1 Ourobolus★ 09-10-2015 04:09 PM ET (US)	Happy hunting, Electorate! I'll monitor this thread, but if you need me and I don't see it here, please PM me.
2 CzarTim★ 09-10-2015 04:46 PM ET (US)	bahahaha splinter
3 Ourobolus★ 09-10-2015 04:50 PM ET (US)	I did giggle a bit having both of you back here.
4 CzarTim★ 09-10-2015 04:50 PM ET (US)	fake fight, buddy?
5 CzarTim★ 09-10-2015 04:53 PM ET (US)	oh, I'm a poisoner, I choose a player to poison and they die the next night. I can only do this twice, and can't send the kill order in at the same time unless both of you are dead.
6 Hyperactivity 09-10-2015 04:58 PM ET (US)	Nearly posted as Beagle. Whoops. I'm an atheist. I'm not entirely sure how my role works out. Every night, I can send someone a message from "God", to mess with them. I'm guessing this means they get an anonymous friendly message, or see me as a friendly messenger We might want to test this with one of you guys barring further explanation from Ourobolus
7 Ourobolus★ 09-10-2015 05:00 PM ET (US)	They receive a message from "God."
8 CzarTim★ 09-10-2015 05:01 PM ET (US)	thats hilarious. Mak had that role in SW and used it terribly though.
9 Hyperactivity 09-10-2015 05:02 PM ET (US)	Wait, ouro the kill order isn't specified in my role PM. Can I not kill?
10 Splinter 09-10-2015 05:06 PM ET (US)	Tim! And Beagle! So stoked now!
11 Splinter 09-10-2015 05:06 PM ET (US)	Also we're totalling killing Launch right? Not that I'm sour or anything
12 Hyperactivity 09-10-2015 05:07 PM ET (US)	In SW, did the role not give the name of the player who sent the message Because that could be really useful I assume that there's a counter role of some sort though. Someone who sees through the disguise for who I am. Of course, my role isn't such that getting discovered would be bad, unless put together with people who saw the messages as from god

	Of course, even then, we can save one day accusing that guy of being the atheist
13 CzarTim★ 09-10-2015 05:07 PM ET (US)	we are 100% killing Launch, without question.
14 Ourobolus★ 09-10-2015 05:08 PM ET (US)	/m9 sorry. Anyone can send the kill order (except for the provisions in Tim's PM) by PMing me [highlight]KILL: <player>[/highlight] Knew I forgot something.
15 Hyperactivity 09-10-2015 05:09 PM ET (US)	I need to personally strangle nin1000 first The salt is real
16 CzarTim★ 09-10-2015 05:12 PM ET (US)	whats your role splint
17 Splinter 09-10-2015 05:13 PM ET (US)	On two nights I can modify our kill command to "bypass any sort of protection" Basically, Donald Trump is bulletproof
18 CzarTim★ 09-10-2015 05:14 PM ET (US)	Hyper, his role did not reveal his name, and that's how I knew it was from a mafia member, because why would town not just list their name. Maybe send a message to a different person each night, and say "x is GOP." Then we can sneak in one of our names in there.
19 Hyperactivity★ 09-10-2015 05:17 PM ET (US)	We can't be doing that willy nilly though. Eventually, people will start talking, and they'll realize that half these messages are bogus. They'll know that a similar role has existed, and will wonder why the person behind these messages somehow knows who everyone is
20 CzarTim★ 09-10-2015 05:20 PM ET (US)	I was thinking it'd be more of a messenger cop. Like a cop that doesn't get results but sends them to someone else? Otherwise what do you have in mind? Our powers are weird because we have two limited utility and no information roles. Makes me think this set up is doctor heavy?
21 Hyperactivity★ 09-10-2015 05:27 PM ET (US)	We can still partially do that, but maybe make it cryptic and an every once in awhile thing Perhaps even get them to believe that it's this games gimmick, Messages from God I think the first night, any players won't take a prediction based off of the first day to seriously. I think, even though the game hasn't really started, that we should consider using it on one of ourselves the first night, figure how it works Is there a word count limit Ourobolus?
22 CzarTim★ 09-10-2015 05:28 PM ET (US)	sounds good
23 Ourobolus★ 09-10-2015 05:29 PM ET (US)	/m21 Try not to make it too long. It's restricted by the PM word count limit, but I also don't want to have to read a novel to make sure there's nothing game-breaking or whatever in there. :P
24 Hyperactivity★ 09-10-2015 05:46 PM ET (US)	Ugh, I'm going to have sign out and go back and forth between tahoma target and this (Btw, you two are done for. I'm looking for you two as my first kills in the game, so that if I accidentally post here, I don't get fucked over)
25 Splinter 09-10-2015 05:50 PM ET (US)	If you have 2 browsers installed, I'd recommend keeping Tahoma completely separate to everything else Or dont so I can vote you, I guess
26 Czartim 09-10-2015 05:50 PM ET (US)	Just use a different browser E: get out of my brain Edited 09-10-2015 05:51 PM

27 Ourobolus★ 09-10-2015 05:52 PM ET (US)	Incognito mode, if you're using Chrome.
28 Splinter 09-10-2015 05:53 PM ET (US)	I'm planning to role play as you in Tahoma, just getting in to character Note to self: Be less verbose
29 Hyperactivity★ 09-10-2015 05:55 PM ET (US)	Double game alliance then? We eliminate as many people as we can to begin with through the /m28 method?
30 Hyperactivity★ 09-10-2015 05:56 PM ET (US)	/m27 I'll go with this thanks
31 Hyperactivity★ 09-10-2015 05:59 PM ET (US)	Hmn, I wonder, will the poison + kill command bypass a doctor? Perhaps the poison is doubly effective on someone. Or there's an antidote for it
32 CzarTim★ 09-10-2015 06:02 PM ET (US)	i asked: doctor can save the person if they are protected the night they die, not the night they're poisoned. and they are not notified they are poisoned. So, use them right away or withhold a night or two?
33 Splinter 09-10-2015 06:03 PM ET (US)	Fluff-based guess: Since voting someone is quite different to poisoning them, I'd guess that there isn't a single doctor that prevents both. I expect a vote Doctor, poison Doctor less likely. On the other hand, that does make Tim's ability quite similar to mine
34 Hyperactivity★ 09-10-2015 06:05 PM ET (US)	I think that there is a doctor, and either some other sort of doctor, or something like a jailer, which can also protect its target
35 Splinter 09-10-2015 06:06 PM ET (US)	Oh. Well if we use one early the poisoned person will probably beg for a doctor. Without any kind of watcher that doesnt help much... On the other hand it might get them voted but thats a bit of a waste of a kill... In conclusion... Dunno
36 Hyperactivity★ 09-10-2015 06:07 PM ET (US)	No, I'm saying can a doctor save someone the 2nd night, when they are going to die?
37 Splinter 09-10-2015 06:09 PM ET (US)	Yes. First night they get a warning they've been poisoned. Second night they die unless saved by a doctor. A protect on the first night won't save them
38 Hyperactivity★ 09-10-2015 06:09 PM ET (US)	Huh They get a warning Well damn
39 Ourobolus★ 09-10-2015 06:10 PM ET (US)	Uh...read.
40 Hyperactivity★ 09-10-2015 06:11 PM ET (US)	Save it I just came up with a retardedly complex way to use it If a day ends and it looks pretty sure that one of us will die, we might want to use the poison on one of us, if we haven't located the doctor yet It could help us locate the doctor and possibly sve us from a lynch

	Of course, this is absolutely crazily risky, so I would use it in a situation where there's a 90% chance one of us gets lynched the next day
41 Splinter 09-10-2015 06:14 PM ET (US)	Well it would at least imply the poisoner is neutral, maybe cause some confusion. But yeah thats 99% crazy talk :p
42 Hyperactivity★ 09-10-2015 06:25 PM ET (US)	Anyways, I just want to get something out of the way immediately We need to go for the strongest players, not the safe kills, tonight. The first kill has all PRs active, but is also the closest thing to a "free" night we get. Barring the player REALLY REALLY bandwagoning on us day 1, we should go for the best we can get
43 Ourobolus★ 09-10-2015 06:26 PM ET (US)	Because you all seem to be misreading Tim's post - the target IS NOT notified they are poisoned.
44 Splinter 09-10-2015 06:27 PM ET (US)	Oh, I thought he had developed a stutter (Oops)
45 CzarTim★ 09-10-2015 06:29 PM ET (US)	sorry was eating dinner, ya they don't know they're poisoned.
46 Hyperactivity★ 09-10-2015 06:35 PM ET (US)	Phew Yeah, let's use it tonight Use the poison on a safer, sill strong target, that won't have too much to read off of based on their death. Unless we get someone whose completely wrong on all accounts, which would be better Kill the strong player
47 CzarTim★ 09-10-2015 06:45 PM ET (US)	i mean, sure we can kill a strong player or we could kill launch <i>think about it</i>
48 Splinter 09-10-2015 06:46 PM ET (US)	I assumed he meant both
49 Hyperactivity★ 09-10-2015 06:48 PM ET (US)	Compromise We'll poison launch
50 Hyperactivity★ 09-10-2015 06:50 PM ET (US)	If we decide to kill launch tonight, then I totally get to kill nin1000 the next night
51 CzarTim★ 09-10-2015 06:54 PM ET (US)	im ok with that
52 Hyperactivity★ 09-10-2015 06:54 PM ET (US)	Wait, no Let Sorian lead a bandwagon against launch Everyone wins
53 Splinter 09-10-2015 06:57 PM ET (US)	Is Sorian likely to be a threat? I know he posts a lot, I dont know if what he posts is ever right/influential
54 CzarTim★ 09-10-2015 07:02 PM ET (US)	the thing is with people who post a lot: they dominate the thread and when they're wrong it derails the whole game.

55 Hyperactivity★ 09-10-2015 07:04 PM ET (US)	It's a couple things, but he only ever went 2 days in cthulhu, and I have a suspicion that he may have been a recruitable townie or 2nd cult (which would make him a pretty great scum player) From what I figure, he's not as good at making reads (still decent at the very least though). However, he plays a vital role for town, in that he keeps conversation going. HE keeps the wheels turning in everybody else's mind, and Cthulhu became noticeably more quiet (mind you Blargonaut was lynched that day too) after he left. He also has an amazing power to lead bandwagons. When he votes for you, don't be too alarmed, because you just have to post a holeless defense and he'll probably take the vote off. His vote goes everywhere, and not a single person will be left untouched by it. So I would put him at medium threat personally, he can be an unwitting tool for cult or a dangerous weapon against it. Or something in the middle Btw, Ouro, have fun counting the votes for this XD
56 Hyperactivity★ 09-10-2015 07:04 PM ET (US)	/m54 exactly Dangerous when they're right, amazing when they're wrong
57 Ourobolus★ 09-10-2015 07:14 PM ET (US)	/m55 really glad I wrote a script to format the vote posts...
58 CzarTim★ 09-10-2015 09:36 PM ET (US)	watch us not get the self-destructive town that NX had.
59 Ourobolus★ 09-10-2015 09:37 PM ET (US)	Lol. To be fair; as much as I love a mafia win, town needs a boost after that ridiculousness
60 CzarTim★ 09-10-2015 09:39 PM ET (US)	thanks, oreo <i>thanks</i>
61 Ourobolus★ 09-10-2015 09:40 PM ET (US)	Don't worry. I think I balanced this one a bit better than Archer. That was a practice run.
62 CzarTim★ 09-10-2015 09:40 PM ET (US)	also why did you give me fake flavor with roles that are easily verifiable? how would I ever sell that vote control thing?
63 Ourobolus★ 09-10-2015 09:45 PM ET (US)	Lol, good point. How about, "You can visit another player at night to talk about your Lord and Savior, but will be lynched if they are lynched at night." You don't have to use the roles or names I provided. The names are characters that aren't in use, and the roles you can make up yourselves if you don't like them.
64 Ourobolus★ 09-10-2015 09:47 PM ET (US)	I was a little under the bridge when I came up with those, heh
65 CzarTim★ 09-10-2015 09:47 PM ET (US)	I figured. will probs just claim 1-shot cop anyway
66 Hyperactivity 09-10-2015 10:20 PM ET (US)	Huh, yeah, the claims given are too verifiable Stick with the sane two candidates though, ok?
67 Hyperactivity 09-10-2015	Maybe- Marco Rubio, the thirsty one: every other night you need to satisfy your thirst, so you take a short break to go drink some water. On these nights you (whatever the specific role text for commuters is, I'll get it later)

10:26 PM ET (US)	Granted, I can't really use this, but we can alternate kills orders between the two of you The only problem is if we figure something that's going on and we need to use splinters ability one night, but we'll deal with that if/when it comes up
68 CzarTim★ 09-10-2015 10:32 PM ET (US)	Wait we all got the same two candidates? Why don't we have three?
69 Hyperactivity★ 09-10-2015 10:33 PM ET (US)	Rubio and Walker, right? Smaller game I guess, only 16 people Plus, I think with some editing and work, I can pass off my role as town.
70 Ourobolus★ 09-10-2015 11:28 PM ET (US)	/m68 I like to leave one slot open to the imagination ;)
71 CzarTim★ 09-10-2015 11:29 PM ET (US)	i'll claim robin hood
72 Hyperactivity★ 09-10-2015 11:36 PM ET (US)	/m71 Just remember: Robin hood din't steal from the rich to give to the poor. HE robbed from the government and gave back to the tax victims http://www.neogaf.com/forum/showpost.php?p...7020&postcount=2493
73 Hyperactivity★ 09-10-2015 11:54 PM ET (US)	Btw, what are your specific role names?
74 CzarTim★ 09-10-2015 11:58 PM ET (US)	Teacher
75 Splinter 09-11-2015 02:47 AM ET (US)	Climatologist
76 Hyperactivity★ 09-11-2015 03:02 AM ET (US)	I'm starting to get some vague ideas on a role I could claim (or I could claim exists) An ordained by god character (would have to come up with a name, I'm think a monarch of some sort, maybe just The King, although that could be bad for the flavor of the game) It would basically explain any knowledge I may have of the messages from God, as his orrdained one, I can choose to try and listen x number of times
77 Hyperactivity★ 09-11-2015 02:03 PM ET (US)	The game is finally starting to leave flavor stage, so I'll avoid too much flavor from now on
78 Hyperactivity★ 09-11-2015 02:07 PM ET (US)	I get the feeling that if nin indeed has some sort of role, it'll be more of a distraction, like a sleepwalker or something
79 Splinter 09-11-2015 02:40 PM ET (US)	Launch soft-claiming Obviously a joke but his death will probably be blamed on that
80 Hyperactivity★ 09-11-2015 05:21 PM ET (US)	http://www.neogaf.com/forum/showpost.php?p...2008&postcount=5176 Goodbye czartim):
81 Splinter 09-11-2015 05:34 PM ET (US)	Yeah hope you're ok bud :/

82 Hyperactivity★ 09-11-2015 06:04 PM ET (US)	I want to say that it would make no sense for cult to draw attention and initiate the flavor--> to serious phase of the game, but at the same time cabot may be a good lynch today
83 Splinter 09-11-2015 07:06 PM ET (US)	Thats the kind of point I'd usually attack lol I wont be voting Cabot, but it would be great if other people do
84 Hyperactivity★ 09-11-2015 07:18 PM ET (US)	Yeah, it doesn't look like I can get away with a no vote, and I'm not going to put it on kalor Think I'll go for cabot If i stay silent any longer sorian will kill me. My name is Hyperactivity (although they should know by now that I post in clumps, disappear, and post in clumps again)
85 Splinter 09-11-2015 07:41 PM ET (US)	Man what is Launch doing?
86 Hyperactivity★ 09-11-2015 07:53 PM ET (US)	Launching it up Might want to keep him, he could be someone we could divert attention to later on
87 Hyperactivity★ 09-11-2015 08:23 PM ET (US)	CORNBURRITO Welcome
88 Ourobolus★ 09-11-2015 08:23 PM ET (US)	CornBurrito will be re...oh you guys saw.
89 Splinter 09-11-2015 08:24 PM ET (US)	Yessssss
90 CornB★ 09-11-2015 08:30 PM ET (US)	Talk about a cool twist of fate. Eh Splinter. So umm... I need to do a LOT of catching up. Can I get some TLDR?
91 Hyperactivity★ 09-11-2015 08:32 PM ET (US)	I'm an atheist, can send messages to people from "God" Splinter bypasses any protection on a player twice in a game You poison, which kills the next night. If a doctor blocks the 2nd night, the target doesn't die
92 Hyperactivity★ 09-11-2015 08:34 PM ET (US)	We're guessing that, based off of our roles, the game's short of investigative roles but has multiple doctors. Maybe a weak and normal doctor, maybe a jailer some sort of doctor combo, etc. I'm making a prediction that there's someone who can see through "God" and see that I'm sending the messages I want to test my role out on one of you guys first night, messages and friendships aren't as important first night
93 Hyperactivity★ 09-11-2015 08:35 PM ET (US)	Oh, and because the two fake role claims seemed too easy to prove, I modified the Marco Rubio one "Maybe- Marco Rubio, the thirsty one: every other night you need to satisfy your thirst, so you take a short break to go drink some water. On these nights you (whatever the specific role text for commuters is, I'll get it later)" You two can alternate kills (I think I should be using my ability every single night)
94 Hyperactivity★ 09-11-2015 08:36 PM ET (US)	Both yours and my vote are on cabot right now, although I probably shouldn't switch barring something big or a really nice point
95 Ourobolus★ 09-11-2015 08:37 PM ET (US)	Any player can use their ability and perform the kill, with the exception of CB.
96 Splinter	Hyper are you able to kill and use your ability on the same night? I'm thinking in case there is some kind of activity detector. You will be "active" every night anyway so me and Corn can stay mostly clean

09-11-2015 08:38 PM ET (US)	
97 Splinter 09-11-2015 08:38 PM ET (US)	Mystery solved
98 CornB★ 09-11-2015 08:40 PM ET (US)	I also can only use my Poison ability twice per game. I assume I haven't used it once already? And umm.. I actually have no experience playing as Despair. Should I act like how I did during Dangan mafia and then just let you guys dictate my night behavior?
99 Ourobolus★ 09-11-2015 08:42 PM ET (US)	/m98 correct, you have not yet. It's a night action, and it's still Day 1.
100 Splinter 09-11-2015 08:44 PM ET (US)	Personally I pretty much ignore my alignment during the day. If I see something I don't like I'll call it, whether its on you guys or not. So yeah, if you can play the same as last game that'd be great. Later on we might need to start pushing an agenda, but at this stage I'd rather let Town trip themselves up. You haven't used your ability yet, we are still in D1 actually, you've missed about 24 hours of mostly fluff posts
101 Hyperactivity★ 09-11-2015 08:45 PM ET (US)	I played all of cthulhu assuming one night action per person God damnitt
102 Hyperactivity★ 09-11-2015 08:47 PM ET (US)	We can coordinate night actions, don't worry too much about that I'll admit, I haven't watched Danganropa much (sorta following it) but don't try to change up your style too much. People will catch on
103 Splinter 09-11-2015 08:49 PM ET (US)	Oh, don't trust Town. I made that mistake last game, and Town lied way more than Mafia did
104 Ourobolus★ 09-11-2015 08:51 PM ET (US)	/m101 the reason is that as Mafia numbers dwindle, it becomes a huge problem for them if they can't perform their action as well as kill.
105 CornB★ 09-11-2015 09:29 PM ET (US)	"last game" as in DR? Who lied that was Town in that game? Besides goshujinsama.
106 Splinter 09-11-2015 09:40 PM ET (US)	Makai about his role Crab about his suspicions (well, he claims he was suspicious of both Tim and Saw, and manipulated the D3 vote to be between them). Absolut obviously lied, we never really questioned it for some reason and it came back to bite us
107 CornB★ 09-11-2015 09:51 PM ET (US)	Oh right I forgot Absolut. And wait, Makai lied? How do you know that?
108 Splinter 09-11-2015 09:53 PM ET (US)	I didnt know until I was dead, I think Tim told me I dont know the details Edited 09-11-2015 09:53 PM
109 Hyperactivity★ 09-11-2015 10:00 PM ET (US)	Corn, go read the dead thread You're in it with the rest of us
110 Hyperactivity★ 09-11-2015 10:10 PM ET (US)	Hey Ouro, can we double kill between Splinter's ability and the normal kill order? I don't want to waste up too many powers this first night, but there's something to be said for making the town think that there's a friendly vigilante loose
111 Splinter 09-11-2015	My ability modifies the kill order, its not a kill in itself

10:16 PM ET (US)	
112 Splinter 09-11-2015 10:16 PM ET (US)	If we poison tonight we will double kill tomorrow
113 Hyperactivity★ 09-11-2015 10:23 PM ET (US)	Yeah, I know. I think we should kill a strong player and poison a safe player tonight Shame, because the vig in cthulhu communicated he was friendly by killing the guy with the 2nd votes/suspicion on him at the end of Day 1, so I was thinking we could've done something similar Oh well, besides, we don't want to use all our powers in one night anyways
114 Hyperactivity★ 09-11-2015 10:29 PM ET (US)	Hey splinter, you seem to have a better read on nin then I do. Can't really figure out what he's doing
115 Ourobolus★ 09-11-2015 10:30 PM ET (US)	/m111 correct
116 Splinter 09-12-2015 05:37 AM ET (US)	No idea either, would be nice to get him out the way early I guess I'm gambling on him not being neutral or somehow helpful to us
117 Hyperactivity★ 09-12-2015 10:10 AM ET (US)	Don't think it's safe to switch my vote to nin at this point, he was acting similarly when I mentioned cabot as the only real candidate I can throw in a shout for him to get serious, put some pressure from the sidelines I'll be busy most of today, so I'll probably have large blocks of inactivity then occasional posting
118 Hyperactivity★ 09-12-2015 10:16 AM ET (US)	I think he's trying to make the cult go after him, making himself stand out. I don't think he has a strong PR, probably something like a sleepwalker Unless he's reverse psychology'ing everybody
119 Hyperactivity★ 09-12-2015 11:56 AM ET (US)	I'm taking my vote off of cabot Scum players don't extend the day
120 Hyperactivity★ 09-12-2015 12:01 PM ET (US)	God damnitt That didn't just extend the day That clears both nin1000 and cabot
121 Hyperactivity★ 09-12-2015 12:03 PM ET (US)	So we have two confirmed players. I think we should poison nin over cabot, as cabot's already used his power while nin may still have one Edited 09-12-2015 12:05 PM
122 Hyperactivity★ 09-12-2015 12:04 PM ET (US)	Looking at the palyer list, I think I want to kill Palmer or Burbeting tonight, so far at least
123 Splinter 09-12-2015 12:10 PM ET (US)	2 confirmed already, getting flashbacks to DR again. I agree that we should kill/poison nin tonight. Could kill Cabot too? He's talkative and confirmed, could be dangerous
124 Splinter 09-12-2015 12:37 PM ET (US)	/m123 isn't serious btw Ouro, I'm liking this set up so far
125 Hyperactivity★ 09-12-2015 01:13 PM ET (US)	I was thinking about deciding to plant the idea that nin1000 could be a godfather type, but I wouldn't want to do that immediatley, it'll look like I was the one propogating and really pushing the theory if nin1000 was lynched
126 Hyperactivity★ 09-12-2015 01:18 PM ET (US)	I think it's clear, after Cabot at least, that not all flavor is just flavor. They could also be hints towards a possible PR Of course, it might also just be a waste to search through everything

127 Hyperactivity★ 09-12-2015 01:44 PM ET (US)	" but scum will want to kill Nin to see what his role is. If nin dies in the night then we get confirmation for both of them" We're poisoning nin
128 CornB★ 09-12-2015 03:50 PM ET (US)	Though of a fake role claim while in the shower. Not sure how good/believable. Also not very original of an idea: Firstname Lastname: Although you preach family values, you can't help but give in to certain temptations. Once per game, when targeted with an ability by the Electorate, will be immune. Instead inviting the user of the ability to a hot, sweaty, clandestine evening.
129 Hyperactivity★ 09-12-2015 04:17 PM ET (US)	Herman Cain
130 Hyperactivity★ 09-12-2015 04:18 PM ET (US)	actually, that sounds a bit much (dude sexually harassed people), but the flavor does work Btw, where have you been? Actually, what timezones are you guys in? Would help figure out when you guys are likely going to be active Central Time her, personally
131 Splinter 09-12-2015 04:20 PM ET (US)	GMT here (uk)
132 Hyperactivity★ 09-12-2015 04:21 PM ET (US)	I see people are getting somewhat suspicious of me because of how quiet I've been, but I honestly don't know what to say. There's nothing that stands out on who we should go for, even if I was town. I'll be totally mobile soon, so I guess I should go in and explain that
133 Hyperactivity★ 09-12-2015 04:25 PM ET (US)	I think we should leave Herman Cain for Splinter and Marco Rubio for CornBurrito (he's more likely to use the claim)
134 Hyperactivity★ 09-12-2015 05:22 PM ET (US)	I'm going to vote Salva He has 3 posts that aren't flavor and every single one of them states the fucking obvious
135 Hyperactivity 09-12-2015 06:12 PM ET (US)	I'm definitely going to have to post frequently tonight. There's too much suspicion, they might decide on me as the day 1 lynch
136 CornB★ 09-12-2015 06:54 PM ET (US)	I'm EST. And yeah, things aren't looking good for you Hyper.
137 CornB★ 09-12-2015 07:00 PM ET (US)	If anyone feels like getting dangerous and not claiming town when/if we need to claim something, we could always claim a Neutral role. I vote Bernie Sanders as the role name. Now to just think of a flavor appropriate role. Maybe Bernie wins if he and/or Donald Trump survive until the end of the game, as both are the only candidates who are not beholden to special interest groups.
138 Hyperactivity 09-12-2015 07:27 PM ET (US)	"So far, all that's happened in regards to you was other people pointing out the same thing I did and launch going "nah man it's salva I know he's a good poster"." We can use this to suspect launch later if salva is lynched, as scum or town launch shutting discussion down on someone or attaching himself to a townie doesn't look good
139 CornB★ 09-12-2015 07:33 PM ET (US)	Looks like I may actually be able to get a bandwagon on Kingkitty going. Thanks Fireblend for the springboard. Of course who knows where this might go. I'd be cautious. I think hardly anyone actually uses Day 1 voting patterns as a basis for reads except on Day 2, but you probably don't want to be perceived as joining the bandwagon without good reason. And yeah Hyper, I think Launch might be an easy lynch target to steer into in a few days. If he keeps doing stuff like that.
140 Hyperactivity 09-12-2015	That should be enough until I get home, everyone seems to have moved on for now A Bernie sanders role doesn't really work if the scum is the electorate. They haven't figured out that our scum

07:34 PM ET (US)	roles aren't names of people yet, so claiming that would be bad Plus, there's almost assuredly a Donald trump in there, so a counter claim for that specific win condition would be imminent
141 CornB★ 09-12-2015 07:38 PM ET (US)	Donald is simply a member of the GOP. He wins if the GOP wins. Bernie is not a GOP member and obviously isn't a member of the electorate (i mean he can vote but yeah...). We already have a soft Obama claim. It wouldn't be unthinkable that Neutral Democrat/3rd party roles exist. The existence and counter claim of a real Donald Trump doesn't mean much. Bernie might win if he or Donald survive. Donald doesn't need to share that win condition. Unless mafia roles don't ever work that way. Granted that makes it a hard sell. And it isn't a "get out of being lynched" claim because it provides nothing useful to the GOP.
142 Hyperactivity★ 09-12-2015 09:31 PM ET (US)	Ugh, my name is going to be up until at least day 2, and then be off, and hopefully of us 3 I won't be the last one because there's going to be a bunch of stuff they would use against me in an end game scenario
143 Hyperactivity★ 09-12-2015 09:32 PM ET (US)	Hopefully* be off after day 2
144 CornB★ 09-12-2015 09:48 PM ET (US)	Jesus, this is gut wrenching. You and Splinter have already been suspected independently.
145 Ourobolus★ 09-12-2015 09:52 PM ET (US)	lol
146 CornB★ 09-12-2015 09:52 PM ET (US)	I fucked up didn't I. Though if I were actually Town I don't think I'd have avoided Launch's question.
147 Splinter 09-12-2015 09:56 PM ET (US)	Dont panic
148 Splinter 09-12-2015 09:56 PM ET (US)	He's pretending to be confident, but he's just throwing shit around at the moment
149 CornB★ 09-12-2015 09:58 PM ET (US)	What the fuck does his recent post mean??? "I'm deciding what to do with a piece of information that I shouldn't have." That's a bluff right?
150 Splinter 09-12-2015 09:59 PM ET (US)	I wonder if he's referring to you having a quicktopic login... You just joined the dead thread though so That shouldn't be too suspicious
151 CornB★ 09-12-2015 10:00 PM ET (US)	Yeah I joined the dead thread like... well before this thread.
152 Hyperactivity★ 09-12-2015 10:00 PM ET (US)	You're fine CornB, act normal. If multiple players n this team act off, it could really hurt. Splnter's fine. You were cult last time so you can hide behind a "This is my normal way to play" web of lies. I'm not fine, and I should be concocting up another post right now (I'll get onto it immediately), that preferably isn't so defensive. Probably just take someone points (probably not Splinter's, if I do so I'll put someone else too), say "yeah great point", or "I never thought of it that way", and add original points of my own. I'll make sure to do the last one myself. Godamnitt Saalva, defend yourself, I can look active without having to throw my suspicion everywhere and possibly antagonize everybody. These people expect others to constantly concoct original stuff to talk about out of a magic hat. What the fuck, this is day 1. I'm not surprised our opponents are the fucking GOP

	Messages 153-172 deleted by author between 09-12-2015 10:13 PM and 09-12-2015 10:15 PM
173 Ourobolus★ 09-12-2015 10:13 PM ET (US)	So...for now. I'm gonna delete the messages we just all posted regarding this - play as if this didn't happen and you have no idea what launch is talking about. Yes, it's shady, but it's a fucked up situation.
174 Hyperactivity★ 09-12-2015 10:15 PM ET (US)	We need a men in black memory eraser for this Maybe tell him we can work a deal to avoid each other day and night 1?
175 Splinter 09-12-2015 10:18 PM ET (US)	Get him to delete his dead thread hint too, thats a stupid hint to drop
176 Ourobolus★ 09-12-2015 10:18 PM ET (US)	I'll delete it. I made that thread.
177 Ourobolus★ 09-12-2015 10:20 PM ET (US)	Dammit, this sucks. CB, you fucked up! Considering you would most definitely die tonight, I think the way to go is that if you guys NK Launch, CB dies too.
178 CornB★ 09-12-2015 10:20 PM ET (US)	So did I fuck up something or is this unrelated to anything I did?
179 Ourobolus★ 09-12-2015 10:22 PM ET (US)	You posted something meant for here in the dead thread.
180 CornB★ 09-12-2015 10:23 PM ET (US)	What... I thought I triple checked that. What the fuck.
181 Hyperactivity★ 09-12-2015 10:23 PM ET (US)	Let's just hope Sorian and the rest find it shady and bandwagon
182 Ourobolus★ 09-12-2015 10:23 PM ET (US)	Do you all find my proposal fair?
183 Splinter 09-12-2015 10:24 PM ET (US)	Is that just for N1 Ouro? Because honestly I'm already suggesting we shouldn't kill him straight away
184 Hyperactivity★ 09-12-2015 10:25 PM ET (US)	I'll live with it. Neither side is getting anything better. I just hope for fair plays sake that Launch is ordinary (don't answer that), maybe neutral if we are amazingly lucky CB stay off of any possible launch wagons, for at maybe 3 days
185 Ourobolus★ 09-12-2015 10:25 PM ET (US)	Considering he could drop that info any day, I would say no, it's for the whole game - CB is a dead man walking with Launch's info.
186 CornB★ 09-12-2015 10:26 PM ET (US)	What post was it exactly? I'm almost certain I never got the wires crossed when posting in these topics.
187 Ourobolus★ 09-12-2015 10:27 PM ET (US)	"Looks like Fireblend and I might actually be getting a bandwagon on kingkitty going."
188	All nights

Hyperactivity★ 09-12-2015 10:27 PM ET (US)	Thankfully launch is playing semi scummy, especially with the shut down on talking about salva. We're going to use him as day lynch bait anyways. I'm going to try and steer this gently towards him tomorrow, questioning him on why he does things like that None of this can change our vote at this point, other players might draw the correlation, launch definitely would if someone randomly changes there vote to him Oh dear god someone do exactly that, please Edited 09-12-2015 10:29 PM
189 Splinter 09-12-2015 10:28 PM ET (US)	Ok makes sense. Don't panic CB, I think we can trust Launch not to mention it for the sake of a fair game, we just have to hope no one else figures it out.
190 Hyperactivity★ 09-12-2015 10:29 PM ET (US)	That fair Ouro? I don't mean go hard core for him, but he was going to be used as a day phase bodybag for us. We had already talked about it
191 Splinter 09-12-2015 10:29 PM ET (US)	I think people could assume it relates to DR stuff
192 CornB★ 09-12-2015 10:30 PM ET (US)	Actually if he somehow saw my full post (despite me deleting it less than 5 seconds after posting it in the wrong thread), he knows at least one other Despair too. So..... I think this fuckup can't be fixed. It is only Day 1... could we re-randomize all the roles? And reset? That's probably asking too much.
193 Ourobolus★ 09-12-2015 10:31 PM ET (US)	/m191 yeah, I doubt it. It was written in present tense, a few hours ago. /m190 he won't be able to get out of being lynched during the day. The stipulation is only if mafia kills him at night.
194 Ourobolus★ 09-12-2015 10:32 PM ET (US)	/m192 - if anyone is subscribed to a thread, the moment someone posts an email is sent to those people. Deleting your post doesn't remove that email.
195 Hyperactivity★ 09-12-2015 10:32 PM ET (US)	Who does it indicate? yeah, email subscriptions send the OG version, if you've ever edited a post in a QT thread that has a subscriber you would see the warning
196 CornB★ 09-12-2015 10:33 PM ET (US)	If he got the full message then it indicated Hyper as well.
197 Hyperactivity★ 09-12-2015 10:33 PM ET (US)	No way, if we ended up as town, we would know EVERYTHING about the mafia team
198 Hyperactivity★ 09-12-2015 10:33 PM ET (US)	Shit No wonder he brought me up Even questioned splinter on me Fuuuuccckkk
199 Ourobolus★ 09-12-2015 10:34 PM ET (US)	The one I saw implicated CB and Fireblend.
200 Ourobolus★ 09-12-2015 10:34 PM ET (US)	But yes, he may have seen Hyper.
201 Splinter 09-12-2015 10:34 PM ET (US)	lol qt is fun

202 CornB★ 09-12-2015 10:35 PM ET (US)	I believe I deleted the message no more than 5 seconds after posting it to the wrong thread. If the only thing he knows is that I posted a message and then deleted it, that's not a huge deal. If the email alert contains everything I posted, we're fucked basically. There's no way he doesn't know all 3 of us.
203 Hyperactivity★ 09-12-2015 10:35 PM ET (US)	Oh Ok Not world ending Just a catastrophe
204 Hyperactivity★ 09-12-2015 10:35 PM ET (US)	Wait, back to world ending
205 Ourobolus★ 09-12-2015 10:35 PM ET (US)	So to reiterate: - if you NK Launch, CB dies - Launch can still die during the day. - if Launch outs because of the qt post, he dies as well. Sound fair? All three of you respond.
206 Ourobolus★ 09-12-2015 10:36 PM ET (US)	/m202 The email contains the post.
207 Hyperactivity★ 09-12-2015 10:36 PM ET (US)	Fair And then this "Any reason you didn't include fireblend?"- Splinter
208 Splinter 09-12-2015 10:36 PM ET (US)	Yeah its fair
209 Hyperactivity★ 09-12-2015 10:37 PM ET (US)	Wait, is this the post? "Looks like Fireblend and I might actually be getting a bandwagon on kingkitty going."
210 CornB★ 09-12-2015 10:37 PM ET (US)	The email contains the whole post? Then he knows 2 scum. And likely can surmise the third. I suppose fair. But we've lost.
211 Ourobolus★ 09-12-2015 10:38 PM ET (US)	"Looks like Fireblend and I might actually be getting a bandwagon on kingkitty going," Yes. It may implicate Fireblend accidentally, but he definitely knows CB is mafia.
212 Hyperactivity★ 09-12-2015 10:38 PM ET (US)	All that info We might want to KO him tonight Seriously, that's all 3 of us
213 Hyperactivity★ 09-12-2015 10:38 PM ET (US)	How does it implicate me?
214 CornB★ 09-12-2015 10:39 PM ET (US)	Are you sure that's the extent of the info he got Ouro?
215 CornB★ 09-12-2015 10:40 PM ET (US)	Ok I figured it out. The post I made in the wrong thread at 7:30 was ""Looks like Fireblend and I might actually be getting a bandwagon on kingkitty going". I realized it a second after posting and deleted it. The post I made here was that, plus some expansion. I don't think I actually sold out Hyper.
216 Splinter 09-12-2015	Well when Corn posted that in THIS thread it had another paragraph addressed to Hyper. I don't know if your post in the dead thread was the same though

10:40 PM ET (US)	
217 Hyperactivity★ 09-12-2015 10:40 PM ET (US)	"Slow-ish start today, but I don't think Corn could keep his mouth shut if his life depended on it. If he's quiet tomorrow he'll be at the top of my suspicions, but I'm not lynching him yet. If Corn is scum I'd love to see him try to hide it." Ugh, Splinter and Launch's conversation almost hurts I'm definitely overthinking that point though. I think splinter is fine for a short while, because we're thinking about that conversation from the point of knowing we're scum. He doesn't, and won't necessarily think that way
218 CornB★ 09-12-2015 10:41 PM ET (US)	Actually Launch might just think that Splinter has access to the same info he does. "I'd love to see him try to hide it... kek"
219 Ourobolus★ 09-12-2015 10:41 PM ET (US)	/m214 what I posted is what I received from him via PM.
220 Splinter 09-12-2015 10:42 PM ET (US)	Yeah there you go <i>Please Save Us</i> I'm not actually gonna worry about this (mostly because there's no point). Lets just trust Launch to keep his mouth shut and see how this plays out.
221 Hyperactivity★ 09-12-2015 10:42 PM ET (US)	It feels wrong to kill him tonight But he'll definitely be able to go after the others. If some other person goes after corn, we can't try and divert the conversation, he'll know. And I doubt launch will be kind to the non-corn/scum
222 Hyperactivity★ 09-12-2015 10:44 PM ET (US)	Sora-chan, please notice what's going on and vote for launch <i>Please Save Us</i> I'll never suspect you of being scum again. You'll be my favorite person ever
223 Ourobolus★ 09-12-2015 10:44 PM ET (US)	He knows the conditions of the deal. If he chooses to out you, I won't stop him. He'll die too though. Sorry guys - this can't really be helped.
224 CornB★ 09-12-2015 10:45 PM ET (US)	Fuck it... just boot me from the game and make one of the townies a new scum player.
225 Ourobolus★ 09-12-2015 10:46 PM ET (US)	/m224 lol Sorry man - shit happens, it's your fault, but it's a pretty common mistake. Don't beat yourself up about it.
226 Hyperactivity★ 09-12-2015 10:47 PM ET (US)	Damnitt Sorian Maybe somebody else will do the job instead Had I figured out what launch had just before it was revealed, I could've tried to divert my vote from salva to launch, given the way he attached to salva and protected him. But now I wouldn't be able to safely d it until maybe tomorrow morning, and by then the town might ask why I couldn't bring it up earlier (might be able to respond that I had to sleep on it, but it very well may not work)
227 CornB★ 09-12-2015 10:49 PM ET (US)	How common of a mistake exactly? And I wouldn't feel as bad if I had left the message up for like... a good chunk of time. But it hurts that it wasn't even around for a second and a copy of it got emailed to Launch and possibly others.
228 Ourobolus★ 09-12-2015 10:51 PM ET (US)	Alternative proposal - Launch suggested maybe replacing him. If that happens we just avoid this crisis. I left it up to him though.
229 Ourobolus★ 09-12-2015 10:52 PM ET (US)	/m227 that's just how the system works, dude :/
230	Actually fuck it, I don't want to NK him, unless we figure out he's the cop or something.

Hyperactivity★ 09-12-2015 10:52 PM ET (US)	We get one townie with knowledge to kill Corn out of the NK. I imagine ouro will explain what happened the day after. We get two townies, launch and fire, if we let launch initiate. Until then If a townie presses him for his posts in the thread, one of us can hide in the bandwagon One of us can use the point I made to get him lynched
231 CornB★ 09-12-2015 10:54 PM ET (US)	How does replacing me solve it lol? He'd just know my replacement is scum.
232 Hyperactivity★ 09-12-2015 10:54 PM ET (US)	I don't want to force launch out of the game, but that's also the easiest solution Ugh this is so confusing Don't beat yourself over it corn. Plenty of people screwed up in blargohunt and tahoma. Leaving it up for seconds, you shouldn't beat yourself over it
233 Hyperactivity★ 09-12-2015 10:55 PM ET (US)	Replacing launch Other players might be wtf about it, but the new player wouldn't know what launch did
234 CornB★ 09-12-2015 10:55 PM ET (US)	Oh replacing launch, not me.... That actually works... but could you replace both of us? It doesn't feel right forcing someone out of the game if I get to keep on playing.
235 Ourobolus★ 09-12-2015 10:55 PM ET (US)	/m231 I mean replacing Launch. Launch has bowed out. I suggest sending him flowers while I find a replacement.
236 CornB★ 09-12-2015 10:56 PM ET (US)	Actually I guess that would raise wayyyy too many questions.
237 CornB★ 09-12-2015 10:57 PM ET (US)	Idea: Have Launch post that some family stuff came up and he wont have time for the game. Give it like one or two weeks. If I am still alive, I'll post that I have stuff coming up and won't be able to commit. Launch's family stuff will be fixed, and he can replace me?
238 Hyperactivity★ 09-12-2015 10:57 PM ET (US)	Can we all send him flowers? Ask him if he accepts liberal flowers
239 haly★ 09-12-2015 10:59 PM ET (US)	You could just reboot the game...
240 Ourobolus★ 09-12-2015 10:59 PM ET (US)	/m238 no but I will definitely give him access to this thread so he can yell at you ;)
241 CornB★ 09-12-2015 11:00 PM ET (US)	I actually suggested a reboot. I'd also be fine with Launch replacing me in like 1 or 2 weeks.
242 Hyperactivity★ 09-12-2015 11:00 PM ET (US)	Everyone in the game before who wasn't ordinary would have to be kicked out
243 haly★ 09-12-2015 11:00 PM ET (US)	Well I'd guess in the interest of fairness you would have to make it an open setup...
244 Ourobolus★ 09-12-2015	/m239 true, but I think this is simpler. Otherwise we get people in different roles that know of the existence of other roles

11:00 PM ET (US)	
245 CornB★ 09-12-2015 11:02 PM ET (US)	Launch being replaced should have been after like... a real time day or something.
246 Hyperactivity★ 09-12-2015 11:02 PM ET (US)	So much for 2/3 of the scum wanting to punish launch first thing Now he's just gonna come in and yell at us
247 Hyperactivity★ 09-12-2015 11:04 PM ET (US)	What, for him to go silent or for the day to be extended again? No, we just have to ride this wave. People will notice his random vote for corn. Just ride the wave Corn might have to claim a masons role
248 Splinter 09-12-2015 11:04 PM ET (US)	Eh, he's not entirely blameless. No reason for him to post stuff that like that instead of going to Ouro with it
249 Hyperactivity★ 09-12-2015 11:05 PM ET (US)	As in he would have to say he's a mason, tell everybody about the fuck up, and paint launch as scum Only if heat goes onto you however, otherwise don't say a thing, because once they would lynch launch's replacement they would kill you next
250 Hyperactivity★ 09-12-2015 11:06 PM ET (US)	/m248 I'm talking about you and czar wanting to kill him first thing
251 CornB★ 09-12-2015 11:06 PM ET (US)	Mason claim actually works. But I'll be fucked if there's a role cop.
252 Ourobolus★ 09-12-2015 11:07 PM ET (US)	/m245 yeah, probably. I panicked a little. Trying to do damage control.
253 CornB★ 09-12-2015 11:07 PM ET (US)	Are we sure I shouldn't just do the mason claim now? Won't it look better if I come forward BEFORE there's heat on me?
254 Splinter 09-12-2015 11:07 PM ET (US)	/m250 Sorry that was actually in response to earlier stuff like /m238
255 Splinter 09-12-2015 11:10 PM ET (US)	"If we keep going down this path, I'm going to restart the game." lol
256 CornB★ 09-12-2015 11:10 PM ET (US)	Something like "If you guys must know, I'm the mason. I accidentally outed myself and the second mason in the DR thread because I posted in the wrong topic. I thought I'd deleted it on time but Launch must have seen it."
257 Splinter 09-12-2015 11:10 PM ET (US)	Hang on Corn
258 CornB★ 09-12-2015 11:11 PM ET (US)	Only problem is... there really is no second mason and why would I ever keep that info hidden?
259 Splinter 09-12-2015 11:13 PM ET (US)	Sorry Ouro, but I think its kind of obvious what happened here, and it is only D1

260 Splinter 09-12-2015 11:14 PM ET (US)	I have no problem continuing if you want us to, I just think it will be a bit of a short, weird game
261 Ourobolus★ 09-12-2015 11:14 PM ET (US)	Gah. /m256 you know if you do that I can't stop Launch from calling you out, right?
262 Ourobolus★ 09-12-2015 11:15 PM ET (US)	Well I have until tomorrow morning to figure out what I want to do here. I'll make a decision then. May have to do a open setup like Haly suggested.
263 CornB★ 09-12-2015 11:16 PM ET (US)	/m261 But he's being replaced?
264 Splinter 09-12-2015 11:18 PM ET (US)	Replacing him feels a little unfair, and your role claim will just get his replacement lynched followed by you. Just leave it for now.
265 Hyperactivity 09-12-2015 11:21 PM ET (US)	Yeah, computer ran out of battery do I was off for a little but but it feels morally wrong I quoted launch, should I get rid of it. Do I have permission to edit ouro? I'll just write "PM'ed Ouro about this if so"
266 Hyperactivity 09-12-2015 11:22 PM ET (US)	Besides, they kill launch's replacement and then kill you. I town that just entered the game for 1 scum. Bad idea
267 Ourobolus★ 09-12-2015 11:24 PM ET (US)	/m265 feel free to edit it. No citation needed.
268 Hyperactivity★ 09-12-2015 11:26 PM ET (US)	Man, this is going to be fun to read at the end if the game
269 Ourobolus★ 09-12-2015 11:42 PM ET (US)	K. I think we might be ok if Launch gets a replacement. Just hold off on any ridiculous role claims for now.
270 CzarTim★ 09-12-2015 11:45 PM ET (US)	hey guys, I am so sorry I had to bail. I woke up friday feeling awful and ended up having to go to the doctor in the afternoon. Normally I wouldn't replace, but with the short day cycle, I didn't think it was fair. Sorry and good luck!
271 CornB★ 09-12-2015 11:45 PM ET (US)	I wasn't going to role claim without input from everyone else lol.
272 CornB★ 09-12-2015 11:47 PM ET (US)	You feeling better Czar?
273 CzarTim★ 09-12-2015 11:51 PM ET (US)	a little! Not throwing up at least lol
274 Hyperactivity★ 09-12-2015 11:55 PM ET (US)	That's better I guess Get well soon dude
275 Hyperactivity★ 09-13-2015 12:56 AM ET (US)	K, I figured out how I think I want to use my powers. This thing shouldn't be used to clear me. Rather, I can use it to try and put one of you in a trust group with some others What in thinking: each night, I'll communicate with one player, making a bunch of stuff, maybe letting some

	info (not alignments barring a neutral, people will figure out) slip out. At the end there will be instructions for the player to post something innocuous in their Cthulhu post of the thread. I think I'll make it the same thing each time. Then, at the end of the message, I'll say "Know and recognize your brethren" or something, so they are looking out for the others We'll start with you splinter. You're the least suspicious if us 3 and if/when I die you can claim to be fooled like the rest. Plus I want to test the power before really using it Of course, I might want to do cb first so as to not draw unnecessary attention. Of course, once cb dies, which may very we'll be before me, they'll figure out what happened
276 Hyperactivity★ 09-13-2015 01:11 AM ET (US)	Fucking mobile Xth post becomes Cthulhu post
277 Hyperactivity★ 09-13-2015 01:23 AM ET (US)	/m100 didn't see this earlier, but I think I'll go with this. Problem is that even when looking at what to post as a townie, I still don't really know what to say that others haven't said
278 Hyperactivity★ 09-13-2015 01:27 AM ET (US)	If Sorian continues to go after Cabot I can go after him tomorrow for trying to kill one if our established townies Actually, I better plant the seeds tonight
279 Hyperactivity★ 09-13-2015 02:07 AM ET (US)	Ok, granted I don't totally disappear at the end stage of today, I should end today okay and have a good number of more suspicious players the next day
280 Ourobolus★ 09-13-2015 02:14 AM ET (US)	Launch is being replaced. Carry on as if nothing happened!
281 Hyperactivity★ 09-13-2015 02:48 AM ET (US)	<i>awkwardly whistles</i> I can't even imagine the spectator thread right now Although tbh, I always say that and they end up disappointing me
282 Splinter 09-13-2015 07:55 AM ET (US)	Damnit Tim you had me thinking it was something serious :P
283 Splinter 09-13-2015 09:06 AM ET (US)	Idea for a roleclaim: target a player, that player will not receive any message from god tonight. Still needs title/flavour text
284 Hyperactivity★ 09-13-2015 09:16 AM ET (US)	It's too specific, as king kitty claims to only have one message to send. It will alert the players to a 2nd message sender Besides that right there is preventing communication and the flow of informative between town, which screams scum
285 Hyperactivity★ 09-13-2015 09:22 AM ET (US)	Hoorah This may eliminate a player my ability could've been screwed over by (like if we both sent messages to the same person) Maybe in another life king kitty, we could've been pen pals
286 Splinter 09-13-2015 09:22 AM ET (US)	Didn't realise it was 1 shot, I guessed there might be multiple messengers anyway. But yeah thats a scum role, duh never mind
287 Hyperactivity★ 09-13-2015 09:25 AM ET (US)	If king kitty survives I might be able to go tie to toe should it ever look like I'm about to be lynched by claiming huckabee
288 Hyperactivity★ 09-13-2015	King kitty is going to get lynched on account of people being asleep or just waking up Corn,, if you wake up, you might want to rejustify your vote by saying that the 1-shot rng thing sounds like

09:29 AM ET (US)	total bs. So that tomorrow you aren't questioned That, or don't post till end of day and say you were sleeping or something
289 CornB★ 09-13-2015 09:32 AM ET (US)	Sorry, didn't see your message on time.
290 Hyperactivity★ 09-13-2015 09:33 AM ET (US)	Corn, you should get your vote back on someone If you put it on banana you'll have a decent excuse (lack of substance) but if a head of a bandwagon is switching his vote they should probably explain In case we don't kill him tonight we need to keep Palmer off our backs
291 Hyperactivity★ 09-13-2015 09:34 AM ET (US)	It's fine Just don't he'd the day in a no vote with no explanation
292 Launchpad 09-13-2015 09:37 AM ET (US)	COOORN
293 Hyperactivity★ 09-13-2015 09:37 AM ET (US)	If we get a weak cop with this... Too good XD
294 CornB★ 09-13-2015 09:38 AM ET (US)	Ending day with a no-vote actually worked fine for me in DR. Granted that's a whole different story. But w/e I'll revote for kingitty. Nobody can blame me since I was like the second person after fireblend to vote for him. I didn't start or join a bandwagon really.
295 Hyperactivity★ 09-13-2015 09:38 AM ET (US)	Oh here it comes Launch don't murder us Sorry sorry sorry
296 CornB★ 09-13-2015 09:39 AM ET (US)	Launch, I'm so sorry. :(My offer still stands if Ouro will allow it. In 1-2 weeks (real time) I can bullshit that school is starting and I won't have time anymore, then you can take my place.
297 Splinter 09-13-2015 09:39 AM ET (US)	lol Launch
298 Launchpad 09-13-2015 09:40 AM ET (US)	/m296 Nah, man. Keep playing. damn, I had a bad feeling about Splinter and Hyper, but I probably wouldn't have been able to place you, Corn. lol
299 Splinter 09-13-2015 09:42 AM ET (US)	I had a bad feeling about you too! x
300 Hyperactivity★ 09-13-2015 09:42 AM ET (US)	Like I said corn, launch would bring old information about his role, PR or not, to this group I'm mainly concerned because this is a mostly split vote, so everyone will want to know where everyone is. Plus, I'm wary about bothering Palmer or a couple others and getting him onto you corn
301 CornB★ 09-13-2015 09:42 AM ET (US)	I'm curious Launch, Splinter made that "I'd like to see him try to hide it" post and then also mentioned fireblend. Did you think he saw my misplaced comment as well?
302 Launchpad 09-13-2015 09:43 AM ET (US)	/m299 I had the worst feeling about me :s
303 CornB★	/m300

09-13-2015 09:43 AM ET (US)	Well we could kill his replacement so then him bringing that info doesn't matter.
304 Hyperactivity★ 09-13-2015 09:44 AM ET (US)	I'm going to stay on fireblend, say I thought he might be hiding his true role but hinting at it and I didn't want the risk if questioned
305 Splinter 09-13-2015 09:44 AM ET (US)	Oh yeah did Corn out me/hyper? We weren't entirely sure. Its still possible that other people saw that
306 Hyperactivity★ 09-13-2015 09:46 AM ET (US)	Yeah, I'm guessing corn or splinter will be our last member In just delaying till dead. Although the timer is decently long for now
307 Launchpad 09-13-2015 09:47 AM ET (US)	Actually, Corn's post mentioned Fireblend. I thought he was mafia as well.
308 CornB★ 09-13-2015 09:47 AM ET (US)	Is it possible to check who has an email subscription a topic as a topic admin? I'm guessing no. But it doesn't - seem- like anyone else has seen it that's playing. Though they could be sitting on the information. If we want to be safe we could kill Burbeting. He has an account so could be subscribed. Sorian as well, but Sorian is either pro at playing dumb or doesn't know. His interaction with Launch in the thread seems to suggest the latter.
309 Launchpad 09-13-2015 09:48 AM ET (US)	/m308 I don't think so, but at the bottom it says 1 Subscriber. I'm assuming that's just me.
310 CornB★ 09-13-2015 09:48 AM ET (US)	Thank god.
311 Hyperactivity★ 09-13-2015 09:48 AM ET (US)	We're probably killing burbeting or Palmer tonight either way At least imo
312 Hyperactivity★ 09-13-2015 09:50 AM ET (US)	Man, based off of all our roles there's probably not too many investigative roles If kk ends up being the guy... XD
313 CornB★ 09-13-2015 09:52 AM ET (US)	I actually need to reread the exchange between Sorian and Palmer. Why burbeting/Palmer tonight? Instead of Sorian?
314 CornB★ 09-13-2015 09:54 AM ET (US)	Also tomorrow should I possibly call out people who voted for kingkitty before his role claim, that provided no explanation for why they were voting? It is probably what I would do if I were town, considering in DR mafia I started almost every day with a megapost with that sort of thing. But that draws a lot of attention. I never got suspected of being scum in DR by anyone important, but idk we might have a different crowd this game.
315 Splinter 09-13-2015 09:55 AM ET (US)	I hope we have a different crowd. Hope were idiots
316 Launchpad 09-13-2015 09:55 AM ET (US)	BTW, Splinter. Were you going to bed last night before I started questioning you? Edited 09-13-2015 09:55 AM
317 Splinter 09-13-2015 09:56 AM ET (US)	Also would you really do that on D2? There was good reason to vote kitty and no way for anyone (town or scum) to know his role
318 Splinter 09-13-2015 09:57 AM ET (US)	Yes, why? /m316
319 Launchpad	/m318 lol damnit. I was going to call you out on that. Sounds like a thing you do when you're nervous, instead of saying "i'll answer you in the morning". I was going to build on that.

09-13-2015 09:59 AM ET (US)	At least, even though I know it's too flimsy to sell, it was the thing that was convincing me about you.
320 Hyperactivity★ 09-13-2015 09:59 AM ET (US)	Sorian geared to attack Palmer right now. I'm not too bothered by him right now. Sorian is maybe just behind those two or a 3rd person Of course, we might want to kill him tonight too, because if he ever suspects one of us, that could be bad I also think burbeting is the least likely of the three to be protected tonight
321 Ourobolus★ 09-13-2015 10:01 AM ET (US)	You can only view who is subscribed to a topic if you have QuickTopic Pro, which I don't.
322 Splinter 09-13-2015 10:03 AM ET (US)	/m319 Oh, a lot of my posting is right after I go to bed, its a really bad habit tbh I was glad for the questioning, I had been lacking inspiration for a post all day
323 Hyperactivity★ 09-13-2015 10:04 AM ET (US)	YES lol did launch help you with that death ouro? Oh and seriously, there needs to be a rule that if you're concerned someone's bs'ing about work or life, PM a mod about it. Maybe a rule to avoid bs'ing in the first place Cause seriously, if you're busy one day and have a reputation as being high frequency poster, it's fucking bullshit
324 Launchpad 09-13-2015 10:04 AM ET (US)	/m322 Oh, so, you were already in bed? :)
325 Ourobolus★ 09-13-2015 10:05 AM ET (US)	/m323 no, why?
326 Launchpad 09-13-2015 10:05 AM ET (US)	/m323 Negative.
327 Splinter 09-13-2015 10:05 AM ET (US)	If Sorian is attacking Palmer then killing Sorian could implicate Palmer? I dont know, maybe too obvious
328 Hyperactivity★ 09-13-2015 10:06 AM ET (US)	/m325 that death was pretty graphic, just made a guess about it
329 Splinter 09-13-2015 10:07 AM ET (US)	/m324 I'm in bed right now :)
330 Hyperactivity★ 09-13-2015 10:07 AM ET (US)	/m326 maybe, but it does seem too obvious Plus I wouldn't b surprised if Sorian is one of the people protected tonight
331 CornB★ 09-13-2015 10:09 AM ET (US)	50% alignment cop... lol why even bother.
332 Hyperactivity★ 09-13-2015 10:10 AM ET (US)	Palmer hasn't been too active, so we'll let him live a night Btw, did you guys see how I think I want to use my ability ?
333 Hyperactivity★ 09-13-2015 10:11 AM ET (US)	Bruh, this mafia is weak against investigators Don't complain and drink towns tears (of laughter)

334 Hyperactivity★ 09-13-2015 10:13 AM ET (US)	/m275 , /m276 if you guys haven't seen
335 Splinter 09-13-2015 10:13 AM ET (US)	Targeting me right? You were trying to clear people, remind me how?
336 Splinter 09-13-2015 10:14 AM ET (US)	Oh yeah. Yeah I think its a good idea
337 CornB★ 09-13-2015 10:14 AM ET (US)	No I didn't. How do you want to use your ability? Anyway looking at the list of players: Obvious choices are Launch/Burbeting/Sorian/Nin. Those seem to be the main voices just going off my (shitty) memory.
338 Hyperactivity★ 09-13-2015 10:16 AM ET (US)	Let's poison nin It will keep people semi wary if Cabot for another day and people have commented on a nin kill tonight
339 Splinter 09-13-2015 10:16 AM ET (US)	What would killing Nin imply? More or less pressure on Cab?
340 CornB★ 09-13-2015 10:17 AM ET (US)	I'm worried that people won't trust the messages from God, because they'll reason that since kingkitty died with that power already that the one sending the messages now has to be scum aligned.
341 Splinter 09-13-2015 10:17 AM ET (US)	I'm wary of a watcher/protector on nin, I guess poison would be better
342 CornB★ 09-13-2015 10:19 AM ET (US)	Personally I don't think cabot is going to be suspected again until end game. Unless nin somehow flips neutral and shows Cabot to be a liar. Sorian seemed to want to vote out one of them to test it, but that sort of plan never seems to actually take root.
343 Splinter 09-13-2015 10:19 AM ET (US)	/m340 True kitty weakens that plan a little. But its basically getting a group of town to trust each other, rather than explicitly clearing anyone
344 Hyperactivity★ 09-13-2015 10:20 AM ET (US)	I don't know exactly how I'm going to handle my game related text. I know this part "Lead your brethren and so speak God's/my word: I know myself I don't know how to incorporate the "in your Xth post in the thread tomorrow"
345 Splinter 09-13-2015 10:20 AM ET (US)	I was thinking of accusing Cab of killing nin to "clear" himself, but that can wait until D3
346 CornB★ 09-13-2015 10:20 AM ET (US)	Poison does seem the route to take on nin. He's the fairly obvious protection target for tonight. I just worry that if he doesn't die tonight, they'll still protect him tomorrow night and make the poison ineffective. I still think it may be a chance worth taking. Though if he is watched, that means I need to false role claim.
347 Hyperactivity★ 09-13-2015 10:22 AM ET (US)	Dude, if someone sees you the night nin1000 doesn't die when he's a easy target and you're worried about possible role claims ! Edited 09-13-2015 10:23 AM
348 Ourobolus★ 09-13-2015 10:22 AM ET (US)	/m344 Your message will have some godly intro flavor, with a quote box from "God."
349 Splinter 09-13-2015	If a watcher sees you they will think you are the doctor If they see multiple they wont (or shouldn't) out anyone yet

10:23 AM ET (US)	
350 Hyperactivity★ 09-13-2015 10:24 AM ET (US)	/m348 this is exactly why in testing this on splinter first I can format future messages to look more believable
351 CornB★ 09-13-2015 10:24 AM ET (US)	/m345 That's not a bad plan Splinter. Though I'm worried it puts you in the spotlight too much. Also if there were literally any other suspects I don't think it would work. Because that would be a ballsy D1 gambit from Cabot. I personally wouldn't believe it, or I'd keep it in mind for later on in the game.
352 CornB★ 09-13-2015 10:25 AM ET (US)	Right... they'd think I might be a doctor. That actually would work out fantastically well for us. So are we agreed that Nin is the poison target for now?
353 Hyperactivity★ 09-13-2015 10:31 AM ET (US)	/m345 too risky, keep it the gigantic arsenal of contingency plans we have, but way at the back I think kitty's death actually help us A 1-shot 50% chance doesn't hurt me at all Meanwhile, never forever already brought up the point that makai was scum and could send messages. I can point to tgat and kingkitty in case I have to reveal to prove my innocence
354 Hyperactivity★ 09-13-2015 10:32 AM ET (US)	K splinter, I'll start drafting my message to you (still paranoid about a pr that can listen in, so I'll make it serious)
355 Hyperactivity★ 09-13-2015 10:33 AM ET (US)	Hey ouro, did kitty's role also send a message from "God"
356 Ourobolus★ 09-13-2015 10:35 AM ET (US)	It would have, yes.
357 Splinter 09-13-2015 10:35 AM ET (US)	But I love the spotlight :(
358 CornB★ 09-13-2015 10:38 AM ET (US)	If there is a neutral killing role, I really hope they are The Director of Planned Parenthood or something. Get it?
359 Hyperactivity★ 09-13-2015 10:45 AM ET (US)	*Splinter! Awake! You have been chosen to speak God's word! So rise *Splinter , rise and take this task upon you Know and lead your brethren. Speak to them, speak to them my words: "I know myself" at the earliest opportunity. And know that this world is filled with those that will mock, fear, and attack God's word
360 Hyperactivity★ 09-13-2015 10:45 AM ET (US)	That good?
361 Hyperactivity★ 09-13-2015 10:47 AM ET (US)	For the future, I'll choose to either keep it the same or tell them the last alive link (aka: I know Splinter!)
362 Hyperactivity★ 09-13-2015 10:48 AM ET (US)	Speak to them shouldn't be doubled
363 CornB★ 09-13-2015 10:55 AM ET (US)	I'd change "Awake" to "my child". "name, My child!"

364 CornB★ 09-13-2015 10:56 AM ET (US)	And change "God's word" to "My word." The quote box will already say God, and God doesn't speak in third person.
365 Hyperactivity★ 09-13-2015 11:05 AM ET (US)	Ok thanks So we've gotten 2/3 of our actions covered, now for the kill
366 Splinter 09-13-2015 11:06 AM ET (US)	I like it, I'd keep it as "I know myself" though
367 Splinter 09-13-2015 11:07 AM ET (US)	I'm ok with Burb. Who has been attacking him so far? Just Cabot?
368 Hyperactivity★ 09-13-2015 11:11 AM ET (US)	Burbeting/Palmer/Sorian tonight, we ok with this As to Sorian killing Palmer, it's too obvious. Town don't kill people they accuse of not saying much, those accusation are for when you want someone to speak up more. If the target of a vote bam asked on that speaks up more, then your vote was more of a success than if the person was lynched, for town at least. I don't think that idea will work
369 Hyperactivity★ 09-13-2015 11:12 AM ET (US)	I think so. He's a strong player that is dead in the neutral zone for people Palmer's the same though
370 Splinter 09-13-2015 11:15 AM ET (US)	I think Burb is best then. I don't mind arguing with Palmer for a bit
371 Hyperactivity★ 09-13-2015 11:18 AM ET (US)	K, we'll kill burb, I send kill order. Splinter, the messages I'm going to be sending means that the phrase "I know myself" should be in your first post of the day
372 Hyperactivity★ 09-13-2015 11:20 AM ET (US)	You guys want to talk about anything before we send the orders, or should I send now? If you have the least hesitation we should talk about this more
373 Splinter 09-13-2015 11:24 AM ET (US)	I'm satisfied Corn?
374 Hyperactivity★ 09-13-2015 11:38 AM ET (US)	Sending message, that's not changing
375 Hyperactivity★ 09-13-2015 12:34 PM ET (US)	Wait guys, I was going through day 1 again I found this "I have an issue now. Someone has said something that triggered me. My initial mental reaction was, "SCUUMMMMMMMMMMMMMMMMMMMMM!!!"", but I sat back and realized there's also a chance they're just a power role. There's definitely NO chance I'm simply over-analyzing an innocuous statement. What do I do? Unvote"- Palmer He said it's in the last 50 posts from post 330 I'm going to finish going through the thread and then try to find it. If it's not one of us, then killing him can be used to attack that player
376 Splinter 09-13-2015	He claims he was talking about Sorian

12:37 PM ET (US)	
377 Hyperactivity★ 09-13-2015 12:44 PM ET (US)	Oh So palmer might attack Sorian Double goody, let's kill burbeting And kill Sorian/Palmer next
378 Splinter 09-13-2015 01:49 PM ET (US)	He already attacked Sorian, they had some back and forth, I joined attacking Palmer
379 CornB★ 09-13-2015 01:53 PM ET (US)	So did you two already send your orders? I'm still poisoning Nin right?
380 Hyperactivity★ 09-13-2015 04:35 PM ET (US)	I haven't sent the kill order, wanted to see if anyone was hesitant about anything Yeah you're poisoning nin
381 CornB★ 09-13-2015 05:11 PM ET (US)	Sent my order.
382 Hyperactivity★ 09-13-2015 05:28 PM ET (US)	K, I'll send the kill order now
383 Hyperactivity★ 09-13-2015 05:39 PM ET (US)	Crap, I just thought of something (haven't sent the order) Burbeting went over three people in specific, one being kingkitty, and one being me. Should we still kill him?
384 Hyperactivity★ 09-13-2015 06:52 PM ET (US)	Guys?
385 Hyperactivity★ 09-13-2015 07:05 PM ET (US)	You know, looking back, czartim's idea of a messenger cop isn't too bad. I can totally claim to be a 2nd kingkitty (it's not that unbalanced). I just need to find a GOP persona for it It will explain why I have two actions if people ever figure that out
386 Splinter 09-13-2015 07:52 PM ET (US)	Oh. I don't remember what Burb said. If he was suspicious we should be able to convince people you've been framed. If he wasn't even suspicious then hopefully its not too big a deal, I guess? Its up to you, it might put you in the spotlight a little so I guess it depends how comfortable you are with that
387 Splinter 09-13-2015 07:52 PM ET (US)	Careful claiming 2nd kitty: if you didnt believe kitty's role it will look very odd
388 Hyperactivity★ 09-13-2015 08:04 PM ET (US)	K, I'll go ahead with the burb kill My post on kitty: "Just woke up guys I still like lynching salva today more, but king kitty, just one message that's eng sounds like crap" Yeah, good point Damn me hyperactivity Had I just mentioned the one shot I might've been fine
389 Corn 09-13-2015 08:07 PM ET (US)	Actually your post could easily be twisted. An rng message sounds like crap when yours isn't. Makes sense you wouldn't believe it. The reason his was 50% was because of alignment cop ability. That's the argument that could be made anyway.
390	Nah I was planning to claim his role. As scum I would know alignments, but I guess I could be honest about

Hyperactivity★ 09-13-2015 08:12 PM ET (US)	my role and that would also work Or I could say I didn't believe there was a 2nd of my role, or that I was calling him out on the 1-shot thing. Problem is that I called him out on the rng I'll just claim myself if I need to
391 Corn 09-13-2015 08:22 PM ET (US)	I wouldn't ever buy that there was a second copy of his role. I'd think it would just be best to claim you can send 100% success messages. And say that's why you didn't believe lingkitty.
392 Splinter 09-13-2015 08:25 PM ET (US)	Ronald Reagan; If I am voted out, the last person to vote for me is also killed. Does that make any sense as a role?
393 Splinter 09-13-2015 08:25 PM ET (US)	No thats more scummy than town again, damnit
394 Hyperactivity★ 09-13-2015 08:28 PM ET (US)	K, guess I'll do that. We still need a name for me though Sent the kill btw So far our role claims: Hyperactivity- claim myself, figure out a name and flavor text CornBurrito- claim commuter, Marco Rubio the thirsty one Splinter- one shot bulletproof, Herman Cain I think we should make a few more backups and work out the flavor text, but this seems good for now Plus Herman Cain was an early 2012 candidate and we know Rubio isn't in the game so it really works out
395 Hyperactivity★ 09-13-2015 08:32 PM ET (US)	/m392 yeah, that's total scum. It's worse than claiming cop/doctor to get votes off of you, because that can still work I don't think we'll be using your night action too soon, so I that's why I like Cain, but it's true that we need more possible back ups Try and avoid people from this election cycle, maybe only use the kiddy table republicans if you're going to
396 Hyperactivity★ 09-13-2015 08:53 PM ET (US)	Oh yeah splinter I know you're going to be gone so just remember that your first post that day should have the words "I know myself"
397 Corn 09-13-2015 09:00 PM ET (US)	Didn't I make up a role? Or did you guys not like it? The one where if targeted for a night kill you instead invite them to a sweaty clandestine evening.
398 Corn 09-13-2015 09:01 PM ET (US)	What about that GOP congressman who made up having a gay love affair to hide his real love affair? Happened like a month ago,
399 Corn 09-13-2015 09:03 PM ET (US)	Oh never mind I need to read better. Splinter is going to use it? Great. Just don't ever claim it's a one shot in the thread because they might just lynch you since it isn't a huge loss.
400 Hyperactivity★ 09-13-2015 09:07 PM ET (US)	Haha don't claim unlimited bulletproof Never claim that 1 shot is good enough. 2 stretches things Scum won't want to waste any nights trying to kill a 1-shot, at least, imo. You're wasting night actions to do so
401 Hyperactivity★ 09-13-2015 09:08 PM ET (US)	We do need a role for splinter for when he eventually uses his power though, in case someone sees him

402 CornB★ 09-13-2015 09:20 PM ET (US)	I'd be ambiguous about how many times he is bulletproof. I wouldn't outright state it is 1 time use. It is a scum thing to ask anyway, and it would be a dumb town move (if he were actually that role) to claim that it is 1 time only.
403 CornB★ 09-13-2015 09:30 PM ET (US)	Hrmm so we need a role name for you. And then a name and role for Splinter if/when he is seen. I'll start brainstorming a secondary role for Splinter. Though are we assuming that he's claimed bulletproof by the point he is seen?
404 Hyperactivity★ 09-13-2015 09:46 PM ET (US)	Yeah make it assuming he got caught lying for now, always better to plan for the worst Splinter's 2nd role should be important enough to justify a bullet proof lie.
405 Hyperactivity★ 09-13-2015 10:34 PM ET (US)	Kill received Now we pray for the night events to work out in our favor. Btw, does anyone else find that watchers can be 10x better than any cop
406 CornB★ 09-13-2015 10:36 PM ET (US)	I'm not going to be able to come up with a good secondary claim for Splinter just yet. We should see how things pan out. Lets brainstorm it if/when he actually uses his ability.
407 Hyperactivity★ 09-13-2015 10:59 PM ET (US)	Yeah, it's not urgent today I need something though I shouldn't used Conduit to God, or X to God, it's too similar to kingkitty while my role isn't I think I should choose some lesser known Repub. that's known more for religion, like Huckabee. Everyone's got a specific platform they seem to be known for (Rand PAul- foreign policy, Cruz- religion, climate change, lobbying, Scott Walker- totally bought out by companies, Huckabee- religion, Trump-immigration I mean they all have similar views on most stuff, but they all focus in on something to make them semi-distinct I really hope there's a Lindsey Graham btw
408 CornB★ 09-13-2015 11:37 PM ET (US)	Could you perhaps choose the old Pope? I mean he wasn't American, but wasn't he a fairly conservative dude? Though that might be too flavor breaking.
409 Hyperactivity★ 09-13-2015 11:51 PM ET (US)	Eh Maybe, I'll keep it in the repertoire X, the Voice of God I think I'll go with that description
410 CornB★ 09-13-2015 11:52 PM ET (US)	Hrmm... Hyper, you could possibly claim to be some high ranking priest who is known to associate with the GOP? Rather than a politician. It is believable enough that they'd be GOP aligned despite not being a congressman/politician.
411 CornB★ 09-13-2015 11:53 PM ET (US)	An American priest of course. Or maybe just "Priest". Introduce the concept of none name roles.
412 Hyperactivity★ 09-13-2015 11:53 PM ET (US)	Maybe Maybe one of those telepreachers that John Olver talked about
413 Hyperactivity★ 09-13-2015 11:53 PM ET (US)	Fuck it, I'm claiming jon stewart in the morning My power is to ascend from this silly game and become Ourobolus himself Edited 09-13-2015 11:55 PM
414 Hyperactivity★ 09-13-2015 11:55 PM ET (US)	Any objections?
415 Hyperactivity★	I'll keep colbert in my pocket if I ever want to go full blargonaut

09-13-2015 11:56 PM ET (US)	
416 Corn 09-14-2015 12:18 AM ET (US)	A well known telepreacher would be a solid claim. Or maybe a member of the Westboro Baptist Church.
417 Hyperactivity★ 09-14-2015 12:21 AM ET (US)	Yeah thinking Robert Tilton or MkeMurdock Going through John Oliver's video again (who knew I would study it for a mafia game). Kenneth Copeland has a wife that's a big televangelist too, so I'll avoid him Btw, launch, are you subscribed to this thread? Edited 09-14-2015 12:22 AM
418 Hyperactivity★ 09-14-2015 12:27 AM ET (US)	I couldn't possibly do the WBC. Im going through their wikipedia page, and I want to beat the shit out of something right now
419 Splinter 09-14-2015 03:17 AM ET (US)	lol Why are you claiming already? Or was that a joke?
420 Hyperactivity★ 09-14-2015 07:34 AM ET (US)	You mean Jon Stewart? Yeah that's s joke
421 Hyperactivity★ 09-14-2015 02:00 PM ET (US)	Hey ouro, what does the FSM part of my night action mean? Just in case I need to role claim
422 Ourobolus★ 09-14-2015 02:05 PM ET (US)	Flying Spaghetti Monster
423 Hyperactivity★ 09-14-2015 02:55 PM ET (US)	I should make up a special command then How about PREACH: player
424 Hyperactivity★ 09-14-2015 05:14 PM ET (US)	Welp There's a serial killer or vigilante Thank you so much We need to get rid of this person though
425 Ourobolus★ 09-14-2015 05:16 PM ET (US)	<3
426 Hyperactivity★ 09-14-2015 05:18 PM ET (US)	Another great thing is that I think Sorian was the only one to really see the launch pad corn burrito competition
427 Hyperactivity★ 09-14-2015 05:54 PM ET (US)	Oh for fucks sake Already! I may have to agree with it too because I'd look scummy to disagree
428 Hyperactivity★ 09-14-2015 05:56 PM ET (US)	I should've killed you tonight Palmer God damitt Poison him tonight corn
429 Ourobolus★ 09-14-2015	lol, man, they're quick.

05:56 PM ET (US)	
430 Hyperactivity★ 09-14-2015 05:58 PM ET (US)	I'm going to have to go and agree with him and then point out the 3 non votes And not look like a suck up all the while
431 Hyperactivity★ 09-14-2015 06:03 PM ET (US)	I'm dead tomorrow, if I play my best Fuck, I'll be dead tomorrow
432 Hyperactivity★ 09-14-2015 06:04 PM ET (US)	Next time I'm mafia I'm subverting expectations and we'll all vote in a group. Got to keep ahead of the meta
433 Splinter 09-14-2015 06:09 PM ET (US)	/m432 Good point, this community have been absolute suckers for the meta so far
434 Splinter 09-14-2015 06:10 PM ET (US)	Also £5 on Salva being the silencer. I wonder if its a 1 shot (probably not)
435 Hyperactivity★ 09-14-2015 06:27 PM ET (US)	I'm gonna go after prodigy for launch shutting discussion down on salva yesterday
436 Splinter 09-14-2015 06:27 PM ET (US)	Godspeed.
437 Splinter 09-14-2015 06:37 PM ET (US)	"You wake from your slumber to a voice calling out to you. You see nothing in your room, however, and yet the voice seemed so close. A flash of light blinds you as you raise your arm to block out the intensity. The voice speaks: "*Splinter....*Splinter....it is I....the Lord!" [quote box]"
438 Splinter 09-14-2015 06:38 PM ET (US)	For legal reasons: that may or may not be a pm I received from Ouro
439 Corn 09-14-2015 06:40 PM ET (US)	So I have 2 poison attempts left. Either I was role blocked or nin was protected.
440 Ourobolus★ 09-14-2015 06:44 PM ET (US)	/m439 read your role PM
441 Hyperactivity★ 09-14-2015 06:49 PM ET (US)	"i asked: doctor can save the person if they are protected the night they die, not the night they're poisoned. and they are not notified they are poisoned. So, use them right away or withhold a night or two?" - czar Tim You were probably role blocked
442 Corn 09-14-2015 06:49 PM ET (US)	So role blocked. Magnificent. That actually isn't bad at all.
443 Splinter 09-14-2015 06:52 PM ET (US)	Well nin lives another day but at least we know there is a role blocker I guess. Still possible to kill nin tonight, but I wonder who would block Corn/CzarTim
444 Hyperactivity★ 09-14-2015 06:54 PM ET (US)	We need to ask who was suspicious of you to role block you Maybe someone who saw the launch pad exchange with you, but fireblend was the only other one to post around then

	Otherwise you've been free of suspicion so far It could also be switcher shenanigans, but at that point you're thinking too much about things
445 Ourobolus★ 09-14-2015 06:57 PM ET (US)	/m442 just to clarify, I only gave the two answers the two roles Tim asked about. There may have been other things that prevented Corn. Edited 09-14-2015 07:01 PM
446 Splinter 09-14-2015 07:02 PM ET (US)	I was going to suggest that the block action could actually be defensive and targeted at nin, blocking all actions on him (like a stronger Doctor, though maybe it doesn't block the main kill command). It makes more sense to protect nin than to block Corn. OTOH, if Corn was blocked and still 2 kills went through, thats good news for us, should lower [whoever]'s suspicion on Corn
447 Splinter 09-14-2015 07:03 PM ET (US)	Ouro's post makes me think it was a defensive blocker on nin :p
448 Splinter 09-14-2015 07:04 PM ET (US)	I guess nin could also be immune or something. Ouro is suggesting (to me) that Corn wasn't blocked though
449 Corn 09-14-2015 07:08 PM ET (US)	I think Ouro just doesn't want us to know for sure
450 Ourobolus★ 09-14-2015 07:08 PM ET (US)	/m449 :)
451 Corn 09-14-2015 07:13 PM ET (US)	Fucking really. I'm not even trying to seduce fireblebd or attach myself to him. I legit think Nins vote and reasoning is absurd. And that's going to get me pinned as Despair?
452 Ourobolus★ 09-14-2015 07:15 PM ET (US)	/m451 What's "Despair," Electorate??
453 Corn 09-14-2015 07:16 PM ET (US)	Yes
454 Hyperactivity★ 09-14-2015 07:17 PM ET (US)	Don't shut down discussion on the kingkitty voters. Merely say that you think they're a weaker list to go through compared to the non-king kitty voters. Looking at it, by pure chance, they have a 1/5 chance to hit me and a 2/9 chance to hit one of you guys. You need to redirect from, but still acknowledge, the idea that scum are in the kk voters And dont make it look like a sudden heel turn from what you were saying earlier
455 Splinter 09-14-2015 07:18 PM ET (US)	/m451 Ahhh WELCOME TO MY WORLD
456 Hyperactivity★ 09-14-2015 07:22 PM ET (US)	I know If you're going to find a reason to vote for scum, make it at least a hunch or a bad feeling. Faulty stubborn reasoning drives me nuts
457 Corn 09-14-2015 07:27 PM ET (US)	Man this game is too stressful.
458 Ourobolus★ 09-14-2015 07:29 PM ET (US)	/m457 welcome to being the bad guy

459 Splinter 09-14-2015 07:30 PM ET (US)	/m451 Seriously this is what all of DR felt like for me. You see why I couldn't drop your point about the D3 voting? It wasn't even a bad point to make but since I knew it was wrong(ish) I just couldn't let it go. Hmm I wonder if there's a #scumtell in there
460 Corn 09-14-2015 07:40 PM ET (US)	I'm fucked aren't I.
461 Corn 09-14-2015 07:40 PM ET (US)	Good luck Splinter.
462 Hyperactivity★ 09-14-2015 07:44 PM ET (US)	Number one thing to do as scum CALM DOWN You're speaking from a position of confirmation bias and information. The others aren't. Calm down, relax, and think over the situation again
463 Splinter 09-14-2015 07:46 PM ET (US)	Nah Its the start of the day, can you remember an early DR day where the initial suspect ended up voted out? Doesn't happen (D4 Tim was confirmed, doesn't count. D6 I was basically confirmed and turbo'd myself anyway)
464 Splinter 09-14-2015 07:47 PM ET (US)	/m462 Exactly
465 Corn 09-14-2015 07:48 PM ET (US)	Yeah I'm not as despair as I'm acting here. But it does look bad and this shot could bite me in the ass later. I don't think I'm dead today though. Or tomorrow hopefully.
466 Hyperactivity★ 09-14-2015 07:48 PM ET (US)	I freaked out at the palmer post too. Just calm down slow down, stop getting especially comfortable with fireblend, mention the other pre-role claim voters for kingkitty In fact, IF YOU MUST, throw some shade towards the post-role claim voters, stating that they are more likely to have scum hiding amongst them. Now obviously, splinter's in this group, but you may still want to do this. You can't say, "I think focusing on this group is useless, let's move on", you need to be more "While it's certainly likely, no, near guaranteed that scum are hiding in group A, I think we're more likely to find scum in group B over here for x reasons
467 Hyperactivity★ 09-14-2015 07:53 PM ET (US)	I'm going to try and focus attention on my group right now, I've already had suspicion cast on me. Nin1000 right now is just that guy that is technically cleared but still posted nothing but large posts filled with fluff yesterday. Also I think he might be the role blocker
468 Corn 09-14-2015 07:53 PM ET (US)	What I actually think is that Day1 votes are near useless for finding who is and isn't Town.
469 Hyperactivity★ 09-14-2015 08:01 PM ET (US)	Hey guys, if I go too deep down into the rabbit hole on lone_prodigy, call me out over here
470 Corn 09-14-2015 08:09 PM ET (US)	Should we try to kill the potentially voteless player? I have to imagine there is more to their role than not having a vote.
471 Hyperactivity★ 09-14-2015 08:15 PM ET (US)	Eh, there are two sides to it. It's either cabot, in which case it's useless, or a special role. Here's the thing. When the voteless person dies it doesn't hurt his side in terms of voting power. Essentially, we can win one day earlier with a voteless person than if someone else was in the game.

	I wouldn't worry too much. I don't think whatever person it is is permanently voteless. Someone imo has a day role, probably x-shot to make it balanced, where he pm's our someone whose vote becomes useless that day Btw, could you imagine if a no lynch happens that way XD
472 Corn 09-14-2015 08:20 PM ET (US)	Fair enough. Anyway looks like Slava countered you pretty hard.
473 Hyperactivity★ 09-14-2015 08:20 PM ET (US)	I know, I'll stop the pursuit but say I'm leaving my vote there for now
474 Hyperactivity★ 09-14-2015 08:30 PM ET (US)	Launch is probably going to kill me when I go to the dead thread, and everyone's going to call me a dick I can sense it already
475 Hyperactivity★ 09-14-2015 09:01 PM ET (US)	Fireblend is somehow our secret partner that doesn't really exist I can FEEL it
476 Hyperactivity★ 09-14-2015 09:04 PM ET (US)	Corn, should I somehow comment on your situation? I don't want to look like I'm ignoring it, but it could like I'm trying to change the subject or I might bring more attention to your situation
477 CornB★ 09-14-2015 09:23 PM ET (US)	I'm... not sure to be honest. I've really only focused on myself and the voteless person situation. I think focusing on defending yourself isn't bad.
478 CornB★ 09-14-2015 09:34 PM ET (US)	Need input. I'm no longer on mobile. Considering writing a full defense for my actions up till now. Basically explaining why I hope read fireblend and el_topo on D1. And that coincidentally I found nin1000 using faulty reasoning to accuse someone I had hope read on D1. I'm just worried that there's no real reason for me to do it because the spotlight isn't on me, and bringing it up again will possibly bring the spotlight on me.
479 Hyperactivity★ 09-14-2015 09:38 PM ET (US)	Yeah, don't make a giant post. You'll look paranoid. Keep your conversation with nin as a side and private conversation. Nobody but nin is saying anything right now If nin starts to make you into the big item of the hour, I'll either let it be so that I and others can involve ourselves, or will divert back to prodigy and I
480 Hyperactivity★ 09-14-2015 09:46 PM ET (US)	If you feel the need to defend yourself, do so, if you start sounding more controlled and careful, or god forbid, start sounding like one of us, that could only be bad, but you're not in a position where you need to explain each and every one of your actions from the beginning of the game imo
481 CornB★ 09-14-2015 09:47 PM ET (US)	Big posts were kind of my thing though in DR. But it does look sketch I admit. "[QUOTE=nin1000;178792793]That is true... oh wait After your vote a lot of people bandwagoned and again trying to attach yourself to Fireblend. Urgh[/QUOTE] Now that I'm not on mobile I'm going to properly defend myself. The first time I mentioned Fireblend was here: http://www.neogaf.com/forum/showpost.php?p...89184&postcount=525 Day 1 is a rough day. There's no information to be had. I decided to read into an interaction and found reason to believe that two players were likely Town aligned. (Fireblend and El_Topo). In an unfortunate twist of fate, you decided to accuse a player I had Town read. For being a late vote on KK after his role claim. Quite frankly, I found your reasoning to be ridiculous since it seems like literally 0 people believed KK's claim. This isn't saying that scum wouldn't vote for KK. Or that they wouldn't place a late vote on an easy bandwagoned target. I just really don't find "hey it was after his role claim!" to be good solid reasoning.

	I actually have no choice but to attack that reasoning because while I was the second or third vote on KK, I eventually canceled my vote after waking up in the morning and seeing Cabot unvote. Cabot being confirmed town (mostly) at this point kind of has me treating him as a town leader. http://www.neogaf.com/forum/showpost.php?p...92981&postcount=881 Then Cabot revotes. And Never Forever further claims that the KK role was a mafia one in the SW game. At this point I don't really know what to do but I vote KK again. http://www.neogaf.com/forum/showpost.php?p...93371&postcount=894 This is one post before (and at the same time) that KK posts his "oh I'm also 50% cop btw" post. Had I been even a second later I'd have read it, gone "lol", and still voted for him. Most likely. So that's why I can't really accept nin's reasoning. And it really had the unfortunate side effect of making me look like I'm trying to parasitically attach myself to Fireblend, but that's not my goal." Edited 09-14-2015 09:48 PM
482 Hyperactivity★ 09-14-2015 09:51 PM ET (US)	Btw, I feel like taking a risk and playing ahead of the meta that GAFIA current has. Right now people are really assuming the split scum idea. It's almost everywhere on GAFIA. Every single game they're assuming that safe mafia strategy. We may very well want to play to subvert expectation from now on, like all vote together on a bandwagon, list both oppsing members as a friend or that neutral/scummy category, etc. It's REALLY fucking risky, but it may very well be worth it. Thoughts?
483 CornB★ 09-14-2015 09:52 PM ET (US)	1. Should I post what I posted here? Or too much? 2. Yeah we could vote as a block. I'm all for that.
484 Hyperactivity★ 09-14-2015 09:56 PM ET (US)	Honestly, that seems mostly fine Go ahead bro. I'm not going to be able to say "oh that's just how cornb plays" (it would make me look REALLY hypocritical) but that's soudns fine I'm still sort of confused as to why you though el topo and fireblend were town (from you being a townie perspective), but I think it works fine
485 Corn 09-14-2015 10:05 PM ET (US)	Because fireblend in my mind had defended el topo. Which isn't something scum does for scum. So at the very least el topo is town, with fireblend possibly being scum.
486 Hyperactivity★ 09-14-2015 10:26 PM ET (US)	eh, it seems weird to me, but if you say it;s a D1 hunch and that you're pretty sure Fireblend is town, you should be fine. Don't try to heel turn change ever. Just make sure to allow discussion on him to continue
487 Hyperactivity★ 09-14-2015 10:55 PM ET (US)	Any thoughts Splinter?
488 Hyperactivity★ 09-14-2015 11:00 PM ET (US)	I totally think we either have an illegal immigrant or a character with a voter fraud power It would be perfect
489 Hyperactivity★ 09-14-2015 11:24 PM ET (US)	Lol I just realized that the institution of karkadorian math was seriously toppled. I didn't believe ouro while we still had an even number
490 Hyperactivity★ 09-14-2015 11:37 PM ET (US)	Wait, ouro said this "Hate the player, not the game." to cabot i'm totally reading too far into this and it was just a typo, right?
491 Hyperactivity★ 09-15-2015 12:06 AM ET (US)	Ok, so the good news Other people shared in my suspicion of launch Bad news

	Other people are semi-suspicious of me Day 4 at best, with a miracle. If I'm lucky I'll keep my role claim for tomorrow, and that will get me past another day, hopefully
492 Ourobolus★ 09-15-2015 12:08 AM ET (US)	/m490 yes. I just was being snarky. What typo? Edited 09-15-2015 12:11 AM
493 Ourobolus★ 09-15-2015 12:11 AM ET (US)	/m489 how is 9 not a majority of 16? :P
494 Hyperactivity★ 09-15-2015 08:23 AM ET (US)	Splinter, if you seriously want to go after Palmer, you might want to use the fact that he went all "Don't let scum get smaeay with not voting" and now he's all "I don't think the scum are amongst the non voters If he goes after me I'm throwing this at him. I'd prefer not to antagonize him but if I must then I might as well be ready
495 Splinter 09-15-2015 10:43 AM ET (US)	Whats my title / role again? I was thinking a 1 shot bulletproof could be because I'm out of the country. Anyone more likely to be travelling on a diplomatic mission or something? George W Bush spending the weekend golfing with Saudis? Etc Edited 09-15-2015 10:44 AM
496 Splinter 09-15-2015 10:49 AM ET (US)	Also George W was good at impressions right? You are George W Bush, impressionist. Every night, you can IMPERSONATE one of your fellow candidates, and any actions that would have targeted them will target you instead. I cant decide if this should exclude kills, or need a 1 shot bulletproof, or what Please tell me that isn't another scum role _.
497 Hyperactivity★ 09-15-2015 11:44 AM ET (US)	Change the command, impersonate doesn't sound the best We had Hetman Cain the something for you, who was 1-shot bullet proof because he invited the person to a fun night with them The diplomatic issues does work, but that sounds more like a commuter. If you want to claim commuter with something better than Marco Rubio, do so
498 Hyperactivity★ 09-15-2015 12:44 PM ET (US)	Damn cabot, nin1000 is the scummiest confirmed town I've ever seen
499 Splinter 09-15-2015 01:02 PM ET (US)	What would a commuter be in this setup?
500 Hyperactivity★ 09-15-2015 01:43 PM ET (US)	Can't be targeted on odd/even nights
501 Splinter 09-15-2015 02:28 PM ET (US)	Ok who would be good for the diplomat thing then?
502 Splinter 09-15-2015 02:31 PM ET (US)	CornBro I assume his night of fun is a reference to something but his wiki looks clean, can you fill me in?
503 Hyperactivity★ 09-15-2015 02:48 PM ET (US)	who?
504 CornB★	Q. Lone survivor seems to be the one going home. Should I place a vote on Hyper?

09-15-2015 05:12 PM ET (US)	
505 Hyperactivity★ 09-15-2015 05:23 PM ET (US)	You've taken a stance protecting bsp and saying you believe salva is town, right?
506 CornB★ 09-15-2015 05:40 PM ET (US)	Not really protecting her. My actual thoughts are that a roleblocker will target her. If 0-1 kills, she's the SK. Unless the SK is actually someone else and they realize that and try to frame her by not killing tomorrow. Or if she can only kill every other day, then we'd need to wait one more day to enact this plan.
507 CornB★ 09-15-2015 05:43 PM ET (US)	I think I said Salva is a null. Actually I said my gut wants to say Town but that I was super wrong in DR with that so he's safer as a null. I actually somewhat painted myself into a corner, in that I can't vote for Kalor today. I said he was the least scum to me of the three (himself, Hyper, L_P). I could just give up and join the L_P bandwagon, but I can simply argue I'd rather go after someone I think is scum than someone who is a null read due to low activity given my past experience with low activity posters. But the problem is if I do this too early people might actually vote you out, and you're looking pretty safe for one more day at least.
508 Hyperactivity★ 09-15-2015 05:48 PM ET (US)	Salva's with me Phew salva's with me I think you can wait a little longer before taking a side, tbh
509 CornB★ 09-15-2015 05:55 PM ET (US)	Yes! nin1000 seemed to think the same about BSP as me. I hope that gives me brownie points and keeps me under his radar. Edited 09-15-2015 05:55 PM
510 Hyperactivity★ 09-15-2015 06:16 PM ET (US)	Does el topo have an override? Do we get an early night?
511 CornB★ 09-15-2015 06:18 PM ET (US)	Man, fuck el_topo. That actually sucks a bit for us. I'm certain BSP is SK. We'd have been safe from her kill, role blocker wouldn't be on any of us. Free kill/poison opportunity. Now its blown.
512 CornB★ 09-15-2015 06:28 PM ET (US)	Oh thank fuck. It was a false claim. And it gave me the perfect chance to sneak in a vote against L_P. Fuck Hyper, you may even be safe tomorrow too if I'm right and BSP is neutral SK and she gets role blocked.
513 Hyperactivity★ 09-15-2015 06:47 PM ET (US)	We have a shot of me getting to day 5 And if it happens, I'm calling it, we're the best scum of all time, and towns will be made to bow down to our glory
514 CornB★ 09-15-2015 06:53 PM ET (US)	I hope nin was convinced enough by my arguments to actually perceive me as town or null. Rather than him just having a better target right now.
515 Hyperactivity★ 09-15-2015 07:08 PM ET (US)	I think he might have, but it's 50 50 and I wouldn't post assuming the est necessarily
516 Hyperactivity★ 09-15-2015 07:18 PM ET (US)	"Just pointing out the obvious here, but with this I think Lone_Prod has 4 votes. 7 are needed for majority. I recommend nobody else place a vote on L_P until after he's defended himself. Otherwise we risk the day ending with ~20+ hours left. Which is a waste of discussion time."- cor burrito Prepare some sort of response, even if it's not too strong Just in case
517 Hyperactivity★ 09-15-2015 07:26 PM ET (US)	Btw, we should start talking about possible night actions tonight Im actually thinking of messaging salva or palmer or someone who can back my role claim tomorrow and corn poisoning palmer. Im going to assume I need to role claim tomorrow to ive Kill nin tonight?
518 CornB★	I was actually planning on poisoning nin, since with luck the role blocker will be focused on BSP like I want.

09-15-2015 07:37 PM ET (US)	
519 CornB★ 09-15-2015 07:39 PM ET (US)	Oh right I completely forgot. What the fuck is this silencer? Why would it be a town role? We know it isn't a scum role, and it doesn't make too much sense as neutral imo. Is my hypothesis actually right, about it being a 50/50 "suck or awesome" power?
520 Splinter 09-15-2015 07:45 PM ET (US)	Its unlikely to be neutral if we have a SK, but crazy theory thats been in my mind all day: Palmer is the neutral silencer, he wins by getting x gifs posted by silenced people. I'm thinking this because Cab is the most active, and Palmer asked him a lot of stupid questions today. If I'm right then I will be silenced tomorrow (assuming he cant keep targetting Cab)
521 CornB★ 09-15-2015 07:48 PM ET (US)	Lone_Prod is shockingly perceptive. Which means other people might notice my vote being well placed. I suppose my "sneaky" bandwagon wasn't so sneaky. But fireblend committed the same mistake.
522 CornB★ 09-15-2015 07:49 PM ET (US)	Why would you be silenced? If that was the win condition, nin would be silenced wouldn't he?
523 Splinter 09-15-2015 07:50 PM ET (US)	I'm top poster after Cabot (ignoring dead people)
524 Splinter 09-15-2015 07:50 PM ET (US)	But lol good point, nin is quite gif-heavy already
525 CornB★ 09-15-2015 07:52 PM ET (US)	I'm curious, why don't you share that thought in the thread exactly? It's actually interesting. Could fill the time. You don't even have to use it to accuse Palmer. But the less time spent talking about game stuff the better for us right?
526 Splinter 09-15-2015 07:59 PM ET (US)	Its so weak at the moment, I don't think I'd come to that conclusion if I didn't already know its not a scum role (I would just assume its scum and stop thinking about it). If I do indeed get silenced tomorrow (and questioned by Palmer) then I will make it known
527 CornB★ 09-15-2015 08:00 PM ET (US)	Ah you're right. I guess you wouldn't have thought of that right away if you were town. Nearly all of town just wrote it off as a scum role.
528 CornB★ 09-15-2015 08:01 PM ET (US)	That might backfire a bit btw because I think I questioned Cabot once or twice. Unless Palmer did it like wayyyyyyy more than me.
529 Splinter 09-15-2015 08:06 PM ET (US)	Palmer's questions where really stupid. Literally asking him to repeat stuff several times, thats why they stand out to me so much
530 CornB★ 09-15-2015 08:10 PM ET (US)	I actually think nin was being sarcastic when he said he got what my blocks post meant. :(
531 Hyperactivity★ 09-15-2015 08:11 PM ET (US)	Thank god L_P ghosts so much. If he came out of the gate making town moves I could've been in a bad position.
532 Hyperactivity★ 09-15-2015 08:11 PM ET (US)	Who haven't we made fun of in this thread btw. I feel like we've called everyone names Might still be missing a few
533 CornB★ 09-15-2015 08:17 PM ET (US)	Yeah L_P ghosting was good because it gave people a reason to vote for him other than how Launch acted. And I'd have felt like shit if L_P had been voted out for that reason alone.

534 CornB★ 09-15-2015 08:24 PM ET (US)	What do... real me would probably buy L_P's claim and unvote him. But I think it is in our best interest to keep BSP alive one more day.
535 Hyperactivity★ 09-15-2015 08:33 PM ET (US)	Then you might still want to do it, saying you guess you'll wait to vote a little longer and see if something else comes up to convince you Then, in ending hours, you can say you haven't seen anything better and that because you want to keep bsp alive, you're voting L_P You might still want to avoid this though, as you just came off of an argument with him
536 Hyperactivity★ 09-15-2015 08:34 PM ET (US)	on your vote being bandwagoning
537 CornB★ 09-15-2015 08:42 PM ET (US)	Well I was known for flip flopping.
538 Hyperactivity★ 09-15-2015 08:43 PM ET (US)	Im guessing that the reason why most people arent really calling me out is that they do have suspicions about me but they also though launch was playing scummy and want to see how the two of us will play the day. If L_P is lynched today, barring a BSP lynch, people will be calling for my death.hey're just taking the wait and see approach for now
539 Hyperactivity★ 09-15-2015 08:45 PM ET (US)	You mentioned earlier in the day that you were going to sick to your day 1 reads for now because that was all you had and you didnt want to flip flop Make sure to try and stay in line with your other posts.Like Im trying not to suck up hard to any one person for now
540 Hyperactivity★ 09-15-2015 08:45 PM ET (US)	If there's an investigator/tracker left I wouldn't be too surprised if they choose either salva or I tonight
541 Corn 09-15-2015 08:52 PM ET (US)	I'm a flip flopper at heart. I'll probably revote for him in a couple hours after I wake up in the morning.
542 Corn 09-16-2015 05:48 AM ET (US)	Ok so Palmer with luck should be lynch target if not BSP
543 Hyperactivity★ 09-16-2015 02:32 PM ET (US)	Ugh do I stay on l_p If I was town I would just team plank this and vote bsp at this point Problem is that I'm the main advocate of the prodigy lynch I need advice here
544 CornB★ 09-16-2015 02:34 PM ET (US)	I'm not sure. When did you place your vote on l_p?
545 Splinter 09-16-2015 02:38 PM ET (US)	Hyper I'm seeing more support for you than I think you expected now people are posting reads. Think you were being a bit paranoid If you want to swap you've already given yourself a reason: the blocker plan doesn't really work. I don't know if its better to swap or not though (town can be wrong too)
546 Hyperactivity★ 09-16-2015 02:40 PM ET (US)	It's better if l_p dies but I've given better reasoning for the bsp lynch
547 CornB★ 09-16-2015 02:45 PM ET (US)	I think you might just have to vote BSP. L_P dying is better for us, since BSP acts as a distraction. Thank fuck nin agrees and is pushing it too with me. BSP might go since the vote is so close, which sucks a bit but eh.
548	I need advice. If I need to at some point role claim I am going to claim:

CornB★ 09-16-2015 02:48 PM ET (US)	"Marco Rubio, the Thirsty One - You can control the vote of another player, making them vote for the player you choose." I can claim that I used my power on N1 but it failed, and that's why I was so insistent that a role blocker exists. Thoughts? Y/N? Bad idea?
549 Ourobolus★ 09-16-2015 02:49 PM ET (US)	Just a reminder - the roles I gave you, you do not have to use. The names are characters that don't exist in the game right now, but the roles you can make up whatever you want.
550 CornB★ 09-16-2015 02:51 PM ET (US)	I know, I just like the idea. I've been making sure to mention how much vote related powers are in the game. I'll refer to those posts when/if I claim.
551 CornB★ 09-16-2015 02:52 PM ET (US)	Also... Fireblend is doing a good job at convincing me to switch to BSP. I.... sort of want to switch my vote. It fits my character. But it isn't the best scum move. What do?
552 CornB★ 09-16-2015 02:56 PM ET (US)	Had no choice to switch my vote. Hyper, just vote BSP later on. After all, scum always splits their votes. Except now we'd all have votes on BSP.
553 CornB★ 09-16-2015 03:26 PM ET (US)	Wtf!!!!!!... BSP cleared and Lone claims role blocker. Which makes sense. Launch posted about me, got replaced. Maybe Lone blocked me. That makes so much sense I believe it.
554 CornB★ 09-16-2015 03:50 PM ET (US)	Man this really fucked our plans up quite a bit. Hopefully Kalor goes today, then we can shift it to a Palmer lynch tomorrow.
555 Hyperactivity★ 09-16-2015 04:43 PM ET (US)	Don't you dare claim that specific role That's the shittiest, easiest to prove power ever made up
556 Hyperactivity★ 09-16-2015 04:44 PM ET (US)	I like predictable results Fuck I'm gonna press l_p Btw one of you should carry out the kill tomorrow

558 Corn 09-16-2015 04:47 PM ET (US)	I can't kill now if I use my power tonight. Also you might die today Hyoer. Fuck....

565 Corn 09-16-2015 05:07 PM ET (US)	I think Palmer might be lynch material since he's pushing hard against salva.

569 Corn 09-16-2015 05:18 PM ET (US)	Splinter isnt necessarily fucked. He can probably talk his way out of it, since you do send messages. I look bad though. I did t vote for you even before the fake claim. That looks bad. I have to hope people,don't use it against me.
570 Hyperactivity 09-16-2015 05:23 PM ET (US)	Whatever happens, make sure you guys communicate and coordinate. That's how you will win this I believe in you guys. 571 Ourobolus★ 09-16-2015 05:25 PM ET (US)	It's ok, Hyper. You were doing fine - last minute voting is a bitch to get out of. There wasn't a whole lot you probably could have done. Don't worry, these guys still have a chance.
572 Corn 09-16-2015 05:26 PM ET (US)	Yeah we got unlucky that everyone late role claimed. Not enough time to save you with only like 11 or so minutes.

576 Splinter 09-16-2015 06:24 PM ET (US)	Don't worry Hyper I'm not super worried about you naming me. Not much you could have done with the way things went either, we got super unlucky today
577	Ok CornBro lets do this, who we gonna kill?

Splinter 09-16-2015 06:25 PM ET (US)	
578 CornB★ 09-16-2015 06:37 PM ET (US)	Killing the role blocker seems like the natural choice. Palmer I actually don't want to target. I think someone might make a case against him tomorrow. I also want to poison nin1000.
579 CornB★ 09-16-2015 06:40 PM ET (US)	El_Topo is also dangerous. But I think we really ought to focus on taking out PR.
580 CzarTim★ 09-16-2015 06:59 PM ET (US)	:(
581 CornB★ 09-16-2015 07:05 PM ET (US)	It's fucking amazing how quick things swung. Fucking last minute role claims :(Also, I should look at where/why people started suspecting Hyper in the first place.
582 CornB★ 09-16-2015 08:55 PM ET (US)	Splinter, your thoughts? Kill: El_Topo/Nin1000/L_P? Posion: El_Topo/Nin1000/L_P?
583 Splinter 09-16-2015 10:28 PM ET (US)	Who did L_P claim to block last night?
584 Splinter 09-16-2015 10:54 PM ET (US)	Ok he walled nin, I think that explains why your poison failed but should be good to try it again
585 Splinter 09-16-2015 10:55 PM ET (US)	I bet L_P will be pretty much cleared tomorrow since Hyper was going after him all day. Probably the best person for us to kill but I'll sleep on it
586 CornB★ 09-17-2015 06:09 AM ET (US)	Sent my command.
587 Splinter 09-17-2015 06:27 AM ET (US)	You hit nin I guess? What about the kill? Ok with L_P? Anyone else we could target? You cant send the kill tonight, right?
588 Corn 09-17-2015 09:32 AM ET (US)	Yeah. I think we should kill l-p. I can't send the kill
589 Corn 09-17-2015 09:33 AM ET (US)	Btw I may be lynched tomorrow. I never voted for hyper despite having enough time to switch my vote. I'm going to try to pass it off as confusion and trying to quickly search for verification in hypers post history. But...
590 Splinter 09-17-2015 10:11 AM ET (US)	Just ordered a kill while in a church. Like a real mafioso...
591 Ourobolus★ 09-17-2015 10:16 AM ET (US)	lol
592 Corn 09-17-2015 04:41 PM ET (US)	I'm going to try to make a case against El_Topo. He placed a literally last minute vote against Hyper that wasn't needed. That seems like it was done purely to distance himself from Hyper since it was very clear that Hyper was going at that point with majority votes.

593 CornB* 09-17-2015 05:10 PM ET (US)	Splinter were you silenced? If so, should I bring up the Palmer = Silencer theory?
594 Splinter 09-17-2015 05:30 PM ET (US)	Nope still here. I was planning to attack you a bit, looks like I'm not the only one though. Dont panic whatever happens, long way to go between now and end of day Also Blargonaut
595 CornB* 09-17-2015 05:43 PM ET (US)	Yeah I'm not panicking yet. I think I'm arguing fairly solidly for myself. The problem is that if El Topo is voted out and flips town, I'm almost certain to go. I won't survive till endgame. If Palmer actually gets voted out today I have a better chance of surviving at least 2 more days. My poison seemed to go through by the way. So as long as I can survive today I can poison someone else and then it matters much less whether I live or die. My vote for the second poison target is Cabot or Fireblend.
596 Splinter 09-17-2015 05:45 PM ET (US)	Oh man it feels so good to be called "confirmed town" <i>so good</i> Thank you Hyper
597 CornB* 09-17-2015 05:50 PM ET (US)	Too bad it is Palmer arguing that lol.
598 Splinter 09-17-2015 05:56 PM ET (US)	Thats fine, if he gets lynched even more people will believe it :p
599 CornB* 09-17-2015 06:00 PM ET (US)	Yeah. Half of me wants to post that "if Palmer is scum I'm pretty sure we can confirm the opposite and then Splinter is our next target." But that's too risky imo. Also I've decided I probably won't role claim since there's no good in it. So many roles are already out that it wouldn't be believable anyway.
600 Splinter 09-17-2015 06:11 PM ET (US)	Yeah I'm not claiming until I'm super desperate, and at that point might as well go all or nothing and claim a name that people expect to be counter claimed - if you get lucky and no counter claim happens then that will probably buy you more credit than any role details you could make up. I'm calling shotgun on Lindsey Graham though :P
601 Corn 09-17-2015 06:25 PM ET (US)	Thank fuck Palmer is being so dumb.
602 CornB* 09-17-2015 06:47 PM ET (US)	I'm not placing a vote for Palmer. People think I'm scum. I don't want to cause an unbandwagon on him by people saying "hey we shouldnt vote for who CB votes for."
603 Splinter 09-17-2015 07:02 PM ET (US)	I'm pretending to sleep, want to see what Blarg does
604 CornB* 09-17-2015 07:15 PM ET (US)	Yeah I'd keep doing what you're doing. If Palmer dies today (best case scenario) you look extremely good I think. I probably die after El Topo dies. Unless my arguments don't work in which case I probably die tomorrow. The absolute worst case scenario is I die today. Tomorrow there will be 2 kills, meaning huge amounts of confusion. Actually I think best case scenario is El Topo dies today. Then 2 kills happen tomorrow because of my poison. Then we get Palmer to go "see look at what I fucking said" and lead a charge against BSP and/or Salva.
605 CornB* 09-17-2015 07:58 PM ET (US)	Fuck u nin1000.
606	Splinter, help me. I'm thinking of claiming that I'm a FOX News Executive. The American public thinks my

Once per game, I can pm Ouro <Interview><player>. That player will be killed the following day. What do you think? Is one time vig a solid claim? Should I make it 50%?
607 Splinter 09-18-2015 06:13 AM ET (US)	I'd hold it for later, but it seems ok. Call it a standard night kill though, not "kills next day". No need to 50% it
608 Splinter 09-18-2015 06:20 AM ET (US)	/shove :3 (I think you will survive)
609 Corn 09-18-2015 06:41 AM ET (US)	If I can survive one more day I will be satisfied with how I did.
610 Splinter 09-18-2015 03:06 PM ET (US)	Btw Corn you did a good job defending yourself earlier. Think people have cooled on you a bit
611 Corn 09-18-2015 04:50 PM ET (US)	Thanks Splinter, I mean it. Being scum is such a different game. I knew I fucked up once Hyoe got lynched. I really should have just bussed him. I still might not be out of danger, but I hopefully have until after El Topo dies. I will hold off on role claim for as long as possible.
612 CornB* 09-18-2015 05:06 PM ET (US)	Splinter I got a crazy fucking idea for if I survive today and later am suspected on a day when nobody seems to be silenced. I pretend that I was/am silenced. I communicate in image macro and gif only, basically outlining my role claim. "I am Roger Ailes. Fox News President. GOP Aligned." "1/game I can have my network run a smear campaign against another player, killing them." This means the real Silencer might come forward and claim they didn't silence me. I could then bring up that they silenced Cabot despite him being the highest poster and obviously town aligned. Why should we believe them? They might be scum. When they say they aren't I could say that maybe there's a switcher in play. This might generate enough confusion to throw everyone's game off. Only problem is if Cabot was actually faking.
613 Splinter 09-18-2015 11:36 PM ET (US)	Really no posts in 6 hours? Thats a crazy plan Corn :p I don't understand the switcher part, but the rest could be fun
614 CornB* 09-19-2015 05:58 AM ET (US)	Ah a switcher wouldnt work actually you're right. Also yeah the no posts thing is fucking me over. I might die with like... 3 fucking votes.
615 Corn 09-19-2015 12:28 PM ET (US)	We can easily fake prove my role claim tomorrow since my poison should kill nin.
616 Corn 09-19-2015 12:28 PM ET (US)	Meaning we just need to kill whoever I say I will kill.
617 Splinter 09-19-2015 12:31 PM ET (US)	Well we can kill someone you were suspicious of, shouldnt say who though I think
618 Splinter 09-19-2015 12:34 PM ET (US)	Should probably say it's a night action Umm

625 Corn 09-19-2015 03:35 PM ET (US)	And the worst thing is Wikipedia lists the dudes occupation as president of Fox News. We are getting so ducking unlucky.

631 Corn 09-19-2015 04:35 PM ET (US)	Ouro, idk it felt right to use roger Ailes. The flavor fit.

634 Corn 09-19-2015 04:42 PM ET (US)	Yeah I don't think Tilton was a good choice.

636 CornB★ 09-19-2015 05:00 PM ET (US)	OMFG did I really survive?
637 Corn 09-19-2015 05:15 PM ET (US)	Well my poison should kill nin. We need to figure out a believable target for my role claim. El Topo seems good. Or blarg. I can make an argument I lied about not doing so to throw scum off. Also should I bother poisoning someone else tonight in case people say fuck it and lynch me anyway? There will be trouble for me in 2 days if I do that, but I can say I lied about it being one shot so scum might let me live.
638 Corn 09-19-2015 05:20 PM ET (US)	Actually we need el Topo alive so he can be the lynch target.
639 Splinter 09-19-2015 05:25 PM ET (US)	Omg lol, was nobody watching the clock?
640 Corn 09-19-2015 05:34 PM ET (US)	Idk. But lol. My chances of surviving tomorrow exist. Splinter I think your only viable target is blarg. I can say why I targeted her. I can still make my case against el Topo based on his hyper vote. Furthermore he had a vote against Palmer and conveniently withdrew it without voting for me, making sure Palmer was still the person to die.
641 Corn 09-19-2015 05:35 PM ET (US)	And I want t get my second poison in just in case. Unless you think we get more benefit from holding off. Cabot is my vote for poisoning. No more confirmed town after he dies.
642 Ourobolus★ 09-19-2015 05:37 PM ET (US)	If they don't lynch you tomorrow they deserve to lose.
643 Corn 09-19-2015 05:47 PM ET (US)	Why would they lynch me? My role claim will be proved by the two deaths tomorrow.
644 Splinter 09-19-2015 06:07 PM ET (US)	Yeah but they will still think you are scum Cabot is a fine target, but don't kill Blarg yet
645 Splinter 09-19-2015 06:08 PM ET (US)	Ouro does my ability work against Salva (or at least would it work against what he's claimed?)
646 Ourobolus★ 09-19-2015 06:15 PM ET (US)	Your ability was designed to bypass a jailer and doctor. Edited 09-19-2015 06:25 PM
647 CornB★ 09-19-2015 06:16 PM ET (US)	Splinter, why would they think I am scum when my claim ends up being "true"? I think there might be enough doubt, and I can make a good enough case against El Topo. Also, you're submitting the kill tonight. I'm going to poison Cabot.
648 CornB★ 09-19-2015 06:17 PM ET (US)	Unless we think I am dead anyway, in which case Ouro what happens if I poison Salva and his ability kills me? Does he still get poisoned?
649 Splinter	A 1 shot killer can still be scum aligned.

09-19-2015 06:20 PM ET (US)	I dont think its worth risking Salva... Can still try to lynch him I think Thanks Ouro
650 Splinter 09-19-2015 06:21 PM ET (US)	According to what Salva has claimed he wouldnt get poisoned (I think)
651 CornB★ 09-19-2015 06:37 PM ET (US)	True, 1 shot killer can be scum aligned. But Kalor and Fireblend seem to doubt my claim's power, not the alignment. If I show the power is real, they may believe the alignment. Nin was one of the people pushing for me, and he'll be dead.
652 CornB★ 09-19-2015 06:40 PM ET (US)	Anyway yeah, I'm not going to risk poisoning Salva. I'm going to send the command to poison Cabot. I request you kill Blarg since I can make an argument for it. If not my next choices would be El Topo and BSP. El Topo is the one person I think I could frame tomorrow. He's made enough "errors" and Fireblend and Cabot both seemed to agree. If I somehow survive tomorrow as well, I'll make the kill on Salva if we think it needs to be done. My days are numbered in any case.
653 CornB★ 09-19-2015 06:57 PM ET (US)	Splinter I need your opinion on this post I will make in the morning tomorrow: CRITICAL POST. PLEASE READ IF YOU ARE TOWN ALIGNED. *This post was made before the day phase and thus the information will not reflect certain information* As promised, I used my ability. However, Cabot and Nin never selected a target. I went with what I felt was the best choice, which actually was Blargonaut. Some of you may be confused, because I said yesterday I wasn't going to use it on her. http://www.neogaf.com/forum/showpost.php?p...4290&postcount=2056 This was said to essentially confuse scum. Blarg invited me to use my ability on her, and I constantly assured her I wouldn't. What I actually beleived is that she was scum and had some ability that would somehow complicate my kill and frame me. Maybe a switcher power, and she could then switch herself with someone like cabot or nin. So I lied, and made it seem like I wouldn't target her. Hopefully she flips scum like I think she is. And if so, I think I know who the rest of the scum are. I once again STONGLY believe El Topo is scum aligned. My reasoning from before still applies. [quote]There is one vote for Hyper that I feel very very unconvinced about however. El_Topo's. http://www.neogaf.com/forum/showpost...postcount=1670 Why? Because it was made with less than a minute before the day's end. When Hyper already had a majority of votes. It wasn't needed. And since Hyper was already doomed, it would be the perfect opportunity for scum to place a vote on him so as to go "hey I can't be scum! I voted for him!" This prompted me to look over El_Topo's posts. When Salva claimed, he brought up some ridiculous idea that Salva and BSP might be some neutral/scum aligned lovers. He also continued to push the "Lone_Prodigy is lying" agenda after his claim. http://www.neogaf.com/forum/showpost...postcount=1544 Based on this, I STRONGLY believe El Topo is scum aligned. There are a few other players I suspect still, but El Topo is currently my strongest read.[/quote] Yesterday only solidified this in my mind. El Topo was an early vote against Palmer. He withdrew his vote at 4:44, just 6 minutes before the end of the voting period. However he did not place a vote on anyone else. Why? I imagine it was because he knew both I and Palmer were town aligned, and didn't want to once again be accused of being the last vote on a towny.
654 CornB★ 09-19-2015 06:59 PM ET (US)	"You may ask why I didn't use my ability on El Topo. That's a fair criticism. However I felt that he was the obvious lynch candidate for today, and that an earlier Blarg flip would provide more useful information to town."
655 Ourobolus★ 09-19-2015 06:59 PM ET (US)	Blarg's a dude.

656 CornB★ 09-19-2015 07:00 PM ET (US)	Actually... its full of holes. Maybe it would be better to just kill El Topo. I'm probably dead anyway. Unless we can make my post more convincing.
657 CornB★ 09-19-2015 07:00 PM ET (US)	Oh.... female avatar = female in my mind. Plus Blarg transcends gender.
658 CornB★ 09-19-2015 07:07 PM ET (US)	Poison command sent. Goodbye in 2 days Cabot. :) And nin should be dead by morning since my first poison will be taking effect on him. :)
659 Hyperactivity★ 09-19-2015 07:08 PM ET (US)	/m655 Lol I always make that mistake Ok bye now
660 Splinter 09-19-2015 07:10 PM ET (US)	Yeah /m654 I definitely wouldnt post, that seems like something only scum would worry about it. Is there noone else you could target? Topo could be suspicious as you said, and Blarg could end up being useful (I think)
661 CornB★ 09-19-2015 07:17 PM ET (US)	Assuming my poison goes off, nin dies tomorrow. And he's an obvious choice for scum. The second kill thus needs to be someone I could reasonably have thought was scum. I've stated before that I find Fireblend, Salvapot, Nin, and Cabot to be town aligned. They wouldn't be targets of my vig kill. Kalor would be a bad target, since he has/had a double vote. Why would I target that if I am town? Bananaspaceprincess is a good target, since El Topo and others suggested her with good points. But killing her might not be our best move. She has no vote yet after all. And I think she's lying about her claim of becoming town aligned. She might even become scum aligned. Who knows. This leaves El Topo and Blarg. Blarg is helpful to us potentially I agree. I actually don't want to kill her. Especially since I said I wouldn't. El Topo is who I said I would target. But when he flips town I really don't think anyone is going to think I'm not scum. Fireblend for example only had doubts about me because El Topo could have been scum rather than me and it is unlikely both of us are or that neither of us are. Banaspacespace, Blarg, or El Topo. Take your pick. Banana might be the safest. It makes me look decent, and I can still make an argument against El Topo. But Town loses no immediate voting power. Though nin's dying anyway so... maybe she actually is the best option.
662 CornB★ 09-19-2015 07:21 PM ET (US)	So basically its a gamble. If we kill bananaspace and I claim my vig kill was on her, will that make me look town enough to get me through another day? Because if so, she's the best choice. If not and I'm dead tomorrow anyway, the best course of action is to just kill whoever does us the most harm.
663 Splinter 09-19-2015 07:36 PM ET (US)	You were one of the main people arguing to keep bsp alive though. I know you reversed on that a little bit, but I dont know if people will be convinced. Honestly I think El Topo would be the easiest to justify, several people were getting suspicious of him yesterday so it makes a lot of sense for a vig kill. It does mean theres one less "suspicious person" out there but thats an argument in your favour. I'm not submitting just yet so let me know if you have any other thoughts.
664 CornB★ 09-19-2015 07:46 PM ET (US)	Me reversing makes sense. People did make solid arguments for killing her. BSP is still an unknown. And town wastes time having to think about her so much. Meanwhile it demonstrates my claim being legitimate, while not risking cutting down town's voting power. It honesty is the town play I think. And I -was- known as a flip flopper. El Topo is the easiest to justify sure, but then I have nobody who potentially looks worse than me with the whole Hyper vote incident. I'll leave the decision with you, and try to argue my way out regardless.
665 Splinter 09-19-2015 09:13 PM ET (US)	Alright, I'll kill bsp if thats what you're more comfortable with. I think I'll use my ability on this kill just in case. With Trump and the Doctor already gone it might not matter anyway. Since you're letting Topo live you probably shouldnt go after him too hard tomorrow, not right from the start at least
666 Splinter 09-19-2015	New role claim idea: Scott Walker, Texas Ranger

09:20 PM ET (US)	
667 CornB★ 09-19-2015 10:05 PM ET (US)	Yeah, I realize I can't go hard on Topo. Otherwise it will be "why didn't you target him?" I need to simply defend myself. Go "I proved my claim. We need to look elsewhere." And then hopefully Fireblend will lead into an El Topo vote.
668 CornB★ 09-19-2015 10:14 PM ET (US)	Also I feel like you can only name claim at this point. Nobody's going to believe PR claims anymore. lol
669 Corn 09-20-2015 05:18 PM ET (US)	Lolol everyone thinks I am town.
670 Splinter 09-20-2015 05:27 PM ET (US)	New plan: dont claim Lindsey Graham Also lol bsp
671 Ourobolus★ 09-20-2015 05:35 PM ET (US)	/m670 no shit
672 Corn 09-20-2015 05:38 PM ET (US)	Splinter I am in trouble once Cabot and someone else dies tomorrow. I think we best kill fireblend or Kalor. Then hopefully I can either claim I am actually multiple and lied to throw scum off, or we can blame someone like salva.
673 Splinter 09-20-2015 05:54 PM ET (US)	I think you can keep your claim as 1 shot, maybe convince people there are 2 1 shot killers (one on each team). In that case we can just kill 2 "confirmed" town tonight and you'll end up even more trusted (maybe)
674 Corn 09-20-2015 06:22 PM ET (US)	Should I call you out on lunching salva?
675 Corn 09-20-2015 06:23 PM ET (US)	It's a dumb thing to do. Salva is like last choice for lynch since he's pseudo night kill immune.
676 Corn 09-20-2015 06:28 PM ET (US)	Though if we could get town to lynch him then lol
677 Splinter 09-20-2015 06:38 PM ET (US)	If you want. I'm not in too much danger at the moment and it puts more distance between us

682 Corn 09-20-2015 07:06 PM ET (US)	Hope you enjoyed my show Hyper. Also splinter, salva mentioned he was going to post his reasoning for a hyper lynxh. But never posted it before that day ended. Or ever. You maybe could use that as an argument on him?
683 Splinter	Thanks, I might use it later. Staying on you/Topo for now though

09-20-2015 07:14 PM ET (US)	
684 Corn 09-20-2015 08:02 PM ET (US)	BSPs read list is horrible for us btw. She labeled you and me as non suspicious. Cabot is shockingly on the right track. But he is dead from my poison tomorrow. And we can argue our way out of it.
685 Splinter 09-20-2015 08:08 PM ET (US)	Yeah that was a real bummer. To be honest I've been pretty sloppy all game, hopefully whenever one of us gets lynched the other will gain some trust
686 Corn 09-20-2015 08:24 PM ET (US)	Honestly I think I'd be calling for your blood for suggesting we lynch salva. Lol. And you missed the Hyper vote. I mean I don't think we are in a bad spot but we can lose this game potentially. Gotta choose our next targets carefully. El topo should be dead today. Cabot dies of poison. Do we kill blarg, fireblend, or Kalor? We might be able to make arguments about Kalor being scum. Attempted bandwagon on topo. Fireblend is a harder push. Blarg is confusing. I think that might get people to vote her out.
687 Corn 09-20-2015 08:24 PM ET (US)	Actually Kalors double vote is too dangerous.
688 Corn 09-20-2015 08:27 PM ET (US)	i can try to argue Salva is a liar tomorrow. Two people will be dead again. He might not be lynched but it might generate enough confusion for you to win. Hopefully it can be between me and salva and you can vote for me and gain enough trust to get to end game. Or hammer in salva if possible because I think we win anyway if we get him out tomorrow via lynch.
689 Corn 09-20-2015 08:45 PM ET (US)	We actually need to decide which route I take tomorrow. Do I say I am actually a multi killer and lied so scum wouldn't kill me? Or do I try and push salva as the liar? It might depend on how the day starts out.
690 CornB★ 09-21-2015 08:52 AM ET (US)	Lol @ El Topo thinking we werent given fake names to use. If only he knew the real reason our claims have been such ass. But you know... this works in your favor Splinter. Now if you name claim Marco Rubio or Scott Walker or whatever we were given, people may be inclined to believe you. Especially after Topo flips town.
691 CornB★ 09-21-2015 10:08 AM ET (US)	Since Kalor and Cabot will die tomorrow (you are ok with killing Kalor, right Splinter? Or should I submit the kill now that I can?) I don't think I can take credit for the kill. I'm simply going to lie and try to pin it on Salva being a dirty liar.
692 CornB★ 09-21-2015 10:24 AM ET (US)	Looks like you have to name claim. And for gods sake, claim normal town. Don't claim PR. You pretty much have to use one of the names we were given. Marco Rubio, or Scott Walker. Who is the better claim, flavor wise?
693 CornB★ 09-21-2015 10:46 AM ET (US)	I got erect when I read Fireblends post. "CB's argument above sounds extremely compelling; it'd be hard to pull off an accusation like that even if mafia had been planning for it to frame El Topo." Yes, I wasn't planning on framing El Topo for it. I just saw an opportunity and went for it. Who knew that Hyper and I refusing to use the names Ouro gave us would work out so favorably.
694 Splinter 09-21-2015 12:20 PM ET (US)	Sorry I havent been posting here, busy day, was just keeping up with the main thread
695 Splinter 09-21-2015 12:22 PM ET (US)	I agree Kalor is our best bet, too many people are going to trust him due to his double vote
696 CornB★ 09-21-2015 12:28 PM ET (US)	/m694 Don't worry about it. I think we've got today covered pretty well.
697 CornB★ 09-21-2015 03:44 PM ET (US)	Splinter, I need your opinion. I want to post this: "It's weird that you take Salva and I both having non-candidate names as being a sign that one of the two of us must be lying, rather than a sign that Ouro included non-candidate names for GOP in his game. Killing me to simply prove that seems really like a bad idea. And I'm not just saying that to be selfish. I've been thinking more on it and you were the one I think that pushed the idea that only 2 scum are left. And your reasoning is because the silencer hasn't used their power ever since Hyper's death. But what if they

	actually haven't used it to fool us into thinking there are fewer scum? What if there are 3 left? Then we're in lylo aren't we? Then all you and your remaining buddies would need to do would be to push for a weak "confirmation" lynch." Yes or no?
698 Splinter 09-21-2015 04:03 PM ET (US)	Mm, the second paragraph seems like too much of a stretch, to me. First bit seems ok
699 Splinter 09-21-2015 04:04 PM ET (US)	Especially with BSP dead, that would have been 4.5 scum out of 16 players
700 CornB★ 09-21-2015 04:08 PM ET (US)	Yeah I decided against it. Btw there's still two paths to go to tomorrow for me. 1. Try and pin blame on someone else and hope people don't vote me out. 2. Claim I actually can kill more than once and lied to fool scum. Kalor wasn't mentioned by BSP so I felt that was my best bet. Thoughts?

703 Splinter 09-21-2015 05:16 PM ET (US)	Damnit, I was going to claim him
704 CornB★ 09-21-2015 05:18 PM ET (US)	I mean you can still claim Scott Walker, since he was a candidate when the game was made. On an unrelated note, I'm gonna be real pissed if I'm somehow lynched instead of El Topo today. I probably pushed too hard. Should have just bailed after Cabot did.
705 Splinter 09-21-2015 05:28 PM ET (US)	I think Blarg votes can be ignored
706 CornB★ 09-21-2015 05:41 PM ET (US)	She didn't unvote and its been a whole 30 minutes. She might be serious. But anyway this is annoying. We were very close to just having this day over.

709 CornB★ 09-21-2015 06:52 PM ET (US)	God bless Fireblend. Don't get too comfortable though Splinter. We can still lose. Especially if they decide to lynch you tomorrow. But hopefully we can fool either Fireblend or Blarg or Salva. We just need to fool one of those three.
710 Splinter 09-21-2015 07:17 PM ET (US)	Huh... Just realised if everything goes to plan there will be 5 left tomorrow, 3 votes needed for a lynch. So we only need 1 person to vote on someone else and if we're both online can both vote together to end the game. Thats risking an override though...
711	I forgot to answer /m700

Splinter 09-21-2015 07:30 PM ET (US)	I think path 1 is best. Feign ignorance, people should be suspicious of Salva over you
712 Corn 09-21-2015 07:52 PM ET (US)	Splinter I think 4 will be needed for majority not 3.
713 Corn 09-21-2015 07:53 PM ET (US)	Oh shit never mind you are right. Fuck maybe we can trick Blarg into making a joke vote on fireblend or herself and hammer her home.
714 Splinter 09-21-2015 08:14 PM ET (US)	Himself We have to be careful with Blarg's votes. He often unvotes immediately or moves without warning. We don't want to get caught out. He isn't stupid though, he'll probably spot the situation I just described and not vote all day. We'll see
715 Splinter 09-21-2015 08:16 PM ET (US)	I'm just hoping no-one points it out before someone makes the mistake
716 CornB★ 09-21-2015 08:52 PM ET (US)	Splinter, yeah I don't think Blarg will do that since they aren't stupid. But if they fuck up... Don't forget theres a whole minute after posting where you may not post again. And we cannot edit posts. That means all it takes is one innocent joke or one person fucking up once. If we both happen to see it in that minute, we can pounce. We could both agree to be watching the thread like hawks during a certain period. You'd need to be committed to it though. If we fuck it up we'd be done.
717 CornB★ 09-21-2015 08:54 PM ET (US)	[highlight]Vote: Fireblend[/highlight] [highlight]Vote: Blargonaut[/highlight] [highlight]Vote: Salvapot[/highlight] Have this open in a tab. Or have all these copy and pasted and just make sure to keep the right one. I'll repost these later. Probably in 3 separate posts. During the start of the next day phase.
718 CornB★ 09-21-2015 09:09 PM ET (US)	I'm actually really wondering why there hasn't been another silence. Haven't you Splinter? Why would another town member ever silence cabot of all people? Do... do you think he might have actually been faking?
719 Splinter 09-22-2015 06:01 AM ET (US)	I think it was Topo, and I guess it was a 1 shot
720 CornB★ 09-22-2015 06:04 AM ET (US)	Just got a crazy idea Splinter. Tomrrow the people alive will be: Splinter Cornb Fireblend Blarg Salvapot What if... what if I don't claim town? What if I claim I am a neutral SK? I make this case: "Good morning everyone. As you may have figured out. I lied, about various things. My ability, as you can see, is more than one shot. And I'm not GOP. I'm a neutral SK as some predicted. That means if we are correct, there are 2 town, 2 scum, and 1 neutral. You're in LyLo town. LOL. If you vote for me, you officially lose. Scum will be even in number with you. Your only choice for a chance to win is to find the scum. If we successfully lynch scum, there will be 2 town, 1 scum, 1 neutral. If scum kills me, they have a significant chance of losing. So here's my offer to scum to not kill me during the night. I'll target Salvapot. You target the other towny. That will make the next day end at 1 scum, 1 neutral. Both with kill roles and both with 1 vote. It will be a draw, or rather a win for both me and scum. Unless I happen to die from targeting Salva, in which case you win scum. Congrats.
721 Corn 09-22-2015	I will only do that if it looks like my fate is sealed. I won't do it right away.

06:47 AM ET (US)	
722 Splinter 09-22-2015 08:13 AM ET (US)	Hmm, sound like there are two possibilities for town in that scenario: 1) Corn is telling the truth - we are guaranteed to lose 2) Corn is lying - we can still win if we lynch scum, and he's scum From those options, it only makes sense for them to lynch you. What happens if you, the neutral sk, side with town instead?
723 Splinter 09-22-2015 09:15 AM ET (US)	Sigh, I fucked up giving a title, didnt I?
724 Ourobolus★ 09-22-2015 09:16 AM ET (US)	lol
725 Corn 09-22-2015 09:17 AM ET (US)	I will think of making my offer more pleasing to town.
726 Corn 09-22-2015 09:19 AM ET (US)	Splinter wtf you knew what ordinary looks like. At least fireblend made the same mistake?
727 Corn 09-22-2015 09:22 AM ET (US)	Splinnnnnnnnnteeerrrrr
728 Splinter 09-22-2015 09:26 AM ET (US)	I hate Ourobolus for what he has done to me
729 Ourobolus★ 09-22-2015 09:27 AM ET (US)	lol. I didn't do anything. :P
730 Hyperactivity★ 09-22-2015 10:45 AM ET (US)	I need to get this out of my system SPPLLLIIIIINNNTTTEEEERRRR
731 Splinter 09-22-2015 11:18 AM ET (US)	I dont want to be scum anymore
732 Splinter 09-22-2015 12:30 PM ET (US)	I was going to say Loser, but Fire said ex ceo and I panicked
733 Splinter 09-22-2015 12:30 PM ET (US)	Sorry Corn :(
734 Corn 09-22-2015 01:07 PM ET (US)	I ducking hate my life
735 Corn 09-22-2015 01:17 PM ET (US)	Fire had to be silencer. We knew it was either him or Blarg. Think of a role claim somehow Splinter. If you are lynched I'm simply going to give up and resign.
736 Splinter	Why does everyone say that when I'm about to be lynched :(

09-22-2015 01:30 PM ET (US)	I want to hint at some sort of cop, then claim 1 shot bp tomorrow (I was trying to draw the nk)
737 Splinter 09-22-2015 01:39 PM ET (US)	"El Topo raised the idea of a SK still existing, but I don't agree with this. It hinges on the SK targeting nin on N1 when he was protected by L_P. I don't really see that scenario." Only slightly ironic
738 Corn 09-22-2015 02:38 PM ET (US)	Did my best to buy you a day
739 Splinter 09-22-2015 02:47 PM ET (US)	I'm more worried about you now :p This should be between Topo and Fire though
740 Splinter 09-22-2015 03:56 PM ET (US)	#unnecessarygambit Fire targets blarg We kill fire (and Cabot) I accuse blarg of faking his affliction, and that this was his plan all along (his Thanatos is only really a Thanatos if he's scum) We lynch blarg We win Can we risk Kalor being in the game? He's quite passive
741 Splinter 09-22-2015 03:56 PM ET (US)	Argh but fire is the easier lynch target...
742 Splinter 09-22-2015 03:58 PM ET (US)	Also Blarg could just vote twice and get yelled at by Ouro to prove he isnt faking
743 CornB★ 09-22-2015 04:06 PM ET (US)	I am not sure if we can risk Kalor. But he hasn't used his double vote again. Maybe it was one shot? But that's a huge risk. And despite his inactivity I dont think Kalor is dumb. El Topo is probably lynched today. I think Cabot is the only defender for Fireblend. Salva seems convinced that Fire is scum. I think we should kill Blarg. Then tomorrow argue Fire and Splinter are obvious scum. Splinter's role must be an additional one shot kill. I think you even alluded to that. And said there might be 1 on town (me) and 1 on scum (this will be you). Things become super confused once two deaths happen tomorrow. But if you survive we cannot afford not killing.
744 CornB★ 09-22-2015 04:08 PM ET (US)	actually nevermind... no Hyper could use his ability the same night he killed right? I will argue Splinter is 1 shot scum killer. Fire will silence Blarg. Then I will argue he must be able to submit kill and use his silence in the same night. We kill Kalor tonight. Kalor and Cabot die. Blarg silenced. I convince them to vote Fireblend out before you. We win. I can definitely trick Salva into voting Fireblend tomorrow. Then you and I simply need to hammer before he changes.
745 CornB★ 09-22-2015 04:11 PM ET (US)	Ok here is a draft: "2 people died today... fuck. However I think I figured it out. Splinter would not role claim yesterday. But I think he gave himself away. http://www.neogaf.com/forum/showpost.php?p...7962&postcount=2549 I am a 1 shot town indeed. Splinter must be the one shot scum that he "thought" (knew) existed. Meanwhile I decided to check Hyper's role PM. And indeed, nothing in it says he can't use his message power AND kill in the same night. I imagine the same applies to Fireblend's silence ability. He can use it and kill." http://www.neogaf.com/forum/showpost.php?p...7736&postcount=1692
746 Splinter 09-22-2015 04:14 PM ET (US)	#anotherunnecessarygambit Right before day end I claim I'll investigate Blarg tonight. Tell him he has the choice of killing me (and blaming scum for framing him) or killing Fire (as he has already planned to do). Tomorrow I say I'm obviously lying to draw the night kill, 1 shot BP
747 Splinter	Ok just kidding. Kinda.

09-22-2015 04:18 PM ET (US)	Corn I thought about that too but it more than likely leads to a THUNDERDOME of me vs. you
748 CornB* 09-22-2015 04:22 PM ET (US)	God Bless el topo. This useless discussion is going to waste time and ensure his death or Fire's. Or a tie.
749 CornB* 09-22-2015 04:24 PM ET (US)	Thunderdome? Why? I think we have to bus you. Claiming you are one shot scum killer is easy to fake tomorrow. Meanwhile you placed a vote on Topo right? You AND Fireblend I think. That further incriminates both of you.
750 CornB* 09-22-2015 04:38 PM ET (US)	WOOHOOO!!!!
751 CornB* 09-22-2015 04:38 PM ET (US)	Splinter you want to submit the kill tonight or should I? Should you bother modifying it? Kalor is our target right?
752 Splinter 09-22-2015 04:39 PM ET (US)	If you claim the dual I shot killers thing and they decide to vote me over fire (likely) my only option is to claim I'm the hope aligned one and you are scum THUNDERDOME Maybe. I'm not sure of anything anymore. Thank god this day is finally over.
753 CornB* 09-22-2015 04:40 PM ET (US)	No. You try and pass yourself off as town. Make a fake(er) role claim, and then push for a Fireblend vote. Remember, we only need ONE person to vote Fireblend tomorrow at a convenient time. Then we can hammer him if we both see the post within a minute.
754 CornB* 09-22-2015 04:41 PM ET (US)	However I do have work tomorrow so that will be hard to do. I'm not going to make my post until I get home or something.
755 Splinter 09-22-2015 04:42 PM ET (US)	Do you want to? I don't think it matters... I should save my last STRONG for Salva, just in case. (Although I saw Ouro's answer before he edited, so I don't think my ability works on Salva)
756 Corn 09-22-2015 04:57 PM ET (US)	Eh we don't need it. Btw did Kalor place a vote? I still think he is our safest bet. Only other choice is Blarg. But we could feasibly be fine leaving Kalor alive. And I think Blarg suspects Fire anyway so her being alive is fine.
757 Splinter 09-22-2015 06:01 PM ET (US)	Alright, I'll use my ability on Kalor. I think we are all or nothing tomorrow anyway
758 Splinter 09-22-2015 06:02 PM ET (US)	(Will do it in the morning in case you have any other ideas before I wake up)
759 CornB* 09-22-2015 06:39 PM ET (US)	Ok so you're submitting the kill for sure?
760 Splinter 09-23-2015 03:03 AM ET (US)	Oh, need a roleclaim
761 Splinter 09-23-2015 04:36 AM ET (US)	Twice per game I can ask for more funding and survive an NK
762 Splinter 09-23-2015 04:37 AM ET (US)	Scott Walker is the Koch brothers' stooge right? Edited 09-23-2015 04:37 AM

763 CornB★ 09-23-2015 06:02 AM ET (US)	I wouldn't believe that claim at all. lol. Twice per game BP? In a game with a 50% bomb, and wall, and doctor, and 1/shot kill? I think we may be better off having me suggest you and Fire are the last two Despair, and using your post about the possibility of a scum 1 shot killer as evidence that you are one shot kill. Then we just need to pray people vote Fireblend rather than you.
764 CornB★ 09-23-2015 06:09 AM ET (US)	Actually nevermind. I wont throw you under the bus like that. Backfire chance too high. I'll try thinking of a role claim for you but I dont know much about Scott Walker so I cant BS flavor.
765 Splinter 09-23-2015 06:36 AM ET (US)	Well its only BP on the nights where I issue the command FUND, and I can only do that twice per game I just need to check how I reacted to Hyper's claim so I can say I didnt believe it based on my role
766 Splinter 09-23-2015 06:36 AM ET (US)	I also dont believe Salva's role for the same reason
767 Splinter 09-23-2015 06:38 AM ET (US)	Also remember there should be an extra kill tonight, so the SK theories come out and all the protection/bp makes more sense
768 Splinter 09-23-2015 06:40 AM ET (US)	I could say its only once per game, but thats an insanely weak role I could also claim normal 1 shot bp, its such a pathetic claim now that maybe they will have mercy on me. Again I'd need to check my reaction to Hyper (he claimed the same right?)
769 Splinter 09-23-2015 07:34 AM ET (US)	Sent the kill
770 Corn 09-23-2015 09:29 AM ET (US)	Insanely weak role makes sense. Silence is weak. Kingkitty was weak.
771 Corn 09-23-2015 09:31 AM ET (US)	Hmm if you didn't believe Salvador role why not say something sooner? Town will press you on that.
772 Splinter 09-23-2015 10:16 AM ET (US)	Kitty wasnt really weak, any kind of cop is an important role I did say I didnt believe Salva, but I can double check my posts. Also it wouldnt mean I'm sure Salva is lying, just gives me slightly more reason to doubt
773 Ourobolus★ 09-23-2015 02:53 PM ET (US)	Heads up, gonna start a little early.
774 Splinter 09-23-2015 02:58 PM ET (US)	Yesss Wakey wakey CornBro, lets wrap this shit up before I go to bed
775 CornB★ 09-23-2015 03:05 PM ET (US)	I'm here. I'm not going to start the day though. I'm too scared.
776 CornB★ 09-23-2015 03:07 PM ET (US)	"Splinter 08-22-2015 05:39 PM ET (US) Also CornBro is a moron " Oh am I? Maybe I should fucking out both of us.
777 Splinter 09-23-2015 03:10 PM ET (US)	lol, when was that?

778 CornB★ 09-23-2015 03:11 PM ET (US)	8-22-2015. DR scum chat. You fucking chucklefuck b*tch. :(My feelings are hurt.
779 Splinter 09-23-2015 03:16 PM ET (US)	Dude dont take it seriously :/ You were the only Hope playing putting in effort for most of the game, it was just fun messing with you. The comments in Despair chat weren't meant to be mean-spirited. Also I'm assuming that was D5 or whatever when you were calling me out in the thread. I was just bitching
780 CornB★ 09-23-2015 03:17 PM ET (US)	Heh. I was tricked fairly easily in your defense. Though that was my first foray into mafia. We're cool. I thought of a good way to pin the death on Fireblend possibly. We can win.
781 Splinter 09-23-2015 03:19 PM ET (US)	Same with stuff people say in the dead thread, the only reason you flip-flopped on stuff was because you kept looking at new evidence that was coming in (in comparison to, say, goshu who decided swamped was Despair on D7 and literally never read another post the rest of the game). I pushed the flip-flop meme to slow Hope down
782 CornB★ 09-23-2015 03:25 PM ET (US)	How well do you think I can sell the theory that Fireblend's silence actually sets up someone for a later game kill? Ie. PM <Downsize><player>. They are silenced and can only vote once. Later in the game on any other night you can PM me <Downsize> once again and kill/fire the player who was downsized prior.
783 Splinter 09-23-2015 03:26 PM ET (US)	OH, I thought of a way for us to vote: 1. I see the vote 2. I post in here CONFIRM 3. I refresh like crazy until your CONFIRM comes in 4. I vote 1. You see the vote 2. You look in here, wait for my CONFIRM 3. You post CONFIRM 4. You vote immediately
784 Splinter 09-23-2015 03:27 PM ET (US)	That cool? I've put me confirming first just to avoid confusion. Will probably pretype my post before confirming. Dont confirm if you are on a 1 minute GAF cooldown D:
785 Splinter 09-23-2015 03:28 PM ET (US)	Thats not an unreasonable theory, worth a swing I think
786 Splinter 09-23-2015 03:30 PM ET (US)	5. Blarg overrides us
787 CornB★ 09-23-2015 03:30 PM ET (US)	Why wait for me to confirm exactly? Or why wait for you to confirm? The second Fireblend or Salva misvotes we need to jump in that minute. Do we have time to post "CONFIRM"
788 CornB★ 09-23-2015 03:30 PM ET (US)	If Blarg overrides us, w/e. I think this is our best bet.
789 Splinter 09-23-2015 03:33 PM ET (US)	We need to post at the same time or we're fucked. I'm not expecting them to immediately unvote, better safe than sorry 3.5: Make sure their vote is still active before submitting yours
790 CornB★ 09-23-2015 03:36 PM ET (US)	Ok we can do the vote -> check thread -> post confirm thing.
791 Hyperactivity★ 09-23-2015 03:43 PM ET (US)	Good luck guys I believe in you

792 CornB★ 09-23-2015 03:46 PM ET (US)	I believe in us too. Hyper you inadvertently set us up for an easy El Topo lynch. :)
793 CornB★ 09-23-2015 03:50 PM ET (US)	is Fireblend going to figure out I'm scum based on the faulty assumption that I spent the night preparing a hypothesis about his power? Because I literally thought about it less than 15 minutes ago or whenever I posted it in here.
794 Splinter 09-23-2015 03:52 PM ET (US)	lol, probably. The pain of being scum
795 CornB★ 09-23-2015 03:54 PM ET (US)	He's right for the wrong reasons :(Thank fuck everyone seems so scummy this game. Bless you Blarg for your confusing ass playstyle. Such an anti-town way to play. And bless Salva being such an enigma. That 50/50 psuedoBP claim is such a blessing and a curse in LyLo. People become too afraid to trust you.
796 CornB★ 09-23-2015 04:00 PM ET (US)	I think I can protect you. I'll let Fire believe that there's a neutral SK and that he loses the game if he votes the SK out. I've already stated numerous times that the neutral SK has to be Splinter or Salva. He'll be forced to vote for Blarg.
797 Splinter 09-23-2015 04:02 PM ET (US)	Lol relax he's nowhere near voting for you
798 Splinter 09-23-2015 04:09 PM ET (US)	Err... If anyone claims SK, we've lost. Even if they're lying
799 Ourobolus★ 09-23-2015 04:11 PM ET (US)	jerkwad, blaming me.

801 CornB★ 09-23-2015 04:18 PM ET (US)	I dont think town will claim SK.
802 Splinter 09-23-2015 04:24 PM ET (US)	I should've claimed SK as soon as the day started, would've been a cool way to win/lose
803 CornB★ 09-23-2015 04:29 PM ET (US)	Wtf... I mentioned claiming SK as well and you nixed that idea.
804 Splinter 09-23-2015 04:35 PM ET (US)	Err...
805 CornB★ 09-23-2015 04:36 PM ET (US)	Well I suppose me claiming it and you claiming it is different.
806 Splinter 09-23-2015 04:38 PM ET (US)	Oh, no I shouldnt claim either. SK tells scum to vote with him, eliminate Hope and win. If you or me claim SK, there arent enough scum to vote out a Hope player. So yeah I shouldnt have claimed SK, didnt really think that through

807 CornB★ 09-23-2015 04:42 PM ET (US)	lol "Hope" Took me forever to drop the habit of calling the sides "Hope" and "Despair".

812 Splinter 09-23-2015 05:22 PM ET (US)	It wasnt THAT bad :P Just means I'll probably have to role claim, which is annoying
813 CornB★ 09-23-2015 05:27 PM ET (US)	It was kinda bad. Thankfully Fireblend was the silencer. And an ex-CEO which some people didnt believe. Side effect is it made my Roger Ailes claim look even more legit.
814 CornB★ 09-23-2015 05:27 PM ET (US)	Blarg needs to show the fuck up so Salva/Fire/Blarg can mislynch and we can hammer this win in.

839 Corn 09-23-2015 08:05 PM ET (US)	Ouro in my pm you told me something different than you posted in the thread.
840 Corn 09-23-2015 08:05 PM ET (US)	About the 2 town/2scum/1neutral scenario
841 Ourobolus★ 09-23-2015 08:09 PM ET (US)	Huh? If you equal/outnumber the GOP numbers you win.
842 Splinter 09-23-2015 08:13 PM ET (US)	If Salva sides with me it would literally be a first /sigh
843 CornB★ 09-23-2015 08:36 PM ET (US)	Me: "Out of curiosity, what would happen if there were 2 town, 2 scum, and 1 neutral left in your game? Does scum win since they equal the number of town players?" You: "No"
844 Ourobolus★ 09-23-2015 08:38 PM ET (US)	Oh. I somehow missed that. Well, yes and no. If BSP had been able to vote, then yes, that would be the case.
845 Splinter 09-23-2015 08:48 PM ET (US)	Going to bed, good luck
846 Splinter 09-23-2015 09:05 PM ET (US)	We have a good chance here, the vote analysis has taken them as far as it can go. They should (hopefully) lock this down to a Splinter/Blarg or Corn/Blarg death battle, and be forced to analyse past behaviour. With Blarg contributing so little throughout the game I'd be kind of disappointed to lose that (although its still entirely possible)
847 Corn 09-23-2015 09:17 PM ET (US)	[highlight]Vote: Blargonaut[/highlight]
848 Splinter 09-23-2015 09:19 PM ET (US)	Well technically you can. Your situation is identical to mine from your POV
849 Corn 09-23-2015 09:21 PM ET (US)	So do you know which two people subscribed to the Kark thread? Because I misplaced my vote there for one second.
850 Corn 09-23-2015 09:21 PM ET (US)	Which doesn't matter so long as Blarg isn't the subscribed person.
851 Ourobolus★ 09-23-2015 09:22 PM ET (US)	launch is one of them, not sure of the other.
852 Splinter 09-23-2015 09:24 PM ET (US)	[highlight]VOTE: CornBurrito[/highlight]
853 CornB★ 09-23-2015 09:24 PM ET (US)	I think I solved it anyway. I'm not signed in on mobile where I made the mistake.
854 CornB★	If not though, what a way to lose lol.

09-23-2015 09:28 PM ET (US)	
855 Splinter 09-23-2015 09:37 PM ET (US)	Blarg doesnt really matter, its only Fire or Salva that can decide this game
856 CornB* 09-23-2015 09:39 PM ET (US)	I'm almost entirely positive neither of those two are subscribed to that thread.
857 Splinter 09-24-2015 06:24 AM ET (US)	A mistake I keep making when considering posts: Pretending we're town, if we lynch town we lose, thats correct. But I keep thinking along the lines of "if we lynch Blarg we win, I dont care about anyone else", but this is false: if town lynch scum today, they still have another day of lylo tomorrow. Just pointing it out in case you were thinking something similar, it came very close to tripping me up last night
858 Corn 09-24-2015 06:46 AM ET (US)	Yeah. We aren't doomed if they guess correctly today.
859 Corn 09-24-2015 06:47 AM ET (US)	The key word being guess. They have no clue. I am night killing Blarg if he survives and you die. Thoughts?
860 Splinter 09-24-2015 07:00 AM ET (US)	Check the possible scum teams. I can only be paired with you or Blarg If either of us dies tonight, we have no choice but to kill Fire (or Salva but y'know)
861 Splinter 09-24-2015 08:01 AM ET (US)	Corn pls
862 Splinter 09-24-2015 08:02 AM ET (US)	Pls Corn
863 Splinter 09-24-2015 08:04 AM ET (US)	Corn
864 Splinter 09-24-2015 08:05 AM ET (US)	Corn pls.
865 Splinter 09-24-2015 08:05 AM ET (US)	Technically he's either stupid or has an override, but I dont really care, lets get this over with
866 Splinter 09-24-2015 08:07 AM ET (US)	lol
867 Corn 09-24-2015 09:06 AM ET (US)	Omfg I was at work. I have a small 15 min break right now
868 Corn 09-24-2015 09:08 AM ET (US)	Blarg too smart for his own good. Should we bring up that he may be a scum override?
869 Splinter 09-24-2015 09:17 AM ET (US)	No, if thats true town has lost no matter what, it doesnt help us

870 Hyperactivity★ 09-24-2015 09:29 AM ET (US)	/m861 That midnight self vote Utterly cruel
871 Corn 09-24-2015 11:18 AM ET (US)	Yeah I realized that a second after suggesting it splinter.
872 CornB★ 09-24-2015 02:51 PM ET (US)	Salva thinks Blarg is scum in 4/5 scenarios. We just need to play the waiting game Splinter.
873 Splinter 09-24-2015 03:14 PM ET (US)	Yeah if fire follows his analysis he will come to the same conclusion (to be honest I thought we reached that point yesterday) The thing is that 1/5 can still seem more likely to them than the 4/5. We're basically in a 1v2 THUNDERDOME, but for some reason they don't seem to realise it yet
874 Splinter 09-24-2015 03:19 PM ET (US)	wtf Fire and Salva are looking so shady today
875 CornB★ 09-24-2015 03:42 PM ET (US)	Salva getting dangerously close to voting me out I think. He's smart.
876 Splinter 09-24-2015 03:45 PM ET (US)	Noone will vote in a hurry, and they shouldn't* vote for either of us unless they think its both *but might
877 CornB★ 09-24-2015 03:53 PM ET (US)	If either of us dies, we need to push HARD on a Blarg vote tomorrow or something.
878 Splinter 09-24-2015 03:59 PM ET (US)	Yeah, I dont think anything else is realistic There is the neutral theory? Thing is that makes today slightly harder but tomorrow slightly easier. I'm staying away from it because I think today is our better chance Edited 09-24-2015 04:00 PM
879 Splinter 09-24-2015 04:26 PM ET (US)	Eurgh, Fire annoying me now, flashbacks to DR
880 CornB★ 09-24-2015 04:32 PM ET (US)	VOTE FOR BLARG YOU FUCKING FUCK FIREBLEND. DO IT.
881 CornB★ 09-24-2015 04:33 PM ET (US)	inb4 Blarg override power.

883 CornB★ 09-24-2015 04:41 PM ET (US)	I dont think you and I are putting enough fire on each other.
884 Splinter 09-24-2015 04:41 PM ET (US)	Too late really, I've justified my position though
885 Ourobolus★	lol this is fun to watch

889 Splinter 09-24-2015 05:00 PM ET (US)	Am I going lose to someone that literally hasnt posted an argument? No no, no more salt
890 Splinter 09-24-2015 05:03 PM ET (US)	Ah I'm going to lose because I went to a restaurant while on holiday, nice

892 Splinter 09-24-2015 05:20 PM ET (US)	I hope Blarg is an act, because knowing he's town these posts are a little disturbing
893 Splinter 09-24-2015 05:24 PM ET (US)	DO NOT GET EXCITE. Salva did NOT vote yet
894 Splinter 09-24-2015 05:25 PM ET (US)	I forgot he cant hammer, would have been awkward. Corn please give some reason when you vote, even if its just "Splint analysis is right" or w/e

910 CornB★ 09-24-2015 06:27 PM ET (US)	BSP, thank you for listing El Topo as a town read, and me as a scum read. It helped get Topo lynched.
911 CornB★ 09-24-2015 06:27 PM ET (US)	And sorry we killed you to "prove" my vig claim.
