2 CzarTim★ 08-28-2015 01:50 PM ET (US)	I just rolled the roles and lol Darryl you're cursed.
3 palmer_v1★ 08-29-2015 03:08 AM ET (US)	I just feel I should mention that I'm sort of helping Czartim, mostly because I don't want you guys to accidentally spoil me on anything from the Archer game you may have seen or heard from other places. Otherwise, good luck! Darryl's role is my favorite. Edited 08-29-2015 03:19 AM
4 roytheone★ 08-29-2015 03:29 AM ET (US)	My flavor text says I like Donald trump, can we just night kill me in night 1?
5 CzarTim★ 08-29-2015 03:33 AM ET (US)	don't you love your country?
6 Darryl 08-29-2015 03:37 AM ET (US)	YES

10 Darryl 08-29- 2015 03:41 AM ET (US)	We are getting those NXs if it's the last fucking thing I do
11 Darryl 08-29- 2015 03:42 AM ET (US)	My role is shrieking mom. The last person who votes for me also gets evicted if I read this right. So if it comes time to bus me make sure we take out someone hot hot hot

14 Darryl 08-29- 2015 03:55 AM ET (US)	ROLES PLS
15 Darryl 08-29- 2015 03:58 AM ET (US)	If palmer did read that he's talking about cthulhu anyways, obviously. Just don't give anything that might give him ideas, like you did with your lord of the rings pic
16 CzarTim★ 08-29- 2015 04:02 AM ET (US)	you guys are already not having fun, great job!

17 roytheone★ 08-29-2015 04:03 AM ET (US)	/m14 I am an asshole security guard that hates kids. I have a drone to spy on people. Basically I am a tracker. /m16 Darryl is very good in not having fun! (Just kidding..... Kinda ;) @palmer yes I was talking about cthulhu, nothing about archer of course. Sorry if it caused any confusion. Edited 08-29-2015 04:17 AM
18 Darryl 08-29-2015 04:15 AM ET (US)	WTF do mafia get tracker roles for?
19 Darryl 08-29-2015 04:16 AM ET (US)	What's your fun flavor text roy
20 CzarTim★ 08-29-2015 04:20 AM ET (US)	Oh yeah, fake flavor is there in case you need something to fall back on thematically. It won't come into play unless you use it.
21 roytheone★ 08-29-2015 04:41 AM ET (US)	/m19 you mean my fake claim freebie? Its a "fun loving" security guard. He also has a Drone, but lets the kids fly with it for fun. So a logical power associated with that would that he is able to make a kid the tracker for one night. I think we have to workshop that fake claim a bit. A) he reads to me more like a fun aligned third party than purely fun aligned, plus the whole "makes kid the tracker" power is incredibly easy for them to refute.
22 Darryl 08-29-2015 04:46 AM ET (US)	What if there is a line skipper with an override and you can veto it
23 Darryl 08-29-2015 04:48 AM ET (US)	Also what roles are you here to counter? What does a tracker even do? Can you detect if someone copped or doctored?
24 CzarTim★ 08-29-2015 04:52 AM ET (US)	Roy, I didn't mean to imply with that fake claim that you make someone else a tracker, but that you are tracking the person flying the drone by being with them while they fly it. e: but feel free to modify it as you please Edited 08-29-2015 04:54 AM

25 roytheone ★ 08-29-2015 04:57 AM ET (US)	/m22 Good idea, could be something like this: there is a third party named "asshole kid" (name needs some work) and I am third party simply named "security guard". My job is to find the asshole kid and remove him from the line because he causes trouble. I think that is pretty believable considering the theme. /m23 if I track someone with my drone, I will get to see who he/she targets if he/she has a night PR. I do not get to know what the action was. So basically I can sniff out power roles, but I would not know which role they are exactly, only that they did something at night.
26 Darryl 08-29-2015 05:06 AM ET (US)	TheGoddamn probably baiting for a search
27 Darryl 08-29-2015 05:09 AM ET (US)	Sorian, Salva, Burbeting, LP are going to be my fake mafia buddies
28 roytheone ★ 08-29-2015 05:13 AM ET (US)	Some more ideas for my fake role claim (I think it is smart to have a fake role claim for the three of us sooner rather than later, having to come up with one when you are already in trouble will probably fail spectacularly). -I know there is an "asshole kid" that causes trouble (has a night PR), but i DO NOT know exactly what power that is. -Myself has two powers: I can track someone at night with my drone to see if he is the asshole kid or not, that's the only information I get from my DRONE action. I also have an one shot override in the day which is hit or miss. I hit the asshole kid, I win, I hit someone else, I get fired and lose.
29 Darryl 08-29-2015 05:26 AM ET (US)	Czars is pretty good if the scenario is right. You get information alongside someone . If you're REALLY on the line that could delay you a night depending on what info you claim. Whatever it is, people are probably expecting this game to be vanilla so try to keep it as basic as possible. We need fires role
30 Darryl 08-29-2015 05:27 AM ET (US)	What I mean is we should actually avoid the idea that this game has an override at all now that I think about it
31 roytheone ★ 08-29-2015 05:34 AM ET (US)	I think an override does fit the role of "security guard" like a glove, but maybe we indeed need to make it a bit simpler. You want to avoid third party claims altogether?
32 Darryl	Yea. I think especially with this group that there isn't a lot of hesitation when dealing with third parties or third party claims. If it comes to a role reveal you're looking at just

08-29-2015 06:07 AM ET (US)	lasting the night I think. My role says Cool Mom, which I think is nice. I was gonna say I'm a doctor that can only hit ordinaries and only protects one time. Like I give a kid an iPad for the night. After that it is just missing. Protects me from role investigations if someone finds out I'm a shrieking mom. I just lost my fucking ipad.
33 roytheone ★ 08-29-2015 06:21 AM ET (US)	Maybe I should just be as truthful as possible and Claim my "real" role as security guard that can send a drone to track, and only leave out the evil things about hating children and wanting to ejaculate over a picture of Donald Trump. I don't think a security guard is necessarily no-fun aligned, he wants order and a group that removes people from the line at night without the groups consent is a danger for my precious order, so I want them gone= I am fun aligned. This will protect me from Fun trackers (they would just see me using my drone) and Fun Role investigators (My official role title is just "security guard" all the evil stuff is in the fluff).
34 Darryl 08-29-2015 06:55 AM ET (US)	Oh that's not too bad then. I just hope they get role reads and not alignment.
35 Darryl 08-29-2015 06:56 AM ET (US)	It's be weird if they got alignment reads in the flavor of this game? Is someone the Fun Police?
36 Darryl 08-29-2015 06:57 AM ET (US)	Darryl's alignment is no fun allowed! Just seems funny.
37 roytheone ★ 08-29-2015 07:47 AM ET (US)	Anyway, now that I have my potential fake role claim figured out, on to the next thing: how should I play as mafia? I have a whooping total of 2 ingame days of experience thanks to dying so soon in Archer, so I don't really have a complete grip on the game yet. Should I try to stay a bit invisible by giving enough reads/comments so that town sees me as town, but not being active enough that people may suspect something?. Staying in the shadows by not being the one that pushes to lynch somebody, and don't be the guy that switches his vote at the last possible second because that always causes suspicion? I will defiantly become one of the posters that posts the least when I look who else is in this game, hopefully that would not focus attention on me. Also, what should I do with you guys when I give my reads? Putting both of you in either my "defiantly town" or "defiantly scum" group will be way to obvious, so I will probably spread you guys a bit around, maybe one in "probably town" and one in "probably scum" depending on how the game goes? Sorry for all the questions, but I really don't want to fuck it up for you guys thanks to my inexperience! Edited 08-29-2015 08:11 AM
38	Yo! Mafia here! I have an incredible track record as scum (did I say incredible? I meant horrible), but hey, we gonna win this thing right?

Fireblend ★ 08-29-2015 09:40 AM ET (US)	I have a crazy role, apparently, as a recently divorced dad: I'm a blocker, can investigate and switch. But I can only do one action per night. My fake role is ADHD Kid. I'm hyperactive and can't stand still.
39 CzarTim★ 08-29-2015 09:42 AM ET (US)	might want to read that role pm again, bud
40 Fireblend ★ 08-29-2015 09:45 AM ET (US)	Ah I see, I can do each action once.
41 CzarTim★ 08-29-2015 09:48 AM ET (US)	and it's a framer, not investigation
42 Fireblend ★ 08-29-2015 09:52 AM ET (US)	Oh wow, I can't read for shit today. In my defense I just woke up. Let's summarize then: I can, once during the game, use the actions: Tattletale - Frame someone so he appears mafia-aligned to investigators Shove - Prevent someone from using their role Mistaken Identity - Basically a switch. Fake flavor: ADHD Kid - You are hyperactive and can't stay still for more than a second. You are running around like a crazy person.
43 roytheone ★ 08-29-2015 10:48 AM ET (US)	Hey there Fire! I originally wanted to test if my hypotheses of ONUW games that lynching you will lead to a win for me still holds for these games, but I think I will discard that plan for now :) Anyway, your powers are quite interesting, because it tells us that town has at least one PR that can check for alignment. That could be very dangerous if they get lucky.
44 palmer_v1 ★ 08-29-2015 11:17 AM ET (US)	I didn't see whatever spoiler got deleted. I only really care about Archer spoilers. I've been spoiled on the other two games almost entirely.
45 CzarTim★ 08-29-2015	spoilers: I was mafia in DR. No one knows though so keep quiet.

11:18 AM ET (US)	
46 roytheone ★ 08-29- 2015 01:25 PM ET (US)	*walks in thread* *sees that there are already 3 votes on Darryl* GODDAMMIT!
47 CzarTim★ 08-29- 2015 01:37 PM ET (US)	I laughed
48 Fireblend ★ 08-29- 2015 01:52 PM ET (US)	/m43 yeah I can't imagine that would work this time around.
49 Darryl 08-29- 2015 01:55 PM ET (US)	Don't worry about it. Salva might be PR
50 roytheone ★ 08-29- 2015 02:03 PM ET (US)	/m49 yeah, the votes are clearly more a kind of fun, teasing votes than a real, serious treat. I kept away from it on purpose, I expect it will solve itself automatically when a real target rises.
51 Darryl 08-29- 2015 02:06 PM ET (US)	Yea don't get involved in this. By voting or distracting them
52 Darryl 08-29- 2015 02:07 PM ET (US)	Roy when I first played I mimicked a towns behavior and he never noticed. Which was launchpad and squidj. Pick someone and play like them if you're confused
53 Darryl 08-29- 2015 02:08 PM ET (US)	Pick someone threatening and they overlook you because you're similarly minded

54 Darryl 08-29-2015 02:09 PM ET (US)	Just do it right. And don't forget to actually try to hunt scum. You have to have conviction. Just create fake scum in the audience
55 roytheone ★ 08-29-2015 02:12 PM ET (US)	Thank you Darryl, I will see what I do. I think that the way you play isn't even the most important aspect, being consistent is. From viewing the other games, changing your play style generates a LOT of suspicion.
56 roytheone ★ 08-29-2015 07:03 PM ET (US)	Fire, any reason why you haven't posted that much yet? I kinda fear that you will be seen as suspicious soon because you haven't really posted anything substantial yet. If you plan to make a post later please disregard this message :) Edit: Ooooooor maybe you should wait to see how this launch vs kark thingy works out. Godzilla_letthemfight.gif Edited 08-29-2015 08:03 PM
57 Darryl 08-30-2015 12:08 AM ET (US)	Post something substantial. Call out McLaunch for jumping from one easy target to another. Ask them why they did that
58 Darryl 08-30-2015 12:08 AM ET (US)	Who knows. Try to find something scummy and point it out then keep your low profile. Something people aren't talking about
59 Darryl 08-30-2015 12:09 AM ET (US)	Put words on blargs mouth saying he's probably suspicious of McLaunch because he's taken an easy bandwagon twice in a row
60 Fireblend ★ 08-30-2015 01:08 AM ET (US)	Hey. I just didn't have that much time to post today. I'll figure something out and post.
61 Darryl 08-30-2015 01:35 AM ET (US)	Kk. If you can't post don't post. Better than a forced post

62 Darryl 08-30-2015 02:00 AM ET (US)	An option now is to turn on kark with the group. The fact that he brought up a no evict is mafia bait at worst. Etc. He could have waited for this moment since we aren't in a rush
63 Darryl 08-30-2015 02:19 AM ET (US)	Nice 1
64 roytheone ★ 08-30-2015 09:43 AM ET (US)	Launchpad is suspicious of the both of you, so if you don't mind I am going to agree with him a bit about Kark so that I stay away from his scum list.
65 roytheone ★ 08-30-2015 06:00 PM ET (US)	Who should I vote on? With Darryl already going for launch, and with me "agreeing" with launch about kark, I think voting for kark will be the best option, right?
66 Darryl 08-30-2015 06:03 PM ET (US)	Yes. Kark ideally needs to go
67 Darryl 08-30-2015 06:04 PM ET (US)	I think launch had a conspiracy with me amd kark, so ideally kark will die and he will have to rethink things
68 Darryl 08-30-2015 06:05 PM ET (US)	I'm just doubling down on the conspiracy. I doubt we will be able to evict launch tonight
69 roytheone ★ 08-30-2015 06:14 PM ET (US)	Kark flipping town will at least get launch a bit off fire his back I think. He will still be focused on you though I fear. If he is an investigation PR, I wouldn't be surprised if he targeted you tonight.
70 Darryl	Yea I was gonna say we should swap me with someone else. I was gonna be a hot target for that anyways

08-30-2015 06:15 PM ET (US)	
71 Fireblend ★ 08-30-2015 06:25 PM ET (US)	Fine by me.
72 roytheone ★ 08-30-2015 06:26 PM ET (US)	We swap you, I drone launch to see if he indeed is a PR, you make the kill because you are swapped anyway. BTW, the way launch takes about having a reason that he plays slightly different this game makes me really think he indeed is a PR. We can't kill him though, unless we want a bright spotlight on you guys ;) Edited 08-30-2015 06:30 PM
73 Darryl 08-31-2015 12:23 AM ET (US)	Yea either launch or salvapot. Pretty sure Salva has implied pr
74 Darryl 08-31-2015 12:24 AM ET (US)	Guys gotta be more chatty. You don't need huge messages. Don't put a whole lot of thought into your messages because it can show when it looks like you've crafted your message

76 roytheone ★ 08-31-2015 06:19 AM ET (US)	Is it OK to post reads on everybody, or should we stay away from that?
77 Darryl 08-31-2015 07:49 AM ET (US)	Just stay away I think. For now.
78 roytheone ★	Alright, I do have reads on everyone ready to go in case someone asks me about my thoughts on someone.

08-31-2015 07:50 AM ET (US)	
79 Darryl 08-31-2015 07:58 AM ET (US)	I think it's best to just act town while letting this charade go, just don't be the hangman. I really am quite confused myself.
80 Darryl 08-31-2015 07:58 AM ET (US)	Post it in chat Our chat Edited 08-31-2015 07:59 AM
81 Darryl 08-31-2015 08:01 AM ET (US)	There really isn't anyone noticeable to frame yet. Ouruborus has slow activity. SalvaPot acting funny to some? Sorian and batsnacks are eager beavers? A few posters who aren't making a presence. Like you gus. Lol
82 roytheone ★ 08-31-2015 08:19 AM ET (US)	/m80 here you go: 1. cabbeh [m] Doesn't post an incredible amount, but when he does, it is all very well thought out analysis about the things that have happened. I think he would be one of the top posters if he was in a timezone where he was awake when most of the discussions happen. I think he is town. 2. TheGoddamn [m] Didn't post anything substantial yet. Is apparently on holiday so that is understandable, but I do want to see at least his thoughts about Kark BEFORE we lynch him and we see his alignment. 3. roytheone [m] Very handsome, smells good too. I like him. 4. Darryl [-] Darryl is an ass, but that is just the way he plays these games. He is very confrontational and loves to piss people off, I guess that is his way to get reads? He isn't afraid to put himself in the spotlight with the way he posts, and I actually like that. Leaning to town for now. 5. Sorian [m] Very chatty, offers a lot of well thought out opinions on everything. I may not agree on every single thing he says, but the way he is playing is very pro town in my eyes. 6. batsnacks [m] I find him very suspect. He seems content on jumping on both the Darryl and Kark bandwagon extremely soon, and now acts as a kind of "wingman" to Launch, supporting his campaign against Kark, but always staying a little bit in the background. If Kark flips town, I would be more inclined to believe he is scum than Launch. 7. Fireblend [m] Was very inactive in the beginning (outside of a NNID and xbot joke), has posted a bit more now, and promises to be even more active today. What he did say did occasionally strike me as a bit weird at times, but I am waiting to see if he indeed

	becomes more active today. 8. Karkador [m] His actions make no sense, and that scares me to death. It is telling that we have to speculate about potential PR in order to make sense of his actions. The only thing that is certain is that his proposal has dominated almost all discussion today, and I do not like that one bit. 9. Burbeting [m] I really like the way he posts smart breakdowns about the situation at hand, it gives some nice insights and things to talk about. The minion idea was a bit weird, but I think he knew that himself, and lets face it: this whole Kark situation is weird. Town in my eyes. 10. SalvaPot [m] He is weirdly focused on the mechanics of this game. "there is no investigation role because the game is short" "I normally am against no-lynch but I think this game is special so I am now pro" "We have a bigger chance of hitting a mafia day 1 because we have less players!" And my personal favorite: "we will probably have 2 to 4 mafia members!" Of course we will have 2 to 4 mafia members, 1 or 5+ would be ridiculous. I am leaning scum for now. 11. Ourobolus [m] Found it very suspect he posted so little in the beginning of the game, but has since then really upped his contributions. I share his suspicions about Batsnacks. Think he is town. 12. LaunchpadMcQ [m] Seems to be completely focused on Kark, which could be dangerous. However, Kark is indeed behaving super weird, and I actually do not think a mafia member would put himself so in the spotlight. I am seeing him as a townie that is kinda obsessing about one thing. 13. Lone_Prodigy [m] See the goddamn, has promised to start posting later in the day phase, so waiting for that. 14. Blargonaut [m] Blarg hasn't said a lot of relevant things, most of his posts are jokes or random crap. Even the random crap isn't as weird as his normal stuff. Don't think he is scum, but there is something going on here. 15. RetroMG [m] See the goddamn, has promised to start posting later in the day phase, so waiting for that.
83 Darryl 08-31-2015 08:52 AM ET (US)	Pretty good i think
84 Darryl 08-31-2015 08:54 AM ET (US)	Might get you on some good sides
85 roytheone ★	Should I post it? A lot of people seem to see me as "pretty decent player, but I want to hear more from him" so posting my reads could get me from "probably town, I don't really know" to "town".

I readied a post too. What do you guys think?

"Just arrived at the office so hopefully I'll be able to stop being the mysterious (and handsome) stranger you guys have me pegged as on your read posts.

Anyway, as a bonus, here are some reads:

Blargonaut [m] - I feel like he's toned down the Blarg factor a bit, and for that I'm grateful. Makes me trust him since I imagine it'd be too easy for him to just hide behind his expected shenanigans. Kark asked him to town it down in his last reads post, but he's not being half as crazy as in Cthulhu.

Darryl [-] - He comes across as an experienced player even though he said he's still new somewhere above. I guess it might be his style. I get what he's saying about the game having an aggressive tone, but I think in the case of the anti-Kark brigade it was somewhat justified, and the other people throwing random accusations were just prodding and fishing for reactions.

cabbeh [m] - I was much more suspicious about cabbeh a couple of pages ago, but he's made some decent posts lately. It felt like other than his back-and-forths with bats, most of his posts were jokes or flavor comments. I still would like to see him interact some more with other people though.

Sorian [m] - I find Sorian difficult to read. It feels like he's another character very much like Blarg and I expect something beyond his usual probing to get me to trust him. I do think he's been acting a lot better than in Cthulhu though, asking questions rather than just letting his votes do the talk and putting people on the defensive. I hope this is more because of a conscious effort to avoid that rather than getting sidetracked because of the Kark-Launch shenanigans.

batsnacks [m] - Another hard read, IMO. He comes across as maybe even more aggressive than Darryl, which in my mind also translates to game experience. I don't like putting people on the defensive, but I get that's how day 1 usually goes.

Burbeting [m] - I only remember his minion idea post. It was unlikely, but it seemed well-intentioned and he welcomed feedback on his idea so I'm inclined to trust him.

SalvaPot [m] - I remember his early posts way more than what he's posted lately. I did find it curious that he stated in post 702 that he didn't feel like changing his vote, only to change it 10 posts later.

Ourobolus [m] - He still hasn't contributed significantly, but I feel like his posts have been opportune. I find his random Salva vote puzzling, but I get that he might be just trying to get a reaction.

Kark [m] - I don't feel like I can contribute to what's been said about him anymore. I do want to say again that I think he's diminished the value of this day as a source of reads in the future, since whenever we come back to this day all we'll read is how his play was anti-town and stupid.

	LaunchpadMcQ [m] - He jumped at Kark's throat after his sacrifice offer and I get why that might be worrying (a paranoid person could think he was helping draw attention to the claim), but I feel like someone had to. He did put some words in my mouth I didn't like while ignoring my comments about the diminished value of the conversation but I guess he just ignored them because he doesn't feel it's true. Either way, it's hard to spin Kark as a do-gooder, so I lean towards trusting Launch for now. I don't really have reads about the other players. Hoping to see them post more soon."
87 Fireblend ★ 08-31-2015 12:24 PM ET (US)	Well disregard that, I managed to jump into the convo without having to unload that reads list.
88 roytheone ★ 08-31-2015 04:38 PM ET (US)	Wtf happened when I was working? Is it good for us? Bad? Did someone else than kark became insane?
89 CzarTim★ 08-31-2015 05:16 PM ET (US)	a bunch of popcorn gifs in the dead thread lol
90 Fireblend ★ 08-31-2015 05:31 PM ET (US)	I can only imagine.
91 Darryl 08-31-2015 11:48 PM ET (US)	Oh my god this game is at a breakneck pace
92 Fireblend ★ 09-01-2015 12:47 AM ET (US)	Seriously. The last thing I was able to keep track of was bat role-claiming. What happened after that is anybody's guess.
93 Darryl 09-01-2015 05:19 AM ET (US)	Don't follow my logic whatever you guys do

94 Darryl 09-01-2015 05:19 AM ET (US)	I'm saying stupid things right now
95 roytheone ★ 09-01-2015 05:27 AM ET (US)	OK, I am probably going to make a decent sized post recapping my feelings about Batsnacks throughout the whole game, maybe even switching my vote to him.
96 roytheone ★ 09-01-2015 06:28 AM ET (US)	Woops, that batsnacks post is getting way bigger than I expected.
97 Darryl 09-01-2015 06:58 AM ET (US)	Lol if snax goes that's such a win. I really do believe him
98 roytheone ★ 09-01-2015 07:23 AM ET (US)	I am going to back off him for a bit, and support Cabbeh his idea to test his claim. Not only will Bat be pretty much neutered this night anyway if he has to target a certain person, we also can use the switch power to fuck it up if we want to, and who will step forward as the "trusted target" could tell us who isn't a PR, a PR will not step forward to be role blocked on purpose. Also, some things I gather from his role claim: -The cigarette thing strikes me as a limited use power. He is keeping that to himself for now. - All the fun aligned PR fluff seem to be kids, so maybe we should adapt or fake role claims to fit that pattern? Judging from the existence of a miller and fire having a framer power, I think there is an alignment cop and not a role cop. Edited 09-01-2015 07:31 AM
99 Darryl 09-01-2015 07:28 AM ET (US)	Yea good idea
100 Darryl 09-01-2015 07:32 AM ET (US)	We can switch me with the target, right? I'll get read as fun in case of investigation and I'll get the cig and juSt deny i ever had it. I don't have a night power. It reveals we have a switcher tho. ALTHOUGH IT'S HILARIOUS if we pull it off and no one thinks switched

101 roytheone ★ 09-01-2015 07:34 AM ET (US)	/m100 we can, but that leaves only me to carry out the kill, and I can't kill and drone somebody at the same night.
102 Darryl 09-01-2015 07:37 AM ET (US)	Are you guys both incapable of submitting a kill if you take an action?
103 Darryl 09-01-2015 07:40 AM ET (US)	If kark/launch go today and we can waste a day on stax then it's worth it. This could bring us down -4 real easy. Besides stax is probably their best PR as it is so if we waste a role killing him it's still a win
104 roytheone ★ 09-01-2015 07:45 AM ET (US)	I am not sure about fire, he did say he can only do one action a night, but that was in the same post where he got like half of his powers wrong :) My role clearly says I only can do one night action every night, so no drone and kill at the same night. BTW, Retro and Sorian both kinda suspect me, so if one of them is a PR I wouldn't be super surprised if they target me.
105 Darryl 09-01-2015 08:05 AM ET (US)	If it looks like it we can just swap you instead. I'm afraid of being policy checked because I can get away with saying so little. I'm the lynch bomb tho so idc if I'm left vulnerable ultimately
106 Darryl 09-01-2015 08:11 AM ET (US)	So far my PR vibes are telling me Salva is the cop and ouru is the doc
107 Fireblend ★ 09-01-2015 09:24 AM ET (US)	So we're pushing for snax? And I have no issue following whatever plan you guys choose. Unfortunately it doesn't seem we'll know who Snax plans to give the cig to, though.
108 roytheone ★ 09-01-2015 09:55 AM ET (US)	I think it is maybe smart if you keep going for snax, I will go for kark and support Cabbeh his plan, Darryl will just keep being darryl and stay on launch. Being a bit spread out with our votes isn't a bad thing I think.
109	Yo guys, I think lost_prodigy may be a PR ;)

116 roytheone ★ 09-01-2015 01:59 PM ET (US)	BTW: After getting our very first look at a Fun aligned PM, I think I will chance my fake role claim to "gadget loving kid", the type of kid that always buys the newest gadgets and shows it off to everyone, you know the type. The drone part will still be my power, I brought it to the line to show it off.
117	Salva his fake role jokes make me only more convinced he is indeed a PR.

119 Darryl 09-02-2015 05:13 AM ET (US)	Yea I'm pretty convinced Salva is something important.
120 roytheone ★ 09-02-2015 05:53 AM ET (US)	/m118 you shouldn't give your kid cigarettes, its bad for them.
121 CzarTim★ 09-02-2015 06:21 AM ET (US)	I forgot I already used the word cool. Maybe Fun Mom? Fun Aunt?
122 Darryl 09-02-2015 07:19 AM ET (US)	So are you telling me this isn't canon and batsnacks isn't my fucking flesh and blood?
123 CzarTim★ 09-02-2015 07:25 AM ET (US)	if you want, but his role PM mentions an alcoholic mother!
124 roytheone ★ 09-02-2015 07:31 AM ET (US)	I am trying to type up my reads, but struggling how I should put you guys. I probably shouldn't say you are both town in my eyes, but both suspect is also bad, right?
125 Darryl	All cool shrieking mom's are winos anyways

126 Darryl 09-02-2015 07:34 AM ET (US)	I'm not afraid of being suspect. I'm the lynch bomb after all
127 roytheone ★ 09-02-2015 07:37 AM ET (US)	Alright, cool. that fits with my plan to agree with Launch a lot, so in my reads I am going to suspect you. Fire will be "has stept up, does pretty well now, nothing that really stands out".
128 Darryl 09-02-2015 08:26 AM ET (US)	I can only imagine how angry McQ is
129 Fireblend ★ 09-02-2015 08:58 AM ET (US)	Morning guys. I already said Darryl seemed suspect to me in my reads (well, not explicitly but I didn't flatter him). I don't think there will be much harm if you do so either, we're both closer to getting lynched than Darryl, IMO. I'm wondering if I should put my vote on no lynch too. I want Kark gone, but it's gonna be hard to justify not voting "no lynch" if I don't have a huge reason to vote Kark. Not voting at all will look suspicious as hell.
130 Fireblend ★ 09-02-2015 08:59 AM ET (US)	Plus it would make going after Sorian later a lot easier I think.
131 Fireblend ★ 09-02-2015 09:02 AM ET (US)	I could also vote Kark saying I find it odd that you(Darryl) voted no lynch since I already said I don't trust you, and lynching Kark would give us a good read on you. Then when he flips town I get off your case. Thoughts?
132 roytheone ★ 09-02-2015 09:04 AM ET (US)	I am going to stay on Kark 100%, would be weird for me to suddenly change after my posts explaining why i voted Kark.
133 Darryl	I would just exclude me from your arguments. It will draw attention from McLaunch by my name alone esp when Kark flips

09-02-2015 09:05 AM ET (US)	
134 Darryl 09-02-2015 09:06 AM ET (US)	kark is gonna convince Blarg to go no evict Might want to get your vote out before that gravy train Edited 09-02-2015 09:06 AM
135 roytheone ★ 09-02-2015 09:11 AM ET (US)	No evict is actually not bad for us. This whole circus will just repeat itself day 2, we are still in no danger of being lynched, and we get 2 night kills instead of 1 until this whole mess is resolved with Kark getting lynched. Not bad in my book.
136 Darryl 09-02-2015 09:17 AM ET (US)	Yea it's good unless they get a PR read in the night. But we need to take chances. Let's go out in flames early or fuxk these guys to victory

154 Darryl 09-03- 2015 02:46 AM ET (US)	Evicting time is just kinda mean lol
155 Darryl 09-03- 2015 04:05 AM ET (US)	switch launch and fireblend kill retro (me) drone ouro (might be pr)
156 Darryl 09-03- 2015 04:06 AM ET (US)	salva may just go anyways tomorrow even if hes PR. retro might be pr and is lowkey. launch/fireblend (or roy) might get checked.
157 Darryl 09-03- 2015 04:08 AM ET (US)	if there is a 2nd cop i really think he'd go for launch for high-key or fireblend for low-key, so that should cover those 2 bases. there might not be another, tho.

158 Darryl 09-03-2015 04:10 AM ET (US)	we can also just finish it off and kill launch, but i think we should wait and see if a doctor turns up in a turn
159 Darryl 09-03-2015 04:10 AM ET (US)	maybe kill sorian?
160 roytheone ★ 09-03-2015 04:45 AM ET (US)	/m154 yeah, I am looking at potential evict targets, and sometimes I catch myself thinking: nah, I like him, I don't want to remove him from the game.....wait, that shouldn't matter, if he is the best target, he has to go, no room for emotions here in NFA!
161 roytheone ★ 09-03-2015 05:50 AM ET (US)	Alright, here is what I think of everybody: 1. cabbeh [m] - Seems to be pretty trusty of me. Don't know his opinion on Darryl. Seems to be suspicious of Fire. His millar claim is probably true, I say keep him around. 2. Timeaisis [m] - Only person he has openly be suspicious of are kark and Fire, and he seems to be a believer in the "no vote love triangle" thing. Could be a danger to us, but his death could also put a spotlight on Fire. 5. Sorian [m] - Seems to be unsure about me and fire, but leaning more to town. Also thinks Darryl is town, maybe. He will have other targets to pursue for now, but after those are gone, I fear he will start looking at us. Killing him before he does that maybe is the smart move, but he is part of that weird "love triangle" thingy of blarg. 9. Burbeting [m] - Very smart player, has us all 3 in his "suspect a bit" category. To dangerous to kill now I would say, puts to much spotlight on his reads, also is part of love triangle. 10. SalvaPot [m] - Don't know his reads, will be suspicious during day 2. I say keep him. 11. Ourobolus [m] - Is unsure about Darryl, thinks me and Fire are probably town. Would be a pretty safe kill. 12. LaunchpadMcQ [m] - Super suspicious of Darryl, a bit of me and Fire. Will probably try to lynch Darryl tomorrow. Could kill him to remove that treat, but that would also put a spotlight on Darryl. 13. Lone_Prodigy [m] - Hasn't done shit outside of his override. Now that Kark flips town people will probably also see him as town. Could be a safe kill. 14. Blargonaut [m] - Is very suspect in a lot of peoples eyes and a good distraction. Will probably push the love triangle again, but who knows, blarg is weird. Keep him for now.

	15. RetroMG [m] - Hasn't done much. Thinks Darryl is town, Fire he is neutral on and kinda suspects me. Keep him for now I would say, killing him may put a spotlight on me.
162 roytheone ★ 09-03-2015 06:01 AM ET (US)	From this list, I am leaning to evicting Ourob, he hasn't got any of us really in his sights, and could become a danger later. Sorian is part of the love triangle, and I don't know if it is smart to touch that right now. Launch is the most dangerous, but killing him will make Darryl suspicious i fear. About power usage: I seriously doubt there is a second cop. There is probably a watcher though, and maybe a town tracker. Those aren't as dangerous as long as they don't see us kill someone, if they see me drone somebody or Fire switch somebody, that doesn't tell them we are NFA, just that we have a PR.
163 roytheone ★ 09-03-2015 06:12 AM ET (US)	BTW, can someone explain to me how a switcher works exactly? Lets say Darryl kills Ourob. We switch Darryl with Launch. Somebody watches Ourob. What will the watcher get? Launch visiting Ourob or Darryl visiting Ourob?
164 CzarTim★ 09-03-2015 07:38 AM ET (US)	the switcher only affects actions done to the person, not by the person. In that scenario the watcher would seen Darryl
165 Darryl 09-03-2015 08:10 AM ET (US)	So in that scenario if we wanted to hide me killing we would switch Ouro for salva?
166 Darryl 09-03-2015 08:10 AM ET (US)	While also killing ouro
167 Darryl 09-03-2015 08:19 AM ET (US)	Killing LP is bittersweet. I see him as a quick bandwagoner which is dangerous but unlikely to lead any evictions. Sorian just seems like the most confusing person to kill. I think since Kark is gone no one is going to really hold Sorian and Launch accountable for their stupid spam text which I fear can hit one of us by sheer luck. I'm scared they will tunnel in and we should put a stop to it while we are ahead Kark could not even talk himself out of their garbage. Also both kark and Blarg admitted to having pRS WHEN I did my "if you want to be seen as town you have to kill a pr" by trying to kill themselves by saying duMb shit. Maybe we should drone blarg since kark turned up?

168 CzarTim★ 09-03-2015 08:29 AM ET (US)	You would want to switch ouro for salva then kill salva for ouro to be dead. Assuming no interference of course.
169 Darryl 09-03-2015 08:40 AM ET (US)	My vote goes to Let's switch retro for sorian. Kill retro (killing sorian). And drone blarg. That's my suggestion Other ppl's put your final suggestion together
170 roytheone★ 09-03-2015 08:41 AM ET (US)	/m165 I think it works like this: We switch Ourob with Salva You target Salva, action get moved to Ourob, he will die. IF watcher targets Ourob, action get moved to Salva (without Watcher knowing it), and he doesn't see you doing something to Ourob. IF watcher targets Salva, action gets moved to Ourob (without Watcher knowing it), he sees you doing something to Ourob, HOWEVER, because he still thinks he is watching salva, and salva didn't die at night, he thinks you did something to Salva, but NOT a kill action, because Ourob died, and not Salva. This could actually clear you a bit in the eyes of the watcher. This is assuming that the watcher only gets to see who did something to his target, not what happened, and that he doesn't get notified that his target got switched. Edited 09-03-2015 08:42 AM
171 roytheone★ 09-03-2015 08:45 AM ET (US)	The only thing I am not really clear on: If fireblend switches Ourb and salva, will that count as an "action" against both of them? AKA, a watcher targeting Ourob (thus now targeting Salva) may not see Darryl doing something, BUT he could see fire doing the switch, which he will probably interpret as fire doing the kill (as he still thinks he is watching Ourob, and Ourob died).
172 Darryl 09-03-2015 08:46 AM ET (US)	You two can pick the kill actually. I will just put forth that we should definitely hide the kill this early since that can be damning. Idc if it's Timeaisis Also drone blarg
173 CzarTim★ 09-03-2015 08:54 AM ET (US)	If a watcher is on salva or ouro, they would see fire switch, yes.
174 roytheone★	Alright, that will make it a lot harder to mask our kill Lets say we want Ourob dead, and we have Salva as switch option. And lets presume

09-03-2015 09:07 AM ET (US)	The potential watcher only gets the name of who did an action to his target, not the action: -Fire switches Ourob and Salva -Darryl targets Salva ----> moves to Ourob, ourob dies. IF the watcher targets Ourob-----> gets results for salva, which is Fire targeting Salva with the switch. This will lead the watcher to thinking he saw fire kill Ourob, because he still thinks he is watching Ourob. IF the watcher targets Salva-----> gets results for Ourob, Which is Fire targeting Ourob with the switch and Darryl targeting Ourob with the kill. Because he still thinks he is watching Salva, and salva survived, he will not think these are kill actions.
175 Darryl 09-03-2015 09:14 AM ET (US)	That makes it useless. What's that ability good for again?
176 Darryl 09-03-2015 09:15 AM ET (US)	It would've messed with cop and jailer, but we have those no more. Who else could it mess with?
177 Darryl 09-03-2015 09:17 AM ET (US)	I would switch fire on off chance there's a vig but with a 15 player game size does that even make sense when we had one reveal itself during the day?
178 Darryl 09-03-2015 09:18 AM ET (US)	Maybe roleblock retromg? Can you only roleblock once in the entire game?
179 Fireblend ★ 09-03-2015 09:25 AM ET (US)	Yep. Sorry, I'm on my way to work. Will post thoughts when I get there.
180 roytheone ★ 09-03-2015 09:25 AM ET (US)	/m176 It could still be useful if town also has a tracker. We can switch you with person X. IF tracker tracks you -----> will get results of person X instead, if person X did nothing, he thinks you did nothing, AKA you couldn't be the killer IF tracker tracks person X ----> will get results of you instead, so the tracker will think person X is the killer.

181 CzarTim★ 09-03-2015 09:25 AM ET (US)	Yea all his abilities are one shot
182 Darryl 09-03-2015 09:40 AM ET (US)	We have a tracker tho which makes me think they don't. Unless they got a guy with multiple abilities as well
183 Darryl 09-03-2015 09:41 AM ET (US)	At this point I think they have a doctor and a watcher, maybe a back-up. This would give them 6 roles I think
184 Darryl 09-03-2015 09:44 AM ET (US)	Block retro Drone blarg You guys pick who you think threatens you for the kill. It doesn't matter about saving me as any argument against me will be non traditional as fuck
185 Darryl 09-03-2015 09:45 AM ET (US)	Kill fucking burb
186 roytheone★ 09-03-2015 09:49 AM ET (US)	/m185 I agree that burb is a big danger, but wouldn't that put a spotlight on his reads (where he puts us all 3 on his suspecting list) and he is part of blargs weird ass love triangle stuff, could be bad for fire.
187 Darryl 09-03-2015 10:04 AM ET (US)	Yea agreed. I almost think it's too obvious, but then it will validate a link between us 3 when we need to destroy it. The love triangle stuff is really good because it isolates Fireblend from roy who were walking too similar of a line Edited 09-03-2015 10:05 AM
188 Fireblend★ 09-03-2015 10:12 AM ET (US)	Hmm.... We're in a tricky situation. I don't think there's many people we can kill without making either Roy or me look suspect, and there's a high chance of a watcher snooping in anyway. I don't think Blarg's "Three Guardians" shit will hold for long - Burb and Sorian are active posters and I don't expect them to take it lying down. I was planning on going after Sorian early on day 2, at least to "hold him accountable" for Kark's death while we settle onto whatever the day's main discussion will be.

	Didn't Ouro say he was expecting to die tonight, or was that Retro? How could we use that against him if he doesn't? Burb feels too risky. It destroys Blarg's theory and that will make people start associating my behavior with Roy's again. Not only that, his reads were very good and most people trusts them. Sorian... I don't know. It feels too easy. He gets caught up in his ideas too easily, I think we can use him, unless, of course, he goes after me or Roy. Still, he said he'd go after either of us only if he saw a clear pattern of bodies, so we could throw that statement back in his face if he decides to go after either of us. Edited 09-03-2015 10:13 AM
189 Fireblend ★ 09-03-2015 10:14 AM ET (US)	Also, I should really have a fake role ready I think. I'm not making it out of the day unscrutinized.
190 Fireblend ★ 09-03-2015 10:16 AM ET (US)	Also really block this early on? Sounds like a big gamble.
191 roytheone ★ 09-03-2015 10:35 AM ET (US)	/m188 if you go against sorian, don't be alarmed if I give you some shit for that. I will go the route of "Kark was behaving super weird, can't really fault Sorian/launch for that". Also, all the power roles until now where <something something> kid. So you may want to adapt yours to that to make sure it is believable.
192 CzarTim★ 09-03-2015 10:42 AM ET (US)	I promise they aren't all kid flavor. Wouldn't have given you those otherwise. But if you want to change it, that's fine!
193 Fireblend ★ 09-03-2015 10:57 AM ET (US)	Tim, what were you going for with my ADHD Kid fake role? I guess I'll have to read the Mafia wiki and find something that fits. Or maybe come up with something like a cosplayer. Haha.
194 roytheone ★ 09-03-2015 10:59 AM ET (US)	Need to go to work soon, so for now my preferred targets: Lone_prodigy if we want little risk, little reward Ourobolus as a medium risk, medium reward target Launch if we want high risk, high reward We keep our hands off the love triangle for now.
195	I'll leave it up to you to decide what night actions make sense for a fake claim. Sorry but

CzarTim★ 09-03-2015 10:59 AM ET (US)	I can only help so much. ADHD fits with the jack of all trades theme, but you can do whatever you want.
196 Darryl 09-03-2015 11:07 AM ET (US)	You're right. Honestly if blarg turns out to be a pr it's best just to block him in that situation than to kill him. I don't want to kill him. I agree on the risk/reward there. I guess I'm trying to cut the odds of us being blocked d1 as much as possible. The game doesn't have to be long with town having made so many early mistakes. We can be down 11/15 tomorrow. 9/15 after. 7/15 after. We make it another day without an evict and by sheer number we will have a strong say in day phase
197 Darryl 09-03-2015 11:09 AM ET (US)	Switch evict launch. Chase Salva day tomorrow. Ouro the next night.
198 Darryl 09-03-2015 11:29 AM ET (US)	Confused Grandma I never preordered but I'm going to sit in this line, anyways. I can vote but at the end of the tally it doesn't count for anything. :(
199 CzarTim★ 09-03-2015 11:32 AM ET (US)	lol
200 roytheone★ 09-03-2015 11:41 AM ET (US)	I am still doubting about Retro as a potential target. Yes, he may have singled out me a bit with his reads, but he himself said it was day 1 so his reads weren't that interesting to begin with. I don't think his lynch will put me in too much danger. He is also potentially a PR, so that could be a nice bonus.
201 Fireblend★ 09-03-2015 11:58 AM ET (US)	I'm ok with Retro or Ouro. L_P seems like a waste.
202 roytheone★ 09-03-2015 04:40 PM ET (US)	I am currently leaning towards ourob. Only thing I am worried about is that his "I am probably going to die" remark may invite watchers/doctors to target him. Just a feeling, nothing concrete, and risk taking is part of the game.
203	For my drone power: probably launch, maybe salva or retro. Blarg is also possible. Edited 09-03-2015 05:26 PM

roytheone ★ 09-03-2015 05:13 PM ET (US)	
204 roytheone ★ 09-03-2015 05:19 PM ET (US)	Fire his powers: can switch Darryl with someone if he wants, someone that is also likely to be targeted by PR so that we can frame that person for the kill. Or we can save it for later. we should probably safe his block until we have a bit more certainty. His framing power is useless now I think with the cop already dead. Edited 09-03-2015 05:30 PM
205 Darryl 09-04-2015 04:05 AM ET (US)	well, we got 8 hours till the day starts and i'm going to bed soon.
206 Darryl 09-04-2015 04:07 AM ET (US)	i'm going to put an a remove order on sorian, so switch sorian to ourob (or whoever has the powers's call). drone blarg or retro, (the person who has the powers call)
207 Darryl 09-04-2015 04:10 AM ET (US)	done, sorian is being removed at the going rate, so swap sorian for whoever you guys really want to kill. blarg and retro are the people i think likeliest to be town PRs
208 roytheone ★ 09-04-2015 04:58 AM ET (US)	UGH, it is incredibly unfortunate that it seems like the times we can be active in this thread are COMPLETELY misaligned from each other. That's nobody's fault of course, but it is a serious problem if you take into account that we only have a night phase of 2 days. However, it is also a problem that is impossible to fix, so I guess we will just have to deal with it the best we can.
209 roytheone ★ 09-04-2015 05:08 AM ET (US)	Anyway, after thinking through the effect of a lynch switch in post /m174, I actually think it will not give us that much of an advantage. Still, since Darryl has already entered the kill command for Sorian, I guess we will just have to YOLO it and hope it turns out well for us. And to be honest, everything you do as mafia has a degree of hoping it turns out well, you can never take every possibility into account.
210 roytheone ★ 09-04-2015 05:13 AM ET (US)	So, fire: switch sorian with Oubob (or someone else you want to kill, but do try to warn us if you decide to target someone else). Also, be cautious about the fact that if they have a watcher on the second switch target (who dies), he will see your switch action and interpret it as the kill action, so be prepared for that. If you are very afraid of that, you can move the second switch target to someone you are sure of isn't going to be watched. You are going to be the one in the spotlights if we get spotted, so it is your call.

211 roytheone ★ 09-04- 2015 05:15 AM ET (US)	I am going to drone Blarg.
212 Darryl 09-04- 2015 05:18 AM ET (US)	Yea. Can always just let it go through and kill Sorian. lol
213 roytheone ★ 09-04- 2015 05:48 AM ET (US)	/m212 That would be sad for Sorian: He enters the spectators thread, asks why he got targeted, and the answer is: "yeaaaaah, we don't really know, NFA just kinda fumbled into this for no real reason". :)
214 Fireblend ★ 09-04- 2015 08:49 AM ET (US)	I'll switch Sorian and Ouro as soon as I get to the office. May Cthulhu help us all. I just hope that doesn't turn me into D2's target, such a waste of my powers, haha.
215 roytheone ★ 09-04- 2015 09:17 AM ET (US)	/m214 you should totally switch Sorian with Darryl now that he isn't watching. Sure, that would be actively going against us trying to win, but the PM's we both would get from Darryl will almost make it worth it! (You shouldn't really do it, though.....or should you???)

217 Fireblend ★ 09-04- 2015 09:36 AM ET (US)	C'mon Roy, don't make me responsible for our potential downfall. I'm switching Sorian and Ouro and that's it, it's on you guys if everyone goes after me, as tempting as shooting us on the foot is. Edited 09-04-2015 09:37 AM
218 Fireblend ★ 09-04- 2015 09:41 AM ET (US)	The deed is done.

219 Fireblend ★ 09-04- 2015 09:43 AM ET (US)	If someone spots me, can I claim to be a town switcher and say that I thought Ouro was being targeted so I switched Ouro with Sorian because I distrust Sorian? lol
220 roytheone ★ 09-04- 2015 09:49 AM ET (US)	/m219 you could go that route, even add the fact that ourob said that he was afraid to be targeted, and that is the reason you switched him. Keep in mind that if a watcher is on Ourob and sees you preform the switch, he doesn't know Sorian was the other switch target, so you could lie about the second target if you want.
221 Fireblend ★ 09-04- 2015 10:00 AM ET (US)	/m220 I'm not sure which would be a better target for the claim than Sorian since I already said I'd go after him if Kark turned out to be town, and hey, maybe I can say Blarg's claim got to me and I thought Sorian and Burb were scum. Else I could say I switched Cabbeh, but then why would the mafia target an outed miller :P Anyway, let's brainstorm a town switcher flavor text. Since some flavor texts have mentioned cellphones, maybe I should be a prankster kid that switches its two targets' cellphones?
222 roytheone ★ 09-04- 2015 10:06 AM ET (US)	/m221 stay as close to your original flavor text as possible. How was your switch called in your fulff?
223 Fireblend ★ 09-04- 2015 10:10 AM ET (US)	The command was "Mistaken Identity: X and Y"
224 Fireblend ★ 09-04- 2015 10:12 AM ET (US)	Clueless Kid? Lost Kid? lol
225 CzarTim★ 09-04- 2015 10:25 AM ET (US)	clueless kid is funny. You have no idea what's going on and thinks this is the line to preorder tickets for star wars.
226 roytheone ★ 09-04- 2015	Eeeeh, prankster kid works with the command mistaken identity, because it will lead to mistaken identity. Clueless kid and lost kid sound more like you get someone wrong instead of someone else getting someone wrong. So I would say go with prankster kid.

10:26 AM ET (US)	
227 roytheone ★ 09-04- 2015 10:27 AM ET (US)	Maybe some kind of kid that puts masks or glasses or something like that on two people?
228 Fireblend ★ 09-04- 2015 10:29 AM ET (US)	/m227 I dunno, the cellphone thing sounds more believable to me.
229 roytheone ★ 09-04- 2015 10:38 AM ET (US)	Go with something you feel good about, that most important I think.
230 roytheone ★ 09-04- 2015 11:58 AM ET (US)	I assume the thing Launch is talking about in the death thread is indeed not a big thing and that it will not harm us in any way?
231 palmer_v1 ★ 09-04- 2015 12:06 PM ET (US)	Remember, I don't have access to the dead thread for the other 3 games. I doubt Launch is posting Archer spoilers, but just in case.
232 Fireblend ★ 09-04- 2015 12:06 PM ET (US)	Surely not. Tim would have told us if it was. Right, Tim? RIGHT?
233 CzarTim★ 09-04- 2015 12:09 PM ET (US)	Launch is a dummy, just ignore him.
234 roytheone ★ 09-04- 2015	Anyway, got my Drone results, don't know if I may already post them, or that I have to wait until the day has officially begun.

236 roytheone★ 09-04- 2015 12:22 PM ET (US)	Alright: Blarg didn't do shit. So he is probably not a PR. Sure, he could simply not have used his power tonight, but I mean, it is BLARG, look at him, you really think he wouldn't use a power immediately if he has one? Of course he would. Not a PR.
237 Fireblend★ 09-04- 2015 12:24 PM ET (US)	Yeah, agreed. As if Blarg needed a PR to cause chaos anyway :P
238 Darryl 09-04- 2015 12:54 PM ET (US)	Whoa I made the day start. Ok. Well that clears those doubts. Maybe Ouro with have some cream
239 Fireblend★ 09-04- 2015 12:56 PM ET (US)	/m238 I don't understand at least 50% of this post.

241 roytheone★ 09-04- 2015 01:02 PM ET (US)	Don't be greedy! We already got two without having to lift a finger! ;)

247 Darryl 09-04- 2015 01:10 PM ET (US)	Lol sorian. You saying you switched the two could be damning to him but dangerous
248 Fireblend ★ 09-04- 2015 01:12 PM ET (US)	Wait. Did Sorian give himself whatever he was going to give Ouro through my switching? How does this work.
249 roytheone ★ 09-04- 2015 01:12 PM ET (US)	wouldn't sorian have targeted himself now? The fuck will that mean????

272 roytheone ★ 09-05- 2015 05:32 AM ET (US)	I have no idea what Blarg is thinking with that insane role claim, but then again, it is Blarg.
273 roytheone ★ 09-05- 2015 06:23 AM ET (US)	Huh, If we manage to get them to lynch blarg today instead of fire, and fire role blocks Sorian tonight, that could be.....quite good.
274 Fireblend ★ 09-05- 2015	Eh, it'd be an alright result to lynch me, have Blarg NK Launch and then you guys can come up with a good second target. It's another 2 town down.

275 roytheone ★ 09-05- 2015 10:27 AM ET (US)	/m274 blarg is talking out of his ass. If his role claim is real, Burb should have also see me visiting Ourob with my drone.
276 Fireblend ★ 09-05- 2015 10:35 AM ET (US)	lol I just don't know anymore. Does he really believe I'm a swapper? Is that part of the BS he's spouting? No idea what he's thinking.
277 roytheone ★ 09-05- 2015 11:50 AM ET (US)	LOL, just as you think this game can't be any more insane, Launch claims that the PM he got from Tim was wrong. This game just keeps on getting crazier and crazier.
278 Ourobolus ★ 09-05- 2015 12:26 PM ET (US)	I hate all of you.
279 Fireblend ★ 09-05- 2015 12:32 PM ET (US)	Oh hai Ouro. Aren't you glad I fucked up? That's gotta be some decent consolation. Town sure is making it hard for themselves to capitalize on that though...

281 roytheone ★ 09-05- 2015 06:42 PM ET (US)	We maybe able to save fire if we all jump on the blarg train, but I don't know if that is smart, it may focus to much attention to us? Also, this thread is only for people that have no fun, can someone remove this ordinary looking kid please?

287 roytheone ★ 09-06-2015 12:09 PM ET (US)	To bad about Fire, if you are still reading this: you just got unlucky, there wasn't really anything you could do to save yourself I fear. Order of the day: I think we should kill Burbeting as soon as possible. Having a confirmed watcher around is just waaaaaay to dangerous. Drone, maybe squidjy? I don't know, we already have so many PR out in the open.....
288 Fireblend ★ 09-06-2015 03:16 PM ET (US)	Yeah, what are the odds everyone would target Ouro :P anyway I enjoyed playing with you guys. Make sure to kick some town ass!
289 Darryl 09-06-2015 03:37 PM ET (US)	Kill burb if we don't think there is a doctor
290 Darryl	Sorry Ouro. I knew it was risky to try to kill you but we did it anyways. It was the mistake that probably lost us the game

09-06-2015 07:06 PM ET (US)	
291 Darryl 09-06-2015 07:07 PM ET (US)	Sorry for having to bus you fireblend. I really did want to be responsible for this kill. :/ the fact that there is nobody for me to yell at is going to fuck me this game
292 Darryl 09-06-2015 07:09 PM ET (US)	This entire game is a huge fuck. We can do this Roy.
293 CzarTim★ 09-06-2015 07:10 PM ET (US)	I'm rooting for you guys!
294 Darryl 09-07-2015 01:06 AM ET (US)	I'm down for you to rng a body and I'll do kill order. Track squidyj since he is potential for doc
295 roytheone★ 09-07-2015 05:30 AM ET (US)	/m292 Yeah, lets do this shit! It will be hard, but all the best things in life are hard to do! Like finding your car keys when you quickly need to go somewhere! Very hard, but when you finally find them, aaaaaaah, the feeling of relief..... Anyway, I seriously doubt there is another doctor type role. That would give them a jailor, cop (to be fair, only three shot, but this game is quite short), Watcher AND doctor? Looking at the abilities that we have, that would be a bit unbalanced I think, unless somebody is some insane Scum aligned third party. I am willing to just take the risk and target Burb.
296 roytheone★ 09-07-2015 08:42 AM ET (US)	Also, the three people I think are most likely to get lynched (besides us of course): Blarg Timeaisis Salvapot (maybe Cabbeh thanks to his miller role, but I think he has enough credit with town to stay out of danger for now). So we probably should focus during the day on getting those three lynched. I will probably focus on Blarg tomorrow.
297 roytheone★ 09-08-2015	Darryl, have you already submitted the remove order? I will put in the drone command for Squidyj soon.

07:17 AM ET (US)	
298 Darryl 09-08- 2015 08:07 AM ET (US)	Yes I did
299 roytheone ★ 09-08- 2015 11:52 AM ET (US)	Squidyj also did nothing last night. Man, I really suck at selecting power role targets. I failed to protect anyone in Archer, and now I keep on spying on people that don't do anything at night. Well, to be fair, both of the targets I protected in Archer turned out to be pretty high up on the KGB their hit lists, so I guess those picks weren't THAT bad.
300 roytheone ★ 09-08- 2015 12:36 PM ET (US)	Jaaay, no doctor! Also, If burb reads this: I kinda feel bad for getting you killed AGAIN in night 2, but you were a pretty much confirmed watcher, so yeah, letting you live was not an option unfortunately.
301 Darryl 09-08- 2015 05:41 PM ET (US)	We had go check those guys because they were the most likely candidates
302 Darryl 09-08- 2015 05:42 PM ET (US)	Blarg is hinting that he is a pr I believe. He's trying to lure us
303 roytheone ★ 09-08- 2015 06:02 PM ET (US)	Maybe he is some kind of one shot bulletproof thingy? Or maybe something else happens when we target him? I don't know, I don't think we will night target him anytime soon anyway.
304 roytheone ★ 09-08- 2015 06:21 PM ET (US)	Btw : should we actively try to help sorian get his alt win condition? (If he isn't lying of course). If he achieves that, he will be removed from the game, right? And that brings us one step closer to a majority vote. It would be a free "kill".
305 roytheone ★ 09-08- 2015	I love how timeaisis keeps thinking that we are a "clever bunch" and that everything we do has purpose and is part of some big plan. If only he knew.....

06:40 PM ET (US)	
306 Fireblend ★ 09-08- 2015 09:59 PM ET (US)	I'm not falling for that roy, I know you engineered my downfall just so you could vote for me because that's how convinced you are that you must always vote against me in order to win.
307 Darryl 09-09- 2015 04:41 AM ET (US)	good call, no point in fighting against Sorian. buddy buddy him
308 Darryl 09-09- 2015 04:42 AM ET (US)	i kinda like how this is going atm. me and you are in two very different camps of opinion. we did a good job distancing ourselves i think
309 roytheone ★ 09-09- 2015 01:37 PM ET (US)	I just had the most insane idea about how to use my drone tonight: I wouldn't be surprised if all the PR that have a night action are already outed, so maybe hunting for PR is not the best idea. So I was thinking: Sorian told us that he doesn't want the person he licks to come out tomorrow. So what if I drone Sorian tonight? Then, when I unavoidably have to make my fake role claim, I can tell them I know who got licked during N3 and BAM, Sorian and his victim will confirm that I am right (if they still live) and my claim will instantly be much more likely to be believed. Could be worth it.
310 Darryl 09-09- 2015 03:18 PM ET (US)	Could be worth it. I'll allow it. I'm sure we have one more PR in the mix tho The older sibling
311 Darryl 09-09- 2015 03:37 PM ET (US)	One free dead body
312 Czartim 09-09- 2015 03:38 PM ET (US)	Pretty sure town doesn't want to win
313 Darryl 09-09- 2015 05:00 PM ET (US)	So we can now win 1 day earlier? At 10 players in day phase. > 8 > 6 > 4. We need to survive 3 days. We need 3 day lynch

314 Darryl 09-09-2015 05:00 PM ET (US)	Launch, time, blarg?
315 roytheone ★ 09-09-2015 05:05 PM ET (US)	Launch will be the hardest by far. I also can't support you in that. I have been pro launch for a while now, sudden turn around will be way to suspicious.
316 Darryl 09-09-2015 05:12 PM ET (US)	Sorian can clearly read this thread
317 Darryl 09-09-2015 05:14 PM ET (US)	Just pressure one of the others. If anything you can pressure one of them into compromising a vote onto launch
318 roytheone ★ 09-09-2015 05:18 PM ET (US)	What if sorian is a third party with access to this thread, but not allowed to post in it? That would be a crazy ass role, and I am 99 % sure it is not the case, but just to be sure: Sorian, if you are reading this, add a bolded word to your next post.
319 Fireblend ★ 09-09-2015 05:30 PM ET (US)	dat synchronicity.
320 roytheone ★ 09-09-2015 06:26 PM ET (US)	Well, I guess that is not the case, as expected. Unless he misinterpreted bolded for caps locked, but nah. If any of the mods that are watching want to use the idea of a role that can only read mafia chat but not post in it: feel free, I think it would lead to some pretty fun/creative communication attempts :)
321 roytheone ★ 09-10-2015 04:04 PM ET (US)	Well, fuck. Having only 24 hours of night will make it even harder to coordinate things during the night. That kinda sucks. I mean, it is not like we are really coordinating to start with, but still ;)
322	sorry, start talking now though!

CzarTim★ 09-10-2015 04:44 PM ET (US)	
323 roytheone★ 09-10-2015 05:41 PM ET (US)	I am very tempted to post VOTE FOR DONALD TRUMP in the election game thread :)
324 Darryl 09-10-2015 05:52 PM ET (US)	I'm actually increasingly becoming convinced that sorian can hear us. Like 65% certain. Pretty embarrassed by it
325 roytheone★ 09-10-2015 06:10 PM ET (US)	/m324 what an idiot thought, Darryl, you must be really stupid to think that. At least you didn't put a message here trying to get sorian to confirm it, that would be even more stupid! :(
326 Darryl 09-10-2015 06:29 PM ET (US)	Maybe he just can't confirm it
327 roytheone★ 09-10-2015 06:36 PM ET (US)	I think we should just assume it isn't true, even just because we would avoid looking like two complete crazy persons that are talking to someone that isn't there. Right sorian? You agree with me, don't you?
328 Darryl 09-10-2015 10:55 PM ET (US)	I'm born crazy
329 Darryl 09-10-2015 10:56 PM ET (US)	Sorian we n33d to dick launch blarg and timeaisis.

330 Darryl 09-11- 2015 12:29 AM ET (US)	Sorian follow up on this blarg pressure
331 Darryl 09-11- 2015 12:29 AM ET (US)	We will worry about launch next day phase
332 Darryl 09-11- 2015 01:00 AM ET (US)	HE KNOWS BLARG IS BLUFFING ABOUT A NIGHT ACTION. HE HEARS US.
333 roytheone ★ 09-11- 2015 08:22 AM ET (US)	So we can already start to discuss this: who are we going to NK? I would suspect Blarg to be lynched today, so we need to focus the discussion on Launch tomorrow. Cabot, Sorian and Squidyj are all gunning for him at least a bit, and Timeaisis and especially Lone_prodigy are just complete non-entities in the game for now. Timeaisis does seem to be a bit more reserved about going after launch. Prodigy I can't read at all, he just pops in, gives a list about something with little explanation, promises to post more later and never does it. After blarg and launch are gone, Time and prodigy will be our best bet to get them lynched, so we should probably leave them alone. From Cabot, Sorian and Squidyj, I am leaning Squidyj. He just seems potential the most dangerous of the three. Sorian still has some use if he achieves his alt win and can confirm me as a tracker (hey there Sorian * waves*), and Cabot as the miller will be suspicious during the end phase of the game (plus he has a black hole sized blind spot for me). So for now I am leaning removing Squidyj. We could also just remove prodigy if we fear his Becky thing gave him unlimited town status.
334 roytheone ★ 09-11- 2015 12:51 PM ET (US)	Good job Sorian, well played. Keep an eye on this thread for instructions who you have to lick! (Tim will probably die of laughter when he reads this thread and sees us talking to a person that clearly can't actually hear us ;)
335 roytheone ★ 09-11- 2015 01:06 PM ET (US)	Sooooo, Squidyj got some unexpected heat at the end of that day. That makes me second guess my pick for him as the remove option. Lone_prodigy would be pretty good to remove since he is seen as certain town by a lot of people, only do you think that will tip them off that we want this launch/squidyj business to continue? That would be bad.
336 Darryl 09-11- 2015 03:44 PM ET (US)	Nice job at the end of the day there guys. Anyways, I agree on squidyj. I thought it was between him and Cabot.
337	We need to kill squidyj before he turns on us. We are hiding in plain site.

Darryl 09-11-2015 03:45 PM ET (US)	
338 roytheone ★ 09-11-2015 04:25 PM ET (US)	True, squidyj is a risk for us, and he hasn't had a strong focus on us yet, so killing him now is relatively safe and will not put focus on us. He did had some suspicion on him at the end of day 3, so it is unfortunate to lose that, but almost everyone has at least some suspicion on him, so whatever. We do need to kill prodigy eventually though, he is seen as certain town by to many people.
339 roytheone ★ 09-12-2015 04:29 AM ET (US)	We may not be the best mafia team on the subject of communication in our thread, but after reading the nin/edge thread from squid monster island, we are at least 10x better than that mess!
340 roytheone ★ 09-12-2015 09:30 AM ET (US)	So, for tomorrow/tonight: -You will remove Squidyj or Lost_prodigy, both have their pro's and cons, I am fine with either. -I will drone Sorian so that he and his target can confirm me as the tracker when I have to role claim. (lets hope he doesn't lick me or our remove target, that would suck). - You will try to get launch lynched tomorrow, right? - I will go against timeasis or prodigy, I fear that if I now suddenly also go against Launch after being so pro-launch the whole game, that would look suspicious as hell. Not sure about what I will do exactly (input welcome on this front). BTW, something I just realized, everyone claimed their role except you and me, and they are all kids. However, Tim said this: /m192, so clearly somebody is lying. Probably Sorian if I have to guess.
341 Darryl 09-12-2015 03:16 PM ET (US)	squidyj can go from 0-100. he's got an attitude for that. it's best to just kill him now. i sent the kill order. we're communicating fine. this game hasn't had much for us to talk about really. if we were coordinating more it'd probably just fuck us, luckily 99% of the town is acting so suspicious we don't have to put in work. if they were trying i'd likely have just got a replacement because i haven't had a whole lot of time.
342 roytheone ★ 09-12-2015 03:39 PM ET (US)	Yeah, and now that archer is done, he could suddenly put his full focus on this game, and that could be very bad. Anyway, any tips on who I should focus on tomorrow? BTW, congrats on your squid monster island win, let's make it 3 out of 3, OK? Edited 09-12-2015 03:50 PM
343 roytheone ★ 09-13-2015	Made my choice, my focus today will be on Timeaisis, lost_prodigy and a bit on you. I will try to downplay my suspicioun of you as much as I can, but I fear that if I now going to ignore you, that would be bad for me.

11:30 AM ET (US)	
344 roytheone ★ 09-13- 2015 12:30 PM ET (US)	Yo darryl, you got licked :) In hindsight kind of a waste to have used my drone, but eh, couldn't have know that. Also, that means that Sorian will not be voting on you today, because lynching somebody that he licked will be working against his win condition.
345 Darryl 09-13- 2015 12:45 PM ET (US)	That day began more hostile than I was expecting
346 roytheone ★ 09-13- 2015 12:47 PM ET (US)	Yes, probably have to role claim tracker now. Will I say that I saw sorian visit you or not? If i still die somehow, that could lead them to think I got it form you through the mafia chat.
347 Darryl 09-13- 2015 12:47 PM ET (US)	I would just blow this back to me, time, and lp
348 Darryl 09-13- 2015 12:48 PM ET (US)	Don't claim yet
349 roytheone ★ 09-13- 2015 12:49 PM ET (US)	OK, but sorian activly wants me to role claim, so how should i deal with that?
350 Darryl 09-13- 2015 12:56 PM ET (US)	I didn't see him say that. Say you're the older sibling and you track! Lol. Hopefully there isn't another older siblinf
351 Darryl 09-13- 2015 12:56 PM ET (US)	#yolo

352 roytheone ★ 09-13-2015 12:56 PM ET (US)	I am gong with gadget loving kid, less risk of counter claim that way
353 Czartim 09-13-2015 12:58 PM ET (US)	Wait one second I'll write fake flavor for you
354 Czartim 09-13-2015 01:00 PM ET (US)	Drone Kid ~ you want to grow up to fly drones for the army because blowing up a hospital from 30k feet is rad as hell Edited 09-13-2015 01:02 PM
355 roytheone ★ 09-13-2015 01:27 PM ET (US)	ugh, Sorian licking Darryl instead of somebody else is some really bad luck.
356 roytheone ★ 09-13-2015 02:00 PM ET (US)	Well, we are kinda fucked. I can track Sorian tonight, but then I can't kill anyone (right, Tim?) and I think this group is smart enough to put two and two together.
357 CzarTim★ 09-13-2015 02:14 PM ET (US)	correct
358 roytheone ★ 09-13-2015 02:42 PM ET (US)	If they lynch time instead of me or Darryl, I will seriously start to consider that everyone left is a neutral that also wins when we win, there is no other explanation.
359 roytheone ★ 09-13-2015 05:32 PM ET (US)	Don't know if I am allowed to ask this Tim: but does all the kid fluff has a reason in it why they want an NX?
360	bat's PM did not have a reason. karks kinda didnt.

CzarTim★ 09-13-2015 05:40 PM ET (US)	
361 CzarTim★ 09-13-2015 05:41 PM ET (US)	I told those idiots to ignore flavor lol
362 Czartim 09-13-2015 06:08 PM ET (US)	On the flip side burb's pm did have a reason
363 roytheone★ 09-14-2015 03:04 AM ET (US)	A bit premature, but with only 1 day nights: what do we do if they Lynch time (or you for that matter)? Me surviving the night will be suspicious as hell.
364 Darryl 09-14-2015 04:00 AM ET (US)	I have no idea. Evict LP. Let's hope Timeaisis goes and then me tommorow. I will Lynch bomb and kill a 4th. Then it is just a 3 for all. Vote for whoever is willing to turn on the other.
365 Darryl 09-14-2015 04:01 AM ET (US)	You are going to be the games decider if this goes to a Time as is eviction.
366 roytheone★ 09-14-2015 04:09 AM ET (US)	Yeah, if they lynch time today, I will drone sorian again to prove my tracker status. Alternatively, I could drone you and bus you tomorrow saying I saw you do the kill. You think they will buy that?
367 Darryl 09-14-2015 04:18 AM ET (US)	If we get time today, follow sorian to see who gets a lick. Then say you droned me. Then try to set it up so sorian gets removed via his win condition.
368 Darryl	That works too

09-14-2015 04:19 AM ET (US)	
369 Darryl 09-14-2015 04:22 AM ET (US)	Wait if you said you droned whoever died, we could just win if we policy lynch?
370 Darryl 09-14-2015 04:23 AM ET (US)	We follow your false lead tomorrow
371 Darryl 09-14-2015 04:24 AM ET (US)	Idc. Its your call. This is your game to win
372 Darryl 09-14-2015 04:25 AM ET (US)	I have been gearing up to leave country for 3 months (2 daya!) so I haven't had much time lately. I don't deserve to win. I am trying to put in as much as I can with the little time I have
373 Darryl 09-14-2015 04:32 AM ET (US)	I have read about 5% of the posts in the main thread and I've never even posted a read list. I have no clue how I have gotten by
374 roytheone ★ 09-14-2015 05:06 AM ET (US)	/m373 you have no idea how many times I read one of your posting streaks and thought by myself: well, this is it, Darryl is so obviously scum, they are going to lynch him. But somehow town REALLY wants to keep you around, no idea why honestly! Anyway, I want to make something clear about our win condition: Is it a majority vote in the sense of: We VS town, Or We VS town+neutral
375 roytheone ★ 09-14-2015 08:41 AM ET (US)	BTW, probably don't have to tell you this Darryl, but Timeaisis is now on two votes. If he gets one more vote from someone, You could also quickly vote for him and hammer him. Not only would that seal his fate, it would also make you look scummy as fuck, which we want! Of course, do check if nobody unvoted before you did that :) Edited 09-14-2015 09:06 AM
376 CzarTim★	you guys need to be 50% of the playerbase to win!

09-14-2015 12:54 PM ET (US)	
377 Darryl 09-14-2015 01:50 PM ET (US)	I'm keeping my eye out for it. WE juts need 3 votes
378 Darryl 09-14-2015 02:40 PM ET (US)	Don't fall too hard into launches trap. Just ask him why you wouldn't have claimed ordinary or something. Unless you had hinted at a PR. A town wouldn't lie and claim ordinary even tho you have been borderline useless in your checks
379 roytheone ★ 09-14-2015 04:29 PM ET (US)	I am just back from work and I am tired but waiting to respond will also not work and oh god this will fail miserably.
380 roytheone ★ 09-14-2015 04:58 PM ET (US)	BTW, if i get lynched tonight, just kill sorian. We have no chance of wining in that scenario, and because I am kind of a dick lets make as much people lose together with us :) And Sorian will insta lose if he dies!
381 roytheone ★ 09-14-2015 05:08 PM ET (US)	yeah, I just suck at this, I can't write a defense for shit. Sorry.
382 Fireblend ★ 09-14-2015 05:58 PM ET (US)	Never give up! Never surrender!
383 Darryl 09-14-2015 06:03 PM ET (US)	Tell them that the game was getting too short to gamble on hitting the killer with the possibility of a silent killer as you already knew the game has a watcher too
384 Darryl	You knew you'd have to role claim today and you were right

09-14-2015 06:03 PM ET (US)	
385 Darryl 09-14-2015 06:06 PM ET (US)	That might not make sense knowing blend already carried out a kill, unless you say one shot. Two shot. Whatever
386 roytheone ★ 09-14-2015 06:19 PM ET (US)	Eh, need to go to bed soon. We are going to lose, no way they are not going against you tomorrow. Just make my final wish come true and make Sorian lose too! YOU READ THIS SORIAN! WE WANTED TO HELP YOU REACH YOUR ALT WIN CONDITION, BUT YOU DECIDED TO FUCK US AND NOW YOU WILL LOSE TOO! LET THIS BE A LESSON TO YOU! Edited 09-14-2015 06:19 PM
387 roytheone ★ 09-15-2015 08:52 AM ET (US)	Darryl, just in case: if you get lynched, what should I do tonight? -If I kill someone, I cant drone sorian and I don't get any lick information to prove my tracker status. -If I drone sorian, it will be a no-kill night and because most people agree that if I am a scum tracker, I can track OR kill they would probably immediately figure out what has happened. Kind of a damned if you do, damned if you don't situation.
388 roytheone ★ 09-15-2015 12:04 PM ET (US)	I am now in full on WITNESS ME mode, lets hope my fucking plan works.
389 roytheone ★ 09-15-2015 12:36 PM ET (US)	Daryll, you not being here right now could lose us the game :(
390 roytheone ★ 09-15-2015 12:45 PM ET (US)	When will the day end? I am seriously considering switching my vote to launch at the last possible second. Which clock do you guys use?
391 palmer_v1 ★ 09-15-2015 12:54 PM ET (US)	You have 6 minutes. Ends at 12pm, CST.

392 Fireblend ★ 09-15-2015 12:57 PM ET (US)	DARRYL PLS
393 palmer_v1 ★ 09-15-2015 12:59 PM ET (US)	Timezones suck.
394 roytheone ★ 09-15-2015 01:01 PM ET (US)	I think I deserve a honorable win for that last play.
395 roytheone ★ 09-15-2015 01:03 PM ET (US)	STILL, DARRYL, KILL FUCKING SORIAN, JUST DO IT, MAKE HIM PAY.
396 Fireblend ★ 09-15-2015 01:03 PM ET (US)	Yeah, nightkill that bastard :D
397 palmer_v1 ★ 09-15-2015 01:04 PM ET (US)	It was a good attempt. I'll PM you dead thread link. Darryl, I'll expect you to keep posting in here as if it's your livejournal.
398 Darryl 09-15-2015 01:25 PM ET (US)	I was sleep :(
399 palmer_v1 ★ 09-15-2015 01:28 PM ET (US)	It wouldn't have made a difference. You were already voting for the person you needed to be. What's your plan now?

400 CzarTim★ 09-15-2015 06:40 PM ET (US)	don't forget that the night is only 24 hours now
401 Darryl 09-15-2015 07:23 PM ET (US)	I always want to be first to die but never am. Idk. I fucking leave country in 12 hours . hopefully they will talk themselves into an eviction
402 Ourobolus★ 09-15-2015 07:25 PM ET (US)	/m401 lol, the Darryl curse.
403 CzarTim★ 09-15-2015 08:23 PM ET (US)	hmm how long will you be gone?
404 Darryl 09-16-2015 03:33 PM ET (US)	No idea. I can probably get on with WiFi. Hopefully.
405 Darryl 09-17-2015 03:11 PM ET (US)	This is great stuff sorian. Nice softball question
406 Darryl 09-17-2015 05:05 PM ET (US)	Nj sorian. We did it
407 CzarTim★ 09-17-2015 05:07 PM ET (US)	time is ordinary, who you gunna kill?

411 roytheone ★ 09-17-2015 05:18 PM ET (US)	I was 100 % convinced you would get turbo'd within 10 minutes today.
412 Darryl 09-17-2015 05:19 PM ET (US)	Idk how that didn't happen
413 roytheone ★ 09-17-2015 05:22 PM ET (US)	You didn't win us the game, I didn't win us the game, fire didn't win us the game, sorian didn't win us the game, town won us the game. Thanks town!
414 Ourobolus ★ 09-17-2015 05:23 PM ET (US)	Fuckin' Darryl. I mean Sorian. I mean Lone_Prodigy
415 Darryl 09-17-2015 05:23 PM ET (US)	I know. I felt like an idiot even typing that out. Thanks town. Especially Launch.
416 Darryl	Launch is the games real winner. Without him scum would have been fucked

09-17-2015 05:24 PM ET (US)	
417 roytheone ★ 09-17-2015 05:29 PM ET (US)	Btw Darryl, I may have said some things in the death thread about you not getting a replacement even though you had little time to play. Please don't take it personally.
418 Darryl 09-17-2015 05:36 PM ET (US)	Idc. This game would have been a mess if I got replaced tho. Otherwise I would have. Replacements suck
419 roytheone ★ 09-17-2015 05:44 PM ET (US)	/m418 you mean this game wasn't a mess now? ;)
420 Darryl 09-17-2015 05:45 PM ET (US)	Yea but I think it was fun and had merit. If I left it would've been a waste of everyone's time and some ppl put a lot of work in
421 Fireblend ★ 09-17-2015 05:53 PM ET (US)	Yay!
422 roytheone ★ 09-17-2015 07:18 PM ET (US)	Now sorian can finally start reading our messages to him in this thread ;)
