12 ynnnny★ 09-11-2015 06:42 AM ET (US)	ooohhhh first headbutts between cabot and burbsy~~~ exciting :> so far every one's playing true to their form. nice seeing cabot using the fluff early to package his messages. sorian's attention seems slightly divided between nx and here though haha~
13 Ourobolus★ 09-11-2015 09:12 AM ET (US)	I'm really interested to see how bananaspac Princess plays. Her role is...interesting, to say the least.
14 ynnnny★ 09-11-2015 10:42 AM ET (US)	i like her so far! shes cute :> interesting, eh???? mmmmm i wonderrrrr..... curioser and curioser~
15 swamped★ 09-11-2015 12:18 PM ET (US)	Oooo Fireblend, good point about Palmer!
16 ynnnny★ 09-11-2015 09:35 PM ET (US)	omg lol splinter so salty about sawneeks #cringe~ :>
17 Ourobolus★ 09-11-2015 09:43 PM ET (US)	YNNNY - no spoilers here until they start dying! :P
18 swamped★ 09-11-2015 10:04 PM ET (US)	This game is turning out to be super fun to watch. I like Kalor, he is one of those people who tends to go under the radar, but he actually has a very particular style. He never gets mad at anyone and i really respect that.
19 ynnnny★ 09-11-2015 11:09 PM ET (US)	/m17 whhhhhhaaaaaat where i no spoilerageeeee ;____;???? i donno anything! swear~ ;____;
20 Ourobolus★ 09-11-2015 11:23 PM ET (US)	You didn't. It was preemptive :P
21 ynnnny★ 09-12-2015 12:37 AM ET (US)	oh ok. phew. i am very ANTI spoilerzzzzzz, yessir o7
22 ynnnny★ 09-12-2015 12:15 PM ET (US)	Cabot used his ability!!! Hahaha~ nin's reactions so cute!!! ^ _____ ^
23 ynnnny★	Nice :> legit scumhunting going on in there right now~ I'm liking how d1 has shaped up for towns side in this game so far!

09-12-2015 01:20 PM ET (US)	Sorian is true to form, as always. I like nin's style too! And Palmer is always one to watch, mmmm...
24 ynnnny★ 09-12-2015 01:21 PM ET (US)	I'm just going to continue to commentate and talk to myself in my fan girl mode until the first death joins us XD hope no one minds...
25 ynnnny★ 09-12-2015 01:23 PM ET (US)	Poor topopi~ already coming under heat again XD Also lol at the people keep coming in thinking the days thing to end soon. Like Mazre said, Reading is Fundamental!
26 swamped★ 09-12-2015 01:33 PM ET (US)	I like reading your monologues lol. Cabot used an ability! Exciting.
27 swamped★ 09-12-2015 08:31 PM ET (US)	LOL Launchpad vs Splinter. So exciting.
28 ynnnny★ 09-13-2015 08:13 AM ET (US)	Aaaa what happened...?? Was out all day~ beautiful spring day~ Better catch up now :>
29 Ourobolus★ 09-13-2015 08:21 AM ET (US)	For those of us watching, here's what happened. One of the mafia accidentally posted something in the dead thread that was meant for the mafia thread. Launch gets email notifications so he caught it even though it was deleted. They fucked up bad, but I also don't like the idea of outside-information being used in the game, so I initially came up with a gameplay mechanic where if mafia NK'd Launch, their player would die too. If Launch outed the quicktopic info, he'd die alongside them. Launch suggested just replacing him which is the route we ended up going. There wasn't really an easy way to go about doing that. Was seriously considering a reboot.
30 Ourobolus★ 09-13-2015 09:32 AM ET (US)	Sorian's about to eat his hat.
31 Launchpad 09-13-2015 09:35 AM ET (US)	I only know two of the mafia, and I dont think I gave them enough to move on the first one, so I think we're probably safe
32 Launchpad 09-13-2015 09:39 AM ET (US)	Correction, it seems I only knew one of the mafia lol
33	aaaaaaaah i see~

yynnny★ 09-13-2015 09:49 AM ET (US)	silly slip up! i will find out who it was once the game's over and bap his head! >:D hi launchie!!! AAAAAAAAAAAAA RECEIPTS TIME! RECEIPTS TIME! *excite*
34 yynnny★ 09-13-2015 09:53 AM ET (US)	OMG they are piling up on kingkitty's 50-50% thingy now XD;;;;;; I will link Sorian to a chocolate hat~ later~ :D omnomnom
35 Launchpad 09-13-2015 09:54 AM ET (US)	And my gut was right about the other two mafia. Guuuuuuuuuuh This feel sucks.
36 kingkitty 09-13-2015 10:03 AM ET (US)	lol
37 yynnny★ 09-13-2015 10:04 AM ET (US)	hiiii kitty!!! \o/
38 roytheone★ 09-13-2015 10:04 AM ET (US)	Hello, I am now also here to make fun of those GOP idiots!
39 Ourobolus★ 09-13-2015 10:04 AM ET (US)	When I was creating that role, I was like - "someone is totally gonna call me out for hating RNG." Which I still do, but given that I wanted Huckabee to be some kind of cop, it kinda made sense with my hatred for the GOP. :)
40 kingkitty 09-13-2015 10:05 AM ET (US)	i didn't even know you hated rng totes backfired on me
41 yynnny★ 09-13-2015 10:07 AM ET (US)	hiiiiiii royroy \o/ lets make fun of topopi until he arrives here >:D
42 Launchpad 09-13-2015 10:07 AM ET (US)	Oh, and I was Donald Trump. lol
43 roytheone★ 09-13-2015 10:08 AM ET (US)	BTW, what is the use of a cop power that has only a 50 % chance to return correct results? seems pretty much useless to me. ALSO, EL TOPO STILL LIVES FUCK THIS GAME.
44	Donald Trump? that's the best role probably.

kingkitty 09-13-2015 10:09 AM ET (US)	also is el topo scum?
45 ynnnny★ 09-13-2015 10:10 AM ET (US)	kitty, this thread is spoiler free, but if you wants to know who the scums are, PM OUROSTEWART~ ...donald trump!!!! WOAHA that be the best role!!! what was your powers, launchie?
46 Launchpad 09-13-2015 10:11 AM ET (US)	/m44 It was the roleblocker. I was actually planning on selling it as bulletproof, since the flavor still lends itself to that and mafia would probably leave me alone.
47 Ourobolus★ 09-13-2015 10:12 AM ET (US)	/m43 Insane Cop is an actual role, but yes, it's largely useless. Kk's role was really mostly there as a way to counter a role that the mafia has. There's also a neutral that would have interacted with it.
48 Ourobolus★ 09-13-2015 10:12 AM ET (US)	/m46 technically you were a jailor - roleblocker/doctor.
49 ynnnny★ 09-13-2015 10:13 AM ET (US)	/m46 aaahhh cool~ i love roleblockers (biasbias)
50 Launchpad 09-13-2015 10:13 AM ET (US)	/m48 d'oh, yes. Jailor. I thought it when I saw the role too lol
51 kingkitty 09-13-2015 10:14 AM ET (US)	my head was full of "what??" when I read the alignment thing lol
52 roytheone★ 09-13-2015 10:14 AM ET (US)	/m44 El topo is always scum, ALWAYS!
53	Deleted by topic administrator 09-13-2015 11:27 AM
54 Ourobolus★ 09-13-2015 10:16 AM ET (US)	/m51 lol, yeah. Sorry! It really is a weird role.
55 Launchpad 09-13-2015 10:16 AM ET (US)	/m53 SHHHH don't talk about ongoing games. wait, is anyone in here even in NX? lol
56 kingkitty 09-13-2015 10:17 AM ET (US)	i kinda want to correct fireblend, but i'm dead

57 swamped★ 09-13-2015 10:18 AM ET (US)	This thread sure exploded. With kingkitty's remains hahahaha
58 ynnnny★ 09-13-2015 10:19 AM ET (US)	royroy is still in NX! okies i wont talk about other games :x just kidding around about your unfortunate role confusion but hopefully that's not any spoilerage at any level ~____~ waaaaah~
59 Launchpad 09-13-2015 10:20 AM ET (US)	/m58 oh yeah, I keep forgetting he even exists... KIDDING!!!
60 Ourobolus★ 09-13-2015 10:20 AM ET (US)	KK - if you have a death message, feel free to PM me
61 kingkitty 09-13-2015 10:21 AM ET (US)	aite
62 ynnnny★ 09-13-2015 10:25 AM ET (US)	/m59 buuurrrnnnnss~
63 Ourobolus★ 09-13-2015 10:30 AM ET (US)	There's still one more RNG role out there...
64 kingkitty 09-13-2015 10:38 AM ET (US)	i hope he or she has 5 rng abilities
65 roytheone★ 09-13-2015 10:51 AM ET (US)	/m58 best to never mention anything about NX as long as it is still going. Even if it isn't a direct spoiler, anything you say can influence me or Launch.
66 ynnnny★ 09-13-2015 11:18 AM ET (US)	/m65 aye aye sir o7
67 Ourobolus★ 09-13-2015 12:20 PM ET (US)	Fuuuuck I just realized I goofed something up. BSP's vote shouldn't have counted. Goddammit.
68 Ourobolus★ 09-13-2015 12:20 PM ET (US)	I was running around trying to find my wife's purse she drunkenly left somewhere last night that I wasn't paying attention to the votes.
69 roytheone★	/m68 Kitty was getting lynched anyway, but I can see that becoming a problem when BSP roleclaims and it doesn't line up with the vote counting

09-13-2015 03:32 PM ET (US)	today.
70 Ourobolus★ 09-13-2015 03:44 PM ET (US)	I've already planned out that I'll address that I accidentally called Day 1 with one vote short. I won't give the name of the voter that wouldn't count.
71 kingkitty 09-13-2015 04:23 PM ET (US)	i demand a recount ouro, i'll see you at the supreme court
72 Ourobolus★ 09-13-2015 04:52 PM ET (US)	Huckabee doesn't believe in those activist judges. Nice try.
73 ynnnny★ 09-13-2015 06:34 PM ET (US)	ouro i saw that~ but i think it can be fixed with in-game flavour~ like Florida caused a vote recount and turned out that one vote did not count or something like that? :>
74 Ourobolus★ 09-14-2015 12:24 PM ET (US)	Lol, Day 2 is gonna be interesting. Everyone pay attention to cabot. :D
75 Ourobolus★ 09-14-2015 02:44 PM ET (US)	Oh nice, finally got the last command in. One of the Mafia roles failed, lol.
76 Soriant★ 09-14-2015 05:04 PM ET (US)	CURSES
77 Burbeting★ 09-14-2015 05:05 PM ET (US)	The short third life of Burbeting has thus concluded :P.
78 Ourobolus★ 09-14-2015 05:07 PM ET (US)	Yeah man, maybe you should play dumb next time <3
79 Soriant★ 09-14-2015 05:08 PM ET (US)	Did I die because I questioned cabot and Nin?
80 Ourobolus★ 09-14-2015 05:10 PM ET (US)	Nope. You got RNG'd to death.
81 Burbeting★ 09-14-2015 05:11 PM ET (US)	/m78 Well I do feel like my playstyle is seemingly very destructive in GAFIA's in all the wrong reasons ;(. Maybe next time I'll just play dumb and make dumb comments.

82 Ourobolus★ 09-14-2015 05:11 PM ET (US)	/m81 You're too good as a townie. We're all fucked if you ever land Mafia.
83 Burbeting★ 09-14-2015 05:12 PM ET (US)	Wait. If Sorian got RNG'ed, was I killed by the Mafia? If so, that was dumb since I was basically chasing PR's D1 and nothing else. Also haha at Cabot.
84 Sorian★ 09-14-2015 05:12 PM ET (US)	/m80 Damn you and your love for RNG! Can you just PM Me the circumstance of my own death? I don't care about any other spoilers. Also, lol at whatever you did to cabot.
85 Ourobolus★ 09-14-2015 05:14 PM ET (US)	Done. And Burb, yes.
86 Sorian★ 09-14-2015 05:14 PM ET (US)	Palmer: "Sorry I semi-outed you sorian, but i thought you were scum. I never did buy your explanation on that post." H8 you! Sorry that my bad explanation was the whole truth and you didn't read the sample role properly. >:(
87 Burbeting★ 09-14-2015 05:16 PM ET (US)	/m85 Wow then the Mafia was dumb. I was basically just hunting Kitty, Nin and Cabot yesterday, they could have easily created suspicion against me for it.
88 Burbeting★ 09-14-2015 05:19 PM ET (US)	Also you should have made Cabot also abide by rules "every time you mistype my nickname, you have an extra day of posting like that" *looks at the "Ourubolus"* pic
89 Ourobolus★ 09-14-2015 05:19 PM ET (US)	lol, I should have, hahaha
90 Sorian★ 09-14-2015 05:21 PM ET (US)	Sent you my last will and testament to post to the thread.
91 roytheone★ 09-14-2015 05:22 PM ET (US)	At least I made it to day 2 as the (backup) doctor! Better than sorian confirmed!
92 Burbeting★ 09-14-2015 05:22 PM ET (US)	Oh, can I do that too or is that reserved to only PR:s? Also hi roy
93 Sorian★ 09-14-2015 05:23 PM ET (US)	/m91 It doesn't count, Gafia always kills in order ;_;
94	Kinda interested on peeking the Mafia chat now, just to see why they

Burbeting★ 09-14-2015 05:24 PM ET (US)	suddenly decided to off me.
95 Ourobolus★ 09-14-2015 05:24 PM ET (US)	/m92 You can send me something. Just fluff, no game talk in it.
96 roytheone★ 09-14-2015 05:25 PM ET (US)	Was I the only one that did that for archer? Can't remember anymore.
97 Ourobolus★ 09-14-2015 05:26 PM ET (US)	/m96 I think so. /m94 You had named one of them in your reads, though it might not have been with suspicion. Also you were mostly going after cabot, so they wanted to misdirect a little.
98 Burbeting★ 09-14-2015 05:29 PM ET (US)	/m95 sent a dumb fluff post /m97 okay. I won't ask spoilers for now, I want to think with my own brains for at least this second day.
99 Burbeting★ 09-14-2015 05:30 PM ET (US)	Thank you Mr.President for completely forgetting the existense of the Governor of Louisiana ; (. http://www.tehelka.com/wp-content/uploads/2015/06/Jindal.jpg Edited 09-14-2015 05:32 PM
100 roytheone★ 09-14-2015 05:32 PM ET (US)	Lol @ Cabot. There is a similar 'curse' in some ONUW games, but doing that on quick topic would kind of suck.
101 Soriant★ 09-14-2015 05:36 PM ET (US)	Oh he can do gifs too? Thought it was just memes. This seems fun.
102 Soriant★ 09-14-2015 05:41 PM ET (US)	I read what happened with Launch by the way, sorry for drawing attention to it.
103 Ourobolus★ 09-14-2015 05:44 PM ET (US)	/m102 It's ok. You couldn't have known. I think the damage was minimal.
104 Launchpad 09-14-2015 05:45 PM ET (US)	Welcome Soriant, Burb.
105 Ourobolus★ 09-14-2015 05:47 PM ET (US)	I wonder why no one is discussing the PSA I posted in the update...
106	So BSP's vote is fake?

Sorian★ 09-14-2015 05:53 PM ET (US)	
107 Burbeting★ 09-14-2015 05:54 PM ET (US)	Hi Lunchbud. Also Ouro, I guess you aren't going to compensate the town from that, I guess? Well Kitty was going to die anyway. And I guess they just think it was a fuck-up, and don't think about it.
108 Ourobolus★ 09-14-2015 05:54 PM ET (US)	Yep. I was really busy when I did the day-end update that I didn't realize hers was the hammer.
109 Sorian★ 09-14-2015 05:54 PM ET (US)	Oh wait! I do have one more question and you can just answer it here because it won't spoil anyone else. Did I protect scum, neutral, or town?
110 Ourobolus★ 09-14-2015 05:55 PM ET (US)	/m107 Yeah, I think kk would have been lynched anyway. Not going to worry about it, but I wonder if anyone is going to pick up on the fact that there are clearly 9 votes and I made a point to say there were only 8.
111 Launchpad★ 09-14-2015 05:55 PM ET (US)	who did you protect
112 Ourobolus★ 09-14-2015 05:55 PM ET (US)	/m109 Town
113 Sorian★ 09-14-2015 05:56 PM ET (US)	Score, I did all I could do then even if it didn't matter.
114 Burbeting★ 09-14-2015 05:57 PM ET (US)	/m113 but you didn't protect me, eh :P? Kidding, kidding. Edited 09-14-2015 05:57 PM
115 kingkitty 09-14-2015 06:01 PM ET (US)	sup guys
116 Sorian★ 09-14-2015 06:04 PM ET (US)	/m114 You made too much of a name for yourself, I didn't think they'd hit you first lol
117 Burbeting★ 09-14-2015 06:12 PM ET (US)	Hi Kitty. Sorry I hunted you yesterday. /m116 well looking at my track record... but yeah I know :D. If I was a doctor, I guess I would've aimed at nin.
118 Ourobolus★	Now they're getting it.

09-14-2015 06:31 PM ET (US)	
119 kingkitty 09-14-2015 06:35 PM ET (US)	no big deal, it's probably for the best I was killed. If I had made it to day 2, I would've gone for someone that I knew was scum due to the whole launchpad thing, which I saw in real time. Although I wouldn't have used that event as the actual reason, since that would mean I would have to admit that I gained this knowledge unfairly. I was a spoiled ballot in a way.
120 Ourobolus★ 09-14-2015 06:36 PM ET (US)	ah...yeah. Quicktopic is a bitch sometimes.
121 Burbeting★ 09-14-2015 06:41 PM ET (US)	"Anti mvp player of the game - quicktopic"
122 roytheone★ 09-14-2015 06:45 PM ET (US)	/m113 I managed to protect two townies that were both high up on the KGB hit list. i am still the better doctor here! ;) Also, I actually did protect burb! Sure it was during the wrong night, but still! I did it! Edited 09-14-2015 06:50 PM
123 Ourobolus★ 09-14-2015 07:07 PM ET (US)	...what does nin mean by that...
124 Sorian★ 09-14-2015 07:18 PM ET (US)	This election mafia is totally a bastard set-up :)
125 Ourobolus★ 09-14-2015 07:19 PM ET (US)	Is not!
126 Ourobolus★ 09-14-2015 07:19 PM ET (US)	I mean, apart from you being in it.
127 swamped★ 09-14-2015 07:39 PM ET (US)	/m126 WOAHH BUUUUURN
128 Burbeting★ 09-14-2015 07:43 PM ET (US)	I wonder how long they are going to dance around the vote-count-problems.
129 Ourobolus★ 09-14-2015	It's just a vote-less player. Don't see how it's hard to comprehend.

07:44 PM ET (US)	
130 Burbeting★ 09-14-2015 07:52 PM ET (US)	Banana knows she is the voteless one?
131 Ourobolus★ 09-14-2015 07:52 PM ET (US)	Yeah.
132 Burbeting★ 09-14-2015 07:53 PM ET (US)	If she does, she has to claim it sooner or later since town needs to count that in since she can never help in turboing then.
133 Burbeting★ 09-14-2015 07:55 PM ET (US)	Or she could cause a tie by accident too. I'm going to assume that this is a town role.
134 Burbeting★ 09-14-2015 07:57 PM ET (US)	If I was Banana, I would just claim now. It's a power that Scum might or even should leave alive so she shouldn't be scaref of getting nk'd any time soon.
135 Burbeting★ 09-14-2015 07:59 PM ET (US)	"I used to be in the GOP... But then I got runner on ny knee"
136 Burbeting★ 09-14-2015 08:00 PM ET (US)	"Also it would be hilarious if banaspaceprincess ended up being the voteless person in her first game." Huehuehuehuehue
137 Ourobolus★ 09-14-2015 08:00 PM ET (US)	She wins alongside the Electorate, but they don't know that.
138 Sorian★ 09-14-2015 08:05 PM ET (US)	/m137 lol
139 Ourobolus★ 09-14-2015 08:07 PM ET (US)	But she gets investigated as GOP, because they really want to boost their numbers. Of course, the cop is dead, so...
140 Burbeting★ 09-14-2015 08:11 PM ET (US)	Waaait. The cop is dead?
141 swamped★ 09-14-2015 08:14 PM ET (US)	/m137 does she know who the electorate is?
142	/m140 Kingkitty was the useless cop. 50% reads were just going to confuse

Sorian★ 09-14-2015 08:21 PM ET (US)	everyone anyway, I partially believed the claim but I had no regrets.
143 kingkitty 09-14-2015 08:23 PM ET (US)	good, showing regret is for losers.
144 Ourobolus★ 09-14-2015 08:24 PM ET (US)	/m141 Yep, that's the other part of the role.
145 Ourobolus★ 09-14-2015 08:24 PM ET (US)	kk was 50%, but he would ALWAYS return GOP for bananaspaceprincess
146 ynnnny★ 09-15-2015 01:31 AM ET (US)	XD i just starting to catch up. lol at cabochon~ funny tiems~ for the ages~ :>

150 ynnnny★ 09-15-2015 04:37 AM ET (US)	the thread is 200% more awesome with cabot back posting this hilar piccas XD
151 roytheone★ 09-15-2015 04:59 AM ET (US)	That part of being able to move to the GOP side is probably bullshit, right? It is actually a pretty decent lie, but if they lynch let's say 2 scum, and they see that BSP still hasn't has a vote power, that would probably out the lie.
152 ynnnny★ 09-15-2015 05:30 AM ET (US)	i lllllllllkkkeeeeeeeyy banananana's spin :D i likey, yes. it probsy not going to last her through to the end-game but fight fight fight for another day is a good 'tude :D
153 roytheone★ 09-15-2015 05:50 AM ET (US)	Indeed, if she plays the good towny that gives reads and tries to hunt scum even though she can't vote (while of course not going to hard against her Scum buddies)Town should leave her alone for some time. she also isn't going to get NK because why would scum target someone that has no vote power? Also, if she is smart she would try and find a way to signal scum that she is part of their team. Don't know what the best way is to do that though.
154	The way I see it, BSP has a pretty lousy role in general. BUT - she also has

Ourobolus★ 09-15-2015 07:05 AM ET (US)	one that's pretty important for scum. She's neutral, can't vote, knows who the scum are, but gets investigated as GOP - as long as scum don't NK her, she should be a huge advantage for them in the discussion going forward.
155 roytheone★ 09-15-2015 07:16 AM ET (US)	Is her only win condition that she wins if the scum wins, or does she also win if she makes it to the end alive?
156 Ourobolus★ 09-15-2015 07:17 AM ET (US)	She wins if the scum win.
157 roytheone★ 09-15-2015 07:25 AM ET (US)	Yeah, in that case it is a pretty lousy role. The being investigated as GOP wouldn't really help at all if kitty his 50% cop is the only cop power in the game. Even if she would be an exception to that rule, Kitty wouldn't know that and just disregard the results as useless RNG shenanigans.
158 Ourobolus★ 09-15-2015 07:26 AM ET (US)	True. I didn't really want a cop in the game since it is doctor-heavy, but I was having issues. When I came up with BSP's role I needed something that could investigate though, so I came up with the Insane Cop, but then gave him the messaging power too. KK actually would have interacted with BSP and a scum player with the actions he had. But still, BSP does have a pretty important role when it comes to scum.
159 Ourobolus★ 09-15-2015 07:27 AM ET (US)	In hindsight, I should have made KK an X-shot cop.
160 Ourobolus★ 09-15-2015 08:25 AM ET (US)	Part of the reason some of the roles are the way they are is a lot of us get too consumed with how-this-moderator-would-run-things. We make a lot of assumptions that don't really help the conversation (like El Topo thinking I wouldn't do RNG) instead of focusing on the stuff happening in this game. Granted, this game was a little experimental, and I think it's still relatively balanced (although the doctor did get killed N1, so that's gonna be a little rough...at least he wasn't [technically] the only one). Edited 09-15-2015 08:26 AM
161 Ourobolus★ 09-15-2015 08:28 AM ET (US)	Scum do have some decent roles - one is currently a little nerfed with one doctor dead, and the other is only 2-shot. The other role is...well, it can be useful.
162 yynnny★ 09-15-2015 08:36 AM ET (US)	/m159 but then you will deprive gafia from all of this 50-50 hilarity :D
163 Ourobolus★ 09-15-2015 08:37 AM ET (US)	/m162 Yes, it's funny, but not a great role. Went well with the theme, but as an actual role, I should have made it slightly more powerful. At least I'm getting a better sense of what works and doesn't work as we go along.
164 Soriant★ 09-15-2015 08:38 AM ET (US)	/m160 <i>subvert expectations</i> Edited 09-15-2015 08:38 AM

165 Ourobolus★ 09-15-2015 08:38 AM ET (US)	/m164 exactly. We get too wrapped up in "I highly doubt X would happen" that we kinda lose all sense of reason. :P
166 Soriant★ 09-15-2015 08:42 AM ET (US)	To be fair, I also voted for him because I didn't think you would do RNG but then I was fine doubling down on my vote because a 50% chance to send a message (and then a 50% chance to cop) just sounded so useless and I wanted to get out day 1 still alive since I had apparently done such a good job of making myself just slightly suspicious that I was worried things could swing at me if I tried defending it too hard.
167 yynnny★ 09-15-2015 08:47 AM ET (US)	/m163 yeah, trueeee. i think an x-shot cop would have still fit the flava and made it a stronger role, too.
168 roytheone★ 09-15-2015 08:48 AM ET (US)	/m164 I would love it if Blarg would host a game.....and it turns out to be a completely standard, vanilla game.

205 roytheone★ 09-15-2015 03:44 PM ET (US)	Just got a bit of time to read up on the election thread, and I see BSP is in trouble? That actually makes me sad, it always sucks when a new player get removed fast mostly because they got bad luck with their roles.
206 Sorian★ 09-15-2015 03:50 PM ET (US)	At least it is actually in town's interest to remove her. Better than when we target a new player for day 1 lynch and they end up being town PRs.
207 roytheone★ 09-15-2015 05:38 PM ET (US)	El topo is really antsy to kill BSP, a new player..... he really seems to like to kill new players in these games, I wonder why?
208 roytheone★ 09-15-2015 07:03 PM ET (US)	They should just policy lynch el topo after that stunt. I mean, you should ALWAYS policy lynch el topo right away, but now doubly so.

225 Sorian★ 09-16-2015 08:57 AM ET (US)	Basically we think you have no morals but you're a bastard for putting in RNG.
226 roytheone★ 09-16-2015 08:58 AM ET (US)	/m224 Do they think you put three doctors in this game? No? Then it could be worse!
227 Ourobolus★ 09-16-2015 08:58 AM ET (US)	The first part may be true. The second part is partially true. I'm a bastard for wanting to teach people to not hinge their reads on what the moderator would put in his game. :P

232 Ourobolus★ 09-16-2015 09:48 AM ET (US)	/m231 I'm beginning to see why El Topo killed you.
233 Sorian★ 09-16-2015 10:04 AM ET (US)	/m232 lol Also, I enjoy that every single game someone always points at the flavor surrounding someone's death and asks "hey, maybe the mod was giving us a hint as to who killed them!" No, no they weren't. I'm still surprised Traube used pictures to denote which cult did the killing each night but that was at least so so subtle that if someone figured it out, grats to them.

261 Soriant★ 09-16-2015 02:00 PM ET (US)	/m260 Probably not L_P has done fantastic for having to step into Launch's shoes. 262 Ourobolus★ 09-16-2015 02:04 PM ET (US)	It's true, it's definitely nothing to do with how L_P has played so far.
263 roytheone★ 09-16-2015 02:07 PM ET (US)	Just curious: if you sub in for someone, are you allowed to talk a bit with your predecessor through PM to ask him questions about why he did certain things?

274 Sorian★ 09-16-2015 02:37 PM ET (US)	He meant to say Kalor, not Splinter because Kalor had voted for L_P right above his post and he just wanted everyone showing on the list he quoted. Edited 09-16-2015 02:37 PM
275 Ourobolus★ 09-16-2015 02:40 PM ET (US)	lol, just realized cabot hasn't used his vote yet. He'll probably be the hammer.
276 Launchpad★ 09-16-2015 02:41 PM ET (US)	But does he have to put his vote into a meme? o_o
277 Ourobolus★ 09-16-2015 02:42 PM ET (US)	No, he's allowed to vote regularly, but only once.
278 Ourobolus★ 09-16-2015 02:43 PM ET (US)	L_P: lol I'm one vote from turbo thanks Launchpad
279 roytheone★ 09-16-2015 02:43 PM ET (US)	Hyper: nobody hammer! Then why don't you unvote to lower that risk?
280 Launchpad★ 09-16-2015 02:44 PM ET (US)	I hadn't been following the thread that closely, so I only just realized LP is the one on the platter. loooooool
281 Launchpad★ 09-16-2015 02:44 PM ET (US)	That's not really fair though. They're basing it off of how I was acting. :/
282 Ourobolus★	Well, partially. I mean your playstyles are totally different, but your role is the same. If they thought you were acting scummy they have a reason to grill

09-16-2015 02:45 PM ET (US)	the new guy.
283 Launchpad★ 09-16-2015 02:46 PM ET (US)	Well, I guess in defense of that, LP could probably do a better job defending himself. I mean, I'm pretty sure I would not have ended up in this position.
284 Soriana★ 09-16-2015 02:51 PM ET (US)	I want them to kill BSP obviously but I can't help but enjoy the irony that they would be killing (one of?) their role blocker by taking out L_P.
285 Launchpad★ 09-16-2015 02:51 PM ET (US)	I'm going to chime in and call them all idiots as soon as the vote comes down on LP
286 Ourobolus★ 09-16-2015 02:53 PM ET (US)	I think an "lol" will suffice. Don't want them to think that BSP is scum.
287 Ourobolus★ 09-16-2015 02:53 PM ET (US)	and wait until after the role is posted! :P
288 Launchpad★ 09-16-2015 02:53 PM ET (US)	wait i thought of something better. It's safe, don't worry.

308 Ourobolus★ 09-16-2015 03:44 PM ET (US)	No, it's true. Hammer voting should be left up to the states.
309 Sorian★ 09-16-2015 03:45 PM ET (US)	Hah, ok thanks. Anything else weird with voting patterns or is it just BSP and Salva (and cabot only being allowed 1 today)?
310 Ourobolus★ 09-16-2015 03:46 PM ET (US)	Kalor can doublevote if he uses DOUBLEVOTE. I imagine he'll use it today.

414 Ourobolus★ 09-17-2015 09:04 PM ET (US)	She is totally neutral. But yes, she knows who you are. She wins if you win.

423 Soriano★ 09-18-2015 06:42 AM ET (US)	I just put a hit list on every single neutrals head ever. Their win condition could be the same one Blarg had, "you win when 3 scum die" and people would still be calling for their head. Sorry all future neutrals. I'll probably be SK or something next game orz
424 Hyperactivity★ 09-18-2015 06:54 AM ET (US)	Ok we just prepared a good rc, im happier than when they wanted to claim lindsey graham
425 Soriano★ 09-18-2015 07:51 AM ET (US)	Ouro hates RNG Will forever be known as the Gafia mod that may put RNG elements into his games.
426 Ourobolus★ 09-18-2015 07:58 AM ET (US)	Nah. I don't see it happening much after this one. :P
427 Soriano★ 09-18-2015 08:00 AM ET (US)	The stigma is there. If I'm ever playing an Ouro game and I need a ridiculous role claim, I can now add RNG to the list of things I can fall back on. :D Edited 09-18-2015 08:01 AM
428 Ourobolus★ 09-18-2015 08:02 AM ET (US)	Go for it. You shouldn't make assumptions anyway!
429 yynnny★ 09-18-2015 08:09 AM ET (US)	/m423 palmer did this for me in sw. filthy neutrals!!!!
430 Hyperactivity★ 09-18-2015 08:10 AM ET (US)	Roll a dice 1 you can investigate someone's alignment 2 you role block someone 3 everyone gets an alert that you're scum 4 you double kill the lovers 5 you are a miller for one night 6 all of the above 7 you kill yourself and all of town
431 Soriano★ 09-18-2015 08:12 AM ET (US)	/m430 I see no other course of action. I'll have to break into the mod's place with a sharpie and add a dot to the 6 side. It's the only way. /m429 I'm not filthy! You're just jealous you weren't there for my licks. Edited 09-18-2015 08:12 AM
432 Hyperactivity★ 09-18-2015 08:14 AM ET (US)	Corn is playing scared right now Palmer is going on the aggressive Haven't seen what el topo is doing Btw, how do you guys feel about me giving you guys the electorate thread and the name of my teammates once we're down to one person minus bsp?

	AKA: you'll have to wait for the end of the game to get the link
433 Hyperactivity★ 09-18-2015 08:15 AM ET (US)	Sorian has an excuse. He was hardly a filthy neutral. Town and scum were just dumb
434 Hyperactivity★ 09-18-2015 08:17 AM ET (US)	You know what would help neutrals? A partner. Neutral masons that only need to survive till the end, no alt. win condition That sound good?
435 Sorian★ 09-18-2015 08:17 AM ET (US)	/m432 I wouldn't give us the link until the game is completely done. As for spoiling partners, that's always just on you to decide. Ouro has kept it pretty open that we can just PM him at any time if we want the answers so I don't think anyone is really hurting to know that doesn't already know (the only spoiler I wanted, personally, was how Salva killed me).
436 Hyperactivity★ 09-18-2015 08:19 AM ET (US)	Oh and one of my teammates has a bad mindset when it comes to this situation Btw, I wonder if town is out of doctors. I somehow doubt it, there's either one more or some sort of bulletproof guy left
437 Sorian★ 09-18-2015 08:20 AM ET (US)	/m436 Ouro was coy about it but he made it sound like we have a kind of doctor or something maybe left and I don't think he just meant the jailer ability.
438 roytheone★ 09-18-2015 08:22 AM ET (US)	/m436 Everyone knows Ourob ALWAYS puts three doctors in his games, it's his trademark!
439 Hyperactivity★ 09-18-2015 08:28 AM ET (US)	Figured. Ouro mentioned already, but the mafia are overly offensive and weak to investigative roles, so that's what we guessed It's a major information advantage too
440 Ourobolus★ 09-18-2015 08:40 AM ET (US)	/m438 lol, no. You guys have pretty much seen all the town roles at this point.
441 Sorian★ 09-18-2015 08:41 AM ET (US)	I'm a tad disappointed if there is no Governor, I mean, it's election mafia.
442 Ourobolus★ 09-18-2015 08:42 AM ET (US)	<i>subvert expectations</i>

447 Ourobolus★ 09-18-2015 01:05 PM ET (US)	You shouldn't want BSP to get lynched. I have her death already written. Remember Hyper's death? Yeah... :'(
448 Ourobolus★ 09-18-2015 01:19 PM ET (US)	Hm...wonder if we'll have two deaths tonight, or three?

450 Ourobolus★ 09-18-2015 01:23 PM ET (US)	Nah, let's let it play out. :)
451 roytheone★ 09-18-2015 01:25 PM ET (US)	Three kills possible in a game with only 16 players? This game has really been designed to be pretty quick, hasn't it?
452 Ourobolus★ 09-18-2015 01:28 PM ET (US)	I didn't want it to go very long, no. But town has a lot of people they have "confirmed" at this point - it's really now just a race to see if they can find the mafia before they get down too low.
453 Ourobolus★ 09-18-2015 01:38 PM ET (US)	Honestly, BSP really isn't a threat. She can provide reads, sure. But she's not a threat. She may even help mafia win if she's lynched because town just wasted a day going after someone that doesn't help their win condition.
454 Ourobolus★ 09-18-2015 01:41 PM ET (US)	Let's see, that'll put them at 5-2 if they lynch BSP and there are three kills at night (and one isn't a scum kill). They'll get one mislynch after that, putting it at 3-2. Hm...actually, they could still lose even if they pick scum that last day.
455 Hyperactivity★ 09-18-2015 01:49 PM ET (US)	How many possible triple kill nights ouro?
456 Ourobolus★ 09-18-2015 01:49 PM ET (US)	Only the one. Salva is 2-shot and he already used one. Edited 09-18-2015 01:51 PM
457 Hyperactivity★	So 5-2 tomorrow

09-18-2015 01:51 PM ET (US)	But the next day wouldn't necessarily bring 3-2. 5-2 day could be a mylo

460 Ourobolus★ 09-18-2015 01:52 PM ET (US)	Actually, it COULD also go.. 5-2 2-2, scum win.
461 Hyperactivity★ 09-18-2015 01:55 PM ET (US)	/m536 suddenly my teammates outlook isn't too bad. He's right, he only needs to survive two days and we win, or one (very likely) and we are very very close to victory

463 Hyperactivity★ 09-18-2015 01:59 PM ET (US)	Maybe even Palmer today and bsp tomorrow if were really fucking lucky
464 Soriant★ 09-18-2015 02:02 PM ET (US)	I'm still salty at Palmer. I was trying to skate by just suspicious enough day 1 but Palmer had to throw that weird argument towards me which raised a bunch of red flags that I didn't want.

553 Hyperactivity★ 09-19-2015 06:30 PM ET (US)	/m552 I feel bad ouro. They keep asking you questions about how their ability and salva's interact Unfortunately, salva is going to look at the thread and kill corn tonight, leaving tomorrow at 5-1, with bsp on splinter's side. Salva or bsp will likely die that day That leads to a 3-1 mylo, although not a lylo. Town should vote no lynch this day, if I was them, leading to the 2-1 lylo. Then it's just up to who is alive at this point and who looks scummy Unless salva goofs up Edited 09-19-2015 06:31 PM
554 Hyperactivity★ 09-19-2015 06:43 PM ET (US)	Lol corn thinks that he will survive the night If salva had posted after the role claim he would probably be dead right now
555 Hyperactivity★ 09-19-2015 06:45 PM ET (US)	Splinter will likely kill salva next night figuring him to maybe have some shots left
556 Ourobolus★ 09-19-2015 06:50 PM ET (US)	Salva's action has a bit of RNG to it, so he may not want to use it.
557 Hyperactivity★ 09-19-2015 07:00 PM ET (US)	Lol #nightthreekills #n3k
558 Hyperactivity★ 09-19-2015 07:25 PM ET (US)	Triple kill, corn and bsp remain alive Next day 5-2 Corn is lynched Next day 3-1, bsp is alive They figure out bs is scum aligned but can't lynch her because that would mean a scum win Bsp should try and mess with them this day, because town will likely figure out she's scum aligned so she could mess with them saying she knows splinter is scum (reverse psychology) or tell them one of town is scum (standard play)
559 Hyperactivity★ 09-19-2015 07:27 PM ET (US)	Scum nk'ing bsp tonight isn't actually too bad, because when salva reveals himself corn can be like "I killed the scum voteless player but you lied". If town lynches salva tomorrow in that scenario then scum wins This would require more day time precision from cornburrito and if corn is lynched that day, then the outlook isn't as easy for splinter
560 Hyperactivity★ 09-19-2015	Corn we get it you flip flop flop flip flop flop Splinter's right, corn's playing a caricature of himself right now

08:36 PM ET (US)	
561 Ourobolus★ 09-19-2015 09:22 PM ET (US)	Damn. They killed BSP. :(Not a smart move really.
562 Hyperactivity★ 09-19-2015 09:26 PM ET (US)	It depends on whether they can sell corn as a vig. If both survive tomorrow and salva kills someone else tonight, we win, so killing bsp, who town agreed on to kill, could be a good move They also have the fact that salva lied about being a vigilante
563 palmer_v1★ 09-19-2015 11:39 PM ET (US)	Yo! Just getting back from a long day of Destiny and laundry. Haven't read this shit yet or even the last 24 hours of the actual thread. First, town is fucking stupid for not killing the neutral/scum BSP. Second, Fire is either scum, or just incredibly stupid. Third, please tell me Nin is secretly scum somehow with Cabot, cause he has been playing so poorly. Fourth, scum or not, I like Cabot more and more in playstyle. Fifth, I'm not actually upset. Kinda glad I don't have to pay attention to it this weekend.
564 palmer_v1★ 09-19-2015 11:43 PM ET (US)	Oh and El Topo as well. Dude is seriously scummy two games in a row, but maybe that's just his playstyle? He was crazy salty about getting caught so early last game, but I didn't have any evidence yet this time, partly cause I've been lazy about looking for it.
565 Lone_Prodigy 09-19-2015 11:58 PM ET (US)	Of course the thread would take Sunday off.
566 palmer_v1★ 09-20-2015 12:08 AM ET (US)	Spectators, was I seriously acting scummy this game? Other than fucking up with Sorian D1, what did I do that wasn't pro-town? I helped Hyper die, wanted BSP dead, cleared Splinter, and stayed consistent. Was it just scum doing a good job bussing me? I haven't been spoiled on who the other two are yet. It's either Fire and El Topo, or my faith in humanity has been crushed.
567 Ourobolus★ 09-20-2015 12:25 AM ET (US)	Goodbye faith in humanity.
568 Hyperactivity★ 09-20-2015 12:41 AM ET (US)	/m563 Salva was actually a vigilante and didn't counter claim cornburrito Whoops /m567 What did salva do? Is today triple kill night? Is tomorrow a mylo?
569 Ourobolus★ 09-20-2015 12:43 AM ET (US)	Since you guys killed BSP it's definitely not mylo. Which is why I said it wasn't a smart move :P And Salva hasn't sent anything in yet.
570 Hyperactivity★	What do you mean. Given a triple kill tomorrow is 5-2. (mis)lynch one, double kill tomorrow. 2-2

09-20-2015 12:48 AM ET (US)	I'm not sure of it, but it's not necessarily a bad move. Oh fuck. Fuck KALOR
571 Hyperactivity★ 09-20-2015 12:48 AM ET (US)	Motherfucking Kalor SHIT
572 Hyperactivity★ 09-20-2015 12:49 AM ET (US)	They better kill kalor next night, given the mislynch. In fact, they have to, that double vote is way too dangerous
573 Ourobolus★ 09-20-2015 12:57 AM ET (US)	Yep.
574 Hyperactivity★ 09-20-2015 01:24 AM ET (US)	But as long as they realize that, tomorrow is a mylo if tonight has a triple kill And if that happens someone WILL point it out
575 Hyperactivity★ 09-20-2015 02:24 AM ET (US)	/m566 btw, you totally over thought the reason why I sent the pm to splinter
576 palmer_v1★ 09-20-2015 03:17 AM ET (US)	/m575 Why is that? Is he not town?
577 roytheone★ 09-20-2015 05:10 AM ET (US)	/m564 I don't think El topo was really salty about getting caught killing me in Archer, I think it is part of an act. Also, thanks for reminding him during D2 in Archer that I still existed and saying that he "forgot about me", because according to him that was the main reason he targeted me again >:(
578 Ourobolus★ 09-20-2015 07:47 AM ET (US)	I don't think Salva will use his action. It's not in his best interests at this point. Now, next night, I think it would be, if they don't lynch Corn tomorrow. It'll be 6-2, so it won't be MyLo yet.
579 Hyperactivity★ 09-20-2015 12:03 PM ET (US)	/m676 yeah, he's scum. I sent the message to him because I wanted to figure out the flavor text ouro had and make adjustments to my message. The thing about my power is that, at least imo, it's not too useful in getting me myself trusted, but I can use it to place my teammates in a group of trust, which I still managed to do. People assuming splinter is townie will be really nice for the rest f the game. /m578 salva or corn is likely dead tomorrow. Likely salva, because I think corn might be able to sell his vigilante claim
580 Hyperactivity★	3 hours left for salvapot to send a kill order in

09-20-2015 02:09 PM ET (US)	
581 Sorian★ 09-20-2015 03:27 PM ET (US)	He probably won't. It doesn't interest him to kill tonight i'd thinkg and mix that with he said he was busy with family this weekend. I wouldn't hold your breath for a vig kill.
582 Hyperactivity★ 09-20-2015 03:35 PM ET (US)	/m581 YEah, I know Just sort of hoping for it. Salva could easily get lynched today if he counterclaims, and as long as the we killed kalor the next day, we would win with a triple kill tonight Ah well, that would make the game more boring Predictions for today: Salva counter claims, people go nuts on him not doing it yesterday, lying about his claim, and cornburrito killing bsp for town. Salva lynch today, corn burrito lynch tomorrow. Today: 6-2 (salva lynch) Next day: 3-2 (hopefully kalor nk, 2nd nk, cornburrito lynch) Next day: 2-1 This will likely go down to the wire
583 Sorian★ 09-20-2015 04:47 PM ET (US)	People are going to trust Salva over Corn. Corn's claim was awkward and made no sense anyway. Salva can get away with saying he lied about how I died so that scum wouldn't try to night kill him. Not that this scenario helps town but at least we won't lose our vigilante. I think the key will be if he hits scum or town. I at least have faith that he'll get at least one scum into his short list and then pray to RNGsus.
584 roytheone★ 09-20-2015 04:59 PM ET (US)	I am not even going to try to predict what town is going to do, judging from my nx experience, that is not my strong suit ;)
585 Hyperactivity★ 09-20-2015 05:00 PM ET (US)	/m583 It'll be a flip of the coin, I could see it go either way
586 Hyperactivity★ 09-20-2015 05:03 PM ET (US)	Thank god lindsey graham died, splinter was seriously considering name claiming him, and that would've been disastrous Now they'll know to STICK WITH THE NAMES OURO GAVE THEM
587 roytheone★ 09-20-2015 05:07 PM ET (US)	Yay, time to read some more fun, lighthearted flavor from ourob! *reads flavor* great, now I am depressed :(

592 Hyperactivity★ 09-20-2015 05:14 PM ET (US)	/m591 wrong person XD A salva kill tonight could've meant today was a mylo btw Edited 09-20-2015 05:15 PM
593 Chatreux 09-20-2015 05:17 PM ET (US)	Oh , ok so can i have the roles ? who was mafia all along ? i guess it was salva and Fire :P

595 Hyperactivity★ 09-20-2015 05:20 PM ET (US)	Splinter and corn You guys are probably going to lynch your actual vigilante today I can pm you the roles if you want, although I haven't been too discreet about it
596 Bananaspaceprincess 09-20-2015 05:20 PM ET (US)	Hello
597 Ourobolus★ 09-20-2015 05:24 PM ET (US)	Hi, BSP! Sorry you were my experiment!
598 Ourobolus★ 09-20-2015 05:25 PM ET (US)	Don't worry, you still win if Corn/Splinter can pull it off :)
599 Hyperactivity★ 09-20-2015 05:26 PM ET (US)	/m598 *Ahem* WHEN Corn and Splinter pull it off
600 roytheone★ 09-20-2015 05:28 PM ET (US)	/m598 is this the first time a neutral role doesn't insta lose if he/she dies? (But to be fair, this wasn't really a neutral role, more a handicapped scum role)
601	hah and i believed her ! damn me , always falling for he women :D

nin1000 09-20-2015 05:30 PM ET (US)	
602 Hyperactivity★ 09-20-2015 05:30 PM ET (US)	Yeah, the role's not really neutral It's a voteless undercover godfather
603 roytheone★ 09-20-2015 05:33 PM ET (US)	Goddamn, Cabot is on fire today, both of the scum in his 3 person suspect list. He is probably the biggest danger for you guys right now.
604 Hyperactivity★ 09-20-2015 05:41 PM ET (US)	He's done tonight They better kill kalor tonight
605 Burbeting★ 09-20-2015 05:47 PM ET (US)	Go cabbott goo. Also town should lynch corny tomorrow. I think they'll let him slide for today. And hi BSP! And well nin too :P.
606 Hyperactivity★ 09-20-2015 05:51 PM ET (US)	That's the majority of the super-dark flavor, right ouro?
607 roytheone★ 09-20-2015 06:10 PM ET (US)	Is Cabot still mad on el topo for killing me in Archer? Well, thanks I guess, but going against topo isn't doing you any favors right now.
608 Burbeting★ 09-20-2015 06:13 PM ET (US)	He will die to protect the honour of his one true love.. Wait what
609 Ourobolus★ 09-20-2015 06:14 PM ET (US)	/m606 well there's still two more of you guys!
610 Hyperactivity★ 09-20-2015 06:14 PM ET (US)	I hope I'm apart of a mason or lover pair next season Because it seems really fun

612 Hyperactivity★ 09-20-2015 06:16 PM ET (US)	/m609 But I thought you said bsp and I had the most depressing flavor?

616 Ourobolus★ 09-20-2015 06:36 PM ET (US)	nin/BSP if you have any post-death messages, PM them to me!
617 Hyperactivity★ 09-20-2015 07:05 PM ET (US)	Tread lightly corn Tread very very lightly, and let the others do some of the heavy lifting
618 swamped★ 09-20-2015 07:16 PM ET (US)	Ooooo good one, Splinter!
619 Hyperactivity★ 09-20-2015 07:31 PM ET (US)	Today will be a bloodbath I can feel it
620 Hyperactivity★ 09-20-2015 07:53 PM ET (US)	There's a problem right now Splinter and corn are waaayyy too much in sync. Corn's recent post was eerily similar to splinter's Splinter needs to throw some shade over to corn quickly Edited 09-20-2015 07:54 PM
621 Lone_Prodigy 09-20-2015 08:06 PM ET (US)	Since scum got the darkest write ups, I'm not sure if I want a town win, which means more darkness.
622 Hyperactivity★ 09-20-2015 08:09 PM ET (US)	/m621 That's the spirit right there
623 nin1000 09-20-2015 08:35 PM ET (US)	ouro, its 2 am here, hedaing to bed now. Will type my words as soon as i wake up. Images included :P
624 Ourobolus★ 09-20-2015 09:11 PM ET (US)	Thanks, nin. I'll get to it tomorrow though!

625 Hyperactivity★ 09-21-2015 12:10 AM ET (US)	"That said, I do believe in cornburrito's claim and I don't want him lynched today."- Salvapot I wonder what his game plan is, he has a good chance to counterclaim and ensure the lack of a mylo tomorrow, because even if he counterclaims and gets lynched, cornburrito would be the next to go He might be trying to get corn to say something so that if salva counterclaims later in the day he isn't necessarily lynched today Edited 09-21-2015 12:11 AM
626 Hyperactivity★ 09-21-2015 12:50 AM ET (US)	Based off of just elimination (and guessing that cabot's ability didn't silence him, which is fair based on ouro's guesses on who will be silenced next), the silencer has to be el topo, fireblend or blargonaut I could see it being el topo based on the comment he made about no one being silenced Edited 09-21-2015 01:07 AM
627 Sorian★ 09-21-2015 12:53 AM ET (US)	Between information said here and in the thread you should be able to narrow it down to precisely who it is :P But yes, it is someone on that list of 3.
628 roytheone★ 09-21-2015 04:47 AM ET (US)	/m626 it ain't el topo, unless he was being a dick and lied to me in a PM he sent me :(
629 Ourobolus★ 09-21-2015 07:47 AM ET (US)	El Topo really needs to stop assuming so much about what I would do in this game. I learned my lesson from Archer and made sure Mafia had at least a "major" person they could use as a fake role.
630 Hyperactivity★ 09-21-2015 08:08 AM ET (US)	/m629 Although so far we've been pretty bad at using them Splinter better claim Rubio if he ever claims a person
631 Ourobolus★ 09-21-2015 08:14 AM ET (US)	He also claims that having an article in front of your role name (like the Preacher), is a tell. Trump was "the Trump."
632 roytheone★ 09-21-2015 08:20 AM ET (US)	/m631 Seriously, people that put too much significance in things like how the name of your role is spelled can be a little annoying. Tim was a bit annoyed with Launch in our scum chat because Launch kept doing that in NX, even though Tim explicitly told everyone in the OP to NOT do that. Edited 09-21-2015 08:20 AM

639 Hyperactivity★ 09-21-2015 08:33 AM ET (US)	Corn is gonna get lynched tomorrow God and Reagan themselves couldn't stop it
640 Bombay /Darryl 09-21-2015 08:34 AM ET (US)	If he lasts another day does he get another double kill? What are the rules behind that ?
641 palmer_v1★ 09-21-2015 08:35 AM ET (US)	Looks like Cabot bought into my thoughts on Splinter, which is unfortunate.
642 Ourobolus★ 09-21-2015 08:36 AM ET (US)	Corn's a poisoner. Cabot is hosed during the night, but it's corn's last dose.
643 Bombay /Darryl 09-21-2015 08:36 AM ET (US)	You and Cabot really screwed the pork on this one
644 Hyperactivity★ 09-21-2015 08:37 AM ET (US)	/m629 I would agree that playing from the moderators perspective is very very dangerous, but sometimes it helps when you have enough information to think about it from the perspective of balance That's basically how I figured out most of the roles in Cthulhu. It's also why I'm worse at early game, I'm horrible at reads. Of course, there will be kingkittys and salvapots, but overall you can rely somewhat on the games salable I would be utter shit at a role madness game
645 Hyperactivity★ 09-21-2015 08:40 AM ET (US)	I'm just glad el topo isn't doing a much better job than corn right now though Yes, we scum got access to major players this time. You guys, asides from Donald trump and Ben Carson, have lost Santorum, graham, and jindal

646 Bombay /Darryl 09-21-2015 08:41 AM ET (US)	Corn doesn't need to be drilling this point through. Cabot can take you home man.
647 Hyperactivity★ 09-21-2015 08:53 AM ET (US)	Corn thinks he's surviving tomorrow I'm just shocked at how little suspicion he's gotten El topo is going WAY too much on the stupidest details The fucking article in my claim... Edited 09-21-2015 08:54 AM

652 roytheone★ 09-21-2015 09:09 AM ET (US)	Can I retract my comment about Cabot being on fire today? He is waaay to focused on El topo and has "cleared" *splinter as town. To be fair, El topo is not playing all that well, but still, Cabot, you were doing so well with that post about who you suspected today....
653 Hyperactivity★ 09-21-2015 09:45 AM ET (US)	Pretty sure BLARG is a 2nd neutral with scum win condition lol
654 Ourobolus★ 09-21-2015 09:46 AM ET (US)	Nope. He's Jeb! Bush.

09-21-2015 10:07 AM ET (US)	Maybe salva counter claims, gets lynched, corn lynched next day, and el topo seriously believes splinter because of claiming marco rubio/scott walker lol
658 Hyperactivity★ 09-21-2015 10:23 AM ET (US)	Do the math Good god El Topo do the math 17 candidates, 16 players, 4 scum At least 5 fake names are available for scum to use, and town got such big hitters like Lindsey Graham, Bobby Jindal, Chris Christie, etc.
659 Hyperactivity★ 09-21-2015 10:27 AM ET (US)	Splinter is going to claim a normal town He better choose Scott Walker, he's more likely to be a regular loser
660 Sorian★ 09-21-2015 10:36 AM ET (US)	How does a poisoner with a doctor work btw? Say I was still alive, if I protected cabot tonight (he is the one poisoned now I think?), would that just stop his kill and negate the poison to or would he just die tomorrow instead?
661 Ourobolus★ 09-21-2015 10:41 AM ET (US)	Doctor in this case would save cabot if he was there on the night he would die. So yes, you would protect cabot if you targeted him tonight. It wouldn't be delayed.
662 Ourobolus★ 09-21-2015 10:42 AM ET (US)	Some games have specific "poison doctors," but I just kept it all the same role in this game.
663 roytheone★ 09-21-2015 10:54 AM ET (US)	/m658 El topo is in a game where he can't insta-kill me. It is understandable he is a bit confused about what to do now that isn't an option ;)

672 Ourobolus★ 09-21-2015 12:21 PM ET (US)	That does seem like that's what's happening...lol
673 Soriant★ 09-21-2015 12:35 PM ET (US)	This is Gafia though, just when you think your team has it in the bag, a way to lose appears. "Snatching defeat from the jaws of victory"
674 Lone_Prodigy 09-21-2015 12:40 PM ET (US)	We have the luxury of being dead and knowing slightly more than the remaining players. But when your PR's are all dead you can't do much except overanalyze everything. Haven't read all of El Topo's posts but he's doing his best to save himself despite overwhelming suspicion. Can't blame him for flailing.
675 Soriant★ 09-21-2015 12:54 PM ET (US)	That last post from El Topo is on point though, regardless of how meta that it is.
676 Hyperactivity★ 09-21-2015 01:14 PM ET (US)	Salva could just rock this boat right now and try to get corn burrito lynched today and he won't do it
677 Ourobolus★ 09-21-2015 01:15 PM ET (US)	Yeah. So they lynch El Topo today, and then cabot and (probably) Kalor during the night. That leaves Blarg / Fire / Salva vs. Corn / Splinter
678 Hyperactivity★ 09-21-2015 01:16 PM ET (US)	I can't message team members salva Please keep believing it I can't comprehend what's going on. Bsp's list could've screwed us over but iirc corn, splinter, and topo wee listed as townies and el topo is about to flip town
679 Hyperactivity★ 09-21-2015 01:17 PM ET (US)	/m677 LOL Scum victory, I believe in my teammates

	Let's go electorate
680 Ourobolus★ 09-21-2015 01:18 PM ET (US)	/m679 Well, technically town can still win if they get both Corn and Splinter. They just can't mislynch after today.
681 Soriant★ 09-21-2015 01:18 PM ET (US)	When Topo flips town, I bet you anything Salva sends Ouro a list of Fire, Corn, Splinter. Heart of the cards. Is Blarg a PR?
682 Ourobolus★ 09-21-2015 01:19 PM ET (US)	And Salva still has his one-shot. Though it's still random out of three people. But if he puts both Corn and Splinter in there, he's got a 2/3 chance to hit scum. /m681 lol, yep. He might. No, Blarg is ordinary. Edited 09-21-2015 01:20 PM
683 Soriant★ 09-21-2015 01:20 PM ET (US)	Poor Jeb!
684 Soriant★ 09-21-2015 01:23 PM ET (US)	Man, I really hope Blarg doesn't fall into the suspicion camp again. He's not actually doing anything super weird but if people latch on to him like usual then we are going to get another mislynch or Salva is going to waste a slot on him.
685 Lone_Prodigy 09-21-2015 01:26 PM ET (US)	Blarg's always going to be suspicious because that's the way he plays. It's a drawback of having an identifiable playstyle.
686 Bananaspaceprincess 09-21-2015 01:34 PM ET (US)	Could it be that Salva is just waiting for the end of the day again to turn everything around?
687 Soriant★ 09-21-2015 01:37 PM ET (US)	Possibly, I believe Salva gets a kick out of end day shenanigans.
688 Bananaspaceprincess 09-21-2015 01:39 PM ET (US)	Btw, one question. What would you have done with a role like mine? Claim something totally different? Claim from the beginning? I'm really intersted in how you would have played it :)
689 Soriant★ 09-21-2015 01:49 PM ET (US)	Claimed as late as I possibly could have (which you did) and chosen a Republican that had been unused so far and prayed a little bit that no one could counter claim me. Once you said you were an Immigrant, there was no getting away with anything. If you had chosen someone incompetent that would have covered the lack of vote thing. At that point, just ridden things out and always pressed for anyone you knew was town. You could be as suspicious as could be because getting them to waste time talking about you and to greater effect, getting them to waste a day lynching you, was the purpose of your role.

	Edit: Oh, and if you did end up getting lynched. Heavily heavily pushing someone you knew was Electorate during your final moments because when town saw your flip, a lot of them would instinctually think that you were trying to divert suspicion to a townie at the end. Edited 09-21-2015 01:50 PM
690 Lone_Prodigy 09-21-2015 01:56 PM ET (US)	I don't know about the bussing. People are usually skeptical about that sort of thing unless you have an investigative role. But it seems to be getting El Topo lynched, so it does work. I don't have any experience with being voteless, so maybe I'd try not to vote as long as possible because it would be easy to see (and force me to claim). Maybe do some quick Blarg vote/unvotes to remain active but skirt the vote counting. Edited 09-21-2015 01:57 PM
691 Sorian★ 09-21-2015 02:01 PM ET (US)	BSP basically was an investigative role that was fed all her information from the start. Also yeah, if I was voteless, I'd try to avoid voting, especially at the end of days or on the obvious winner. Just to avoid people noticing for a bit. I know Palmer forced the issue but I voted when he forced it and just unvoted later, he didn't notice or care.
692 Bananaspaceprincess 09-21-2015 02:12 PM ET (US)	Ahh I see. Yes I know voting on D1 wasn't the best idea. But well, I really didn't think it through atm and me hammering at D1 was just me not paying attention to majority. My plan was to unvote before the end but yeahh... didn't work out that way :P I know that next game I will throw votes at anybody just because I finally can :D :D
693 Hyperactivity★ 09-21-2015 02:13 PM ET (US)	/m681 if that hit fireblend... So el topo, kalor, and Cabot will likely be gone by tomorrow Fireblend/salvapot/blargonaut/splinter/corn burrito Corn lynch, lylo next day If salva sends the order there will be a 2/3 chance of not hitting splinter, which was matters. Assuming a corn hit, tomorrow is Salvapot/blargonaut/fireblend/splinter This could go ANYWHERE. I have no predictions for this The kill order is 1/3 scum win (fireblend hit), 1/3 town win (splinter hit, corn lynch), 1/3 mylo No kill order is a lylo Yeah, salva better send that kill order tonight for town to win Edited 09-21-2015 02:18 PM
694 Ourobolus★	Technically salva can wait until tomorrow. If Salva uses his ability tomorrow night and hits scum, the game can still continue. if he uses it tonight, he also

09-21-2015 02:15 PM ET (US)	risks hitting the two people that are gonna be dead anyway.
695 Ourobolus★ 09-21-2015 02:16 PM ET (US)	Hm, actually, never mind. Even if Salva isn't the next mislynch, there will still be only three players to choose from. Even if he hits scum, scum will still take out one town, which would leave it at 1v1, scum win.
696 Soriant★ 09-21-2015 02:17 PM ET (US)	Out of curiosity, is Salva allowed to put himself on his list of 3?
697 Ourobolus★ 09-21-2015 02:18 PM ET (US)	/m696 I hadn't considered it, but I suppose why not? That would be...weird. :P
698 Hyperactivity★ 09-21-2015 02:21 PM ET (US)	/m694 Why would salva go for either of the scum kills, they're both near guaranteed to be town Edited 09-21-2015 02:21 PM
699 Soriant★ 09-21-2015 02:21 PM ET (US)	If he could convince himself of only two possible scum. He could put himself as the last person so that if RNG fails him, he would be killing a (now) definite vanilla townie instead of hitting a town PR by accident again.
700 Ourobolus★ 09-21-2015 02:21 PM ET (US)	/m698 True
701 Ourobolus★ 09-21-2015 02:22 PM ET (US)	/m699 Well Kalor is probably dead tonight, and the only other PR is Fireblend, whose ability is pretty much for shits and giggles anyway.
702 Soriant★ 09-21-2015 02:24 PM ET (US)	/m701 He doesn't know that though :P
703 Ourobolus★ 09-21-2015 02:25 PM ET (US)	Also true. But a PR isn't the problem anymore, it's just pure numbers for town. PR or vanilla, it doesn't matter, he needs to hit scum.
704 Soriant★ 09-21-2015 02:26 PM ET (US)	Sure but the mod loves RNG and there's only two scum left so it comes down to the random chance :P Hopefully Salva gives himself 2/3 odds and doesn't get a hard on for Blarg which would probably drop splitter from his list for only a 1/3 chance.
705 Ourobolus★ 09-21-2015 02:30 PM ET (US)	I need to figure out how to GIF myself clicking the button on random.org
706 Hyperactivity★	You guys see a 2/3 chance to hit scum, I'm seeing a 2/3 chance to not hit splinter

09-21-2015 02:37 PM ET (US)	Different outlooks and stuff, but corn was going to get exposed tomorrow either way It might not be in salva's best interests to hit tonight It's basically a gamble: 1/3 chance for a similar situation, 1/3 chance for a town loss, 1/3 chance for a town win
707 Hyperactivity★ 09-21-2015 02:45 PM ET (US)	The salvapot/fireblend/blargonaut vs cornburrito/splinter situation is at worst identical to the 2 towns vs splinter situation. On top of that, salvapot has factors he's unaware of For example: The hit list is more likely to look like cornburrito/x/x, where the two x's can be blargonaut, fireblend, or splinter. Salvapot knows scum has a 2nd kill, he's not sure of the number of shots or how it works. He won't know whether it's 1-shot or more. He won't KNOW whether his shot could lead to a scum victory or not He might consider the possibility of a 1-shot bulletproof scum or something simialar. Yeah, it actually might not be best for salva to shoot tonight Edited 09-21-2015 02:46 PM
708 Hyperactivity★ 09-21-2015 02:53 PM ET (US)	Oh just turbo, no opportunities for salva to tell his actual rc and lunch corn and no last 13 minute shenanigans
709 Ourobolus★ 09-21-2015 03:11 PM ET (US)	LOL Topo just sent me this PM: Title: I need to vent I'm <i>this</i> close to commiting suicide when presented with the chance, if only to escape this stupidity. Palmer was right. Edited 09-21-2015 03:11 PM
710 Ourobolus★ 09-21-2015 03:12 PM ET (US)	Topo: I can't believe I'm saying this, but...tell Palmer he was right.
711 Sorian★ 09-21-2015 03:12 PM ET (US)	#palmerwasright
712 palmer_v1★ 09-21-2015 03:19 PM ET (US)	Well, I was and I wasn't. I thought El Topo was pretty scummy myself, but I wouldn't pursue it without something more substantial. How about #PalmerIsUsuallyRight
713 Sorian★	I think he just meant that you were right that everyone is idiots.

09-21-2015 03:25 PM ET (US)	
714 Lone_Prodigy 09-21-2015 03:40 PM ET (US)	It's always an uphill battle when the numbers are small and scum are actively working against you.
715 Hyperactivity★ 09-21-2015 03:47 PM ET (US)	He's not too much better with that scum don't have actual GOP names bs
716 Soriant★ 09-21-2015 03:48 PM ET (US)	Does scum have actual GOP names?
717 Ourobolus★ 09-21-2015 03:50 PM ET (US)	/m716 No. Atheist/Climatologist/Teacher They do have Scott Walker and Marco Rubio as fake names though.
718 Soriant★ 09-21-2015 03:50 PM ET (US)	Man, the real screw up here is that Salva read the name of his person wrong.
719 Soriant★ 09-21-2015 03:51 PM ET (US)	/m717 What baffles me is why anyone thinks that the president of fox news would be a part of this game in a regular GOP-aligned role.
720 palmer_v1★ 09-21-2015 04:04 PM ET (US)	I told them early on that Ouro probably gave the mafia names to use. It's part of why I assumed BSP was Neutral after I thought about it. Her role claim was terrible because she couldn't fall back on the spare names.
721 Soriant★ 09-21-2015 04:07 PM ET (US)	El Topo putting in work before he gets lynched.
722 Hyperactivity★ 09-21-2015 04:09 PM ET (US)	/m719 /m720 I used Robert Tilton because I could prove my ability easily, kingkitty showed that anon. messages weren't necessarily scum, and because the roles we were given (in terms of role) were crap This is what ouro gave us: Scott Walker- deny money, roleblocker Marco Rubio the thirsty one- can control someone else's vote (INSTA LYNCH HAHAAAAHA) Easiest roles to disprove EVER We changed that to Rubio the commuter and Herman Cain the one shot bulletproof, but I wasn't feeling sure about the 2nd. I told corn to use rubio, although now that roger ailes seems to be working out fine, leaving rubio/waller for the ordinary town claim seems fine

	Either way, as you can see, that's only two GOP names given, I wanted to leave them for my teammates, and I wanted a name that made sense with my role. The super super religious candidates- Cruz and Huckabee, had already been taken. So I took Robert Tilton, the televangelist (thanks John Oliver for the name) Edited 09-21-2015 04:13 PM
723 Ourobolus★ 09-21-2015 04:12 PM ET (US)	I may have been a little drunk when I came up with the fake roles. Regardless, the names are the important part. :P
724 Hyperactivity★ 09-21-2015 04:12 PM ET (US)	Damnitt corn don't go with either plan don't drag splinter into association with you you're a walking corpse right now and splinter needs to do a semi-bus tomorrow

739 palmer_v1★ 09-21-2015 04:59 PM ET (US)	My problem with blarg is it feels like he's always neutral regardless of his actual role. It's never very beneficial to town.
740 Lone_Prodigy 09-21-2015 05:14 PM ET (US)	Blarg is like the Hulk: unpredictable and deadly, but can become rational and lucid if you're Scarlet Johansson.
741 roytheone★ 09-21-2015 05:17 PM ET (US)	/m739 being scum in a game that has a town blarg was great, because you know that there will be a day that blarg does something crazy and you can just Sit back and watch town lynch blarg. Blarg basically gave us a free day in nx.
742 Soriant★ 09-21-2015 05:21 PM ET (US)	/m741 Blarg's plan was good except for two things. The first thing in his control, he fucked up the role claim, which I caught right away (if he targeted scum, he would die and action would fail) The second was out of his control. You obviously knew he had no night actions so his whole claim was easily thrown away. He had no way of knowing that scum would have a tracker though.
743 Hyperactivity★ 09-21-2015 05:23 PM ET (US)	/m741 yuppity yuppity yup But sometimes he can be deadly accurate

746 nin1000 09-21-2015 05:29 PM ET (US)	and i would never vote for you palmer, why would i ? You are faar to much fun mate, i knew you were not scum to begin with

750 Soriant★ 09-21-2015 06:12 PM ET (US)	What's wrong with me? I understand that post. He reads himself, Kalor, cabot, and Splinter as town. The rest need more time to "bake" ie, he is undecided on them.

754 Ourobolus★ 09-21-2015 06:15 PM ET (US)	Fireblend and Salva are the same pic?
755 Soriant★ 09-21-2015 06:16 PM ET (US)	/m754 It's probably hard to find gifs of delicious pizzas baking. If there is some deeper meaning for the same pic then that is lost on me.

797 Ourobolus★ 09-22-2015 09:01 AM ET (US)	oof, bad move, Splinter. Should've said "Scott Walker, Loser."
798 roytheone★ 09-22-2015 09:19 AM ET (US)	What the hell is fire doing? If you look back at the dead people PM's, it is pretty clear that every ordinary townie has the title Loser.
799 Ourobolus★ 09-22-2015	Fire's a PR.

09:20 AM ET (US)	
800 roytheone★ 09-22-2015 09:24 AM ET (US)	I know, but by saying the titles are just fluff, he is kinda covering for splinter, and for what? To keep it a secret he is the silencer? Is he afraid Cabot will yell at him for D2?

808 Hyperactivity★ 09-22-2015 09:51 AM ET (US)	Splinter why Fuck splinter why fuck turbo el topo already
809 Ourobolus★ 09-22-2015 09:59 AM ET (US)	Ok. In all honesty, how is Fire's role worse than, say, an Override? Sure, it's "Anti-town," but at least you don't lose a player.
810 Sorian★ 09-22-2015 10:06 AM ET (US)	It's really not that bad. The person even still gets to vote even if it is only once.
811 palmer_v1★ 09-22-2015	The problem with that role being on a townie is that it should never be used by a townie. All you do is make someone nearly impossible to read for a day, which is entirely negative utility. The single vote part is the only remotely

10:26 AM ET (US)	useful part, and only if you catch scum with it. It also makes it tough to role claim, since it's a Night Action. Basically, if I had that role, I would play like an Ordinary Townie and ignore it's existence. An Override at least DOES something and is immediately verifiable, though GAF has so far wasted every use. Edited 09-22-2015 10:27 AM
812 Soriant★ 09-22-2015 10:28 AM ET (US)	/m811 Idk, I think Tim used his scum-aligned override pretty well :P
813 Ourobolus★ 09-22-2015 10:28 AM ET (US)	It's true. The single vote part was my original idea, then I added in the macro thing just for laughs. Ah well. <i>subvert expectations</i>
814 Soriant★ 09-22-2015 10:33 AM ET (US)	cabot always impresses me as a well-reasoned player. I'm adding him to my list of players I would hate to play against if they are scum along with Palmer and Squidy.

817 Soriant★ 09-22-2015 10:38 AM ET (US)	/m816 You showed such potential, cut down in your prime to save my life!
818 Ourobolus★ 09-22-2015 10:46 AM ET (US)	I wonder what role splinter is gonna come up with. I gave them roleblocker for Scott Walker, so...
819 Soriant★ 09-22-2015 10:50 AM ET (US)	If he claims that then he would be in the clear to me, he'd have to come up with good night targets though. There was a jailor AND a doctor so it's not expecting much to think there was a roleblocker too.
820 roytheone★ 09-22-2015 11:37 AM ET (US)	/m817 somebody did that? Man, that guy is probably a big asshole, who would do that?
821 Hyperactivity★ 09-22-2015 11:43 AM ET (US)	Good night targets for him N1- Soriant N2- corn N3- el topo That seems alright

822 Sorian★ 09-22-2015 11:45 AM ET (US)	Choosing me night one would be horrible with the information the group currently knows. They still think Salva is a 50% chance bomb, if I was roleblocked then how did I die? Edit: And before you say it, I doubt Salva would hop in to save him. Salva is thinking of himself first and making sure he gets his last vig kill off, he isn't going to role claim to save someone. Edited 09-22-2015 11:46 AM
823 Sorian★ 09-22-2015 12:14 PM ET (US)	Splinter is feeling that burn. Gonna laugh when he roleclaims one shot bulletproof.

826 Sorian★ 09-22-2015 12:29 PM ET (US)	Should have killed cabot first instead of nin. He's going to go in hard on Splinter before this day ends.
827 roytheone★ 09-22-2015 12:32 PM ET (US)	If they lynch splinter today, do you guys think salva will even use his night kill power again? He probably knows there is only 1 scum left then, so that gives him at best a 1/3 chance to hit scum.

831 Sorian★ 09-22-2015 12:40 PM ET (US)	/m829 If the disastrous happens, Corn is done. There aren't two vigs and even if they waste a day killing Salva, they will destroy Corn the following day when they see Salva's flip.

	6-1 if Splinter gets voted out 4-1 if corn ends up killing two anyway 3-1 if they vote out Salva 2-1 Corn kill 2-0 RIP Corn This game is done if they get Splinter today, I know towns are prone to fuck ups but Corn can't talk his way out of that situation and it'll be 3 against 1 if corn does the smart thing and only lets his poison kill tonight which wouldn't look much better for him.
832 Sorian★ 09-22-2015 12:40 PM ET (US)	Not taking into account Salva's kill, of course, but I don't think he'd use it if there was only one scum left. That would be how town loses though lol
833 Hyperactivity★ 09-22-2015 12:49 PM ET (US)	Salva, ready that gun They officially have to have splinter talk himself out of this (maybe like corn yesterday, where corn should've been lynched but no activity killed palmer) And then do the scumbag scumbag blargonaut pile on majority Say he'll roleblock fireblend tonight, to prove himself, and then kill fireblend tonight

842 Sorian★ 09-22-2015 03:06 PM ET (US)	Oh wait. Silencing Blarg would be genius. It prevents him from voting randomly and giving Corn and Splinter time to hammer a vote.
843 Burbeting★ 09-22-2015 03:07 PM ET (US)	people keep giving blarg credit yet he was pretty off-base in both nx and now here. (yes still sour of his turbo turbo :D)

845 Sorian★ 09-22-2015 04:15 PM ET (US)	Hey Ouro, is there a reason you removed the kill command information from Hyper's role?
846 Sorian★ 09-22-2015 04:15 PM ET (US)	Oh good, I'm not the only one that just noticed that lol
847 Ourobolus★ 09-22-2015 04:16 PM ET (US)	Nah, I just didn't think it was necessary. I thought the fact that anyone on the mafia side could make the kill was pretty common. I'll leave it in next time.
848 Sorian★ 09-22-2015 04:18 PM ET (US)	Same issue that Tim ran into when he flipped Fireblend in NX. It's usually best not to remove large swaths of their role PMs. Just remove any player names and remove or re-direct the quicktopic link. My opinion on it at least.
849 Ourobolus★ 09-22-2015 04:20 PM ET (US)	No, I mean it wasn't in the PM to begin with. Ah well. I'll leave it in next time.

869 El Topo★ 09-22-2015 04:47 PM ET (US)	/m867 That was by far the most outrageous claim of all. The only one that's NOT EVEN GOP.
870 Soriano★ 09-22-2015 04:48 PM ET (US)	/m869 Also Salva read his PM wrong, he is Rand Paul. I don't think he's even realized he said the wrong name.
871 El Topo★ 09-22-2015 04:48 PM ET (US)	Lynching Corn should've been first thing today. Splinter scum? The Scott Walker claim? Scott Walker gets a special role, but not Chris Christie? Hopefully they'll see through that.
872 El Topo★ 09-22-2015 04:49 PM ET (US)	/m870 JESUS. HOW DO YOU. I DON'T EVEN.
873 Soriano★ 09-22-2015 04:49 PM ET (US)	His not wanting to say his power was the clue. He fucked up by saying that his title was Blowhard and not Loser.
874 roytheone★ 09-22-2015 04:50 PM ET (US)	Oeeeh, how grueling will ourob make el topo his death? I may print the flavor out, frame it and hang it in my room!
875 Soriano★ 09-22-2015 04:50 PM ET (US)	/m872 Well to be fair, he doesn't live in the US so I don't think he cares too much about our shit show of politics. The names of these idiots probably blur together for most people.
876 El Topo★ 09-22-2015 04:50 PM ET (US)	/m873 Yeah, that was dubious, but I wanted to lynch Corn by far the most.
877 El Topo★ 09-22-2015 04:52 PM ET (US)	No doubt if we had just sat down and gone through everything we would've gotten Corn, then hopefully Scott, although maybe Fireblend could've died before that. They can still do it though. Corn is obvious, cabot already suspects Splinter.
878 El Topo★	Ouro is the best game runner. Best flavor, most insane games. Getting killed by roy is wonderful.

879 Soriant★ 09-22-2015 04:54 PM ET (US)	/m877 Two people are dying again tonight so we don't have as much time as you hope. Corn is a 2-shot poisoner so all of his kills are delayed by one day. Cabot is already set to die tonight. Then scum still gets their regular kill. Salva lied about his role claim, he is actually a 2-shot vigilante so hopefully he hits good tonight because he is our last real chance at winning. He did really kill me night 1. Edited 09-22-2015 04:55 PM
880 El Topo★ 09-22-2015 04:56 PM ET (US)	/m877 Oh, that's interesting. Didn't see that coming. I thought it might be a fake claim by a power role to not get killed during the night, which is also why I really wanted to lynch Corn first, but I never would've expected a vigilante and a poisoner.
881 Hyperactivity★ 09-22-2015 04:57 PM ET (US)	Dude, we got names Marco Rubio the thirsty one and Scott walker the blowhard were given to us Splinter rushed and said blowhard instead of loser I was leaving those two for my teammates and than corn went yolo, claimed roger ailes, and you guys still lynched Palmer for some reason
882 Soriant★ 09-22-2015 04:58 PM ET (US)	The vigilante is, um, interesting btw. So Salva has to send 3 names to Ouro and then RNG chooses which of the 3 dies. So yeah.
883 Hyperactivity★ 09-22-2015 04:58 PM ET (US)	Oh yeah, salva could've counter claimed for 2 days now but hasn't His power has rng involved too, so the game could possibly end with scum victory tonight
884 El Topo★ 09-22-2015 04:59 PM ET (US)	/m881 Ah, interesting. Really interesting. I can't speak for the others, but I just wanted Palmer to die. Also I thought if anyone could pull off looking unsuspecting it would be him.
885 roytheone★ 09-22-2015 05:00 PM ET (US)	/m878 was it good for you too, el topo? It was very good for me!

888 Hyperactivity★ 09-22-2015 05:03 PM ET (US)	The most beautiful part? If salva doesn't shoot and hit scum, if corn and splinter watch the thread like hawks one stray vote will end in a majority because of A. 1 minute in between posting

	B. The lack if karkadorian math (3 is a majority) So say BLARG isn't silenced and makes a joke vote on himself. So long as the other 2 are watching, game over Btw, ouro, can I remind these guys on the lack of karkadorian math this time around?
889 Hyperactivity★ 09-22-2015 05:05 PM ET (US)	They'll probably kill kalor tonight, that double vote is scary
890 Ourobolus★ 09-22-2015 05:17 PM ET (US)	/m886 Seriously, Topo. It was killing me not being able to just jump in the game and tell you to stop overthinking how I may or may not have designed the game. It's one of the reasons there are some RNG roles. :P (I still hate RNG)
891 Ourobolus★ 09-22-2015 05:19 PM ET (US)	Also I learned my lesson from Archer and made sure to give Mafia some better-known roles rather than just side "characters."
892 Ourobolus★ 09-22-2015 05:21 PM ET (US)	/m888 Nah, they'll figure it out when I start the day and show how many votes are needed.

907 El Topo★ 09-23-2015 08:23 AM ET (US)	/m901 I honestly can't believe anyone would think a list of a neutral/mafia member would be reliable. Edited 09-23-2015 08:24 AM
908 Ourobolus★ 09-23-2015 08:24 AM ET (US)	/m905 Well, in practice it sucked, but the point of the role was important in giving information or misinformation, as it turned out. :P

910 Bananaspaceprincess 09-23-2015 08:48 AM ET (US)	/m909 I don't even remember why I did it bc I really thought I'm out at that point :D Something just told me to stick with the story until Ouro confirms something and I'm glad I did :P
911	/m910 if I was in an end game situation with you, say a lylo to mylo, I totally

Hyperactivity★ 09-23-2015 08:54 AM ET (US)	would've done a gambit and named my scum partners, then let town WIFOM itself to death
912 El Topo★ 09-23-2015 09:31 AM ET (US)	I'd also add that I don't think contemplating the actual game mechanics and how Ouro may have set up things is a bad idea. Going through the various scenarios is very helpful and allows one to come up with how the game may be set up. I should have done that earlier, when I had more time at my disposal. For example while I didn't see RNG coming due to its potentially disruptive nature, I contemplated that Ouro might beef mafia up a bit, after several complaints from last game. I'd also add that Hyper and others previously claimed I was looking at unnecessary details. I completely disagree. The article for example was in Trump's Role PM as well, but there it was entirely understandable because "Donald Trump, Trump" sounds really dumb and a lot less descriptive than e.g. "Ted Cruz, Climate Change Denier". The others had descriptions that made an article unnecessary. Regarding Hyper, we also had another God-related role name without the article, so that also would've caused suspicion. Of course it is always possible that Ouro deliberately sets something up in a certain way, but what actual information do we have in mafia? Other than a cop or claimed roles (with powers) that allow us to construct the daily/night actions there is very little that is (mathematically speaking) sufficient. Edited 09-23-2015 09:34 AM
913 El Topo★ 09-23-2015 09:37 AM ET (US)	In hindsight I'm really pissed I didn't pull out the "Chris Christie, Bully" fake claim. I feared that if Corn (or whoever I would have claimed to have investigated) was town I would be doomed and we would lose. I was a coward. Edited 09-23-2015 09:38 AM
914 El Topo★ 09-23-2015 09:41 AM ET (US)	By the way: I thought Hyper did a great job for the most part. If the last minutes of D2 hadn't been so insane, he probably would've survived. Completely off my radar the first two days.
915 Hyperactivity★ 09-23-2015 09:45 AM ET (US)	/m912 no, the only point I have to agree with you on is that ouro would beef mafia after the last game As long as you know a game is made to be balanced, you can always work with what you have. Looking at the game from that perspective works. For example, ouro gave us a relatively interesting role and 2 offensive roles, but no ninja or godfather (or a really weak godfather). This is how we figured out the relative lack of investigative roles and the abundance of protective roles in the game. In cthulhu, I used neuro being investigator + me to try and figure out the number of remaining investigative roles, long with the number of power roles to figure out how many town prs and how many scum players I had caught. Even then, when I was making situation after situation in the end game, I ended up making mistake after mistake, and scum could've still won if they had been communicating and didn't go for the bus. But, especially given ouro's comments about wanting to punish GAFIA for certain mindsets, you shouldn't assume much more past the balance in the game. Everything else is up for grabs. And you were far too concerned about

	the smallest details, and you let them bog you down from other things. You could just do the math. Check who claimed, know that there are 4 scum, 16 players, 17 candidates.
916 Sorian★ 09-23-2015 09:47 AM ET (US)	/m915 There's always room for meta discussion. For example, why would the fox news president be a part of the town that is all GOP candidates in some form? Corn should have been punished horribly for that flub immediately.
917 Ourobolus★ 09-23-2015 09:52 AM ET (US)	/m912 for the most part, yes - some discussion of the mechanics and the like are fine. But when you guys start going into things like articles you're really reaching. Some things just sound better with a "the" or "a" in front of them, and that's basically how I wrote them. Balance is a fine thing to discuss, because ideally the moderators did a good job with it. But some assumptions, like RNG roles, aren't necessarily good starting points.
918 Ourobolus★ 09-23-2015 09:52 AM ET (US)	/m916 that's a fine discussion too. Dunno why no one just straight up lynched CB
919 El Topo★ 09-23-2015 09:54 AM ET (US)	/m918 If it hadn't been for Ron Paul, I think there would have been no shred of trust for Corn.
920 El Topo★ 09-23-2015 09:55 AM ET (US)	/m917 That's one of the problem with RNG roles. All you have are vague, insufficient suspicions ("X voted for Y", "Z posted ABC"), because you cannot even rely on deciphering the nightly actions without completely taking apart the possible game scenarios. It still works, but it becomes even more difficult for town and the actual "evidence" becomes even less. Edited 09-23-2015 09:56 AM
921 Ourobolus★ 09-23-2015 09:55 AM ET (US)	/m920 hence why I don't like RNG. :P
922 El Topo★ 09-23-2015 09:57 AM ET (US)	/m921 I don't think RNG is necessarily a problem if there are enough sources of information for players. It still works well in this game and it was a pleasant surprise, but generally it's a thin line to walk.
923 El Topo★ 09-23-2015 10:00 AM ET (US)	/m915 It is about adding another layer of (potential) information, which allows us to look at the game in a different light and examine various scenarios. Please note that I didn't just (mostly) say "Lynch Corn because of his claim", but because it would've given us potentially valuable information and compared to others it stuck out to some extent. As with every claim and "evidence" it could backfire or it could work. I should've done an analysis of scenarios on D3, but...we were all kinda burnt out after D2 I think. Edited 09-23-2015 10:01 AM
924 Sorian★	The only two pieces of evidence I needed to lynch corn were his claim and the fact that he said he would not let his resolve waver. I'm easy like that.

09-23-2015 10:02 AM ET (US)	
925 El Topo★ 09-23-2015 10:04 AM ET (US)	I really, really hope they remember that Corn said he'd volunteer to die if I was town. I know I backtracked a bit on it, but they should not let him get out of that. Edited 09-23-2015 10:06 AM
926 Soriano★ 09-23-2015 10:42 AM ET (US)	I'm gonna be sad when Salva shows up and says he read both his role name wrong and thought he was only 1-shot.
927 El Topo★ 09-23-2015 10:48 AM ET (US)	Did he actually misread? I thought it might've been a risky pro-town move. Get some suspicion on yourself so mafia doesn't try to lynch you, add a fake power claim so you're even safer (and it explains the nightly events) and so that town leaves you alone. There's a reason why I would've preferred to lynch Corn first.
928 Soriano★ 09-23-2015 10:52 AM ET (US)	There was no reason to say Ron Paul instead of Rand Paul, I think that was a misread. The fake power claim was definitely planned and quite clever (though whoever said "Why would Soriano have tried to protect Salva?" was spot on, fuck that guy :P). The 50% chance at bomb was also enough to dissuade mafia from night killing him which is really what his goal was with that claim (also to not have town turn on him since he murdered the doctor lol).
929 El Topo★ 09-23-2015 10:57 AM ET (US)	Ron Paul instead of Rand Paul means he gets more scrutiny from town and is closer to a fake claim. Even if mafia does not believe his convenient power claim, the fake role claim implies to them that he might be neutral, although at this point they should know he was lying (due to revealed roles and known fake roles). It's a risk because town could easily accuse him of being a liar, but his claim is still close enough to reality and he came forward without (obvious) necessity. A potentially risky, but very gutsy move. Edited 09-23-2015 10:58 AM
930 Soriano★ 09-23-2015 11:01 AM ET (US)	Maybe, I guess we'll have to ask him.
931 El Topo★ 09-23-2015 11:02 AM ET (US)	I mean he could have misread, but it could also have been a very interesting and smart move. If he survives and hits mafia, that could in hindsight be a genius, game-changing move.
932 Soriano★ 09-23-2015 11:17 AM ET (US)	I guess it just depends, I see the fake power part of it as what is really dissuading mafia from night killing him. They've had bigger fish to fry each night anyway and with only 2 of them, I don't think they'd need a reason to test the claim until closer to end game. He would probably have been a prime poison target but yeah, not worth it if there was a even a chance that he was telling the truth and Corn could have died visiting him.
933 Hyperactivity★ 09-23-2015 11:29 AM ET (US)	nin1000 and cabot were obvious poison targets, they were both cleared and likely to be protected by a doctor, but poison gets past that. Kill is for people we want to get rid of immediately.

	/m925 He can just say he said that when tomorrow wasn't guaranteed to be a 3-2 day. That pact was dumb. Hec, if he was town and he swore to that, then you would lose tomorrow. A 4-2 is as much as a 3-2, the only difference between the two situations is that you can't choose no lynch in the 2nd
934 palmer_v1★ 09-23-2015 11:29 AM ET (US)	/m928 That was me, Sorian. It made absolutely no sense that you would have targeted Salvapot. I still stand by my D2 vote against him. He killed our Doc, role claimed to save a neutral, claimed to be a 50/50 bomb which is perfect cover for scum, and then used Ron Paul as his name, who isn't even a candidate. It really fucking hosed us.
935 Sorian★ 09-23-2015 11:32 AM ET (US)	/m934 I spent my one and only night protecting Never Forever/Blarg by the way. I found a medium road poster who I strongly read town that didn't cause much of a scene during day 1 and went for that. I figured NF would be a safe kill for scum because he didn't leave behind much information but no one really distrusted him. Ah well. The one time Gafia didn't have mass role claims day 1 so I didn't have a more concrete PR to latch on to.

939 Ourobolus★ 09-23-2015 11:38 AM ET (US)	/m938 True, but it was a little necessary.
940 Ourobolus★ 09-23-2015 11:38 AM ET (US)	/m939 errr, wait. What?
941 Sorian★ 09-23-2015 11:40 AM ET (US)	Did you just question yourself?
942 Ourobolus★ 09-23-2015 11:40 AM ET (US)	I misread your comment as Hyperactivity. I forget what I changed about yours.
943 Ourobolus★ 09-23-2015 11:41 AM ET (US)	Oh...I see. Gotcha. I've just never really seen a doctor that can self-heal. It's weird to me.

944 Soriant★ 09-23-2015 11:41 AM ET (US)	Crab could self-heal in DR game. Tsk Tsk :P
945 Ourobolus★ 09-23-2015 11:42 AM ET (US)	meh.
946 Soriant★ 09-23-2015 11:43 AM ET (US)	I mean, I'm not mad or anything obviously, it's a design decision that helps balancing because on a normal day 1, the doctor can guarantee they make it until day 2 (or until first role claim). I was just super excited when I saw I was a self-protector too and then you shattered my dreams :P
947 El Topo★ 09-23-2015 11:44 AM ET (US)	/m944 Well, would you expect a Republican doctor to save someone else (first)? ;-) Edited 09-23-2015 11:44 AM
948 palmer_v1★ 09-23-2015 11:49 AM ET (US)	I've seen two doctor types in my experience. One can't target themselves, but can target someone else indefinitely. The other can target themselves, but can't target the same person two nights in a row. I'm actually more used to the latter.
949 Hyperactivity★ 09-23-2015 11:50 AM ET (US)	Can't target people repeatedly (WHAT, do you think this healthcare comes free?)

952 Soriant★ 09-23-2015 12:10 PM ET (US)	Didn't you check in at the end of the day phase yesterday Nin? We still in night phase right now. If I'm remembering wrong though: They voted off El Topo (and roy got to kill him in the flavor) Salva doesn't seem to be submitting his vigilante kill so there will only be two deaths tonight. The first will be cabot because he was poisoned in the prior night phase so his time is up. The second will (probably) be Kalor because of his double vote powers though I don't know for sure if scum has sent there kill yet and on who. Town probably screwed D:

955 Lone_Prodigy 09-23-2015 12:56 PM ET (US)	I should've asked if I could wall myself. /m934 Salva's claim likely killed me. We did hit scum at the last minute but it forced me and Kalor to claim. Had Salva not said anything we probably could've just lynched BSP and I could've soft-claimed as just Trump.
956 Ourobolus★ 09-23-2015 01:32 PM ET (US)	Oh, Topo. I need a death message from you.

960 Sorian★ 09-23-2015 01:48 PM ET (US)	I don't think so. Ouro likes giving people false hope. I also am not 100% sure he is dead? I know he is poisoned but maybe there is another role that can save him still? (I highly doubt it)
961 Ourobolus★ 09-23-2015 01:50 PM ET (US)	Not yet. He's actually going to be really busy so he was hoping he died, lol. I'll send it to him and Kalor when the day starts.
962 palmer_v1★ 09-23-2015 02:04 PM ET (US)	Not that it mattered this game, but how does poisoner normally interact with doctor? Does he have to protect N1 or N2, or does it bypass completely?
963 Sorian★ 09-23-2015 02:06 PM ET (US)	Ouro's plan was that I would have to protect N2, the actual death night, if I did that person survives and poison removed.
964 Ourobolus★ 09-23-2015 02:07 PM ET (US)	/m962 some games have Poison Doctors that are specific to poison, but I just grouped it with the regular doctor role.
965 palmer_v1★ 09-23-2015 02:23 PM ET (US)	I brainstormed a Sniper for a Mafia themed game to replace a poisoner. I was going to make them target a player two nights in a row, the first to scout, the second to kill. Doc could only save the person on N2, but any watcher or tracker would see activity on either night. Getting role blocked either night

	would force sniper to start over. It was my way of giving the Mafia an every other day extra killer.
966 Hyperactivity★ 09-23-2015 02:30 PM ET (US)	/m965 that sniper getting noticed the 2nd day? A sniper? Maybe watchers/trackers/motion detectors see first, doctor saves the 2nd Although that's the same as a poisoner lol Edited 09-23-2015 02:35 PM
967 roytheone★ 09-23-2015 02:49 PM ET (US)	/m966 maybe they have that detective vision from the batman games which allows you to track the trajectory of the bullet?
968 palmer_v1★ 09-23-2015 02:53 PM ET (US)	Well a tracker would definitely see activity on two nights. It makes less sense for the Watcher on N2, but some things just need to be handwaved.

976 Soriant★ 09-23-2015 03:26 PM ET (US)	This game is painful for me to watch. I'm going to consider it a win if Corn or Splinter decide that no one is going

977 roytheone★ 09-23-2015 03:42 PM ET (US)	Fire seems to be already leaning towards Salva being scum..... Yeah, I don't think town is going to survive today.
978 Sorian★ 09-23-2015 03:44 PM ET (US)	This is the first time I've ever wanted to jump into a thread and just scream at everyone. I understand now. Usually I just think one particular thing is dumb but Corn literally has everyone taking a ride and it was so easily avoidable.

1026 Cabot 09-23-2015 05:09 PM ET (US)	I cant believe salva misread his name. I was reasonably sure he wasnt scum but that was a question mark for me. It would have made cb stand out even more. Damn it salva!
1027 roytheone★ 09-23-2015 05:12 PM ET (US)	/m1025 I actually want to see how blarg would react if his joking around would directly cause him and his team to lose.
1028 Hyperactivity★ 09-23-2015 05:13 PM ET (US)	Fireblend gonna out salva forcibly and make him look scummy Fireblend vote, turbo turbo turbo I wonder if the others fully realize what a stray vote means. After all, if I was town I would make a big fat PSA about it at the beginning of the day
1029 El Topo 09-23-2015 05:13 PM ET (US)	/m1026 Pretty sure he's pulling a gutsy play. If we win, he's a hero. If we lose, he's a roy.
1030 El Topo 09-23-2015 05:15 PM ET (US)	/m1028 The problem is that Corn or Splinter cannot vote first, else they immediately expose that they are mafia.
1031 Hyperactivity★ 09-23-2015 05:15 PM ET (US)	/m1029 forget Roy, he's an NX townie Excluding burbeting and ouro of course Edited 09-23-2015 05:15 PM
1032 Cabot 09-23-2015 05:15 PM ET (US)	/m1029 would I have voted cb over you if he was the only name in the list that wasn't a candidate? Absolutely. I sure hope your right
1033 Sorian★ 09-23-2015 05:15 PM ET (US)	/m1028 The first vote is going to go out on Corn.
1034 El Topo 09-23-2015	If anyone votes for Corn, the others have to wait a bit. If there are not immediately two other votes, Corn is mafia.

05:16 PM ET (US)	
1035 Hyperactivity★ 09-23-2015 05:17 PM ET (US)	And if someone calls them on it, they can point it out, and accuse others of being scum Does town really want to check who is scum like that? If there first choice isn't scum, they lose. If people see that and bandwagon, they can say scum are bandwagoning
1036 Cabot 09-23-2015 05:18 PM ET (US)	Also why isn't anyone pressuring splinter right now. It's lylo and he s still alive. Where's the 'claim'?
1037 Hyperactivity★ 09-23-2015 05:19 PM ET (US)	/m1034 there will be that doubt. Maybe mafia are trying to trick us and vote later. Maybe they're off their computer for a but and we got lucky. Should we place this vote to begin with Town essentially is equal to a silenced character that votes once in the day One vote, and they can lose
1038 roytheone★ 09-23-2015 05:19 PM ET (US)	/m1031 wrong choice of words there, el topo NEVER FORGETS.
1039 Hyperactivity★ 09-23-2015 05:20 PM ET (US)	/m1036 they have a pretty good one ready
1040 El Topo 09-23-2015 05:20 PM ET (US)	/m1035 The first vote decides the day and maybe the game. If they vote mafia, that player dies. If they vote town, town loses. I hope someone votes Splinter. In that case there is one big fat obvious target for Salva.
1041 Hyperactivity★ 09-23-2015 05:22 PM ET (US)	/m1040 not necessarily, scum and town can claim that one player might be inactive and other scum is waiting for partner. There only one minute between a vote and unvote, so scum won't act without partner Then, when people bandwagon, they can say the scum have returned to vote
1042 Sorian★ 09-23-2015 05:23 PM ET (US)	/m1040 Again, Salva does not get to choose his target, him not acting last night was a big screw up, he'll do more harm than good now. /m1039 Doubt it but you don't need anything good to fool these guys.
1043 El Topo 09-23-2015 05:25 PM ET (US)	/m1041 Yeah, that seems possible, but very unlikely if you time your vote right.
1044 El Topo 09-23-2015 05:26 PM ET (US)	/m1042 Oh yeah, right. He should have come out the moment CornBurrito claimed anyway. He should have. That would have put Corn in the ground. There is no way whatsoever town has two vigilantes and he should have known.
1045 Cabot	Hey hyper I wanted to say even though this will bring back old wounds and all. I was pretty disappointed I didn't see more of you this game I really liked

09-23-2015 05:29 PM ET (US)	your cthulu performance :(
	Evil hyper would have been a worthy fellow had he not gone down so unfairly.
1046 roytheone★ 09-23-2015 05:30 PM ET (US)	I just realized that I am the only one here that wasn't in the game, so has no horse in this race and can just sit back and watch it happen with 0 things riding on it!
1047 Cabot 09-23-2015 05:32 PM ET (US)	Roy don't you remember possessing me and going after El topo
	The nerve.
	Them you made him into a car pancake
1048 Hyperactivity★ 09-23-2015 05:34 PM ET (US)	/m1045 Nah man, it's fine. I did want to play scum a bit longer though, maybe I'll roll scum again next season. Feel like I was shaky day 1.
	I had prepared myself for the day 3 or 4 lynch anyways, depending on whether I could extend the day with my role claim or not
	/m1046 El Topo was on the GOP's side. And scum deaths are depressing to read.
1049 Soriano★ 09-23-2015 05:35 PM ET (US)	Blarg is now online.
	Buckle up.
1050 Burbeting★ 09-23-2015 05:36 PM ET (US)	/m1049 you kept looking at the list of people online :P?
1051 Cabot 09-23-2015 05:36 PM ET (US)	His super post yesterday really impressed me. Then I got annoyed because it will only ever be a tiny facet of his play
1052 Soriano★ 09-23-2015 05:36 PM ET (US)	No, he posted in another thread just now.
1053 Hyperactivity★ 09-23-2015 05:42 PM ET (US)	Blarg has been shockingly sane this game. I DID NOT see that long post from yesterday coming whatsoever
1054 roytheone★ 09-23-2015 05:43 PM ET (US)	/m1047 yeah, that was a good day. If you could frame a day somehow, I would do it and hang it in my bedroom so that every time I wake up, I would be reminded of the fact I crushed el topo to death in a metal gear.
1055 roytheone★ 09-23-2015 05:45 PM ET (US)	/m1053 has blarg ever reached the end game? I Wonder if he adapts his play style for it.
1056	I went back to look at Blarg's mega post and I just realized that he said my

Sorian★ 09-23-2015 05:50 PM ET (US)	title was Neuromancer instead of Neurosurgeon. If that was done purposely then lolololol
1057 Hyperactivity★ 09-23-2015 05:55 PM ET (US)	NOO CORN You must be on your computer for the next 48 hours straight

roytheone★ 09-23-2015 06:04 PM ET (US)	/m1066 I panicked a bit at the start of D4 of nx, it didn't end well.
1069 Soriant★ 09-23-2015 06:08 PM ET (US)	Everyone has shown themselves to be available during this vote sitting out there except for Splinter (and Corn but he doesn't matter since the vote is on him). Scum loses nothing by turboing the vote. This disqualifies a Fire/Salva scum team at the very least.
1070 Hyperactivity★ 09-23-2015 06:09 PM ET (US)	Guys I spun the wheel http://wheeldecide.com/index.php?c1=SalvaP...weights=&x=127&y=26 First person was cornbrrito FUUUUUUCCCKKKK

1083 Sorian★ 09-23-2015 06:24 PM ET (US)	Everyone has proven themselves to be available now btw. Occam's Razor says either Corn is scum or Blarg is scum. I wonder which one has a weaker role claim. Oh.....right..... :)
1084 Hyperactivity★ 09-23-2015 06:26 PM ET (US)	That's a stupid plan if you're town fireblend. Corn can just say he wants to win
1085 Sorian★ 09-23-2015 06:28 PM ET (US)	Splinter is cracking, wonder if they will notice. First he says he suspects Corn and Blarg then no more than 5 minutes later, Corn isn't on his radar and he points at Fire instead.
1086 roytheone★ 09-23-2015 06:28 PM ET (US)	I actually kind of feel bad for blarg now. He always plays the joker in these games, but he knows that that is no longer possible now because that would directly cause him and his teammates to lose. So he HAS to play serious now, but he has no idea how that works. He is kinda lost right now.
1087 Hyperactivity★ 09-23-2015 06:29 PM ET (US)	Never doubt this town's ability to overthink things

1170 Sorian★ 09-24-2015 11:53 AM ET (US)	I enjoy serious analytical Blarg.
1171 Sorian★ 09-24-2015 12:01 PM ET (US)	Please trust him Fire, please.

1172 nin1000 09-24-2015 12:35 PM ET (US)	dont be a complete tool Fire and believe him ffs
1173 Soriana★ 09-24-2015 12:46 PM ET (US)	Ouro, go answer Blarg in the thread. I'm on the edge of my seat trying to figure out where the hell he is going with this.
1174 Lone_Prodigy 09-24-2015 12:47 PM ET (US)	I feel like Salva is sabotaging the game for the town. His claim has kept him alive but at the town's expense. If they lose, it'll be partly because of him.
1175 Soriana★ 09-24-2015 12:50 PM ET (US)	Salva also killed the doctor. He's scum MVP.
1176 palmer_v1★ 09-24-2015 12:57 PM ET (US)	Did someone say Salva's role targets 3 people, and kills 1? Who did he target N1?
1177 Ourobolus★ 09-24-2015 01:03 PM ET (US)	Soriana, Hyper, Cabot
1178 palmer_v1★ 09-24-2015 01:25 PM ET (US)	I had no read on Hyper D1, so no opinion there. Soriana, I would be willing to go after that night. Cabot doesn't make much sense to me though. Oh well.
1179 Soriana★ 09-24-2015 01:26 PM ET (US)	Palmer pls, I'm still salty at you that you came at me over something that is clearly in the OP.
1180 palmer_v1★ 09-24-2015 01:33 PM ET (US)	Hopefully I wasn't the reason Salva put you in his list.
1181 Hyperactivity★ 09-24-2015 01:56 PM ET (US)	/m1180 Of course yu were Don't know why he put cabot there at all though
1182 Soriana★ 09-24-2015 02:11 PM ET (US)	Cabot was ordinary now, according to his claim, and reading Cabot's role description 100% verified Nin as town. It's the same thing I was pushing for day 1 so that we wouldn't lose a PR and because I knew people wouldn't like it and I wanted to look mildly suspicious so that scum would leave me alone at night.
1183 Ourobolus★ 09-24-2015 02:26 PM ET (US)	Blarg, whoops.
1184	He was sort of on the right track about the meta of this game. Again, if Salva

palmer_v1★ 09-24-2015 02:29 PM ET (US)	just fucking claimed, he might reverse course on the latter, incorrect, portion of his thoughts on splinter.
1185 Soriant★ 09-24-2015 02:30 PM ET (US)	I'm taking back my spirit energy Blarg, you're worse than Hercule.
1186 Ourobolus★ 09-24-2015 02:30 PM ET (US)	Well yeah, his meta-talk was pretty good. Just not the end result of believing Splinter :P Edited 09-24-2015 02:34 PM
1187 El Topo 09-24-2015 02:41 PM ET (US)	I shouldn't have expected anything from the guys that lynched me.
1188 palmer_v1★ 09-24-2015 03:01 PM ET (US)	Fireblend: I'm most definitely not scum. Not sure what I could do to convince you at this point. HAAAAAAAAAAAAAAAAA! /m1187 I was gonna say you fucked up too, but I think you did unvote me, just at a point when it was too late.
1189 Burbeting★ 09-24-2015 03:02 PM ET (US)	Blargy noo. Saving defeat from the jaws of victory indeed...
1190 palmer_v1★ 09-24-2015 03:20 PM ET (US)	Blarg, I wish you posted this way normally.
1191 Lone_Prodigy 09-24-2015 03:21 PM ET (US)	The problem with all this discussion is that 2/5 are scum pointing the fingers at anyone but themselves. Sure they have to mention their partner as potential scum but as long as someone else is dominating the discussion they can push the conversation that way.
1192 nin1000 09-24-2015 03:22 PM ET (US)	Blarg is the only one thinking straight, never thought i see that day
1193 Lone_Prodigy 09-24-2015 03:23 PM ET (US)	Blarg is channeling Cthulhu D2. It's kind of awe-inspiring and scary.
1194 Ourobolus★ 09-24-2015 03:24 PM ET (US)	What they should be doing is instead of ruling out the people who could hammer, is instead looking at the people who were voted on. Why couldn't CB and Splinter be hammered?
1195 palmer_v1★ 09-24-2015 03:24 PM ET (US)	Salva is the only townie that can change the current status quo to put heat on Corn. There is a risk it backfires though. I think if they got Corn today, there's plenty of links to tie him to splinter after that.

1196 palmer_v1★ 09-24-2015 03:27 PM ET (US)	/m1194 Other townies wouldn't know for sure the first vote wasn't scum. Blargonaut should absolutely be able to infer it though.
1197 Ourobolus★ 09-24-2015 03:28 PM ET (US)	/m1196 Well, true.
1198 palmer_v1★ 09-24-2015 03:32 PM ET (US)	Salva is putting it together a bit. Will he follow through on it with a vote? His choices are Blarg, Splinter, or Corn based on JUST that.
1199 Hyperactivity★ 09-24-2015 03:33 PM ET (US)	/m1194 Why couldn't blarg be hammered
1200 Soriano★ 09-24-2015 03:34 PM ET (US)	/m1194 Oh man, this sounds like a Phoenix Wright turnabout moment.
1201 Ourobolus★ 09-24-2015 03:38 PM ET (US)	/m1199 It's a possibility. But considering the roleclaims I'd put it at the bottom of the list.
1202 Ourobolus★ 09-24-2015 03:39 PM ET (US)	Not only that, Blarg's vote on CB was there for a bit. If CB wasn't mafia, then why was the vote around so long?
1203 Soriano★ 09-24-2015 03:39 PM ET (US)	Just think, this all could have been over already if Blarg lashed out at Salva or Fire first instead of Corn.
1204 Soriano★ 09-24-2015 03:41 PM ET (US)	Both Splinter and Corn think Blarg name claimed close to last. Are they doing that on purpose? Because that's going to look bad when someone goes back and points out that Blarg name claimed pretty soon after joining the game. Edited 09-24-2015 03:41 PM
1205 Ourobolus★ 09-24-2015 03:43 PM ET (US)	/m1204 true, but I don't think anyone really noticed at the time. A comment like that from Blarg is usually not taken that seriously. Of course it's true, but I wouldn't hold it against anyone for not taking it seriously.
1206 Soriano★ 09-24-2015 03:45 PM ET (US)	/m1205 I mean, whether they wanted to take it seriously or not, he put it out there. People thought he was joking at the time, sure, but they can't go back and just say "oh yeah, haha, that was a joke so that claim didn't count."
1207 Ourobolus★ 09-24-2015 03:46 PM ET (US)	/m1206 Well, right, but I mean I doubt anyone will point fingers about it since they're likely guilty of the same thing.

1248 Burbeting★ 09-24-2015 05:00 PM ET (US)	Blargonaut is right now really scared and frustrated. It's understandable, since he has never been on a situation like this on gafia. But it won't help town to act like this now.

1254 Burbeting★ 09-24-2015 05:04 PM ET (US)	Blarg please think things through clearly. You are on the money but caps-lock won't be helping you. This is all about fighting over Fireblends soul, at least until Salva is finished.

05:06 PM ET (US)	
1257 Burbeting★ 09-24-2015 05:06 PM ET (US)	For now Blarg can't lynch out Splint, because Salva is not paying attention to the active thread. So what Blarg needs to do now, is fight for time. Aka. he needs to make sure Fire doesn't do the fatal mistake. Until Salva returns to talk with others (how long will that take?) Blarg doesn't have weapons to battle Splinter. Edited 09-24-2015 05:08 PM
1258 Burbeting★ 09-24-2015 05:07 PM ET (US)	/m1256 after I die in games, I usually become neutral in terms of what side I want to win. I wanted the scum to win here until Splint made his half-assed claim, now I'm 50/50. But it's fun to speculate.

1263 Hyperactivity★ 09-24-2015 05:12 PM ET (US)	You know what would be interesting? A non-active scum role that acts as a coach from an outsider's perspective. No dead thread access of course, but it would be fun to experiment with
1264 Burbeting★ 09-24-2015 05:13 PM ET (US)	Salva is the police who is still collecting more evidence. Blarg is Phoenix Wright but he is also the defendant at the same time.
1265 Burbeting★ 09-24-2015 05:15 PM ET (US)	/m1263 lol I could be that. Blarg really needs to stop the caps-lock machine. He isn't helping his case at all.
1266 Sorian★ 09-24-2015 05:15 PM ET (US)	And Splinter is the final witness who is actually the killer. Corn can be the prosecutor who was also the killer.
1267 Ourobolus★ 09-24-2015 05:16 PM ET (US)	Oh, Salva...
1268 Lone_Prodigy	If I was Splinter or Corn, I'd be bussing the other right now. Even if they hit scum today, town dies tonight and it's 2-1 tomorrow, and scum can easily

09-24-2015 05:16 PM ET (US)	hammer any vote.
1269 Soriant★ 09-24-2015 05:16 PM ET (US)	Salva is worthless. That logic all makes no sense and he just wants Blarg to be scum for reasons.

1278 Burbeting★ 09-24-2015 05:19 PM ET (US)	Okay, Salva is the Gumshoe. Bumbling detective who has it all wrong but is still lovable.
1279 Soriant★ 09-24-2015 05:20 PM ET (US)	Salva could have fixed this awhile ago but he was too busy with his bullshit bomb claim and too selfish to cast suspicion on himself to call bullshit on corn. It's a team game people.
1280 Hyperactivity★ 09-24-2015 05:20 PM ET (US)	/m1279 Ouro, you sure you gave salva the right PM?

1281 Ourobolus★ 09-24-2015 05:20 PM ET (US)	/m1279 oh, be nice. :P
1282 Burbeting★ 09-24-2015 05:21 PM ET (US)	If Salva votes, it's game over. Blarg really needs to step up his game in order to turn things around. NO TIME FOR CAPS LOCK PARTY.
1283 Hyperactivity★ 09-24-2015 05:21 PM ET (US)	/m1278 he's not bumbling or lovable. Sorian's right, he could've offered himself yesterday instead of el topo for the corn lynch today He's had 2 days to refute corn before this
1284 Burbeting★ 09-24-2015 05:23 PM ET (US)	Well lovable in a sense that he certainly did take lot of effort with those reads :P. So now it will hinge on if Salva goes through with his vote or not. Things are not 100% set in stone just yet. But Blarg is really not helping town here.
1285 Hyperactivity★ 09-24-2015 05:24 PM ET (US)	I never though testing what ouro's flavor was would help us out so much Game changing move right there
