1201 Neuromancer 08-24-2015 04:21 PM ET (US)	/m1193 you were wrong about me too ;)
1202 Blargonaut 08-24-2015 04:22 PM ET (US)	/m1196 #xanatos
1203 Fireblend★ 08-24-2015 04:23 PM ET (US)	/m1200 I tried to but didn't get anywhere near solving them. I remember spending some time reading about rhas before giving up on figuring it out lol. Also, I'm really starting to be suspicious of Flame. Just a hunch.
1204 Blargonaut 08-24-2015 04:27 PM ET (US)	@Neuro: I may have been 100% wrong, but I was 100% "right" <i>Cthulhupastaaaaaa</i> oooOoOOOOooOooOOOoo
1205 Sorian★ 08-24-2015 04:27 PM ET (US)	/m1203 There is no way that someone didn't attempt to kill Flame last night so he is either Cult now, was NK immune either because of a strong town or Cthulhu cult PR, or there is another doctor out there. I did just take a look at my cult message board and noticed that the person who sent out our kill command was extremely happy so maybe we did that night kill. Idk since there is so little discussion in there. /m1201 He knew you were a mageling that disappeared. Sounds spot on to me :P
1206 Blargonaut 08-24-2015 04:28 PM ET (US)	hmmm I just triggered my own tryphobia with /m1204 ...
1207 Sorian★ 08-24-2015 04:30 PM ET (US)	Brb, collecting tryphobia images to throw Blarg off his game in the next mafia run I do with him.
1208 Karkador★ 08-24-2015	/m1206 god damn it

1209 Soriana★ 08-24-2015 04:42 PM ET (US)	<p>"But he knew something about Soriana. Not sure if Soriana was a neutral, cultist, or super PR of some sort, Soriana probably did not have an ordinary role. He could've even been an insane tourist, given all those "I'm pretty sure I'll be night killed soon" statements."</p> <p>Nah bro, LoC knew shit about me. And all my "I'm pretty sure I'll be night killed soon" statements were just truth. I was a player that wasn't going to be lynched anytime soon so the cult was going to have to knock me off at night eventually to remove me from the game.</p>
1210 Burbeting 08-24-2015 05:02 PM ET (US)	Really changing my opinion every hour if my possible mafia should be Adventure Time or JRPG's. Harry Potter etc themes are too boring after making five games out of that.
1211 Soriana★ 08-24-2015 05:05 PM ET (US)	I would be in so hard on a JRPG themed mafia.
1212 Coppa 08-24-2015 05:10 PM ET (US)	/m1211 Would you be prepared to wait your turn to post until all the enemies had taken theirs?
1213 Soriana★ 08-24-2015 05:16 PM ET (US)	/m1212 Yes, I would also be prepared to save up my limit break and use it at the complete wrong time.
1214 Soriana★ 08-24-2015 05:19 PM ET (US)	<p>"The issue there is, and this has been kind of bugging me all game, is there another faction at play here? We know we've got cultists, sure, but i get the nagging feeling that there's some other faction pulling the strings. Seems very odd to me that two cultists are already down. Could be nothing, though. "</p> <p>BOOO BOOO GO AWAY GO AWAY!!!!</p>
1215 Soriana★ 08-24-2015 05:27 PM ET (US)	I'm kind of amazed that anyone entertained the thought that Neuro and I would be returning to the game. I mean, I know I asked for no one to drop a hint that either of us were in the dead thread but idk, it always seemed like a silly assumption to me.
1216 Coppa 08-24-2015 05:53 PM ET (US)	/m1215 It is kinda crazy to entertain that idea... I'm not sure where it came from. That said, wouldn't it be crazy if the cults both disappeared themselves entirely? Like the game ended and was literally only tourists in the first post.
1217 Soriana★ 08-24-2015	/m1216 If any cultist ever used that delete from existence power then their team deserves to lose immediately. Only a tourist should be using that. Charleston brought up the idea btw which is why I still suspect him. It's so off the wall that I feel like it's a cultist jedi mind trick.

05:55 PM ET (US)	
1218 Ourobolus★ 08-24-2015 06:40 PM ET (US)	Why did I decide to walk home 7 miles in the heat
1219 Soriant★ 08-24-2015 06:56 PM ET (US)	I still think Droplet is the vigilante and is just playing dumb. I could be wrong about her but I just don't know who else it could be. Rats was likely as well but I feel like he would have just offed Coppa on his own if that was the case and I know for fact that it isn't Flame.
1220 Soriant★ 08-24-2015 08:04 PM ET (US)	Nin getting the book on day 3 was a dream come true. I'll forgive the bad RNG of neuro getting it day 2.
1221 Coppanuva 08-24-2015 08:08 PM ET (US)	/m1220 Wait why... cause he didn't do anything? Or cause it's beneficial to your cause?
1222 Soriant★ 08-24-2015 08:13 PM ET (US)	Cause they think he is town now. Upupupu
1223 Coppanuva 08-24-2015 08:16 PM ET (US)	...WHY ARE THE ONLY PEOPLE WHO SUPPORTED ME CULTISTS?!
1224 Soriant★ 08-24-2015 08:18 PM ET (US)	It made us look good when you were obviously going to flip town :P
1225 Coppanuva 08-24-2015 08:19 PM ET (US)	Yeah I guess... sigh.
1226 Soriant★ 08-24-2015 08:24 PM ET (US)	Cthulhu game is great now, it's basically turning into a trust no one scenario, I love it.
1227 Soriant★ 08-24-2015	What are Makai and Terra doing? Jesus.

09:19 PM ET (US)	
1228 haly★ 08-24-2015 09:39 PM ET (US)	I'm working on my setup. Going to do it semi-open and give out the entire pool of roles so I'm just coming up with random shit. Still nothing as silly as my Jakov and Cadillac claims though, kappa Edited 08-24-2015 09:39 PM
1229 Soriana★ 08-24-2015 09:42 PM ET (US)	Cadillac claim was the best though.
1230 haly★ 08-24-2015 09:43 PM ET (US)	Want to buy a car, Soriana?
1231 Soriana★ 08-24-2015 09:45 PM ET (US)	No thank you, I'd love to test drive though and waste your time.
1232 roytheone★ 08-25-2015 07:10 AM ET (US)	Not much is happening in the threads today. -dangapapa is still trying to decide if they want to lynch Czar now or if they first want to talk about something else. -Squid monster island is still trying to wrap their head around the rules and gimmicks of their game. -Archer guys are probably still running around with no shirt on screaming: We actually got one! WE ACTUALLY GOT ONE!
1233 Soriana★ 08-25-2015 07:22 AM ET (US)	Squid monster island is just making up rules at this point.
1234 Coppa nuva 08-25-2015 11:25 AM ET (US)	/m1233 Yeah that just seems like it's going to make town lose even more, too much focus on that and not enough on actually using what they know to find a lynch candidate
1235 Ourobolus★ 08-25-2015 11:32 AM ET (US)	At this point, I hope Gorlak decides to kill Darryl on the mission rather than Mike doing his silent kill. Squidy will stay alive, but suspicion will be on the three on the mission, and Darryl's read on Gorlak will be moot since he'll be dead.
1236 Soriana★ 08-25-2015 11:35 AM ET (US)	Suspicion will automatically go to Mazre or Gorlak and I doubt Palmer will let them lynch Mazre. I feel like it's lose/lose for KGB at this point. /m1234 I don't even know who they should hone in on at this point. Flame because he's been acting shady? Charleston because of past suspicions? WorthyEdge because of lack of activity/interest?

1237 roytheone★ 08-25-2015 11:43 AM ET (US)	/m1236 yeah, as soon as Darryl ends up dead, Mazre, Palmer, Squid, Ezekel and everybody else that knows about Darryl being the cop will just point to Gorlak and he still dies. That will leave the KGB with two relatively inactive members that both are also already being suspected by a lot of people. KGB will have an incredibly hard time to still win this. Who would have thought that after those first two cycles of disaster for us ISIS :)
1238 Soriant★ 08-25-2015 11:47 AM ET (US)	Mike is dead whenever YNNNY feels safe to speak up on him and he will be useless for the rest of the game anyway since she will probably continue to block him. Gorlak is done after tonight in most scenarios. Who was the last one? Quantum? I guess there is nothing solid on him yet but he is only days away with all the suspicion levied on him already, there is nothing concrete though, he may last for a bit longer.
1239 Soriant★ 08-25-2015 11:50 AM ET (US)	Squidy's attract is one shot I assume? It would be fun if KGB didn't submit a kill tonight. Squidy hinted at it enough that it would be reasonable to assume that they know he is a lightning rod.
1240 roytheone★ 08-25-2015 11:53 AM ET (US)	Quantum is the last one yes, he is just a normal drone. But what town then hopefully is going to do, is send a new set of four people on every mission. Then if somebody dies on a mission= know it is one of those four. If someone dies outside of the mission= know those four are safe. It will be pretty much impossible for Quantum to still win if they do that. Sure, he could refrain from killing someone while on the mission himself, but a no kill night would also be suspicious as hell. And he has to eventually start killing people in the night, and than he will prove some people to be certain town. He really is in a unwinnable situation then.
1241 Ourobolus★ 08-25-2015 12:02 PM ET (US)	/m1240 QB is the Honeypot (roleblocker) /m1236 True, Gorlak is probably hosed that way, but he's hosed if he doesn't do anything, too. At least killing Darryl will call into question his investigations, because at the least Darryl PM'd me to ask if Haly's framing was restricted by the mission. I told him to look at the PM and the rules and figure it out, since I wouldn't comment on PMs.
1242 Ourobolus★ 08-25-2015 12:03 PM ET (US)	/m1238 True, but she might be confused by squidy's attract command, especially if squidy doesn't die tonight.
1243 Soriant★ 08-25-2015 12:05 PM ET (US)	/m1242 I guess depending on how you wrote his role PM and if she doesn't understand the concept of a lightning rod then there could be issue but I imagine if squidy dies tonight, it should be pretty fast for everyone to understand what happened. Especially if they keep in mind what he said yesterday. Now if he doesn't die tonight, I could at least see some good confusion coming from that.
1244 Soriant★ 08-25-2015 12:08 PM ET (US)	I think KGB's downfall was because they didn't make use of the mission mechanic early on. I'm not sure if that was because of fear or just being too slow to get in there but it provided a safe haven for ISIS to communicate privately which gave them a huge edge. Sure, it put a lot of suspicion on Mazre but he has now seen all of the proceedings in there and can cut through bullshit like butter pretty quickly.
1245 roytheone★ 08-25-2015	/m1242 I guess the role block command will be before the attract command in the order of powers, right? Aka, if She would have targeted squidyj directly, the attract command would be blocked, but now nothing happens? Or would that still block the power of the person she targeted, and Squidyj would attract a "blocked" command

12:27 PM ET (US)	
1254 Soriant★ 08-25-2015 12:29 PM ET (US)	/m1253 RIP Corgi
1255 Ourobolus★ 08-25-2015 12:33 PM ET (US)	The fact that Mike keeps thinking about a 3rd doctor makes me want to stab him.
1256 roytheone★ 08-25-2015 12:38 PM ET (US)	/m1255 you should have totally made it series accurate and put in 3 backup doctors! (I don't actually know if there are three clones of Krieger, didn't got that far into the series, I base it solely on that clone-bone.gif :)
1257 Ourobolus★ 08-25-2015 12:45 PM ET (US)	I know I may have had some balance issues, but even I'm not that crazy. If I could change one thing, I would have made the Frammer unrestricted by the mission.
1258 Soriant★ 08-25-2015 12:48 PM ET (US)	/m1257 Fair and with the flavor text of the role, it makes sense, considering the framer isn't actually the one changing records.
1259 roytheone★ 08-25-2015 12:50 PM ET (US)	/m1257 I really, REALLY thought the KGB would have some kind of PR that would let them kill someone on the mission while none of them was on it. Would have been a good way for them to cause some confusion.
1260 Soriant★ 08-25-2015 12:52 PM ET (US)	/m1259 One shot but yeah I was expecting that as well.
1261 Ourobolus★ 08-25-2015 12:56 PM ET (US)	/m1259 I had considered it. Again, learning pains. Apologies to those who were a part of my experiment, but man, I've learned a ton if I ever end up moderating again.
1262 Soriant★ 08-25-2015 12:58 PM ET (US)	/m1261 Don't fret, your game was far from unbalanced.
1263 roytheone★ 08-25-2015	/m1261 no problem, in the end I think it was still a HUGE screw up of the KGB themselves to not go on any mission, that will be the main reason if they lose, not your game being unbalanced.

01:05 PM ET (US)	
1264 haly★ 08-25-2015 01:23 PM ET (US)	Yes, mea culpa. I thought I would draw too much suspicion. Too paranoid for my own good I should just yolo cause everyone else is yolo.
1265 Ourobolus★ 08-25-2015 01:24 PM ET (US)	/m1263 /m1264 Yes and no. Ideally there is an <i>optimal</i> strategy for the game, but the possibility needs to exist for something that still works, but isn't perfect. I don't blame Haly, shit happens, and I know I probably would have played just as defensively as he did. Edited 08-25-2015 01:24 PM
1266 Soriant★ 08-25-2015 01:25 PM ET (US)	/m1264 As the person who could screw up all investigations, it was probably super important for you to yolo right into missions and keep the kill outside of missions until they had investigated you. That could be hindsight bias though.
1267 haly★ 08-25-2015 01:29 PM ET (US)	That was my plan, but I was deathly afraid of a tracker/watcher seeing me target myself all the time, and then others. There are very few roles that can reasonably self target and target others. I was hoping they'd both go on the mission and fuck each other up. Edited 08-25-2015 01:30 PM
1268 roytheone★ 08-25-2015 01:31 PM ET (US)	I could have kept my mouth shut about El topo being skipped by Retro as revenge, but I am not that much of a dick :) Edited 08-25-2015 01:31 PM
1269 Soriant★ 08-25-2015 01:31 PM ET (US)	/m1267 Fair, the doctors died so fast too that you couldn't even have claimed to be a doctor that could self-protect and there aren't very many roles past that who could target themselves for any real reason.
1270 haly★ 08-25-2015 01:37 PM ET (US)	I had cyborg kriegler ready to go, and then FUCKING TOPO FUCK YOU!
1271 Soriant★ 08-25-2015 01:38 PM ET (US)	Topo was true neutral. Screwed up the game for both sides and made no real works towards his own win condition. Lolz.
1272 Ourobolus★ 08-25-2015 01:40 PM ET (US)	/m1271 lol, as much as wanted El Topo to win, he definitely played in a fun way before he went out. I still don't get his obsession with roy though. :P
1273	/m1272 People tend to obsess over me, It is a thing I get more often.

roytheone★ 08-25-2015 01:45 PM ET (US)	
1274 Soriant★ 08-25-2015 01:47 PM ET (US)	We should have obsessed over you in ONUW 3. I was such a fool.
1275 Soriant★ 08-25-2015 02:20 PM ET (US)	You know Fire, you make fun of me for voting randomly but it's better than Day 4 of cthulhu so far which Traube just made fun of :P
1276 Coppanuva 08-25-2015 02:22 PM ET (US)	Man that's... wow. This is why you don't kill the kings! (Not that I count myself in that group) It's just dull now.
1277 traube★ 08-25-2015 02:28 PM ET (US)	One player turned insane last night. Doubt anyone will even notice. lol
1278 Soriant★ 08-25-2015 02:29 PM ET (US)	Willing to tell us what insanity does? I wanna know! Edit: Also Flame moving things along finally. Let's see if this train can start moving. Edited 08-25-2015 02:30 PM
1279 traube★ 08-25-2015 02:32 PM ET (US)	I'd lmao if Edge gets lynched because no one else votes. No I will not tell you what it does and who got turned. Should have been more extreme about it in hindsight.
1280 roytheone★ 08-25-2015 02:33 PM ET (US)	aaaaah, I remember the times that Archer was both the most boring and least successful thread of the three. How the tides have turned.
1281 Soriant★ 08-25-2015 02:35 PM ET (US)	/m1279 Don't say that Traube. Don't really care who got turned and I will continue to assume that someone who is temporarily insane is not allowed to post today. :P Regardless of what insanity does, I'm curious, was I immune to the effects because I was already insane?
1282 Soriant★ 08-25-2015 02:41 PM ET (US)	Actually I guess everyone who is alive has posted so that theory is out. Post number restriction then maybe. I'm grasping here.

1283 traube★ 08-25-2015 02:47 PM ET (US)	There is no game mechanic to stop a player from posting. Besides lynching of course. Also no restrictions on post numbers or voting. Edited 08-25-2015 02:47 PM
1284 Soriant 08-25-2015 02:58 PM ET (US)	Lol watch them turbo Edge because no one has any other plan of attack.
1285 haly★ 08-25-2015 03:09 PM ET (US)	Nah, there's a role called "Silencer", that removes the ability to talk the next day. But no one uses it because it's Anti-Fun™.
1286 Soriant 08-25-2015 03:13 PM ET (US)	SILENCE: Blargonaut
1287 roytheone★ 08-25-2015 03:24 PM ET (US)	/m1286 there is actually also a silencer role in some ONUW variants. In real life that would mean you can only gesture, somebody proposed the idea that if retro would add that role, that person could only post pictures :) Edited 08-25-2015 03:24 PM
1288 haly★ 08-25-2015 03:25 PM ET (US)	Ezekel would rock at it.
1289 haly★ 08-25-2015 03:25 PM ET (US)	If I put a silence role in a game, I'd include the stipulation that every picture must be of a corgi. Edited 08-25-2015 03:26 PM
1290 Soriant★ 08-25-2015 03:25 PM ET (US)	I would just post reaction gifs all day.
1291 Soriant★ 08-25-2015 03:29 PM ET (US)	Something about Retro's posting is different today than it was when I applied pressure to him the first time. I'm not in the game so I'm not going to do extensive research to validate my point but I would be pushing him a lot more today.
1292 haly★ 08-25-2015 04:02 PM ET (US)	He's tired and also running ONUW on the side.
1293	/m1292 Nope, he seems more eager to post, not less eager. Someone said something

<p>Sorian★ 08-25-2015 04:07 PM ET (US)</p>	<p>that got him defensive. It's very slight and maybe I'm seeing things but the style changed.</p> <p>Edit: This isn't necessarily a call that he is scum btw, it might be him reacting to info he got from a PR.</p> <p>Edited 08-25-2015 04:09 PM</p>
<p>1294 Burbeting 08-25-2015 04:42 PM ET (US)</p>	<p>So in scale between 0 to 10, how dead is Squid?</p>
<p>1295 Sorian★ 08-25-2015 04:46 PM ET (US)</p>	<p>/m1294 There is only one scenario where he does not die.</p>
<p>1296 Ourobolus★ 08-25-2015 04:52 PM ET (US)</p>	<p>/m1294 squidy survives one of two ways: 1) Gorklak performs the KGB kill 2) QB roleblocks squidy</p> <p>Edited 08-25-2015 04:53 PM</p>
<p>1297 Sorian★ 08-25-2015 04:57 PM ET (US)</p>	<p>Oh boo, keep forgetting about Gorklak doing the kill. I just don't think he will at all but true.</p>
<p>1298 Ourobolus★ 08-25-2015 05:03 PM ET (US)</p>	<p>Based on their chat, I actually think they're gonna go that route.</p>
<p>1299 Sorian★ 08-25-2015 05:08 PM ET (US)</p>	<p>lol ok RIP Gorklak. I guess I'll eat crow if they can actually pull off a lynch on Mazre to delay the inevitable.</p>
<p>1300 Ourobolus★ 08-25-2015 06:58 PM ET (US)</p>	<p>oh thank god. Gorklak is gonna kill Darryl. This should be interesting.</p>
<p>1301 Sorian★ 08-25-2015 08:00 PM ET (US)</p>	<p>Did Darryl open up mission night 4 by saying he was the real investigator?</p>
<p>1302 Ourobolus★ 08-25-2015 08:06 PM ET (US)</p>	<p>He opened up Mission 1 with that, lol.</p>

1303 Sorian★ 08-25-2015 08:13 PM ET (US)	I know, I was just wondering if he did it again for the only new person in the room.
1304 Sorian★ 08-25-2015 09:32 PM ET (US)	Rats is going to be so pissed when he finds out I'm mafia. Top fucking lel.
1305 Sorian★ 08-25-2015 11:28 PM ET (US)	Oh fuck you Tim.
1306 Zubz 08-26-2015 12:00 AM ET (US)	I mean, they might catch on that Squidy isn't ACTUALLY the Cop, right? Right? ... But yeah. Unless we get lucky, he's dead.
1307 Sorian★ 08-26-2015 12:03 AM ET (US)	Everyone knows Squidy isn't the cop.
1308 Sorian★ 08-26-2015 12:24 AM ET (US)	I just had an epiphany in the bathroom (where all the good epiphanies happen). Timeaisis is the town vigilante. He tried to subtly bring up the the possibility of two factions during this day phase after a night where only one kill occurred. My cult killed LoC, the cthulhu cult turned someone insane, and Timeaisis got blocked somehow. With only one death and it being someone within the cult that they know about his only conclusion to make was that there had to be a third faction performing night kills. That's my strong guess at this time. Unfortunately, I don't actually know if my cult targeted LoC or not since no one posts on that forum so this is based on that assumption.
1309 traube★ 08-26-2015 03:23 AM ET (US)	Still assuming that there are only two cults, Sorian?
1310 Ourobolus★ 08-26-2015 07:06 AM ET (US)	/m1306 they already sent in the kill for Darryl, so they'll figure it out.
1311 roytheone★ 08-26-2015 07:35 AM ET (US)	/m1310 my prediction for day 5 of Archer: -Daryll dies and flips cop -Squidyj will quickly realize why he still lives and explain his power -There will be some confusing about what happened, but with squidyj his PR explanation that will quickly die down, only Septimus will still be confused like always ;)

	<p>-Palmer, mazre, ezekeel and everybody else that knows about Darryl his reads will give them to the group and support each other so that it will be taken as granted. - Gorlak will be lynched, because Mazre and Ezekel are now confirmed town.</p>
<p>1312 El Topo★ 08-26-2015 08:06 AM ET (US)</p>	<p>Realistically mafia are screwed in the Archer game. Wouldn't bet on them right now, even if they get rid of the cop.</p> <p>If they really get Darryl, I don't see a chance for squidyj to get out of this, unless they decide to throw reason away. That looks way too similar to the classical "Mafia pretends to be cop and gets rid of one of his own to obtain the trust of town" move. Edited 08-26-2015 08:47 AM</p>
<p>1313 Ourobolus★ 08-26-2015 08:52 AM ET (US)</p>	<p>"unless they decide to throw reason away"</p> <p>I think they're pretty past that at this point.</p>
<p>1314 Ourobolus★ 08-26-2015 08:57 AM ET (US)</p>	<p>Honestly, while KGB is pretty screwed, Town as a whole has made some really weird arguments and decisions so far. Squidy's play, while pretty impressive, really shouldn't have even been considered given the multitude of fuck-ups he made while claiming. Nobody should have believed EzekelRAGE's ridiculous "I'm totally un-night-killable" role claim, either.</p> <p>A lot of reason why they are where they are is really through some hardcore luck, notably YNNNY's roleblocking and squidy's wild guess. Edited 08-26-2015 08:57 AM</p>
<p>1315 roytheone★ 08-26-2015 09:05 AM ET (US)</p>	<p>I don't think they will go after Squidyj, at least not yet on day 5. Gorlak will be a much safer choice, with darryl dying and palmer/mazre etc. able to confirm everyone else on that mission was town.</p> <p>Also, I never believed Ezekel his claim fully, I even got called "suspicious" by someone (forgot who) because I doubted his claims :)</p>
<p>1316 Soriant 08-26-2015 09:24 AM ET (US)</p>	<p>/m1309 I am most definitely still using that assumption. I feel that someone would have went insane earlier if there were more than two cult. Also the kills I've attributed to a vigilante would have been impossible since Darryl got killed on night 2. So 3(?) cults and a vig? Nah</p>

08-26-2015 09:42 AM ET (US)	
1321 Ourobolus★ 08-26-2015 09:43 AM ET (US)	It's hilarious.
1322 Soriant★ 08-26-2015 09:45 AM ET (US)	/m1321 *heavy sigh* God forbid they try to communicate outside of the main thread before doing these things. If only they had some secret forum somewhere out on the internet where they were allowed to talk to each other.
1323 Coppauva 08-26-2015 09:52 AM ET (US)	Wait is twe also cult? Hahaha oh man. Though if he is, the town players don't seem to want to attack since they've been at each other's throats
1324 Soriant★ 08-26-2015 09:58 AM ET (US)	/m1323 No real reason not to bring it up so that everyone can enjoy the shit show. My only partners are Edge and Nin. Both of them are PRs while I was just a regular cultist since I got recruited later. If you remember, Edge replaced Capitan so one of our cultists to kill was actually someone who was just 100% inactive which still surprises me lol
1325 Soriant★ 08-26-2015 10:32 AM ET (US)	I think I'm in real life physical pain reading this exchange.
1326 El Topo★ 08-26-2015 10:47 AM ET (US)	/m1314 Not to mention lynching Cate Archer. :P
1327 roytheone★ 08-26-2015 10:48 AM ET (US)	So what are nin and edge doing? Do they suspect one of them is going to be lynched today anyway, so by going against each other this way they think that the surviving person will get some town points? Also, if they really haven't planned this on their side forum and are just winging it, I don't even know what to say..... EDIT: And I have NO idea what edge is doing now by doubling down on his box/book mistake a bit. "A box makes more sense because it is RNG!" WHAT????? Also, I don't even follow squid monster island very intensively, and even I knew that it was a book and not a box. Edited 08-26-2015 10:54 AM
1328 Soriant★ 08-26-2015 10:54 AM ET (US)	/m1327 They were/are winging it. Our side forum has basically just been Nin yelling into the wind for the past few days. Even getting Edge to talk when I was alive was a chore. They did both finally post something over there though. Here is the exchange: Nin1000: "Well , fuck my cult members ! This has gotten personal now ! If you want this game to end early , you shall have your wish come true ! " Edge: "Oh cmon Nin! Don't take this personally lol. It's a fun game of mafia. One of

	<p>us is going out today and the best thing is that it's by one another's hand. Lol"</p> <p>Nin is now yelling into the wind again by berating Edge for bad play. As I said, I am in real life physical pain reading all of this exchange lol</p>
<p>1329 roytheone★ 08-26-2015 10:56 AM ET (US)</p>	<p>/m1328 how many members does the other cult still have? I have the feeling squid monster island could end rather soon.....</p>
<p>1330 Soriano★ 08-26-2015 10:57 AM ET (US)</p>	<p>The only good that can come from this is Edge keeps digging a hole trying to explain away the fact that he hasn't been paying attention to the game at all so his vote on Nin will mean less. Maybe, I'll get lucky and they'll just flip it back on Edge and lynch him without any other real cases, find that he flips cult, and Nin stays safer for a few days. Would have rather they didn't do whatever this is though.</p>
<p>1331 Soriano★ 08-26-2015 10:59 AM ET (US)</p>	<p>/m1329 I don't know anything about Cthulhu cult. My guess has always been they started with 3 and my cult started with 2. I don't think they've recruited anyone yet based on deaths and Traube telling us when temporary insane cultists have happened so they should still be at their original number. So one cthulhu cult and 2 of my cult is my guess.</p>
<p>1332 Soriano★ 08-26-2015 11:36 AM ET (US)</p>	<p>My head hurts, I'm assuming Edge didn't pay attention to the fact that the book moves to a new player each night too.</p>
<p>1333 traube★ 08-26-2015 11:43 AM ET (US)</p>	<p>Feeling sorry for nin. Did not have much luck with his partners. I am afraid they will go after whoever is not lynched of those two tomorrow.</p>
<p>1334 Coppa Nova 08-26-2015 11:44 AM ET (US)</p>	<p>/m1331 Oh man that sounds hilarious. Please tell me we're going to get the links to the cultist chat threads after this game ends.</p>
<p>1335 roytheone★ 08-26-2015 11:44 AM ET (US)</p>	<p>Edge bumbling about how the "box" works is completely baffling, I know he is a replacement, but at least read the earlier posts! He even has a private forum to ask questions in about the mechanics of the game, this just draws more attention to him.</p> <p>BTW, I was thinking about the squid monster island game, and with the two cults, could this situation happen?:</p> <p>1 tourist, 1 cult A, 1 cult B left. Tourist gets lynched, Cult A and Cult B guys might kill each other-----> Everybody is dead, nobody wins!</p>
<p>1336 Coppa Nova 08-26-2015 11:45 AM ET (US)</p>	<p>Ohh I just realized there's really not many town points to earn in this scenario... either of them die, and town learns about Cult 2's existence. Even if they're arguing against each other there's still a logical guess that one of them was from Cthulu's cult.</p>
<p>1337 Soriano★ 08-26-2015</p>	<p>/m1333 I was a good partner ;_;</p> <p>Vig will kill the other one tonight probably RIP.</p>

11:47 AM ET (US)	<p>/m1335 That's probably why there is the RNG mechanic that sometimes sacrifice can kill and sometimes it can cause insanity.</p> <p>/m1336 Yup, there was literally no reason for this gambit. The longer they didn't know about the second cult, the better. Our position was fine until this happened. Edited 08-26-2015 11:48 AM</p>
1338 Coppanuva 08-26-2015 11:52 AM ET (US)	<p>/m1335 even worse since he's been in since day 2 I believe. He's had plenty of time to read up and understand it or ask questions at this point.</p>
1339 roytheone★ 08-26-2015 12:02 PM ET (US)	<p>So basically both the squid monster island cults are in deep trouble (kinda depending on who the last remaining Cthulhu cult is), KGB is also in trouble in the Archer game (yeah, get wrecked Russian bastards!), so how are the evil despair teddy bears doing in the Dangapapa game? This could become a pretty sad season for the mafia side. Edited 08-26-2015 12:03 PM</p>
1340 Ourobolus★ 08-26-2015 12:08 PM ET (US)	<p>/m1339 I think Despair is doing pretty well actually. Granted, one of their abilities is ridiculous.</p>

1343 Soriant★ 08-26-2015 01:32 PM ET (US)	<p>Finally, KGB doing something logical.</p>
1344 roytheone★ 08-26-2015 01:40 PM ET (US)	<p>/m1342 will that actually change much now that the kill command is used on a mission? The only thing it will now do is give hobo the results of the person he is actually going to watch, instead of seeing squidyj going crazy. yeeny is going to block matt again, but matt is not going to do anything this night anyway, so that doesn't matter much.</p>
1345 Soriant★ 08-26-2015 01:42 PM ET (US)	<p>/m1344 It will also allow Squidy to use his attract command on a different night I believe which means he probably won't reveal that he was a lightning rod.</p>
1346 roytheone★ 08-26-2015	<p>/m1345 he has to claim something, because he claimed he would use a power tonight that would kill him. Now that he will still live in the morning, he has to come up with something (he could just say he was probably role blocked though).</p>

01:47 PM ET (US)	
1347 Ourobolus★ 08-26-2015 01:52 PM ET (US)	/m1344 I think you mean Mike. :P Anyway, yeah, Hobo hasn't submitted a target yet, but I imagine he'll probably target squidy anyway. So we'll see.
1348 Soriant★ 08-26-2015 01:55 PM ET (US)	/m1346 It depends on what information, if anything, he will get back from Ouro. If he doesn't realize he was role blocked, he'll just assume his power worked but the killer was on mission team, which is true.
1349 Ourobolus★ 08-26-2015 01:59 PM ET (US)	He won't get a notification if he is blocked.
1350 Soriant★ 08-26-2015 02:07 PM ET (US)	His attract was a one shot deal right? If it's blocked then does he just lose it?
1351 Soriant★ 08-26-2015 04:36 PM ET (US)	Can someone help me out here? I'm trying to understand Tim's role information: "Once per game, during the day phase, you can choose to 'override' a vote by posting in the game thread CLOSING ARGUMENT: <player name>. This will do several things, the most important of which is that it will sentence the player you've chosen to be punished. If the day is not yet over, it will end immediately. If the day has ended, if the override is used before the day summary is posted, the player with a majority or plurality will not be punished. Instead, the player you've chosen will be punished. However, you will immediately be announced as being a Remnant of Despair." Does this mean he only gets outed as a remnant of despair if he uses the override between the end of day but before the summary? Edited 08-26-2015 04:38 PM
1352 Ourobolus★ 08-26-2015 04:46 PM ET (US)	No. It would out him whenever he used it.
1353 Soriant★ 08-26-2015 04:50 PM ET (US)	That is awkwardly written then, I blame Launch. <3 you Launch
1354 Coppauva 08-26-2015 06:49 PM ET (US)	Yeah it reads like what Soriant thought to me too. In the future I'd write it as a paragraph break and then "In both cases, using this power will immediately announce you as a remnant of despair."

1368 CzarTim★ 08-27-2015 09:22 AM ET (US)	yeah, all of them were on our radar too. We had bigger plans for Kalor, AB had been tied to you-know-who as an awol vet so we kept him in, Salva we almost killed but he was right about the other you-know-who and that person wasn't going to be around to defend themselves day 2 (though it obviously wouldnt have mattered) if it makes you feel better, killing you was a huge error and might cost us the game, so your death was beneficial to town.

1429 Soriano★ 08-27-2015 06:22 PM ET (US)	/m1428 Someone asked and then squidy lied(?) and said he can still use the power 2 more times and because it didn't work last night, he still wanted to keep it a secret so as to not tip off the KGB.

1431 Soriano★ 08-27-2015 06:37 PM ET (US)	Mike already back pedaling on that bus: "I've voted for him because of the evidence that we have. But why would he risk it? It's his first night phase & his first mission (he knew how they run because he was fairly quick on the volunteering last day) Everyone knows that killing anyone in mission is a suicide. Did he did it as a suicide? Or did Mazre or EzekelRAGE pinned it on him. If anyone pinned the death on Gorklak it would be Mazre imo, since Eze seems to be archer. " If you are going to Bus, go all in, none of this halfway non-sense.

1434 Darryl 08-27-2015 06:48 PM ET (US)	So mafia is quantum, mike, gorlak, haly?
1435 Soriana★ 08-27-2015 06:48 PM ET (US)	Correct, Quantum is roleblocker, Mike is ninja, Gorlak is just a goon.
1436 roytheone★ 08-27-2015 06:49 PM ET (US)	Quantum is also honeypot I think.

1439 Soriana★ 08-27-2015 06:58 PM ET (US)	You almost did. It's my understanding that Mike was going to submit the kill during early mafia discussions.

1446 Sorian★ 08-27-2015 07:18 PM ET (US)	There are two different cults in cthulhu. I was in one of them, yes, but I was like you, a lost partner, I got recruited night 1.
1447 haly★ 08-27-2015 07:18 PM ET (US)	No I'm not Mafia darryl. I had my card stolen by Salvapot.

1449 Sorian★ 08-27-2015 07:50 PM ET (US)	Looking pretty good for Edge to die. Oh well, I guess we made it long enough before everyone found out about us.
1450 Ourobolus★ 08-27-2015 08:06 PM ET (US)	KGB is so gullible when it comes to role claims -.-
1451 Sorian★ 08-27-2015 08:53 PM ET (US)	Are you going to modkill Seath?
1452 franconp 08-27-2015 08:58 PM ET (US)	/m1448 Who is LP? I have another name in my list.
1453 Ourobolus★ 08-27-2015	/m1451 I'm debating it. I technically have Lone_Prodigy on the list, but I think putting someone in Seath's role, one that he's roleclaimed and basically has no voice in the debate...I don't think it's really fair. Or fun.

09:01 PM ET (US)	
1454 haly★ 08-27-2015 09:15 PM ET (US)	Just modkill Seath. The role is basically compromised and Town is about to clean up anyway.

1456 Ourobolus★ 08-27-2015 09:26 PM ET (US)	He told the truth. Conway Stern, Mercenary. Unaligned. Needs to get Archer killed by voting to win.

1461 Sorian★ 08-27-2015 10:05 PM ET (US)	If you had survived one more day, you would have been scum too. I put you in their sights before I was removed from the game.
1462 Coppanuva 08-27-2015 10:06 PM ET (US)	Edge only has himself to blame here for a starting this fight between him and nin, he could've coasted and found someone else to target instead.
1463 Sorian★ 08-27-2015	/m1462 Yup, it was a bad play no matter how you slice it.

1473 Darryl 08-28-2015 06:04 AM ET (US)	Yea. I inspected Gorlak which doesn't matter cuz he killed me
1474 Burbeting 08-28-2015 06:05 AM ET (US)	Also I was sure that Palmer was a scum at one part because I was killed after making a 180 on my opinion about GLT/You, because I obviously didn't want to get you accidentally killed in day 2. Well in the end that ended up being not true.
1475 Burbeting 08-28-2015 06:08 AM ET (US)	Okay so, what the hell Seath. Your actions in day 2 make no sense now.

1481 Ourobolus★ 08-28-2015	/m1469 Nah, you didn't break it. I was hoping the cop would take advantage of the "protection" to try to figure out who was town or not. Granted, I really should have

1482 Soriana★ 08-28-2015 07:28 AM ET (US)	/m1467 Gonna be funny when Flame is cult too. /m1478 Soon™ seriously though, we have no clue.
1483 Soriana★ 08-28-2015 08:52 AM ET (US)	I don't know what's going on in cthulhu but seeing that vote makes me have a small ray of hope that nin and edge make it through the day.
1484 Soriana★ 08-28-2015 08:58 AM ET (US)	Neverforever: "I think TWE is just so clueless about so many things and keeps pushing them that I can't imagine he has a scumpartner telling him what's what" Well, you aren't wrong.
1485 Soriana★ 08-28-2015 09:17 AM ET (US)	Hmm, if I were them, I'd keep the Edge vote strong on Nin for the rest of the day phase. Nin should find a way to move his vote over to someone else (probably ultron) but he has to do it after someone actually brings up a good point, as it stands now everyone voting for ultron is just like "yeah maybe this will get us something"
1486 Coppanuva 08-28-2015 09:18 AM ET (US)	Is there a chance twe or bin has a role where they're supposed to be the only cultist alive to win? I've played with that time before, could explain his erratic behaviour.
1487 Soriana★ 08-28-2015 09:26 AM ET (US)	/m1486 Not that I know of, I didn't read their role PMs myself but neither of them mentioned anything about having different win conditions. I believe all of us had the condition of "You win when only Cult of Blahblahblah-aligned players remain." They are both PRs though. Nin is a roleblocker and Edge has the RECRUIT command.

1500 El Topo★ 08-28-2015 10:55 AM ET (US)	To be honest I've always respected Ouro. You have to at least appreciate that he is a very honest, respectful fellow. Really likeable and helpful, too. Also a brilliant mind. Not often that you meet someone with all these qualities. Totally happy he is in charge.
1501 Ourobolus★ 08-28-2015 11:00 AM ET (US)	I knew I liked you, El Topo. You're all right, unlike some others around here.

1503 El Topo★ 08-28-2015 11:06 AM ET (US)	Before I forget it, there's a few things I'd like to add. Unfortunate as it may be that some of you lost (to Ouro), it's best to accept it. Lying to yourself that it was just luck, even if it may seem so to you, may be easier, but it will harm you in the long run. Luck is obviously important, but often enough it is skill that guides it. You should all know that.

1507 Soriana★ 08-28-2015 11:34 AM ET (US)	I don't even know what anyone is thinking anymore. From an outside perspective, I think Nin and especially Edge look suss as fuck but maybe that's just because I know they are evil, maybe other people aren't seeing it. (Timeasis sees it).
1508 Soriana★ 08-28-2015 11:44 AM ET (US)	As per my usual stance, Gorlak is throwing himself a pity party, vote and kill him. #scumtactics Edit: At least Mike is selling that bus better. Edited 08-28-2015 11:47 AM

1512 Ourobolus★ 08-28-2015 11:53 AM ET (US)	well, not "meticulously," but they're doing some semblance of coordination.
1513 Soriana★ 08-28-2015 11:57 AM ET (US)	Do they have any type of game plan with QB? He was the only one who I thought could hide out for a bit and here he is volunteering randomly and not talking just to be as suspicious as possible. Is he planning to just suicide for that honeypot kill?

1517 Burbeting 08-28-2015 12:05 PM ET (US)	Gorky got into the worst positiin pretty much, but his post is just way too cheesy.

1519 Soriant★ 08-28-2015 12:06 PM ET (US)	/m1516 RIP KGB, digging the grave even faster. Losing their dear leader Haly just demoralized them too much.
1520 Burbeting 08-28-2015 12:08 PM ET (US)	Day might not be even 25% in, yet Gorky already left the thread, huh. If I was him, I would continue to contribute (unlike my onuw-self..) and try to create material that might mislead town later.
1521 roytheone★ 08-28-2015 12:09 PM ET (US)	If I were to ever end up on the mafia side of these games, I will use the secret chat as much as possible and try to coordinate everything I do with my mafia buds. Being able to secretly coordinate is the best power mafia has, not their actually power roles.
1522 Ourobolus★ 08-28-2015 12:10 PM ET (US)	/m1521 Yeah, for most of the game it was Haly talking to himself.
1523 Soriant★ 08-28-2015 12:11 PM ET (US)	/m1520 He's not actually gone, he's throwing a pretend fit to make people feel bad about their votes and maybe move off of him/delay his death. /m1521 Yes, key to success right here. It sounds like despair chat is the only one making good use of their side forum and lookey lookey, they are the only ones still in the game IMO.
1524 Burbeting 08-28-2015 12:11 PM ET (US)	Also can someone remind me what ninja does?
1525 Soriant★ 08-28-2015 12:12 PM ET (US)	/m1524 When they kill, a watcher will not see them. Basically, that means you are always sending your ninja to do kills until he dies unless you find that he starts getting roleblocked, then you have to think about it more.
1526 Burbeting 08-28-2015 12:12 PM ET (US)	/m1523 Gork has pretty much no way to escape his fate in any case. Well I did say the same about Squid.

1535 Soriant★ 08-28-2015 12:23 PM ET (US)	Man, KGB really doesn't want to use tools provided by the moderator. Why?
1536 Ourobolus★ 08-28-2015 12:23 PM ET (US)	Lol, the funny thing is that Gorlak specifically said Cyril's role when researching him, but doesn't know it - "There is no back up plan! I really HATED this, claiming people had lied about their real life reasons to quit is not cool in my book. Luckily nobody took this seriously, the plan is abandoned. - Then he tried the tears and the crying and the "ooooooooowh I am so sad, please hug me" method. That shit never works, so nobody cared and the plan is abandoned once again - And now plan 4 is a hastily improvised cyrill role claim.....instead of using one of the freebies role claims from Ourob. 1571 Soriant★ 08-28-2015 01:55 PM ET (US)	Retro is going to call bullshit on Nin and Edge switching votes from each other, I just know it. Maybe not today but definitely tomorrow.
1572 Soriant★ 08-28-2015 02:06 PM ET (US)	Edge wants Nin to push a vote onto Timeaisis. For once I agree with him, and now is a great time while Rats is throwing suspicion. Time's claim doesn't make a lot of sense (which probably means it's true with this game) and a vote for him right now would just be coming from a place of distrust. I like it, go go Nin.

1633 Soriana★ 08-28-2015 03:09 PM ET (US)	/m1632is it a good surprise?
1634 Coppanuva 08-28-2015 03:09 PM ET (US)	Actually... If time wasn't lying, it's possible the other cult died with loc. He could've tried to kill time last night, then got killed from your cult last night soriana.
1635 CzarTim★ 08-28-2015 03:09 PM ET (US)	/m1631 not risk, but a 1 in 5 chance of being right. We basically had to guess where the commuters are going, correct? So of course we were going to make this mistake a couple of times, which means two days of potential info exposure, and if he dies, all the other mafia members have to make a naked kill which will be super obvious. Unless each time a mafia member dies, there's a new set of fight club members to blend in with. Edited 08-28-2015 03:28 PM
1636 Soriana★ 08-28-2015 03:10 PM ET (US)	LoC was killed by my cult, I have no doubt about that. I don't think LoC was the last cthulhu cultist though. 1649 Launchpad★ 08-28-2015 03:25 PM ET (US)	/m1645 and yes, there's something else I haven't mentioned, but I'll leave that as a surprise.
1650 CzarTim★ 08-28-2015 03:28 PM ET (US)	/m1644 ok, that's fine. What I'm saying is this though: There is a mechanic where people pass each other in the halls. Mafia have exactly one way to circumvent that. 2 of the people in the hall can only be killed by targeting specific rooms We obviously don't know which rooms those are. So if our one way to circumvent the fight club is killed, another mafia member will

	<p>need to make the kill. This means killing all the fight club members is our #1 priority. And since we aren't sure how to kill the commuters, that person will surely be seen and exposed as mafia immediately.</p> <p>I am asking if there is a mechanic in the game to prevent that from happening. You don't have to say what it is though.</p>
1651 Coppanuva 08-28-2015 03:28 PM ET (US)	/m1647 what'd he get banned for?

1653 Soriant★ 08-28-2015 03:29 PM ET (US)	/m1651 I don't actually know but I went through his last 10 posts and nothing struck me as damning so it must have been something stupid. I don't often agree with bans handed out on GAF though so idk.
1654 Coppanuva 08-28-2015 03:30 PM ET (US)	Probably something in that r mika thread, seems like it's going to be a graveyard soon.

1659 CzarTim★ 08-28-2015 03:33 PM ET (US)	/m1655 :-/ That is putting a great deal of reliance on a single player. And given the way the game is set up there were more chances for us to not learn how that works than for us to figure it out.

1689 CzarTim★ 08-28-2015 03:56 PM ET (US)	<p>/m1663</p> <p>But think about it from a player's perspective. We have no idea how the map stuff works on N1 so why would we target an empty room if we don't know we're going to pass some power roles? We target a likely PR target like any mafia team would.</p> <p>N2 we decide to look at an empty room, but there are 5 of them. What difference does it make to us which one to look at first? Either we get lucky and see a room with someone in it or we waste a night. And that's the thing, it's not a matter of a player outsmarting us, it's a matter of the designer outsmarting us. It took zero skill from any town member to make us waste 3 nights of a watcher and 2 nks. That's what's frustrating. If we had a tracker instead of a watcher, at least we'd be able to make an educated guess. Instead we crossed our fingers and prayed.</p> <p>And I disagree with your assessment that the other mafia members won't be immediately killed. Of course any name that pops up after a you-know-what dies is going to look like a mafia member having to do a kill. As town I'd policy lynch them just to be sure.</p> <p>We had to either be very lucky that our special role didn't die or that we figured out the commuter thing asap, and I don't think either of those are reasonable things to expect from your players given the set up.</p>
1690 Soriant★ 08-28-2015 04:00 PM ET (US)	<p>What worries me the most is there were 4 people on the lynch poll today, 3 were cult and one was the vigilante. :(</p>

1709 Burbeting 08-28-2015 04:23 PM ET (US)	Czar, d'you have any idea about when nx game will start/when role pm's are out :D?
1710 CzarTim★ 08-28-2015 04:24 PM ET (US)	in the morning est. Need to do one final pass.
1711 Soriana★ 08-28-2015 04:27 PM ET (US)	Oh Timeaisis, just for your probably not curiosity at all. Neuro was the town investigator and he checked my sexy self out night 1. He then did what he had to do.
1712 traube★ 08-28-2015 04:27 PM ET (US)	/m1708 I was afraid you guys would be foolish enough to use the 5th spell too many times and erase too many cultists for Blarg to meet his win condition.
1713 Soriana★ 08-28-2015 04:29 PM ET (US)	/m1712 I'm still stunned anyone even used the 5th spell to be honest. I busted up laughing at work when you sent me the PM.
1714 roytheone★ 08-28-2015 04:42 PM ET (US)	/m1710 Czar, will there be some time between getting our role pm and the start of the game? Edited 08-28-2015 04:42 PM
1715	/m1714 everyone needs to confirm then it'll start

CzarTim★ 08-28-2015 04:59 PM ET (US)	
1716 Soriant★ 08-28-2015 05:00 PM ET (US)	What are we confirming?
1717 Burbeting 08-28-2015 05:03 PM ET (US)	That everyone has noticed the role pm, I guess.
1718 CzarTim★ 08-28-2015 05:05 PM ET (US)	yep
1719 Ourobolus★ 08-28-2015 05:26 PM ET (US)	Can't notice if I never got one. Nvm, I see his post. Edited 08-28-2015 05:26 PM
1720 Czartim 08-28-2015 05:28 PM ET (US)	You get no role, Oreo
1721 Timeaisis★ 08-28-2015 05:40 PM ET (US)	I wonder if Palmer is finally gonna get lynched.
1722 Coppanuva 08-28-2015 05:57 PM ET (US)	In case anyone was curious about why Charleston got banned, looks like it was cause he commented about Mother 4's name in the topic about it (there's a warning in the top of that OT). Ouch, seems fairly innocuous to me but eh...
1723 Soriant★ 08-28-2015 06:08 PM ET (US)	GAF bans are silly like 65% of the time.
1724 Darryl 08-28-2015 06:11 PM ET (US)	Role pm pls
1725 Soriant★	Come back tomorrow.

08-28-2015 06:12 PM ET (US)	
1726 Darryl 08-28-2015 06:20 PM ET (US)	Help I'm in line to get the nx and there's a bunch of pricks here
1727 Coppanuva 08-28-2015 06:21 PM ET (US)	I look forward to watching your NX game. Don't let this thread die without all of you guys :(
1728 Soriana★ 08-28-2015 06:30 PM ET (US)	I think we'll all still be here. NX spoilers can't go here anyway.
1729 haly★ 08-28-2015 07:49 PM ET (US)	I can't wait for ISIS to talk themselves into a loss. Would be fantastic.
1730 Soriana★ 08-28-2015 07:52 PM ET (US)	I don't even know what weird shit they are doing anymore. They have a KGB, KILLLLLLLLLL HIM. This is the weird crap people do when they try to drag out discussion when there is a confirmed kill. Dangan Ronpa was talking garbage too instead of just killing Tim.
1731 Ourobolus★ 08-28-2015 07:56 PM ET (US)	/m1729 They've been equal parts genius and sabotage from the get go. Your boys need to take out squidy, cabbeh, and YNNNY. YNNNY is off the mission now. She can roleblock, so they need to figure out who to send or it'll be another waste of a night. On the other hand, ISIS won't have any more information since their segregation of players won't "work." On the other hand, maybe they'll get lucky and YNNNY will block someone else (god forbid QB...but he's on the mission), and they can take out two players. Edited 08-28-2015 08:00 PM
1732 Ourobolus★ 08-28-2015 07:59 PM ET (US)	Yes, I have three hands.
1733 Ourobolus★ 08-28-2015 08:09 PM ET (US)	Hm, theoretically they could get 3 kills tonight if Mike isn't roleblocked, lol.
1734 haly★ 08-28-2015	YNNNY on the warpath. The roleplaying ends here.

09:02 PM ET (US)	
1735 Ourobolus★ 08-28-2015 09:07 PM ET (US)	I don't know if I could play a game with YNNNY. I think any reads on her would just get twisted with how she posts. I'd spend way too much time overthinking things.
1736 Soriant★ 08-28-2015 09:46 PM ET (US)	Playing with YNNNY would be fun I think. She's pretty smart but the cutesy attitude hides that. It would be a fun challenge I think.
1737 Ourobolus★ 08-28-2015 10:13 PM ET (US)	Oh I'm not doubting her intelligence with the game
1738 Soriant★ 08-28-2015 10:47 PM ET (US)	/m1737 I know, I didn't say you were. She just tries to play it off a lot, she's a strong player is all. So what the hell is squidy trying to do? Why does he want to force Archer off the mission so bad?
1739 haly★ 08-28-2015 11:03 PM ET (US)	His KGB programming's fully activated. Now he'll destroy ISIS from the inside. #allaccordingtokeikaku
1740 Coppanuva 08-28-2015 11:06 PM ET (US)	Oh lol @ edge acting surprised about cult 2 in the general mafia thread
1741 Soriant★ 08-28-2015 11:28 PM ET (US)	/m1740 You know what? Edge can keep playing the dummy, I don't know if it is on purpose or not but damn if it isn't working. /m1739 I don't know what I'd do if KGB ended up winning somehow. Squidy is certainly trying to mess things up after the awesome kill on you. I think he got cocky and just assumes he has all the scum figured out. Edited 08-28-2015 11:29 PM
1742 Darryl 08-28-2015 11:41 PM ET (US)	Ynyyn preaching truth facts and Squidyj doing his trademark "gets a mafia then tunnels in on shitty leads"
1743 Soriant★ 08-28-2015 11:58 PM ET (US)	Enker with that soft role claim. FUCKING KILL GORLAK ALREADY YOU STOOGES. Stop trying to bait and trap everyone, Haly was dumb luck, it's not happening again.
1744 haly★	archer game lmaaaaaaaaaaao

08-29-2015 12:07 AM ET (US)	
1745 haly★ 08-29-2015 12:44 AM ET (US)	LOL
1746 Darryl 08-29-2015 12:48 AM ET (US)	Omg
1747 Darryl 08-29-2015 12:49 AM ET (US)	Literally wasting a day over the shittiest lead possible when there's a GOLDEN FUCKING LEAD thrown right the fuxk at them
1748 Soriant★ 08-29-2015 12:52 AM ET (US)	Darryl, they killed you so that there would be no one to cut through this bullshit.
1749 Soriant★ 08-29-2015 01:11 AM ET (US)	Fucking thank you Enker, save them from their own stupidity.
1750 Soriant★ 08-29-2015 01:17 AM ET (US)	Good time for an override when everyone is asleep lol
1751 Ourobolus★ 08-29-2015 01:22 AM ET (US)	Lol
1752 Darryl 08-29-2015 02:47 AM ET (US)	All 3 of these rounds have been absolutely insane. Like instead of a political drama filled with intrigue they're more like superhero flicks
1753 Darryl 08-29-2015 02:47 AM ET (US)	A cut and dry group hanging had to somehow involve a PR
1754 Gorlak★ 08-29-2015	Eh, why did Darryl survive night 3? You should have been dead all along. I just wanted to be town :(I can't lie, persuade and delude people. Once I was in

04:08 AM ET (US)	mission with Darryl, all was lost. Didn't matter what I was going to say today because "you have to die to prove" yadayada... But I've learned a thing or two I hope. Well, what do you guys from the outside say, was there any chance to survive?
1755 roytheone★ 08-29-2015 04:13 AM ET (US)	/m1754 I trusted you as mine and zubz loyal minion, and now it turns out you betrayed us in the archer game??? YOU ARE FIRED MINION, FIRED!
1756 Darryl 08-29-2015 05:15 AM ET (US)	Could have paid attention to the game while it was going where it was blindingly obvious I was the cop. Never went on the mission (the shit I called you out for when you went on to start was actually damning). You waited to long and you got caught in a trap you created for yourself
1757 Burbeting 08-29-2015 07:11 AM ET (US)	Hi Gorky. You got into bad situation, not much you could do (like me in onuw 3...)
1758 Soriant★ 08-29-2015 08:30 AM ET (US)	/m1754 Never gone on the mission. QB is dead tomorrow for the same reason assuming he goes for that sweet sweet honeypot kill.
1759 Ourobolus★ 08-29-2015 08:31 AM ET (US)	True, but YNNNY didn't block Mike_Hawk. So technically they could get 3 kills if QB goes through with it and Mike targets either Mazre or YNNNY.
1760 Soriant★ 08-29-2015 08:43 AM ET (US)	I don't think I realized that the honeypot kill is separate from their nightly kill.
1761 roytheone★ 08-29-2015 08:44 AM ET (US)	/m1760 yeah, I also missed that. plus, three kills means that YesNO blocked Mazre right? Edited 08-29-2015 08:45 AM
1762 Ourobolus★ 08-29-2015 08:46 AM ET (US)	I get the feeling they'll probably target squidy or cabbeh though. But there are enough people left over that even if they take out Mazre, I think maybe Septimus is on the chopping block. Or Kristoffer.
1763 Ourobolus★ 08-29-2015 08:46 AM ET (US)	/m1760 It's technically a roleblock, with the stipulation that if they target Sterling Archer, he dies.
1764 Soriant★ 08-29-2015	/m1763 Got it, that makes sense.

09:38 AM ET (US)	
1765 Ourobolus★ 08-29-2015 11:08 AM ET (US)	Welp there goes that theory. YNNNY changed back to Mike.
1766 roytheone★ 08-29-2015 11:11 AM ET (US)	/m1765 why was she on Mazre to begin with? isn't he confirmed town? Weird choice.
1767 Soriant★ 08-29-2015 11:53 AM ET (US)	/m1766 They are convinced that someone framed Mazre to appear town or that a switcher did something that would make Mazre's reading come up as a false negative. Basically, they really want to believe Mazre is scum and are unwilling to accept the simplest conclusion.
1768 roytheone★ 08-29-2015 12:23 PM ET (US)	/m1767 Man, if you simply look at the fact that Mazre and Haly never have been in the same group at night, the things that would have needed to happen to make Mazre give a false negative is ridiculous.
1769 El Topo 08-29-2015 01:02 PM ET (US)	People voting for Darryl when there's a perfectly fine royroy they should vote for. Disgusting. Joking aside, I hope you'll survive, roy. Edited 08-29-2015 01:09 PM
1770 Ourobolus★ 08-29-2015 01:36 PM ET (US)	Kristoffer jokingly posted ASSASSINATE: EzekelRAGE in the mission thread, lol. If QB is going to do it, this would be a good time, hahahaha
1771 haly★ 08-29-2015 02:42 PM ET (US)	#xanatos
1772 Burbeting 08-29-2015 04:58 PM ET (US)	/m1770 At this point either Mike or QB will get caught at this night for sure. If Mike kills, he get's locked by Ynny. But if QB does something, then the spotlight goes on him even if Kristo dies before him.
1773 Soriant★ 08-29-2015 05:06 PM ET (US)	If QB kills, he is done for but at least it might work to confuse YNNNY.
1774 Burbeting 08-29-2015	I doubt it, since YNNY has locked Mike earlier with success.

05:09 PM ET (US)	
1775 roytheone★ 08-29-2015 05:09 PM ET (US)	/m1773 maybe, but I give a KGB team with only mike left no chance to still win. Not a knock against mike, but he is high on everyone's suspect lists.
1776 Burbeting 08-29-2015 05:12 PM ET (US)	Mike hasn't done any favors for KGB since he has been really silent and not really contributive at all.
1777 roytheone★ 08-29-2015 05:17 PM ET (US)	/m1776 yeah, and if he suddenly becomes active after QB dies..... That would also be suspicious as fuck. KGB is in a bad situation.
1778 Soriana★ 08-29-2015 05:20 PM ET (US)	/m1774 Yeah, that's why I said might. It probably won't but she was also worried about that switching hijinks that could somehow have given darryl a false positive on Mazre so who knows.
1779 Burbeting 08-29-2015 05:23 PM ET (US)	The thing is that the isis is now in a position they can mis-lynch lot of ppl without a problem. So they can kill kris and Mazre off and still be good.
1780 roytheone★ 08-29-2015 05:32 PM ET (US)	/m1779 i think it is going to be between Archer and squid monster island who will be the first to finish. The Mafia in both games are in a VERY bad way. Man, after those first two cycles I had almost already given up hope of us winning, and look where we are now!
1781 Neuromancer 08-29-2015 05:59 PM ET (US)	Holy shit. One down, one to go.
1782 Soriana★ 08-29-2015 06:12 PM ET (US)	/m1781 Your team gonna lose :P
1783 Neuromancer 08-29-2015 09:24 PM ET (US)	I doubt it! =)

1785 Soriana★ 08-31-2015 12:53 PM ET (US)	Hmm weird, I'm not going to spoil who dies in Cthulhu but my cult doesn't believe that Ultron is out of bullets so they are blocking him. What a waste.
1786 Ourobolus★ 08-31-2015 01:45 PM ET (US)	Sigh. Another no-kill night in Archer.
1787 Soriana★ 08-31-2015 01:51 PM ET (US)	QB didn't have the stones to do it? I'm disappointed.
1788 Coppanuva 08-31-2015 02:20 PM ET (US)	TIME TO START CLEANING OFF THE WELCOME BANNERS GUYS! Wonder who it is... guess it's gotta be the "WELCOME SIR/MADAM!" one.
1789 Soriana★ 08-31-2015 02:31 PM ET (US)	Hoping we don't get role blocked lol I don't think the person will be expecting it.
1790 Coppanuva 08-31-2015 02:39 PM ET (US)	Gonna call out my top guesses before the reveal: NeverForever Droplet JohnnyquickKnives I'm hoping it's not RetroMG.
1791 Soriana★ 08-31-2015 02:51 PM ET (US)	Good list
1792 Soriana★ 08-31-2015 03:01 PM ET (US)	NF really was ordinary? BORING
1793 Coppanuva 08-31-2015 03:03 PM ET (US)	Ehhhh, welcome NF (if you choose to join us)! It's a fun time now!
1794	If I'm more fixated on the NX game and NF shows up, please reveal that I was the

1797 Sorian★ 08-31-2015 03:27 PM ET (US)	I wouldn't bother reading all 1800 posts, they aren't as terribly exciting as you'd expect. Any questions? Huh huh, anything at all? >_>
1798 TaylorSwift★ 08-31-2015 03:29 PM ET (US)	wait NEURO WAS RIGHT??????
