| 2401<br>Absolutbro<br>09-07-2015<br>11:13 PM ET<br>(US) | Pretty sure there's a post by me in there somewhere about not believing that. From what I've read on mafiascum.net, bullet proof roles are generally considered dick moves. Two in one game? Nah, Two in a game that ALSO has a couple commuters? Not a chance. |
| 2402<br>Sorian<br>09-08-2015<br>02:47 AM ET<br>(US) | Man, at this point I have no problem giving Hyper the win, I'm probably the only one from the Cthulhu game willing to put in as much effort as he is but I'm dead and he's not. Respect for you sir when you eventually read this. |
| 2403<br>not_cabbeh<br>09-08-2015<br>03:55 AM ET<br>(US) | Morning, everyone<br><br>How's it going today |
| 2404<br>TaylorSwift<br>09-08-2015<br>06:04 AM ET<br>(US) | Hyperactivity living up to his username. It's like Sorian never died.<br><br>I feel like all these possibilities reinforce that they still should be lynching nin though |
| 2405<br>Czartim<br>09-08-2015<br>09:49 AM ET<br>(US) | /m2400 no we only tried to kill saw one night, the next night we tried to kill Pau and ty. |
| 2406<br>Ourobolus<br>09-08-2015<br>09:59 AM ET<br>(US) | lol CornBurrito is on point here. |
| 2407<br>Czartim<br>09-08-2015<br>10:04 AM ET<br>(US) | Aww there goes our scum mvp |
| 2408<br>Neuromancer<br>09-08-2015<br>10:20 AM ET<br>(US) | Poor ultron. I wonder how many cultists he took out. |

| Absolutbro<br>09-08-2015<br>10:38 AM ET<br>(US) | No you didn't, Despair did by ganking my ass. |
| 2410<br>ultron87<br>09-08-2015<br>11:01 AM ET<br>(US) | /m2408 One and a half. If you count Darryl as a half. :P |
| 2411<br>Launchpad<br>09-08-2015<br>11:56 AM ET<br>(US) | Poor Splinter, I hope he manages to snake his way out of this. |
| 2412<br>EzekelRAGE<br>09-08-2015<br>12:17 PM ET<br>(US) | Can someone tip me off to the remaining baddies in cthulu and launch's game? |
| 2413<br>CzarTim<br>09-08-2015<br>12:18 PM ET<br>(US) | splinter, swamped, christina |
| 2414<br>CzarTim<br>09-08-2015<br>12:18 PM ET<br>(US) | btw swamped and I were in cahoots lol |
| 2415<br>Kalor<br>09-08-2015<br>12:21 PM ET<br>(US) | I never realized Swamped was Despair. I still thought they were Hope. |
| 2416<br>EzekelRAGE<br>09-08-2015<br>12:23 PM ET<br>(US) | Czartim, that for Launch's game right? Gonna start that after I get caught up on Zat's game. |
| 2417<br>Launchpad<br>09-08-2015<br>12:24 PM ET<br>(US) | /m2415 I think Swamped has probably been the most low key of the mafia members, at least from where I'm watching. |
| 2418<br>Sorian<br>09-08-2015<br>12:53 PM ET<br>(US) | Rats is going to do his hardest to save Nin lol the issue there is a kill on Rats is worth two. |
| 2419<br>Absolutbro | I figured Swamped might be Despair awhile back, but kept putting off Investigating her for some reason. I thought Makai was trying to lure people into targeting him, |

|---|---|
| 09-08-2015 01:15 PM ET (US) | like maybe he was a bomb role or something. |
| 2420<br>cabot<br>09-08-2015 01:48 PM ET (US) | guys why is nin still alive.<br><br>The guy practically screamed LYNCH ME and he's still here. |
| 2421<br>ultron87<br>09-08-2015 01:55 PM ET (US) | Whether he was throwing in the towel or not it has been a kind of interesting gambit in that the literally last thing a Cult member would ever claim is being recruitable. So that rules out most of the scenarios in the Town's mind where Nin is already in the Cult. Which means they'll keep him around and possibly give them enough time to make it work.<br><br>I think him and TWE are laying the rivalry on too thick though. |
| 2422<br>ultron87<br>09-08-2015 02:03 PM ET (US) | Is it Nin's role that actually has the recruiting power or can anyone in that Cult do it? |
| 2423<br>traube<br>09-08-2015 02:10 PM ET (US) | There is a recruiter role. Whose power is to recruit. While both cults were alive the "turn insane" action would also allow to recruit fitting targets.<br><br>As soon as the other cult was destroyed they lost this option. Now all their kill attempts are successful. No more "turning insane" from that.<br>Edited 09-08-2015 02:10 PM |
| 2424<br>CzarTim<br>09-08-2015 02:17 PM ET (US) | the problem with splinter's claim is that role is useless in this setup. Why would it exist?<br>Edited 09-08-2015 02:17 PM |
| 2425<br>Ourobolus<br>09-08-2015 02:20 PM ET (US) | Well technically Despair can target empty facilities, so a townie could determine if someone visited those areas. |
| 2426<br>CzarTim<br>09-08-2015 02:22 PM ET (US) | i guess town doesnt know the rooms are useless yet |
| 2427<br>Absolutbro<br>09-08-2015 02:32 PM ET (US) | Oh Zipped. Your reads are always just the worst man. |
| 2428<br>CzarTim<br>09-08-2015 02:33 PM ET (US) | he actually called 3 of 4 scum on day one. |

| | |
|---|---|
| 2429<br>Sorian<br>09-08-2015<br>02:40 PM ET<br>(US) | /m2421 They are/have been literally fighting in their cult chat. They are working against each other totally and completely at this point. Both are "playing for fun" as they've said a few times each which is code for "I want to get even because you were an ass to me first" at this point. |
| 2430<br>Burbeting<br>09-08-2015<br>02:57 PM ET<br>(US) | /m2429 "Always remember to play to the benefit of your faction". |
| 2431<br>TaylorSwift<br>09-08-2015<br>03:05 PM ET<br>(US) | these two could pull out a win at this point if TWE goes to ground and stops being quite so belligerent<br><br>they just need to let the wind shift into Retro/GC's direction and not do anything to stop it |
| 2432<br>Sorian<br>09-08-2015<br>03:29 PM ET<br>(US) | The town WANTS to kill GC, it's clear as day that Nin and Edge don't like each other, if one dies everyone will either think it was a bus or the other person was very pro-town, they don't need to keep selling it because everyone has bought it already. They both need to shut up and let GC die today. |
| 2433<br>cabot<br>09-08-2015<br>03:37 PM ET<br>(US) | CzarTim please confirm you are laughing at them in hell |
| 2434<br>Sorian<br>09-08-2015<br>03:42 PM ET<br>(US) | I do have to say, if Nin did this on purpose then he knows his audience well, this wouldn't work with anyone hot headed in the game because a lot of us would have sold that policy lynch. |
| 2435<br>CzarTim<br>09-08-2015<br>03:51 PM ET<br>(US) | im glad I jumped off that sinking ship when I did |
| 2436<br>cabot<br>09-08-2015<br>03:54 PM ET<br>(US) | you can sink in my ship anytime. |
| 2437<br>cabot<br>09-08-2015<br>03:54 PM ET<br>(US) | I've had too much to drink what a mistake<br><br>I better circumnavigate the hell out of here right now |
| 2438<br>TaylorSwift<br>09-08-2015<br>03:59 PM ET<br>(US) | /m2432 and Charleston is practically begging for death, lmao, he's managing to look hilariously scummy<br><br>sigh, this Town is so self-sabotaging and tries to play it too smart for its own good |
| 2439 | I'm gonna laugh so hard if the nin/TWE feud ends up getting them killed one after |

| | |
|---|---|
| Ourobolus★ 09-08-2015 04:07 PM ET (US) | another. |
| 2440 TaylorSwift★ 09-08-2015 04:11 PM ET (US) | TWE has no chill<br><br>how is he not realising that it's still within the realms of possibility that the game is his to lose |
| 2441 cabot 09-08-2015 04:12 PM ET (US) | https://www.youtube.com/watch?v=RRxRX6Mr3Lk<br><br>you're welcome. |
| 2442 ultron87 09-08-2015 04:13 PM ET (US) | Lol. TWE is shooting. |
| 2443 Kristoffer 09-08-2015 04:24 PM ET (US) | I actually like Cornburrito's fake roleclaim a lot. Mods, take note. |
| 2444 Coppanuva 09-08-2015 05:04 PM ET (US) | Just catching up on Today's festivities and laughed so hard at:<br>"Even though i hate TWE i just think he is one retarded Town player who does not read and does not think." |
| 2445 ultron87 09-08-2015 05:08 PM ET (US) | Well I guess Retro is getting recruited tonight. |
| 2446 TaylorSwift★ 09-08-2015 05:26 PM ET (US) | oh my god, what is happening<br><br>TWE is the recruiter, right?<br><br>could they actually be doing the right thing? |
| 2447 Absolutbro★ 09-08-2015 05:39 PM ET (US) | God damnit Zip I already clarified in the thread what route I took when I checked out Goshujin<br><br>At least Despair paid attention to what I said in game. |
| 2448 Sorian★ 09-08-2015 05:41 PM ET (US) | TWE is the recruiter, yes. Nin could win though. They think he is town and the recruiter is dead, they are going to think that Nin can't be recruited anymore ^_^ All according to keikaku. |
| 2449 FlameAC★ | I would still bet on them lynching nin on the next day though, since it's such an obvious lead. |

|---|---|
| 09-08-2015 05:47 PM ET (US) | |
| 2450 TaylorSwift 09-08-2015 05:47 PM ET (US) | All Nin has to do is submit a No Kill tonight, and they'll go after one of the people they've blocked<br><br>I love how in all the possibilities they've considered, a purposeful No Kill hasn't been mentioned. (I don't think, but I haven't read any of Hyper's stuff, I'm already dead) |
| 2451 Ourobolus 09-08-2015 06:13 PM ET (US) | I can't believe they've kept up the "only townies can get the book" bullshit |
| 2452 Coppanuva 09-08-2015 06:27 PM ET (US) | Wait, if TWE can't kill, couldn't we possibly end in a tie? Like if it were 1 townie and TWE left, neither could kill the other? |
| 2453 Coppanuva 09-08-2015 06:42 PM ET (US) | Man scrafty took away the accent, shame. It added flavor to the game we've been lacking since Blarg's death. |
| 2454 TaylorSwift 09-08-2015 06:57 PM ET (US) | okay, Nin just bussed himself |
| 2455 Sorian 09-08-2015 06:59 PM ET (US) | /m2452 Both cult members can kill. They both have two actions they can perform, Nin is roleblocker and killer and Edge is recruiter and killer. Only one of them can kill a night so each night the cult is handing out 3 actions. |
| 2456 Sorian 09-08-2015 07:00 PM ET (US) | Man, Nin had it, bone head move. |
| 2457 Sorian 09-08-2015 07:01 PM ET (US) | Oh....wow.....that was Edge's idea, Nin did it to save Edge. Edge dying was probably the best thing that could have happened at this juncture. Game is done, GG town. |
| 2458 Ultron87 09-08-2015 07:04 PM ET (US) | Yeah, Edge is done when Nin flips. Bussing doesn't really work when the person jumps in front of it on their own. Are they just hoping for a miracle recruitment then? |
| 2459 Ourobolus | lol wtf nin |

| | |
|---|---|
| 09-08-2015 07:21 PM ET (US) | |
| 2460 Coppanuva 09-08-2015 07:32 PM ET (US) | Ahhh hahahahahaha amazing. Nope, no way this turns out well for them aside from MAYBE a lucky insane recruit (assuming there's more than 2 insane people who were in this game). Nin also seemed like he was getting comparatively less pressure than TWE too. |
| 2461 TaylorSwift 09-08-2015 07:39 PM ET (US) | Nin was under no pressure. He had town in his pocket, at least for today.<br><br>Now they're all fucked off and confused, most probably pissed off at him, and the easiest way to deal with bullshit is to just cut through it and lynch him. |
| 2462 Sorian 09-08-2015 07:49 PM ET (US) | Nin broke apparently, I'll just assume I've lost at this point. |
| 2463 Sorian 09-08-2015 08:03 PM ET (US) | Nin: "The list i made still stands as i get to Visit one Person every night, that person is probed ( it has no Impact on him whatsoever)And I Win if all living humans are probed."<br><br>Shit's not funny, it's a retarded win condition and I wish it on no one. |
| 2464 Coppanuva 09-08-2015 08:06 PM ET (US) | At least it's entertaining... man I wish I'd done this when I was going out (other than it not helping team tourist at all). |
| 2465 TaylorSwift 09-08-2015 08:07 PM ET (US) | I'm not sure if it's funny<br><br>or just a bit sad |
| 2466 Coppanuva 09-08-2015 08:42 PM ET (US) | Man there's been so many times I've just wanted to post in that thread screaming at people to stop listening to other people's random bullshit. But I can't. So I don't even post in the twilight minutes between day's end and fate posts, lest I break the rules. |
| 2467 TaylorSwift 09-08-2015 09:04 PM ET (US) | I believe that Droplet was Vote #6, so is that a majority on Nin? |
| 2468 Splinter 09-08-2015 09:09 PM ET (US) | Hello<br><br>I hate maps |
| 2469 Splinter 09-08-2015 | Oh they aren't even bulletproof...<br><br>I feel so stupid now |

| 09:27 PM ET (US) | |
| 2470<br>Kristoffer<br>09-08-2015<br>09:41 PM ET (US) | Is the secret of the lucky student revealed yet? |
| 2471<br>Launchpad<br>09-08-2015<br>09:46 PM ET (US) | /m2470 nope.<br><br>/m2469 Yeah, I don't know why you guys bought that :/ They only survive one NK, but the other one loses their ability after that |
| 2472<br>Splinter<br>09-08-2015<br>09:48 PM ET (US) | 2 bulletproof to 4 Despair.... What were we thinking? :/<br><br>I was way too trusting this game, I guess I assumed all the lies would be coming from our side |
| 2473<br>Splinter<br>09-08-2015<br>09:49 PM ET (US) | I read KingKitty's post that apparently quotes their role pm and thought "huh... None of that sounds bulletproof... OH WELL"<br>Didn't even question it |
| 2474<br>palmer_v1<br>09-08-2015<br>10:48 PM ET (US) | /m2463<br><br>lol |
| 2475<br>not_cabbeh<br>09-09-2015<br>04:00 AM ET (US) | lol @ nin.<br><br>I'm an alien! I'm an alien! |
| 2476<br>cabot<br>09-09-2015<br>08:08 AM ET (US) | /m2471 /m2469<br><br>This tactic clearly works, Ezekel claimed unlimited bulletproof (except Honeypot) and both mafia and town bought it.<br><br>Note to self: If someone is bulletproof, they're probably lying if they say its unlimited. |
| 2477<br>Ourobolus<br>09-09-2015<br>08:12 AM ET (US) | /m2476 YOU DON'T SAY |
| 2478<br>cabot<br>09-09-2015<br>08:13 AM ET (US) | hey i was always suspicious of it, but it was my first game I was never confident enough to be absolutely certain! |
| 2479<br>Neuromancer | HOLY SHIT |

| | |
|---|---|
| 09-09-2015 09:18 AM ET (US) | Tourists are going to win. Sorry cults, you had a good run. |
| 2480 cabot 09-09-2015 09:24 AM ET (US) | Edge dancing on nin's grave. So delicious |
| 2481 traube 09-09-2015 09:54 AM ET (US) | If GC blocks edge this night it should be over. |
| 2482 roytheone 09-09-2015 10:18 AM ET (US) | /m2476 HEY! I never fully bought Ezekel his claim! I literally said that I thought it would be very overpowered if it was true!<br>/m2481 How long will Dangapapa probably still last? Could this be a situation where 1 game will take like a month longer that the other 2? |
| 2483 cabot 09-09-2015 10:30 AM ET (US) | /m2482 roy we both know if i thought it, you thought it too. It's just physics |
| 2484 roytheone 09-09-2015 10:35 AM ET (US) | /m2483 you should totally role play El topo in Burb his game. Very easy, just end all your posts with: "Also, we should just kill Roytheone for no particular reason whatsoever, because that is the smart thing to do!" |
| 2485 Kristoffer 09-09-2015 10:40 AM ET (US) | Predictions for last despair: Cornburrito and Rest.<br><br>What's really weird to me is that all the power roles are basically watchers as well. Is that... balanced? |
| 2486 Splinter 09-09-2015 10:58 AM ET (US) | /m2482 Not long unless something dramatic happens tomorrow.<br><br>/m2485 Hey you leave CornBro alone<br>Edited 09-09-2015 10:59 AM |
| 2487 Kristoffer 09-09-2015 11:10 AM ET (US) | Yo Splinter, is there a Ninja? Because there was ninja shit going on in Archer. |
| 2488 Nin1000 09-09-2015 11:58 AM ET (US) | Hello there Fellow players :) I just wanted to tell you.<br>FUCK Edge :P |
| 2489 Splinter 09-09-2015 | No, just a mimic (me)<br><br>Actually we have a watcher who cant be seen... But they will be seen doing the kill |

| | |

| 11:59 AM ET (US) | ...I assume there is no limit on spoilers in here? Anything I shouldn't say? |
| 2490<br>CzarTim<br>09-09-2015<br>12:01 PM ET (US) | hey splint!<br><br>spoil away |
| 2491<br>nin1000<br>09-09-2015<br>12:06 PM ET (US) | yes i should have never flipped and let that kid just die, but well i knew the game was done and even then i tried to be a Team Player. fuck that if i ever get to Play with TWE again i am going to suicide right away. |
| 2492<br>Sorian<br>09-09-2015<br>12:32 PM ET (US) | /m2491 Nin, you forgot that I was rooting for you guys ;_; Edge wasn't your only teammate, you were playing for me too :( |
| 2493<br>nin1000<br>09-09-2015<br>12:35 PM ET (US) | you were the most valuable Player we had but fuck, Neuromancer just fucked us over :/ after that it was over since my Partner refused to talk to me and then just say "thats how i roll" lol was a fun game though ^^ i had a good laugh last night :P |
| 2494<br>Sorian<br>09-09-2015<br>01:07 PM ET (US) | Obviously I've been following cult chat too just not posting, it's all been very frustrating since I died lol. If you didn't see or notice, the theory that Neuro was the investigator was spot on and he did check me night 1. I guess the order of events had it so that you turned me before he checked me so he knew that I was scum, there was no denying it. |
| 2495<br>Splinter<br>09-09-2015<br>01:53 PM ET (US) | AbsolutBro what where the role titles you saw? |
| 2496<br>nin1000<br>09-09-2015<br>03:57 PM ET (US) | aww man Sorian :( i feel for you but it was fun the short time it lasted :P<br>And you dont know how much fun it was to fuck with town the last day haha |
| 2497<br>Kristoffer<br>09-09-2015<br>06:37 PM ET (US) | Well splinter, don't say who they are, actually. I want to enjoy the surprise. |

| 2501<br>Kristoffer<br>09-09-2015<br>11:04 PM ET (US) | So in Cult of Cthulhu, there isn't a Mafia and a side Cult, there are two competing Cults? |
| 2502<br>EzekelRAGE<br>09-09-2015<br>11:31 PM ET (US) | Seems that way Kriss. But you have the regular townies/tourists as well. You could say the two cults were two different factions of mafia against the town/tourists and each other. The tourists took out one cult, now they have to get the other. |
| 2503<br>Sorian<br>09-10-2015<br>12:10 AM ET (US) | Yes Cthulhu game was 3 factions against each other with two factions capable of night killing but never on the same night. I guess, technically, the town had a vigilante who could kill 3 times so town had night kills to for a bit controlled by one person. |
| 2504<br>Splinter<br>09-10-2015<br>05:06 AM ET (US) | I so want to comment in the Despair thread... Day hasn't even started yet and this is already torture :( |

| 2510 traube 09-11-2015 02:19 PM ET (US) | For the town to lose this game they'd have to act incredible stupid. So there probably is a good chance for Mafia to win. |
| 2511 traube 09-11-2015 02:20 PM ET (US) | Oh and Vylash did not even bother to use his power during the second night phase. What a shitty ability. :D |
| 2512 EzekelRAGE 09-11-2015 02:27 PM ET (US) | Launch, I'm still waiting :(. |

| 2528<br>Sorian<br>09-11-2015 | Edge is like that boss where the player has already beaten the game but they forgot to do some level 20 side quest, except they are rocking ultima weapon at level 97. |

| 2545<br>roytheone<br>09-11-2015<br>05:12 PM ET<br>(US) | /m2544 in the end, it will be two ordinary townies with no special kill abilities against each other, so it will actually never end unless someone gives up and votes for himself :) |
| 2546<br>Sorian<br>09-11-2015<br>05:15 PM ET<br>(US) | /m2545 The game actually has a way to avoid that, the book has a double vote power. |

I'm not wrong in that her question was legit impossible to answer. |
| 2613<br>Splinter<br>09-11-2015<br>09:35 PM ET (US) | No I was always going to answer pool. Goshu especially had been so logical up until that point but seemed to think she had a point. By the time he posted though I was too tired to argue, so I just ended it |

| 2638<br>Absolutbro<br>09-12-2015<br>05:05 PM ET<br>(US) | @Splinter - I know this is ages ago, but everyone I investigated came back "Ordinary Student". Like, there was literally no way I could confuse them with Despair.<br><br>Also LOL at taking Makai/KK at their word that they are bullet proof. Holy shit what mod would put TWO bullet proof players in a single game? That's just fucking CRUEL. You'd think Despair's OWN ROLE PM, which says they have to kill all HOPE players, would suggest no bullet proof players. |
| 2639<br>Ourobolus<br>09-12-2015<br>05:07 PM ET<br>(US) | /m2635 we discussed it. Despair is falling into the same trap that KGB did - believing everyone's ridiculous roleclaims. Technically they still have a chance, albeit a slim one. |
| 2640<br>CornB<br>09-12-2015<br>06:51 PM ET<br>(US) | Funny, didn't I mention how absurd it would be to have Pau/Ty4on/Sawneeks and two bullet proof players? Like they'd almost all be impossible to kill. I forget who (probably Makai) said that the game would have to be that way for balance. But yeah there's no way. It is worth noting that not everyone is taking Makai/Kitty at their word. I think Sawneeks or someone else mentioned they might be Neutral, but right now they believe the win conditions don't conflict. |

Even if there was doubt on the claim, there was no reason to test it while we had a bunch of watchers milling about. We had to stop playing normal mafia after night one and deal with that shit. |
| 2649<br>CzarTim<br>09-12-2015 11:51 PM ET (US) | Also no reason to think it'd be beneficial to us if we did test it. |

| 2661 Kristoffer 09-13-2015 02:12 PM ET (US) | No, the default is "I may or may not have a town aligned role." Asserting you are ordinary town will help people if Rest is Despair and is caught nightkilling. |
| 2662 Kristoffer 09-13-2015 | And it's actually not important what kind of role Rest has anyway. The point is: what does Rest do under pressure? |

| ynnny<br>09-14-2015<br>04:48 AM ET<br>(US) | ONE OR TWO HOURS? no? she couldn't use that time to deliver what she promised for DR? :3<br><br>man, lol why even make a dig at other player's efforts... so petty.... salt? for me? i won at archer, tho~ i just dont like it how you guys been dogpiling on a single player in this thread. REEKS OF EW.<br><br>very cringe~ |
| 2705<br>Splinter<br>09-14-2015<br>05:19 AM ET<br>(US) | I wasn't calling you salty :p I've been a very sore loser in here, I know that. But I wanted to lose to deduction and well presented arguments, not dumb luck and mechanics.<br><br>My point about throwing up ideas and transparency: if anyone cared about Swamped's promise they should have asked her to deliver - and she probably would have. Instead nobody bothered and now goshu is dragging those promises out in a needlessly aggressive way. I'm just saying I don't think the argument is a very good indication of alignment - but again I know the alignments so maybe I'm purely being bias, who knows |
| 2706<br>ynnny<br>09-14-2015<br>05:40 AM ET<br>(US) | Ya. A bit too showing, the soreness. I heard there's a balm for that :3<br><br>I donno why some of y'all keep saying goshgosh based his suss on dumb luck and mechanics, wut. I said it a few times now but I think he began the day reaaaaaaalllly genuinely, with analysis and pointspointspoints. And you guys just keep trying to devalue all that by whiteknighting hardcore :x IS SO NOT A GOOD LOOK, GUISE. Goshgosh probly didnt expect swamped to reply the way she had so things got to where things are but JEEZ LOUISE stop with trying to peddle that it was 'dumb luck and mechanics'. He even said at some days that he couldnt really partishipate in the mechanics discussion so that kind of stuff just went over his head or something idk.<br><br>What dumb luck, btw? o___o?<br><br>He did ask her to deliver. She answered she was "TOO BUSY WITH RL". ..... which was a lie cuz she was playing other online forum games, and I can see how that may have made some people feeling pretty damn insulted. IS ALL IM SAYING.<br><br>Talk about 'needlessly aggressive' ... lol no one was coming to defend kgtrep or anyone else when Crabbypants was hostile at their heels. Pls. I dont think goshgosh was 'needlessly aggressive'. You wants see 'needlessly aggressive'... lookit at my shameless behaviour when I hounded Septiechan or Topopi in Archer. I.....kinda like it ;)<br><br>Anyway, I have pretty strong opinion on using real life as arguments in games: DON'T FUCKING DO IT. DO NOT LIE ABOUT REAL LIFE THINGS AS AN EXCUSE. On the other hand: If someone uses a real life reason for something, don't be a dick and call them a lair. I will always give the benefit of the doubt to someone that uses a real life reason for something. Nothing is more annoying than not being able to post because of RL and people calling you a lair because of that. It sucks. |

| 2732<br>Absolutbro<br>09-14-2015<br>05:36 PM ET (US) | "If you don't agree with all the town, some of whom are not town BY DEFINITION OF THE GAME, that's anti-town". -Makai |
| 2733<br>Splinter<br>09-14-2015<br>05:36 PM ET (US) | If its any consolation, he appears to be winning the game for you.<br><br>But still, please tell me he has posted nonsense today. It will make me feel immeasurably better |
| 2734<br>Sorian<br>09-14-2015<br>05:40 PM ET (US) | /m2732 Yeah AB, I saw that and started laughing. I'm not sure if Makai believes his own bullshit or not. |
| 2735<br>Absolutbro<br>09-14-2015<br>05:41 PM ET (US) | He's not really winning the game for us though. That snowball started when you died, and you died mostly because when I died I flipped and cleared 3 people (almost) entirely. So between the set of lovers, set of masons and 3 cleared players that narrowed the suspect pool immensely. I'm sort of surprised there were two sets of "definitely know this person is town" players. Did Launch ever say if there's 3P? Are Mak/KK 3P? I can't imagine what their win condition would be.<br><br>Edit: 3 clear, not 4. Fran was already dead.<br>Edited 09-14-2015 05:43 PM |
| 2736<br>Splinter<br>09-14-2015<br>05:48 PM ET (US) | Thats true, but Mak is kind of turboing the rest of the game for them, which makes me think he's either town aligned or can at least win with them.<br><br>I feel great shame for trusting your role claim v_v |

| 2737<br>Launchpad<br>09-14-2015<br>05:48 PM ET<br>(US) | Makai is no fun, I can tell you that much. |

| 2739<br>Splinter<br>09-14-2015<br>06:02 PM ET<br>(US) | I'm glad to see less support for Makai in here. Not (just) because I'm petty, but the way town has been swallowing up his posts was leading me to question my own logic.<br><br>I honestly think everyone is so comfortable in their "confirmed" status that they don't want to challenge the status quo. | 2742<br>Corn<br>09-14-2015<br>06:57 PM ET<br>(US) | I don't think I ever bought totally into makais bullshit. I just preferred goiing after Despair and felt testing KK/Makai could come later. |

Had to come up with something that explained why I was there, but wasn't threatening enough for you guys to feel the need to kill me right away. Was hoping I could find some Despair and out a couple of you directly, but kept finding Ordinary Students up until I checked Makai, when I was pretty sure I had pushed my luck as far as it would go. |

| 2750<br>CzarTim<br>09-14-2015<br>08:53 PM ET (US) | honestly a town role cop is more beneficial clearing ordinary townies than outing power roles. Clearing three people was a huge help. |

| 2826<br>CornB<br>09-15-2015<br>07:35 PM ET<br>(US) | /m2816<br><br>except in DR mafia I believe. Town wouldn't have gotten this far without the fight club reveal and open information shared by AB and Pau.Ty4on. |

| 2828<br>Splinter<br>09-15-2015<br>07:39 PM ET<br>(US) | /m2826<br><br>If Rest had claimed today (and survived) then Despair would have known to avoid him, and his power would become useless. | 2896<br>Ty4on<br>09-17-2015<br>10:00 PM ET (US) | I barely know anything of MGS' plot, but I still wonder how the hell you could be reading a book with a crazier story for him to make fun of :P<br><br>I hear you with the stress. I thought after waking up early this morning that I'd be fast asleep now, but I've somehow been awake for almost 19 hours now. |
| 2897<br>Ty4on<br>09-17-2015<br>10:07 PM ET (US) | Corn, I remembered it! I actually took it into account, but I went into full WIFOM and rushed to the conclusion it was a half hearted way of distancing yourselves as the vote was by no means final.<br><br>Basically "I think Corn is Despair!"<br>*reads your vote against Splinter*<br>"That doesn't make any sense. Clearly this is wrong, not my theory" |
| 2898<br>Pau<br>09-17-2015<br>10:18 PM ET (US) | I'm reading one of the Vorkosigan novels. Very good sci-fi adventures! But the covers are TERRIBLE so Kark laughs at me. ;-; Meanwhile MGSV is objectively bad.<br><br>YNNNY have you done NaNo before? It's so hard! :c I've stuck to just reading a lot of books each year. What are you planning on writing about? :o |
| 2899<br>Kristoffer<br>09-17-2015<br>10:26 PM ET (US) | I think it's very obvious that Swamped and Flush are both acting desperately. I expect this game to wrap up pretty swiftly. |

I have to agree with paupau there. yesssh~<br><br>I HAVE! i have completed NaNo with GAFnanobros/sis last year!!! :D it was hard ;___; i almost hated writing by the end of it so that wasn't a very good feelsies but i think i failed at planning it out... maybe if i plan better this year i wouldn't be so frayed at the 3rd week mark >___<<br><br>last year i wrote period romance :> with supernatural elementz~ (kinda like jane austen ish. yesh yeeny has terrible taste in literature >___< dun judge~) i think i wanna do something different this year but i haven't gotten any good ideas yet, so ... wanna read something new to help inspirashun :3 |
| 2901<br>Pau<br>09-17-2015<br>10:54 PM ET (US) | Wow, I'm impressed! I've always failed! Are you considering going back and editing it to try to publish? Or is this more for fun?<br><br>No no I love Jane Austen! I want Kark to dress up Dr. Darcy for me but he doesn't want to! ;____;<br><br>The Vorkosigan Saga actually has one novel that's basically a period romance in space! But it's pretty far along the series. If you want to start with it, you should start with Cordelia's Honor.<br><br>If you need anyone to bounce ideas off of, let me know! |
| 2902<br>ynnny<br>09-17-2015 | /m2901 ... i won nano but didn't finish the story. so ... a long, long, long away from even dream of publishing it ;___; |

| 2912 Launchpad 09-18-2015 02:11 PM ET (US) | Oh, he knows. I tried to tell him that their role PMs may not be identical, but he knows what'll happen. |
| 2913 Launchpad 09-18-2015 02:16 PM ET (US) | I think Despair is going to have to somehow activate that to have a chance at winning. But, since RF is the hot topic today and they said they'd be going after one of the Lucky Students soon, they may just pull this off. |
| 2914 Ourobolus 09-18-2015 02:20 PM ET (US) | But the PM will tell them what happened, right? They'll know who to lynch. I guess it gives Despair a free day if they want to go after him. |
| 2915 Launchpad 09-18-2015 02:21 PM ET (US) | A free day, and a hopefully free mis-kill, if the Lucky Student is lynched. |
| 2916 Kristoffer 09-18-2015 04:21 PM ET (US) | Because town ALWAYS tests BP claims, right Ouro? |
| 2917 Ourobolus 09-18-2015 04:26 PM ET (US) | You all suck. |

| 2920 Kristoffer 09-18-2015 05:10 PM ET (US) | Hey Launch, do you think it was a bad idea to give rulebreakers limited watcher powers? Honest question. |

| 2922<br>Rest<br>09-18-2015<br>06:46 PM ET (US) | You know, I actually almost joined Crab that day he called Makai dead weight. I was so close to switching my vote when I read that post, with this development, I kind of regret I didn't. I think we could have lead that bandwagon into town. |
| 2923<br>CornB<br>09-18-2015<br>07:46 PM ET (US) | Yeah, I almost considered it too Rest. But I think that was early in the game and I still felt Crab might have been Despair. |
| 2924<br>Absolutbro<br>09-18-2015<br>08:57 PM ET (US) | "Hey guys, it's down to these two people, if the one we kill flips Hope, we should turbo the other, right?"<br><br>"Fuck that, let's test kill one of our 'bulletproof' mason pair!"<br><br>Hope, I am disappoint. |
| 2925<br>CornB<br>09-18-2015<br>09:26 PM ET (US) | Yeah idk what the fuck Hope is thinking. Goshujin has been really solid though, mostly because he quoted my post with my "final Despair" list. And wanted to follow it.<br><br>I also don't get why nobody seems to find Royal's post against Swamped convincing. It is super solid list. It would have convinced me to vote for Swamped in a heartbeat. |
| 2926<br>CzarTim<br>09-18-2015<br>10:27 PM ET (US) | thanks launchy |
| 2927<br>CzarTim<br>09-18-2015<br>10:30 PM ET (US) | it's always easier to judge people's alignments when you know the answer. The only thing I don't understand is why they are discussing it so much when they should be turboing everyone not confirmed town |
| 2928<br>Corn<br>09-18-2015<br>10:32 PM ET (US) | Czar, true. But I wouldn't have ever voted for royal. I pretty much had it figured out before my death. You can see my post that goshu quoted.<br><br>Makai is losing this game for Hope. Or at least making victory uncertain. Has he had a single accurate read the whole game? |
| 2929<br>Sorian<br>09-19-2015<br>12:26 AM ET (US) | /m2928 I think he read Tim as despair after crab died. |
| 2930<br>CzarTim<br>09-19-2015<br>01:19 AM ET (US) | no idea how he figured that out :( |
| 2931 | His biggest targets have been the doctor, the role cop, and the limited watcher. |

| 2932 Launchpad 09-19-2015 12:02 PM ET (US) | /m2920 A little. I regret making my game so damn complicated, and the watcher abilities has definitely sped things along, perhaps more than it should have. However, I'm feeling like things have evened out a bit since those earlier phases.<br><br>/m2926 huh?<br><br>/m2929 looooool |
| 2933 CornB 09-19-2015 04:07 PM ET (US) | I actually did sort of like how town was essentially divided into fight club and non-fight club members. |
| 2934 Royal_Flush 09-19-2015 05:16 PM ET (US) | Hi guys :)<br><br>I just hope they remember my final read on Makai. But Jesus, that guy plays aggressive. Can the two win with town? |
| 2935 Corn 09-19-2015 05:23 PM ET (US) | Royal I knew you were town. For so long. Fuck your post against swamped was great. Too bad town didn't see to care. |
| 2936 Royal_Flush 09-19-2015 05:29 PM ET (US) | Swamped played absolutely ace. If not for mechanical reasons I had never ever suspected her. Heck, even after my read post I wasn't sure myself because there only were small clues. Without *Splinter (sorry to say this) I maybe would have fixated on getting kingkitty as the only other possible killer lynched. |
| 2937 Hyperactivity 09-19-2015 07:34 PM ET (US) | Launchpad, tell us what's going on in the scum thread<br><br>Are they discussing a makai kill? |
| 2938 CornB 09-19-2015 08:07 PM ET (US) | I wish I could see the scum thread. I want those juicy juicy inner workings. Plus I was apparently laughed at a lot. |
| 2939 CzarTim 09-19-2015 08:12 PM ET (US) | they are going to kill TB. |
| 2940 CornB 09-19-2015 | Yeah I'd probably go after the confirmed towns myself. Makai has a bad track record. A case could be made against him. |

| | |
|---|---|
| 08:21 PM ET (US) | |
| 2941<br>CornB<br>09-19-2015<br>08:33 PM ET (US) | Though TB would have been my last choice. Probably would have chosen Zipped. |
| 2942<br>Rest<br>09-19-2015<br>08:33 PM ET (US) | /m2923 I was convinced that Crab was Despair, and I didn't even care. I didn't trust Makai, and he did annoy me every once in a while. I also though about telling Crab I was thinking of joining him, but with you too I know we would have killed him. If only, if only. |
| 2943<br>Hyperactivity<br>09-20-2015<br>07:30 PM ET (US) | Today and tonight are despair's last chance to go after makai or kingkitty |

| 2945<br>Rest<br>09-20-2015<br>07:42 PM ET (US) | These days are getting so short. I bet they turbo Swamped in just few hours. |
| 2946<br>Rest<br>09-20-2015<br>07:45 PM ET (US) | Wow, I can't believe Makai did that. I guess he doesn't want to be lynched. |

| 2970<br>CornB<br>09-20-2015<br>10:11 PM ET<br>(US) | Christina has also done a very good job, especially for how late she came into the game. She and Swamped are definitely people to be wary of in future mafia games. I don't know how either would play as town (did they play in previous games), but they clearly can play "scum pretending to be town" well. Honestly if AB hadn't cleared Terrabyte and Zipped, I'd probably have thought those two Despair before I ever thought Swamped or Mackenzie.<br><br>AB wins town MVP. |
