Welcome to One Night Ultimate Werewolf Game Three!

How to Play (In case you don't already know)

One Night Ultimate Werewolf is a variant on the classic game of Mafia or Werewolf. Play begins with each player being assigned a role, and the "Going to sleep" for the Night phase. (Which will last approximately 12 hours.) During this time, anyone with a night action will PM Sorian to submit their night action. (For more information on the various night actions, see "Roles" below.

After the Night phase ends, the Day phase begins. At this point, players have approximately 24 hours to politely determine which players are werewolves.

At the end of the Day Phase, Players have 24 hours to submit their final vote to Sorian by PM through NeoGAF with the words VOTE: <USERNAME>.

ONLY YOUR FIRST VOTE WILL BE COUNTED, SO VOTE CAREFULLY.
NO GAME DISCUSSION IS ALLOWED IN THIS THREAD DURING VOTING.

The person with the most votes will be "Executed."
Players who are aligned with the Werewolves win if the werewolves are not discovered. Players who are aligned with the Village win if a Werewolf is found and executed.

The Center

Four roles go in the "Center" at the beginning of the game, and are not played by active players. These roles can be viewed and swapped in and out by certain players during the night phase, but are inactive during the day phase EXCEPT FOR CARD 4. The fourth card will be a werewolf card and can only be interacted with by the Alpha Wolf role (more in the role description in the next post).

The four cards in the center will be referred to as Cards 1, 2, 3, or 4.

If all 3 Werewolves somehow wind up in the center, the villagers only win if they deduce this and decide unanimously not to lynch anyone by entering votes of VOTE: NO LYNCH.

An example of gameplay can be seen here: <https://www.youtube.com/watch?v=j->

ROLES

Here are the roles at play in this round of ONUW.
(Listed in the order of their night action.)

I recommend everyone take a moment to re-read all roles and familiarize themselves with both the new role actions and the PRIORITY of what happens during the night.

Sentinel: The sentinel will activate first and tell me who he would like to target. I will announce both in thread and via PM to all players who the sentinel will guard during the night. The player that the sentinel guards CAN NOT be targeted by any action and will start the day phase guaranteed to have their same role. They are aligned with the **Village**. **This is considered a night action.**

Werewolves: The werewolves are revealed to one another. They win if none of the werewolves are killed during the day phase. If only one player is assigned a Werewolf role, the "Lone Wolf" rule goes into effect, and the werewolf is allowed to view one role card in the center. **The act of seeing your werewolf companions is not considered a night action but the act of viewing a center card if you are the only wolf is considered a night action.**

Alpha Wolf: The alpha wolf will awaken again and be allowed to select one player. This one player will become a regular werewolf that is unaware of it's partners. The player's original card will be moved to the center and become card number 4. Card number 4 can not be touched by any other roles so this action will remove one card from the game, replacing it with a werewolf card. The alpha wolf is aligned with the **wolves**. **This is considered a night action.**

Mystic Wolf: The mystic wolf will wake up next and be allowed to view one player's role. The mystic wolf is aligned with the **wolves**. **This is considered a night action.**

Mason: Next to wake up are the Masons. They are aligned with the **Village**. They will see other masons, and know who to trust. **The act of seeing other masons is not considered a night action.**

Seer: The Seer wakes up, and can either look at one other player's card, or two cards from the center. She is aligned with the **Village**. **This is considered a night action.**

Witch: The Witch wakes up, and takes one card from the center, and swaps it with another player, or with her own card. At the time that this action is done, the Witch is told what role she has given to the player, but not what that player was previously. The Witch is aligned with the **Village**. **This is considered a night action.**

Village Idiot: The Village Idiot wakes up, and has the ability to rotate all of the roles alphabetically, reverse alphabetically, or not at all. (An alphabetical list of players will be provided in the next post for convenience). Please note that the

Village Idiot does not move their own card, during the role swap, their card will be skipped. They are aligned with the **village**. **This is considered a night action.**

Aura Seer: The Aura Seer will wake up next and will receive a report of the names of all players that have done night actions up to this point. Any action above this description that "is considered a night action" will qualify you to appear on the Aura Seer's report. The report received will be alphabetized and will not tell the Aura Seer the order in which actions occurred. If you decide not to do your night action, then you will not appear on the Aura Seer's list. The Aura Seer is aligned with the **Village**.

Insomniac: The Insomniac wakes next and finds out what her current role is – to see if she's still the insomniac, or has become something else. She is aligned with the **Village**.

Curator: The curator is the last player to perform action during the night phase. The curator will select one player to receive an artifact. These artifacts can turn you into a werewolf, a tanner, a plain old villager, a hunter, make you unable to vote, or do nothing at all. The artifact will randomly do one of those 6 things. The player receiving the artifact will be told what the artifact did to them, the curator will not be told what the artifact did. The curator is aligned with the **Village**.

Hunter: The hunter does not wake up during the night phase. If he is killed during the day phase, the person who he voted for is automatically killed. He is aligned with the **Village**.

Tanner: The Tanner does not wake up during the night phase. The Tanner hates his job, hates his village, and hates his life. He wins (and everyone else loses) if he can convince the village to kill him. He is aligned with **himself**.

Villager: The Villager doesn't wake up during the night phase, and has no abilities – His vote is his power. He is aligned with the **Village**.

4 Sorian★ 10-14-2015 12:42 AM ET (US)	The sun sets on the not so quiet village The game is now in the night phase Role PMs will go out shortly. The day phase will begin at 5:00pm eastern time on Wednesday, 10/14/2015.
5 SalvaPot★ 10-14-2015 01:04 AM ET (US)	As always I propose we lynch Splinter.
6 Sorian★ 10-14-2015 01:05 AM ET (US)	No game talk yet. Shoo shoo.
7 roytheone 10-14-2015 03:22 AM ET (US)	Remember: I always win if fireblend gets lynched. Let's see if that holds true when I am not even in the game ;)
8	Deleted by author 10-14-2015 04:35 AM
9 Splinter 10-14-2015 10:39 AM ET (US)	Dont make me NK you Salva
10 Sorian★ 10-14-2015 04:20 PM ET (US)	All night actions have now been resolved and the game will begin in 40 minutes from this post!
11 Sorian★ 10-14-2015	The sun rises on the tiny village. Will this be the beginning of their final days together or the end of the terror that has gripped

05:00 PM ET (US)	them? The day phase has begun. Discussion will last for 24 hours and will end at this time tomorrow. Happy Hunting! Edited 10-14-2015 05:00 PM
12 Coppanuva★ 10-14-2015 05:02 PM ET (US)	/m11 Oh! well allow me to introduce myself. My name is Homestar runner and I feel I would be a great asset to your company.
13 ScraftyDevil★ 10-14-2015 05:07 PM ET (US)	Zdravstvuj, tovarisches. Let us have productive day of hunting woolves!
14 Coppanuva★ 10-14-2015 05:11 PM ET (US)	/m13 Ostriches? I didn't see any.
15 Fireblend★ 10-14-2015 05:11 PM ET (US)	Alright then, let's get down to business. Whoever *is* a wolf right now, raise your hands. (Trust me guys this strategy is infallible)
16 Zippedpinhead 10-14-2015 05:13 PM ET (US)	I find it interesting that our ONUW games have a Tanner. /m15 I remember this game... weren't YOU the werewolf that first game?
17 Coppanuva★ 10-14-2015 05:13 PM ET (US)	/m15 I thought they had paws?
18 Royal_Flush★ 10-14-2015 05:14 PM ET (US)	I only know fireblend apparently was a minion one time, based on my GAFia role PM :P
19 Zippedpinhead 10-14-2015 05:17 PM ET (US)	/m18 that's what I was thinking of. That game was awesome fun
20 Fireblend★ 10-14-2015	I'd rather not bring my past into this. My therapist and I are still working on it.

05:17 PM ET (US)	
21 Coppanuva★ 10-14-2015 05:19 PM ET (US)	Let's get Matt Attack. One of the wolf roles is Mystic Wolf. Matt Attack starts with an M, so does Mystic Wolf. It's the best idea.
22 Terrabyte20xx★ 10-14-2015 05:20 PM ET (US)	Based on the possible roles in this game, how likely is it that we are not the roles we started with?
23 Hyperactivity★ 10-14-2015 05:20 PM ET (US)	Guys, everything might as well be useless until the VI claims
24 Hyperactivity★ 10-14-2015 05:20 PM ET (US)	/m22 with a VI? Very likely
25 Ourobolus★ 10-14-2015 05:21 PM ET (US)	/m23 go fuck yourself <3
26 Coppanuva★ 10-14-2015 05:22 PM ET (US)	/m23 What if he's not here yet? Do you think he drove?
27 Zippedpinhead 10-14-2015 05:23 PM ET (US)	/m23 I agree but its possible that card is in the center. We never got informed that a sentinel protected anyone, it is just as likely that they are in the center too. Makes the Seer powerful if they checked the center. The Aura Seer would be an interesting call as well. They do get a list of names and we would know they performed actions...
28 Fireblend★ 10-14-2015 05:25 PM ET (US)	So what switcher roles are potentially in play? Just Witch and Village Idiot? Did I miss another one?
29 Fireblend★ 10-14-2015 05:26 PM ET (US)	Ah, I guess the Alpha Wolf is a switcher in a way too.
30	/m28 Curator in a sense too. But what kind of self-respecting archaeologist would

Coppanuva★ 10-14-2015 05:31 PM ET (US)	willingly GIVE AWAY objects to someone?!
31 Zippedpinhead 10-14-2015 05:32 PM ET (US)	/m28 & /m29 The curator could also apply to this as well, they have the possibility of turning another player into a winning condition role. The witch is interesting, since you only find out the new role and not the old role. Wouldn't it make the most sense to change yourself?
32 Lone_Prodigy★ 10-14-2015 05:34 PM ET (US)	Is Scrafty a Russian?
33 ScraftyDevil★ 10-14-2015 05:37 PM ET (US)	/m32 Da, tovarisch. Superior motherland training makes for easier hunting of woolves.
34 Hyperactivity★ 10-14-2015 05:39 PM ET (US)	how does the sentinel interact with the village idiot?
35 Matt Attack 10-14-2015 05:41 PM ET (US)	Howdy everybody! /m21 pls no
36 Terrabyte20xx★ 10-14-2015 05:41 PM ET (US)	Well the roles list says that the person the sentinel guards will be guaranteed to have the same role.
37 SalvaPot★ 10-14-2015 05:43 PM ET (US)	So are we going to just wait for the VI to claim? That made the game far too easy last time, I propose we lynch Splinter.
38 Coppanuva★ 10-14-2015 05:43 PM ET (US)	/m37 fuck it let's do this. VI, no swap.
39 Hyperactivity★ 10-14-2015	/m36 does the role just skip over the guarded player?

05:44 PM ET (US)	
40 Coppanuva★ 10-14-2015 05:44 PM ET (US)	/m38 Also we should ignore salvapot, I feel like his stake in this game is far too uncertain.
41 Fireblend★ 10-14-2015 05:49 PM ET (US)	Alright, let's play. /m38 that's bullshit because I'm the VI. Or was, but yeah, you lyin'. Come at me bro.
42 SalvaPot★ 10-14-2015 05:49 PM ET (US)	It was a joke x). But the VI will not claim this early because he has the key information to catch a WW in the move. I think its better to know what the aura reader has to say.
43 Terrabyte20xx★ 10-14-2015 05:51 PM ET (US)	Why do I get the feeling one of them is a Tanner? Oh, that's right, becausw the likely hood is extremely high.
44 Zippedpinhead 10-14-2015 05:51 PM ET (US)	/m36 the sentinel guard was also supposed to be PM'd to us. and since that did not happen, I can only assume that no one was guarded and everyone moved if the VI used their night action.
45 Coppanuva★ 10-14-2015 05:53 PM ET (US)	/m42 Oh oh you misunderstand me. I meant ignore in the sense of I don't think you're a viable target. Regardless of the VI's switch.
46 SalvaPot★ 10-14-2015 05:53 PM ET (US)	Coppanuva vs Fireblend, all riight.
47 Fireblend★ 10-14-2015 05:57 PM ET (US)	What kind of boring VI wouldn't switch places? That's just lame. And I think it makes sense for a VI to claim early. There is a relatively low amount of switching roles, so I'm like 66% confident I'm still the VI (no sane Alpha Wolf would ever convert me if they knew my GAFia track record lol) which is good for me and town, and everyone should know their old role is no longer theirs.
48 Coppanuva★ 10-14-2015 05:59 PM ET (US)	/m47 No-op eh?
49 nin1000 10-14-2015	fuck everybody i am HERE!

06:00 PM ET (US)	
50 SalvaPot★ 10-14-2015 06:00 PM ET (US)	/m45 elaborate, why I am not a good target? What do you know about me?
51 Royal_Flush★ 10-14-2015 06:00 PM ET (US)	/m44 Good catch. Listen to this man! Fireblend, if you are the VI, how did you switch?
52 nin1000 10-14-2015 06:00 PM ET (US)	glad to know that this game starts at effin midnight here in germany ! Thanks SORIAN!
53 Royal_Flush★ 10-14-2015 06:01 PM ET (US)	/m52 11pm...
54 Coppanuva★ 10-14-2015 06:01 PM ET (US)	/m48 Oh wait no, I just misinterpreted the VI role (I forgot it doesn't move itself). Hahaha. Maybe there's more than 1 idiot in this village after all. But at the very least there's still another person out there who knows who they are.
55 nin1000 10-14-2015 06:01 PM ET (US)	Sorry but what does VI mean ? episode VI ? Final Fantasy VI ?
56 Soriant★ 10-14-2015 06:02 PM ET (US)	/m52 It started at 11pm, didn't it? And I'm sorry, I painstakingly looked for a time where it was likely that everyone would be conscious during start time. Can't please everyone.
57 Coppanuva★ 10-14-2015 06:02 PM ET (US)	/m55 Village Idiot Role. The second to last to act.
58 nin1000 10-14-2015 06:03 PM ET (US)	/m53 I came home from work and it is 00:00 take that :D /m56 nevermind in the end there will be always someone complaining :) after all i am not that important to be around so its ok ;)
59 Hyperactivity★ 10-14-2015	/m54 oh yeah huh VI skips over himself (NOOWWW)

06:03 PM ET (US)	
60 Coppanuva★ 10-14-2015 06:04 PM ET (US)	/m50 I know that you seem to be avoiding saying anything about who you are. So, now that we have a VI candidate who claims to have moved things, you're no longer who you once were. Who were you?
61 Fireblend★ 10-14-2015 06:06 PM ET (US)	/m51 I don't think there's any need to reveal the direction of my switch yet. Needless to say I did rotate roles around, so for now I think knowing everyone's no longer who they were is enough information to start the game with.
62 nin1000 10-14-2015 06:08 PM ET (US)	/m61 i am pretty sure i am who i initially was mate ;)
63 Terrabyte20xx★ 10-14-2015 06:08 PM ET (US)	/m61 Insomniac claim?
64 Terrabyte20xx★ 10-14-2015 06:09 PM ET (US)	Dang it, that should read m/62
65 SalvaPot★ 10-14-2015 06:14 PM ET (US)	Lets spice this up. I used to be the tanner. Then I got the artifact from the curator. Now I am a Hunter.
66 nin1000 10-14-2015 06:14 PM ET (US)	/m65 who are you hunting ?
67 Fireblend★ 10-14-2015 06:17 PM ET (US)	/m62 mind elaborating? We didn't get a sentinel PM, and I know an insomniac claim is bullshit, so I'm guessing you either are a wolf who was adjacent on the player list to 2 other wolves and figures he's still one, or just a tanner? Or something along those lines.
68 SalvaPot★ 10-14-2015 06:17 PM ET (US)	/m66 Splinter, of course.
69	/m65 Why should I believe you're now a hunter? I don't have any trouble believing

Coppanuva★ 10-14-2015 06:18 PM ET (US)	a curator might have dropped something by your door, but why should I believe you're not a wolf trying to claim immunity now? Anyone visited by the curator isn't a target in my eyes, it's too risky.
70 Fireblend★ 10-14-2015 06:20 PM ET (US)	/m65 that's a boring claim. So now we wait for the curator to come along and confirm they gave you a thing and you're in the clear? Not 100% sold on that.
71 SalvaPot★ 10-14-2015 06:21 PM ET (US)	/m69 There is that phrase again, "I am not a good target", did you put the artifact in my door? It certainly sounds like you did. Odds are that I am town anyway, right? So it doesn't really matter what my role was since now I am townie, so there is also no reason to lie about me been a hunter, just saying it out loud to let everyone know.
72 Coppanuva★ 10-14-2015 06:23 PM ET (US)	/m70 Honestly, I think the curator visiting anyone makes them clear period. There's literally no way to know if they're lying or not at that point, and it's not worth the risk of losing the game. As far as I can think, curator visit means you shouldn't be a target period.
73 SalvaPot★ 10-14-2015 06:23 PM ET (US)	/m70 its boring but its functional x). I used to be tanner, I suck at that role, I am better off this way.
74 ScraftyDevil★ 10-14-2015 06:24 PM ET (US)	Are there any other role-switching zadrotas who should step forward before we are going any further? Or should they stay hidden so as to get tactical advantage on woolves?
75 Fireblend★ 10-14-2015 06:25 PM ET (US)	/m72 not being a good target doesn't also mean that we should take them at their word for everything they say.
76 Coppanuva★ 10-14-2015 06:28 PM ET (US)	/m75 Oh definitely not. And due to the VI there's always the chance a woof got removed (if Salva was swapped into a woof and got his curse removed).
77 ScraftyDevil★ 10-14-2015 06:38 PM ET (US)	So, if I am understanding correctly, tovarisches, SalwaPot is off of table as target because risk is too high? And if he is to be believed, Tanner is out of play as well?
78 Splinter 10-14-2015 06:38 PM ET (US)	I curated the ever loving shit out of SalvaPot
79 SalvaPot★	/m78 sweet, I am still on to you =P.

10-14-2015 06:40 PM ET (US)	
80 Coppanuva★ 10-14-2015 06:41 PM ET (US)	/m77 Yes and No. He started Tanner, but if the VI swapped (or any other swaps occurred), Tanner is still out there. Salvapot's role he had right before the very end is gone, not his initial.
81 Splinter 10-14-2015 06:43 PM ET (US)	I'll be seriously disappointed if the VI didn't switch. There's nothing lamer than not using your action
82 Hyperactivity★ 10-14-2015 06:44 PM ET (US)	/m80 Nope, curator moves after VI, so if VI swapped and curator curated, tanner isn't in game
83 Royal_Flush★ 10-14-2015 06:45 PM ET (US)	I want to point out that a Hunter is the second best role to lynch for a possible town-win (after an actual wolf) because he can take a wolf with him which would result in a town win.
84 Splinter 10-14-2015 06:46 PM ET (US)	/m82 Nope nope. VI would have moved tanner off of Salva. Curator then does his thing to Salva leaving the tanner card on Salva's neighbour
85 Splinter 10-14-2015 06:47 PM ET (US)	Salva is a minion, Flush is a wolf
86 SalvaPot★ 10-14-2015 06:48 PM ET (US)	/m85 can't be, you already curated me, remember? Or did you lie?
87 Coppanuva★ 10-14-2015 06:48 PM ET (US)	/m82 Yes, which is why Tanner is still in play if VI swapped. Order of events tracking Salva's role: Beginning of Time: Tanner VI swap: NOT TANNER Curator: Hunter (NOT TANNER IS GONE) The Curator effect hits the player not the role he had. Therefore TANNER would be on either RF or Scrafty, (or neither if someone else swapped out Salva's role), and RF/Scrafty's role would be lost.
88 Royal_Flush★ 10-14-2015	/m85 I don't even want to rule this out. VI is such a weird role. It highly depends on my neighbor's cards tough :)

06:50 PM ET (US)	
89 Splinter 10-14-2015 06:51 PM ET (US)	/86 Please don't interrupt while I save this village
90 Splinter 10-14-2015 06:55 PM ET (US)	/m89 or maybe burn it to the ground. I don't know whose side I'm on yet
91 Fireblend★ 10-14-2015 06:58 PM ET (US)	So, any seers want to chime in? I think now would be a good time.
92 Royal_Flush★ 10-14-2015 07:01 PM ET (US)	This is way too easy. Coppa is the VI, didn't swap. Fire is a wolf, is afraid of what might happen now that roles aren't swapped and claims VI himself. Nin is insomniac and busted the gambit. Game over, vote: Fireblend.
93 Fireblend★ 10-14-2015 07:03 PM ET (US)	/m92 Except I *am* the VI? I already gave my reasons for claiming (not like the VI needs any) while Coppa has just ignored everything I've said entirely. Trust me, I wouldn't be suddenly playing a gambit knowing I'm in a game with 3 or potentially more other wolves I could ruin their own gambits with.
94 Royal_Flush★ 10-14-2015 07:05 PM ET (US)	/m93 so what is Nin doing?
95 nin1000 10-14-2015 07:05 PM ET (US)	/m91 tell me your role ! Edited 10-14-2015 07:06 PM
96 nin1000 10-14-2015 07:06 PM ET (US)	/m84 fucking going to sleep since i have to wake up in 5 hours !
97 Coppanuva★ 10-14-2015 07:10 PM ET (US)	/m93 I'm going along with your claim of swapping roles. I'll admit I wasn't the VI, nor did I use the VI's command. I just wanted to get discussion going and know if we're at least dealing with a swap.
98 Fireblend★ 10-14-2015	/m94 He could be lying for the sake of extracting more information, he could be a seer who knows he was next to a wolf, he could be a wolf in that same situation, etc. Nin, what are you doing?

07:11 PM ET (US)	
99 Fireblend★ 10-14-2015 07:12 PM ET (US)	/m95 VI /m97 Gee, thanks. So what was your actual role?
100 nin1000 10-14-2015 07:14 PM ET (US)	/m98 again, trying to sleep !
101 Coppanuva★ 10-14-2015 07:16 PM ET (US)	/m99 I'd prefer to keep it under wraps for the time being, but it shouldn't be too hard to guess if you look over my messages and what I was advocating before some specific roles were claimed. I'll reveal it tomorrow morning, but if you can guess it (it seriously isn't that hard, I'm not blarg), please don't divulge it yet.
102 Sorian★ 10-14-2015 07:20 PM ET (US)	Remember, please no editing!
103 Coppanuva★ 10-14-2015 07:21 PM ET (US)	/m99 Also you're the one who outed yourself. There's a reason I claimed no action. Doing so gets a clearer picture of who everyone was before the swap. Once we had that information outed (or some of it at the very least) I was going to admit a lie about that.
104 Fireblend★ 10-14-2015 07:25 PM ET (US)	/m103 oh I'm not blaming you for outing myself, I didn't do it only because you did.
105 Coppanuva★ 10-14-2015 07:26 PM ET (US)	/m104 Ok good, the "gee, thanks" part made it sound a little bitter is all. That said, I'm also more inclined to believe you on your claim since you called me out on it so suddenly.
106 Royal_Flush★ 10-14-2015 07:34 PM ET (US)	Well, that's that. I will mimic Nin and go to bed now. See you lot tomorrow :)
107 Coppanuva★ 10-14-2015 07:46 PM ET (US)	So many questions... I still haven't seen RF say much of anything, nor Scrafty in a bit. Nin as well... ugh ugh ugh. POST PEOPLE PLZ.
108 Zippedpinhead 10-14-2015	So we shouldn't kill salvapot because the risk is too high that he is a wolf. Nin is claiming insomniac, Cuppa is claiming Village idiot,

07:54 PM ET (US)	
109 Zippedpinhead 10-14-2015 07:57 PM ET (US)	Got cut off, No one is claiming either seer, And we all think fire is full of it.
110 Coppanuva★ 10-14-2015 08:07 PM ET (US)	/m108 Oh no, you missed the part where I'm saying I was lying about VI. I'm claiming nothing. Splinter is claiming Curator as well (/m78). Also the Salvapot math works out like this: If he was a Villager when curator struck, he has a 5/6 chance he's still a villager (3/6 of the effects turn you into a villager, 2/6 keep you as your current role, 1/6 turns you into a werewolf). If he was a werewolf there's a 50% chance he's still a woof. (3/6 turn him into villager, the other 3/6 retain his role as a barking beast). It's more that even if he WAS a wolf when he received the artifact, 50% chance isn't very good. If he was a villager, the 1/6 chance is also pretty bad.
111 Coppanuva★ 10-14-2015 08:18 PM ET (US)	/m110 That is to say, the reason we shouldn't lynch him is because the risk doesn't seem worth it right now. Even if we're sure after everyone EXCEPT the curator he was a wolf, there's still a 50% chance he's no longer one. That is to say, with 100% perfect knowledge, we're still flipping a coin at best. If he was a villager, our chances are worse than picking someone else at random (4 wolves, out of 16 roles, so picking one at random is a 25% chance, compared to his 16.666666666666666% chance).
112 SalvaPot★ 10-14-2015 08:22 PM ET (US)	No matter how you see it there is no reason to lynch me 8D
113 Hyperactivity★ 10-14-2015 09:05 PM ET (US)	who all is still missing from the thread?
114 ScraftyDevil★ 10-14-2015 09:21 PM ET (US)	For sake of town, I shall confirm that I am das seer. One of the cards that was being occupying the table last night was the Vanilla Werewoolf, which means that we can be resting easily knowing that we have one less woof to deal with, tovarisches! I shall be keeping the identity of the other card to myself for time being, so as to catch a tricky woof in a roleclaiming lie.
115 SalvaPot★ 10-14-2015 09:46 PM ET (US)	Why don't we just lynch splinter x)
116 Coppanuva 10-14-2015 09:47 PM ET (US)	/m115 You don't buy his curator claim?
117	/m116 I do, I just want to lynch him, its fun.

SalvaPot★ 10-14-2015 09:49 PM ET (US)	
118 Lone_Prodigy★ 10-15-2015 12:11 AM ET (US)	Coppanuva [m] Fireblend [m] - claimed VI Hyperactivity [m] Lone_Prodigy [m] Matt Attack [m] nin1000 [m] Royal_Flush [m] SalvaPot [m] - claimed former Tanner, now Hunter ScaftyDevil [f] - claimed Seer, card in middle is Vanilla Wolf *Splinter [m] - claimed Curator Terrabyte20xx [m] Zippedpinhead [m]
119 Coppanuva 10-15-2015 12:13 AM ET (US)	/m117 Heh. Well... hey it's late enough, and I'm bored enough, and in the interest of our loyal compatriots across the pond having something to discuss when they wake up... Splinter's a liar. I'm the curator, and I DID give the artifact to SalvaPot. Notice I've always been careful to say we should avoid doing anything to SalvaPot (even when I lied about being VI, well before he claimed to have the artifact). Salva asked me directly what I knew about him. I know he's the only one who knows who he is (well, I guess he's 2/3 likely to know, in the event that nothing happens or he simply cant vote he wouldn't be given a new role). I wanted to wait a bit to see if anyone else was going to come counter Salva or Splinter's claims but... eh. Whatyagonna do. This still leaves a shit-ton open for us, but it does let us know that at the very least Splinter is a liar.
120 Lone_Prodigy★ 10-15-2015 12:22 AM ET (US)	Coppanuva [m] - claimed Curator Fireblend [m] - claimed VI Hyperactivity [m] Lone_Prodigy [m] Matt Attack [m] nin1000 [m] Royal_Flush [m] SalvaPot [m] - claimed former Tanner, now Hunter ScaftyDevil [f] - claimed Seer, card in middle is Vanilla Wolf *Splinter [m] - claimed Curator Terrabyte20xx [m] Zippedpinhead [m]
121 Splinter 10-15-2015 02:32 AM ET (US)	Well I wasnt believing Salva's claim because I didnt think he'd know his new role. But I just re-checked the curator role and... his story checks out, I guess I'm not the curator, so its "possible" that Salva/Coppa are telling the truth. Most suspicious post so far: Fireblend gently suggesting we lynch Salva. He pointed out that lynching a hunter is our next best bet, which is a very poor line of reasoning imo, unless if Fireblend is a wolf and knows that this hunter will target a non wolf (me)

138 Splinter 10-15-2015 10:03 AM ET (US)	/m134 I am... *drumroll* ...waiting for more of these lazy fucks to make a token effort *cymbal crash*
139 Fireblend★ 10-15-2015 10:04 AM ET (US)	Who hasn't posted or claimed anything yet? It feels like this game is super inactive, it feels like a waste to reveal which direction I switched without more claims to verify with it.
140 ScraftyDevil★ 10-15-2015 10:21 AM ET (US)	It is looking as though we are still waiting on tovarisches Hyperactivity, Lone_Prodigy, Matt Attack, Royal_Flush, Terrabyte20xx and zippedpinhead to claim their stakes. nin1000 is not claimed either but he has been generous with the dropping of the hints.
141 Hyperactivity★ 10-15-2015	/m140 won't be that useful for me to claim right now

10:55 AM ET (US)	
142 Royal_Flush 10-15-2015 11:04 AM ET (US)	Claiming is borderline useless unless the VI said what he has done. I'll just say that I did not have a night action and I also know nothing about any nightactions taken.
143 Zippedpinhead 10-15-2015 11:10 AM ET (US)	/m140 /m142 I agree until the VI said if he moved or if he didn't move, let alone the direction. Most claims aren't useful. It just establishes who you were. If the VI moved cards, and someone knows who they are/aren't (i.e. the insomniac) then we would have a starting point on who is lying and who isn't.
144 Hyperactivity ★ 10-15-2015 11:10 AM ET (US)	I personally want to hear form a sentinel or aura seer too
145 Nin1000 10-15-2015 11:11 AM ET (US)	/m141 are you the wolf we are looking for?
146 Zippedpinhead 10-15-2015 11:12 AM ET (US)	/m144 I am positive we do not have a sentinel. Even if we do, we would have been informed if they had performed their action. Aura seer is still in play as far as I know.
147 Hyperactivity ★ 10-15-2015 11:16 AM ET (US)	/m146 That's a question for Sorian. I'm pretty sure that means the person guarded knows that they were gaurded, not everything else. Given the lack of a claim so far, we have the following situations: a) Sentinel is NOT in play b) Sentinel should claim and tell us who he guarded Say b) happens. This follows into this situation a) The person is free to claim. He knows he's still himself, after all b) The person is a wolf and won't claim. c) The person is a wolf and claims falsey. We can then figure out he's lying with all the remaining roles
148 Zippedpinhead 10-15-2015 11:20 AM ET (US)	/m147 The direct quote from /m2 is Sentinel: The sentinel will activate first and tell me who he would like to target. I will announce both in thread and via PM to all players who the sentinel will guard during the night. That is pretty clear. We do NOT have a sentinel that did anything.
149 Sorian★ 10-15-2015	/m147 If there is a direct question for me, I will answer it using a quote from one of my first 3 posts. All of the information you need is available.

155 Splinter 10-15-2015 11:45 AM ET (US)	Fire has confirmed he has swapped, that should be enough for people to claim, whats with all the lame excuses?
156 Splinter 10-15-2015 11:46 AM ET (US)	Hyper I unclaimed curator. Also my comment about a rule change was in response to the rule Zipped posted (the bolded in particular). I am the sentinel
157 Nin1000 10-15-2015	What about scrafty ? Is she a wolf ?

11:50 AM ET (US)	
158 Hyperactivity ★ 10-15-2015 11:50 AM ET (US)	/m156 LOL Why didn't you use your role?
159 Splinter 10-15-2015 11:51 AM ET (US)	I'm not sure I understand this game tbh, VI swaps, wolf claims, we lynch whoever is to his left/right, win for town including the original wolf. Do I have that right? It cant be that straightforward can it?
160 Terrabyte20xx ★ 10-15-2015 11:52 AM ET (US)	Please correct me if I'm wrong, but has Matt Attack posted at all since the game started?
161 Splinter 10-15-2015 11:53 AM ET (US)	/m158 for maximum chucklefuckery. I also wanted to see how people interpreted my role before claiming anything, but Zipped has it right so no BIG PLAYs from me today I'm afraid.
162 Splinter 10-15-2015 11:54 AM ET (US)	In hindsight I should have just protected myself since town usually wins this thing
163 Zippedpinhead 10-15-2015 11:55 AM ET (US)	/m159 , The problem is that with the alpha wolf more people could become werewolves (so someone may lose when they think they are winning by claiming that they were/are wolf) you also have the minion out there. Add to that the witch who switches a player with a center card and knows who they are but not who they were. It gets interesting. You also have the tanner out there. gunning for death.
164 Terrabyte20xx ★ 10-15-2015 11:56 AM ET (US)	You know what, screw it. I was a lone alpha wolf. I looked in the center at Card 1: it was the witch. I turned ScraftyDevil into a wolf.
165 Zippedpinhead 10-15-2015 11:59 AM ET (US)	/m164 thats bull. I was the lone alpha wolf and I turned fireblend into a wolf. I looked at card 2 and saw the other were wolf.
166 Terrabyte20xx ★ 10-15-2015 11:59 AM ET (US)	This means we should Lynch Splinter as he is guaranteed to be a wolf now.
167	/m163

Splinter 10-15-2015 11:59 AM ET (US)	Yeah but unless I'm confused the tanner doesnt even know they are the tanner? And the original tanner knows they are no longer the tanner. Same thing for the minion/wolves, its more likely they are town village aligned now and its in their interest to claim?
168 Terrabyte20xx ★ 10-15-2015 12:00 PM ET (US)	It's no use, Scrafty the seer will be able to verify my witch card claim.
169 Matt Attack 10-15-2015 12:00 PM ET (US)	/m160 Hi, I'm here! I posted once after the game started, but it was more of a greeting, and I went to sleep soon after. I should be around for a few hours now.
170 Hyperactivity ★ 10-15-2015 12:00 PM ET (US)	Sigh you guys What's going on
171 ScraftyDevil★ 10-15-2015 12:01 PM ET (US)	/m165 Nyet so fast, tovarisch. I can be positive that the other card I was peeping on was card number 1, das witch. Terrabyte's information contains an absence of hooles according to my Soviet sense.
172 Fireblend★ 10-15-2015 12:02 PM ET (US)	Alright, finally people woke up. here's what I did: I switched all roles alphabetically forward. So Coppa gave Hyper his role, Hyper gave L_P his, and so on. Please start talking.
173 Splinter 10-15-2015 12:06 PM ET (US)	So I'm a wolf? What should I even do from this point? Lynch myself?
174 Fireblend★ 10-15-2015 12:06 PM ET (US)	/m165 I'm skeptic anyone would turn me into a wolf, tbh. I'm willing to risk it.
175 Terrabyte20xx ★ 10-15-2015 12:07 PM ET (US)	Resign to your fate. Any other roles should let their info out there so that we can %100 confirm this line of thought.
176 Royal_Flush★ 10-15-2015 12:07 PM ET (US)	/m164 That claim is just bad. At least zipped can make a Lone Alphawolf claim that isn't a contradiction in itself.

177 Royal_Flush★ 10-15-2015 12:10 PM ET (US)	/m174 you would have been informed if the alphawolf did turn you.
178 Splinter 10-15-2015 12:11 PM ET (US)	Oh Sorian, if the Alpha Wolf took an action we would know about it right? Since there would be 4 cards in the centre
179 Zippedpinhead 10-15-2015 12:11 PM ET (US)	So by my claim, Coppa is now alpha wolf, Hyper is now the wolf that I created. By terra's claim, I am now the alpha wolf, and *splinter is now the wolf that he created. without a minion appearing we can't prove either of these. There is also no Aura seer yet to prove one claim versus another. both of these should be out there based on the fact that we are BOTH claiming that we are lone wolf, (so both wolves must be in the center with that witch). So there you go, who do you believe.
180 Royal_Flush★ 10-15-2015 12:12 PM ET (US)	/m179 Terra's claim is wrong. Also your claim contradicts Scrafty's claim
181 Terrabyte20xx★ 10-15-2015 12:13 PM ET (US)	/m180 The only way my claim is wrong is if I'm lying. I am not lying.
182 Splinter 10-15-2015 12:13 PM ET (US)	Spell it out for us Flush, why do you think any of that is contradictory?
183 Splinter 10-15-2015 12:15 PM ET (US)	Slightly off topic, but surely Coppa would no longer be Curator by the time he takes his action?
184 Sorian★ 10-15-2015 12:16 PM ET (US)	/m178 /m1 "Four roles go in the "Center" at the beginning of the game, and are not played by active players. These roles can be viewed and swapped in and out by certain players during the night phase, but are inactive during the day phase EXCEPT FOR CARD 4. The fourth card will be a werewolf card and can only be interacted with by the Alpha Wolf role (more in the role description in the next post)."
185	Oh there is always 4 cards, my bad

Splinter 10-15-2015 12:17 PM ET (US)	
186 ScraftyDevil★ 10-15-2015 12:18 PM ET (US)	Hold up a moment, tovarisches. Would one be receiving notification if some zadrota alpha woof turned them? For I received no such message during the night time. Could it be that I have fallen victim to a dastardly zagnut?
187 Coppanuva★ 10-15-2015 12:18 PM ET (US)	/m183 I believe the action takes place regardless of whether or not you were the role at the time it occurred. I curated, however I may not be the curator any more because it switched before my action took place.
188 Royal_Flush★ 10-15-2015 12:20 PM ET (US)	/m182 Unless we are doing Karkadorian math or something like this we have four wolf cards (1 Alpha + 1 Mystic + 2 Vanilla). If one players is a Lone Wolf, than all three other wolf cards have to be in the pile. Regardless what card they choose, they always will see a wolfcad.
189 Splinter 10-15-2015 12:21 PM ET (US)	/m186 I cant see anything in the rules to suggest you would be informed. Flush elaborate on something, anything, please

191 Fireblend★ 10-15-2015 12:23 PM ET (US)	/m177 Oh. Well then that settles that in my mind :P
192 Royal_Flush★ 10-15-2015 12:23 PM ET (US)	oh wait. Does the rolecount in /m3 include the fixed Vanilla Wolf card on slot 4?
193 Splinter 10-15-2015 12:23 PM ET (US)	/m188 No there are 4 centre cards, 3 of those could be wolves. I dont know why terra/scrafty would be lying about the last card though, thats whatI'm currently stuck on
194 Royal_Flush★ 10-15-2015 12:25 PM ET (US)	/m191 At least that's how I interpret the ruletext. I'd like Sorian to clarify on this.

198 Nin1000 10-15-2015 12:27 PM ET (US)	What should i claim at this point ? Lone wolf ? ?
199 Terrabyte20xx★ 10-15-2015 12:27 PM ET (US)	Okay here's how it goes: there are 4 center cards, one of them is guaranteed to be a vanilla wolf, which can only be interacted my me, the alpha wolf. I switched Scafty's role with the vanilla wolf role, so now that card is a seer card of some kind. As I was a lone wolf, that means there was a vanilla wolf, And a mystic wolf in the center. I lucked out and picked the only other card in the center, the witch. Scafty confirmed this.

205 Zippedpinhead 10-15-2015 12:32 PM ET (US)	/m200 you left off the "Possible". I should be at worst "possible alpha wolf"
206 Terrabyte20xx ★ 10-15-2015 12:32 PM ET (US)	Will the aura seer claim and prove me right already, you know I moved, you have my name!
207 Hyperactivity ★ 10-15-2015 12:34 PM ET (US)	Wait, if the alpha wolf made the VI a wolf, would the VI retain his immunity. Question for Sorian
208 Nin1000	/m202 that sure is mean matt ! I will try to hunt you down like a good hunter !

10-15-2015 12:35 PM ET (US)	
209 ScraftyDevil★ 10-15-2015 12:36 PM ET (US)	Out of my curiosity, Terra and zipped, what are the numbers of the cards that you claim to have checked? This could prove or disprove your claims.
210 Soriant★ 10-15-2015 12:36 PM ET (US)	/m192 Of Course /m194 The rules in the OP neither confirm nor deny your question so I will also neither confirm nor deny your question.
211 Splinter 10-15-2015 12:37 PM ET (US)	/m208 You arent hunter any more nin, VI changed your role
212 Soriant★ 10-15-2015 12:39 PM ET (US)	/m207 /m2 "Please note that the Village Idiot does not move their own card, during the role swap, their card will be skipped."
213 Splinter 10-15-2015 12:39 PM ET (US)	/m209 Terra 3, Zipped 2
214 Terrabyte20xx★ 10-15-2015 12:41 PM ET (US)	/m209 I checked Card 1, I said so in my role claim.
215 Hyperactivity★ 10-15-2015 12:42 PM ET (US)	eh, I'm probably good I'm a mason
216 Terrabyte20xx★ 10-15-2015 12:42 PM ET (US)	For proof: /m164
217 Nin1000 10-15-2015 12:43 PM ET (US)	/m211 but i never claimed to be a hunter ! And i am pretty sure i am still the same. Since i managed to do some things.
218	/m211 I was the Hunter at the beginning of the game.

Matt Attack 10-15-2015 12:44 PM ET (US)	
219 Zippedpinhead 10-15-2015 12:45 PM ET (US)	/m212... Well shit... ummm... I guess wolves lose if you kill fireblend then since I made him one...
220 Nin1000 10-15-2015 12:45 PM ET (US)	Is splinter our wolf then ? He seems to be lying !
221 Lone_Prodigy ★ 10-15-2015 12:48 PM ET (US)	You guys could just update the list yourself. Nothing is verified of course, but "possibly" means "conflict". Coppanuva [m] - possibly Alpha Wolf Fireblend [m] - VI, possibly Wolf Hyperactivity [m] - Curator Lone_Prodigy [m] - Mason Matt Attack [m] nin1000 [m] - Hunter Royal_Flush [m] - SalvaPot [m] - ScaftyDevil [f] - Hunter (Curated) *Splinter [m] - Seer, possibly Wolf Terrabyte20xx [m] - Sentinel Zippedpinhead [m] - possibly Alpha Wolf
222 Splinter 10-15-2015 12:48 PM ET (US)	How am I lying? I said I must be the wolf? Either Zipped or Terra is lying
223 ScaftyDevil★ 10-15-2015 12:50 PM ET (US)	I can verify tovarisch Terrabyte's claim but something seems fishy about zadrota pinhead's. Terrabyte would have to be making a very lucky guess in order to be getting the number 1 card right, especially since he was not knowing that that was one of the cards I peeped on.
224 Fireblend★ 10-15-2015 12:51 PM ET (US)	So, I know zipped wasn't the Alpha Wolf since I didn't get any message I was now a wolf. Does that mean Coppa is the wolf? Whoever used to be a wolf should know that Zipped wasn't an alpha wolf, and since they're no longer one can come forward and tells us who their wolf companions were, or just identify themselves so we can lynch whoever is next to them alphabetically.
225 Splinter 10-15-2015 12:51 PM ET (US)	Oh I get it, Terra was the insomniac. Still cant figure out why Scafty is lying
226	/m224 you are right it is a lucky guess. I wish I had seen anything else but the

Zippedpinhead 10-15-2015 12:52 PM ET (US)	vanilla wolf when I peeked in the center.
227 Lone_Prodigy ★ 10-15-2015 12:52 PM ET (US)	I'm the other Mason so Matt Attack is now a Mason, barring any other shenanigans.
228 Nin1000 10-15-2015 12:55 PM ET (US)	L_P i am not a hunter mate ! :(so confusing !
229 Terrabyte20xx ★ 10-15-2015 12:55 PM ET (US)	Come on zipped and Splinter, it's obvious that you guys are changing your tones and trying to fight it because you realized you're the wolves and have no where to go.
230 Fireblend★ 10-15-2015 12:56 PM ET (US)	/m228 if Matt Attack said the truth then you should be the hunter (barring other switches). He used to be the Hunter and I switched all roles forward.
231 Zippedpinhead 10-15-2015 12:56 PM ET (US)	/m225 and /m224 so what you are saying is that terrabyte is the insomniac and turned into a wolf? Maybe I am lying, but in /m2 it only says Alpha Wolf: The alpha wolf will awaken again and be allowed to select one player. This one player will become a regular werewolf that is unaware of it's partners. then according to /m210 he says The rules in the OP neither confirm nor deny your question so I will also neither confirm nor deny your question. In neither of these does it say the new player would be informed. You are a wolf fire. Sorry about it... I screwed up and we lost the game.
232 Lone_Prodigy ★ 10-15-2015 12:57 PM ET (US)	Unclaimed roles: Vanilla Werewolves: 1 Mystic Wolf: 1 Aura Seer: 1 Insomniac: 1 Villager: 1 Cards in center: 1: Witch 2: Wolf

	3: ? 4: Seer (Scrafty) or VI (Fireblend)
233 Coppanuva★ 10-15-2015 12:57 PM ET (US)	/m224 But I don't wanna be a woof, the constant trips to a barber (once a month minimum) would bankrupt me. I am but a poor curator, this is a town of cultureless heathens who doesn't come to my museum and appreciate the finer artifacts in life!
234 Zippedpinhead 10-15-2015 12:57 PM ET (US)	/m231 well you and cuppa lost the game... hehehe
235 Nin1000 10-15-2015 12:59 PM ET (US)	Owned terra ! We got you !
236 Lone_Prodigy★ 10-15-2015 01:00 PM ET (US)	Role AFTER VI rotation: Coppanuva [m] - possibly Alpha Wolf Fireblend [m] - VI, possibly Wolf Hyperactivity [m] - Curator Lone_Prodigy [m] - Mason Matt Attack [m] - Mason nin1000 [m] - Hunter Royal_Flush [m] - SalvaPot [m] - ScaftyDevil [f] - Hunter (Curated) *Splinter [m] - Seer, possibly Wolf Terrabyte20xx [m] - Sentinel Zippedpinhead [m] - possibly Alpha Wolf
237 Terrabyte20xx★ 10-15-2015 01:00 PM ET (US)	ZIPPED IS LYING, I refuse to believe that you guys actually buy that ,I swear it's so cut and dry. Why would Zipped be so adamant about this AFTER I claimed and not before? Seriously, it's zipped and Splinter!
238 Fireblend★ 10-15-2015 01:01 PM ET (US)	/m231 again, I'm skeptic anyone would be foolish enough to turn *me* into a wolf. That, and of course I'd be a good target for the wolves since their defense has to rely on me either not being a VI, or misrepresenting me since I'm a town-aligned player for sure, having been unaffected by my own night action.
239 Coppanuva★ 10-15-2015 01:02 PM ET (US)	/m236 Correction: I curated SalvaPot which is performed AFTER VI. That hunter curated role goes on Scrafty as that action occurs post-switch and isn't impacted by VI shenanigans. Role AFTER VI rotation: Coppanuva [m] - possibly Alpha Wolf Fireblend [m] - VI, possibly Wolf Hyperactivity [m] - Curator

	Lone_Prodigy [m] - Mason Matt Attack [m] - Mason nin1000 [m] - Hunter Royal_Flush [m] - SalvaPot [m] - Hunter (Curated) ScaftyDevil [f] - *Splinter [m] - Seer, possibly Wolf Terrabyte20xx [m] - Sentinel Zippedpinhead [m] - possibly Alpha Wolf
240 Nin1000 10-15-2015 01:02 PM ET (US)	Like every ONWU game. Ihabenoideawhatiamdoing.gif
241 Lone_Prodigy ★ 10-15-2015 01:03 PM ET (US)	If Zipped is lying: Terra was the Alpha Wolf Scafty was converted into a Wolf After rotation, Splinter and Zipped are now wolves If Terra is lying: Zipped was the Alpha Wolf Fireblend was converted into a Wolf After rotation, Coppa and Fireblend are now wolves
242 Fireblend★ 10-15-2015 01:03 PM ET (US)	/m236 I think you're not thinking that list through. All of those role rotations are only valid if I'm the VI. If I'm not the VI, which is a possibility you seem to be willing to entertain, then all of those are wrong. I think your list is close to the truth, but I want to make you realize that if you're not considering it atm.
243 Splinter 10-15-2015 01:03 PM ET (US)	/m237 I'm not convinced either of you are telling the truth. Why would you insist on the VI revealing direction if you had set it up do that I'd be a wolf either way?
244 Fireblend★ 10-15-2015 01:04 PM ET (US)	/m242 (follow up) oh wait, I see what you're saying now. I thought it was "either he's a VI or a wolf", but Zipped's argument is that he turned me after the switch. carry on :P
245 ScaftyDevil★ 10-15-2015 01:04 PM ET (US)	Card number three was that of the vanilla wolf as well. That means there should still be the Aura Wolf and Aura Seer out there who have not yet spoken up.
246 Splinter 10-15-2015 01:05 PM ET (US)	LOL Scafty

247 Zippedpinhead 10-15-2015 01:06 PM ET (US)	/m237 seriously? I am adamant about it because it is the truth. I had been waiting on who the VI switched, so I could directly claim if you or Coppa were the knew alpha. Easy peasy. Frankly, it would be in Fire's best interest to reveal the truth now. that he flipped the cards the opposite way and YOU are the insomniac turned alpha wolf... Fire, sorry you are still a wolf. Good gambit with the whole "I'll tell them I switched the cards the opposite way" thing.
248 Splinter 10-15-2015 01:08 PM ET (US)	/m247 Since Fire is a wolf either way, its actually in his best interest to lie either way
249 Fireblend★ 10-15-2015 01:08 PM ET (US)	/m247 you're trying too hard mate. What gambit? I've never even hinted towards that.
250 Zippedpinhead 10-15-2015 01:10 PM ET (US)	/m248. Isn't that what he is doing now by back pedaling on his VI claim? Seriously, it's right there, I turned fire and we should lynch him, since he HAS to be who I turned him into
251 Splinter 10-15-2015 01:10 PM ET (US)	Can someone please tell me who's side I'm on
252 Fireblend★ 10-15-2015 01:10 PM ET (US)	/m250 ...backpedalling? where are you reading this stuff?
253 Nin1000 10-15-2015 01:11 PM ET (US)	I can confirm that i am indee the dark seer. Will go solo hardlane into pipe.
254 Zippedpinhead 10-15-2015 01:12 PM ET (US)	/m252. You post /m242 questions on why we are all taking you at your word that you are the VI. That's the definition of backpedalling
255 Coppa★ 10-15-2015 01:14 PM ET (US)	/m253 dibs on jungle.
256 Fireblend★	/m254 nope. I told him that he should solidify his views on me being the VI so that the rest of his assumptions are more solid. I even said that I think his list is the

10-15-2015 01:16 PM ET (US)	closest to the truth. You're reading too much into things.
257 Lone_Prodigy★ 10-15-2015 01:23 PM ET (US)	/m242 I am operating on the assumption that no one is telling the truth (except for me and Hyper, we're Masons). Saying you switched one way and then saying something else later would not be a surprise. Even without a VI action we're already getting contradicting information so it's a matter of figuring out who's lying based on the available evidence.
258 Nin1000 10-15-2015 01:33 PM ET (US)	LP , you can trust me. This info is water proof! Following players moved tonight !!!!! Scrafty , terra and fireblend ! Hope that helps town :*
259 Coppanuva★ 10-15-2015 01:50 PM ET (US)	/m258 Is that a comprehensive list? Or are you simply saying of the people who've spoken you can confirm those?
260 SalvaPot★ 10-15-2015 01:50 PM ET (US)	We should just lynch Splinter, its going to be great, guys! (And girls)
261 Terrabyte20xx★ 10-15-2015 01:52 PM ET (US)	Hah, YES! FINALLY! This is for towns win!
262 ScraftyDevil★ 10-15-2015 01:54 PM ET (US)	Bolshoi pobyeda!
263 Terrabyte20xx★ 10-15-2015 01:54 PM ET (US)	/m245 If there is a lone wolf,WHICH THERE IS! And that lone wolf was an alpha, WHICH I WAS, then card 2 had to be the aura wolf.
264 Splinter 10-15-2015 01:58 PM ET (US)	Terra/Scrafty's claim doesnt even make sense, but now nin backs it up? :/ Zipped's claim could make sense if fire lied about direction, but doesnt explain why so many people are lying...
265 ScraftyDevil★ 10-15-2015 02:02 PM ET (US)	/m264 Soldiers of motherland are never to be telling mistruths. Card 1 was Witch, card 3 was vanilla woolf. Tovarisch Terrabyte's claims are matching up with the information I have peeped so is more likely to me that he is telling truth.

266 Nin1000 10-15-2015 02:03 PM ET (US)	I back the shit up by saying that sorian himself told me who was moving because i am the motherfucking AURA SEER ! BOOM '
267 Zippedpinhead 10-15-2015 02:07 PM ET (US)	card 2 was a werewolf. I never said it was anything different. It is the aura were wolf as terra and scrafty have indicated. I was leaving the exact werewolf in the air to try and catch them in a lie.
268 ScraftyDevil★ 10-15-2015 02:14 PM ET (US)	Seems like the deck is stacked against you, tovarisch. Since I chose not to peep on the second card, whatever it contains is a mystery to us all. As it is standing, it would be incredibly simple to be coming to the conclusion that you are aura woolf who is simply using this bit of knowledge to bamboozle us, is it not?
269 Coppanuva★ 10-15-2015 02:20 PM ET (US)	/m268 If that were the case he would have been on nin's list.
270 Lone_Prodigy★ 10-15-2015 02:31 PM ET (US)	If nin is the Aura Seer, then we have no Mystic Wolf. If Terra and Scrafty are who they claim they are, then: Coppanuva [m] - Fireblend [m] - VI Hyperactivity [m] - Curator Lone_Prodigy [m] - Mason Matt Attack [m] - Mason nin1000 [m] - Hunter Royal_Flush [m] - Aura Seer SalvaPot [m] - Hunter (Curated) ScraftyDevil [f] - *Splinter [m] - Wolf Terrabyte20xx [m] - Sentinel Zippedpinhead [m] - Alpha Wolf
271 Hyperactivity★ 10-15-2015 02:35 PM ET (US)	GG Let's kill Splinter
272 Zippedpinhead 10-15-2015 02:40 PM ET (US)	Sure vote for Splinter if you want to lose. I'm not going to vote for someone I am convinced is town.
273 Lone_Prodigy★	Zipped and Salva must be Insomniac or Villager.

10-15-2015 02:42 PM ET (US)	Unclaimed: Insomniac: 1 Villager: 1 Cards in center: 1: Witch 2: Vanilla Wolf 3: Mystic Wolf 4: Seer Is Terra a Lone Wolf or an Alpha Wolf?
274 Nin1000 10-15-2015 02:48 PM ET (US)	/m270 i hinted at it on it by saying i would go hard lane into pipe
275 Royal_Flush★ 10-15-2015 02:50 PM ET (US)	/m273 a Lone Alpha Wolf if we want to believe his version (Just means that the other two wolf cards were in the center and he had an Alpha wolf). I also don't understand the first part of the post. Insomniac and Villager are unclaimed, true. But what has this to do with Saöla and Zipped?
276 Terrabyte20xx★ 10-15-2015 02:58 PM ET (US)	Splinter it is, WOO!!!!
277 Splinter 10-15-2015 03:00 PM ET (US)	I hate this game and everyone in it
278 Zippedpinhead 10-15-2015 03:03 PM ET (US)	/m276 ridiculous. You have let the wolves win. Congrats fire and Coppa. You beat us.
279 Fireblend★ 10-15-2015 03:04 PM ET (US)	/m277 /m278 lame meltdowns.
280 Splinter 10-15-2015 03:06 PM ET (US)	:P
281 Splinter 10-15-2015 03:20 PM ET (US)	I'm totally lynching Salva

282 Lone_Prodigy★ 10-15-2015 03:39 PM ET (US)	/m275 Insomniac and Villager are the only two unclaimed roles, Salva and Zipped haven't claimed, there's a chance they're one of those roles.
283 Royal_Flush★ 10-15-2015 03:47 PM ET (US)	/m282 Salva claimed Tanner into Hunter (by Curator). In fact Zipped and myself haven't claimed yet.
284 Royal_Flush★ 10-15-2015 04:05 PM ET (US)	So have we figured it out? No activity and less than an hour to go...
285 Splinter 10-15-2015 04:08 PM ET (US)	Yep, just got to lynch fire since it wont matter which way he rotated
286 Fireblend★ 10-15-2015 04:10 PM ET (US)	I'm voting Splinter.
287 Splinter 10-15-2015 04:14 PM ET (US)	That only strengthens my resolve
288 Fireblend★ 10-15-2015 04:18 PM ET (US)	/m285 so you think Zipped was the Alpha W? Then why did nin not mention him in his night actions list? He can't be a wolf, he knows he got rotated. You're done. Here are the facts again: Terra was the Alpha Wolf and he turned Scrafty into a wolf. I rotated all roles forward, turning Splinter and Zipped into wolves. That's all you need to know. nin also corroborated that it was me, Terra and Scrafty who had night actions. How else would it make sense?
289 Splinter 10-15-2015 04:41 PM ET (US)	It was a good effort Fire, but I'm afraid the jig is up
290 Fireblend★ 10-15-2015 04:45 PM ET (US)	/m289 yep, you sure showed me with your nonexistent arguments!

291 Coppanuva★ 10-15-2015 04:46 PM ET (US)	I'm voting for Splinter too. I don't buy his argument, and he spent way too long lying about being curator (why? You get nothing from an early lie like that).
292 Royal_Flush★ 10-15-2015 04:49 PM ET (US)	/m291 But he lied before he knew the VI rotated. I don't understand.
293 Royal_Flush★ 10-15-2015 04:51 PM ET (US)	On the other hand it all makes sense that Zipped is the Insomniac and saw he got the Alphawolf afterwards. That part checks out. I just can't make sense of whatever *Splinter is doing.
294 Coppanuva★ 10-15-2015 04:52 PM ET (US)	/m292 Yes, but his lie was carefully chosen to be the safest one. Curator is one of the only roles who has someone else who can verify 100% what they claim is true. Whoever receives the action gets a message saying what the artifact did, all the curator has to do is say "I gave the artifact to Salvapot" and Salvapot confirms he received it. But Splinter claimed it AFTER Salva said he received it, which means nothing. He was getting a safety claim in early (but not early enough).
295 Splinter 10-15-2015 04:52 PM ET (US)	Like the time Coppa lied about being VI? I didnt spend "way too long" lying about being curator. I said it once and then said it was bullshit. According to Terra's nonsense I wouldnt even known I was a wolf at that point so how is it relevant?
296 Fireblend★ 10-15-2015 04:54 PM ET (US)	So why are we not voting for Zipped instead? We could always do that if Splinter is being unnecessarily mysterious.
297 nin1000 10-15-2015 04:56 PM ET (US)	!!!!!!!!!!!!!!SORRY FOR BEING RUBBISH !!!!!!!!!!!!!!! I was having a bad time at work and thought , ok fuck this game i claimed to be the Aura Seer but in the end i am just a plain ass Villager ! Sorry everyone!!!!
298 Coppanuva★ 10-15-2015 04:56 PM ET (US)	/m295 Yeah, exactly like that. Except there's a much different logic in claiming VI vs Curator early. VI we can understand if a switch happened or not, my claim was made to draw information out into the open and start talking. True you wouldn't have known if you were a wolf or not, but you also didn't need to claim a role that early, what was your play in claiming curator? /m296 I'm ok voting for him too. Either way it works.
299 Fireblend★ 10-15-2015 04:56 PM ET (US)	wat. I swear to god nin if you just lost us the game...
300 Royal_Flush★ 10-15-2015	/m296 Nah. If we believe Terra we might as well vote for Splinter. Has the additional bonus that of you decided to fuck as all and rotated up, we still would lynch a wolf. Well, I wouldn't win then, because I'd be the Tanner then, I guess.

04:56 PM ET (US)	
301 Royal_Flush★ 10-15-2015 04:57 PM ET (US)	/m297 Wrong, I'm the villager.
302 Fireblend★ 10-15-2015 04:57 PM ET (US)	yeah ok let's not split the vote and vote Splinter and seriously nin why in the world would you do that this game sucks.
303 Royal_Flush★ 10-15-2015 04:57 PM ET (US)	We should have done this an hour earlier...
304 Coppanuva★ 10-15-2015 04:59 PM ET (US)	If I lose this game I'm mulliganing it and next ONUW is the one that counts for my W/L record.
305 Royal_Flush★ 10-15-2015 04:59 PM ET (US)	vote Splinter.
306 Fireblend★ 10-15-2015 04:59 PM ET (US)	I've been refreshing this damn page for the last hour/hour and a half. Why are you guys only talking now lol.
307 Royal_Flush★ 10-15-2015 05:00 PM ET (US)	Terra mystic wolf, Scrafty alphawolf on Nin.
308 Coppanuva★ 10-15-2015 05:00 PM ET (US)	/m306 I was at lunch then! I blame Sorian or something.
309 Sorian★ 10-15-2015 05:00 PM ET (US)	Voting has begun. Please submit your vote by sending a PM to Sorian with VOTE: <USERNAME>.

	Only the first vote you make will be recorded, so vote wisely. Voting will end at 5:00 pm Eastern time on Friday, October 16th or when a strict majority of the available votes are reached. Any votes not received by finish time will be counted as No Lynch. Discussion is now closed and can re-open once I announce in this thread that voting has ended.
310 Soriana★ 10-15-2015 06:07 PM ET (US)	A majority has been reached and the lynch (or lack thereof) is decided! As this town is run by a democracy, you may still place your vote if you have not already, but please know that your voice will not matter in the proceedings anymore, much like SalvaPot's Results coming shortly, maybe, if I feel like it. You are now free to discuss anything you please.
311 Matt Attack 10-15-2015 06:14 PM ET (US)	That was fast. I logged on to read over and decide my vote and we've already hit majority? ._.
312 Coppanuva★ 10-15-2015 06:16 PM ET (US)	I just realized I've never seen an actual wolf in my life. I should change that.
313 Fireblend★ 10-15-2015 06:16 PM ET (US)	Well this game was uneventful. What was up with the inactivity? :P
314 Coppanuva★ 10-15-2015 06:17 PM ET (US)	/m313 Soriana was hosting, that's a huge push in activity who can't participate on that grounds alone.
315 Soriana★ 10-15-2015 06:19 PM ET (US)	/m314 I made a comment in the spectator thread that I, Soriana, the chattiest chatter in the world, hosted a game and it had the LEAST number of posts for a ONUW game.
316 Coppanuva★	/m315 I blame ToS from taking a lot of activity away. nobody posted during that :(

317 Zippedpinhead 10-15-2015 06:21 PM ET (US)	/m315 there was a spectator thread? Can I get a link?
318 Matt Attack 10-15-2015 06:22 PM ET (US)	/m313 Yeah, sorry about that. :(I was trying to juggle this and school stuff, and I quickly realized that I had absolutely no clue what was happening in this game. I was so confused!
319 Coppanuva★ 10-15-2015 06:23 PM ET (US)	/m317 Once results come out we'll get one. Sorian is enjoying toying with us for the moment :(
320 Sorian★ 10-15-2015 06:23 PM ET (US)	Spectator link will be posted once I do my summary :P Revel in pain.
321 Terrabyte20xx★ 10-15-2015 06:27 PM ET (US)	I will say that the main reason I was in active at the end was due to classes. I honestly think ONUW works better as a weekend thing due to it's short time frame and fast pace.
322 roytheone★ 10-15-2015 06:30 PM ET (US)	Have you guys lynched fireblend? Pro ONUW strats:always Lynch fireblend. At least, that's my experience!
323 Zippedpinhead 10-15-2015 06:30 PM ET (US)	I was active as much as I could this morning (CDT) but lots of meetings this afternoon so I missed that final push.
324 Zippedpinhead 10-15-2015 06:31 PM ET (US)	/m322 I was trying!
325 Coppanuva★ 10-15-2015 06:31 PM ET (US)	Hey wait Sorian are we allowed to discuss who we voted for since a majority has been reached, or do we have to wait for the results to talk about that.
326 Sorian★	/m325 /m310 "You are now free to discuss anything you please."

10-15-2015 06:33 PM ET (US)	:P
327 Coppanuva★ 10-15-2015 06:37 PM ET (US)	Let's discuss our favorite things about quicktopic. nin, you go first.
328 Lone_Prodigy★ 10-15-2015 06:39 PM ET (US)	Heh, I went out for dinner and came back last night thinking I missed a ton of posts but barely found anything. And then in the morning when I thought the Euros would be posting a ton, that didn't happen either. The most activity happened near the deadline when I was out haha.
329 Splinter 10-15-2015 06:39 PM ET (US)	Oh its over Is anyone in any doubt as to the results? I want to laugh at someone stupid to make myself feel better Edited 10-15-2015 06:39 PM
330 Coppanuva★ 10-15-2015 06:40 PM ET (US)	/m329 You can laugh at me, it always makes me feel better. If I voted for you did I win?
331 Sorian★ 10-15-2015 06:42 PM ET (US)	I prefer to write these out a little bit differently than Retro did, so I will actually be announcing the night events and roles first before revealing how you guys screwed this up. Beginning of the night phase: Coppanuva - Curator Fireblend - Village Idiot Hyperactivity - Mason 2 Lone_Prodigy - Mason 1 Matt Attack - Hunter nin1000 - Aura Seer Royal_Flush - Villager SalvaPot - Tanner ScraftyDevil - Seer *Splinter - Sentinel Terrabyte20xx - Alpha Wolf Zippedpinhead - Insomniac Center 1 - Witch Center 2 - Mystic Wolf Center 3 - Vanilla Wafer Wolf Center 4 - Vanilla Ice Cream Wolf *Splinter, The Sentinel: Woke up and decided his time was better spent going to sleep, he performed no action.

Lone Alpha Wolf Terrabyte: Woke up and took a peek at the Witch card in at Center 1 and then snuck into Scrafty's house to make a wolf which may or may not be a painful process. I've never actually looked into it myself. Needless to say though, it's probably not the most pleasant. Scrafty's role was swapped to Center 4 and she became the Vanilla Ice Cream Wolf, unbeknownst to her (because why would you guys think that the Alpha Wolf target would be alerted?)

Hyperactivity and Lone-Prodigy the Masons: Met at their secret club house wearing their funny robes and did their silly handshake. They are actually deathly afraid of werewolves so this whole mason thing doesn't mean much but they knew they could trust each other based on a handshake that is not, particularly, difficult to learn

Scrafty the Ex-Seer but now Vanilla Ice Cream Wolf: Woke up next and still thinking she was a seer was allowed to take a look out into the world. She decided to check out the weird moaning and cackling in the middle of the village and was able to deduce that there was the soul of a dead Witch and a Vanilla-Flavored Wolf floating around at Center 1 and Center 3. She was not able to deduce the type of Vanilla Flavoring but I feel that subconsciously, she knew that it couldn't be the Vanilla Ice Cream

Fireblend the Village Idiot: I didn't write the flavor for this role but, needless to say, Fireblend stole someone's yearbook and shuffled around all the pictures in the yearbook through a hilarious scene of tripping and tripping some more. This caused all of the roles to shift forward, alphabetically. How kind of him to only accidentally move your photos one space to the right instead of randomly.

Nin1000, the "I'm totally the Villager" Aura Seer: Was able to catch a glimpse of three people doing things that I deemed important enough to be seen. He noticed Fireblend, Scrafty, and Terra doing things but did not know what things. Luckily *Splinter stayed at home sleeping or his name would have been on the list as well.

Zippedpinhead the Insomniac: Zipped woke up to a "less than ideal" situation. I believe he planned to go about his day in peace but caught a glimpse of himself in the mirror. He may still be an insomniac of sorts but more of the hairy and howling variety. He had, of course, woken up to find that he was the Alpha Wolf.

Coppanuva the Curator: Coppanuva, based on nothing but RNG, I'm sure, decided to "gift" one of his artifacts to SalvaPot. There were a lot of things Coppa could have given Salva but I guess the gift wasn't the worst thing in the world. Unbeknownst to Coppa, he had given Salva the Mask of Silencing so, much like some of you anyway, Salva did not vote today. At least he was forced not to, the rest of you chose not to. Tsk tsk.

Other people like Matt Attack and Royal_Flush lounged around all night, ignoring the flickering lights outside, hoping that it would all go away.

The Teams

The Town starring
 Coppanuva as the Insomniac
 Fireblend as the Village Idiot
 Hyperactivity as the Curator
 Lone_Prodigy as Mason 2

	Matt Attack as Mason 1 Nin1000 as the Hunter Royal_Flush as the Aura Seer SalvaPot as the Villager Terrabyte20xx as the Sentinel The Wolfs starring *Splinter as Vanilla Ice Cream Wolf Zippedpinhead as Alpha Wolf The Sad Tanner starring ScraftyDevil as Herself (womp womp :())
332 Splinter 10-15-2015 06:43 PM ET (US)	Well I have the same amount of information as the rest of you, and it seems pretty obvious to me. Got to hand it to Zipped though, for a moment there I thought he was going to carry my sorry ass out of that mess
333 Coppanuva★ 10-15-2015 06:45 PM ET (US)	I swear to god if you people lynched me...
334 Splinter 10-15-2015 06:46 PM ET (US)	Why does it sound like town lost?
335 Soriana★ 10-15-2015 06:47 PM ET (US)	/m334 ^ _ ^
336 Splinter 10-15-2015 06:48 PM ET (US)	No seriously thats not even possible Hurry up Soriana I need to sleep and maybe gloat
337 Soriana★ 10-15-2015 06:49 PM ET (US)	Yeah, I'm j/k Night falls over this silly little village of people who love to argue. Torches and pitchforks stab at the night sky as the villagers gather to burn one of their own at the stake. *Splinter's voice is heard from the center of the mob, crying, "No! It's not me! I'm not a wolf! I'm one of you! I swear!" As the flames reach higher, the fire turns green and sparks fly into the air. As though some magic spell has triggered a metamorphosis, *Splinter's screams turn into anguished howls.

	At the rear of the mob, Zippedpinhead curses his rotten luck before turning to leave. As he skulks off into the darkness, he imagines a world where he could have woken up as a humble Curator instead. *Splinter the Vanilla Ice Cream Werewolf, victim of the Village Idiot and his own inaction, has been executed. The Town Wins! The Werewolves and Tanners Lose! Edited 10-15-2015 06:54 PM
338 Coppanuva★ 10-15-2015 06:50 PM ET (US)	BACK TO BACK ONUW CHAMP! Do I defend my title?
339 Splinter 10-15-2015 06:52 PM ET (US)	Oh ok
340 ScraftyDevil★ 10-15-2015 06:54 PM ET (US)	BOLSHOI POBYENA
341 Sorian★ 10-15-2015 06:54 PM ET (US)	I will do a post-mortem for this game a little later today (about to get off work) but in the mean time. Here is the spectator thread: http://www.quicktopic.com/51/H/R6arLgc6bEs I mentioned a few things that disappointed me about the roles selected for this game and such but I do want to say that Zippedpinhead is my MVP. He quickly realized that he was in a shit situation but he still fought for it and I thought he did the best he could of done IMO. There was a few fleeting moments where people were falling for it.
342 Lone_Prodigy★ 10-15-2015 06:57 PM ET (US)	3 wolves in the centre really made it less difficult for the town, even with an AFK sentinel. Also no Witch.
343 Coppanuva★ 10-15-2015 06:59 PM ET (US)	Yeah, tbh Zipped had me convinced I could have been on the Wolves' team. I only voted for Splinter because I was convinced I wouldn't be aligned with him, and killing him would let me win.
344 nin1000 10-15-2015 07:01 PM ET (US)	BOOOYA ! Once again nin prevails ! you can thank me later guys ;)
345 Splinter	Yeah Zipped was amazing, even when I (finally) realised what had happened and started fucking up more he managed to include my lies in his story.

10-15-2015 07:02 PM ET (US)	Did I give up too easily? I couldn't see any cover story to explain Terra, Scrafty and Fire all lying in perfect unison, and nin was the final nail in the coffin (I thought)
346 Lone_Prodigy ★ 10-15-2015 07:02 PM ET (US)	/m344 what was that last-minute flip? It was like Cthulhu all over again.
347 Zippedpinhead 10-15-2015 07:05 PM ET (US)	I tried so hard... Terrabyte beat me to the role claim. I had realized it was my only play after no one came out swinging with witch and fake seer/ mystic wolf reads. Seriously four minutes. Well played everyone
348 Splinter 10-15-2015 07:13 PM ET (US)	I was going to claim Minion just to fuck with Terra. Thats when I realised we have no minion :(
349 Terrabyte20xx ★ 10-15-2015 07:18 PM ET (US)	I kept wondering if I had gone crazy, because so many people we talking about minions but I couldn't find it on the list.
350 Sorian★ 10-15-2015 07:21 PM ET (US)	I was hoping the fake minion talk would continue, it was the best part :P
351 Zippedpinhead 10-15-2015 07:39 PM ET (US)	I tried the fake minion talk as well, anything to try and get the heat off.
352 Fireblend★ 10-15-2015 07:55 PM ET (US)	Sorry I wasn't here for the reveal, had to leave work and got stuck in traffic. I'll read the spectator thread later but for now: Yay! I didn't completely screw up!
353 Sorian★ 10-15-2015 09:03 PM ET (US)	So a couple notes. I actually fucked up a few things (surprise surprise!) I told *Splinter that he could defend himself. This is actually not the case and Palmer corrected me before the night phase was over but I agreed that I would honor the deal if Splinter made that choice, actually the game would have been MUCH more interesting if he had since the wolf card would have jumped from Scrafty to Terra. I also messed up the Curator role a bit. So I told you all that I would announce who the sentinel chose because in real ONUW, the Sentinel places a token on the player's card, obviously once the game starts people can look at the cards and see whether there is a token or not. The curator artifact is also a token. Like I said, you don't know WHAT the artifact does but you all should have known that it was there. I didn't realize this error until after discussion started and I saw that Salva claimed it

	early anyway so there was no reason to intrude. As far as what made the wolves so underpowered, well the obvious is that all of them were in the center but I also generally have a dislike for the village idiot role and I really feel it has no place in our games. I decided to let it roll and play it the vanilla way (to the game's detriment because I forgot to let Fire know up front since I didn't update the role PMs and I think he was actually going to do a no switch, once he knew that his role wouldn't change, he YOLO'd it). Obviously, with how much discussion time we get, the VI is just way way too powerful. I want to run one more ONUW and this time I've selected a list myself that I, personally, think has a very balanced chance. Which leads to my next question. /m321 What does everyone think about this? I actually think weekend is better too but these have always been weekday and I didn't want to rock the boat too much. If people think weekend would generally be better, I actually wouldn't be opposed to getting this ball rolling now for a weekend game this coming weekend (I don't want to wait till the following weekend lol)
354 Zippedpinhead 10-15-2015 09:32 PM ET (US)	I say get the ball rolling now for a weekend game!
355 SalvaPot★ 10-15-2015 09:32 PM ET (US)	Sorry Scrafty, if I had revealed I was still Tanner you would have played anti-town and I did not want that =P.
356 Sorian★ 10-15-2015 09:34 PM ET (US)	I'm giving Zipped priority in the next game because I play favorites. Maybe. We'll see who signs up.
