'm honeypot, lol.
353 TheAwesomePossum 08-12-2015 07:50 PM ET (US)	Oh nvm I didn't know
354 TheAwesomePossum 08-12-2015 07:51 PM ET (US)	I'll keep my vote on Darryl as he already has 5 votes now.
355 Mike_Hawk689 08-12-2015 09:44 PM ET (US)	I legit don't know what to do or say..
356 haly★ 08-13-2015 02:17 AM ET (US)	Well for one, don't go after squidy. If he turns his eye on you I don't think you can brush it off. Go for an easier target like Seath or Septimus. Although, you need to look more proactive (or just look sufficiently disinterested) so that people don't wonder why you're accusing Septimus despite being less active. Really, it's not in our favor to go after the strong players in the day. Let the town handle that. We'll kill the strong players at night when we need to. Edited 08-13-2015 02:18 AM
357 QuantumBro★ 08-13-2015	Poor Zubz, lol.

360 QuantumBro★ 08-13-2015 04:15 PM ET (US)	I'd either not vote or vote for darryl if you can post a good reason for doing so.
361 Mike_Hawk689 08-13-2015 05:30 PM ET (US)	Ezekel, Mazre, Palmer and Darryl are out of our reach tonight. This leaves: TheGoddamn, Roy, Arkos, Cooljeanius, Septimus, Burbeting, Cabbeh, Enker, Topo, YNNNY, Seath, Hobo, Squidyj. Arkos and Cabbeh are both ordinary drones, if their «claim» is true. TheGoddamn and Cooljeanius are both mainly inactive, easy targets for town due to inactivity (I should post too i guess.) Killing Squidyj would give information to the town so I would stay away from him. Roy, Burbeting, YNNNY or Hobo would be the one i would vote for
362 haly★ 08-13-2015 06:28 PM ET (US)	Squidy hasn't been on any of our asses this week. If we kill him, suspicion will first fall onto those who voted for him and then it'll be chaos.
363 haly★ 08-13-2015 06:32 PM ET (US)	Also El Topo is coming with... something? Sounds like a passive revenge type thing. I might flip him tonight.
364 Mike_Hawk689 08-13-2015 06:40 PM ET (US)	Hmmm true true didn't think about that on Squidy.
365 QuantumBro★ 08-13-2015 07:00 PM ET (US)	I kinda want to watch everyone turn on squidy tomorrow, but I'm in no position to talk about who to vote after the mishap last night. No idea what el topo is talking about since I blocked him last night.
366 Mike_Hawk689 08-13-2015 07:06 PM ET (US)	Hobo seems to be quiet this game no? I thought he was more active in the AC game.
367 Mike_Hawk689 08-13-2015 07:08 PM ET (US)	Topo is full of crappp he has nothing! unless you didnt send the PM to Ouro hahaha
368 haly★ 08-14-2015 11:40 AM ET (US)	TheGoddamn: Not close enough to us to worry about yet Roy: Will get himself lynched sooner or later Arkos: Flipping him will just confirm squidy Cooljeanius: Getting replaced

	<p>Septimus: Same as Roy Burbeting: Danger danger Cabbeh: Same as Arkos Enker: Not sure, not active enough to worry about Topo: I think he has a passive, which can't be roleblocked YNNNY: Contributes a lot and will have to be killed sooner or later Seath: Will get himself lynched Hobo: Quiet this time around but he's backing us up more than harming us Squidyj: Danger danger danger</p> <p>So.</p> <p>Squidyj Burbeting YNNNY El Topo</p> <p>In order of who I want to kill tonight. I will also likely frame El Topo. Edited 08-14-2015 11:41 AM</p>
369 QuantumBro★ 08-14-2015 03:11 PM ET (US)	I agree with your top two Haly. I'm thinking of blocking Hobo or YNNNY tonight.
370 TheAwesomePossum 08-15-2015 12:06 PM ET (US)	Wouldn't it be suspicious if squidyj died during the night?
371 haly★ 08-15-2015 02:29 PM ET (US)	As long as that suspicion isn't traced to us it's fine. In fact, it can even help us as long as people trace him to the wrong person.
372 Ourobolus★ 08-16-2015 10:41 AM ET (US)	6+ hours left. Get your commands in. Also, for my sanity, if you could get them in earlier, that would be great so I can write the fluff beforehand :P
373 Mike_Hawk689 08-16-2015 10:46 AM ET (US)	I'll wait till 4h59. hahaha
374 QuantumBro★ 08-16-2015 01:24 PM ET (US)	So it looks like our choices are squidy and Burbeting. I'd prefer Burbeting over squidy. How about everyone else?
375 Mike_Hawk689 08-16-2015 02:49 PM ET (US)	I would go Burbeting too just because it's easier to frame squidy than Burbeting.
376 QuantumBro★ 08-16-2015 03:28 PM ET (US)	Go for it then, unless anyone has a last minute objection. We're almost out of time.

392 Ourobolus★ 08-16-2015 05:25 PM ET (US)	It's a suggestion! YOUR FACE IS FULL OF HOLES
393 haly★ 08-16-2015 05:25 PM ET (US)	Wait QB, who did you block on N1? I think you blocked the Vigilante.
394 QuantumBro★ 08-16-2015 05:28 PM ET (US)	El Topo, very interested to hear what he has to say.
395 haly★ 08-16-2015 05:29 PM ET (US)	I get it. He was the most suspicious of Roy so it makes sense that he tried to "verify" the kill on N2. The question is, do we kill him? Or do we let him live and hope he gets another few town? Edited 08-16-2015 05:30 PM
396 haly★ 08-16-2015 05:38 PM ET (US)	OH. We have a deflector too. Someone must've deflected El Topo's kill to roy.
397 Mike_Hawk689 08-16-2015 06:50 PM ET (US)	A deflector?
398 Mike_Hawk689 08-16-2015 07:10 PM ET (US)	I think i posted enough for this day phase, let me go awol for for 3 days. lmao
399 Mike_Hawk689 08-16-2015 08:25 PM ET (US)	Fuck I'm his target lol
400 haly★ 08-16-2015 08:43 PM ET (US)	I think septimus is the cop. He must've gotten the false positive on squidy on N1, which is why he's going in so hard. Edited 08-16-2015 08:43 PM
401 Mike_Hawk689	Nice catch, never would've thought about that

402 TheAwesomePossum 08-17-2015 12:58 AM ET (US)	Sorry about that guys :(I was going to post right before the night phase ended, but I forgot. Shit. Oh well, at least the town is confused.
403 Razmos 08-17-2015 05:39 AM ET (US)	I'm in stitches over them losing 2 doctors in a row. amazing.
404 haly★ 08-17-2015 09:18 AM ET (US)	Well this Kristoff guy is certainly not very good for me.
405 Ourobolus★ 08-17-2015 09:20 AM ET (US)	Now you know how I felt about squidy.
406 haly★ 08-17-2015 10:00 AM ET (US)	I give myself maybe 2 more days. They'll go through El/Seath/Septimus before they make their way to me unless I royally fuck up somewhere. Everyone else should try to pick up their posting. QB is slipping by but Mike is in the DANGER ZONE and Possum will be too.
407 Mike_Hawk689 08-17-2015 10:21 AM ET (US)	Kristoff, what a guy.
408 Mike_Hawk689 08-17-2015 11:53 AM ET (US)	Is post 2090 directed to you Haly? or Septimus? I'm confused lol
409 QuantumBro★ 08-17-2015 12:22 PM ET (US)	Wow, a lot happened since I the start of yesterday. I'll post something up in a few hours. Also, bravo Ourobolus, I was actually thinking of using Cate Archer as my role since I thought there was no way she could be in it, haha. Now time to look at some Frisky Dingo characters to use.
410 QuantumBro★ 08-17-2015 05:02 PM ET (US)	Who activated the DDoS power?
411 traube★ 08-17-2015 05:03 PM ET (US)	Spoiler: It was Blarg. Still mad that they lynched him.
412 haly★ 08-17-2015 05:08 PM ET (US)	You're not a comrade!
