601 Blargonaut 08-20-2015 03:31 PM ET (US)	and something something about donuts and Krabby Patties  and flipping Edited 08-20-2015 03:32 PM
602 Blargonaut 08-20-2015 03:43 PM ET (US)	Coppanuva's waaaaaay too slimy to be Town.  He's either Cult or the non-Cult-aligned killer anti-hero, and Flame_AC somehow knows this which is why he's trying to defend him because he's been useful to the Town cause so far, having killed Lone_Prodigy who was Cult and Darryl who was pre-game Insane Tourist. Edited 08-20-2015 03:47 PM
603 Soriana★ 08-20-2015 03:47 PM ET (US)	Droplet is the vigilante killer.  That's just an educated guess, I don't actually know.
604 Soriana★ 08-20-2015 03:48 PM ET (US)	Oh and if you didn't catch it. The killer is not third party, they are 100% town-aligned. Someone did drop that accidently or purposely at some point in here.
605 Soriana★ 08-20-2015 03:55 PM ET (US)	Oh, oh..... I said something in my cult thread before I died that I now know was wrong but my cult is still following that lead. Poop.
606 Blargonaut 08-20-2015 04:04 PM ET (US)	hmmmm, that's good (well for Town at least) :P  I can't read Droplet at all, she could be anything... although, I'm starting to think RetroMG's Cult. Something about his play at the end of Day 2 seemed off to me. I'm gonna skim through the thread again and make a few more loose cannon prophecies after, crystal ball's cloudy right now (THEY NEED TO TALK MOREEE UGHHH)
607 Soriana★ 08-20-2015 04:06 PM ET (US)	Come back in a week, maybe the thread will have jumped up 20 posts.  Edit: Say what you will about me but damn if I didn't get them all chattering. At least there are reads to be made in day 1 and 2. Edited 08-20-2015 04:07 PM
608 Soriana★ 08-20-2015	Christ, I hope they don't actually try to get votes going for Flame. His override hint is so heavy handed that it's just not worth the effort. Let the cult kill him tonight.

609 Crab★ 08-20-2015 06:18 PM ET (US)	@Kark;  Honestly, I want all the PRs (with targeting abilities) to publicly out. Mafia can find them so easily in this set up that at least if they out they might get some sort of protection, there's literally no benefit to staying hidden because you'll get found anyway.
610 Soriant★ 08-20-2015 06:21 PM ET (US)	What about PRs that need to go to one of the 4 big rooms for their skill? I'm sure that is someone's limitation. They are taking the same pathing every time they do their thing. Wouldn't it be better if they kept quiet on the off chance despair isn't hitting that path for some reason?
611 Neuromancer 08-20-2015 07:47 PM ET (US)	What are you doing Blarg?!
612 Blargonaut 08-20-2015 07:51 PM ET (US)	Nothing, there's no hints there or anything, I just thought it would be funny if I posted the vote count again a 3rd time as a bump, seeing as their pace is still glacial x_x
613 Blargonaut 08-20-2015 08:00 PM ET (US)	I can see how that little line I said about "updated" could be misconstrued as something hinty, I'll post a disclaimer if you want :(
614 Soriant★ 08-20-2015 08:02 PM ET (US)	I didn't see it as hinty at all. I just think you and Darryl are dicks. >:(
615 Crab★ 08-20-2015 08:25 PM ET (US)	@Soriant, I don't think so. It's inevitable they'll get bumped into sooner or later, so it's just extra information for mafia and not town if they don't reveal.
616 Soriant★ 08-20-2015 08:29 PM ET (US)	Hmm, fair point. The purpose is kind of dead though if you were their only doctor and I doubt town has an override too.
617 Blargonaut 08-20-2015 09:05 PM ET (US)	<i>*giggle*</i> :P  btw in Coppanuva's latest post, he says he's a "known villager"... wut?  This Flame_AC/Coppanuva sitch is intriguing. I wonder what's going on between 'em.
618 Blargonaut	<i>*second latest</i>

08-20-2015 09:06 PM ET (US)	
619 Soriant★ 08-20-2015 09:50 PM ET (US)	Nothing, it's just really obvious Coppa is town and they are all wasting their time. Rats is too thick headed though.
620 Soriant★ 08-20-2015 10:05 PM ET (US)	All of us have made a mockery of Cthulhu game. Upupupu.
621 Soriant★ 08-21-2015 08:45 AM ET (US)	Anyone think Cthulhu game will be exciting at all today or are we just headings towards a Coppa lynch and him flipping ordinary tourist?
622 Launchpad★ 08-21-2015 08:45 AM ET (US)	Poor Coppa.  On a positive note, it looks like my mafia are not going to get a kill this night phase.
623 Soriant★ 08-21-2015 08:50 AM ET (US)	Oh? They talking about going after someone bulletproof?
624 Soriant★ 08-21-2015 09:04 AM ET (US)	I should also probably note, why is that a "positive" thing? Hope team sucks totally and completely, I want despair to destroy them. The only town I am hoping for is Archer town and that is because I have a soft spot for the underdog story.
625 roytheone★ 08-21-2015 09:10 AM ET (US)	<a href="#">/m624</a> ooooooh, thank you!
626 Launchpad★ 08-21-2015 09:12 AM ET (US)	<a href="#">/m624</a> Actually, I'm not sure anymore. Apparently one of the mafia didn't receive one of the reports I sent last night and was thinking his action was blocked.
627 Soriant★ 08-21-2015 09:20 AM ET (US)	<a href="#">/m626</a> Are you sure we can't test reading comprehension before allowing people to play with us? It couldn't hurt :P
628 Blargonaut 08-21-2015	Coppanuva's not even trying to defend himself anymore  C'mon

09:49 AM ET (US)	C'MON
629 Soriant★ 08-21-2015 09:53 AM ET (US)	He's been progressively not defending himself since day 1. That's how he has gotten here, he had solid defense from time to time but he always let it slip for long periods of time. There really is nothing he can do at this point. The best they can do is listen to his last suggestion when he flips town. Let's see if they are incompetent or not about it.
630 Blargonaut 08-21-2015 10:06 AM ET (US)	dat flip-flop again. I don't believe Flame_AC. I don't think he's a Governor/Override-capable role. I think he's bluffing. He's hella Cult.
631 Soriant★ 08-21-2015 10:14 AM ET (US)	He's not one of my cult and I'd be willing to bet real money he isn't the other cult either. He is town through and through. You are right about one thing though, I suspect if he has any power roles at all. I did have him pegged as investigator for a bit though and the only reason I know that isn't true now is because of Neuro.
632 Soriant★ 08-21-2015 10:22 AM ET (US)	Looks like that's that. Let's start blowing up balloons and putting up the "Welcome Coppanuva!" banner.
633 Soriant★ 08-21-2015 10:29 AM ET (US)	That being said, if I was alive, I totally could have saved Coppa. Killing Charleston would be a much better use of their time and Scrafty could have mounted a huge offensive on him but she just needed a little nudge to know that she had support. She doesn't seem like the type who can go all in on her own, she needs a nod from someone else first.
634 Blargonaut 08-21-2015 10:37 AM ET (US)	<i>*fweeeeeeeeee*</i>  Party horns, ayyyyy  <i>*cake candles melt*</i>
635 Soriant★ 08-21-2015 10:46 AM ET (US)	Past everything that I said though, I'm just making assumptions everywhere. I'm really hoping Coppa flips cult so that Rats can go into full "I can end this game tomorrow mode" which is hilarious because he can't end this game tomorrow (him and flame are dying tonight anyway if the cults keep their wits about them).
636 Blargonaut 08-21-2015 10:49 AM ET (US)	I actually think Charleston is Tourist, but I do agree Charleston would be an excellent target to push to the brink. Hopefully, on Day 4.  <b>All</b> of them need some direction, honestly. Day 3's a headless chicken. Once Coppa's off their plate, I really hope the pace picks up. :/
637 Soriant★ 08-21-2015 10:51 AM ET (US)	I don't know what the vigilante was thinking. They should have killed Coppa or Charleston last night, that would've given more direction for today. Killing Darryl worked out ok I guess since he was insane but I was terrified of Darryl and I'm sure other cult were too, he had to go ASAP and him gone really hurts whatever team he is on which was town in this case.

	<p>Edit: Hah, that last post from Coppa, I hope he does have the book. I guess I don't know if it is usable during the day though?</p> <p>Double Edit: Nevermind, only usable at night. He'd be toast regardless. Edited 08-21-2015 11:03 AM</p>
638 traube★ 08-21-2015 11:51 AM ET (US)	Game reminds me a lot of the Star Wars game. That one also started amazing, but became quite boring. :/
639 Ourobolus★ 08-21-2015 11:54 AM ET (US)	Animal Crossing was like reverse Star Wars
640 Soriant★ 08-21-2015 11:54 AM ET (US)	<a href="#">/m638</a> Keep hope traube. Excitement will kick in if 3 people die during the night phase and, ignoring that, I don't see how they don't make a good lynch on day 4.
641 Soriant★ 08-21-2015 11:56 AM ET (US)	Oh, wait, Nin wants to make day 3 exciting. I like this turn of events.
642 Blargonaut 08-21-2015 11:59 AM ET (US)	<p>nin1000: "Concerning your post <b>neuro</b>, I dont play like you want me to i am sorry for that but i wont change the way i am saying, i will keep "reacting" to situations but i can for one say that i have the best interest in my mind and dont want to keep posting for the sake of posting. 643 Fireblend★ 08-21-2015 12:04 PM ET (US)	Alright nin! Bring some excitement to the game.
644 Soriant★ 08-21-2015 12:19 PM ET (US)	I noticed that Blarg. It's a typo but fuck it, he should just pretend the book lets him talk to the last holder or something.
645 Soriant★ 08-21-2015 12:41 PM ET (US)	I was not expecting this turn of events. I thought the item would just stay in the shadows from here on out. I like what is currently happening. It is beneficial to me directly.
646	hmm is this book really just for town members? i haven't really been following the

Hagi 08-21-2015 12:46 PM ET (US)	game much.
647 Fireblend★ 08-21-2015 12:47 PM ET (US)	I don't think that's been disclosed.
648 Soriant★ 08-21-2015 12:48 PM ET (US)	<a href="#">/m646</a> Who knows? I hope they lock themselves into that reasoning though. It can only be good for me and it looks like they are getting locked into that reasoning.
649 traube★ 08-21-2015 12:51 PM ET (US)	nin1000 better not use the book (doubt he will). could mark him as scum later, if they figure some mechanic of the game out.
650 Soriant★ 08-21-2015 12:53 PM ET (US)	Since you seem talkative, I might as well ask. What happens if scum uses the book? Do the insanity and possible death rules still apply?
651 traube★ 08-21-2015 12:56 PM ET (US)	Everybody can die from using the book.
652 Soriant★ 08-21-2015 12:57 PM ET (US)	"If you don't reveal everything we can use it to confirm town later." <a href="http://gifsec.com/wp-content/uploads/GIF/2...-laugh-gif.gif?gs=a">http://gifsec.com/wp-content/uploads/GIF/2...-laugh-gif.gif?gs=a</a> HAHAHAHAHA Yes, do that, please do that.
653 Soriant★ 08-21-2015 12:57 PM ET (US)	<a href="#">/m651</a> Thought so, thanks.
654 traube★ 08-21-2015 01:00 PM ET (US)	<a href="#">/m652</a> "Confirmed" Tourists are still a good target for Mafia.
655 Soriant★ 08-21-2015 01:03 PM ET (US)	<a href="#">/m654</a> The other cult has more important things to be dealing with like Rats or Flame (if either is not Cthulhu cult*). If they are going to waste time killing Nin then you might as well just give town the W now.
656 Soriant★	These results are unsurprising. Rats is either incompetent or a cultist.

657 Neuromancer 08-21-2015 03:17 PM ET (US)	<a href="#">/m642</a> I saw that too, very strange.

659 Soriana★ 08-21-2015 03:27 PM ET (US)	"Let" myself? Did I have a secret choice I didn't know about?
660 traube★ 08-21-2015 03:28 PM ET (US)	Accept it. It was all your fault! :p
661 Soriana★ 08-21-2015 03:29 PM ET (US)	No, it's your fault with you slimy awesome rules.
662 Blargonaut 08-21-2015 03:32 PM ET (US)	<i>*cough*</i>
663 Soriana★ 08-21-2015 03:33 PM ET (US)	Is Coppa coming? I want to tell him I'm an asshole.
664 Coppa 08-21-2015 03:33 PM ET (US)	Really soriana... I'm thinking cultist personally. Shame I couldn't avoid death. I got some stuff to read up on, I'm curious what you and Neuro were.  I literally told them everything I was thinking...
665 traube★ 08-21-2015 03:34 PM ET (US)	<a href="#">/m663</a>  I am sure he knows that already.

03:34 PM ET (US)	
667 Sorian★ 08-21-2015 03:35 PM ET (US)	I'm a cultist, Neuro was your investigator that checked me out night 1. He did what he had to do like an action star.
668 Sorian★ 08-21-2015 03:36 PM ET (US)	PLOT TWIST 2: I was an insane tourist like Darryl, I got recruited night 1
669 Sorian★ 08-21-2015 03:37 PM ET (US)	PLOT TWIST 3: There is a secret 2nd cult that both the town and the Cthulhu cult does not know about. I'm in that one upupupu, prepare for death tonight.
670 Sorian★ 08-21-2015 03:39 PM ET (US)	I'm done btw, I'm just that played out villian that likes spelling out the plans.
671 Coppa <u>nu</u> va 08-21-2015 03:39 PM ET (US)	...Jesus Christ. Also I totally called that Neuro play and absolutely nobody believes it because "you're just trying to save your ass". Hopefully they'll read over that again and give it plausibility tomorrow.
672 Sorian★ 08-21-2015 03:41 PM ET (US)	I was sincere when I was saying I wasn't interested in voting for you on day 2. You weren't a cultist obviously and I wanted to actually kill the Cthulhu cult asap during the day so then my cult could rule the night.
673 Neuromancer 08-21-2015 03:42 PM ET (US)	<a href="#">/m664</a> I investigated Sorian and discovered he was a cultist on the first night. I considered role claiming and sharing that information but without a doctor to protect me I figured I'd get killed the next night. I felt Sorian was running the show which was obviously bad for my fellow tourists so I used the book to erase both of us from the game.
674 Neuromancer 08-21-2015 03:44 PM ET (US)	<a href="#">/m671</a> Yep you did good, it was a shame people would rather believe I was a crazy person than suspect Sorian of anything, haha.
675 traube★ 08-21-2015 03:45 PM ET (US)	<a href="#">/m673</a> role claiming would have been the better option though. Even if they would have killed you next night (which I doubt, too risky that someone watches you), you could have acted as a lightning rod that night.
676 Neuromancer 08-21-2015	Perhaps. I'm not unhappy with the way things worked out though. Plus we have more fun here.

03:48 PM ET (US)	
677 traube★ 08-21-2015 03:49 PM ET (US)	Btw did you know/assume that your roles would be kept a secret?  Oh and my original plan was to make that spell only usable during the day phase.  "Spell has to be used during the day phase. It is activated by typing: "Klaatu Barada N... Necktie... Neckturn... Nickel... It's an "N" word, it's definitely an "N" word! Klaatu... Barada... N...[coughs]: playernamem" Edited 08-21-2015 03:51 PM
678 Soriant★ 08-21-2015 03:51 PM ET (US)	I'm happy that I was erased so it wasn't the right call Neuro :P
679 Coppantuva 08-21-2015 04:01 PM ET (US)	<a href="#">/m674</a> Yeah shame they didn't think it was believable, blinded by rage I assume. Personally I think it was a perfectly logical assumption to make given that you play rationally. Are the people who said you were worth investigating also cult aligned (that we know of at least)? Also the thing that gets me right now is that there were like 3 people who were like "I don't think you're mafia coppantuva but I'm gonna vote for you anyways!" :   Also is the second cult one the killing at night or is there also a town-aligned night killer? I'm a little unclear on that.
680 Soriant★ 08-21-2015 04:04 PM ET (US)	There is a town aligned vigilante as well. My cult has made no kills yet. Night 2 we were blocked too and night 1 was used recruiting me. I think Neuro's main issue was he sounded very irrational calling me out so they assumed his book use was irrational too. That's my fault because I kept brushing Neuro aside so easily.
681 Coppantuva 08-21-2015 04:06 PM ET (US)	<a href="#">/m680</a> Oh jesus that's... cold. That's a really smart play honestly. And the two cults presumably recruit from the same pool of insane tourists? So it's sort of a race to recruit them?
682 Soriant★ 08-21-2015 04:07 PM ET (US)	Oh and the mods think no spoilers is funny so I haven't revealed my partners yet.
683 Coppantuva 08-21-2015 04:13 PM ET (US)	<a href="#">/m621</a> Blargonaut I kinda gave up trying to defend myself at that point because I don't see how me being alive would have helped in the long run. As long as I was alive people would continually push against me and bring me up, much in the same way you would have been used. Also I mean... I had like 6 votes against me there, and even if I weren't voted off everybody was going to dismiss my arguments as me trying to save myself anyways. Figured it's better to spout theories, die, and let them deal with thinking them over once they realize I wasn't against them.
684 Coppantuva 08-21-2015	<a href="#">/m683</a> that should have been to <a href="#">/m628</a>  ...I feel like an old man who doesn't know how to internet now :(

04:28 PM ET (US)	
685 Sorian★ 08-21-2015 04:57 PM ET (US)	I believe we recruit from the same pool yes. I don't actually know if the Cthulhu cult can recruit, I just assumed.
686 Blargonaut 08-21-2015 05:12 PM ET (US)	<p>@Coppanuva: but dat spotlight tho</p> <p>IMO, if you had role-claimed to be a/the Town Vigilante and took credit for the Lone_Prodigy and Darryl kills, as well as claim that all your previous posts were all just play-style intentionally intended to fence yourself but you were finally coming clean, you could have possibly deflected some of their votes off of you, maybe even survive the Day.</p> <p>You could have claimed that you being the Town Vigilante was why Flame_AC was so adamant on saving you via his alleged Override. I think he'd have no choice but to play along and back you up, because I doubt anyone will say they've been publicly defending a Cultist all this time.</p> <p>If this proposed gambit had worked and you weren't lynched today, you'd have given the real Town Vigilante a valuable Night of cover, because the Cult(s) would waste the Night taking you out/investigating you, as they'd be assuming you were the real deal. Essentially sacrificing yourself for Town.</p> <p>I doubt they'd believe you, but it would have been worth a shot :o</p> <p>While I was alive, I honestly couldn't read you (still couldn't while dead actually, as evidenced by 602 here), so I chose to double-down on accusing you of being Cult, and went after you on Day 2 as a matter of convenience... sorry! :( Edited 08-21-2015 05:16 PM</p>
687 Sorian★ 08-21-2015 05:17 PM ET (US)	I trusted you Coppa! I trusted Prodigy too though so idk how good that is :P
688 Burbeting 08-21-2015 05:41 PM ET (US)	Just 24 hours until I can play the game "How scummy is Palmer" again.
689 Coppanuva 08-21-2015 06:08 PM ET (US)	<p>Damn Blargonaut that makes perfect sense actually, really wish I would've thought of that at the time... oh well though.</p> <p>and sorian if only you hadn't disappeared... if you died, or were alive I might've still been in :( I really wonder how much that LP comment got me into trouble though. Also I'm still trying to figure out if Flame_AC is legitimately town or not. The override is an easy bluff, especially since he ended up not using it since the majority wanted me dead.</p>
690 Sorian★ 08-21-2015	I was going to go hard on flame and charleston on day 3 personally. Both are either important town or cult so I was ready to go all in. That being said I think I brought

06:44 PM ET (US)	up that Prodigy "defended" you? That was bullshit logic, sorry about that, it was just meant to get in Rats good graces.
691 Coppa 08-21-2015 08:34 PM ET (US)	Yeah, I think Flame better not be lying for his own sake. If the pressure gets on him and nobody believes him, at least then he can prove it. That said, I wouldn't be surprised if he made it up to look like a tourist. Who knows. Don't blame you at all for that move, it is shaky logic (after all, any cultists could just go commending all the tourists and get them tricked) but you managed to get people to cling onto it anyhow, you played really well.  Also this might be mentioned earlier, but how much of the whole role advice from day 1 was based on any actual knowledge blargonaut? Were you just pulling most of that out of thin air?
692 Soriana★ 08-21-2015 08:43 PM ET (US)	I'll let Blarg link his own stuff. He pulled a lot of stuff out of his ass but so much was actually true. Also keep in mind that I was a tourist during day 1. I played it up so well because it wasn't acting, it was all sincere.
693 Fireblend★ 08-21-2015 09:56 PM ET (US)	Flame better be a tourist. I don't think not protecting him on day 1 would have made a difference since Charlestone was my second choice, but I want to know I at least did that well T_T
694 Soriana★ 08-21-2015 10:13 PM ET (US)	I hate to demoralize you but Flame wasn't a target for day 1 anyway so you did fail. Muahahahahaha, nah you made a decent choice with the info we had at the time.
695 Coppa 08-22-2015 12:34 AM ET (US)	To be honest Fireblend, I think you did the best you could. It's hard to say who is an isn't a target on night 1, since you can't tell if the mafia members are going to be the kind to stifle conversation and kill the loudest, or hide in the shadows and kill people nobody looked at. I think picking someone you think is likely to be targeted is about all you can do.
696 roytheone★ 08-22-2015 06:11 AM ET (US)	Just got a PM from a mad darryl that I "implied he was a power role in archer" because of my response on Blarg his LotR picture. I understand that you should be careful about not leaking out information to that thread, but come on, how can anyone see my post there as anything other than a reference to how gandalf dies and gets stronger in LotR, that is a huuuuuge stretch. If people really are looking so in depth for potential "hints" from death players in the main thread, then A) fuck those people and B) death people can't post in the main thread at all anymore because everything could be seen as a hint.
697 Soriana★ 08-22-2015 09:29 AM ET (US)	Mafia is srs business. Darryl is fine, he's probably paranoid because he is a PR in archer.
698 roytheone★ 08-22-2015 09:46 AM ET (US)	<a href="#">/m697</a> I guess that is part of it, I am still a little hurt though that Daryll actually thought I was capable of doing something as pathetic as hinting to death thread information in the main thread on purpose :( Anyway, I send him a PM and things are now cleared up: apparently he was on mobile with pictures turned off when he saw my post, so I can kinda understand he got a little freaked out without seeing Blarg's LotR picture.

	BTW, El topo has apologised to me through a PM, but I still hate him.
699 Soriana★ 08-22-2015 10:15 AM ET (US)	You and Topo need to hug it out. Or maybe you get night kills in the next game and get that revenge. (Don't do this)
700 roytheone★ 08-22-2015 11:58 AM ET (US)	I will give no hugs to El topo, do you hear me?? NO HUGS!!! The only way he can get a (little) hug from me is if in a future game he manages to save me from death in some way. But else I will save my hugs for when people like Cabbeh and YesNO arrive in this thread. Unless they turn out to be KGB scum, then they get nothing of course. Speaking of new arrivals, I just realized that thanks to El topo his monumental fuck up, we will get some new archer blood in here today, jay!  New blood!  New blood!  New blood!  BTW, If I still would have been alive, I would have protected cabbeh again this night, so if he turns up dead, it kinda is also El topo his fault.
701 Launchpad★ 08-22-2015 12:34 PM ET (US)	oh yeah, Despair dun goof'd.  I think we're going to get some interesting discussion today...
702 Soriana★ 08-22-2015 12:35 PM ET (US)	Did they goof as in no kill tonight? Or did they goof in a dumber way that I'll be able to recognize from who died?
703 Launchpad★ 08-22-2015 12:37 PM ET (US)	They didn't get a kill, and it's going to open up discussion between the fight club people. Someone was in the hallways last night that shouldn't have been...  upupupupu
704 Ourobolus★ 08-22-2015 12:41 PM ET (US)	And unless a certain someone picks a certain target, KGB isn't getting a kill either.
705 roytheone★ 08-22-2015 12:43 PM ET (US)	<a href="#">/m704</a> please tell me at least someone died, it's so lonely here right now as the only active ex-archer player :(
706 Soriana★ 08-22-2015	Meanwhile I'm expecting a graveyard from the Cthulhu thread. Should DR game even allow discussion today? I almost think it might be better to just shut out Tim first thing so despair still fumbles around.

12:46 PM ET (US)	
707 Crab★ 08-22-2015 03:51 PM ET (US)	I think *Splinter is probably Despair too, but for fuck's sake just instantly lynch CzarTim and move on. Keep them guessing, don't give them a whole day to probe for whatever prevented the kill.  EDIT: unless of course there's someone who can work out Despair as a result of this. Edited 08-22-2015 03:53 PM
708 Launchpad★ 08-22-2015 03:53 PM ET (US)	<a href="#">/m707</a> hmm maybe he is.  But on the other hand, knowing what I know, it'd be better if they focused on sorting out the other mafia first lol
709 Launchpad★ 08-22-2015 03:54 PM ET (US)	I haven't shared the other mafia abilities with anyone else who's dead other than the mods. There's one in particular that I think hasn't really been explored, but I'm hoping the fight club people talk about in this phase.
710 Launchpad★ 08-22-2015 03:58 PM ET (US)	Also, even with what I shared with the "rulebreakers", there's a lot of misinformation I've sowed through the map. I'm hoping the town and mafia start piecing it together.  upupupu~
711 Hagi 08-22-2015 04:10 PM ET (US)	CornTaco said he's finished flip flopping but I'm sure he'll flip flop a few more times. He's pretty close though with a lot of his observations.
712 roytheone★ 08-22-2015 05:09 PM ET (US)	Truly, everybody sucks in the archer game!  Town sucks at getting KGB lynched. KGB sucks at getting night kills. Third party el topo sucked at everything.
713 Crab★ 08-22-2015 05:18 PM ET (US)	WHY THE FUCK WOULD YOU OUT THAT MAKAI  WHHHYYYYYYYYYYYYYYYYYYYYYYY  YOU ARE THE *WORST DAMN PLAYER*
714 Hagi 08-22-2015 05:25 PM ET (US)	He's bullshitting again no way he's that stupid.
715 roytheone★ 08-22-2015 05:50 PM ET (US)	If cabbeh turns out to be KGB, I will both be impressed and pissed.  Also, have you guys noticed how beautiful these walls are? I.....I need some alone time.
716	He might be bullshitting. At this point I honest to god can't tell because his play has

Crab★ 08-22-2015 06:16 PM ET (US)	been consistently terrible and anti-town.
717 Ourobolus★ 08-22-2015 06:23 PM ET (US)	I kinda feel bad for my KGB. Town has been really really lucky with their roleblocks.
718 roytheone★ 08-22-2015 06:33 PM ET (US)	Hey ourob, did you ever consider to have a day with no mission? Would be funny to have people posting volunteer immediately while they obviously didn't read the opening post.
719 Ourobolus★ 08-22-2015 06:35 PM ET (US)	Nah. I don't like RNG or perceived RNG. No need to mix it up. KGB is really thinking town is OP. I really don't think they are, but KGB really isn't thinking how to use their roles for maximum benefit.
720 roytheone★ 08-22-2015 06:54 PM ET (US)	KGB shouldn't complain, they basically got two doctor kills in two cycles without having to do anything. That is amazing luck.
721 Ourobolus★ 08-22-2015 06:55 PM ET (US)	Yeah I know. It's just irritating me again. I don't like the thought that I didn't make the game balanced. I'm a worrier - just a personality annoyance of mine.
722 Ourobolus★ 08-22-2015 06:57 PM ET (US)	Lol squidy fucked up
723 roytheone★ 08-22-2015 06:58 PM ET (US)	LOL, did squidyj just fuck up because he can't count to 4?????????
724 roytheone★ 08-22-2015 07:05 PM ET (US)	Squidyj his defence: yeah..... It was a trap! But he doesn't explain what kind of trap at all..... He is fucked.
725 Hagi 08-22-2015 07:07 PM ET (US)	lol that was quite the fuckup I hope he is KGB that would be funny there's a lot of people fake claiming across the games
726 roytheone★	Yeah, squidyj is now scrambling to get out of this mess, not going to happen. If he indeed is KGB, I would love to see the Mafia chat right now, I think they aren't very

08-22-2015 07:18 PM ET (US)	happy.
727 Hagi 08-22-2015 07:22 PM ET (US)	He is right though they should lynch Haly first if they think he's bussing
728 Burbeting 08-22-2015 07:28 PM ET (US)	At this point RoleBlockers could come out and reveal at least two kgb, huh.
729 roytheone★ 08-22-2015 07:32 PM ET (US)	I was actually *this* close to protecting squidyj during night 1. I really thought he was town. I got more suspicion during day 2, but still was leaning to town. Day 3 was the el topo show so that didn't change anything. Now I would probably vote for him.
730 Ourobolus★ 08-22-2015 07:32 PM ET (US)	<a href="#">/m728</a> No, they only successfully blocked KGB once - last night.
731 roytheone★ 08-22-2015 07:34 PM ET (US)	Roleblocker is my personal hero for saving me night 1!
732 Burbeting 08-22-2015 07:34 PM ET (US)	Since Darryl is the cop, squid is lying. Which makes me wonder... Could Arkos or Cabbwh be kgb as well.
733 Burbeting 08-22-2015 07:36 PM ET (US)	Also since Squid is lying, it makes me wonder even more about Palmer.
734 roytheone★ 08-22-2015 07:38 PM ET (US)	At the end of day 3, Palmer said that the cop should investigate Darryl. That stood out to me.
735 Burbeting 08-22-2015 07:39 PM ET (US)	Palmer knows very well Darryl is cop-claimer. So if he and squid are both mafia, squid would know it too. Something doesn't add up here.
736 roytheone★ 08-22-2015	I'm pretty trusting of arkos and cabbeh, cabbeh was my number 1 top town (you were number 2)

07:44 PM ET (US)	
737 Launchpad★ 08-22-2015 07:48 PM ET (US)	lol I can't believe they're letting squidy get away with that shit
738 Ourobolus★ 08-22-2015 07:51 PM ET (US)	Seriously
739 Ourobolus★ 08-22-2015 07:52 PM ET (US)	This is my problem with the game right now - nobody, literally nobody, is putting in effort to counter these ridiculous roleclaims.
740 Ourobolus★ 08-22-2015 08:18 PM ET (US)	Did squidy just counter his own roleclaim
741 Hagi 08-22-2015 08:20 PM ET (US)	He just said that he already claimed another "false" role during a mission surely someone will pick up on that.
742 Ourobolus★ 08-22-2015 09:00 PM ET (US)	Gah. This is painful to watch. Everybody really, logically, should be voting squidy. It's so obvious he is lying.
743 Hagi 08-22-2015 09:06 PM ET (US)	lol I just realized it's your game so if you're saying that then yeah fuck him they should lynch him now
744 Ourobolus★ 08-22-2015 09:15 PM ET (US)	I won't say whether he is KGB or not, but he's not the cop.
745 Blargonaut 08-22-2015 10:23 PM ET (US)	lol. you're kidding now you're a squidy now and I thought <i>my</i> jokes were bad Edited 08-22-2015 10:29 PM

Well I guess nothing would have happened there. I would have still been town and you had basically NK immunity (duly noted that Blarg can't read).
751 Sorian★ 08-22-2015 11:38 PM ET (US)	Jesus christ, just caught up on archer. What the fuck is squidy doing, kill him.
752 Ourobolus★ 08-22-2015 11:40 PM ET (US)	Haly really, really, really, should have claimed a power role. Or at least hinted at it. Sigh. Basically asking to be lynched.

758 Coppa nuva 08-23-2015 01:19 AM ET (US)	<p>Yeah I'm really wishing I'd have thought for that power role claim... shit would've been crazy. Probably would've gotten killed that night by the town killer though (or the next day when they actually reveal who they were). Oh well, here's to next time.</p> <p>Also kinda glad to hear most of those instructions were BS, I wonder how much people followed them (if any). I should look into that :P. Any bets on who dies Monday?</p>
759 Soriana★ 08-23-2015 01:54 AM ET (US)	<p><a href="#">/m758</a> For future reference, it is always in your best interest to do everything possible to stay alive, make up extravagant lies, do whatever. Remember, just because it sounds like an obvious lie to you does not mean it isn't going to be convincing to someone else. You didn't prove a point by dying and flipping tourist. Regardless of what they all said about worrying that they would be focusing you each day or non-sense, all they did was waste time my allowing Rats to tunnel on you. Vigilante will kill Charleston or Nin1000, I'm leaning towards Charleston because Nin stayed his own execution with that item claim. Flame is going to be a target by cults and he is such an obvious choice that I think both cults might try to sacrifice him the same night. I actually asked Traube what happens if a player is targeted for both sacrifices but he wouldn't tell me, maybe I get to find out.</p>
760 Soriana★ 08-23-2015 01:57 AM ET (US)	<p>"We have a cop claiming someone is mafia, and the subject claiming drone. I'm going to politely ask you to pick one of those two."</p> <p>Who does this guy think he is? How about town doesn't focus on the squidy/haly shit show?</p>
761 roytheone★ 08-23-2015 03:26 AM ET (US)	<p><a href="#">/m757</a> yeah, if I was still alive, I will now be fully in favor of testing squid his claim by lynching haly first. Worst case scenario you lose a drone, while if you Lynch squid, the worst case scenario means you lose a cop.</p>

762 Burbeting 08-23-2015 04:30 AM ET (US)	Darryl hasn't confirmed the results of his target yet.
763 roytheone★ 08-23-2015 05:10 AM ET (US)	Burb, have you any idea why Squid is doing this, I am very confused about it. If he is indeed KGB fake claiming cop to get haly lynched, that will just get him lynched during day 5. So why sacrifice one KGB player for one town player, especially when you can just night kill Haly during night 4. It makes no sense.
764 Burbeting 08-23-2015 06:42 AM ET (US)	Maybe they want to bait the real cop out before he can do real damage? If that's so, then Palmer isn't kgb.
765 Burbeting 08-23-2015 06:43 AM ET (US)	Also Darryl told his cop results.
766 Burbeting 08-23-2015 06:47 AM ET (US)	Also my n1 prediction is this: Roleblocker blocked ElTopo and Mafia tried to kill Archer.
767 roytheone★ 08-23-2015 06:55 AM ET (US)	<a href="#">/m765</a> was that in post 2660 when he said he didn't think the goddamn was scum, and bolted the fact that he should post more? Kinda a smart code!  Also, LOL Gorkak got called a fuck by Darryl after only his second post :) Edited 08-23-2015 06:56 AM
768 Burbeting 08-23-2015 06:58 AM ET (US)	Yes, that's the one. Too bad, since I was kinda having scum-vibes from goddamn.
769 Ourobolus★ 08-23-2015 07:06 AM ET (US)	<a href="#">/m766</a> ding ding ding
770 roytheone★ 08-23-2015 07:06 AM ET (US)	Anyway, whats your read on kristoffer? I get some serious scum vibes from him. Yesterday the only thing he wanted to talk about was his plan to test Ezekel using el topo, he went against every attempt to talk about something else. Even when it became clear you were the one killed by the KGB, he really didn't want people to talk about why you were targeted. And now again he tries to focus the conversation onto squidyj VS haly, and nothing else. He even wants to get the day to end early. It really feels to me like he is KGB trying to control what is being discussed.  <a href="#">/m769</a> whoever is that roleblocker, he/she will get a big hug from me when they arrive here! Unless it was a KGB roleblocker that accidentally helped a town PR. We

	really have no idea what kind of PR the KGB have, so this wouldn't even surprise me. Edited 08-23-2015 07:09 AM
771 Ourobolus★ 08-23-2015 07:08 AM ET (US)	Also more ridiculous assumptions - my KGB is wondering about the possibility of a third doctor. --
772 Blargonaut 08-23-2015 07:16 AM ET (US)	So who's the third doctor Ouro
773 Blargonaut 08-23-2015 07:17 AM ET (US)	:P
774 Ourobolus★ 08-23-2015 07:21 AM ET (US)	...sigh
775 Burbeting 08-23-2015 07:29 AM ET (US)	Kristoffee might be scum. Gorliak is 100% scum though.
776 roytheone★ 08-23-2015 08:44 AM ET (US)	I can't believe Squidyj is actually gonna survive today after that fuck up.  Also, why the hell did Enker hint that he had a PR? He wasn't even being attacked furiously, only some people mentioned he didn't post that much, that is not a good reason to hint you have a PR.....
777 Burbeting 08-23-2015 08:54 AM ET (US)	Well after Haly dies and no Darryl in sight, the mafia plan has failed.  Also, Palmer voted Mazre even though Darryl has revealed that Mazzy is a town. Maybe Palmer believes Squid and that Darryl is an impostor.  Or maybe something happened at night chat. Ouro, why can't my power work post-humously ;P?
778 Burbeting 08-23-2015 08:59 AM ET (US)	Also when the first mafiq dies, I'll ask him why I was killed ;(.
779 Burbeting 08-23-2015 09:04 AM ET (US)	If I was town, I would use the chats in the futurw in the way that when Darryl is revealed, his secured towners will use the chat to escape nights every night, which would basically secure the town at least some people who can't die ever.  Right now Darryl-list of undoubtly good guys:

	Mazre EzekielRAGE (I think I remember this one right) TheGoddamn
780 Burbeting 08-23-2015 09:05 AM ET (US)	If Darryl dies next night, Palmer is a Scum.
781 Ourobolus★ 08-23-2015 09:05 AM ET (US)	<a href="#">/m779</a> yep, that's who Darryl has investigated.
782 Ourobolus★ 08-23-2015 09:06 AM ET (US)	Darryl's plan to segregate people to investigate is actually genius - it's one of the things I'd hope would happen with the missions. On the other hand, KGB has a really, really, useful way to fuck that up, they just aren't taking advantage of it.
783 Burbeting 08-23-2015 09:08 AM ET (US)	So basically by letting Darryl-secured town in the night-chats, the game would have nigh-invulnerable part of known good guys. It might make a inner circle like onuw had, but at the same time the town needs some group they can undoubtedly trust.  Is there any characters with the role of framed?
784 Ourobolus★ 08-23-2015 09:09 AM ET (US)	<a href="#">/m783</a> :)
785 Burbeting 08-23-2015 09:09 AM ET (US)	Framed: A good guy who cop sees as a bad guy. The framed thinks he is just a drone.
786 Ourobolus★ 08-23-2015 09:10 AM ET (US)	<a href="#">/m785</a> So, yes. There is a Frammer - they flip the alignment of the targeted player for the night. This means KGB->ISIS and vice-versa.
787 Burbeting 08-23-2015 09:11 AM ET (US)	Cool, it means Darrys results aren't completely trust-worthy. Good way to balance things.
788 roytheone★ 08-23-2015 09:12 AM ET (US)	<a href="#">/m786</a> but for the framer to be able to use his ability, he also has to be in the mission, right? That is a big risk to take, because if Darryl investigates you instead of your target, you have a problem.
789 Burbeting 08-23-2015	I will believe the results are right for now though, since the pool is still really big.

09:12 AM ET (US)	
790 Burbeting 08-23-2015 09:12 AM ET (US)	Darryl was out of the mission last night.
791 Ourobolus★ 08-23-2015 09:13 AM ET (US)	<a href="#">/m788</a> yes. The Framer should get on the mission first and target themselves to gain trust. Then they can bring other KGB in. Once KGB finally figures out Darryl is the cop, hopefully they can do it.
792 Burbeting 08-23-2015 09:13 AM ET (US)	If I was a framer, I would only target my fellow KGB members.
793 Burbeting 08-23-2015 09:15 AM ET (US)	I think Darryl won't reveal his copness until he dies. That's why he has four people on the know how to figure out his results.
794 roytheone★ 08-23-2015 09:15 AM ET (US)	I am starting to think none of those 4 people are actually KGB, and them targeting you was just a lucky stroke.
795 Ourobolus★ 08-23-2015 09:17 AM ET (US)	<a href="#">/m792</a> The problem with that is if you go on a mission with 2 KGB, you have to guess correctly which one Darryl will investigate. Get yourself on there first and frame yourself, then gradually bring the others in.
796 roytheone★ 08-23-2015 09:24 AM ET (US)	In the end, it may actually be a good thing we lynched our doctor day 1 instead of tiger, because if Darryl his plan works out, it would be waaaay more valuable than having a doctor.
797 Burbeting 08-23-2015 09:42 AM ET (US)	<p>Okay, while I was eating, I started to wonder just how exactly is Squidjy the scum thinking he is doing kgb any favors with this stunt. Here's my theory:</p> <ol style="list-style-type: none"> <li>1. Squid the typical scum comes out as the Cop. Makes ridiculous claim, where he has checked me, haly and palmer. Also Goddamn, but Squid backpedaled.</li> <li>2. Cop, whose identity kgb doesn't know, gets suspicious. He decides to check next night either Goddamn or Palmer</li> <li>3. The mafia frames one of the two, in hopes that Cop get's fed misinformation.</li> </ol> <p>Other possibility is that Palmer is kgb too, and the kgb is trying to make a trap for Darryl in order for him to think that Palmer is a good guy.</p>

809 Burbeting 08-23-2015 10:48 AM ET (US)	It would be genius if Palmer was the framer, but reading Ouro's messages here I think he is not.
810 Soriant★ 08-23-2015 10:55 AM ET (US)	Tim's version of a bread crumb are on a whole other level for me. Adn seem to be mostly pointless anyway.
811 Launchpad★ 08-23-2015 10:56 AM ET (US)	Half the roles he said aren't in the game  And "breadcrumbing" when he's bolded all of what he's trying to get across.  lol
812 Soriant★ 08-23-2015 11:07 AM ET (US)	<a href="#">/m811</a> Well sure, he just listed whatever vanilla mafia roles he could think of to make that "story" work. I'm sure every single one of his posts has some stupid secret meaning like planning out the ifrst letter of each sentence so then he could go back later and say "yeah, this meant something, come on guys, how could you be so blind?"
813 Soriant★ 08-23-2015 11:10 AM ET (US)	Oh btw, I was thinking about your game while I was out with family last night (cause I'm a weirdo) and a Super Duper High School Level Breeder that acted as a watcher type role that sent one of his animals to someone's room would have been fun with this hallway mechanic. Would have given town a PR that could roam the halls invisible each night. (For all I know this could be in your game, I just thought it was interesting).
814 Launchpad★ 08-23-2015 11:27 AM ET (US)	I honestly don't know why squidy is still alive. The mafia have reason to kill him; the town has reason to kill him. What kind of black squid magic is he working?

824 roytheone★ 08-23-2015 11:45 AM ET (US)	Wait, are you guys hinting that squidyj is not kgb but town? That would make this one of the dumbest moves I have ever seen.

841 Soriant★ 08-23-2015 12:34 PM ET (US)	<a href="#">/m840</a> Squidy's bullshit claim of calling him scum via investigation. I think Ouro thought it was dumb that Haly just claimed drone but I thought it was fine. Squidy is so full of bullshit that it wasn't worth making any type of real role claim. "Yeah, I'm a drone, fuck off" was probably the best response.
842 Ourobolus★ 08-23-2015 12:41 PM ET (US)	The reason I said it was BS is because if he claims drone, town (at the time) seemed just fine with lynching Haly for "the greater good." If he had claimed something a bit more important they may be wary of that fact. Granted it could backfire too, but still.
843 roytheone★ 08-23-2015 12:43 PM ET (US)	I don't get what haly is doing, he just kinda let's everything happen to him without really trying to fight any of it. His claim that he prefers to work with facts is fine and all, but if you can't get any facts you still need to do something.
844 Soriant★ 08-23-2015 12:50 PM ET (US)	<a href="#">/m842</a> Sure sure but the theme of this season is that people aren't ending days early so far. They weren't going to knock him out right then. Plenty of time, if he is still chopping block later then he can make a role claim (fake).
845 Soriant★ 08-23-2015 12:52 PM ET (US)	All these people asking how other people know that squidy is lying. Rub some brain cells together and read the rules again. Come on.
846 Ourobolus★ 08-23-2015 12:55 PM ET (US)	<a href="#">/m844</a> well yeah, he definitely has time.
847 Launchpad★ 08-23-2015 12:55 PM ET (US)	I think Mazre figured it out earlier, actually.  "How can I be so sure? Well it honestly goes back to being on the missions, and that's about as far as I'm willing to disclose at the moment."  Why he hasn't said it baffles me

848 Sorian★ 08-23-2015 12:58 PM ET (US)	<a href="#">/m847</a> I wouldn't say it out loud either. It's a good test to see who is a critical thinker and understands the rules.
849 roytheone★ 08-23-2015 01:00 PM ET (US)	They are totally only going to talk about squid vs haly today, aren't they? Then after haly flips town, the next day they will only talk about squid.  And behold, 3 days in a row with only one subject each day that is being discussed. And at the same time obvious anti townies like seath can just sit back and watch.
850 Burbeting 08-23-2015 01:01 PM ET (US)	<a href="#">/m847</a> She could also just reference to the fact that Darryl revealed himself as the real cop in both missions one and two.
851 Launchpad★ 08-23-2015 01:01 PM ET (US)	<a href="#">/m848</a> I would say that my urge to completely obliterate squidy would overpower any logical thought after that point.
852 Sorian★ 08-23-2015 01:01 PM ET (US)	<a href="#">/m849</a> If they do that, they will just flip another 2 townies in a row. #archergamesucks

856 Launchpad★ 08-23-2015 01:08 PM ET (US)	<a href="#">/m855</a> The only assumption that it would lead to in this case is that squidy is a lying sack of shit. :p

865 roytheone★ 08-23-2015 01:53 PM ET (US)	Well, to be fair, the chance is enormous that at least one mafia was on a mission and that they already know about darryl being the cop.
866 Burbeting 08-23-2015 01:59 PM ET (US)	Everyone but Palmer have been checked to some extent by Darryl. That is, if we are trusting Arkos.

870 Burbeting 08-23-2015 02:13 PM ET (US)	Why on earth did they tell squid there was a cop claim.
871 Launchpad★ 08-23-2015 02:13 PM ET (US)	Sawneeks....

873 roytheone★ 08-23-2015 02:16 PM ET (US)	<a href="#">/m868</a> search for my name, only result is Darryl insulting me.....yep, that checks out!
874 Burbeting 08-23-2015 02:16 PM ET (US)	Well at least it means Squid has no reason to bait Darryl out since he has all the info.
875 Soriana★ 08-23-2015 02:22 PM ET (US)	Wait what did Sawneeks do?
876 Ourobolus★ 08-23-2015 02:30 PM ET (US)	<a href="#">/m872</a> Nah. A 3rd Party killer, while potentially useful, relies on the player being compliant with Town in doing their kills. Although frankly, given El Topo's win condition, it didn't matter who he killed at night, so he could have totally gone along with Town.
877 roytheone★ 08-23-2015 02:47 PM ET (US)	So after reading the chats I think I get what Squidyj is trying to do: get himself shot during the night phase. I don't know what that will achieve for him, but it makes sense when you look at his suicidal actions today.
878 Soriana★ 08-23-2015	<a href="#">/m877</a> Seems that way, my point still stands that town should be ignoring this side show lol

02:50 PM ET (US)	
879 Ourobolus★ 08-23-2015 02:52 PM ET (US)	Squidy is not a Jester role.  Although, if he survives today (and Haly does too), then I get the feeling tonight will be pretty interesting. Edited 08-23-2015 02:53 PM
880 Soriant★ 08-23-2015 02:55 PM ET (US)	Yeah I know he can't be jester, doesn't mean he's not trying to absorb another night kill or something. With what I know, I doubt he has any NK immunity too but he's still playing some game that makes no sense.
881 roytheone★ 08-23-2015 02:56 PM ET (US)	<a href="#">/m879</a> I think there is a bigger chance of Daryll suddenly saying he is sorry for all his insults and swear to never do it again then that both Squidyj and Haly survive today ;)
882 Ourobolus★ 08-23-2015 02:58 PM ET (US)	<a href="#">/m880</a> Let's just say that if the doctors were still alive, he would be able to survive a NK.
883 roytheone★ 08-23-2015 03:06 PM ET (US)	<a href="#">/m882</a> you mean survive a NK like in, if I protected him, or would he survive a NK automatically?  Also, I get that he isn't a jester role, but he could have some kind of power that would allow him to survive one kill attempt and it will automatically give him the name of the one that targeted him or something like that. That wouldn't technically be a jester role, right?
884 Ourobolus★ 08-23-2015 03:18 PM ET (US)	<a href="#">/n883</a> squidy's role is a little odd. Let's just leave it at that for right now. :P

886 Burbeting 08-23-2015 03:50 PM ET (US)	Also I will say that day 3 and 4 have both been a mess so far :D. What's with all the people acting so weird.

897 roytheone★ 08-23-2015 06:10 PM ET (US)	Oh God, multiple people are now pressuring mazre to reveal the mission chat info. That is what you get when you hint that you have information that you are not willing to share, don't do that!  Also, if mazre does out the info, I think Darryl will explode. I kind of want to see that happening.

898 Hagi 08-23-2015 06:12 PM ET (US)	Squidy isn't using anything from the night chat either so why is he calling people out? seems he's counting on Mazre keeping his mouth shut so as not to fuck up his already stupidly fucked up claim

921 Sorian★ 08-23-2015 07:59 PM ET (US)	Rightfully so, this day phase should be over. There is no need for discussion. Town's objective is to kill despair. They have one to kill. Finish it and don't give mafia any ideas who to kill tonight, make them guess again.

He does stick with his explanation of his number of nights fuck up, that it was a test to check who would notice it, so that is still kinda idiotic. What would that say about a person who notices it? I don't think that is a very good idea.  Edit: woops, day ended early again. *hangs up the Welcome Haly banner* Edited 08-24-2015 08:16 AM
941 Ourobolus★ 08-24-2015 08:38 AM ET (US)	Nah, if squidy activtes his power like he says he will, then he'll be the one dying. On the other hand, anybody with the watcher role is about to have an interesting night.
942 Launchpad★ 08-24-2015 08:39 AM ET (US)	Yeah, I suspect squidy will use his power during the night phase. He must think he'll targeted after this.
943 roytheone★ 08-24-2015 08:40 AM ET (US)	<a href="#">/m941</a> would I have been able to save him if I protected him this night? After Haly flipped KGB, I would have totally done that.

946 roytheone★ 08-24-2015 08:45 AM ET (US)	<a href="#">/m944</a> So even if El topo was still alive, but didn't target Squidyj, I would STILL not been able to save him? He really is a weird role isn't he?
947 Ourobolus★ 08-24-2015 08:48 AM ET (US)	It'll make sense in the day. :P
948 Ourobolus★ 08-24-2015 08:49 AM ET (US)	And as predicted, the roleblocker blocked the KGB killer again (supposing they use the same guy). Although, it won't matter if squidy uses his power.
949 Ourobolus★ 08-24-2015 08:51 AM ET (US)	Also, my next prediction - KGB is kinda boned from this point forward. Clearly the roleblocker guessed right and knows enough to stop the kills. And I'm guessing the cop is going to get some info tonight that'll lead to another KGB. That leaves one KGB that needs to survive to basically the end.
950 roytheone★ 08-24-2015 08:51 AM ET (US)	<a href="#">/m948</a> how many places do I need to prepare here before the start of the next day? 5? 10?  Also, judging from <a href="#">/m949</a> and assuming Darryil is indeed the cop, that would make Gorlak KGB? Man, that would suck, join a game, get to play two real life days, then get immediately outed as KGB the next ingame day. That is some suck ass luck. Edited 08-24-2015 09:00 AM
951 Ourobolus★ 08-24-2015 09:06 AM ET (US)	Yeah. That's all this game has boiled down to, really. Shitty, shitty luck. Town gets their doctors killed, KGB gets randomly roleblocked, and for some reason everybody believe one of the worst roleclaims I've ever seen.
952 roytheone★ 08-24-2015 09:14 AM ET (US)	<a href="#">/m951</a>  Squidyj got unlucky with his Visualante pick, but lucky with his Haly one. I got unlucky with being targeted by a mad man. 955 Soriant★ 08-24-2015 09:41 AM ET (US)	That archer wrap up lololol Good job Ouro. I'll admit that I am surprised with what Haly flipped. He had horrible defense for such an important role. I really did think he was a waste of time as Squidy was in the midst of his "plan" but it made more and more sense that he had to go only to get people to move on.
956 roytheone★ 08-24-2015 09:42 AM ET (US)	<a href="#">/m953</a> Burb, do you still think the mafia targeted you because they were present in the first night chat and thus saw your 180? 965 haly★ 08-24-2015 09:46 AM ET (US)	@Burb: You were killed because you and squidy were our biggest threats. I got talked out of killing squidy 2 days in a row and look what happened. 966 Soriant★ 08-24-2015 09:46 AM ET (US)	<a href="#">/m959</a> But I thought Mazre was obvious scum? That's what teh thread told me.  <a href="#">/m963</a> Yes, do that.
967 El Topo 08-24-2015 09:47 AM ET (US)	Hi Burb.  I'd like to add that it's not hypocritical. It's "I get to kill someone at night so I don't particularly care about that stuff"-ical. Big difference.
968 Burbeting 08-24-2015 09:48 AM ET (US)	Why was I a threat anyway :D. I was hellbent on killing Greatlord and then Seath, neither kgb.  And I guess that proves Palmer isn't kgb.
969 roytheone★ 08-24-2015 09:50 AM ET (US)	<a href="#">/m967</a> I know, but it does sound kinda weird out of your mouth if you look at what you did ;) <a href="#">/m963</a> If you do that, I will tell Oubor your real thoughts about him, also, you will receive no more pictures! <a href="#">/m965</a> You should really have targeted burb on day 1, because I was protecting him then :)
970 haly★ 08-24-2015 09:50 AM ET (US)	@ Soriant: It's a horrible role. I had to guess who the investigator was and, if we somehow killed him day 1, my role would've been utterly useless. Made doubly useless because the cop would've tried to get on the mission, so I'm thinking Mazre or Palmer, though neither of them act like it.  But the thing is, whoever the investigator is, my death throws their results into disrepute and they'll have to go over their targets once again, so there's that consolation prize.
971 Burbeting 08-24-2015 09:50 AM ET (US)	Also I'm really curious about Squids role now. This day was just so ridiculous gamble for him.
972 haly★ 08-24-2015 09:50 AM ET (US)	Should I spoil KGB Ouro? Am I allowed or what?
973 Ourobolus★ 08-24-2015	<a href="#">/m972</a> you can. I was just keeping mum until one of you showed up.

09:51 AM ET (US)	
974 haly★ 08-24-2015 09:51 AM ET (US)	@ Burb: You were starting to agree with Squidy and I couldn't accept a squidy-burb alliance. One of you had to go, and some of us thought that squidy was too close to us to risk killing.
975 Soriant★ 08-24-2015 09:51 AM ET (US)	<a href="#">/m970</a> Of all fucking things, the cop is Darryl. RIP Haly :P
976 Burbeting 08-24-2015 09:52 AM ET (US)	Okay since Haly is framer, Darryl has full reign now then.  KGB is pretty much fucked.
977 Ourobolus★ 08-24-2015 09:52 AM ET (US)	<a href="#">/m970</a> - Darryl was the cop.  Although you guys had one big issue - you would frame someone, and then say "hey, I think this guy is the cop, let's roleblock him." - which kinda defeats the purpose.
978 Burbeting 08-24-2015 09:53 AM ET (US)	Haha at Squid-Burb alliance :D. I was whole day 4 screaming squid is scum.
979 haly★ 08-24-2015 09:54 AM ET (US)	Oh really.  Well, this game was fucked from the start. Squidy gets some one shot power role. EZ is 1-shot bulletproof. 2 doctors, Darryl is cop, YNNNY is roleblocker. Like, that's a fucking stacked list of town.  Me: Nikolai, Tailor QB: Katya, Roleblocker (this is the "honeypot") Mike_Hawk: Cyborg Barry, Ninja Razmos/Possum/Gorlak: Vanilla Goon
980 haly★ 08-24-2015 09:55 AM ET (US)	Hm, I don't follow.  Frame 1: squidy Frame 2: El Topo Frame 3: Gorlack  Block 1: El Topo (haha, got you there topo) Block 2: Hobohodo Block 3: Septimus  There was no overlap, well, except with Topo. Edited 08-24-2015 09:55 AM

982 roytheone★ 08-24-2015 09:55 AM ET (US)	Gorlak must be the most unlucky person ever in GAFia. He will have played one and a half real life days before he will be outed as KGB.
983 El Topo 08-24-2015 09:55 AM ET (US)	What the heck? Four mafia only?
984 haly★ 08-24-2015 09:56 AM ET (US)	That's what Ouro tells me. That's why N3 was no-kill. She must've blocked Mike.
985 Ourobolus★ 08-24-2015 09:56 AM ET (US)	4 mafia + 2 neutral...although the neutrals outed themselves early for some weird reason.
986 Soriana★ 08-24-2015 09:57 AM ET (US)	<a href="#">/m982</a> Excuse me? EXCUSE ME?!?!?!?
987 haly★ 08-24-2015 09:57 AM ET (US)	That's what I said, El Topo. Four mafia and you against that lineup is cray cray. If they hadn't blundered into Visual or if you chose anyone else than Roy, it would've been literally impossible. Didn't help that none of the mafia players could spend a lot of time on the game. In the end I was talking to myself.
988 El Topo 08-24-2015 09:57 AM ET (US)	Hey Haly, you want to know what I would have done if I really had survived another day? Honest answer? I would have unvolunteered (maybe at the last minute) and killed you. You called the flavor writing of my fake role shitty. Ain't nothing shitty about Cate Archer.
989 Ourobolus★ 08-24-2015 09:57 AM ET (US)	Also 4 mafia is what we had last game of 23 players, so I didn't think it was out of the ordinary.
990 Burbeting 08-24-2015 09:57 AM ET (US)	I'd say Questionbro has the chance of winning of the kgb at this point.
991 roytheone★ 08-24-2015	<a href="#">/m980</a> Wait, so in night 1 you KGB guys accidentally saved a doctor from death? HAHAHAHAHAHAHAHAHAHAHA. Thanks for that BTW!

09:57 AM ET (US)	
992 haly★ 08-24-2015 09:58 AM ET (US)	Can Seath do anything or is it just an alt win con?
993 El Topo 08-24-2015 09:58 AM ET (US)	Four mafia and two neutral players, one being a neutered serial killer, seems rather weak, in particular with the mission mechanic.
994 haly★ 08-24-2015 09:58 AM ET (US)	You're welcome Roy!
995 Ourobolus★ 08-24-2015 09:58 AM ET (US)	In practice I think it may have been a bit in Town's favor. But man, we went over it a lot before the game started. Sorry -.-
996 Burbeting 08-24-2015 09:59 AM ET (US)	Framer haly had a big chance of fucking town completely.
997 El Topo 08-24-2015 10:00 AM ET (US)	Not necessarily.
998 Ourobolus★ 08-24-2015 10:00 AM ET (US)	Yeah, that was the biggest thing that was tipping the scales - the Framer could be crazy OP if used well, but I can't plan for everything, like a squid kamikaze.
999 Burbeting 08-24-2015 10:01 AM ET (US)	I don't understand Squid.
1000 haly★ 08-24-2015 10:01 AM ET (US)	I don't think so. I mean, yes, there's peaks to my power but it's so slim I think you guys are overestimating what it does on average.
1001 Ourobolus★ 08-24-2015	<a href="#">/m1000</a> probably. Sorry again.

10:02 AM ET (US)	
1002 El Topo 08-24-2015 10:02 AM ET (US)	I honestly don't see the Framer as this overpowered role, same way the cop is useful, but not essential. It's fun, but it doesn't necessarily make up for numbers or the lack of night kills.
1003 haly★ 08-24-2015 10:02 AM ET (US)	Roleblocker is just much, much, much stronger, even in a 1 on 1 duel vs the cop. If the cop outs himself and gets protection, I'd still have to guess every one of his targets. QB though? The cop won't even get to target.
1004 roytheone★ 08-24-2015 10:05 AM ET (US)	<a href="#">/m986</a> I didn't really kept up with the earlier games, did someone really got more unlucky than that?

1007 haly★ 08-24-2015 10:12 AM ET (US)	I might try hosting a low power game next round. And limit the number of players to, perhaps, 13, with 3 mafia. Unavoidable really, when you RNG the role distribution. I mean, look, Burbeting got Analyst! And Visualante, had he stuck around, would've been more active and he got Doctor. Darryl, Squidy, Ezekel, YNNNY. 1062 El Topo 08-24-2015 11:01 AM ET (US)	I actually still thought I might save myself with the Cate Archer claim, but the immediate reaction to my reveal was so negative I never even bothered much afterwards.

1076 Ourobolus★ 08-24-2015 11:14 AM ET (US)	I think the funny part is that they seem like this super-cool awesome thing to use, and then it always gets used to punish town, because the overrider is typically just going off of gut.
1077 El Topo 08-24-2015 11:16 AM ET (US)	If you had the override power, you wouldn't care if you hit a town member. 1078 Soriana★	It's a dangerous power. I'm sure the success rate on a town-aligned override is low but when it works it's probably quite the sight. A scum-aligned override was

And on top of that, the heroic cartoon fox had the role of "Serial Killer." I think it's a pretty outlandish claim! At the very least, Cate Archer made sense in the setting and her name. A medieval cartoon fox who is a literal Archer? Somewhat less so. I didn't want to talk about the game in the general thread, but that was a pretty mindblowing reveal, and I almost expected Ouro to go "lol just kidding here's the real results" at the end.  <a href="#">/m1073</a> Now I'm disappointed, too. 1124 haly★ 08-24-2015 02:09 PM ET (US)	No, burb. You were quiet on day 1 so I thought you weren't a threat but you started ramping up the reads and I needed to kill you before you caught wind of us. I was talked out of killing squid so you were up next. Unlike AC's mafia, I believe the best targets are the wordy scum hunter players. The more inactive a thread, the better it is for us. Noise makers like blarg are okay though.  But this is my first time as scum so I might be totally wrong. I was also kind of calling the shots because I was the most active by a large margin so there was a lot of tunnel vision. Edited 08-24-2015 02:10 PM
1125 Ourobolus★ 08-24-2015 02:12 PM ET (US)	"Unlike AC's mafia, I believe the best targets are the wordy scum hunter players. The more inactive a thread, the better it is for us." We actually thought the same way. The problem was at the time, a lot of the talkative players were focusing on one or more of the HHA (the roommate situation didn't help matters), so we tried to confuse a little bit by going for the middle-of-the-road players.
1126 Burbeting 08-24-2015 02:14 PM ET (US)	I wonder what that attract command does.
1127 Ourobolus★ 08-24-2015	All night actions that can affect squidy will affect squidy.

1128 Burbeting 08-24-2015 02:15 PM ET (US)	Also Haly, I was silent in day 1 because I was writing that "Archer player guidebook" I was going to write one every two days, but alas..
1129 Burbeting 08-24-2015 02:16 PM ET (US)	<a href="#">/m1127</a> So it's basically kamikaze? What a weird role.
1130 roytheone★ 08-24-2015 02:16 PM ET (US)	<a href="#">/m1124</a> your main targets where Burb and Squid? The three targets I was going to cycle through protecting in the night were Burb, Squid and Cabbeh! So if I had lived, there was a good chance I would have at least prevented a NK at some point! That actually makes me feel a bit better about my play :)
1131 Burbeting 08-24-2015 02:17 PM ET (US)	Well unless Docs were alive.
1132 Burbeting 08-24-2015 02:17 PM ET (US)	<a href="#">/m1130</a> too bad you started your cycle from me then.

1181 Soriant★ 08-24-2015 03:44 PM ET (US)	Depending on how honest some of these people are being, I am very disappointed in Cthulhu town. So many of them pegging both me and LoC as honest good townfolk. Tsk tsk.
1182 Coppanuva 08-24-2015 03:47 PM ET (US)	<a href="#">/m1181</a> yeah, I'm kinda shocked so many thought loc was town, he always seemed kinda off to me.
1183 El Topo 08-24-2015 03:47 PM ET (US)	This entire season of Gafia is a bit of a disappointment, not because of the game runners, but sheer coincidence I wager.  If this was a TV show, it'd be Battlestar Galactica. Amazing mini-series/first season, fantastic second season, third season off to a great start (D1 Doctor lynch, Chtulhu mass murder etc.) and then....uh...a boxing tournament? 1184 Soriant★ 08-24-2015 03:48 PM ET (US)	<a href="#">/m1182</a> I posted way to much in that thread, I was trying to find my last reads post but couldn't find it. <p>1188 Soriant★ 08-24-2015 03:55 PM ET (US)</p>	<p><a href="#">/m1186</a> I'm gonna assume you didn't read far back in here since I pad the post count. Cthulhu game actually has two cults killing/recruiting people each night. That second cult has now made it to day 4 with no one being the wiser. The longer it takes them to figure that out, the larger my load will be. The tears will be excellent.  Scrafty also planting that seed of doubt that anyone could be converted at any time and it might not be best to keep trusting people that you've trusted before. This is delicious.</p>
<p>1189 Fireblend★ 08-24-2015 03:57 PM ET (US)</p>	<p>Yeah, even though I only played 1 day LoC was definitely far from a solid read for me, and from what I've read he hadn't made a strong impression either. Charlestone, Flame and Soriant were the ones who I thought I could trust day 1.</p>
<p>1190 Blargonaut 08-24-2015 03:59 PM ET (US)</p>	<p><a href="#">/m1180</a> "all required to do the most improbable thing each phase", you say...  could be SAW  could be Magic School Bus  could be Nichijou  hmmm, could be anything really &gt;_&gt;</p>
<p>1191 Soriant★ 08-24-2015 03:59 PM ET (US)</p>	<p><a href="#">/m1189</a> &lt;3  Though I was town that day so your read was actually correct.</p>
<p>1192 Soriant★ 08-24-2015 04:01 PM ET (US)</p>	<p>LoC probably played the Blarg situation the same way I did. Live or die, it was a win for the cults. Blarg dies? Whatever, none of us did and we all look good for pushing that anti-cult agenda. Blarg lives? Awesome, we get to spend all of the next day phase talking about him too.</p>
<p>1193 Blargonaut 08-24-2015 04:03 PM ET (US)</p>	<p>I had thought Mr. Castamere was Town as well, can't prophesy everything correctly now &gt;_&lt;</p>

1195 Blargonaut 08-24-2015 04:11 PM ET (US)	lol, making players look good by giving them a convenient conversation piece is exactly what I wanted, I laid the table out and rang the dinner bell but Town seems intent on ignoring my "ramblings" x_x  Trust me, I'll wager that 60% of my Cultist accusations are totes correct :o
1196 Coppanuva 08-24-2015 04:13 PM ET (US)	<a href="#">/m1195</a> The way this is going you're going to have been 60% right cause everyone is a cult...

1198 Blargonaut 08-24-2015 04:17 PM ET (US)	After the SW game, I knew Mr. Castamere would be the most likely to publicly attempt the puzzles, so I singled him out by name just to make sure he wasn't immune from suspicion by hiding among other puzzle-solvers
